A violation of this article by a minor shall be disposed of as provided in Code of Virginia, §§ 16.1-278.4 and 16.1-278.5. A person who violates any section of this article is guilty of a separate offense for each day or part of a day during which the violation is committed. Each offense, upon conviction, shall be punishable by a fine of not more than $500.00 and a mandatory sentence of 20 hours of community service.

ARTICLE IX. DRUG-FREE ZONES*

***State law reference**—Prohibiting sale of drugs in certain areas, Code of Virginia, § 18.2-255.2.

Sec. 19-407. Official findings.

(a) The City Council finds that there is an increasing use of public property within the City for the purpose of flagrant violations of the penal laws relating to controlled substances. The Council also finds that such use continues even after the interdiction by police authorities, with repeated offenses often being committed by the same offenders in the same locations.

(b) The Council finds that this situation seriously interferes with the health and welfare of the general public in the areas of quality of neighborhood life and environment, diminution of property values, safety of the public upon the streets and sidewalks, and increasing costs of law enforcement as a result of these illegal activities.

(c) The Council further finds it in the public interest to prevent conduct on public property which is dangerous to the general public and to empower the appropriate City officials to take corrective action to prevent the use of public areas as a marketplace for the illegal sale and use of controlled substances and to seek the cooperation of the courts in imposing restrictions on certain convicted drug users, possessors, or sellers which would limit their access to certain designated areas while under court-ordered restrictions.

(Code 1993, § 20-210; Code 2004, § 66-456; Code 2015, § 19-407)

Sec. 19-408. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Adjudicated juvenile means a juvenile found by a court to be either a delinquent, a child in need of services, or a child in need of supervision pursuant to Code of Virginia, Title 16.1, Ch. 11, Art. 9 (Code of Virginia, § 16.1-278 et seq.).

Bona fide resident means a person who has presented sufficient evidence to the court that the person owns, leases, or otherwise lawfully occupies as such person's primary residence a dwelling unit within a drug-free zone.

City courts, sentencing court and *courts* mean the City Circuit Court, City General District Court, and the City Juvenile and Domestic Relations District Court.

Controlled substance crime means any violation of Code of Virginia, Title 18.2, Ch. 7, Art. 1 (Code of Virginia, § 18.2-247 et seq.).

Convicted drug user, possessor, or seller means any person who has pleaded guilty to or been convicted in any court of competent jurisdiction of a violation of those offenses set forth in Code of Virginia, Title 18.2, Ch. 7, Art. 1 (Code of Virginia, § 18.2-247 et seq.).

Court-ordered restriction means a court-imposed condition that is placed on a convicted drug user, possessor, or seller and restricts the convicted drug user's, possessor's, or seller's activity in a drug-free zone for a specified period of time.

Drug-free zone means those public areas that have been designated and posted by the Chief of Police as locations that are the site of repeated and documented illicit drug activity.

Public area means any street, sidewalk, bridge, alley, alleyway, plaza, park, driveway, parking lot, public transportation facility, or a doorway or entranceway to any building which abuts any such area or inside a personal motor vehicle in or on any such place.

(Code 1993, § 20-211; Code 2004, § 66-457; Code 2015, § 19-408)

Cross reference—Definitions generally, § 1-2.

Sec. 19-409. Designation of zones.

(a) The Chief of Police may designate certain public areas within the City as a drug-free zone for a period not to exceed 12 consecutive months. Such designations shall be in writing and supported by data and any other relevant information that assist the Chief of Police in making the determination, including, but not limited to, the following factors:

(1) Those areas where the number of arrests for illegal drug activity for the 12-month period preceding the designation is significantly higher than other similarly sized areas of the City;

(2) Those areas where the number of homicides related to the possession or distribution of illegal drugs for the 12-month period preceding the designation is significantly higher than that for other similarly sized areas of the City;

(3) Those areas where there is objective evidence or verifiable information that shows that illegal drugs are being sold and distributed on a public space or public property within the area;

(4) Those areas where the Chief of Police can verify with other reliable information that the health or safety of the residents who live therein is endangered by the purchase, sale, or use of illegal drugs; or

(5) Those areas commonly referred to by law enforcement personnel as high drug areas or open-air drug markets.

(b) The Chief of Police shall notify the general public by publication, the City Council, the City courts and the police precinct commanders of the boundaries of all drug-free zones. In addition, the area which has been designated shall be conspicuously posted with signs identifying it as a drug-free zone.

(Code 1993, § 20-212; Code 2004, § 66-458; Code 2015, § 19-409)

Sec. 19-410. Restrictions.

(a) Upon the recommendation to a court by the Attorney for the Commonwealth or upon a court's own motion, a court within the City may utilize the boundaries of drug-free zones as the basis for imposing restrictions upon an adjudicated juvenile or a convicted drug user, possessor, or seller. Any person who is restricted from entry into any drug-free zone shall be given, as part of such person's sentence, a written description of the boundaries of the drug-free zones.

(b) A sentencing court may grant exceptions or vary the restrictions imposed on an adjudicated juvenile or a convicted drug user, possessor, or seller based upon relevant circumstances, including, but not limited to, the following factors:

(1) A person is a bona fide resident of a drug-free zone prior to exclusion by the court;

(2) A person is a bona fide owner, principal or employee of a place of employment located in one of the drug-free zones;

(3) A person must conduct business with a governmental office or a medical facility located in a drug-free zone; or

(4) A person desires to attend a house of worship located in a drug-free zone.

Any exceptions granted by a court shall be in writing and in the possession of the restricted person while such person is in a drug-free zone.

(Code 1993, § 20-213; Code 2004, § 66-459; Code 2015, § 19-410)

Sec. 19-411. Unlawful entry into zone.

It shall be unlawful for any person who has been ordered by a court to refrain from entry into a drug-free zone or whose activities within a drug-free zone have been otherwise restricted by a court to thereafter enter or be upon those public areas within the drug-free zone, unless the court has authorized an exception to such person as provided by Section 19-410. Any person violating this section shall be guilty of a Class 1 misdemeanor.

(Code 1993, § 20-214; Code 2004, § 66-460; Code 2015, § 19-411)

ARTICLE X. TARGETED ENFORCEMENT ZONES

Sec. 19-436. Official findings.

(a) The City Council finds that there is an increasing use of public property within the City for the purpose of flagrant violations of the penal laws relating to prostitution. The Council also finds that such use continues even after the interdiction by police authorities, with repeated offenses often being committed by the same offenders in the same locations.

(b) The Council finds that this situation seriously interferes with the health and welfare of the general public in the areas of quality of neighborhood life and environment, diminution of property values, safety of the public upon the streets and sidewalks, and increasing costs of law enforcement as a result of this illegal activity.

(c) The Council, therefore, finds it in the public interest to authorize and empower the appropriate City officials to take corrective action to prevent the use of public areas as a marketplace for prostitution and to seek the cooperation of the courts in imposing restrictions on persons convicted of prostitution which would limit their access to certain public property for the purpose of engaging in dangerous, offensive, and illegal activity.

(Code 1993, § 20-221; Code 2004, § 66-491; Code 2015, § 19-436)

Sec. 19-437. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Adjudicated juvenile means a juvenile found by a court to be either a delinquent, a child in need of services, or a child in need of supervision pursuant to Code of Virginia, Title 16.1, Ch. 11, Art. 9 (Code of Virginia, § 16.1-278 et seq.).

Bona fide resident means a person who has presented sufficient evidence to the court that the person owns, leases, or otherwise lawfully occupies as such person's primary residence a dwelling unit within a targeted enforcement zone.

City courts, sentencing court and *courts* mean the City Circuit Court, City General District Court, and the City Juvenile and Domestic Relations District Court.

Court-ordered restriction means a court-imposed condition that is placed on an adjudicated juvenile or a person who has pleaded to or been convicted of a prostitution offense, which restricts the juvenile's or person's activity in a targeted enforcement zone for a mandatory period.

Person convicted of prostitution means any person who has pleaded to or been convicted of a violation of Section 19-206 or Code of Virginia, § 18.2-346.

Public area means any street, sidewalk, bridge, alley, alleyway, plaza, park, driveway, parking lot, public transportation facility, or a doorway or entranceway to any building which abuts any such area or inside a personal motor vehicle in or on any such place.

Targeted enforcement zone means those public areas that have been designated and posted by the Chief of Police as locations that are the site of repeated and documented illicit prostitution activity.

(Code 1993, § 20-222; Code 2004, § 66-492; Code 2015, § 19-437; Ord. No. 2006-206-228, § 1, 9-11-2006)

Cross reference—Definitions generally, § 1-2.

Sec. 19-438. Designation of zone.

(a) The Chief of Police may designate certain public areas within the City as a targeted enforcement zone for a period not to exceed 12 consecutive months. Such designations shall be in writing and supported by data and any other relevant information that assist the Chief of Police in making the determination, including, but not limited to, the following factors:

(1) Those areas where the number of arrests for illegal activity for the 12-month period preceding the designation is significantly higher than other similarly sized areas of the City;

(2) Those areas where there is objective evidence or verifiable information that shows that solicitation for

prostitution is occurring on public areas within the area; or

(3) Those areas where the Chief of Police can verify with other reliable information that the health and welfare of residents who live therein is disrupted by criminal activity.

(b) The Chief of Police shall notify the City Council, the City courts and the police precinct commanders of the boundaries of all targeted enforcement zones. In addition, the area which has been designated shall be conspicuously posted with signs identifying it as a targeted enforcement zone.

(Code 1993, § 20-223; Code 2004, § 66-493; Code 2015, § 19-438; Ord. No. 2006-206-228, § 1, 9-11-2006)

Sec. 19-439. Restrictions.

(a) Upon the recommendation to a court by the attorney for the Commonwealth or upon a court's own motion, a court within the City may utilize the boundaries of targeted enforcement zones as the basis for imposing restrictions upon an adjudicated juvenile or a convicted person. Any person who is restricted from entry into any targeted enforcement zone shall be given, as part of such person's sentence, a written description of the boundaries of the targeted enforcement zones.

(b) A sentencing court may grant exceptions or vary the restrictions imposed on an adjudicated juvenile or a convicted person based upon relevant circumstances, including, but not limited to, the following factors:

(1) The person is a bona fide resident of the targeted enforcement zone prior to exclusion by the court;

(2) The person is a bona fide owner, principal or employee of a place of employment located in one of the designated targeted enforcement zones;

(3) The person must conduct business with a governmental office or medical facility in the targeted enforcement zone; or

(4) The person desires to attend a house of worship in the designated targeted enforcement zone.

(Code 1993, § 20-224; Code 2004, § 66-494; Code 2015, § 19-439; Ord. No. 2006-206-228, § 1, 9-11-2006)

Sec. 19-440. Unlawful entry on public property.

It shall be unlawful for a person convicted of a prostitution offense who is the subject of a court-ordered restriction to enter or be upon those public areas in a targeted enforcement zone, unless the court has authorized an exception as provided in Section 19-439.

(Code 1993, § 20-225; Code 2004, § 66-495; Code 2015, § 19-440; Ord. No. 2006-206-228, § 1, 9-11-2006)

Sec. 19-441. Violations.

Violations of this article shall be a Class 1 misdemeanor.

ARTICLE XI. PARI-MUTUEL WAGING SATELLITE FACILITIES*

***State law reference**—Horse racing and pari-mutuel wagering, Code of Virginia, § 59.1-364 et seq.

Sec. 19-466. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Horse racing means a competition on a set course involving a race between horses on which pari-mutuel wagering is permitted.

