Subject: Camel

To whom it concerns,

I am a long-time resident of the 1600 block of W. Grace St. and, as such, I can verify all assertions made by property owner and resident Rex Scudder in his email of 5/27/14. The noise situation has improved in recent months but the reasons for that are unknown to me and given Mr. Burgess's history with the business, I am reluctant to assume that conditions would remain unchanged should his extension request be granted.

Also there is the issue of a change of ownership. Even if Mr. Burgess complies with city ordinances and makes an effort to accomodate the needs and interests of his neighbors, sooner or later he is going to sell or relocate the business and then the neighborhood will be dealing with parties unknown, of disposition unknown, having the option of opening a nightclub across the alley from our bedroom windows.

I've heard from people who think that our concerns are wrongheaded and trivial. Their attitude is "... hey - it's the city, loosen up." That attitude is great until you are the one lying in bed at 1:30am listening to someone else's party. People living in the city should have sense enough to know that you don't let the weeds grow up around you if you expect to have any reasonable quality of life.

I've lived on this block for over twenty years and I can tell you that there is always something to deal with if you hope to get a decent night's sleep. One year it's the frat house, then it's the late night dj at WRIR who likes to bring his friends out on the back stoop at 3:00am (WRIR management was courteous and responsive). Then there is the folks at Firehouse Theatre who like to hang out in the alley after a show (they were also responsive). One year the occupant of the building across the alley from my apartment decided to open the world's one and only all-night auto body shop. I think you get my drift.

Thank you for your attention.

Harold Ginn

RE: Modification of Existing Special Use Permit of Camel Restaurant

The Fan is a dynamic and interesting place to make a home; I've lived on Floyd Avenue for almost forty years. Rex Scudder has been a friend for almost thirty. Rex is a widely-experienced contractor, who has used his skills to help transform the 1600 block of W. Grace Street. He's passionate in his love of Grace and has done much to make it the charming residential neighborhood it is. A problem can arise in the overlapping uses on the mixed-use streets and on the perimeter of the District.

Rex strongly supported the original Camel SUP; he's an advocate for innovative smart growth and mixed use. We have, together and separately, attended many band performances and other functions, at the Camel. In the last few years, however, Rex has expressed dismay at the disregard of the restrictions imposed by the existing SUP, on the Camel. We have spoken a number of times, about him or his tenants being woken, late at night and how disturbing the trash situation has gotten behind his home. Rex has lovingly renovated the buildings he owns, screens the tenants to ensure respect for his and others' property, and maintains the properties beautifully. Even the trash collection for his buildings is attractive.

It is unfortunate that the Planning Commission is considering, what appear to be bait and switch tactics, being proposed here. The current owner knew the restrictions of the SUP, when he purchased the Camel. It is all well and good, for those people who live in quiet neighborhoods or buffered enclaves, to call for support of business interests over homeowner ones. I, too, live on the edge of, what has become, a boisterous street and lose sleep because of bellowing partiers and pounding bass music, from the 1500 block of W. Main Street,. Please don't sacrifice our enjoyment of our homes; please protect the rights of those of us who have invested decades in improving the city and our neighborhoods.

Thank you for your consideration.

Catherine Farmer

City of Richmond Planning Commission

I oppose the amendment to the Camel SUP that would extend the Camel hours of operation. The nearby residences must be respected. I do not believe that justice is served by rewarding the Camel with a modified SUP, given the Camel's lack of respect for the law and the lack of concern for nearby residential property.

Subject: Camel Restaurant Application

Dear Lory:

*I am the owner of 1607 West Broad Street located between the Firehouse Theatre and VCU.
I am a great supporter of retail and business on Broad Street in general and my block in particular.
A healthy mix of shops, dining, theatre and residential is to be encouraged.
I believe that accommodations should be made to support restaurants, clubs and the like in order to aid in their success.*

This said, agreed conditions of any SUP need to be adhered to strictly and without requiring enforcement by the city or police.

