

INTRODUCED: July 22, 2024

AN ORDINANCE No. 2024-201

To authorize the special use of the property known as 601 Levering Lane for the purpose of a single-family detached dwelling with an attached garage and an accessory structure, upon certain terms and conditions. (1st District)

Patron – Mayor Stoney (By Request)

Approved as to form and legality
by the City Attorney

PUBLIC HEARING: SEP 9 2024 AT 6 P.M.

WHEREAS, the owner of the property known as 601 Levering Lane, which is situated in a R-2 Single-Family Residential District, desires to use such property for the purpose of a single-family detached dwelling with an attached garage and an accessory structure, which use, among other things, is not currently allowed by section 30-404.5, concerning yards, of the Code of the City of Richmond (2020), as amended; and

WHEREAS, in accordance with section 17.11 of the Charter of the City of Richmond (2020), as amended, it has been made to appear that, if granted subject to the terms and conditions set forth in this ordinance, the special use granted by this ordinance will not be detrimental to the safety, health, morals and general welfare of the community involved, will not tend to create

AYES: _____ NOES: _____ ABSTAIN: _____

ADOPTED: _____ REJECTED: _____ STRICKEN: _____

congestion in streets, roads, alleys and other public ways and places in the area involved, will not create hazards from fire, panic or other dangers, will not tend to overcrowding of land and cause an undue concentration of population, will not adversely affect or interfere with public or private schools, parks, playgrounds, water supplies, sewage disposal, transportation or other public requirements, conveniences and improvements, and will not interfere with adequate light and air; and

WHEREAS, (i) the City Planning Commission has conducted a public hearing to investigate the circumstances and conditions upon which the Council is empowered to authorize such use, (ii) the City Planning Commission has reported to the Council the results of such public hearing and investigation and its recommendations with respect thereto, and (iii) the Council has conducted a public hearing on this ordinance at which the person in interest and all other persons have had an opportunity to be heard;

NOW, THEREFORE,

THE CITY OF RICHMOND HEREBY ORDAINS:

§ 1. **Finding.** Pursuant to section 30-1050.1 of the Code of the City of Richmond (2020), as amended, the Council hereby finds that the special use set forth in and subject to the terms and conditions of this ordinance will not (i) be detrimental to the safety, health, morals and general welfare of the community involved, (ii) tend to create congestion in streets, roads, alleys and other public ways and places in the area involved, (iii) create hazards from fire, panic or other dangers, (iv) tend to overcrowding of land and cause an undue concentration of population, (v) adversely affect or interfere with public or private schools, parks, playgrounds, water supplies, sewage disposal, transportation or other public requirements, conveniences and improvements, or (vi) interfere with adequate light and air.

§ 2. **Grant of Special Use Permit.**

(a) Subject to the terms and conditions set forth in this ordinance, the property known as 601 Levering Lane and identified as Tax Parcel No. W021-0253/005 in the 2024 records of the City Assessor, being more particularly shown on a survey entitled “Map Showing the Improvements on Lot 5, ‘Robfin’ in the City of Richmond, VA.,” prepared by Virginia Surveys, and dated November 1, 2023, a copy of which is attached to and made a part of this ordinance, hereinafter referred to as “the Property,” is hereby permitted to be used for the purpose of a single-family detached dwelling with an attached garage and an accessory structure, hereinafter referred to as “the Special Use,” substantially as shown on the plans entitled “Addition & Alteration to Kletzick Residence, 601 Levering Lane, Richmond, Virginia 23227,” prepared by Charles A. Carbonaro Architect, P.C., dated May 26, 2023, and last revised February 10, 2024, hereinafter referred to as “the Plans,” copies of which are attached to and made a part of this ordinance.

(b) The adoption of this ordinance shall constitute the issuance of a special use permit for the Property. The special use permit shall inure to the benefit of the owner or owners of the fee simple title to the Property as of the date on which this ordinance is adopted and their successors in fee simple title, all of which are hereinafter referred to as “the Owner.” The conditions contained in this ordinance shall be binding on the Owner.

§ 3. **Special Terms and Conditions.** This special use permit is conditioned on the following special terms and conditions:

(a) The Special Use of the Property shall be as a single-family detached dwelling with an attached garage and an accessory structure, substantially as shown on the Plans.

