

Dear _____

As a 30+ year resident of the City of Richmond I urge you and your fellow City Council members to enact strict regulations with respect to STR's (Airbnb type rentals).

The City may well receive some financial benefit from the proposed fees, but the net effect will be to diminish an established neighborhood's privacy and cause property values to drastically fall. That, in addition to the probable flight from our City to surrounding counties, should lead you to a decision to adopt all proposed regulations.

RESTRICT THE PROLIFERATION OF STR's !