Any changes to an existing SUP should be viewed in the context of whether they have demonstrated compliance with their current SUP and cooperation with surrounding owners / occupants. If noise or trash is an issue, then The Camel should be held responsible and to a high standard of compliance. Best practices in operation and management are of paramount importance.

Please pass this on to the appropriate deliberating body.

Thank You

Class "A" Building Restoration

May 27th, 2014

RE: Opposition to Camel Amendment impacting W. Grace St. Residential

I reside at 1610 West Grace and own six contiguous properties 1610, 1612, 1614, 1614 ½, 1616, and 1618 West Grace Street behind the Camel restaurant. I purchased my first property in 1974 while studying at VCU. I have forty years of community involvement and a founding member of the West Grace Street Association (WGSA). I was instrumental bringing the "Two way" traffic to West Grace, mixed use UB zoning to West Broad, and the 2006 SUP to the Camel. In 2006 the neighborhood and WGSA decided to limit hours of operation to 11pm Sunday thru Thursday and 1pm Saturday and Sunday as a means to prevent the rather large Camel restaurant from operating as a nightclub 7 days having amplified live music performances conducted on a stage. Hours of operation should have been enforced (one would think). The Camel wittingly has not been in compliance with their SUP since 2008. I am disturbed by the live amplified music performances until 2 AM all days of the week as well as my tenants and neighbors.

Initially in 2006, the Camel graciously complied with the terms of their SUP and contributed to the ambiance of the neighborhood that we all enjoyed. The noise disturbance to the neighborhood began in 2008 after Mr. Burgess was transferred ownership and began operating as a nightclub. I have walked across the alley scores of times closing the rear doors of the Camel to contain the live amplified music. Even with the doors closed the live amplified music is audible from all of my properties. The owners of neighboring properties on W Grace expressing support are farther away and not in direct line of sound transmission as my properties are.

Complaints to the Third Precinct, CAPS, and Zoning Administration Department have not resulted in SUP compliance. The Camel received a

follow-up letter on November 7, 2013 alleging violation of building and health codes and continuing violation with the hours of operation furthering an investigation. The letter concludes that these issues must be addressed immediately, and that a formal Notice of Violation will be forthcoming. I do not know of any formal NOV having been issued.

In 2006 I worked countless hours with the WGSA, Planning Staff/Commission to avoid what the Camel is currently requesting and has been doing illegally since 2008. The request to amend the Camel SUP was made in January 2014. The WGSA discussed the proposal and my input was requested. At the time I was preparing for/undergoing a double knee replacement and was unable to articulate my opposition. Now, I have a resurgence of energy to enable my voice of opposition.

Implementing an SUP limiting hours of operation of a restaurant near a residence is not new in the Fan District. The Fan House Restaurant at 2526 Floyd adjoins a Floyd Avenue home and had similar restrictions successfully imposed on that restaurant attempting nightclub operations. The Commercial Tap House restaurant on Robinson St. is across an alley from a residence and also shares similar restrictions.

The Camel restaurant is located in the combination of two buildings located in a row of four "attached" historic mixed use (business/residence) buildings that were built all at one time. "Attached" in this instance means that the buildings share a structural interlocking brick dividing wall into which the ends of the floor joists of each building rest. This method of construction is no longer implemented for adequate sound separation. Amplified music and deep base sound from the Camel transfers readily to the business/residence next door. The current Noise Ordinance fails in design to measuring bass resonance. Extending the hours of operation for the Camel would only exacerbate this problem for the owner/resident to the east. The conversion of two residences upstairs from the Camel into radio station was approved by a 2005 SUP. Due to noise from the Camel when it opened in 2006 the radio station was forced to build an elevated sound proof floor in order to

conduct operations. I am a state licensed Class A contractor. The majority of restoration projects I have completed in the city have involved attached buildings.