(b) No off street-parking shall be required.

(c) The height of the garage shall not exceed two stories, substantially as shown on the Plans.

(d) The height of the accessory structure shall not exceed one story, substantially as shown on the Plans.

(e) Elevations, and site improvements, including landscaping, shall be substantially as shown on the Plans. Brick, brick veneer, stone, stone veneer, masonry, vinyl, fiber cement, and engineered wood shall be permitted building siding materials. Vinyl siding shall have a minimum wall thickness of 0.044 inches, as evidenced by the manufacturer's printed literature.

(f) All mechanical equipment serving the Property shall be located or screened so as not to be visible from any public right-of-way.

§ 4. **Supplemental Terms and Conditions.** This special use permit is conditioned on the following supplemental terms and conditions:

(a) All required final grading and drainage plans, together with all easements made necessary by such plans, must be approved by the Director of Public Utilities prior to the issuance of the building permit.

(b) Storm or surface water shall not be allowed to accumulate on the land. The Owner, at its sole cost and expense, shall provide and maintain at all times adequate facilities for the drainage of storm or surface water from the Property so as not to adversely affect or damage any other property or public streets and the use thereof.

(c) Facilities for the collection of refuse shall be provided in accordance with the requirements of the Director of Public Works. Such facilities shall be located or screened so as not to be visible from adjacent properties and public streets.

(d) Any encroachments existing, proposed on the Plans or contemplated in the future shall require separate authorization and shall be subject to the applicable provisions of the Code of the City of Richmond (2020), as amended, and all future amendments to such laws.

(e) In all other respects, the use of the Property shall be in accordance with the applicable

underlying zoning regulations.

§ 5. **General Terms and Conditions.** This special use permit is conditioned on the following general terms and conditions:

(a) No permit implementing this special use permit shall be approved until satisfactory evidence has been presented to the Zoning Administrator that any delinquent real estate taxes applicable to the Property have been paid.

(b) The Owner shall be bound by, shall observe and shall comply with all other laws, ordinances, rules and regulations applicable to the Property, except as otherwise expressly provided in this ordinance.

(c) Words and phrases used in this ordinance shall be interpreted to have the meanings ascribed to them by section 30-1220 of the Code of the City of Richmond (2020), as amended, unless the context clearly indicates that a different meaning is intended.

(d) Notwithstanding any other provision of law, this special use permit is being approved due, in part, to the mitigating effects of each and every condition attached hereto; consequently, if any portion of this ordinance is determined to be invalid for any reason by a final, non-appealable order of any Virginia or federal court of competent jurisdiction, the invalidity shall cause the entire ordinance to be void and of no further effect from the effective date of such order.

(e) The privileges granted by this ordinance may be revoked pursuant to the provisions of sections 30-1050.7 through 30-1050.11 of the Code of the City of Richmond (2020), as amended, and all future amendments to such laws. Failure to comply with the terms and conditions of this ordinance shall constitute a violation of section 30-1080 of the Code of the City of Richmond (2020), as amended, and all future amendments to such law, or any other applicable laws or regulations.

(f) When the privileges granted by this ordinance terminate and the special use permit

City of Richmond
Intracity Correspondence

O&R Transmittal

DATE: June 28, 2024

TO: The Honorable Members of City Council
THROUGH: The Honorable Levar M. Stoney, Mayor (by request)
(This is no way reflects a recommendation on behalf of the Mayor)
THROUGH: J.E. Lincoln Saunders, Chief Administrative Officer
FROM: Kevin J. Vonck, Director of Planning & Development Review
RE: To authorize the special use of the property known as 601 Levering Lane for the purpose of a single-family detached dwelling with an attached garage and an accessory structure, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: The applicant is requesting a Special Use Permit to authorize a single-family detached dwelling with an attached garage and an accessory structure within a R-2 Single Family Residential District. While the use is permitted, requirements regarding yards cannot be met. Therefore, a Special Use Permit is needed.

BACKGROUND: The property is in the Three Chopt neighborhood, between Three Chopt Road and Wesley Road. The property is a 19,645.56 square foot (0.25 acre) parcel of land, improved with a single-family detached dwelling. The City's Richmond 300 Master Plan designates a future land use for the subject property as Residential, which is defined as a "neighborhood consisting primarily of single-family houses on large- or medium-sized lots more homogeneous in nature" (Richmond 300, p. 54).

