BOARD OF ZONING APPEALS PRESENTATION SUGGESTIONS

CITY OF RICHMOND, VIRGINIA

When presenting your request for a variance or exception to the Board of Zoning Appeals, it is important that you consider the points outlined below. The City Charter requires that every decision of the Board must be based upon a finding of fact that the Board must determine from sworn testimony, together with pertinent evidence, presented at its public hearing. It is essential that the Board receive thorough and complete information in order for it to adequately consider your case and make an informed decision.

1. The powers and duties of the Board of Zoning Appeals (BZA) are specified in Section 17.20 of the City Charter and Article X, Division 5, of the Zoning Ordinance. The Zoning Office will assist you in identifying how your case should be filed. If you have questions regarding your case filing, please contact the Zoning Administration Office (804-646-6340/6701). Please review the applicable provisions of the City Charter or the Zoning Ordinance thoroughly and address them when presenting your case to the Board to show that the applicable requirements have been satisfied.
2. The Board of Zoning Appeals is a quasi-judicial board whose decisions are controlled by statutory law and also take into consideration applicable case law that has been handed down by the Richmond Circuit Court and the Virginia Supreme Court. The Board suggests that if you have any legal questions regarding statutory or case law as it may apply to your application, that those legal issues should be discussed with an attorney before you make your final decision to submit an application to the Board.
3. The Board considers it essential that you discuss your case with nearby residents (notification letters are sent to all property owners within a 150-foot radius of your property) and any nearby civic association(s). Information regarding your neighborhood association(s) and/or contact person(s) may be obtained [here](#). Once on the page, you can search for your property using the interactive map. A dialogue box will provide you with the names of all civic groups within which your property may lie. Once you have those group names, scroll down the page to the appropriate group(s) to find the contact information for each.

Be advised that if you fail to discuss your request with your neighbors and neighborhood association(s), you should anticipate that your case will be continued until the Board's next regularly scheduled meeting. It is highly recommended that you contact your neighborhood association as soon as possible to determine their meeting schedule in order to be sure you allow yourself enough time to talk to all concerned parties prior to the hearing before the Board. The Board's Rules of Procedure require payment of a \$175.00 continuance fee if the applicant must request a continuance for the reason that the applicant failed to discuss their case with their neighbor(s) or neighborhood association(s).

4. You are also strongly encouraged to discuss your pending case with the Secretary of the Board, Roy Benbow at (804) 240-2124 well before the hearing. The BZA Secretary can be helpful by explaining the BZA public hearing requirements and process.
5. Utilizing photographs, plans, maps, diagrams and such other written or graphic evidence as needed to fully explain your request can be a great help to the Board in understanding your request and thereby improve your chances for success. Remember . . . a picture is worth a thousand words.
6. Note that, although the Board is not authorized to grant a waiver from the zoning regulations based on financial circumstances alone, it may be a factor to be taken into consideration along with other facts in a case. If your case involves such a factor, please provide the Board with complete and relevant financial information for its review.
7. The Board's hearings are informal, although all testimony is taken under oath. You are not required to be represented by an attorney in presenting your case. However, if you choose, you may have legal representation and/or may utilize such technical experts or other persons to testify on your behalf as you feel are needed to adequately explain your request to the Board.

DEPARTMENT OF
PLANNING AND DEVELOPMENT REVIEW
ZONING ADMINISTRATION

August 28, 2018

Genet Semere
812 Chimborazo Boulevard
Richmond, VA 23223

RE: 3316-18 N Street
Tax Parcel(s): E000-0880/010, E000-0880/008

Dear Mr. Semere,

Thank you for your Zoning Confirmation Letter (ZCL) request for the above-referenced properties. In response to your request, please be advised of the following:

The subject properties are conveyed as two independent lots of record and are located in the City's R-5 (Single-Family Residential) district. Both parcels are currently vacant lots. Although there is no evidence that indicates that the property known as 3318 N Street was ever improved with a principal use, our office did find that a single-family detached dwelling was originally located on the property designated as 3316 N Street; this structure was demolished circa 2010. A survey attached to this letter requests indicates that an accessory structure in the form of a greenhouse was located on both properties on May 17, 2018; however, a site inspection on August 21, 2018 did not find such structure. Further correspondence has indicated that this structure was illegally built by an adjacent property owner and has since been removed.

The R-5 district requires a minimum lot width of not less than 50 feet and a minimum lot area of not less than 6,000 square feet and for single-family detached dwellings. The property designated as 3316 N Street has a lot width of 27 feet and a total lot area of 3,240 square feet; the property designated as 3318 N Street has a lot width of 36 feet and a total lot area of 4,320 square feet. Although the lot width and area requirements are not met, our research has concluded that the properties have remained in the same configurations since at least 1925, before the establishment of the City's Zoning Ordinance. As such, the properties have been deemed to be separate buildable lots of record suitable for the construction of single-family detached dwellings, provided that the dwellings meet the following R-5 requirements:

- 1) *Front yard.* There shall be a front yard with a depth of not less than 25 feet or as determined by adjacent building setbacks (Sec 30-630.2). (*Be advised, the property designated as 3318 N Street is a corner lot with two front yards.*)
- 2) *Side yards.* There shall be side yards of not less than three feet (3') in width (as the lot has a substandard width).
- 3) *Rear yard.* There shall be a rear yard with a depth of not less than five feet (5').

- 4) *Lot coverage.* Lot coverage shall not exceed 35 percent of the area of the lot.
- 5) *Height.* No building or structure shall exceed 35 feet in height. No accessory building or structure shall exceed 20 feet in height.
- 6) *Parking.* One (1) off-street parking space is required.

The properties are not subject to a conditional use permit, special use permit, variance, special exception, or other authorization or approval.

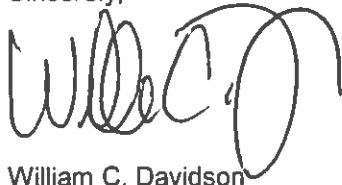

The properties are not subject to any proffered conditions or other special limitations imposed by the City of Richmond in connection with the zoning and rezoning of the properties except as set forth in the Zoning Ordinance.

To the best of my knowledge, there are no outstanding zoning violations on the subject properties and there are no pending administrative, legislative, or judicial proceedings which would adversely affect the status of the current zoning in any manner. Please be advised that this office does not issue opinions with respect to compliance with building codes, fire codes or other health and safety regulations that may pertain. For building code issues, contact Ray Abbasi, Operations Manager at 646-7483. For fire and safety questions, contact Fire and Emergency Services at 646-6640.

You are hereby advised that you have thirty (30) days from this notice in which to appeal this decision to the Board of Zoning Appeals, in accordance with §15.2-2311 of the Code of Virginia and §17.19 of the Richmond City Charter, or this decision shall be final and unappealable. Such appeal must be in writing and must be filed with the Secretary to the Board of Zoning Appeals. Said appeal shall indicate in specific terms the grounds for the appeal and must be accompanied by a filing fee of two hundred and fifty dollars (\$250.00).

I hope this information is sufficient. Should you have any questions or additional concerns, please contact Adam W. Chappell, Zoning Officer, at (804)-646-4088 or at: Adam.Chappell@Richmondgov.com.

Sincerely,

That 10 ft alley is likely to remain a paper alley. Also no a driveway of Chimborazo would not be permitted. There is even a bus stop right there where they'd put it.

Good morning Adrian,

What are your thoughts on whether or not the City would ever make improvements to this 10' alley behind the subject property (see attached survey). From an engineering standpoint having a driveway off Chimborazo Blvd. is not reality, correct?

Thank you in advance for your input...

Have a nice Wednesday!
