Mr. Saunders,

As lifetime residents of the City of Richmond we are extremely impressed with the revitalization efforts taking place across our city. Residential single family and multi dwelling projects in every section of the city (Southside, East End, West End and Northside) are creating affordable housing and jobs that continue to drive our city forward.

The project currently being considered at 506 Cheatwood Ave. in the Washington Park area of the Northside will continue these efforts. The concept and design of the proposed single family home will add to the neighborhood and inspire future revitalization projects in the area.

As proud Richmond natives we appreciate the responsibility that has been entrusted to you and your team to evaluate these projects.. Please allow the applicants to move forward with the Cheatwood Ave project as planned.

Thank you,

Abe and Cathy Jennings