Intensity: Buildings are generally one to three stories. Lot sizes generally range up to 5,000 to 20,000+ sq. ft. Residential density of 2 to 10 housing units per acre.

Primary Uses: Single-family houses, accessory dwelling units, and open space.

Secondary Uses: Duplexes and small multi-family buildings (typically 3-10 units), institutional, and cultural.

Secondary uses may be found along major streets

The current zoning for this property is R-2 Single-Family District. The area is generally residential properties.

COMMUNITY ENGAGEMENT: The Westhampton Citizens Association is being engaged as part of this process.

STRATEGIC INITIATIVES AND OTHER GOVERNMENTAL: Richmond 300 Master Plan;

FISCAL IMPACT: \$300 Application Fee

DESIRED EFFECTIVE DATE: Upon adoption

REQUESTED INTRODUCTION DATE: July 22, 2024

CITY COUNCIL PUBLIC HEARING DATE: September 9, 2024

APPLICANT'S REPORT

November 13th, 2023

*Special Use Permit Request
601 Levering Lane, Richmond, Virginia
Map Reference Number: W021-0253/005*

Submitted to:	City of Richmond Department of Planning and Development Review Land Use Administration 900 East Broad Street, Suite 511 Richmond, Virginia 23219
Submitted by:	Baker Development Resources 530 East Main Street, Suite 730 Richmond, Virginia 23219

Introduction

The property owner is requesting a special use permit (the "SUP") for 601 Levering Lane (the "Property"). The SUP would authorize the construction of a new two-story attached garage and an accessory shed on the Property. While the proposed uses are permitted by the underlying R-2 Single-Family Residential District, certain feature requirements are not met, and therefore, a SUP is required.

Existing Conditions

SITE DESCRIPTION AND EXISTING LAND USE

The Property is located at the southern intersection of Levering Lane and Wesley Road and is referenced by the City Assessor as tax parcel W021-0253/005. The Property is currently improved with an owner-occupied single-family detached dwelling. The Property is approximately 131 feet in width and contains roughly 19,646 square feet of lot area.

The properties in the immediate vicinity are developed primarily with residential uses though institutional uses (The University of Richmond and St. Christopher's School) can also be found nearby. Single-family detached dwellings are the most prevalent residential use.

EXISTING ZONING

The Property and those immediately to the southwest are zoned R-2 Single Family Residential. Properties to the west are located within a R-1 Single Family Residential District and to the east are located within a R-4 Single Family Residential District. Beyond that to the southwest is the University of Richmond campus which is zoned Institutional.

MASTER PLAN DESIGNATION

The request is consistent with the Richmond 300 Master Plan (the "Master Plan"), which suggests "Residential" for the Property. The Master Plan suggests this future land use designation allow for a variety of housing types that are consistent with the scale, density, and design of what exists in the vicinity. This designation also encourages developments to reinforce a gridded street pattern in order to increase connectivity. Single-family dwellings are the contemplated primary use in the Residential future land use designation (p. 54).

In addition to the Property-specific guidance offered by the Vision and Core Concepts chapter, there are a number of other goals elsewhere within the Master Plan that support this request:

- Page 86 (High-Quality Places Chapter), Objective 1.4, to "maintain and improve primarily residential areas by increasing their linkages to...corridors...and maintaining high-quality design standards"
- Page 100 (High Quality Places Chapter), Objective 4.1, to "create and preserve high-quality, distinctive, and well-designed neighborhoods and nodes throughout the City," as the request introduces thoughtfully designed new construction in a manner not otherwise assured by-right.

TRANSPORTATION

The Property is not immediately serviced by a bus route. The closest active route is Route 79 which runs along Patterson Avenue and provides connection from Gayton Crossing to Staples Mill.

Proposal

PROJECT SUMMARY

The SUP would authorize the construction of a new two-story attached garage along the northeast side of the Property which would be accessed by the existing driveway. Additionally, the SUP contemplates a new shed to the rear of the existing dwelling.

