The property belongs to the EDA. I am copying Matthew Ebinger on this as he works with the planning commission. My thought is that he can note this in his records and let the sender know he received it.

Hi Tameka,

That is not one of RPS current schools or properties. I remember reading in the paper that it was owned by Bon Secours and they were going to remodel the property to be a nursing school or either an office building. That was a while ago. See article below.

Subject: Westhampton School

Dear Mayor Stoney,

I am writing to ask for your help. Westhampton was bought before your time, and I am sure that you are well aware of the details. The current plan for the old school would not enhance the neighborhood, merely cause traffic problems and change the whole character. I grew up within a block of my elementary and Middle School. I still pass it every week and pray that a more reasonable solution can be found.

Respectfully, Mary D. Murray