Pari-mutuel wagering means The system of wagering on horse races in which those who wager on horses that finish in the position or positions for which wagers are taken share in the total amounts wagered, plus any amounts provided by a licensee, less deductions required or permitted by law, and includes pari-mutuel wagering on historical horse racing and simulcast horse racing originating within the Commonwealth or from any other jurisdiction.

Satellite facility means all areas of the property, at which simulcast horse racing is received for the purposes of pari-mutuel wagering, and any additional areas designated by the State Racing Commission.

ARTICLE XII. NEIGHBORHOOD SAFETY DISTRICTS

Sec. 19-488. Purpose.

The purpose of this article is to authorize and provide for the establishment of neighborhood safety districts designed to combine increased citizen involvement with increased activity by the Department of Police and other City agencies to eliminate open-air drug markets and other drug-related criminal activity in the City.

(Code 2004, § 66-541; Code 2015, § 19-488; Ord. No. 2004-143-143, § 1(20-241), 5-24-2004)

Sec. 19-489. Designation.

Specific areas of the City that constitute open-air drug markets shall be designated as neighborhood safety districts according to the following procedure:

(1) *Application.* Any citizen who resides within a definable area that meets the criteria for designation listed below may submit an application to the Chief of Police requesting the designation of that area as a neighborhood safety district and the implementation of the programs for which this article provides in that area. The Chief of Police shall provide forms for such applications, and all applications shall be made on such forms.

(2) *Criteria for designation.* In order for the City to designate a neighborhood safety district, the Chief of Police must determine that the application submitted contains sufficient evidence of the following:

   a. The proposed neighborhood safety district has clearly defined geographic boundaries;

   b. The proposed neighborhood safety district is the site of repeated and documented criminal activity related to the distribution, possession or use of illegal drugs, as shown by any of the following:

      1. The number of arrests for illegal drug activity for the 12-month period preceding the submission of the application is significantly higher than other similarly sized areas of the City;

      2. The number of homicides related to the possession or distribution of illegal drugs for the 12-month period preceding the submission of the application is significantly higher than that for other similarly sized areas of the City;

      3. Objective evidence or verifiable information shows that illegal drugs are being sold and distributed within the proposed neighborhood safety district;

      4. Reliable information demonstrates that the health or safety of the residents who live in the proposed neighborhood safety district is endangered by the sale of illegal drugs and other criminal activity; or

      5. Law enforcement personnel commonly refer to the proposed neighborhood safety district as

a "high drug area" or an "open-air drug market";

c. A significant number of the residents living within the proposed neighborhood safety district have indicated a commitment to engage in citizen activity as described in Section 19-491; and

d. Such other criteria that qualifies an area for designation as a neighborhood safety district as the Chief of Police may determine and publicize.

(3) *Authority to make designation.* Within 15 calendar days of receipt of an application, the Chief of Police shall determine whether an application meets the criteria of subsection (2) of this section. If the Chief of Police determines that an application meets the criteria, he shall immediately report such determination to the Chief Administrative Officer. Within five days of the Chief Administrative Officer's receipt of the Chief's report, the Chief Administrative Officer shall designate the geographic area proposed in the application as a neighborhood safety district subject to the programs for which this article provides and shall assign a coordinator with authority to coordinate all plan development and other City activities required by this article for that neighborhood safety district. The Chief Administrative Officer shall make such designation and assignment in writing and shall distribute such designation and assignment to the citizen or citizens who submitted the application and to all agency heads.

(Code 2004, § 66-542; Code 2015, § 19-489; Ord. No. 2004-143-143, § 1(20-242), 5-24-2004; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 19-490. District plan.

(a) *Development.* Following the Chief Administrative Officer's designation, the coordinator shall assemble representatives from the Department of Police, the Department of Planning and Development Review, and other City agencies as deemed appropriate to develop a plan for the elimination of open-air drug market activity and other criminal activity in the neighborhood safety district in accordance with the provisions of this article. During all phases of the development of the plan, the coordinator and the representatives of City agencies assisting him shall consult with the citizen or citizens who sought the designation of the neighborhood safety district to develop parts of the plan requiring citizen activity. Within 30 days of the Chief Administrative Officer's designation, the coordinator shall submit to the Chief Administrative Officer for his approval the plan required under this section. Such plan shall be implemented immediately following the Chief Administrative Officer's approval.

(b) *Elements.* The plan shall contain, at a minimum, the following elements agreed upon by the citizen or citizens submitting the application, other residents of the neighborhood safety district who choose to participate, and the coordinator:

(1) Citizen activity in accordance with Section 19-491;

(2) Additional law enforcement activity in accordance with Section 19-492(a);

(3) Support activity from other City agencies in accordance with Section 19-492(b);

(4) A resource allocation plan in accordance with Section 19-492(c);

(5) A list of measurable program goals designed to lead to the elimination of open-air drug markets and other criminal activity in the neighborhood safety district in accordance with Section 19-493; and

(6) Such other elements as the coordinator or City agencies believe would advance the purposes of this article within the particular neighborhood safety district.

(Code 2004, § 66-543; Code 2015, § 19-490; Ord. No. 2004-143-143, § 1(20-243), 5-24-2004; Ord. No. 2004-360-330, § 1, 12-13-2004; Ord. No. 2009-220-2010-8, § 2, 1-25-2010)

Sec. 19-491. Citizen activity.

Each plan shall provide for specific actions to be undertaken by residents organized within the neighborhood safety district to further the purposes of this article. Such activities may be undertaken with City support, if appropriate, and may include, but need not be limited to, the following:

(1) Agreement by neighborhood groups, businesses, churches, schools, and other organizations that agree to clear debris, remove graffiti, paint walls, repair playground equipment, and plant trees and gardens at a specific street corner or park;

(2) Agreement by residents to spend a set portion of a Saturday or weekend working to improve the physical appearance of their yards, homes, and adjacent areas;

(3) Establishment of organized citizen patrols which will observe illicit activity and report observations to the police;

(4) Repeated marches and vigils at the locations of open-air drug markets during periods of peak illegal drug activity;

(5) Community events such as block barbecues staged at the locations of open-air drug markets;

(6) Attending and monitoring trials, hearings and other court proceedings resulting from arrests made in the neighborhood safety district, and reporting of the results of such proceedings to the City's coordinator; and

(7) Such other activities to further the purposes of this article as the participating residents and the coordinator may agree are appropriate.

(Code 2004, § 66-544; Code 2015, § 19-491; Ord. No. 2004-143-143, § 1(20-244), 5-24-2004)

Sec. 19-492. City activity.

(a) *Police activity.* Each plan shall provide for specific actions to be undertaken in the neighborhood safety district by the Department of Police to further the purposes of this article. Such activities may include, but need not be limited to, the following:

(1) Increased police presence in the neighborhood safety district to respond to organized citizen patrols when such groups are patrolling;

(2) Police escorts for marches and vigils held in open-air drug markets during periods of peak illegal drug activity;

(3) Establishment of a semi-permanent police command post within the neighborhood safety district;

(4) Monitoring and reporting the hearing times and disposition of arrests made within the neighborhood safety district to the residents thereof; and

(5) Such other activities to further the purposes of this article as the Chief of Police and the coordinator may agree are appropriate.

(b) *Activity of other City agencies.* Each plan shall provide for specific actions to be undertaken in the neighborhood safety district by the appropriate City agency to further the purposes of this article. Such activities may include, but need not be limited to, the following:

(1) Priority repair and replacement of lights that have been broken or have had their wiring cut;

(2) Installation of surveillance cameras or other monitoring devices within the neighborhood safety district;

(3) Increased enforcement of building, fire, health and other regulations within the neighborhood safety district; and

(4) Such other activities to further the purposes of this article as City agencies and the coordinator may agree are appropriate.

(c) *Resource allocation.* Each plan shall include an itemization of specific allocations of human and material resources that City agencies will devote to the implementation of the plan.

(Code 2004, § 66-545; Code 2015, § 19-492; Ord. No. 2004-143-143, § 1(20-245), 5-24-2004)

Sec. 19-493. Stabilization.

(a) *Program goals.* It is the goal of the City that active drug markets and drug-related crime be reduced by at least ten percent each quarter of a fiscal year in all neighborhood safety districts until the affected area is no longer designated as a neighborhood safety district. Each plan may set higher goals appropriate for a particular neighborhood safety district as agreed upon by the citizen or citizens submitting the application, other residents of the neighborhood safety district who choose to participate, and the coordinator.

(b) *Measurement of goal achievement.* Each plan shall state criteria for the measurement of the success of the program set forth in this article. Such criteria shall be measurable empirically in such a way that progress toward the goals for which subsection (a) of this section provides may be statistically demonstrated.

(c) *Reporting.* The Chief Administrative Officer shall make quarterly reports to the City Council on the status of the program set forth in this article. Such reports shall include a list of all the neighborhood safety district applications received and designations made, the goals for each district, and a chronological statistical measurement of the progress toward each goal.

(d) *Removal of district designation.* Three months after the Chief Administrative Officer has submitted a report to the City Council indicating that the program goals have been met and illegal drug activity has been eliminated within a particular neighborhood safety district, the Chief Administrative Officer may remove the designation of that neighborhood safety district as such. Following the removal of the neighborhood safety district designation, the provisions of this article concerning City activity and the plan for such neighborhood safety district shall no longer apply to such area.

(Code 2004, § 66-546; Code 2015, § 19-493; Ord. No. 2004-143-143, § 1(20-246), 5-24-2004; Ord. No. 2004-360-330, § 1, 12-13-2004)

State law reference—Authority of city to appoint harbormaster, Code of Virginia, § 62.1-163.

Sec. 20-24. Register of vessels.

The Harbormaster shall keep a register of the type, name, burthen and master's name of each vessel coming into the harbor and the port to which the vessel belongs and that from which the vessel last came. Such register shall be open for public inspection.

(Code 1993, § 21-6; Code 2004, § 70-36; Code 2015, § 20-24)

Sec. 20-25. Harbormaster's right of entry for purpose of inspecting vessels.

The Harbormaster is authorized to enter upon and inspect any vessel in the harbor to ascertain the kind and quantity of merchandise or cargo thereon, and no person shall deny the Harbormaster admission to such vessel for such purpose.

(Code 1993, § 21-7; Code 2004, § 70-37; Code 2015, § 20-25)

Sec. 20-26. Reports of masters, owners or agents of arrival and departure of vessels.

The master, owner or agent of a vessel arriving in the harbor of the City shall report to the Harbormaster immediately upon such arrival, and before leaving the harbor the master, owner or agent shall report its clearance to the Harbormaster.

(Code 1993, § 21-8; Code 2004, § 70-38; Code 2015, § 20-26)

Sec. 20-27. Obstruction prohibited; permission required for vessels to lie more than two abreast.

No vessel shall anchor in the channel of the harbor in such a manner as to prevent or obstruct the passage of other vessels or lie at any wharf in the harbor more than two abreast without first obtaining the consent of the Harbormaster.

(Code 1993, § 21-9; Code 2004, § 70-39; Code 2015, § 20-27)

Sec. 20-28. Order to rig in booms and davits.

When ordered to do so by the Harbormaster, the owner or other person in charge of a vessel shall have all booms and davits on the vessel rigged in.

(Code 1993, § 21-10; Code 2004, § 70-40; Code 2015, § 20-28)

Sec. 20-29. Order to slacken or cast off moorings or shift vessel.

The master or person in charge of any vessel with mooring lines extending across a dock so as to obstruct passing vessels, when ordered by the Harbormaster, shall cause the moorings to be slackened, cast off or the vessel to be shifted.

