To All This May Concern.

The purpose of the McGuire Civic Association is to educate, embrace, and empower the community to work together for a safe, clean and drug free neighborhoods. We are extremely excited about our Civic Association formed 15 years ago.

The McGuire Civic Association was formed thanks to the Honorable Reva Trammell. The Civic Association work very closely with her and the Richmond Police, Fire Department, Ambulance services, City Officials, and anyone in needs our assistance to improve the status of the City of Richmond for the community.

This letter is to show our support for the use of the Hickory Hill Community Center property as a training hub. We are always excited to support of local Fire Department with growth in their training methods that would benefit the people in the City of Richmond.

We feel this is a great long-term stable for them to have and train staff to effectively enhance their skills for putting out fires, saving peoples lives and continue to work on their strong presents in the neighborhood.

To conclude what has been said, we are excited to put our support behind this project as this should not be a hindrance to the current use of the property in any manner.
