Primary Uses: Single-family houses, accessory dwelling units, duplexes, small multi-family buildings (typically 3-10 units), and open space.

Secondary Uses: Large multifamily buildings (10+units), retail/office/personal service, institutional, cultural, and government.

The current zoning for this property is B-5 Central Business Zoning District. Adjacent properties are located within the same B-5 District. The density of the proposed development, overall, is approximately 60 units upon .24 acres equaling 250 units per acre.

Re: Special Use Permit application at 1401-07 Hull St

Dear Mr. Vonck,

Please accept this letter as the Applicant's Report for the Special Use Permit application for 1401-07 Hull Street. With this application, the property owners, WRT 1400 LIHTC Apts LLC and 1407 Hull Street Owner LLC, are petitioning the City Council for a SUP to waive side yard requirements under the B-5 Central Business zoning district regulations. If granted, the waiver would allow the properties to be redeveloped as a mixed-use development with ground level commercial space, 60 multifamily dwelling units, and parking garage.

Existing Site Conditions

The subject properties are two parcels located the City's Manchester neighborhood. 1401-05 Hull St is one parcel containing 0.19 acres of land area. This parcel is currently improved with two commercial storefronts facing Hull Street. The larger of the two buildings was constructed in 1920 and contains 4,968 square feet of floor area. The smaller building was constructed in 1950 and contains 2,147 square feet of floor area.

1407 Hull Street is a parcel containing 0.07 acres of land area improved with a two-story building with 4,436 square feet of floor area. This building was also constructed in 1920.

Surrounding properties along Hull Street are a mixture of uses that comprise the commercial district of Old Manchester. Many of these properties contain ground level commercial uses with multifamily use on upper levels. The Hull Street Branch of the Richmond Public Library is directly across Hull St from the subject properties. Across an alley, north of the subject properties, is an R-63 Multifamily Urban Residential District.

Current Zoning

The property is currently zoned in a B-5 Central Business District which allows for a variety of commercial and multifamily uses. The B-5 district generally does not have front, side, or rear yard requirements. However, when a side lot line abuts or is situated across an alley from property in an R or RO district a side yard of not less than ten feet in width is required. Because the subject properties comprise a corner lot for zoning purposes, the lot line abutting this alley to the north is considered as a side lot line.

Proposal

Should this Special Use Permit amendment be granted, the properties would be redeveloped as a five-story, mixed-use building containing approximately 42,000 square feet of floor area. A ground level commercial space would front the property along Hull Street with a 25-space parking garage at the rear. 60 dwelling units would be located on levels 2-5. This building would occupy the entire lot with no front or side yard setbacks. A waiver to the side yard requirement abutting an R district is required in order to develop the properties as planned.

Richmond 300 Master Plan

Richmond 300 designates the properties for Community Mixed-Use land use. These areas call for clusters of medium-density, walkable commercial and residential uses that provide neighborhood services to nearby residential communities and sometimes feature regional attractions.

The plan recommends that future development should generally complement existing context. Uses may be mixed horizontally in several buildings on a block or vertically within the same building. Parking areas are located within the structure and to the rear of buildings. Buildings generally range from two to six stories, based on street widths and depending on the historic context. Primary recommended uses are retail/office/ personal service, multi-family residential, cultural, and open space.

City Charter Conditions

Allowing for the redevelopment of the properties as proposed would provide new commercial services and needed housing in this important neighborhood in the City. This effort would greatly contribute to the ongoing revitalization of Hull Street and the surrounding community.

We trust that you will agree with us that this proposed Special Use Permit amendment meets the City Charter criteria for the granting of SUPs as the project will not

- (i) be detrimental to the safety, health, morals and general welfare of the community involved;
- (ii) tend to create congestion in streets, roads, alleys and other public ways and places in the area involved;
- (iii) create hazards from fire, panic or other dangers;
- (iv) tend to be overcrowding of land and cause an undue concentration of population;
- (v) adversely affect or interfere with public or private schools, parks, playgrounds, water supplies, sewage disposal, transportation or other public requirements, conveniences and improvements; or
- (vi) interfere with adequate light and air.

Thank you for your consideration of this Special Use Permit. Please feel free to contact me at lory@markhamplanning.com or (804) 248-2561 if you have any questions or require additional materials to process the application.

Very Truly Yours,