(Code 1993, § 21-11; Code 2004, § 70-41; Code 2015, § 20-29)

Sec. 20-30. Moving of vessels not taking on or discharging cargo.

Vessels lying alongside a wharf and not engaged in taking on or discharging cargo shall make way for and permit other vessels to come inside next to the wharf to load or unload cargo.

(Code 1993, § 21-12; Code 2004, § 70-42; Code 2015, § 20-30)

Sec. 20-31. Failure to move vessel upon order of Harbormaster.

If the master or person in charge of any vessel refuses to move the vessel when so ordered by the Harbormaster, the Harbormaster shall cause the vessel to be moved at the cost and risk of the master or owner of such vessel, and the charges therefor shall be recoverable by civil action against the master or owner thereof.

(Code 1993, § 21-13; Code 2004, § 70-43; Code 2015, § 20-31)

Sec. 20-32. Depositing dunnage, stone, ashes, rubbish, refuse or debris.

No person shall place or deposit dunnage, stone, ashes, dirt, rubbish, other refuse material or debris, whether

in a solid or liquid state, into the waters of the harbor or into any stream discharging into the harbor or upon the margin of the James River or any island therein near the margin thereof so that such may be carried into the harbor of the City. However, this section shall not apply to matter flowing from streets and sewers and passing therefrom in a liquid state.

(Code 1993, § 21-14; Code 2004, § 70-44; Code 2015, § 20-32)

Sec. 20-33. Removal of sunken vessels.

Any person who owns or who is in charge of any vessel that sinks or that has sunk and is laying in and obstructing the harbor shall commence the immediate removal of the vessel and prosecute such removal diligently until completed. Upon the failure, refusal or neglect of such person to comply with this section, the Department of Public Works shall remove or cause the removal of such obstruction from the harbor, and the cost and expense incurred on account thereof shall be collected from such person.

(Code 1993, § 21-15; Code 2004, § 70-45; Code 2015, § 20-33)

Sec. 20-34. Permission required to occupy private berths.

No person shall permit a vessel to occupy the private berth of any other vessel without permission from the owner of the berth.

(Code 1993, § 21-16; Code 2004, § 70-46; Code 2015, § 20-34)

Sec. 20-35. Interfering with Harbormaster or refusing to obey orders.

It shall be unlawful for the master, owner or other person in charge of any vessel to refuse or neglect to comply with the orders of the Harbormaster or to interfere with the Harbormaster in the discharge of any duty.

(Code 1993, § 21-17; Code 2004, § 70-47; Code 2015, § 20-35)

Sec. 20-36. Maintenance of wharves and other structures.

The owner, occupant and lessee of any wharf or other structure in the harbor shall keep the wharf or structure in good repair. Whenever, in the judgment of the Harbormaster, any wharf is in a dangerous condition, the Harbormaster shall notify the owner, occupant or lessee thereof in writing. Within five days thereafter, the owner, occupant or lessee thereof shall place such wharf or structure in a safe condition. However, this section shall not apply to the Port of Richmond while leased to the Virginia Port Authority.

(Code 1993, § 21-18; Code 2004, § 70-48; Code 2015, § 20-36; Ord. No. 2011-131-131, § 4, 6-27-2011)

Sec. 20-37. Fire alarm signal from vessels.

If a fire occurs on board any vessel in the harbor, such vessel shall sound five prolonged blasts on the whistle or siren as an alarm indicating such fire. Such signal shall be repeated at intervals to attract attention and shall not be used for any other purpose while the vessel is in the harbor. Such signal shall not be used as a substitute for but shall be used in addition to other means of reporting a fire. The term "prolonged blast," as used in this section, shall mean a blast of from four to six seconds' duration.

(Code 1993, § 21-19; Code 2004, § 70-49; Code 2015, § 20-37)

Sec. 20-38. Speed.

(a) Any vessel coming into, passing through or departing from the harbor shall retard its speed to one-half its usual rate, and in no case shall a vessel of over 20 tons capacity proceed at a greater speed than six statute miles per hour.

(b) The maximum speed so fixed in subsection (a) of this section shall not be construed as absolving any master or other person in charge of such vessel from using all reasonable care in so regulating its speed that no damage will result to any vessel under way, anchored or berthed in the harbor.

(Code 1993, § 21-20; Code 2004, § 70-50; Code 2015, § 20-38)

Sec. 20-39. Vessels laden with explosives and other hazardous cargo.

Vessels laden with explosives or other hazardous cargo shall not berth at any pier, dock, wharf or other harbor

structure without first obtaining a written permit from the Harbormaster. Vessels so laden shall, while in the harbor, display a red flag and shall comply with all laws and ordinances concerning such explosives or other hazardous cargo.

(Code 1993, § 21-21; Code 2004, § 70-51; Code 2015, § 20-39)

Sec. 20-40. Fees for use of intermediate terminal dock below lock gates.

(a) Any person desiring to use the intermediate terminal dock below the lock gates shall pay the rates as Follows:

Intermediate terminal dock rates, per day:		
(1)	Commercial boat storage	$10.00
(2)	Commercial boat in operation	$5.00
(3)	Pleasure boat storage	$10.00
(4)	Locking, per lockage	$5.00

(b) Such fees shall be payable at the time the service is rendered, unless credit arrangements satisfactory to the Director of Public Works or a duly authorized representative are made. When credit is extended, payment of the fees shall be made within 15 days after a statement thereof is delivered or mailed to the person for whom the service was rendered.

(Code 1993, § 21-22; Code 2004, § 70-52; Code 2015, § 20-40; Ord. No. 2013-36-40, §§ 1, 2, 3-25-2013)

Sec. 20-41. Responsibility for vessels passing through locks.

The owner, master or other person in charge of a vessel desiring to enter or leave the City dock shall be responsible for taking it through the lock gates. No City employee shall move any vessel through the locks, except vessels owned by the City.

(Code 1993, § 21-23; Code 2004, § 70-53; Code 2015, § 20-41)

Sec. 20-42. Responsibility of owners of vessels when using City dock.

All vessels using the City dock shall do so at the sole risk of the owner of the vessel. The City shall not be responsible for any damage to such vessel while using the City dock from whatever cause, including fire, theft, ice or freshets.

(Code 1993, § 21-24; Code 2004, § 70-54; Code 2015, § 20-42)

Sec. 20-43. Permission required prior to dredging in harbor.

No dredging shall be done in any of the waters of the harbor of the City without first obtaining written permission from the Director of Public Works, who shall have power to designate the place at which the dredged materials shall be dumped. However, this section shall not apply to the Port of Richmond while leased to the Virginia Port Authority.

(Code 1993, § 21-25; Code 2004, § 70-55; Code 2015, § 20-43; Ord. No. 2011-131-131, § 4, 6-27-2011)

Chapter 21

PUBLIC PROCUREMENT*

***Cross reference**—Administration, Ch. 2; Department of Procurement Services, § 2-593 et seq.; finance, Ch. 12.

State law reference—Virginia Public Procurement Act, Code of Virginia, § 2.2-4300 et seq.

ARTICLE I. IN GENERAL

Sec. 21-1. Purpose.

The purpose of this chapter is to:

(1) Increase public confidence in purchasing by this City;

(2) Encourage competition in public purchasing among vendors or contractors;

(3) Administer fairly and equitably purchasing policies among bidders; and

(4) Obtain high quality goods and services at the lowest possible price within the specified time.

(Code 1993, § 22.1-1; Code 2004, § 74-1; Code 2015, § 21-1)

Sec. 21-2. Applicability.

(a) This chapter applies to contracts for the procurement of goods, services, insurance and construction entered into by the City involving every expenditure for public purchasing from nongovernmental sources.

(b) When the procurement involves the expenditure of Federal assistance or contract funds, the procurement shall be conducted in accordance with any applicable mandatory Federal laws and regulations that are not reflected in this chapter. Nothing in this chapter shall prevent any public agency from complying with the terms and conditions of any grant, gift or bequest which are otherwise consistent with law.

(Code 1993, § 22.1-2; Code 2004, § 74-2; Code 2015, § 21-2)

Sec. 21-3. Exemptions.

(a) The requirements of this chapter shall not apply to the following:

(1) Purchases by the Department of Social Services for the acquisition of motor vehicles for sale or transfer to Temporary Assistance to Needy Families (TANF) recipients.

(2) Procurement transactions involving the expenditure of Federal assistance or contract funds, the receipt of which is conditioned upon compliance with mandatory requirements in Federal laws or regulations not in conformance with this chapter, where the Director has determined in writing, which states the specific section of this chapter in conflict with the conditions of the grant or contract, that acceptance of the grant or contract funds under the applicable conditions is in the public interest and where the City complies with such Federal requirements.

(3) The purchase of goods or services that are produced or performed by:

a. Persons, or in schools or workshops, under the supervision of the State Department for the Blind and Vision Impaired; or

b. Employment services organizations that offer transitional or supported employment services serving individuals with disabilities.

(4) The purchase of legal services or expert witnesses or other services associated with litigation or regulatory proceedings, including the printing of legal briefs.

(5) The purchase of insurance or electric utility services if purchased through an association of which the City is a member if the association was formed and is maintained for the purpose of promoting the interest and welfare of and developing close relationships with public bodies similar to the City, provided such association has procured the insurance or electric utility services by use of competitive principles and

provided that the Director has made a determination in advance after reasonable notice to the public and set forth in writing that competitive sealed bidding and competitive negotiation are not fiscally advantageous to the public and the basis for this determination.

(6) Any purchase for the administration of public assistance and social services programs as defined in Code of Virginia, § 63.2-100; any purchase for a community services board as defined in Code of Virginia, § 37.2-100; and any purchase of services under the:

a. Children's Services Act, Code of Virginia, § 2.2-5200 et seq.; or

b. Virginia Juvenile Community Crime Control Act, Code of Virginia, § 16.1-309.2 et seq.;

for goods or personal services for direct use by the recipients of such programs if the procurement is made for an individual recipient; however, contracts for the bulk procurement of goods or services for the use of recipients shall not be exempted from the requirements of this chapter.

(7) Contracts for or purchases of equipment, services, the printing of ballots or statements of results, or other materials essential to the conduct of a general, primary or special election.

(8) Purchases from Virginia Correctional Enterprises, from the State Department of General Services Division of Purchases and Supply and from the State Department of Transportation.

(9) Purchases for special police work when the Chief of Police certifies to the Director that items are needed for undercover police operations.

(10) Scientific instruments and equipment, medicines and drugs, legal and scientific books and periodicals, and professional books and periodicals.

(11) Manuscripts, maps, charts, sheet music, phonograph records, compact video or audio discs, video or audio cassette tapes, books, pamphlets and periodicals.

(12) Such perishable articles as may be designated in the rules and regulations established by ordinance.

(13) Association dues and membership in professional associations for City agencies and employees.

(14) Expenses for City-sponsored:

a. Conference-related room deposits;

b. Hotel and motel lodging;

c. Conference registration;

d. Banquets; and

e. Catering.

(15) Advertising in publications.

(16) Sculptures, paintings or other works of art.

(17) Purchases on existing contracts established by professional organizations that the City may use by virtue of its membership in such organizations.

(18) Purchases on existing contracts established by other public bodies.

(19) Services purchased by the Richmond Retirement System related to the management, purchase, or sale of investments authorized by this section, including, but not limited to, actuarial services, when governed by the standard of care set forth in Code of Virginia, § 51.1-803.

(b) Notwithstanding subsection (a) of this section, the requirements of Section 21-9 concerning prompt payment of bills and Article VIII of this chapter concerning ethics in public contracting shall apply to any procurement transaction listed in this section.

