RE:

FY2015 General Fund Re-appropriation and Schools Budget Amendment

ORD. or RES. No.

#### **PURPOSE:**

- 1. To amend the FY2015 General Fund Budget (Ord. 2014-62-99) by:
  - Re-allocating funds between agencies to reflect each agency's projected FY2015 funding needs as determined in the third quarter expenditure forecast.
  - b. Accepting and appropriating additional State Shared Sales Tax revenue, from the Commonwealth of Virginia, in the amount of \$125,927 and appropriating the additional revenue to Richmond Public Schools.
- 2. To amend the FY2015 Richmond Public School Budget (Ord. 2014-40-75) by:
  - a. Increasing the amount of State Shared Sales Tax revenue to the school division by \$125,927. This amends the total Richmond Public Schools' expenditure limit to \$264,993,777.

O&R Request Form Page 2 of 4

#### **REASON:**

1.

- a. An outcome of the third quarter forecast is a projected snapshot of each agency's total fiscal year expenditure needs. This ordinance adjusts departmental appropriations to reflect projected expenditures using the third quarter forecast as a basis. The forecast will likely be presented to the Finance and Economic Development Committee in May. After adoption of this ordinance there is the possibility that changes in expenditure patterns or unforeseen events could result in additional variances.
- b. State Shared Sales Tax revenue is a direct pass through of revenue from the State to the City that is then appropriated to Richmond Public Schools. Occasionally, the State updates its projections in the amount of State Shared Sales Tax that will be given to localities. A review of the Commonwealth's State Shared Sales tax revenue projections of localities revealed that the State will send an additional \$125,927 in revenue to the City. As a result, the City will need to increase its appropriation to Richmond Public Schools by the \$125,927 as this revenue must be appropriated to the school division.

2.

a. As a result of the City receiving an additional \$125,927 in State Shared Sales Tax revenue, the City will need to increase the Richmond Public Schools budget ordinance to allow the school division the authority to spend this additional funding.

**RECOMMENDATION:** The Administration recommends adoption of this ordinance.

#### **BACKGROUND:**

1.

a. As part of the "Well-managed Government" strategy, the Administration is requesting amendments to more closely align agency budgets with their projected expenditures. In FY12, FY13, and FY14 similar 3<sup>rd</sup> quarter re-appropriation papers were introduced and adopted to adjust various agencies' budgets. Even after adoption of this ordinance, it should be noted that there is still a possibility that changes in expenditure patterns or unforeseen events could result in additional variances.

In May, Council will be provided with a forecast that projects expenditures for each agency and provides explanations for variances. The third quarter projections will combine actual expenditures through the end of the quarter along with a projection of future expenditures through June 30<sup>th</sup>.

In instances where agencies are projected to need additional funds, projected savings from other agencies were used. Where applicable and appropriate, vacancies remained open to provide additional savings provided there was not a critical need to re-hire.

b. State Shared Sales Tax is a revenue source that must be appropriated to Richmond Public Schools. A recent review of this State revenue source revealed that the State will send to the City an additional \$125,927 in revenue. The City will need to increase its General Fund appropriation to Richmond Public Schools by the additional \$125,927 sent to the City.

#### 2.

a. The Richmond Public Schools FY2015 budget was adopted by City Council on May 14, 2014. This included a revenue source of State Shared Sales Tax in the amount of \$24,951,256. A recent review of the Commonwealth's State Shared Sales tax revenue for localities revealed that the State will send to the City an additional \$125,927 in revenue to the City. As a result, the City will need to increase its General Fund appropriation to Richmond Public Schools as this revenue must go to the school division. Additionally, a commensurate increase of \$125,927 in Richmond Public Schools budget ordinance will be needed. By doing so, this will result in Richmond Public Schools having the authority to spend the additional State Shared Sales Tax funds projected to be distributed by the State.

#### **FISCAL IMPACT/COST:**

- This ordinance will amend the FY2014-F2015 general fund budgets of multiple departmental budgets (see attached) and will increase the total general fund budget and local appropriation to Richmond Public Schools by \$125,927.
- 2. This ordinance will amend the FY2014-2015 Richmond Public School budget. The Richmond Public School budget will increase by \$125,927.

#### **FISCAL IMPLICATIONS:**

- 1. The final budgets for various general fund departments would change to reflect their projected obligations and Richmond Public Schools local, general fund appropriation will increase by \$125,927.
- 2. The budget for Richmond Public Schools would change to reflect the additional revenue needed to support their projected budgeted expenditures. Richmond Public Schools' budget would increase from \$264,867,850 to \$264,993,777, an increase of \$125,927.

#### **BUDGET AMENDMENT NECESSARY:**

## O&R Request Form Page 4 of 4

- 1. Yes. An amendment is needed if funds are to be transferred between general fund departments and to accept and appropriate additional general fund revenue to Richmond Public Schools.
- 2. Yes. An amendment is needed to adjust the Richmond Public Schools budget.

REVENUE TO CITY: Yes, an additional \$125,927
