

# Certificate of Appropriateness Application Instructions

In advance of the application deadline, please contact staff to discuss your project, application requirements, and if necessary, to make an appointment to meet with staff for a project consultation. The CAR website has additional project guidance and required checklists: [www.rva.gov/planning-development-review/commission-architectural-review](http://www.rva.gov/planning-development-review/commission-architectural-review)

**Staff Contact: (804)-646-7550 | [Emily.Routman@richmondgov.com](mailto:Emily.Routman@richmondgov.com)**

## Submission Instructions

**Certain exterior work can be administratively approved by Staff. Please contact staff via email with the project address in the subject line. Submit the following items via email to staff:**

- One (1) signed and completed application (PDF) – property owner's signature required
- One (1) copy of supporting documentation, as indicated on appropriate checklist (PDF)
- Application fee, if required, will be invoiced via the City's Online Permit Portal. Payment of the fee must be received before the application will be scheduled. Please see fee schedule brochure available on the CAR website for additional information.
- **Application deadlines are firm.** All materials must be submitted by the deadline to be considered at the following Commission meeting. Designs must be final at the time of application; revisions will not be accepted after the deadline. Incomplete and/or late applications will not be placed on that month's agenda.
- A complete application includes a signed application form, related checklist, legible plans, drawings, elevations, material specifications, and payment of the required fee as described in Sec. 30-930.6(b).
- The Commission will not accept new materials, revisions, or redesigns at the meeting. Deferral until the following month's meeting may be necessary in such cases to allow for adequate review by staff, Commissioners, and public notice, if required.

## Meeting Schedule and Application Due Dates

- The CAR meets on the fourth Tuesday of each month, except for December when it meets on the third Tuesday.
- The hearing of applications starts at 4:00pm via Microsoft Teams. The owner and/or applicant is encouraged to attend the meeting.
- All applications are due at 12 noon the Friday after the monthly CAR meeting, except in December, when applications are due the following Monday. For a list of meeting dates and submission deadline dates for each meeting please visit [www.rva.gov/planning-development-review/commission-architectural-review](http://www.rva.gov/planning-development-review/commission-architectural-review) or contact staff.
- Exception: Revisions to applications that have been deferred or conceptually reviewed at a CAR meeting can be submitted nine (9) business days after that meeting in order to be reviewed at the following meeting. Please contact staff to confirm this date.

## Fees

- Full Demolition: **\$1,500**
- New construction/addition to a building other than for a single- or two-family dwelling or accessory building, including multi-family or mixed-use developments: **\$500**
- New construction/addition to a single- or two-family dwelling, or accessory building: **\$250**
- Amendments to previous certificates of appropriateness (COAs) concerning non-structural alterations, changes to signage, and changes to plans: **\$150**
- Extension of a certificate of appropriateness (COA): **\$25**

## **519 N 28th St Project Details - CAR COA Application Supplement**

### **Property Description/Current Conditions/Prior Alterations or Additions:**

- Single family home constructed in 2009
- No front yard retaining wall exists on lot currently, but the older homes on the same side of this block typically have them due to the slope—and the original home that existed on this lot at least until the 1970s included a similar sized front yard retaining wall as the one proposed in this application

### **Proposed Work/Description/Materials:**

Installation of front yard concrete retaining wall. The overall height of the wall will be approximately 1.5' to 2' tall. A step into the existing gravel side yard will be constructed from concrete.

**Photos (on following pages)**

Current front yard

Current front yard and neighboring historic homes with similar sized concrete retaining wall as one proposed

Richmond, Virginia neighborhood 1970

The only imagery I've been able to source showing historic home that used to be on this lot before current home constructed in 1990 with similar sized wall. [This video is from the early 70s.](#)