PURPOSE OF REQUEST

The property is irregularly shaped with roughly 196 feet of frontage onto Levering Lane and 87 feet onto Wesley Road. The owner is proposing to construct a two-story attached garage along the northeast side of the Property in order to utilize the existing driveway. Additionally, the owner is proposing to locate an accessory shed towards the rear of the existing dwelling. While the proposed garage and accessory building are permitted by the underlying R-2 zoning regulations, by virtue of being a corner lot, the Property is subject to two front yard requirements and does not have a rear yard from a zoning perspective. As a result, the attached two-story garage would encroach approximately 10.94' into the required front yard setback along Wesley Road and the accessory building would be located within a side yard, which is prohibited by Sec. 30-680.1 of the Zoning Ordinance. Therefore, in order to allow the proposed garage and accessory shed, a SUP is required.

In exchange for the SUP, the intent of this request is to provide thoughtfully designed new construction in a manner not otherwise assured by-right. Furthermore, the quality assurances conditioned through the SUP would guarantee a high-quality development and ensure an appropriately scaled use that is compatible with and complementary to the surrounding residential neighborhood.

PROJECT DETAILS

When complete, the proposed two-story attached garage would be located toward the northeast side of the Property. The footprint of the structure is approximately 33 feet by 24.5 feet. The first floor includes space for three cars and the second floor would be open and accessible from the second floor of the main house. The exterior would be designed to match the existing house with the same quality building materials. Ample sunlight will be allowed in the unit through the proposed windows. In exchange for the SUP, the intent of this request is to more efficiently utilize the Property to create a high-quality accessory garage for the current resident. The footprint of the shed would be approximately 12' by 10' with a height of roughly 11'. The accessory structure would be of typical wood frame design.

Findings of Fact

The following are factors indicated in Section 17.11 of the Charter and Section 114-1050.1 of the Zoning Ordinance relative to the approval of special use permits by City Council. The proposed special use permit will not:

- ***Be detrimental to the safety, health, morals and general welfare of the community involved.***

The proposed special use permit for an accessory garage will not impact the safety, health, morals and general welfare of the nearby neighborhoods.

- ***Tend to create congestion in streets, roads, alleys and other public ways and places in the area involved.***

The proposed special use permit will not result in significant traffic impacts to nearby residential neighborhoods. The proposed accessory use will create no congestion on streets, roads, alleys or any other public right of way.

- ***Create hazards from fire, panic or other dangers.***

The accessory structure will be developed in a manner consistent with the requirements of the building code and in accordance with the requirements of Fire and Emergency Services. The City's codes applicable to this development are designed to eliminate such hazards.

- ***Tend to overcrowding of land and cause an undue concentration of population.***

The proposed special use permit will not tend to overcrowd the land or create an undue concentration of population.

- ***Adversely affect or interfere with public or private schools, parks, playgrounds, water supplies, sewage disposal, transportation or other public requirements, conveniences and improvements.***

The special use permit would not adversely affect the above-referenced City services. To the contrary, the proposal would provide positive fiscal (tax) benefits that would enhance the City's ability to provide these services to the proposed development.

- ***Interfere with adequate light and air.***

The light and air available to the subject and adjacent properties will not be affected. The proposed structure is of compatible massing and spacing to the existing in the vicinity. As a result, this request will not interfere with the provision of adequate light and air to the adjacent buildings.

Summary

In summary we are enthusiastically seeking approval for the construction of a two-story attached garage and accessory shed. This Special Use Permit proposal represents an ideal, small-scale development for this location that is mindful of its surroundings and limits the impact on the existing landscaping and infrastructure on the Property. In exchange for the SUP, the quality assurances and conditions related to the construction of the structure would guarantee the construction of a new accessory structure that meets the need of the Property and would provide thoughtfully designed new construction in a manner not otherwise assured by-right.

FD LETTERHEAD

The submitted plans for your commercial or multi-family project are under review with Fire & Emergency Services. Applications which only require conceptual plans will be reviewed to the appropriate level of detail for this stage of development planning.

Per the Department of Planning & Development Review, Final Subdivision Plat site plan and Building Permit architectural plan reviews require 100% construction drawings. When applicable, the following sheets should be noted in the Table of Contents of the plan set. Any symbols, fire lines, hydrants, etc. pertaining to our review should be in noted in red.

