Councilor Kenya Gibson requested additional information regarding ORD. 2025-030, ORD. 2025-031, and ORD. 2025-032 in reference to affordable housing. Councilor Gibson asked about the amount of tax incentives provided to the developers through grants, and how long the grants would be effective. Councilor Gibson also asked about the types of rental units to be constructed and the proposed rental rates.

Merrick Malone, Director of Housing and Community Development, stated that the 30-year performance grant is actually two 15-year grants, with the second phase being at the city's discretion. Mr. Malone also stated that grants do not go into effect until construction is completed. Mr. Malone further stated that the city hoped to establish affordable housing projects as soon as possible to address affordable housing construction costs that are quickly rising.

Councilor Gibson stated that she believed more two-bedroom units were needed to provide options to families in the city. Councilor Gibson also stated she believed that union workers should be contracted for construction to ensure residents receive a living wage, and that high-quality construction occurs.

Councilor Stephanie Lynch asked for additional information regarding ORD. 2025-033, and the proposed use of \$2,000,000 for funding the programmatic assessment of city assets and properties for the redevelopment of the city's downtown transportation infrastructure. Councilor Lynch asked if previous real estate studies had already addressed the issue.

Gail Johnson, Director of General Services, stated the proposed funds would be used to hire consultants to review the city's downtown area and the Richmond 300 Master Plan to identify best uses of property located within the designated downtown area.

Sabrina Joy-Hogg, Interim Chief Administrative Officer (CAO), stated that the federal government was contributing \$2,000,000 through a grant, and that the city would allocate \$750,000, with an additional \$250,000 allocated by GRTC, to review the downtown area. Interim CAO Joy-Hogg also stated the study would include a possible City Center, GRTC routes, and possible construction or renovation of a Richmond courthouse facility.

Councilor Lynch stated that she believed a small area plan could be used to study certain portions of downtown, because previous large scale studies already occurred.

Interim CAO Joy-Hogg provided additional information regarding the city's matching financial requirement, and she stated that the study would also provide a financial plan for how the city could fund the renovation of the John Marshall Courts Building or the construction of a new Richmond courthouse.

Councilor Kenya Gibson asked for additional information regarding RES. 2025-R013 and why Henrico County's Economic Development Authority was involved.

Sharon Ebert, Deputy Chief Administrative Officer for Planning and Economic Development, stated the \$15,000,000 city bond issuance, referenced in the resolution, was part of a larger construction project, which primarily is set to occur within Henrico County and includes a total bond amount of \$300,000,000.

Councilor Ellen Robertson addressed Council regarding legislation related to affordable housing, and stated that the city was in an affordable housing crisis, which requires that the city look at all possible approaches for more affordable housing development. Councilor Robertson requested that members support legislation on the Consent Agenda that addressed affordable housing development.

There were no further comments or discussions and the Consent Agenda was unanimously adopted.
