It would be an honor to serve on the City of Richmond's Planning Commission. I believe my professional background as a certified planner (AICP) and a Project Management Professional (PMP), mixed with my local advocacy background – for more equitable and inclusive land use and transportation systems – give me a unique perspective and make me an ideal candidate to serve on the Planning Commission.

The Planning Commission will have a very important role in shaping the future of Richmond over the next few years as recommendations from the Richmond 300 plan are implemented. It is critical that the Planning Commission members understand and take on the magnitude of that role. If appointed, I promise to bring a balanced and sober approach and to always adhere to the AICP Code of Ethics (<https://www.planning.org/ethics/ethicscode/>), especially the first three aspirational principles: We shall always be conscious of the rights of others; We shall have special concern for the long-range consequences of present actions; and, We shall pay special attention to the interrelatedness of decisions.

Thank you for your consideration.

Bryan Clark Green, Ph.D., LEED AP BD+C, is an architectural historian and Director of Historic Preservation for Commonwealth Architects. His work involves documenting, analyzing and managing historic resources through an understanding of the programs, technologies and administrative systems inherent to their protection. Work both in the field and as an advocate includes:

- Existing condition surveys and documentation
- Historic structure reports investigations
- Historic building material and preservation technologies research
- National Register nominations (individual, historic district, and multiple property documents)
- Preservation planning and historic tax credit application management

Outside of his work with Commonwealth Architects, Dr. Green remains professionally active in both education and publishing. He serves as Chair of the Society of Architectural Historians' Heritage Conservation Committee and as member of the Board of Directors, and is a member of the Board of Directors of the Center for Palladian Studies in America. He serves on the Commonwealth of Virginia's Citizens Advisory Council on Furnishing and Interpreting the Executive Mansion, where he is chair of the Building and Restoration Committee and a member of the executive committee. He served as Chair for the City of Richmond's Commission of Architectural Review and on the Urban Design Committee. He founded and serves as Executive Director of the Heritage Conservation Foundation. He is an Honorary Member of the American Institute of Architects, Virginia.

Panel Discussion

Architect: gatekeeper of the built environment—historical, current, and unbuilt—and visionary leader capable of improving lives through design.

Lectures, presentations, and panel engagements focus primarily on how cities and communities can design inclusive spaces that bridge the oftentimes disharmonious gaps between our past and our future.

Architects have a clear (and distinct) role to play when communities attempt to answer tough questions: What is the role of a cultural monument? Is every voice and perspective equal? Who decides, and how do we advocate for those who are disenfranchised?

(OPTIONAL) Please List Additional Information You Would Like Considered, or You May Copy and Paste Your Short Resume.

As an architect and urban designer who lives and has been working in Richmond for almost 17 years, I find this historical moment to be particularly exciting. There are many promising developments on the horizon including the Richmond 300 City Master Plan and the Boulevard Development, to name but a few. I would like to participate and contribute to these projects by serving on the Commission.

Throughout my 20 year-long professional career, I have been a dedicated urban designer and architect. I have worked on Master Plans for Morehouse College in Atlanta, Bucknell University in PA, and other American schools all over the world. My Urban Design Master of Science thesis analyzed the sustainable development of tourism in medium-sized historic towns (a study then published in the journal Urban Design International). As an architect I have worked on prestigious projects for Cornell, Yale, Middlebury, and Duke Universities, as well as on key projects for the City of Richmond, such as the VMFA expansion and the Main Street Station renovation. As a Senior Associate Architect at Quinn Evans, I have worked on award-winning projects such as the Libbie Mill, Varina, and Fairfield Libraries in Henrico County, as well as the Atlee Library in Hanover. These are all public projects that have enhanced the quality of life of our citizens.

Since I live in the Fan, I have served on the Fan District Preservation Committee and worked on the development of a Design Overlay District. I have collaborated with the Grace Street Association and served as a mediator between their residents' concerns about rezoning and the City's Planning Department. I have taken part in most of the Richmond 300 meetings and have served on its Advisory Team Land Use Subcommittee. In addition, I am a member of the Design Forum Committee organized by the Virginia American Institute of Architects, as well as an appointed member of the City of Richmond's Urban Design Committee.