(c) The Director of Procurement Services may delegate to the Director of Public Utilities the authority to purchase natural gas and to arrange for the transportation of natural gas without requiring that sealed bids be received pursuant to invitations extended as set out in Section 21-47.

(Code 1993, § 22.1-67; Code 2004, § 74-3; Code 2015, § 21-3)

State law reference—Similar provisions, Code of Virginia, §§ 2.2-4343—2.2-4346.

Sec. 21-4. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Best value, as predetermined in the solicitation, means the overall combination of quality, price, and various elements of required services that in total are optimal relative to the City's needs.

Business means any corporation, partnership, individual, sole proprietorship, joint stock company, joint venture or any other private legal entity.

Competitive negotiation means a method of contractor selection set forth in Section 21-67 or Section 21-68.

Competitive sealed bidding means a method of contractor selection set forth in Sections 21-47, 21-52, 21-54, and 21-55.

Construction means building, altering, repairing, improving or demolishing any structure, building, road, street or highway, and any draining, dredging, excavation, grading or similar work upon real property.

Construction management contract means a contract in which a party is retained by the City to coordinate and administer contracts for construction services for the benefit of the City, and may also include, if provided in the contract, the furnishing of construction services to the City.

Contract means all types of City agreements, regardless of what they may be called, for the procurement of goods, services, insurance or construction.

Contract modification/supplement means any written alteration in specifications, delivery point, rate of delivery, period of performance, price, quantity or other provision of any contract accomplished by mutual action of the parties to the contract.

Contractor means any person, company, corporation, or partnership having a contract with the City or a using agency thereof.

Cost analysis means the evaluation of cost data for the purpose of arriving at costs actually incurred or estimates of costs to be incurred, prices to be paid, and costs to be reimbursed.

Cost data means factual information concerning the cost of labor, material, overhead, and other cost elements, which are expected to be incurred or which have been actually incurred by the contractor in performing the contract.

Cost reimbursement contract means a contract under which a contractor is reimbursed for costs which are allowable and allocable in accordance with the contract terms and this chapter and a fee or profit, if any.

Design-build contract means a contract between the City and another party in which the party contracting with the City agrees to both design and build the structure, or other item specified in the contract.

Direct or indirect participation means involvement through decision, approval, disapproval, preparation of any part of a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing, or any other advisory capacity.

Director means the Director of Procurement Services of the City.

Disadvantaged business means a business meeting the definitions set forth in the Code of Federal Regulations pertaining to the applicable Federal grant program.

Emerging small business means a business that:

(1) Has been certified by the Office of Minority Business Development for a period of up to seven years;

(2) Has annual gross receipts of $500,000.00 or less for each of its three fiscal years preceding application for such certification if engaged primarily in the construction business, or of $250,000.00 or less if engaged primarily in a nonconstruction business;

(3) Has fewer than ten full-time, permanent employees;

(4) Is not a subsidiary of another business and does not belong to a group of businesses owned and controlled by the same individuals;

(5) Has its principal place of business entirely within the boundaries of a City enterprise zone;

(6) Possesses a City business license; and

(7) Pays personal property, real estate, and business taxes, as applicable, to the City.

Employment services organization means an organization that provides employment services to individuals with disabilities that is an approved Commission on the Accreditation of Rehabilitation Facilities (CARF) accredited vendor of the Virginia Department for Aging and Rehabilitative Services.

Good faith minority business enterprise and emerging small business participation efforts means the sum total of efforts by a particular business to provide for the equitable participation of minority business enterprises or emerging small business subcontractors. For past efforts, this sum total shall be comprised of the record of participation by minority business enterprises and emerging small businesses through subcontracting or joint ventures. For future efforts, it shall be comprised of such efforts which are proposed to allow equitable participation of minority business enterprises or emerging small business subcontractors.

Goods means all material, equipment, supplies, printing and automated data processing hardware and software.

Informality means a minor defect or variation of a bid or proposal from the exact requirements of the invitation for bids or the request for proposals which does not affect the quality, quantity or delivery schedule for the goods, services or construction being procured.

Insurance means a contract whereby, for a stipulated consideration, one party undertakes to compensate the other for loss on a specified subject by specified perils.

Intent to award means an intent by the City to accept a bid or proposal.

Invitation for bids means all documents, whether attached or incorporated by reference, utilized for soliciting sealed bids.

Job order contracting means a method of procuring construction by establishing a book of unit prices and then obtaining a contractor to perform work as needed using the prices, quantities, and specifications in the book as the basis of its pricing, in which the contractor is selected through either competitive sealed bidding or competitive negotiation depending on the needs of the City, a minimum amount of work may be specified in the contract, and the contract term and the project amount do not exceed the limitations specified in Section 21-73.

Minority business enterprise means a business, at least 51 percent of which is owned and controlled or 51 percent minority-owned and operated by minority group members or, for a stock corporation, at least 51 percent of the stock which is owned and controlled by minority group members.

Minority group members means citizens of the United States who are Blacks, Hispanics, Asians, Indians, Eskimos or Aleuts.

Nominal value means a value so small, slight, or the like, in comparison to what might properly be expected, as scarcely to be entitled to the same, but in no case to be more than $30.00.

Nonprofessional services means any services not specifically identified as professional services in the definition of professional services.

Professional services means work performed by an independent contractor within the scope of the practice of accounting, actuarial services, architecture, land surveying, landscape architecture, law, dentistry, medicine, optometry, pharmacy or professional engineering.

Public body means any legislative, executive or judicial body, agency, office, department, authority, post, commission, committee, institution, board or political subdivision created by law to exercise some sovereign power or to perform some governmental duty, and empowered by law to undertake the activities described in this chapter.

Public contract means an agreement between a public body and a nongovernmental source that is enforceable in a court of law.

Qualified products list means an approved list of goods, services or construction items described by model or catalog number that, prior to competitive solicitation, the City has determined will meet the applicable specification requirements.

Recycled paper means any paper having a total weight consisting of not less than 50 percent recovered materials, as that term is defined for purposes of purchasing paper and paper products in 40 CFR 247.3 (2001), as amended.

Request for proposals means all documents, whether attached or incorporated by reference, utilized for soliciting proposals.

Request for qualifications means all documents, whether attached or incorporated by reference, utilized for soliciting qualification statements.

Responsible bidder and *responsible offeror* mean a person who has the capability, in all respects, to perform fully the contract requirements and the moral and business integrity and reliability which will ensure good faith performance, and who has been prequalified, if required.

Responsive bidder means a person who has submitted a bid which conforms in all material respects to the invitation for bids.

Services means any work performed by an independent contractor which does not consist primarily of acquisition of equipment or materials, or the rental of equipment, materials and supplies.

Specification means any written description of the physical or functional characteristics or of the nature of a good, service or construction item. The term "specification" may include a description of any requirement for inspecting, testing, or preparing a good, service or construction item for delivery.

Using agency means any department, agency, bureau, board, commission, court, City jail or jail forum or other unit in the City government requiring goods, services, insurance or construction as provided for in this chapter.

(Code 1993, § 22.1-3; Code 2004, § 74-4; Code 2015, § 21-4; Ord. No. 2006-134-105, § 1, 5-8-2006; Ord. No. 2016-197, § 1, 9-12-2016; Ord. No. 2017-099, § 1, 6-12-2017)

Cross reference—Definitions generally, § 1-2.

State law reference—Definitions, Code of Virginia, § 2.2-4301.

Sec. 21-5. Public inspection of certain records.

(a) Except as provided in this section, all proceedings, records, contracts and other public records relating to procurement transactions shall be open to the inspection of any citizen or any interested person, firm or corporation, in accordance with the Virginia Freedom of Information Act, Code of Virginia, § 2.2-3700 et seq.

(b) Cost estimates relating to a proposed procurement transaction prepared by or for a public body shall not be open to public inspection.

(c) Any competitive sealed bidding bidder, upon request, shall be afforded the opportunity to inspect bid records within a reasonable time after the opening of all bids but prior to award, except in the event that the public body decides not to accept any of the bids and to reopen the contract. Otherwise, bid records shall be open to public inspection only after award of the contract.

(d) Any competitive negotiation offeror, upon request, shall be afforded the opportunity to inspect proposal records within a reasonable time after the evaluation and negotiations of proposals are completed but prior to award, except in the event that the public body decides not to accept any of the proposals and to reopen the contract. Otherwise, proposal records shall be open to public inspection only after award of the contract.

(e) Any inspection of procurement transaction records under this section shall be subject to reasonable restrictions to ensure the security and integrity of the records.

(f) Trade secrets or proprietary information submitted by a bidder, offeror or contractor in connection with a procurement transaction or prequalification application submitted pursuant to Section 21-46 shall not be subject to the Virginia Freedom of Information Act, Code of Virginia, § 2.2-3700 et seq.; however, the bidder, offeror or contactor shall:

(1) Invoke the protections of this section prior to or upon submission of the data or other materials;

(2) Identify the data or other materials to be protected; and

(3) State the reasons why protection is necessary.

A bidder, offeror or contractor shall not designate as trade secrets or proprietary information (i) an entire bid, proposal, or prequalification application; (ii) any portion of a bid, proposal, or prequalification application that does not contain trade secrets or proprietary information; or (iii) line item prices or total bid, proposal, or prequalification application prices.

(Code 1993, § 22.1-38; Code 2004, § 74-5; Code 2015, § 21-5; Ord. No. 2018-152, § 1, 5-21-2018)

State law reference—Similar provisions, Code of Virginia, § 2.2-4342.

Sec. 21-6. Financing arrangements.

As a requisite for entering into any contract for the procurement of goods, services, insurance, construction or other purchase to be made pursuant to this chapter, the approval of the Director of Finance shall be obtained prior to agreeing to the terms of any contract that will involve lease-purchase, installment payments, payment of interest on deferred balances or any other means of financing a deferred balance of the cost of purchase of such goods or services.

(Code 1993, § 22.1-2.1; Code 2004, § 74-6; Code 2015, § 21-6)

Charter reference—Certification of funds, § 6.20.

Sec. 21-7. Unauthorized purchases.

Except as provided in this chapter, no official, elected or appointed, or any employee shall purchase or contract for any goods, services, insurance or construction within the purview of this chapter other than by and through the Director. Any purchase order or contract made contrary to this chapter or any purchase order or contract made when sufficient funds are not available is not approved, and the City shall not be bound thereby.

(Code 1993, § 22.1-17; Code 2004, § 74-7; Code 2015, § 21-7)

Sec. 21-8. Purchasing of recycled materials.

In determining the award of any contract for paper or paper products to be purchased for use by City agencies, the Department of Procurement Services shall award to the lowest responsible and responsive bidder offering recycled paper of a quality suitable for the purpose intended, so long as the bid price is not more than ten percent greater than the bid price of the lowest responsive and responsible bidder offering a product that does not qualify under the definition of the term "recycled paper" found in Section 21-4.

(Code 1993, § 22.1-4; Code 2004, § 74-8; Code 2015, § 21-8)

State law reference—Similar provisions, Code of Virginia, § 2.2-4326.

Sec. 21-9. Prompt payment of bills.

(a) Every City agency that acquires goods or services or conducts any other type of contractual business with a nongovernmental, privately owned enterprise shall promptly pay for the completed delivered goods or services by the required payment date. The required payment date shall be either:

(1) The date on which payment is due under the terms of the contract for the provision of the goods or services; or

(2) If a date is not established by contract, not more than 45 days after goods or services are received or not more than 45 days after the invoice is rendered, whichever is later.

