

INTRODUCED: September 23, 2024

AN ORDINANCE No. 2024-252

To declare a public necessity for and to authorize the acquisition of the parcels of real property owned by Cary Studios Associates, LLC located at 2310 West Cary Street and 2311 Herbert Hamlet Alley for the purpose of supporting and expanding the operations of the Office of Animal Care and Control. (5th District)

Patrons – Mayor Stoney, President Nye and Ms. Trammell

Approved as to form and legality
by the City Attorney

PUBLIC HEARING: OCT 15 2024 AT 6 P.M.

WHEREAS, in the opinion of the Council of the City of Richmond, a public necessity exists for the acquisition of the properties located at 2310 West Cary Street and 2311 Herbert Hamlet Alley, identified as Tax Parcel Nos. W000-1036/029 and W000-1036/032, respectively, in the 2024 records of the City Assessor, for the purpose of supporting and expanding the operations of the Office of Animal Care and Control;

NOW, THEREFORE,

THE CITY OF RICHMOND HEREBY ORDAINS:

§ 1. That a public necessity exists for the acquisition of the properties located at 2310

AYES: _____ NOES: _____ ABSTAIN: _____

ADOPTED: _____ REJECTED: _____ STRICKEN: _____

West Cary Street and 2311 Herbert Hamlet Alley, identified as Tax Parcel Nos. W000-1036/029 and W000-1036/032, respectively, in the 2024 records of the City Assessor, together with all appurtenances thereto and encumbrances thereof, for the purpose of supporting and expanding the operations of the Office of Animal Care and Control.

§ 2. That the Chief Administrative Officer, for and on behalf of the City of Richmond, be and is hereby authorized to acquire such parcels of real property identified in section 1 of this ordinance from Cary Studios Associates, LLC and to execute the deed or deeds and other documents necessary to complete the acquisition and acceptance of such parcels of real property, provided that all such deeds and other documents first must be approved as to form by the City Attorney or the designee thereof.

§ 3. This ordinance shall be in force and effect upon adoption.

RE: Acquisition of 2310 W. Cary Street (Parcel ID # W0001036029) & 2311 Herbert Hamlet Alley (Parcel ID # W0001036032) Collectively

ORD. OR RES. No.

PURPOSE: To declare a public necessity for and to authorize the acquisition of those certain parcels of real property owned by Cary Studios Associates, LLC and located at 2310 W. Cary Street and 2311 Herbert Hamlet Alley in the city of Richmond for the purpose of supporting and expanding the operations of the Richmond Animal Care & Control (RACC).

BACKGROUND: Richmond Animal Care & Control manages and protects the animal population in Richmond, VA, enforces animal ordinances, protects the health and welfare of the citizens, and strives

to place as many unwanted animals as possible in loving homes. The mission is to provide a safe and healthy community through professional enforcement of animal related laws, while providing and promoting the humane care of every animal in need. The department mission strives for a City where every companion animal has a safe and loving forever home. As a recognized leader in animal welfare, public safety and operational practices, RACC will continue to grow as a trusted community resource.

RACC has a tremendous following and community support through the City and beyond. RACC is already providing direct services to the citizens in the City through a large community outreach effort, donating animal supplies, food, providing free vaccines and flea treatment to pet owners in need. Any improvement or accommodation that would allow them to help more people and their pets would be welcomed wholeheartedly in the community. RACC wants to grow this outreach and be able to offer vet care, training classes, behavior follow up after adoption etc. and cannot grow or add programming in our current shelter space.

The current RACC animal shelter at 1600 Chamberlayne Ave was gifted to the City in 2005 by the Richmond SPCA when they left to build a facility that would accommodate their growing needs. The site is assessed at \$1.856 million and has a 15-year maintenance need of \$1.5 million, is zoned M2 and is 55 years old. Renovations in 2012 included the installation of state code compliant large dog runs but they did not offer any additional space to accommodate our growing dog population. The dog runs were built to allow one dog to have two spaces separated by a guillotine in keeping with best practice. Since the number of large dog caging space is inadequate, we are required to place a dog in each side of the run to have enough space for daily housing.

