RE: To authorize the special use of the property known as 1203 North 19th Street for the purpose of a single-family dwelling, upon certain terms and conditions

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 1203 North 19th Street for the purpose of a single-family dwelling, upon certain terms and conditions

REASON: The property is located in the R-6 Single-Family Attached Residential District. The new single-family dwelling constructed on the property is a permitted use. However, due to a surveyor error the dwelling encroaches into the required side yard on the southern side. Therefore a special use permit is requested in order to authorize this use.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council.

BACKGROUND: The 2,950 square foot subject property located on the eastern side of 1203 North 19th Street, near its intersection with Q Street. The R-6 Zoning District requires a minimum lot area of 5,000 square feet and a minimum o lot width of 50 feet for a single-family detached home. The subject property is 23.5 feet wide with a total area of 2,953 square feet. The lot has been a deeded independent lot since at least 1942 and is legally nonconforming for a single-family dwelling use provided that the lot feature requirements of the zoning district are met. In this instance, the recently constructed single-family dwelling encroached up to 1/2 a foot into the southern side yard setback.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.

This SUP is requested in order to correct a footing placement error for a single-family dwelling constructed at 1203 N 19th Street. The submitted site plan called for a three foot setback from each side property line. However, the as built survey showed that the eastern wall of the structure encroached into this setback, thus not meeting the lot feature requirement of the district. This encroachment necessitated the installation of fire rated windows in order to meet building code requirements. This work has been completed and I request a special use in order to satisfy zoning requirement.

This request meets all conditions for approval listed in the City Charter for the approval of special uses.
