

## CITY OF RICHMOND

## Department of Planning \& Development Review Staff Report

Ord. No. 2023-343: To amend and reordain Ord. No. 2022-022, adopted Feb. 28, 2022, which authorized the special use of the property known as 1628 North 27th Street for the purpose of a single-family detached dwelling, upon certain terms and conditions, to provide for revised plans.

| To: | City Planning Commission |
| :--- | :--- |
| From: | Land Use Administration |
| Date: | December 4, 2023 |

## PETITIONER

Mark Baker - Baker Development Resources

## LOCATION

1628 North $27^{\text {th }}$ Street

## PURPOSE

The applicant is requesting an amendment to an approved Special Use Permit that authorized a single-family detached dwelling. The original ordinance was to allow for a smaller lot area than what the current requirements within the R-5 Single-Family Residential District allow. The applicant wishes to amend the overall floor plan of the dwelling, which were part of the plans referenced in the original ordinance. A Special Use Permit is, therefore, required.

## RECOMMENDATION

Staff finds that the proposal would be consistent with the recommendations of the City's Master Plan pertaining to the varied housing types within the Neighborhood Mixed-Use land use category including the varied lot sizes and building heights.

Staff further finds that the proposal would not pose an undue burden on the availability of onstreet parking in the area due to the inclusion of no less than one off-street parking space.

Staff further finds that the proposed use would be consistent with the historic pattern of development in the area which is primarily single-family detached dwellings with yards.

Staff finds that with the ordinance conditions the safeguards contained within the City Charter, relative to the granting of Special Use Permits amendments, are met. Specifically, staff finds that the proposed use would not be detrimental to the general welfare of the community involved and would not create congestion in the streets in the area involved.

Therefore staff recommends approval of the Special Use Permit amendment request.

## FINDINGS OF FACT

## Site Description

The subject property is a 3,627 square foot ( 0.08 acres) vacant parcel, located on North $27^{\text {th }}$ Street between X and V Streets. The property is a part of the Woodville neighborhood.

## Proposed Use of the Property

The proposed use of the property is a single-family detached dwelling.

## Master Plan

The City's Richmond 300 Master Plan designates the subject property for Neighborhood Mixed Use which is viewed as "...highly-walkable urban neighborhoods that are predominantly residential with a small, but critical, percentage of parcels providing retail, office, personal service, and institutional uses."

Development Style:
These areas feature a variety of building types that are close to one another and create a unified street wall. The building size, density, and zoning districts for these areas vary depending on historical densities and neighborhood characteristics. Future development should generally complement existing context. Setbacks, plazas, and parks create a sense of place and community gathering areas. New developments on larger parcels continue or introduce a gridded street pattern to increase connectivity within the neighborhood and to adjacent neighborhoods. In historic neighborhoods, small-scale commercial uses exist today or should be allowed to reestablish. In new neighborhoods, small scale commercial buildings should be introduced.

## Ground Floor:

Regardless of use, buildings should engage the street with features such as street oriented façades with windows and door openings along street frontages. Appropriate setbacks, open space, front porches, elevated ground floors, and other features that provide a sense of privacy should be provided for residential uses.

Mobility:
Pedestrian, bicycle, and transit access are prioritized and accommodated. Bike parking is provided. New driveways are prohibited on Priority and Principal Street frontages. Vehicular access to parcels should use alleys wherever possible. Parking areas should be located to the rear of street-facing buildings.

Intensity: Building heights are generally two to four stories. Buildings taller than four stories may be found along major streets. Parcels are generally between 1,500 and $5,000 \mathrm{sq}$. ft.

Primary Uses: Single-family houses, accessory dwelling units, duplexes, small multi-family buildings (typically 3-10 units), and open space.

Secondary Uses: Large multifamily buildings (10+units), retail/office/personal service, institutional, cultural, and government. (p. 56)

The density of the proposed development is approximately 12.5 units per acre.

## Zoning and Ordinance Conditions

The current zoning for this property is R-5 Single-Family Residential. The following zoning regulations are not being met by the proposal, warranting special use permit approval.

LOT AREA AND WIDTH
Sec. 30-410.4. Single-family dwellings in the R-5 Single-Family Residential District shall be located on lots of not less than 6,000 square feet in area with a width of not less than 50 feet.
The proposed lot is approximately 3,661 sq. ft.

Additional conditions will be imposed by the amended ordinance, including:

- The Special Use of the Property shall be as a single-family detached dwelling, substantially as shown on the Plans.
- No less than one off-street parking space shall be provided for the Special Use, substantially as shown on the Plans.
- The height of the Special Use shall not exceed two stories, substantially as shown on the Plans.
- All building materials, elevations, and site improvements, including landscaping, shall be substantially as shown on the Plans.
- All mechanical equipment serving the Property shall be located or screened so as not to be visible from any public right-of-way.
- Facilities for the collection of refuse shall be provided in accordance with the requirements of the Director of Public Works. Such facilities shall be located or screened so as not to be visible from adjacent properties and public streets.
- The Owner shall make improvements within the right-of-way, including a new five-foot sidewalk and one new street tree, substantially as shown on the Plans, which improvements may be completed in one or more phases as approved by the Director of Public Works.

## Surrounding Area

Surrounding properties are located in the same R-5 district as the property in question. Single-family residential is the dominant land-use in the vicinity.

## Neighborhood Participation

The City notified the Unity Civic League Neighborhood Association about this application. To this date the City has not received any letters of support or opposition from the Association or nearby residents.