Six of the cross-alley buildings behind the Camel on W. Grace oppose the Camel's extension of hours. Seven of the eleven mixed use buildings on the 1600 block of West Broad Street oppose extending the Camel's hours of operation. Paramount in appraisal regarding the SUP amendment is the adjoining residential property to the east of the Camel, second in assessment are the residential properties across the alley – rear of the Camel. All entities oppose.

On January 3, 2012, Mr. Burgess (owner of the business know as the Camel) filed to amend his 2006 Special Use Permit in which he admits that he has been knowingly and willfully violating the 2006 SUP for years:

"The conditions of the original special use permit have been insufficient for at least the past four years, meaning that in order to function profitably we have been forced to do business outside of those original stipulations."

There were 54 noise complaints filed since 1/1/12 (Third Precinct FOIA), Mr. Burgess wittingly filed a supplement to his the amended application in which he asserts:

"There are no adverse impacts on neighboring businesses or dwellings."

From 2008 Mr. Burgess admittedly operated his restaurant as a nightclub having live amplified music all days of the week through to 2 AM. The city response to noise complaints finally had some results when in late winter 2013 Mr. Burgess began to cutoff live amplified music at 11 PM and 1 AM Friday and Saturday, but continuing with recorded amplified music through to 2 AM 7 days per week. This is still in violation of the SUP, though less disturbing than the live amplified music.

The immediate neighbors of the Camel understand the impact on their peaceful enjoyment of residence due to the five years of violation and no enforcement. Given the over five year history of Mr. Burgess ignoring the 2006 SUP, unresolved maintenance and building code issues, and his ongoing failure to adequately address issues involving patio use, trash disposal, bamboo and rats, it would be wrong to reward him with an extension of his hours of operation. I request that the Planning Commission and Staff deny the request to amend his 2006 SUP.

Richmond, Virginia

RE: Request for Amendment to Special Use Permit
The Camel Restaurant
1619 and 1621 West Broad Street
To be heard: JUNE 2, 2014, Richmond Planning Commission

TO WHOM IT MAY CONCERN:

I am property owner 1641, 1643, 1645, and 1647 West Broad Street - same block, same south side of Broad Street - as property owners Mr. Dan Shorkey and Mr. Rand Burgess, The Camel Restaurant. Our buildings, soon to be finished, will have residential above commercial use. The terms of the use permit must be enforced. The abuse of the permit requirements will make it difficult for us to attract tenants for the second floor of our three buildings.

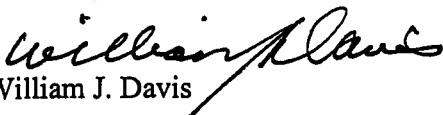

I support the practice of mixed use - business and residential- in our block. Legal law and good neighbor courtesy govern the success of this concept. Loud music noise, loud noise, and the unkept trash violate the law and this harmony.

I request this request be denied.

I request The Camel Restaurant and Mr. Rand Burgess immediately comply with the legal restrictions and courteous consideration of others.

I will be out of the country on June 2 unable to attend the hearing. Therefore, I submit this letter.

Respectfully submitted,

William J. Davis

Subject: Opposition to the Camel SUP

Dear Friends -

I write to oppose the Camel's request to operate as a nightclub. The Camel is a business at 1619 and 1621 West Broad Street.

More specifically I am urging a "no" vote on the Camel's owner's request to amend his SUP to have live music until 2:00am. I support the Camel as a restaurant with reasonable hours but the late-night nightclub is a bad idea and is bad for our neighborhood and I am against it.

I am a part owner of 1643, 1645 and 1647 West Broad Street. The loud noise and late night nightclub activities will make it hard to rent our three apartments.

Also if this is approved it may encourage other businesses to move in that will use this as a precedent to create more late night nightclubs and we don't need that in this mixed use business and residential neighborhood.

I would like to see the current SUP for the Camel enforced.

I would like for the Camel to be successful and still be a good neighbor.

If the Camel would like to become a nightclub perhaps the City could assist in re-locating the Camel to a location better suited for late night noise and crowds.

