I have been working to make this city a safer, prettier, fun place to live. I started Save the Trash in 2006 to do litter rescues and make advances in recycling, finding uses for the materials we waste. I would hope that we could work together, pushing citizens toward making better decisions with our enormous waste stream. I have a passion for this city and want to make a difference in its future

I hold two Bachelors (BA in Music, BS in Business) from Florida State University and a Masters in Nonprofit Management and Arts Administration from the University of Kentucky. For the last 7 years I have worked in education management as a project manager across several operational areas. My work focuses on managing large, complex projects that require tact, expert communication, and a high level of detail-oriented organization. In those projects, I've worked and collaborated with public and private entities, government agencies, state authorizers, and directly with enrolled families - sometimes all concurrently.

In addition to my experience in education management, I also co-founded and co-ran the Green Vibes Project (GVP), a nonprofit whose focus surrounded sustainability in musical creation and performance. While with GVP, we utilized crowd funding and local grants to commission over 16 musical works. Additionally, I

While I have not served in another group in Richmond or elsewhere, my experience in nonprofit management and Board relations has given me experience in Robert's Rules of Order, compliance with regulations and rules, and a foundational understanding on public service.

Other Community Involvement:

After a quick weekend trip to look at houses, my husband and I decided to move to Richmond's Northside Hiland Park (District 3) in September 2022, after a host of moves across the U.S.. We were immediately drawn to the strength of the community here and chose to call this our home. Since then, I have performed with the Commonwealth Winds, volunteered with the local chapter of Classical Revolution for an Earth Day celebration, and joined the James River Association as a James Changer. I look forward to getting more involved!

A native of Petersburg, Virginia, Anna Galusha Aquino earned an undergraduate degree in Environmental Sciences with emphasis in ecology from the University of Virginia and a Master of Science in Horticulture from Virginia Tech. In 1991 she achieved a Master of Landscape Architecture degree from Harvard's Graduate School of Design. After several years of training with Ralph Higgins Landscape Architects (now HG Design Studio), she struck out on her own in the mid nineties to form Botanica, Inc., a boutique landscape design business based in Richmond. Inspired to help others experience the power and beauty of creating garden environments, she served on the adjunct faculty of George Washington University's Richmond-based landscape design program for seven years. She mentored children at Chimborazo Elementary School for three years, making gardens and one outdoor classroom at eight Richmond schools, six of them public schools in under-served neighborhoods. Anna assisted with art instruction at Martin Luther King Middle School for several years and counseled summer camp at Fairfield Court Elementary. She currently serves on the board of Challenge Discovery Projects in Church Hill, an organization committed to providing services for improved emotional health of children and their families. In 2001 Richmond's Tree Commissioner selected Anna and former Capital Trees board member Mary Glen Taylor to design the tree planting for the median of Monument Avenue, a project she provided pro bono for the city. In 2016 she began working with Richmond's Capital Trees, a nonprofit dedicated to building public landscapes equitably, and in 2019 joined their Board of Trustees. As chair of the organization's Projects Committee, she introduced and implemented organic and sustainable management of its public landscape projects. A blog grew from Anna's white paper to which she enjoys contributing, along with writing articles for other nature publications. Collaborating with Boxwood Garden Club, Anna designed and built the club's donation of a predominantly native plant garden surrounding the playground at Peter Paul, a neighborhood

development center which provides afterschool and seniors programming in Richmond's East End. The project won Garden Club of Virginia's 2019 Common Wealth Award. In 2020 Anna was awarded the deLacy Gray Medal of Conservation for her contributions to environmental matters and the statewide Horticulture Award, and now serves on the GCV Conservation Committee and Legislative Subcommittee working to get conservation bills, passed by the Virginia legislature. She has served for several years with the Virginia Department of Forestry's volunteer professional board, Trees Virginia, in the horticulture chair. Anna is among a group fighting for a new animal shelter in her hometown of Petersburg, raising money for this urgently needed facility. In 2020, Anna became cochair the Xerces Society's Bee City Initiative, and in December 2023 Richmond City Council passed the Bee City Resolution, making Richmond an official Bee City USA. Recently, Anna has participated with meadow making at Oak Grove-Bellmeade School, Bandy Field, Fonticello Park, and for her private clients. For Anna, the best times happen outside, and her interests enduringly lie in creating great outdoor places where people live and work. Anna and her husband, architect Charles Aquino, reside in Richmond and on the Chesapeake Bay with their beloved dogs.

I love trees and the City of Richmond needs so many more of them. Living in the Northside, I experience the severe lack of tree cover, extreme heat, in the summer, no shade, poor air quality, and excessive runoff due to pavement being the dominant surface material. I'd like to help turn more of the city, especially those underserved areas with disused land, into a greener, healthier place for all of us who live here.