(b) Separate payment dates may be specified for contracts under which goods or services are provided in a series of partial executions or deliveries to the extent that the contract provides for separate payment for partial execution or delivery.

(c) Within 20 days after the receipt of the invoice or goods or services, the agency shall notify the supplier of any defect or impropriety that would prevent payment by the payment date.

(d) Unless otherwise provided under the terms of the contract for the provision of goods or services, every agency that fails to pay by the payment date shall pay any finance charges assessed by the supplier that shall not exceed one percent per month.

(e) This section shall not apply to the late payment provisions in any public utility tariffs or public utility negotiated contracts.

(Code 1993, § 22.1-71; Code 2004, § 74-9; Code 2015, § 21-9)

Secs. 21-10—21-36. Reserved.

ARTICLE II. CONTRACT FORMATION AND METHODS OF SOURCE SELECTION

Sec. 21-37. Small purchases.

Any contract not exceeding the amount specified in Code of Virginia, § 2.2-4303(G) as the ceiling for the use of small purchase procedures may be made in accordance with small purchase procedures established by the Director; provided, however, that contract requirements shall not be artificially divided so as to constitute a small purchase under this section. Insofar as it is practical, no less than three businesses shall be solicited to submit quotations, at least one of which shall be a local minority business enterprise or emerging small business. The efforts to solicit a local minority business enterprise or emerging small business shall be recorded and maintained as a public record. Award shall be made to the business offering the lowest acceptable quotation. The names of the businesses submitting a quotation and the dates and amounts of each quotation shall be recorded and maintained as a public record.

(Code 1993, § 22.1-66; Code 2004, § 74-41; Code 2015, § 21-37)

Sec. 21-38. Only practical source procurement.

Should the Director determine in writing, after conducting a good faith review of available sources, that there is only one source practicably available for that which is to be procured, the Director may award a contract to that source without competitive sealed bidding or competitive negotiation and may conduct negotiations, as appropriate, as to price, delivery and terms. However, the Director shall not make such a determination until the Director has contacted the Office of Minority Business Development and learned whether minority business enterprises or emerging small businesses exist that would be qualified, willing and able to provide that which is to be procured. The writing shall document the basis for this determination. The Director shall maintain a record of only practical source procurements that lists the following for each procurement:

(1) A description of that which is being procured;

(2) The contractor selected;

(3) The date on which the contract was or will be awarded;

(4) The amount and type of the contract; and

(5) The identification number of the contract file.

(Code 1993, § 22.1-64; Code 2004, § 74-42; Code 2015, § 21-38; Ord. No. 2006-134-105, § 1, 5-8-2006)

State law reference—Similar provisions, Code of Virginia, § 2.2-4303(E).

Sec. 21-39. Emergency purchases.

(a) In an emergency, the Director may authorize or order the expenditure of funds for emergency purchases of supplies, materials, equipment and contractual services for the using agencies without competitive sealed bidding or competitive negotiation; however, such procurement shall be made with such competition as is practicable under the circumstances. A written determination of the basis for the emergency shall be included in the contract file.

(b) An emergency shall be deemed to exist when the Director determines that:

(1) A breakdown or failure of machinery or other equipment has occurred;

(2) A curtailment, diminution or termination of an essential service is threatened; or

(3) A dangerous condition has developed and that a procurement without recourse to competitive sealed bidding or competitive negotiation is:

a. Needed to prevent loss of life or property;

b. Essential to protect and preserve the interests of the City and its inhabitants;

c. Needed to maintain the proper functioning of the City government; or

d. Needed to maintain the efficient rendering of public services.

(c) Whenever, because of scarcity, the Department of Public Utilities is curtailed in excess of 15 percent of the quantity of natural gas which it is otherwise entitled to receive from its supplier pursuant to the terms of a contract approved by the City Council, the Director of Public Utilities is authorized, during the period of curtailment, to make purchases permitted by regulations of the Federal Energy Regulatory Commission or other governmental authorities having jurisdiction of such additional and emergency supplies of natural gas as may be available, without recourse to competitive bidding. The Director of Public Utilities shall advise the Chief Administrative Officer and the Director of Procurement Services of the fact of such purchase.

(Code 1993, § 22.1-65; Code 2004, § 74-43; Code 2015, § 21-39; Ord. No. 2004-360-330, § 1, 12-13-2004)

State law reference—Similar provisions, Code of Virginia, § 2.2-4303(F).

Sec. 21-40. Cooperative procurement.

(a) *Cooperative procurement agreements.* The City may participate in, sponsor, conduct or administer a cooperative procurement agreement on behalf of or in conjunction with one or more other public bodies, or public agencies or institutions or localities of the several states, of the United States or its territories, the District of Columbia or the United States General Services Administration, for the purpose of combining requirements to increase efficiency or reduce administrative expenses in any acquisition of goods and services.

(b) *Purchases off of other public bodies' contracts.*

(1) *By City.* The City may purchase from the contract of another public body or of any authority, department, agency or institution of the Commonwealth even if it did not participate in the request for proposals or invitation for bids, if the request for proposals or invitation for bids specified that the procurement was being conducted on behalf of other public bodies.

(2) *By other public bodies.* A public body may purchase from the City's contract even if it did not participate in the request for proposals or invitation for bids, if the request for proposals or invitation for bids specified that the procurement was being conducted on behalf of other public bodies.

(3) *Exceptions.* The City may not purchase architectural or engineering services from the contract of any other public body or any authority, department, agency or institution of the Commonwealth. No other public body may purchase from the City's contracts for architectural or engineering services.

(c) *Policies and procedures to be followed.* If the City is the party conducting the procurement, the procurement shall comply with the policies and procedures set forth within this chapter and the rules and regulations promulgated to implement this chapter. If the City is not the party conducting the procurement, then the procurement shall comply with the policies and procedures of the public body conducting the procurement. Prior to any City purchase under a contract entered by another public body, the Director shall find that the process pursuant to which the contract was entered generally complied with the policies and procedures established by this chapter and the rules and regulations promulgated to implement this chapter.

(d) *Purchases off of Federal contracts.* As authorized by the United States Congress and consistent with applicable Federal regulations, and provided the terms of the contract permit such purchases, the City may purchase goods and nonprofessional services from a United States General Services Administration contract or a contract awarded by any other agency of the United States government, upon approval of the Director.

(e) *Utility marking services.* The City, which is also a utility operator, may purchase services through or participate in contracts awarded by one or more utility operators which are not public bodies for utility marking services, as required by the Underground Utility Damage Prevention Act, Code of Virginia, § 56-265.14 et seq. A purchase of services under this subsection may deviate from the procurement procedures set forth in this chapter,

upon a determination made in advance by the Director and set forth in writing that competitive sealed bidding is either not practicable or not fiscally advantageous to the public and the contract is awarded based on competitive principles.

(Code 1993, § 22.1-26; Code 2004, § 74-44; Code 2015, § 21-40; Ord. No. 2010-234-220, § 1, 12-13-2010)

State law reference—Similar provisions, Code of Virginia, § 2.2-4304.

Sec. 21-41. Conditions for use of competitive sealed bidding.

All public contracts with nongovernmental contractors for the purchase or lease of goods or for the purchase of services, insurance or construction shall be awarded after competitive sealed bidding or competitive negotiation as provided in this chapter, unless otherwise authorized by law.

(Code 1993, § 22.1-36; Code 2004, § 74-45; Code 2015, § 21-41)

State law reference—Similar provisions, Code of Virginia, § 2.2-4303(A).

Sec. 21-42. Competitive sealed bidding or competitive negotiations of State-aid projects.

No contract for the construction of any building or for an addition to or improvement of an existing building for which state funds of not more than $50,000.00 in the aggregate or for the sum of all phases of a contract or project, either by appropriation, grant-in-aid or loan, are used or are to be used for all or part of the cost of construction shall be let except after competitive sealed bidding or after competitive negotiation as provided under Section 21-67(a)(3) or Section 21-44. The procedure for the advertising for bids or for proposals and for letting of the contract shall conform, mutatis mutandis, to this chapter.

(Code 1993, § 22.1-37; Code 2004, § 74-46; Code 2015, § 21-42; Ord. No. 2016-197, § 1, 9-12-2016; Ord. No. 2017-099, § 1, 6-12-2017)

State law reference—Similar provisions, Code of Virginia, § 2.2-4305.

Sec. 21-43. Permitted contracts with certain religious organizations; purpose; limitations.

(a) The General Assembly has indicated its intent, in accordance with the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, PL 104-193, to authorize the City to enter into contracts with faith-based organizations for the purposes described in this section on the same basis as any other nongovernmental source without impairing the religious character of such organization and without diminishing the religious freedom of the beneficiaries of assistance provided under this section.

(b) For the purposes of this section, the term "faith-based organization" means a religious organization that is or applies to be a contractor to provide goods or services for programs funded by the block grant provided pursuant to the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, PL 104-193.

(c) The City, in procuring goods or services or in making disbursements pursuant to this section, shall not:

(1) Discriminate against a faith-based organization on the basis of the organization's religious character; or

(2) Impose conditions that:

a. Restrict the religious character of the faith-based organization, except as provided in subsection (f) of this section; or

b. Impair, diminish, or discourage the exercise of religious freedom by the recipients of such goods, services, or disbursements.

(d) The City shall ensure that all invitations for bids, requests for proposals, contracts, and purchase orders prominently display a nondiscrimination statement indicating that the City does not discriminate against faith-based organizations.

(e) A faith-based organization contracting with the City:

(1) Shall not discriminate against any recipient of goods, services, or disbursements made pursuant to a contract authorized by this section on the basis of the recipient's religion, religious belief, refusal to participate in a religious practice or on the basis of race, age, color, gender or national origin; and

(2) Shall be subject to the same rules as other organizations that contract with the City to account for the use

of the funds; provided, however, if the faith-based organization segregates public funds into separate accounts, only the accounts and programs funded with public funds shall be subject to audit by the City.

Nothing in subsection (e)(2) of this section shall be construed to supersede or otherwise override any other applicable State law.

(f) Consistent with the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, PL 104-193, funds provided for expenditure pursuant to contracts with the City shall not be spent for sectarian worship, instruction, or proselytizing; however, this prohibition shall not apply to expenditures pursuant to contracts, if any, for the services of chaplains.

(g) Nothing in this section shall be construed as barring or prohibiting a faith-based organization from any opportunity to make a bid or proposal or contract on the grounds that the faith-based organization has exercised the right, as expressed in 42 USC 2000e-1 et seq., to employ persons of a particular religion.

(h) If an individual, who applies for or receives goods, services, or disbursements provided pursuant to a contract between the City and a faith-based organization, objects to the religious character of the faith-based organization from which the individual receives or would receive the goods, services, or disbursements, the City shall offer the individual, within a reasonable period of time after the date of the individual's objection, access to equivalent goods, services, or disbursements from an alternative provider. The City shall provide to each individual who applies for or receives goods, services, or disbursements provided pursuant to a contract between the City and a faith-based organization a notice in boldface type that states:

"Neither the City's selection of a charitable or faith-based provider of services nor the expenditure of funds under this contract is an endorsement of the provider's charitable or religious character, practices, or expression. No provider of services may discriminate against you on the basis of religion, a religious belief, or your refusal to actively participate in a religious practice. If you object to a particular provider because of its religious character, you may request assignment to a different provider. If you believe that your rights have been violated, please discuss the complaint with your provider or notify the appropriate person as indicated in this form."

(Code 1993, § 22.1-72; Code 2004, § 74-47; Code 2015, § 21-43)

State law reference—Similar provisions, Code of Virginia, § 2.2-4343.1.

