UDC Recommendation: None

The Urban Design Committee voted on a motion to retain the pedestal, rejecting staff's recommendation to authorize removal, however the motion failed to carry. The Urban Design Committee then voted on a motion to not forward a recommendation to the Planning Commission for this item, however that motion failed to carry. The Urban Design Committee could not reach an agreement on a new motion for this item, and moved to the next item on the regular agenda. Thus, the Urban Design Committee failed to carry a motion on this item, and forwards this application to the Planning Commission without a recommendation.