Additionally, there is no large dog isolation space, so they must block off many runs to accommodate one dog and/or sick/contagious large dogs must be housed/treated offsite at a vet clinic which is an added operational expense. The lack of isolation space and its self-containment has been a violation with the state veterinarian for years. They have two isolation rooms with 19 small cages to house sick and contagious small dogs and cats. Previous code violations required creating a retrofitted walkway to accommodate euthanasia without contaminating current isolation space to be code compliant.

This O&R request proposes to supplement the existing RACC facility at 1600 Chamberlayne Ave, which has been determined to be inadequate for current and projected services, with a proposed additional adoption center and community space at the 2310 W. Cary Street location. Each space in the current facility is already multi-purposed and retrofitted to accommodate the growing number of animals in need within the City. The additional proposed space will allow for enhanced service delivery in an accommodating, welcoming environment while striving to meet the City's performance metrics for adoption and minimization of euthanasia. Further, the movement of these services to a new facility will allow the existing facility to operate more effectively for other services. Continuing to defer supplementation of this critical facility will result in continued operational deficiencies and impeded service delivery.

In addition, it is felt that the current shelter could be made into a free/low-cost vet clinic, and/or a low-cost boarding facility for people who lose their home or are incarcerated, or overflow that would allow us to help other struggling communities during national disasters. It could incorporate a work

release or technical training program for at risk youth or citizens in need to assist with the clinic and boarding operation. The existing shelter building could be transitioned into a resource for pet owners in need and for our citizens who need on the job training/skills.

This O&R request supports a component of the overall strategy to meet the needs of RACC operation and related growth by authorizing the City's acquisition of the 2310 W. Cary Street property from Cary Studios Associate, LLC. The property offers an approximate .273-acre parcel of real estate consisting of a free-standing building of 10,561± square feet of office and warehouse space located within the UB-Urban Business zoning class within Council District 5.

The City has determined that this property would offer more efficient and effective processes related to the City's initiatives. The location will allow for more efficient processing to meet demands, increase City geographic coverage and will ensure long-term, permanent solution in further supporting and possibly solving the on-going crisis and set-forth initiatives.

Acquisition and utilization of the property would also mitigate potential financial and long-term contractual lease obligations to the City. Ownership of this site is an investment for the City. The property is currently vacant and the City intends to restore and revitalize the property to remove a portion of the perceived blight along the portion of W. Cary Street corridor while simultaneously satisfying the noted initiatives. The City intends to improve the building and site conditions to accommodate its needs. The property will also serve as a demonstration of innovative efforts and technologies for new and redevelopment projects within the area.

After extensive market research and evaluating numerous properties, the City has determined that the building located at 2310 W. Cary Street site is the most suitable location for such a requirement. Not only does the building meet the programmatic needs of City and can accommodate various potential other uses for the City.

COMMUNITY ENGAGEMENT: This request is a continuation of on-going efforts and follows various RACC presentations at public meetings that offered public comment. RACC has a tremendous following and community support throughout the City and beyond. RACC is already providing direct services to the citizens in the City through a large community outreach effort, donating animal supplies, food, providing free vaccines and flea treatment to pet owners in need.

STRATEGIC INITIATIVES AND OTHER GOVERNMENTAL: None

FISCAL IMPACT: The anticipated cost for the City to acquire the property containing warehouse and office space include a purchase price of \$2,000,000.00 plus potential additional one-time costs for any related closing and general due diligence costs and considers the following:

- \$2,000,000 will be reappropriated from the G.O. Bonds originally assigned in the City's Capital Improvement Plan related to the Public Works Department's Commerce Road Improvement Project plan (award #500265, project #100691) for FY2025.

- Proposed building renovations and improvements would need to be incurred in FY 2026 budgets and/or through the RACC's Foundation to further support the operation. Said work is being facilitated by the City's Capital Projects Department and is developing a scope-of-work for the needed work and related budgets (TBD).
