ELLE J. MERKLE

(804)714-6937 | rcylr@aol.com | Richmond, VA 23225

Summary

Self-defined, creative project manager with 20+ years of successes in various fields: I am looking for opportunities to join a workforce offering my exemplary communication and interpersonal skills, intellect and unique life experience, while balancing a daily sense of professional purpose with family needs. Ideally, I bring my public health, business, educator and community services knowledge to the benefit of colleagues, clients and the community at large.

Experience

Contracted Implementation Strategist with Virginia Department of Health, Richmond Henrico Health Districts | Currently, short-term grant-funded | with the purpose of preparing a descriptive qualitative analysis of the Implementation of Overdose Prevention Strategies in Local Criminal Justice Facilities. Part of a three-person team, I reviewed the evolution of evidence-based harm reduction vs abstinence models, and best practices for efficacious institutional care with transitions upon re-entry to equitable integrated community services. We developed a convenient, dynamic and sustainable reference guide integrating providers and services. In preparation for this deep dive, I took courses in MH/SUD and Harm Reduction matters as well as coalition building and de-escalation.

Director of Operations, Property Managing Real Estate Investor while Active Community Volunteer | 10/2010 – Present | BearCat Clipper, LLC | Richmond, VA. While my three stair-step children were young, I was a volunteer with Richmond Public Schools (both administration and school board relevant activities) and a community organizer, at one time, serving as acting Chair of a community nonprofit. Simultaneously, as the in-the-field partner in a two-principal small real estate investment LLC, I managed rehabilitation projects on distressed properties, transforming them into affordable housing units for families who might be challenged by credit history or other barriers. While I had envisioned, established and sold a business prior to this endeavor, this vocation while self-employed afforded great flexibility along with continued opportunities for community involvement. I currently manage the remaining 4 of the one-time nine rental units; my children are in college.

Day shift Supervisor for Campus and Health Security venues | 09/2020 – 07/2022], contractor to Virginia Commonwealth University | Richmond, VA. After completion of VA DCJS certification and NSC certified van driver, I was recruited to transport Covid-exposed or symptomatic students to testing and quarantine. Within a year, I was promoted to dual campus supervisor for the M-F day shift Covid/compliance and access control security workforce for the VCU Police-contracted academic and healthcare posts. Detailed documentation, compliance and investigation of incidents were among essential duties. I excelled refining my role there to be parts coach, facilitator and trainer. I resigned in order to care for my mother in hospice. This middle management opportunity gave me the insight and confidence to return to active salaried employment as an administrator, synthesizing prior credentials from prior experiences.

Founding Partner, Physician | 07/1988 – 01/1998 | Chesterfield Podiatry Associates | Midlothian, VA. After a surgical residency in Baltimore, MD, a partner and I established this practice in a new-to-us community. Quite rewarding, we specialized in foot surgery and sports medicine and also provided general podiatric care for all ages. Much of my practitioner role was in institutional facilities and public clinics. However, a series of family circumstances presented, and we sold the practice to two young graduates. I subsequently did several medical missions and began the process of high-risk newborn adoption.

Epidemiologist and Biostatistician | 06/1981 – 05/1987 | Fox Chase Cancer Center | Philadelphia, PA. I maintained databases for a variety of projects for a half dozen primary investigators, including Nobel Prize winners. A critical member of the team, I provided analysis for grant and manuscript preparations and also participated in the field with data collection. When I began studies at Temple, I transitioned these roles to consulting analyst with the same group, until I left Philadelphia for a surgical residency in Baltimore, MD.

Education

Biology and Biopsychology [dual majors] | University of Maryland | 2 BAs 05/1977 | Baltimore County, MD. Work study included maintenance of animal colonies for research, and data programming and analysis for grant and manuscript preparation for several investigators. Upon graduation, I pursued teaching credentials at Towson State, and taught Health and Science in Baltimore City.

Epidemiology and Human Genetics | Johns Hopkins University Bloomberg School of Public Health | MHS (MPH-equivalent) 05/1981 | Baltimore MD Work-study (and stipend) including contract work as medical interviewer and data analysis as EPA contractor contributing to manuscripts and grant applications for multiple investigations. Similar epidemiologic and biostatistics work experience for Fox Chase Cancer Center following graduation, extended as contractor as well.

Podiatric Medicine | Temple University School of Medicine, Pennsylvania College Podiatric Medicine | DPM 06/1987 | Philadelphia, PA with multiple externships and a surgical residency following graduation.