Sec. 21-44. Design-build and construction management contracts.

The City may enter into a contract for construction on a fixed-price or not-to-exceed price construction management or design-build basis, provided that (i) the City Council, by resolution, has adopted procedures for utilizing construction management or design-build contracts that meet the requirements of Code of Virginia, Title 2.2, Ch. 43.1, Art. 4 (Code of Virginia, § 2.2-4382 et seq.) and (ii) the City complies with the requirements of Code of Virginia, Title 2.2, Ch. 43.1, Art. 4 (Code of Virginia, § 2.2-4382 et seq.) and such procedures adopted by the City Council.

(Code 2004, § 74-48; Code 2015, § 21-44; Ord. No. 2011-46-44, § 2, 3-28-2011; Ord. No. 2016-197, § 1, 9-12-2016; Ord. No. 2017-099, § 1, 6-12-2017)

Sec. 21-45. Prequalification of nonconstruction bidders and offerors.

(a) The Director is authorized to prequalify bidders or offerors prior to a solicitation of bids or proposals, whether for goods, services, or insurance, by requiring prospective bidders or offerors to submit such information as the Director shall deem appropriate, including, but not limited to, samples, financial reports, and references. The opportunity to prequalify shall be given to any prospective bidder or offeror who has not been suspended or debarred under this chapter.

(b) The Director may refuse to prequalify any prospective bidder or offeror, provided that the bidder or offeror is notified in writing. Such notice shall state the reasons for the action taken. A prospective bidder or offeror who fails to prequalify for a procurement may not bid on the procurement. However, such prospective bidder or offeror may appeal the disqualification as provided in Section 21-161.

(c) In considering any request for prequalification, the Director shall determine whether there is reason to believe that the bidder or offeror possesses the management, financial soundness, and history of performance which

indicate apparent ability to successfully complete the plans and specifications of the invitations for bids or request for proposals, and the bidder's or offeror's past and proposed future good faith minority business enterprise and emerging small business participation efforts. In the absence of different weights or criteria established by the Office of Minority Business Development, a prospective bidder's good faith minority business enterprise and emerging small business participation efforts shall comprise 30 percent of the total prequalification score. The Office of Minority Business Development shall develop forms and criteria for and shall assess a bidder's prequalification with respect to past and proposed minority business enterprise and emerging small business participation efforts. No prospective bidder receiving less than 50 percent of the possible minority business enterprise and emerging small business participation efforts percentage points shall be prequalified unless granted a waiver by the Chief Administrative Officer. The Chief Administrative Officer may allow a waiver only when:

(1) No other qualified, willing, and able prospective bidders have applied for prequalification; and

(2) The Director of the Office of Minority Business Development certifies that the prospective bidder is unable due to circumstances beyond its control to make good faith minority business enterprise and emerging small business participation efforts that would achieve a higher number of percentage points. The proposed efforts must be set forth in detail in writing and must be legally binding on the prospective bidder.

(d) Prequalification of a bidder or offeror shall not constitute a conclusive determination that the bidder or offeror is responsible, and such bidder or offeror may be rejected as nonresponsible on the basis of subsequently discovered information.

(e) Failure of a bidder or offeror to prequalify with respect to a given procurement shall not bar the bidder or offeror from seeking prequalification as to future procurements or from bidding or offering proposals on procurements which do not require prequalification.

(Code 1993, § 22.1-41; Code 2004, § 74-49; Code 2015, § 21-45; Ord. No. 2004-360-330, § 1, 12-13-2004; Ord. No. 2006-134-105, § 1, 5-8-2006)

State law reference—Prequalification generally, Code of Virginia, § 2.2-4317.

Sec. 21-46. Prequalification of construction bidders.

(a) Any prequalification of prospective contractors for construction shall be pursuant to a prequalification process consistent with this section. The opportunity to prequalify shall be given to any prospective bidder who has not been suspended or debarred under this chapter.

(b) Good faith minority business enterprise and emerging small business participation efforts previously made and those efforts proposed to be made by the prospective bidder shall be information required to prequalify. In the absence of different weights or criteria established by the Office of Minority Business Development, a prospective bidder's good faith minority business enterprise and emerging small business participation efforts shall comprise 30 percent of the total prequalification score. The Office of Minority Business Development shall develop forms and criteria for and shall assess a bidder's prequalification with respect to past and proposed minority business enterprise and emerging small business participation efforts. No prospective bidder receiving less than 50 percent of the possible minority business enterprise and emerging small business participation efforts percentage points shall be prequalified unless granted a waiver by the Chief Administrative Officer. The Chief Administrative Officer may allow a waiver only when:

(1) No other qualified, willing, and able prospective bidders have applied for prequalification; and

(2) The Director of the Office of Minority Business Development certifies that the prospective bidder is unable due to circumstances beyond its control to make good faith minority business enterprise and emerging small business participation efforts that would achieve a higher number of percentage points. The proposed efforts must be set forth in detail in writing and must be legally binding on the prospective bidder.

(c) The Office of Minority Business Development shall maintain and update a list of bona fide minority business enterprises and emerging small businesses that are engaged in various fields of construction subcontracting and shall make this list available to all prospective prime construction contractors who desire to use it for assistance in attaining the highest possible ranking for good faith minority business enterprise and emerging small business

participation efforts.

(d) The application form used in the prequalification process shall set forth the criteria upon which the qualifications of prospective contractors will be evaluated. The application form shall request of prospective contractors only such information as is appropriate for an objective evaluation of all prospective contractors pursuant to such criteria. Such form shall allow the prospective contractor seeking prequalification to request, by checking the appropriate box, that all information voluntarily submitted by the contractor pursuant to this subsection shall be considered a trade secret or proprietary information subject to Section 21-5(f).

(e) Advance notice shall be given of the deadline for the submission of prequalification applications. The deadline for submission shall be sufficiently in advance of the date set for the submission of bids as to allow the procedures set forth in this subsection to be accomplished.

(f) At least 30 calendar days prior to the date established for submission of bids or proposals under the procurement of the contract for which the prequalification applies, the City shall advise in writing each contractor which submitted an application whether that contractor has been prequalified. If a contractor is denied prequalification, the written notification to such contractor shall state the reasons for such denial of prequalification and the factual basis of such reasons. A decision by the City denying prequalification under this section shall be final and conclusive unless the contractor appeals the decision as provided in Section 21-161.

(g) Prequalification may be denied to any contractor only if the City finds one of the following:

(1) The contractor does not have sufficient financial ability to perform the contract that would result from such procurement. If a bond is required to ensure performance of a contract, evidence that the contractor can acquire a surety bond from a corporation included on the United States Treasury list of acceptable surety corporations in the amount and type required by the City shall be sufficient to establish the financial ability of such contractor to perform the contract resulting from such procurement;

(2) The contractor does not have appropriate experience to perform the construction project in question;

(3) The contractor or any officer, director or owner thereof has had judgments entered against the contractor within the past ten years for the breach of contracts for governmental or nongovernmental construction, including, but not limited to, design-build or construction management;

(4) The contractor has been in substantial noncompliance with the terms and conditions of prior construction contracts with the City without good cause. If the City has not contracted with a contractor in any prior construction contracts, the City may deny prequalification if the contractor has been in substantial noncompliance with the terms and conditions of comparable construction contracts with another public body without good cause. The City may not utilize this subsection (g)(4) to deny prequalification unless the facts underlying such substantial noncompliance were documented in writing in the prior construction project file and such information relating thereto was given to the contractor at that time, with the opportunity to respond;

(5) The contractor or any officer, director, owner, project manager, procurement manager or chief financial official thereof has been convicted within the past ten years of a crime related to governmental or nongovernmental construction or contracting, including, but not limited to, a violation of:

a. Article VIII of this chapter;

b. The Virginia Governmental Frauds Act, Code of Virginia, § 18.2-498.1 et seq.;

c. Code of Virginia, Title 59.1, Ch. 4.2 (Code of Virginia, § 59.1-68.6 et seq.), which pertains to conspiracy to rig bids to government; or

d. Any substantially similar law of the United States or another state;

(6) The contractor or any officer, director or owner thereof is currently debarred pursuant to an established debarment procedure from bidding or contracting by any public body, agency of another state or agency of the Federal government;

(7) The contractor failed to provide to the City in a timely manner any information requested by the City relevant to subsections (g)(1) through (6) of this section; and

(8) The contractor failed to make or propose to make good faith minority business enterprise and emerging small business participation efforts as set forth in subsection (b) of this section. A contractor that fails to receive a score of at least 50 percent of the possible minority business enterprise and emerging small business participation efforts percentage points shall not be prequalified to bid on or receive the contract.

(Code 1993, § 22.1-41.1; Code 2004, § 74-50; Code 2015, § 21-46; Ord. No. 2004-360-330, § 1, 12-13-2004; Ord. No. 2006-134-105, § 1, 5-8-2006)

State law reference—Similar provisions, Code of Virginia, § 2.2-4317.

Sec. 21-47. Competitive sealed bidding; procedures.

(a) An invitation for bids shall be in writing and contain or incorporate by reference the specifications and contractual terms and conditions applicable to the procurement. Unless the Director has provided for prequalification of bidders as provided under Section 21-45 or Section 21-46, the invitation for bids shall include a statement of any requisite qualifications of potential contractors. When it is impractical to prepare initially a purchase description to support an award based on prices, an invitation for bids may be issued requesting the submission of unpriced offers to be followed by an invitation for bids limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation.

(b) Public notice of the invitation for bids shall be posted on the City's Internet website at least ten days prior to the date set for the receipt of bids. In addition, the Director may publish in a newspaper of general circulation or on the Virginia Department of General Services' central electronic procurement website.

(c) When inviting bids, the Director may also solicit bids directly from potential contractors. Any additional solicitations shall include certified businesses selected from a list made available by the Virginia Department of Small Business and Supplier Diversity and shall include minority business enterprises or emerging small businesses, or both, selected from a list made available by the Office of Minority Business Development.

(d) No invitation for bids for construction services shall condition a successful bidder's eligibility on having a specified experience modification factor. For purposes of this subsection (d), the term "experience modification factor" means a value assigned to an employer as determined by a rate service organization in accordance with its uniform experience rating plan required to be filed pursuant to Code of Virginia, § 38.2-1913(D).

(Code 1993, § 22.1-42; Code 2004, § 74-51; Code 2015, § 21-47; Ord. No. 2016-197, § 1, 9-12-2016)

Sec. 21-48. Use of brand names.

Unless otherwise provided in the invitation for bids, the name of a certain brand, make or manufacturer shall not restrict bidders to the specific brand, make or manufacturer named and shall be deemed to convey the general style, type, character and quality of the article desired. Any article that the City in its sole discretion determines to be the equal of that specified, considering quality, workmanship, economy of operation, and suitability for the purpose intended, shall be accepted. The burden of proof as to the comparative quality and suitability of the alternative equipment, articles, materials or supplies shall be on the bidder or offeror, who shall furnish at the bidder's or offeror's own expense such information relating thereto as may be required by the purchasing agent.

(Code 1993, § 22.1-43; Code 2004, § 74-52; Code 2015, § 21-48)

State law reference—Similar provisions, Code of Virginia, § 2.2-4315.

Sec. 21-49. Comments on specifications.

For complex equipment, supplies, services or construction, pre-bid conferences with prospective bidders may be desirable after draft specifications have been prepared. Such conferences may be utilized to help detect unclear provisions that tend to widen competition by removing unnecessarily restrictive language. Conferences on purchasing bids will be called by the Director and attended by a requesting agency or department representative and, if necessary, the City Attorney.