- Site Layout
- Utility Layout
- First Floor Plan
- Life Safety Plan
- Roof Plan
- Elevation Drawings

Please respond to the checklist items below **and include the corresponding sheet number when asked to provide locations** to expedite our review process. Further discussion may be necessary to provide approval from this department on your application's plans.

We reserve the right to change or amend our decisions should new evidence be discovered, site conditions change during the review period, or revisions on subsequent submissions for this application modify previously approved items which fall within our scope of review.

We look forward to working with you to design a safe project for our city's residents and visitors.

FD LETTERHEAD
FIRE & EMERGENCY PLAN REVIEW CHECKLIST

Project Summary

1. Is this new construction or a rehabilitation project?
New Construction of a attached garage.
2. What is the height of the building(s)? How many stories?
Two (2) stories.
3. Is there an accessory parking garage or parking garage levels?
No
4. Are any levels below street level or below grade?
No

Building Occupant Egress

5. Provide locations of roof access points on the plans.
N/A
6. If there is a basement or floors below street level, provide locations for egress on the plans.
N/A
7. For projects with 6 stories or more, stairways must be noted with compass directions (North, South, etc.) and the inside of stairwells must note each floor number.
N/A
8. If a fire escape is part of the structure, it must be inspected by a design engineer and necessary repairs or replacements must be made before a Certificate of Occupancy can be issued.
N/A

Suppression Systems

9. A temporary standpipe is required on site during construction. Its operative should be on the finished floor below the next floor being constructed. Provide the location on the plans.
N/A
10. Alarm panel box. This must be in the first-floor lobby area on the street address side of the building. Provide location on the plans.
N/A
11. Knox-Box® Rapid Entry System. One is required on any new construction or renovated enclosed multi-story building. Provide the location on the plans.
N/A
12. Fire pump(s). Provide the location on the plans.
N/A
13. Command Center. This needs to be clearly marked outside of the door. Provide the location on the plans.
N/A
14. Sprinkler shut off valve. Provide the location on the plans.
N/A
15. Sprinkler connections. There should be two on either side of the building. Provide the location on the plans.
N/A