Sincerely,

Thomas M. Davis

RE: 1619-1621 W. Broad Street SUP

Dear Commissioners,

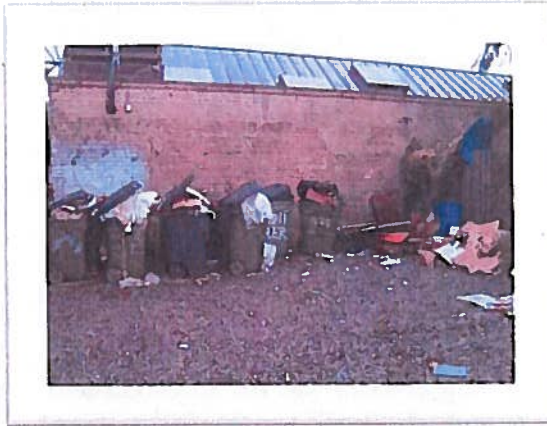

In 2003, I bought the dilapidated building at 1617 W. Broad Street and renovated it to accommodate commercial use (coming soon, my new business, Fan Hot Yoga) on the ground floor with my residence above. Since then, I've invested significant time and money in my building and business. My building shares a wall with 1619-1621 W. Broad Street, "The Camel". Three years after I moved in, the then-owner of The Camel applied for a SUP to permit a radio station, and a restaurant with entertainment, noncompliant parking, and later-than-normal operating hours. I supported the 2006 SUP, though some of my neighbors and the West Grace Street Association (WGSA) leaders cautioned me that I might regret it because as the Arab proverb teaches "If the camel once gets his nose in the tent, his body will soon follow." We might know this sentiment better as "Give 'em an inch and they'll take a mile."

Nevertheless, I supported The Camel's 2006 SUP and the WGSA's efforts to place strict limits on operating hours – no one wanted a night club atmosphere. For the first two years, the Camel closed and stopped amplified music at 11 PM Monday to Friday and 1 AM Saturday and Sunday as required by the SUP. I had no problems sleeping.

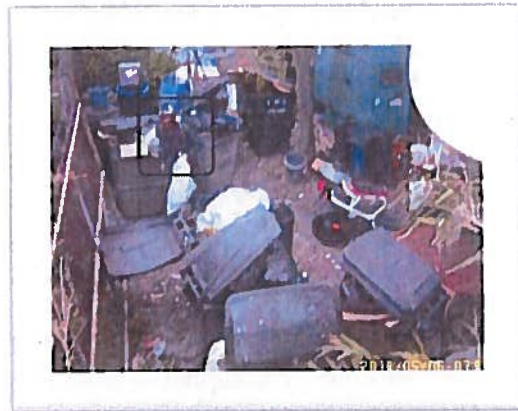

Then, in 2008, Rand Burgess bought The Camel and almost immediately operations changed. **Every night of the week, the Camel served patrons and played live amplified music until well past midnight and usually until 2 AM.** Sleeping is impossible. All three bedrooms in my home are uninhabitable because the music and bass vibrate the wall I share with the Camel. I've resorted to trying to sleep on the sofa because it is the furthest spot from the shared wall.

Initially, I tried talking to the Camel's management but that yielded no changes so I approached Mr. Burgess directly. For four years, my complaints to him have fallen on deaf ears. So I sought help from the Police Department's Third Precinct, the Zoning Administrator, and the Virginia Department of Health (VDH). None of the SUP violations have been cured or even reduced for a sustained period of time. In addition to staying open and playing music long past its legal closing time, the following violations are ongoing:

1. Trash is poorly contained in Supercans displaying other addresses. City records indicate that The Camel pays for only one Supercan. The Supercans are typically not secured behind a fence or wall so if I manage to sleep after 2 AM, I'm usually awaked at dawn by the sound of scrap seekers pilfering for recyclables. Rats are common and on May 8, 2014, VDH inspector Arthur Paul confirmed their presence.