(Code 1993, § 22.1-44; Code 2004, § 74-53; Code 2015, § 21-49)

State law reference—Similar provisions, Code of Virginia, § 2.2-4316.

Sec. 21-50. Bid bonds on construction contracts.

(a) Except in cases of emergency, all bids or proposals for nontransportation-related construction contracts in excess of $500,000.00 or transportation-related projects authorized under Code of Virginia, Title 33.2, Ch. 2, Art. 2 (Code of Virginia, § 33.2-208 et seq.) that are in excess of $250,000.00 and partially or wholly funded by the Commonwealth shall be accompanied by a bid bond from a surety company selected by the bidder that is authorized to do business in Virginia, as a guarantee that, if the contract is awarded to the bidder, the bidder will enter into the contract for the work mentioned in the bid. The amount of the bid bond shall not exceed five percent of the amount bid.

(b) For nontransportation-related construction contracts in excess of $100,000.00 but less than $500,000.00, where the bid bond requirements are waived, prospective contractors shall be prequalified for each individual project in accordance with Section 21-46. However, the Director may waive the requirement for prequalification of a bidder with a current Class A contractor license for contracts in excess of $100,000.00 but less than $300,000.00 upon a written determination made in advance by the City Council that waiving the requirement is in the best interests of the City. The City shall not enter into more than ten such contracts per year.

(c) No forfeiture under a bid bond shall exceed the lesser of:

(1) The difference between the bid for which the bond was written and the next low bid; or

(2) The face amount of the bid bond.

(d) Nothing in this section shall preclude the City from requiring bid bonds to accompany bids or proposals for construction contracts anticipated to be less than $500,000.00 for nontransportation-related projects or $250,000.00 for transportation-related projects authorized under Code of Virginia, Title 33.2, Ch. 2, Art. 2 (Code of Virginia, § 33.2-208 et seq.) and partially or wholly funded by the Commonwealth.

(Code 1993, § 22.1-45; Code 2004, § 74-54; Code 2015, § 21-50; Ord. No. 2011-79-64, § 1, 4-25-2011; Ord. No. 2017-099, § 1, 6-12-2017)

State law reference—Similar provisions, Code of Virginia, § 2.2-4336.

Sec. 21-51. Bonds for other than construction contracts.

(a) At the discretion of the Director, bidders may be required to submit with their bids a bid bond from a surety company selected by the bidder that is authorized to do business in the State, or a certified check, in an amount to be determined by the Director and specified in the invitation for bids, which shall be forfeited to the City upon the bidder's failure to execute a contract awarded to the bidder or upon the bidder's failure to furnish any required performance or payment bonds in connection with a contract awarded.

(b) The Director may require successful bidders to furnish a performance bond or a payment bond, or both, from a surety company selected by the bidder that is authorized to do business in the State at the expense of the successful bidder, in amounts to be determined by the Director and specified in the invitation for bids, to ensure the satisfactory completion of the work for which a contract or purchase order is awarded.

(Code 1993, § 22.1-46; Code 2004, § 74-55; Code 2015, § 21-51)

State law reference—Similar provisions, Code of Virginia, § 2.2-4339.

Sec. 21-52. Bid opening.

Bids received pursuant to this article shall be opened publicly in the presence of one or more witnesses at the time and place designated in the invitation for bids. The amount of each bid and such other relevant information as the Director deems appropriate, together with the name of each bidder, shall be recorded; the record and each bid shall be open to public inspection upon completion of the award. A tabulation of all bids received shall be made available for public inspection after the bid opening.

(Code 1993, § 22.1-47; Code 2004, § 74-56; Code 2015, § 21-52)

Sec. 21-53. Withdrawal of bid due to error.

(a) A bidder for a public construction contract, other than a contract for construction or maintenance of public highways, may withdraw the bid from consideration if the price bid was substantially lower than the other bids due solely to a mistake in the bid, provided the bid was submitted in good faith, and the mistake was a clerical mistake as opposed to a judgment mistake and was actually due to an unintentional arithmetic error or an

unintentional omission of a quantity of work, labor or material made directly in the compilation of a bid, which unintentional arithmetic error or unintentional omission can be clearly shown by objective evidence drawn from inspection of original work papers, documents and materials used in the preparation of the bid sought to be withdrawn.

(b) If a bid contains both clerical and judgment mistakes, a bidder may withdraw the bid from consideration if the price bid would have been substantially lower than the other bids due solely to the clerical mistake that was an unintentional arithmetic error or an unintentional omission of a quantity of work, labor or material made directly in the compilation of a bid that shall be clearly shown by objective evidence drawn from inspection of original work papers, documents and materials used in the preparation of the bid sought to be withdrawn.

(c) One of the following procedures for withdrawal of a bid shall be selected by the Director and stated in the advertisement for bids:

(1) The bidder shall give notice in writing of the claim of right to withdraw the bid within two business days after the conclusion of the bid opening procedure and shall submit original work papers with such notice; or

(2) Where the City opens the bids one day following the time fixed for the submission of bids, the bidder shall submit to the Director the bidder's original work papers, documents and materials used in the preparation of the bid at or prior to the time fixed for the opening of bids. The work papers shall be delivered by the bidder in person or by registered mail. The bidder shall have two hours after the opening of bids within which to claim in writing any mistake as defined in this section and withdraw the bid. The contract shall not be awarded by the City until the two-hour period has elapsed.

Under these procedures, the mistake shall be proved only from the original work papers, documents and materials delivered as required in this subsection. The work papers, documents and materials submitted by the bidder shall, at the bidder's request, be considered trade secrets or proprietary information subject to the conditions of Section 21-5(f).

(d) The Director may establish procedures for the withdrawal of bids for other than construction contracts.

(e) No bid shall be withdrawn under this section when the result would be the awarding of the contract on another bid of the same bidder or of another bidder in which the ownership of the withdrawing bidder is more than five percent.

(f) If a bid is withdrawn in accordance with this section, the lowest remaining bid shall be deemed to be the low bid.

(g) No bidder who is permitted to withdraw a bid shall, for compensation, supply any material or labor to or perform any subcontract or other work agreement for the person to whom the contract is awarded or otherwise benefit, directly or indirectly, from the performance of the project for which the withdrawn bid was submitted.

(h) The Director shall notify the bidder in writing within five business days of the Director's decision regarding the bidder's request to withdraw its bid. If the Director denies the withdrawal of a bid under the provisions of this section, the Director shall state in such notice the reasons for the decision and award the contract to such bidder at the bid price, provided such bidder is a responsible and responsive bidder. At the same time that the notice is provided, the Director shall return all work papers and copies thereof that have been submitted by the bidder.

(Code 1993, § 22.1-48; Code 2004, § 74-57; Code 2015, § 21-53; Ord. No. 2016-197, § 1, 9-12-2016)

State law reference—Similar provisions, Code of Virginia, § 2.2-4330.

Sec. 21-54. Bid evaluation under competitive sealed bidding.

Bids shall be evaluated based upon the requirements set forth in the invitation for bids, which may include special qualifications of contractors, life-cycle costing, value analysis, and any other criteria such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose, which are helpful in determining acceptability. In determining the lowest responsive and responsible bidder on purchases or contracts, the following factors, among such others as will protect and preserve the interests of the City and its inhabitants, shall be considered:

(1) The ability, capacity and will of the bidder to perform the contract or provide the service required.

(2) Whether the bidder can perform the contract or provide the services promptly or within the time specified, without delay or interference.

(3) The character, integrity, reputation, judgment, experience and efficiency of the bidder.

(4) The quality of performance of previous contracts or services.

(5) The previous and existing compliance by the bidder with laws and ordinances relating to the contract, purchase or service.

(6) The equipment, personnel and facilities available to the bidder to perform the contract or provide the service.

(7) The sufficiency of the financial resources and ability of the bidder to perform the contract or provide the service.

(8) The quality, availability and adaptability of the supplies, materials, equipment or services to the particular use required.

(9) The ability of the bidder to provide future maintenance and service for the use of the subject of the purchase or contract.

(10) The amount and conditions, if any, of the bid.

(11) The bidder's showing that it can and will comply with its proposed commitments to minority business enterprise and emerging small business participation efforts.

(12) The bidder's past performance with regard to its minority business enterprise and emerging small business participation efforts.

(Code 1993, § 22.1-49; Code 2004, § 74-58; Code 2015, § 21-54; Ord. No. 2016-197, § 1, 9-12-2016)

Sec. 21-55. Bid award under competitive sealed bidding.

(a) Bids under competitive sealed bidding shall be awarded to the lowest responsive and responsible bidder. When the terms and conditions of multiple bids are so provided in the invitation to bid, awards may be made to more than one bidder.

(b) The contract shall be awarded with reasonable promptness by written notice to the lowest responsible bidder whose bid meets the requirements and criteria set forth in the invitation for bids. If all bids for a procurement exceed available funds allocated to that procurement by prior agency, departmental or other official action, as certified by the agency head or department director, the Director, with the approval of the Chief Administrative Officer, is authorized, when time or economic considerations preclude resolicitations of work of a reduced scope, to negotiate an adjustment of the bid price with the lowest responsive and responsible bidder in order to bring the bid within the amount of available funds allocated to that procurement.

(c) When the award is not given to the lowest bidder, a full and complete statement of the reasons for placing the order elsewhere shall be prepared by the purchasing office and filed with the other papers relating to this transaction.

(Code 1993, § 22.1-50; Code 2004, § 74-59; Code 2015, § 21-55; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 21-56. Tie bids.

(a) In the case of a tie bid, preference shall be given to goods, services and construction produced in the City or provided by persons in the City, if such a choice is available; otherwise, the tie shall be decided by lot, unless Section 21-8 applies.

(b) Whenever any bidder is a resident of any other state and such state under its laws allows a resident contractor of that state a preference, a like preference may be allowed to the lowest responsible bidder who is a resident of this State.

(c) In any contract which is to be awarded through competitive sealed bidding, if there are equal bids among qualified bidders, the contract shall be awarded to the contractor who will be able to provide the greatest degree of

accessibility to the City officials who will be administering the contract.

(d) If more than two bids received are tied, the City shall compare location, payment terms, delivery terms, and other terms and shall select the bid most favorable to the City based on that comparison, which shall be documented in writing.

(e) If none of the subsections of this section resolve the tie, the Director may cancel the solicitation and rebid. Records shall be kept of any proceeding connected with tie bids.

(Code 1993, § 22.1-51; Code 2004, § 74-60; Code 2015, § 21-56)

State law reference—Similar provisions, Code of Virginia, § 2.2-4328(A).

Sec. 21-57. Contract pricing arrangements.

(a) Except as prohibited in this article, public contracts may be awarded on a fixed-price or cost reimbursement basis or on any other basis that is not prohibited.

(b) Subject to the limitations of this section, any type of contract which is appropriate to the procurement and which will promote the best interests of the City may be used, provided that the use of a cost-plus-a-percentage-of-cost contract or a cost-plus-a-percentage-of-construction-cost contract is prohibited.

(c) A cost reimbursement contract may be used only when a determination is made in writing that such contract is likely to be less costly to the City than any other type or that it is impracticable to obtain the supply, service, or construction item required except under such a contract.

(Code 1993, § 22.1-53; Code 2004, § 74-61; Code 2015, § 21-57)

Sec. 21-58. Multiterm contracts.

(a) *Specified period.* Unless otherwise provided by law, a contract for goods, services or insurance may be entered into for any period of time deemed to be in the best interest of the City, provided the term of the contract and conditions of renewal or extension, if any, are included in the solicitation and funds are available for the first fiscal period at the time of contracting. Payment and performance obligations for succeeding fiscal periods shall be subject to the availability and appropriation of funds therefor.

