- 8-9 Robert's Rules of Order shall govern parliamentary procedures in Committee meetings to the extent that such rules are not in conflict with these operating procedures.
- 8-10 Committee members must disqualify themselves from deliberation and voting on applications and any items of Committee business in which they have personal interest. A personal interest is a benefit or liability to a Committee member, a member of their immediate family, or to their business or property. Members of the Committee would have a personal interest in the case of one or more of the following:
- An interest in the property that would be affected, benefit or suffer from the action of the Committee;
 - An interest in a business entity whose application or plans would be reviewed by the Committee or that would benefit or suffer from the action of the Committee; and
 - A personal interest in a business that represents any entity that would be subject to an action by the Committee or that would benefit or suffer from the action of the Committee.

Whenever a Committee member has a personal interest, the member should complete and submit to the Committee Secretary the Form for the Disclosure of a Personal Interest, as well as state the conflict when the Committee considers it. The member should leave the room while the Committee is reviewing the item. If the Committee member's business is presenting an application to the Committee, another representative of that business should appear before the Committee. If the member is the owner of the property being reviewed by the Committee, the member may present the application to the Committee. In this circumstance, the Committee member would be prohibited from participating in the Committee's discussion or voting.

- 8-11 A committee member may choose to abstain from voting on an application because of a perceived conflict not mentioned in 8-10. The member should declare that they are abstaining and not participate in the discussion. Abstentions are appropriate for approval of the minutes when the member abstaining was not present at that meeting. Abstentions as a form of denial or lack of support for an application are not appropriate.
- 8-12 A quorum shall consist of six members of the Committee, except when vacancies exist at which time the majority of remaining members shall constitute a quorum. In the event that a quorum is not obtained for any scheduled meeting, the meeting will be held. If the Committee is requested to forward a recommendation to the City Planning Commission, the Planning Commission shall be advised of the Committee's attendance.
- 8-13 In the event of a tie vote of the members present, the item shall be deferred until the next regularly scheduled or special meeting, unless a subsequent motion disposing the item is adopted. A tie vote shall mean that the motion fails and that no action has been taken.

- 9-2 The Secretary is authorized to prepare a consent agenda where approval is recommended on matters of a routine or non-controversial nature. The Secretary may also prepare a list of items where, with the consent of the applicant, the Committee will be asked to delete the item from the agenda, defer action, or make a recommendation to continue or strike the item.

The purpose of the consent agenda is to provide a method for the expeditious handling of items which, in the opinion of the Secretary, will not require discussion and the action recommended by the staff or requested by the applicant will be approved unanimously by the Committee.

The deletion and deferral list, including any items with the recommendations to continue or strike, shall be considered prior to considering the consent agenda. Prior to the consideration of a motion to approve the consent agenda, the Chair shall ask any if member of the Committee would like to have an item removed from the consent agenda for clarification, discussion or in order that there may be a separate vote on that item. Following that, the Secretary shall read a general description of each item remaining on the consent agenda for the benefit of the Committee and the citizens attending the meeting. The Chair shall then provide the public an opportunity to speak on any public hearing items and on any other item which the Commission is willing to accept public comment through a single public hearing on the entire consent agenda. At the close of the public hearing, the Committee shall take a single vote on the consent agenda, provided that the Committee may remove any item from the consent agenda prior to a vote for consideration under the regular order of business.

SECTION 10 – PROCEDURES FOR HEARING APPLICATIONS

- 10-1 The Secretary shall distribute to all applicants a handout that describes the application process and the submission requirements.

- Encroachments existing prior to 1954;

- Banners located within the City right-of-way as a part of the City Banner Display Program adopted by City Council (Ordinance No. 2009-85-67) on May 26, 2009, when such banners also comply with the Banner Design Review Criteria of the Richmond Urban Design Committee, adopted July 8, 1991;

SECTION 13 – PARTICIPATION BY ELECTRONIC COMMUNICATION MEANS

13-0 The UDC shall follow the procedures established in the Operating Procedures for the Planning Commission regarding “Participation by Electronic Means”, as specifically detailed below. If the Planning Commission alters these procedures, the UDC should update their own procedures as well.

13-1 Purpose. The purpose of this section is to comply with the requirements of section 2.2-3708.2(C)(1) of the Code of Virginia to allow for and govern participation by one or more Planning Commissioners in meetings of the Planning Commission by electronic communication means, and all proceedings pursuant to this section shall be performed in accordance with section 2.2-3708.2 of the Code of Virginia, as that statute may hereafter be amended.