October, 2013

May 6, 2014

(note scrap seeker at 11 o'clock position)

2. The patio dining area is supposed to stop operating at 11 PM every day but it is usually open until after 1 AM or later with the doors to the Camel propped open allowing the amplified music out into the public right-of-way.

1:02 AM Sunday, May 4, 2014

3. In late October, 2013, the Camel management permanently affixed its patio fencing to the sidewalk, which may violate Ordinance 90-271 (a sidewalk café is not an

“encroachment” so long as all fixtures are temporary and not permanently affixed). Also, the fence may violate the International Building Code because it is too close to the entry for WRIR radio station; a mere 6 inches at best instead of the 48 inches required.

October, 2013

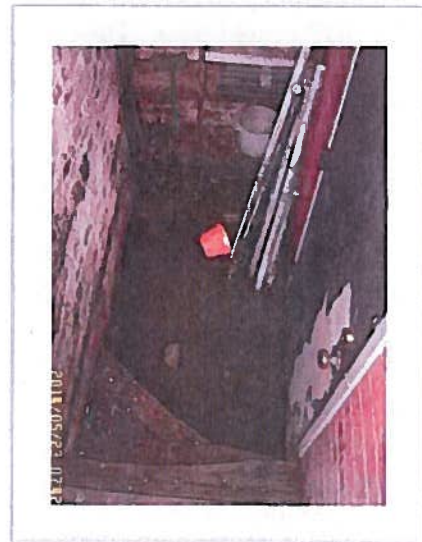

October, 2013

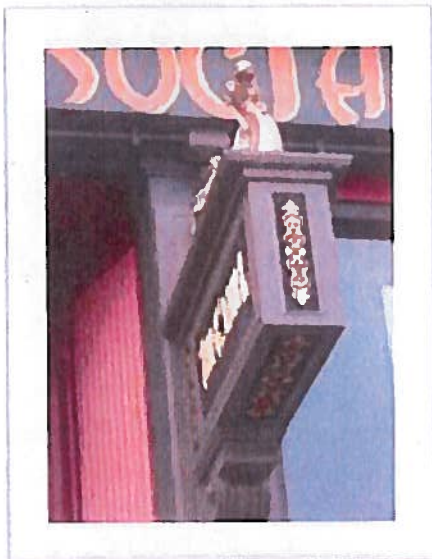

May, 2014

4. The 2006 SUP requires that “storm or surface water shall not be allowed to accumulate on the land.” (Section 3(e)). Yet, the Camel’s lightwell at the rear of the building which grants access to the basement routinely collects and holds several inches of water. The air conditioning condenser installed on the outside rear of the building also drips condensate into the lightwell, exacerbating the drainage problem. Such stormwater buildup fosters disease-carrying mosquitos.

Note the air conditioning unit installed over the lightwell people use to access the basement and the orange bucket floating in several inches of water.

5. The Camel appears to have built a bar and also built-out its basement to house kegs and refrigeration equipment without the necessary permits. A search of the City's permit database found no permits for the mechanical, electrical or construction work necessary for these projects.
6. The Camel's wall-mounted sign was installed without a permit in May, 2013 and the freestanding sign may not comply with ordinance and may obstruct the public right-of-way.

In June, 2013, Mr. Davidson, Zoning Administrator, warned Mr. Burgess that violations of the SUP must cease. They did not and on October 31, 2013, I delivered to Mr. Davidson a list of ongoing violations similar to what I have compiled for you today. In November, 2013 The Camel was given a notice of violation for failure to comply with the terms of its SUP. Since then, I've lodged multiple additional complaints because the violations are open, obvious, and ongoing. No additional notices of violation have been forthcoming.