With my extensive experience in urban design and architecture, I could offer a holistic analysis of Richmond's developments, considering the city's architecture in relation to its surrounding urban spaces. Complementing this personal and professional understanding of the city's local history, my international education might also offer the Committee new perspectives and ways to envision the future of our city.

For these reasons, I would like to serve the City at large, and would be honored if I could become part of this Committee.

Thank you very much for your consideration.

I work for the Richmond City Health Department as the Built Environment Specialist, where I collect data, source recommendations, and advise on matters related to the intersection of public health and the built environment. The scope of my work includes assessing the health impacts of transportation planning, access to safe, stable and affordable housing, and access to green space. Specific projects include convening an interdisciplinary Complete Streets work group, working with partners to expand access to community gardens and public green space, and mapping health inequities linked to the built environment. I hold Master's Degrees in Urban Planning and Public Health as well as AICP certification.

Please List Your Educational Background and/or Other Expertise or Qualifications You Will Bring to This Authority, Board, Commission or Task Force:

I am a professional urban planner with over 20 years of experience working at the local, state, and federal level on affordable housing, land use, transit, walkability, disaster recovery, homelesses, zoning ordinance administration, community planning, form based code, housing finance, equitable community engagement, and public health. I have particular expertise in affordable housing policy, public health, and community engagement. I worked for the Arlington County Housing Division developing the Columbia Pike Neighborhoods Plan as well as administering their Affordable Housing Ordinance. I led the HUD Sustainable Communities Planning Grant for a local government in southeast Michigan. I have done disaster recovery planning as a consultant for FEMA.

I am currently vice-president of the Board of the Partnership for Smarter Growth. While living in Ann Arbor, Michigan, I was the secretary for the Ann Arbor Transportation Authority as well as a member of the Continuum of Care.

List other city of Richmond Authorities, Boards, Commissions or Task Forces you currently or have previously served on. Please give date(s) and office(s) held, if applicable.

My deep experience with affordable housing policy as well as with local, state, and federal government make me a strong candidate for the planning commission. This is a critical moment in Richmond's growth. In order to create a fairer and healthy city, it is essential that we ensure that we have equitable policies in place and community engagement practices that amplify the voices of our neighbors that are most impacted by planning commission

I currently work for the Virginia Department of Social Services on making substance use disorder (SUD) prevention, treatment, and recovery more equitable and accessible, with a particular focus on child welfare systems, housing, and the criminal legal system. I am passionate about providing housing for all that is safe, healthy and affordable by using a health equity lens that empowers and centers communities that have traditionally had the least access to resources and power.

I have lived and worked in India, South Africa, and

I headed up the City of Richmond's Pilot Curbside Recycling program in my neighborhood of Glenburnie. I single handedly educated residents--179 households about curbside recycling. I wrote the City's Business Guide to Recycling and implemented one of the first corporate recycling programs in Richmond at Markel Corporation.

Other Community Involvement:

I serve on DEQ and CZM's steering committee for the Central Virginia Native Plants initiative. I also am a speaker on conservation topics such as composting, organic gardening and native plants. I serve on the Garden Club of Virginia's Conservation and Beautification Committee and have created annual Conservation Forums on topics like

For the last several years I worked with Anna Julia Cooper School in the east end of Richmond to clean up and beautify their school yard. I started this initiative with members of my garden club and we worked with the middle school students to plant a wildflower garden, vegetables and perennials. This formerly barren space became an urban eco-habitat--a new home to birds, bees and butterflies. The students experienced the magic of nature first hand.

I have dedicated my career to enhancing sustainability efforts and increasing public support for such efforts. As the Virginia Department of Environmental Quality's Senior Communications and Community Involvement Coordinator, I assist the agency in communicating climate and energy initiatives, and assist the public in accessing and understanding environmental information. I am particularly interested in joining the GCC now, as I am aware of many opportunities coming available to the city-- from new state funds related to the Regional Greenhouse Gas Initiative and Transportation and Climate Initiative, and am excited to help the city achieve the goals set forth in Richmond300 and RVAgreen 2050, for which I am the Buildings and Energy Workgroup co-chair.

As the Historic Jackson Ward Civic Association's Infrastructure Committee chair, I insure that I speak with-- not over or for-- my community on a number of pressing concerns.

