RE: Special Use Permit Application

Sharita Walker/ Let's Be a Kid Family Daycare

This letter is intended to speak on the professionalism and good character Ms. Sharita Walker has displayed with being a good and respectful neighbor over the past 10 years.

Ms. Walker has been residing in our neighborhood for more than 10 years and during that time she has been nothing less than an outstanding neighbor.

She has been serving the community since 2007 by providing small children with a safe and healthy place to stay during the day. Which allows parents to go to work with a sound peace of mind knowing their children are being care for in the safe and quality environment her program provides.

We have never had an issues or problems with her or her program disturbing our peace or privacy nor has there been any issues with additional traffic or excessive noise. Furthermore we have never had any issues with any children in her care roaming the neighborhood or being disorderly. She keeps her yard and the appearance of her home in excellent shape. She has always been a good neighbor and this family daycare has been an asset to our community. Thank you,

X Ms. Rosa L. Allen