FD LETTERHEAD

Hydrants & Fire Department Connections

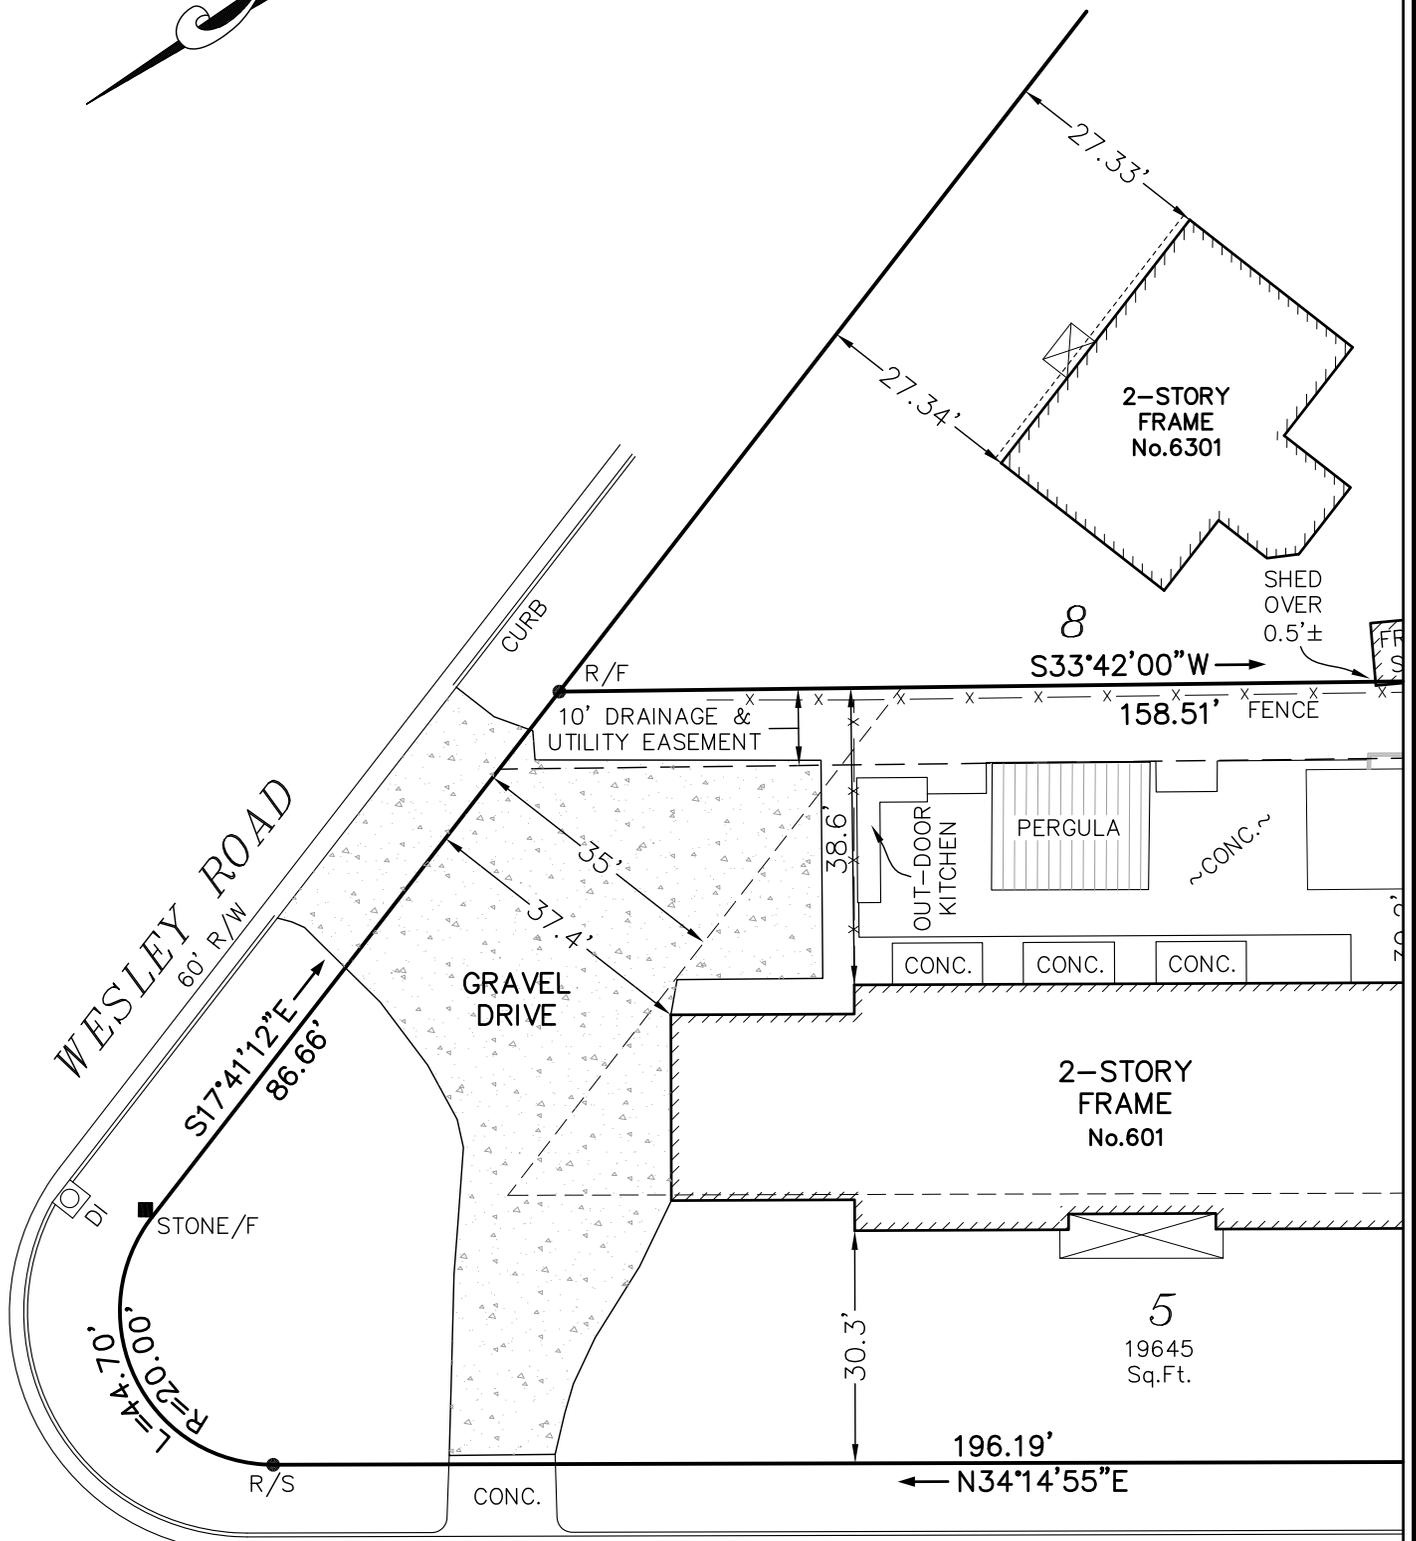

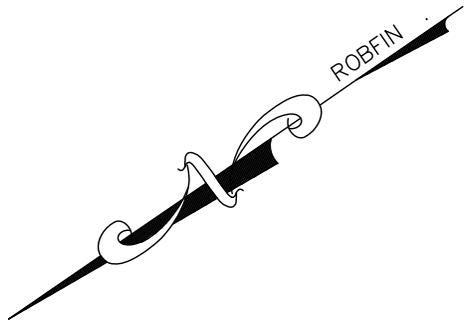

16. More than one hydrant may be required to support the project. How many existing hydrants are near the project? How many are proposed? Provide the locations on the plans.
N/A
17. The dedicated hydrant should be public. Special circumstances may allow for a private hydrant if an ISO Class 1 Rating can be maintained and the Department of Public Utilities approves of it. A private hydrant must also be maintained in accordance with NFPA 291 and the current Virginia Statewide Fire Prevention Code.
N/A
18. The FDC for each building. Provide the location on the plans. Signage is required around it (i.e. FDC Connection, No Parking) and curbing before it must be painted yellow. We highly recommend a Knox FDC secure system to safeguard the sprinkler system.
N/A
19. The FDC should be at least 50 feet from its dedicated hydrant, but no more than 100 feet.
N/A

Emergency Vehicle Access to Site

20. New construction projects require at least (2) two roads for emergency vehicles *to access the site* and shall comply with Chapter 5 of Statewide Virginia Fire Prevention Code Fire Service Features.
This site is bound by a public street and a public alley; as such, these public roads satisfy Chapter 5 of the Statewide Virginia Fire Prevention Code Fire Service Features.
21. Proposed or improved road surfaces used for emergency access must be able to support a minimum weight of 75,000 lbs.
