Dear Parker and other Richmond City Council Members:

On Monday, April 28th, the Board of the The Overlook Condominium Unit Owners Association unanimously voted to support the installation of the “LOVE” letters art in the semicircular overlook located at the south end of Pine St. (immediately south of our units).

We understand that the installation will be there for 8-10 weeks this spring, to be enjoyed by neighborhood residents and visitors alike. We understand that the letters have been displayed to great acclaim and no incident, at the GRTC bus depot for the RVA Street Art Festival, the 2013 Fall Line Festival, the lawn of the Virginia Museum of Fine Arts, the Reynolds Gallery, and the concourse in front of the Martin Agency. With long-time Oregon Hill resident and artist Chris Milk taking on the latest commission to paint the letters, we are eager to display them here in one of Richmond’s most beautiful historic neighborhoods.

Questions regarding their installation and placement can be directed to Ted Elmore at: eelmorejr@gmail.com or 804.690.0994. Please see attached photographs for reference.

Sincerely,

A. Lynn Ivey, III

President, Overlook Condominium Unit Owners Association
