RE: To accept and appropriate funds from the Virginia Opioid Abatement Authority in the total amount of \$482,711.00.

ORD. OR RES. No.

PURPOSE: To authorize the Chief Administrative Officer to accept funds in the amount of \$482,711.00 from the Virginia Opioid Abatement Authority, and to amend the Fiscal Year 2025 Special Fund Budget by creating three new special funds for the Department of Neighborhood and Community Services named the (i) OAA Peer Recovery Services Special Fund, (ii) the OAA Youth Prevention Services Special Fund, and (iii) the OAA Harm Reduction Vending Machines Special Fund, and to appropriate the increase to the Fiscal Year 2025 Special Fund Budget by increasing estimated revenues and the amount appropriated to the Department of Neighborhood and Community Services' OAA Peer Recovery Services Special Fund, the OAA Youth Prevention Services Special Fund, and the OAA Harm Reduction Vending Machines Special Fund by \$482,711 as set forth below for the purpose of supporting the City's efforts to combat the opioid crisis. The three special funds shall be distributed as follows:

- 1) “OAA Peer Recovery Services Special Fund,” in the total amount of \$250,000;
- 2) “OAA Youth Prevention Services Special Fund,” in the total amount of \$85,000; and
- 3) “OAA Harm Reduction Vending Machines Special Fund,” in the total amount of \$147,711

BACKGROUND: Virginia’s Opioid Abatement Authority is an independent body, the purpose of which is to abate and remediate the opioid epidemic in the Commonwealth through financial support from the Fund, in the form of grants, donations, or other assistance, for efforts to treat, prevent, and reduce opioid use disorder and the misuse of opioids in the Commonwealth. The Virginia Opioid Abatement Authority has an annual application cycle for Virginia localities to propose projects to draw down funds from their allotted individual funds. On May 31, 2024, the City of Richmond was notified by the Virginia Opioid Abatement Authority that three individual distribution projects proposed by the City were approved at their proposed funding value for fiscal year 2025.

An award of \$147,711 has been granted to the City of Richmond for harm reduction vending machines (HRVM). HRVM will provide naloxone -an opioid overdose reversal drug, fentanyl test strips, personal hygiene, and first aid products to City residents who are not connected to harm reduction services or who are likely to witness or experience an opioid overdose. Harm reduction vending machines are evidenced based and studies demonstrate a decrease in overdoses in localities that offer them. The harm reduction vending machines will serve as a low barrier option by making harm reduction services more accessible to those who may have difficulty accessing traditional health services due to stigma, location, transportation, and/or scheduling conflicts.

An award of \$85,000 has been granted to the City of Richmond for a youth-focused prevention campaign which will draw from existing evidence-based programs tailored for the Richmond community. The effort will be led by the City’s Opioid Response Coordinator with support and guidance from an interagency opioid task force and will rely on a multimedia communications campaign to reach the target audience of youth aged 13-24. The prevention campaign will focus on educating adolescents and teenagers regarding the deadly risks associated with counterfeit pills containing fentanyl and emphasizing the critical importance of never consuming pills obtained outside of a legitimate pharmacy setting. The Opioid Response Coordinator will partner with internal youth-focused agencies

at the City of Richmond including but not limited to: Office of Children and Families, Mayor's Youth Academy, Department of Justice Services, and Department of Parks, Recreation, and Community Facilities to identify youth to participate in the design and implementation of the program. A marketing consulting firm will be engaged to assist with the effort and to monitor its effectiveness. Youth prevention campaigns are an evidenced based practice for opioid remediation.

An award of \$250,000 has been granted to the City of Richmond to provide subgrants to integrate Peer Recovery Specialists into areas such as emergency response, detox, treatment, recovery, and other facilities to enhance the continuum of care for individuals affected by opioid use disorder. Subgrantee organizations will be chosen through a competitive and transparent application process. A peer recovery specialist is a self-identified person with lived experience with a mental health and/or addiction condition who is in successful and ongoing recovery from mental health and/or addiction challenges. Peer Recovery Specialists use their lived experience to support another person's recovery journey. Investing in Peer Recovery Specialists is an evidenced based approach to opioid remediation.

With adoption of this ordinance, the Administration will ensure that all funds will go toward approved uses in compliance with the National Opioid Settlement and the Virginia Opioid Abatement Authority. Additionally, adoption of this ordinance approves all tasks associated with the appropriation of these funds.

COMMUNITY ENGAGEMENT: Proposals were informed by significant stakeholder engagement over more than 12 months and developed with direct input and support from external agencies and subject matter experts on the Richmond Opioid Task Force.

STRATEGIC INITIATIVES AND OTHER GOVERNMENTAL: RES. 2022-R013 declaring opioid drug overdose deaths as a public health crisis in the City of Richmond; Richmond Opioid Task Force.

FISCAL IMPACT: The total amount of this award is \$482,711.00. There is no city match requirement.

Dear Mr. Barrett,

As Chairman of the Virginia Opioid Abatement Authority (OAA) I am pleased to inform you that the City of Richmond has been awarded an Individual Distribution grant in the amount of \$250,000.00 to support its Subgrants for Peer Integration project.

The OAA Board of Directors has invested considerable time and effort to ensure that Virginia allocates its share of the national opioid settlements in a manner that saves lives, restores families, and safeguards communities. This is a major challenge and will require a strengthening of partnerships between community-based organizations, local governments, state agencies, and many other stakeholders. Efforts such as the City of Richmond's Subgrants for Peer Integration project have the potential to exemplify how we can work together to turn the tide of the opioid crisis in Virginia.

Details about the award being offered by the OAA are attached to this letter. We look forward to receiving your acceptance and to working together on this important mission.

Sincerely,

Dear Mr. Barrett,

As Chairman of the Virginia Opioid Abatement Authority (OAA) I am pleased to inform you that the City of Richmond has been awarded an Individual Distribution grant in the amount of \$85,000.00 to support its Youth Prevention Campaign.

The OAA Board of Directors has invested considerable time and effort to ensure that Virginia allocates its share of the national opioid settlements in a manner that saves lives, restores families, and safeguards communities. This is a major challenge and will require a strengthening of partnerships between community-based organizations, local governments, state agencies, and many other stakeholders. Efforts such as the City of Richmonds's Youth Prevention Campaign have the potential to exemplify how we can work together to turn the tide of the opioid crisis in Virginia.

Details about the award being offered by the OAA are attached to this letter. We look forward to receiving your acceptance and to working together on this important mission.

Sincerely,

Dear Mr. Barrett,

As Chairman of the Virginia Opioid Abatement Authority (OAA) I am pleased to inform you that the City of Richmond has been awarded an Individual Distribution and "Gold Standard" Incentive grant in the amount of \$147,711.00 to support its Harm Reduction Vending Machines project.

The OAA Board of Directors has invested considerable time and effort to ensure that Virginia allocates its share of the national opioid settlements in a manner that saves lives, restores families, and safeguards communities. This is a major challenge and will require a strengthening of partnerships between community-based organizations, local governments, state agencies, and many other stakeholders. Efforts such as the City of Richmond's Harm Reduction Vending Machine project have the potential to exemplify how we can work together to turn the tide of the opioid crisis in Virginia.

Details about the award being offered by the OAA are attached to this letter. We look forward to receiving your acceptance and to working together on this important mission.

Sincerely,