I have spent the better part of the past 20yrs walking dogs in nearly every Richmond neighborhood and have experienced the benefits of the canopy, as well as the lack there of. I have a broad knowledge of our native tree (and other flora and fauna) species and an innate connection to our trees. You would be hard pressed to find another Richmond resident that cares as deeply for our urban canopy and I am desperate to be involved in its care and growth. I understand the relationship between trees and the City's wellbeing as an Entity that supports all of its residents, regardless of race, wealth or status. Trees are our Earth's guardians and without them we are all left vulnerable.

I do invasive species removal on an ongoing basis and help track new invasives. I would like to push for legislation to prevent new plantings of invasives in the City, as well as preventing the clear cutting of our few remaining wooded spaces. We need to be clear about the value of the trees that we already have but are systematically and rapidly being removed willy nilly. It seems to me that the City is cutting down as many trees as possible before there are any restrictive (hopefully) guidelines in place via our green plan. I just passed 5 freshly cut oak tree stumps of 100yr old+ sized trees and I encounter new stumps daily. I believe that the City contract is being abused with absolutely no oversight, taking advantage of funds received via the State and Federal Governments. Last year, a perfectly healthy and beloved 100yr old pin oak was removed from in front of one of my clients houses on Franklin St. Many of us called the City about the removal and lack of process leading up to its removal but were only ever given the runaround until an FOI was filed with the City. I want to feel like I am making a difference in helping to prevent this situation from occurring in the future.

I've been a certified Richmond Tree Steward since 2023. As a Tree Steward, I have been educated on the care and management of our urban tree canopy. I spent much of the year in 2023 pruning Richmond's street trees with the weekly pruning crew working alongside both Tree Stewards and Richmond Urban Forestry employees. I have also helped run the Tree Steward's educational booth at community events.

I'm a highly trained visual communicator, having a graduate degree in my field of graphic design. I'm a critical thinker and seek to design solutions that balance usability, practicality, sustainability, and impact. I have nine years teaching experience at VCU and Virginia State so I'm well versed in planning, research, presenting, and mentoring.

My father, a trained forester, spent his career working for the US Department of the Interior working for conservation, management, and reclamation of our natural resources and forested land. As a result, I grew up spending a lot of time at state and National Parks developing a respect and love for wildlife and our environment. I have also recently earned the distinction of Virginia Master Hiker, having visited all 42 Virginia State Parks in the last three years.

Having lived in Richmond's East End for 17 years, I have first-hand experience of the variety of challenges facing Urban Forestry in managing and expanding our urban canopy.

I'm excited about the possibilities and work that I will be doing on this commission. It will allow me to utilize my experiences with collaborations, and partnerships with other organizations and companies. My training skills from working in positions as a supervisor, trainer or lead will allow me to create opportunities to educate the community-at-large, about the importance of trees and other greenery. I also believe that my current educational endeavors will help me with understanding what my duties will be. I look forward to serving on this commission.

My career has been in natural resources policy. I have worked in state government twice, once as a staff attorney with the Division of Legislative Services and once as Deputy Secretary of Natural Resources. The rest of my career has been with The Nature Conservancy, where I have worked in government relations and overseen other aspects of conservation work. I have both staffed and served on commissions and boards at the state level. I know how to be a constructive and helpful member of an advisory body. I've been a city resident for the last 13 years, and for 6 years previously. I believe that trees are the most important single factor in making our city beautiful and healthy. I have taken the Tree Stewards class. I have a law degree from UR and an undergraduate degree in wildlife science from the School of Forest Resources at Penn State.

I am the Founder of RVA Urban Wood and a community action group in process of becoming a nonprofit org whose focus is to divert usable wood from the Richmond based landfills to place it into the hands of the community by educating about the material promoting local businesses and makers. I have worked in higher education at JMU and VCU to help facilitate Urban wood programs. I have worked with members of RVA Parks, RVA Urban Forestry, and the Virginia DOF to promote, organize, and speak at events focused on the circular economy of urban trees. I have connections to various nonprofit organizations across the state. I have a large network of local Arborists, Sawyers, Woodworkers, and interested community members that would like to see Richmond continue to develop and improve urban forestry to promote sustainably in the city.

I have been the Executive Director of the Coalition for Smarter Growth for 27 years and a Board member of the Richmond Partnership for Smarter Growth for about 15 years. Both organizations address the interconnected issues of land use, transportation, housing, equity, and the environment. We strongly support the revitalization of the city, and an inclusive, walkable, green urban community. Our parks and our street trees are an essential part of a healthy community. Trees provide tremendous benefits for shade and cooling, pollution reduction, stormwater control, human health and stress reduction, and property and tourism value. I have been involved with City of Richmond planning processes since we moved here in 2005 including many discussions about how to maintain, preserve, and expand Richmond's tree canopy. Around 2014, I also reviewed and drafted a proposed update to the City of Richmond Urban Forestry Ordinance.