I recently applied for and secured a nearly \$15,000 grant to plant community street trees in Jackson Ward, prioritizing pedestrian and bus corridors in the historically redlined community. I am in the process of applying for a second grant, for \$25,000, to fund planting the remaining street trees. We hope that with these two grants, we will plant more than 150 trees this fall. This project has deepened my ties with a number of organizations including Groundwork and EnRichmond, and I think serves as a good model for other community planting efforts.

My city councilmember told me that it's possible that I file the most RVA 311 tickets in the city. I notice things and want to help get them fixed!

Please list your educational background and/or other expertise or qualifications you will bring to this authority, board, commission or task force: With over 30 years of experience in nonprofit management and museum/cultural leadership, I focused the latter stage of my career on community engagement and collective impact through collaboration with like-minded organizations focused on public horticulture, urban greening, and beautiful place-making. I have consulted independently with a variety of non-profit organizations and institutions on organizational development, change management and leadership transitions. My professional resume includes experience developing policies and procedures; staffing board committees; formulating and overseeing department budgets; inviting, selecting and managing contractual services; and designing and implementing programs and services to enhance and expand public participation. I also have served on numerous review boards that	

have made competitive grants and selected proposals for national conferences and symposia. I have experience as a board member of several non-profit organizations, and I have held leadership roles in my community that have required facilitation and conflict resolution training and expertise. I am a seasoned professional who prefers to consider this time in my life as one of "re-tirement," not retirement, and I am seeking appropriate ways to serve the City I have called home since 1984.

I am a college graduate and in 2019 I completed the Community Trustbuilding Fellowship program presented by Initiatives of Change. In 2012, I was received the Stettinius Award in Nonprofit Leadership presented by the Community Foundation of Greater Richmond. In addition to the expertise and qualifications enumerated above, I spent a decade of my professional career at Lewis Ginter Botanical Garden developing and launching a community-based networking collaborative--Beautiful RVA--which was borne out of a vision shared among non-profit leaders to support goals of the City of Richmond's sustainability plan, specifically to form a community-based, citizen-led greening and beautification program. Recent board activity includes a decade of service on the Foundation of the Flora of Virginia. I also have served as a grants review panelist for the Virginia Commission for the Arts and as a program committee member of the American Public Gardens Association.

I am an active member of my neighborhood association and recently helped facilitate a hyper-local process that led to a renaming of my street (formerly Confederate Avenue, now Laburnum Park Boulevard). I have been a long-time member of the Religious Society of Friends (Quakers), Richmond Friends Meeting, where I served as clerk from 2016-2018. As traditional Quaker meetings do not employ paid clergy and rely solely on volunteer leadership, in this position I served as the convenor and facilitator of business meetings and oversaw the ongoing needs and services of our spiritual community.

Hi there, I am an architect who has practiced and lived in the city of Richmond for over 20 years. I have a masters of fine arts with a focus in architecture from Princeton University, and a bachelors of science in architecture from The University of Virginia. My masters degree focused on the intersection of architecture and urban design, and was the spring point for my career in Richmond. Over the last 10 years, I've split my time between two local practices - 3north, and Quinn Evans. During my tenure at those firms, I oversaw many projects in the city including the American Civil War Museum, Fall Line Park at Mayo Island, Pump House Park renovation master plan, and numerous other new, and adaptive reuse projects, all of which have had a significant urban design component. I have been actively engaged with the former JRGC, and for years ran their Greenspaces design competition which drew on national talent to envision the future of some of Richmond's most in-need areas. I am passionate about the future of the city and have wanted my work to make a difference on every project I've completed. An opportunity to serve on this board is met with great excitement. I am honored for the consideration and confident I would give a passionate and experienced opinion to the group.

My firm and I have worked throughout Richmond's neighborhoods for the past 28 years on a vast portfolio of work. Infill housing, residential additions, mixed use rehabilitation, restaurants, schools, breweries, apartments, condominiums, non-profits, religious institutions and businesses. Throughout that time we have maintained a company policy of being involved with our neighborhoods and with the City as it grows and changes through time. We also encourage travel and attending conferences to learn about and bring back to Richmond a broader perspective and more current thoughtfulness.

How Did You Hear About or Who Referred You to Apply for Appointment to This Authority, Board, Commission or Task Force?

I contacted Andrea Almond a few months ago who informed me that the "Architect" seat was coming avai