Police records (enclosed) for January 1, 2012 to April 30, 2014 indicate the following dispatches and/ or arrests for 1619-1621 W. Broad Street:

Disorderly: 13	Larceny: 7	Person down: 2
Suspicious: 4	Stolen Vehicle: 3	Fight: 2
Unnecessary Noise: 54	Intoxicated Person/ Drunkenness: 4	Fraud: 2
Open Container: 2	Theft from a Motor Vehicle: 2 (1 for a firearm)	Theft from Building: 5
Hit and Run: 1	Lost/ Missing Property: 1	Destruction of Property: 1
Controlled Paraphanelia: 1		

May 23, 2014

Page 5

On January 3, 2014, Mr. Burgess filed an application to amend The Camel's existing special use permit (the "Application") and in the Application he admits that he has been knowingly and willfully violating the 2006 SUP for four years:

The conditions of the original special use permit have been insufficient for at least the past four years, meaning that in order to function profitably we have been forced to do business outside of those original stipulations.

Furthermore, when I read the Management Plan Mr. Burgess filed with the Planning Department as a supplement to his Application, I was floored to see this comment:

There are no adverse impacts on neighboring businesses nor dwellings.

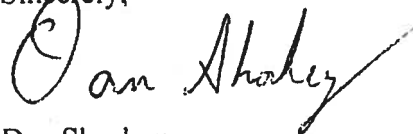

After four years of conflict with me over all the adverse impacts I've cataloged here, Mr. Burgess is now asserting that there are no adverse impacts. In addition, the minutes of the Fan District Association for March 24, 2014 (enclosed) indicate that Mr. Burgess' representations to the Association fail to disclose these long-standing issues. He told the FDA that he has "taken steps to manage the facility in conformance to its current SUP and maintain the goodwill of the neighborhood." If he refuses to even acknowledge the problems with his operation, how can we possibly believe that he will fix them?

The list I've given you here represents only the possible SUP, permit, and building code violations of which I'm aware. Are there other violations in addition to these? Given this history and Mr. Burgess' blatant disregard for the City's attempts to enforce the 2006 SUP, I very much hope that you and the City Council refuse to reward him with an amended 2006 SUP. If he willfully violates the current SUP, what possible assurance do we have that he will comply with any other ordinance if it proves inconvenient or costly to The Camel?

When Mr. Burgess bought The Camel in 2008, he knew or should have known of the restrictions in the 2006 SUP. The Zoning Administrator warned him once, issued a written notice of violation once, and Burgess has admitted willfully violating the law for at least four years. Rewarding him with an amended SUP undermines the integrity and purpose of the City's zoning ordinance and is detrimental to the safety, health, morals, and general welfare of the community.

Please deny the Application.

Sincerely,

Dan Shorkey

2. Confirm Next Meeting Date, Time, and Location		Burks	2
3. Review/Amend Agenda		Burks	2
4. Camel SUP		Burks	5

The Camel owner, Rand Burgess, reviewed his request to extend his hours of operation to 2 AM. He explained that he is a long-time owner of the Camel, lives in proximity to the location, and has taken steps to manage the facility in conformance to its current SUP and maintain the goodwill of the neighborhood. The West Grace Street Association has voted to support the application, and one neighbor has voiced support. There was no opposition. The Committee voted to recommended no opposition to the application.

5. Retreat Hospital Sign	All	90
--------------------------	-----	----

The topic included 22 attendees, including six who indicated and/or spoke in opposition to the sign. Discussion was lively.

Discussion points in favor of the sign included Retreat Hospital being a long-time Fan institution that has generated much goodwill due to its various efforts and activities, including its employment of over 400 individuals who may also frequent Fan businesses and/or live in the Fan. The sign will incorporate surface-mounted diodes (SUD's) that can be controlled for intensity and color compatible with the existing sign. The SUP (special use permit) will contain specific language limiting both the permanent and changeable text and frequency at which the text will change. The SUP will also contain language that will allow the hospital to lease excess parking spaces, a potential aid to nearby businesses that require off-street parking to comply with their own zoning or SUP requirements.

Opponents expressed concern that an electronic sign will set a precedent other businesses are likely to follow. Some were concerned that the sign would be too bright
