RE: To authorize the special use of the properties known as 5728 Patterson Avenue and 805 Libbie Avenue, for the purpose of a mixed-use building, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: The applicant is requesting a Special Use Permit to construct a mixed-use building with outdoor dining within a B-2 Community Business District. The proposal is not currently allowed by sections 30-436.5, 30-436.3(1), and 30-436.1(33)b, regarding building height, front-yards, and outdoor dining, respectively, of the Code of the City of Richmond (2020), as amended; A Special Use Permit is therefore required.

BACKGROUND: The subject properties are currently zoned B-2 Community Business District. The properties consist of a combined 18,088 sq. ft., .42 acres, improved with a 8,835 sq. ft. vacant building constructed, per tax assessment records, in 1949. The property is within the Westhampton neighborhood.

The City's Richmond 300 Master Plan designates this property as Community Mixed Use. This use is comprised of clusters "...of medium-density, walkable commercial and residential uses that provide neighborhood services to nearby residential communities and sometimes feature regional attractions."

Intensity: Buildings generally ranging from two to six stories, based on street widths and depending on the historic context and stepping down in height adjacent to residential areas, as necessary. New buildings that are taller than historical buildings should step back from the build-to line after matching the height of the predominant cornice line of the block.

Primary Uses: Retail/office/personal service, multi-family residential, cultural, and open space.

Secondary Uses: Single-family houses, institutional, and government. (p. 58)

Properties to the east and west of the properties in question are primarily zoned B-2 Community Business, whereas properties to the north and south are primarily R-4 Single-Family Residential. A mix of residential and some institutional uses are also present in the vicinity of the subject property.

COMMUNITY ENGAGEMENT: The Westhampton Neighborhood at Granite, Libbie, Monument, and Patterson Avenues, the Libbie, Granite & Westview Avenues Neighborhood, and the Westhampton Merchants Associations were notified. Letters of notification shall be sent to nearby property owners, and a sign noting this request shall be placed on the property once the ordinance is introduced to City Council.

STRATEGIC INITIATIVES AND OTHER GOVERNMENTAL: Richmond 300 Master Plan

FISCAL IMPACT: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

Re: Updated Applicant's Report: Special Use Permit Request: Tax Map Numbers W0200073007
and W0200073005

Dear Mr. Ebinger:

This letter shall serve as the updated applicant's report accompanying a limited special use permit request (the "SUP") for the property known as 5728 Patterson Avenue identified as Tax Map Number of W0200073007 and 805 Libbie Avenue identified as Tax Map Number W0200073005 (collectively, the "Property"). The Property is located on the north side of Patterson Avenue at the corner with Libbie Avenue. The Property consists of a two lots of record containing a total of approximately .416 acres of land area that is improved by a retail strip containing three separate tenant spaces and surface parking. The special use permit is requested for a waiver of certain feature requirements of height, front yard setback and outdoor dining within 100' of a residential district. The SUP will facilitate the redevelopment of the Property with a 4-story building containing commercial space and associated parking with high quality materials, fenestration, building articulation and step backs on the 3rd and 4th floors, as well as pedestrian improvements on the Property.

The Property is zoned B-2 Business, is identified in the Richmond 300 as Community Mixed Use, which recommends height up to 6 stories, and is located within the Westhampton Node. Patterson Avenue and Libbie Avenue are both Major Mixed-Use Streets in the Street Typologies of the Richmond 300, which recommends development consistent with the proposed redevelopment, which has a building form with parking in the rear, windows and entrances are to the street with streetscape features of patio areas, seating and an incorporated ramp element with the grade change.

The surrounding properties along Patterson Avenue and Libbie Avenue are also identified in the Richmond 300 as Community Mixed-Use and are located within the Westhampton Node. The zoning of the parcels to the east along Patterson Avenue is B-2, improved with similarly aged one story buildings and to the west along Patterson Avenue is B-7, improved with two 5-story buildings with parking decks

surrounding the former Westhampton school. The parcels to the north off Libbie Avenue are zoned R-4 and to the south along Patterson Avenue are zoned B-2. Consistent with this zoning designation, the surrounding properties are occupied by a range of uses including commercial/retail uses, multi-family residential dwellings, home occupations and single family residential.

The special use permit for the Property is limited to three feature waivers to permit outdoor dining within 100' of a residential zoned property along Libbie Avenue, height allowing for a 4-story building and a front yard setback reduced to 17' which is consistent with the existing building footprint. Permitting the area adjacent to the building along Libbie Avenue for outdoor dining availability will only enhance the engagement with the street and connectivity particularly with the grade change from the rear of the property to the corner of Libbie Avenue and Patterson Avenue. The additional height is stepped back from both the front and side on the 3rd and 4th floor for the building component on the east side of the Property and stepped back on the 4th floor for the building component at the corner of Patterson Avenue and Libbie Avenue. The building materials, detailing and articulation, as well as fenestration as shown on the updated plans are all a significant benefit of the Special Use Permit. The ground floor provides transparency to the pedestrian, enhanced landscaping, and a similar building front setback as those on the block, allowing additional pedestrian space with multiple opportunities for gathering.

The following are factors included in Section 17.11 of the Charter and Section 30-1050.1 of the Zoning Ordinance relative to the approval of special use permits by City Council. The proposed special use permit the 3 feature waivers will not:

- **Be detrimental to the safety, health, morals and general welfare of the community involved.**
- **Tend to create congestion in streets, roads, alleys and other public ways and places in the area involved.**
- **Create hazards from fire, panic or other dangers.**
- **Tend to overcrowding of land and cause an undue concentration of population.**
- **Adversely affect or interfere with public or private schools, parks, playgrounds, water supplies, sewage disposal, transportation or other public requirements, conveniences and improvements.**
- **Interfere with adequate light and air.**

Summary

This request represents an ideal development for this location. The request offers a development alternative that is consistent with the Richmond 300 land use recommendation and incorporates the pedestrian-oriented design principles contained in the plan. The high-quality materials and design features enhance the existing context of the Libbie Avenue and Patterson Avenue corridor, providing additional opportunity for new office space, updated retail space and more opportunities for outdoor dining.