13-2 Application and Limitations. The policy established by this section shall be applied strictly and uniformly, without exception, to all Planning Commissioners and without

regard to the identity of the Planning Commissioner requesting remote participation or the matters that will be considered or voted on at the meeting.

Participation by a Planning Commissioner in a meeting by electronic communication means due to a personal matter shall be limited each calendar year to two meetings or 25 percent of the meetings held per calendar year rounded up the next whole number, whichever is greater.

- 13-3 Electronic Communication. When used in this section, the term “electronic communication” has the meaning ascribed to it by section 2.2- 3701 of the Code of Virginia, as that statute may hereafter be amended.
- 13-4 Approval Process. No Planning Commissioner may participate in a meeting by electronic communication means unless the Planning Commissioner requests and the Planning Commission approves the participation in accordance with the provisions of this section.

A Planning Commissioner may request to participate in a meeting by electronic communication means if the Planning Commissioner notifies the Chair of the Planning Commission on or before the day of the meeting that the Planning Commissioner is unable to attend due to (i) a personal matter, provided that the Planning Commissioner identifies with specificity the nature of the personal matter to the Chair of the Planning Commission, (ii) a temporary or permanent disability or other medical condition that prevents the Planning Commissioner’s physical attendance or (iii) a family member’s medical condition that requires the Planning Commissioner to provide care for such family member, thereby preventing the member’s physical attendance. The Planning Commissioner must also notify the Chair of the Planning Commission of the remote location from which the Planning Commissioner would participate by electronic communication means.

The Planning Commission may consider a request for participation by electronic communication means only if a quorum of the Planning Commission is physically assembled at the primary or central meeting location.

At the meeting, the Chair of the Planning Commission shall announce the information received from the Planning Commissioner pursuant to this section. If the Planning Commissioner’s request is in all other respects in compliance with this section’s requirements, the Chair of the Planning Commission shall solicit a motion to approve or disapprove the Planning Commissioner’s request from the Planning Commissioners physically assembled at the primary or central meeting location. Upon adoption of a motion to approve the Planning Commissioner’s participation by electronic communication means, the Planning Commissioner shall be allowed to participate in the meeting by electronic communication means.

- 13-5 If the Planning Commissioner’s participation by electronic communication means is approved, the Secretary to the Planning Commission shall record in the meeting minutes (i) the motion, (ii) the vote thereon, (iii) a statement (a) of the specific nature of the personal matter, (b) that a temporary or permanent disability or other medical condition prevents the Planning Commissioner’s attendance, or (c) that a family member’s condition requires the Planning Commissioner to provide care for such family member,

thereby preventing the Planning Commissioner's physical attendance, and (iv) the remote location from which the Planning Commissioner participates in the meeting. If the Planning Commissioner's participation by electronic communication means is disapproved, whether by adoption of a motion to disapprove or rejection of a motion to approve, the Secretary to the Planning Commission shall record in the meeting minutes (i) the motion, (ii) the vote thereon, (iii) a statement (a) of the specific nature of the personal matter identified by the Planning Commissioner, (b) that the Planning commissioner stated that a temporary or permanent disability or other medical condition prevents the Planning Commissioner's attendance, or (c) that a family member's condition requires the Planning Commissioner to provide care for such family member, thereby preventing the Planning Commissioner's physical attendance, (iv) the remote location from which the Planning Commissioner sought to participate in the meeting, and (v) the specific aspect of the policy established by this section that would be violated by the Planning Commissioner's proposed participation by electronic communication means, as summarized by the Chair of the Planning Commission.

SECTION 14 – Preparation and Approval of Minutes

- 14-1 The Committee shall keep a set of minutes of all meetings which shall become official and a matter of public record by action of the Committee.
- 14-2 The secretary shall provide the Committee a draft minutes document for approval, following Roberts Rules of Order requirements of minutes.
- 14-3 Alternatively, the Committee may elect to have the Secretary provide a brief and general summary of topics and concerns expressed from the Committee's hearing of an item, directly after a motion or item is successfully voted upon by the Committee. This may only be provided for meetings that are recorded via video.

The Secretary shall take notes during the discussion of an item of primary topics addressed by the Committee. The Secretary shall read back the proposed summary to the Committee. The Committee shall suggest brief statements to be added to the Summary.

The Committee may approve the summary provided by the Secretary by vote of general consent, motioned by the Chair.

The approved summary shall be listed in the written Staff Report provided to the Planning Commission from each Committee Meeting, where applicable, along with recommended conditions by the Committee.

Prior to the following meeting, the approved summary and video recording of a meeting shall be uploaded to the City's electronic agenda system as the approved minutes of the meeting, which will then be publicly available.
