RE: **Conveyance of 8790 Strath Road, Henrico County (Parcel ID #817-679-0491)**

ORD. OR RES. No. _____

PURPOSE: To declare surplus and direct the conveyance of City-owned real estate known as 8790 Strath Road in Henrico County, Virginia, consisting of approximately .899± acres, for Six Thousand Five Hundred Dollars (\$6,500.00) to Jonathan and Delores McQuinn for the purpose of private use.

BACKGROUND: The approximate .899± acre City-owned parcel located at 8790 Strath Road in Henrico County (the “Property”) was acquired by the City of Richmond in 1994 for the construction of a gas transmission connection facility by the Department of Public Utilities. Currently the Property is an irregular shape, unimproved parcel of land located adjacent to a row of high-tension power lines.

The Offerors currently reside at 8800 Strath Road, directly adjacent to the Property. Due to the Property's current condition, the Offerors would like to assume ownership of the Property to further maintain the growth and limit the unnecessary habitat that is currently living inside. There are no planned uses for the property other than an extension of their current yard space. Future uses may include a play area, garden or picnic area.

The offer price for the Property is \$6,500.00 (Six Thousand Five-Hundred Dollars and no cents). The Offeror's estimated cost projected for the clean-up of the Property is anticipated to be approximately \$10,000.00±. The Property is currently assessed by Henrico County for \$5,400.00 (Five Thousand Four-Hundred Dollars and no cents).

Dear Ms. Preston,

This letter is a formal unsolicited request for my husband and I to purchase surplus City-Owned real estate, adjacent to our resident at 8800 Strath Road. The property address 8790 Strath Road, which is directly adjacent to our home. It is a vacant lot with countless number of trees and overgrowth. Some of the fallen trees were cut down after several storms went through the area. However, a few logs were removed but many of them were left. i am sure it will be costly to remove the rest of those logs off of the property. It is also an interesting habitat for unwanted characters in nature. We try to keep the space closes to our side yard free of debris, bushes and overgrowth. My husband has also removed some of the logs that the contractors left that was close to our yard. We don't mind doing what we can to keep the space as clean as possible, especially in light of the snake population that often find our yard more appealing.

This is our contact information:

Address of property:8790 Strath Road

There are no planned use for the property at this time, other than to make it an extension of our yard space. Hopefully, if our request is accepted, we expect to do a little gardening on the property and possibly create a play area, and picnic area. We will definitely leave most of the trees on the property, hopefully we can clean the area up, making it much more appealing for the neighborhood. We have seen several venomous snakes that we believe have nestled their homes in that field. So it is extremely important for me to eliminate as much as possible overgrowth that creates a habitat for those kind of critters. The Black Snakes are plentiful in the summer time, which I can tolerate, but copperheads that find their way in my yard are frightful. I believe cleaning that space up will help assist in keeping down the population of reptiles. Truthfully, We believe that those logs on the property are habitat haven for snakes.

It is a high probability that the cost for improvement of that property will be approximately 10,000.00 thousand dollars or more to clean up the property.

The assessment value for that property is \$5,400. We want to offer \$6,500.00.

Please let me know if additional information will be helpful.

I will be forwarding a proof of funds letter from Wells Fargo Bank this week.
