I was born in a US DOD hospital in Germany, and grew up on, or around, US installations in Asia, Europe and America. My parents career service, a Black-American USAF Lt. Colonel and Korean-American USAF Reserve MSGT and Dept. of Navy employee, ensured an itinerant upbringing. I went to middle and high school in the international tourist hub and melting pot of Hawaii. As a student I spent a year as an exchange student in Osaka, backpacked Europe and earned my MBA in Seoul. After university, I worked abroad for close to 5 years. All of this is a way of saying I'm predisposed to an international awareness and over the years I have learned to work with, follow or lead, people of diverse cultures, religions, ethnic backgrounds and nationalities.

Additionally, my years in different facets of HR taught me to positively interact with people, stay even keel, accept blame, deflect praise to highlight others, LISTEN, manage budgets, create new programs, audit existing programs, and implement new programs.

In Richmond I fell in love with people's levels of civic engagement, acknowledgment of an uncomfortable past and desire to grow. I am interested in being on Richmond boards and committees so I can use my combined experiences seeing the good and bad of other cities to provide additional context to any proceedings.

How Did You Hear About or Who Referred You to Apply for Appointment to This Authority, Board, Commission or Task Force?

I was inspired to look into vacancies by conversations with 5th district council person Parker Agele

NOTE: This application is a public document. Completed applications will remain on file for consideration for six (6) months at which time it must be updated.

Currently, I am a finalist for a prestigious research assistantship position at the National Institute of Justice and I serve on the board of the non-profit organization Friends of Richmond K-9 that fundraises for the Richmond Police Department's K-9 Unit. In my experience as a criminologist and public policy scholar, I have served as a grant and publication peer reviewer for the COPS Office for the U.S. Department of Justice, presented at national and international criminal justice conferences, been published in several academic texts and journals, and have forged a research partnership with the Richmond Police Department. My research has been focused on policing studies and body-worn cameras but my studies have made me well versed in all areas of criminal justice. My experience at both the local and federal level, as well as my knowledge of scholarly research for empirically based policies and practices would make me a strong addition the Criminal Justice Board, and it would be an immense honor to allow my expertise to serve for the improvement of the City of Richmond.

I was born in a US DOD hospital in Germany, and grew up on, or around, US installations in Asia, Europe and America. My parents career service, a Black-American USAF Lt. Colonel and Korean-American USAF Reserve MSGT and Dept. of Navy employee, ensured an itinerant upbringing. I went to middle and high school in the international tourist hub and melting pot of Hawaii. As a student I spent a year as an exchange student in Osaka, backpacked Europe and earned my MBA in Seoul. After university, I worked abroad for close to 5 years. All of this is a way of saying I'm predisposed to an international awareness and over the years I have learned to work with, follow or lead, people of diverse cultures, religions, ethnic backgrounds and nationalities.

Additionally, my years in different facets of HR taught me to positively interact with people, stay even keel, accept blame, deflect praise to highlight others, LISTEN, manage budgets, create new programs, audit existing programs, and implement new programs.

In Richmond I fell in love with people's levels of civic engagement, acknowledgment of an uncomfortable past and desire to grow. I am interested in being on Richmond boards and committees so I can use my combined experiences seeing the good and bad of other cities to provide additional context to any proceedings.

Please list your educational background and/or other expertise or qualifications you will bring to this authority, board, commission or task force: I believe that I would bring a helpful perspective and energy to this initiative primarily for two reasons. FIRST, I feel strongly about this initiative and its worthy and very timely goals – particularly that of enhancing the public trust in the local government offices and public servants that we Richmonders are so fortunate to have. There is no reason for people's frustration with other forms of government to taint their very important relationship with this City. A native of Philadelphia, I have lived and worked within Richmond City limits for more than eight years and I want to give back to this City which welcomed me and has done so much for my family. SECOND, as a Virginia lawyer and an officer of the courts in which I am admitted to practice, I am (and have to be!) intimately familiar with the importance of ethics in all facets of public life.