This site is bound by a public street and a public alley; as such, these public roads will support the minimum weight.
22. Proposed or improved road surfaces used for emergency access must be at least 20 feet in width. In some cases, 27 feet may be required.
This site is bound by a public street and a public alley; as such, these public roads are of sufficient width.
23. Curb cuts into and around the site for emergency access must support a fire apparatus turning radii of 36' inside and 52' outside.
This site is bound by a public street and a public alley.
24. New construction projects may require *access to all sides of the building* for emergency vehicles.
N/A

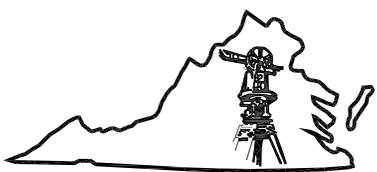

Environmental Concerns

25. Are you aware of any underground storage tanks (USTs) or above ground storage tanks (ASTs) which currently hold, or may have at one time held, flammable or combustible substances? If any are discovered during land disturbance, excavation, or construction activities, they must be immediately reported to the Fire Marshal's Office. A permit is required before removal or abandonment. All documents pertaining environment reports shall be forwarded to the Fire Marshal's Office.
Noted. The owner is not currently aware of any such tanks.
26. Are you aware of any environmental concerns that need to be mitigated before construction, i.e. leaks, spills, etc.?
No, The owner is not currently aware of any environmental concerns.
27. Will this project involve any rock blasting? A rock blasting permit shall be obtained from the Fire Marshal's Office.
No, this project will not involve any rock blasting.
