Hello,

If I'm not too late I'd like to submit written comment on PAC 2020-002 for the city planning commission today.

Comment:

I am against the proposed street mural as it is an empty and meaningless gesture that will be immediately vandalized by the white supremacists that frequent our city. The city council stating that black lives matter when its members voted against the banning a chemical agent that causes permanent respiratory disease and permanent fertility damage to black lives is a joke. The day after this is finished, when the flangers spread red paint all over it, our city will only hurt worse. Give that money to black lives instead of this vapid, performative nonsense.

Thank you!