(b) *Cancellation due to unavailability of funds in succeeding fiscal periods.* When funds are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal period, the contract shall be canceled.

(Code 1993, § 22.1-54; Code 2004, § 74-62; Code 2015, § 21-58)

Charter reference—Certification of funds, § 6.20.

Sec. 21-59. Contract modification or supplement.

A public contract may include provisions for modification of the contract during performance, but no fixed-price contract that will increase the amount to be expended under such contract in an amount in excess of $100,000.00 in the aggregate shall be made unless the Chief Administrative Officer approves such change in writing in advance of such modification being made.

(Code 1993, § 22.1-55; Code 2004, § 74-63; Code 2015, § 21-59; Ord. No. 2004-360-330, § 1, 12-13-2004)

State law reference—Similar provisions, Code of Virginia, § 2.2-4309.

Sec. 21-60. Retainage on construction contracts.

(a) In any public contract for construction that provides for progress payments in installments based upon an estimated percentage of completion, the contractor shall be paid at least 95 percent of the earned sum when payment is due, with not more than five percent being retained to ensure faithful performance of the contract. All amounts withheld may be included in the final payment.

(b) Any subcontract for a public project that provides for similar progress payments shall be subject to this section.

(Code 1993, § 22.1-56; Code 2004, § 74-64; Code 2015, § 21-60)

State law reference—Similar provisions, Code of Virginia, § 2.2-4333.

Sec. 21-61. Deposit of certain retained funds on certain contracts; penalty for failure to timely complete.

(a) When contracting directly with contractors for public contracts of $200,000.00 or more for construction of highways, roads, streets, bridges, parking lots, demolition, clearing, grading, excavating, paving, pile driving, miscellaneous drainage structures, and the installation of water, gas, sewer lines and pumping stations where portions of the contract price are to be retained, the City shall include in the bid proposal an option for the contractor to use an escrow account procedure for utilization of the City's retainage funds by so indicating in the space provided in the proposal documents. If the contractor elects to use the escrow account procedure, the escrow agreement form included in the bid proposal and contract shall be executed and submitted to the Director within 15 calendar days after notification. If the escrow agreement form is not submitted within the 15-day period, the contractor shall forfeit the contractor's rights to the use of the escrow account procedure.

(b) In order to have retained funds paid to an escrow agent, the contractor, the escrow agent, and the surety shall execute an escrow agreement form. The contractor's escrow agent shall be a trust company, bank or savings institution with its principal office located in the Commonwealth. The escrow agreement and all regulations adopted by the City shall be substantially the same as that used by the State Department of Transportation.

(c) This section shall not apply to public contracts for construction for railroads, public transit systems, runways, dams, foundations, installation or maintenance of power systems for the generation and primary and secondary distribution of electric current ahead of the customer's meter, the installation or maintenance of telephone, telegraph or signal systems for public utilities, and the construction or maintenance of solid waste or recycling facilities and treatment plants.

(d) Any such public contract for construction with the City which includes payment of interest on retained funds may require a provision whereby the contractor, exclusive of reasonable circumstances beyond the control of the contractor stated in the contract, shall pay a specified penalty for each day exceeding the completion date stated in the contract.

(e) Any subcontract for such public project which provides for similar progress payments shall be subject to this section.

(Code 1993, § 22.1-56.1; Code 2004, § 74-65; Code 2015, § 21-61)

State law reference—Similar provisions, Code of Virginia, § 2.2-4334.

Sec. 21-62. Public construction contract provisions barring damages for unreasonable delays declared void.

(a) Any provision contained in any public construction contract that purports to waive, release, or extinguish the rights of a contractor to recover costs or damages for unreasonable delay in performing such contract, either on the contractor's behalf or on behalf of the contractor's subcontractor, if and to the extent the delay is caused by acts or omissions of the City, its agents or employees and due to causes within their control, shall be void and unenforceable as against public policy.

(b) Subsection (a) of this section shall not be construed to render void any provision of a public construction contract that:

(1) Allows the City to recover that portion of delay costs caused by the acts or omissions of the contractor or its subcontractors, agents or employees;

(2) Requires notice of any delay by the party claiming the delay;

(3) Provides for liquidated damages for delay; or

(4) Provides for arbitration or any other procedure designed to settle contract disputes.

(c) A contractor making a claim against the City for costs or damages due to the alleged delaying of the contractor in the performance of its work under any public construction contract shall be liable to the City and shall pay it for a percentage of all costs incurred by the City in investigating, analyzing, negotiating, litigating and arbitrating the claim, which percentage shall be equal to the percentage of the contractor's total delay claim which is determined through litigation or arbitration to be false or to have no basis in law or in fact.

(d) If the City denies a contractor's claim for costs or damages due to the alleged delaying of the contractor in the performance of work under any public construction contract, the City shall be liable to and shall pay such contractor a percentage of all costs incurred by the contractor to investigate, analyze, negotiate, litigate and arbitrate the claim. The percentage paid by the City shall be equal to the percentage of the contractor's total delay claim for which the City's denial is determined through litigation or arbitration to have been made in bad faith.

(Code 1993, § 22.1-56.2; Code 2004, § 74-66; Code 2015, § 21-62)

State law reference—Similar provisions, Code of Virginia, § 2.2-4335.

Sec. 21-63. Performance and payment bonds.

(a) Except as provided in subsection (h) of this section, upon the award of any:

(1) Public construction contract exceeding $500,000.00 awarded to any prime contractor;

(2) Construction contract exceeding $500,000.00 awarded to any prime contractor requiring the performance of labor or the furnishing of materials for buildings, structures or other improvements to real property owned or leased by a public body;

(3) Construction contract exceeding $500,000.00 in which the performance of labor or the furnishing of materials will be paid with public funds; or

(4) Transportation-related projects exceeding $350,000.00 that are partially or wholly funded by the Commonwealth;

the contractor shall furnish to the City the following bonds:

(1) A performance bond in the sum of the contract amount conditioned upon the faithful performance of the contract in strict conformity with the plans, specifications and conditions of the contract. For transportation-related projects authorized under Code of Virginia, Title 33.2, Ch. 2, Art. 2 (Code of Virginia, § 33.2-208 et seq.), such bond shall be in a form and amount satisfactory to the Director.

(2) A payment bond in the sum of the contract amount. The bond shall be for the protection of claimants who have and fulfill contracts to supply labor or materials to the prime contractor to whom the contract was awarded or to any subcontractors, in furtherance of the work provided for in the contract, and shall be conditioned upon the prompt payment for all such material furnished or labor supplied or performed in furtherance of the work. For transportation-related projects authorized under Code of Virginia, Title 33.2, Ch. 2, Art. 2 (Code of Virginia, § 33.2-208 et seq.), and partially or wholly funded by the Commonwealth, such bond shall be in a form and amount satisfactory to the Director.

The term "labor or materials" includes public utility services and reasonable rentals of equipment, but only for periods when the equipment rented is actually used at the site.

(b) For nontransportation-related construction contracts in excess of $100,000.00 but less than $500,000.00, where the performance and payment bond requirements are waived, prospective contractors shall be prequalified for each individual project in accordance with Section 21-46. However, the Director may waive the requirement for prequalification of a contractor with a current Class A contractor license for contracts in excess of $100,000.00 but less than $300,000.00 upon a written determination made in advance by the City Council that waiving the requirement is in the best interests of the City. The City shall not enter into more than ten such contracts per year.

(c) Each of the bonds shall be executed by one or more surety companies selected by the contractor that are authorized to do business in Virginia.

(d) Bonds shall be payable to the City.

(e) Each of the bonds shall be filed with the Director.

(f) Nothing in this section shall preclude the Director from requiring payment or performance bonds for construction contracts below $500,000.00 for nontransportation-related projects or $350,000.00 for transportation-related projects authorized under Code of Virginia, § 33.2-208 and partially or wholly funded by the Commonwealth.

(g) Nothing in this section shall preclude the contractor from requiring each subcontractor to furnish a

payment bond with surety thereon in the sum of the full amount of the contract with such subcontractor conditioned upon the payment to all persons who have and fulfill contracts that are directly with the subcontractor for performing labor and furnishing materials in the prosecution of the work provided for in the subcontract.

(h) The performance and payment bond requirements of subsection (a) of this section for transportation-related projects that are valued in excess of $250,000.00 but less than $350,000.00 may only be waived by the Director if the bidder provides evidence, satisfactory to the Director, that a surety company has declined an application from the contractor for a performance or payment bond.

(Code 1993, § 22.1-57; Code 2004, § 74-67; Code 2015, § 21-63; Ord. No. 2011-79-64, § 1, 4-25-2011; Ord. No. 2016-197, § 1, 9-12-2016; Ord. No. 2017-099, § 1, 6-12-2017)

State law reference—Similar provisions, Code of Virginia, § 2.2-4337.

Sec. 21-64. Action on performance bond.

No action against the surety on a performance bond given pursuant to this article shall be brought unless within one year after:

(1) Completion of the contract, including the expiration of all warranties and guaranties; or

(2) Discovery of the defect or breach of warranty, if the action is for such.

(Code 1993, § 22.1-58; Code 2004, § 74-68; Code 2015, § 21-64)

State law reference—Similar provisions, Code of Virginia, § 2.2-4340.

Sec. 21-65. Actions on payment bond.

(a) Subject to subsection (b) of this section, any claimant who has performed labor or furnished material in accordance with the contract documents in furtherance of the work provided in any contract for which a payment bond has been given and who has not been paid in full before the expiration of 90 days after the day on which the claimant performed the last of the labor or furnished the last of the materials for which the claimant claims payment may bring an action on such payment bond to recover any amount due for the labor or material and may prosecute such action to final judgment and have execution on the judgment. The obligee named in the bond need not be named a party to such action.

(b) Any claimant who has a direct contractual relationship with any subcontractor from whom the contractor has not required a subcontractor payment bond under Section 21-63(f), but who has no contractual relationship, express or implied, with the contractor, may bring an action on the contractor's payment bond only if the claimant has given written notice to such contractor within 180 days from the day on which the claimant performed the last of the labor or furnished the last of the materials for which the claimant claims payment, stating with substantial accuracy the amount claimed and the name of the person for whom the work was performed or to whom the material was furnished. Any claimant who has a direct contractual relationship with a subcontractor from whom the contractor has required a subcontractor payment bond under Section 21-63(f), but who has no contractual relationship, express or implied, with such contractor, may bring an action on the subcontractor's payment bond. Notice to the contractor shall be served by registered or certified mail, postage prepaid, in an envelope addressed to such contractor at any place where the contractor's office is regularly maintained for the transaction of business. Claims for sums withheld as retainages with respect to labor performed or materials furnished shall not be subject to the time limitations stated in this subsection.

(c) Any action on a payment bond must be brought within one year after the day on which the person bringing such action last performed labor or last furnished or supplied materials.

(d) Any waiver of the right to sue on the payment bond required by this section shall be void unless it is in writing, signed by the person whose right is waived, and executed after such person has performed labor or furnished material in accordance with the contract documents.

(Code 1993, § 22.1-59; Code 2004, § 74-69; Code 2015, § 21-65)

State law reference—Similar provisions, Code of Virginia, § 2.2-4341.

Sec. 21-66. Alternative forms of security.

(a) In lieu of a bid, payment or performance bond, a bidder may furnish a certified check, cashier's check, or cash escrow in the face amount required for the bond.

(b) If approved by the City Attorney, a bidder may furnish a personal bond, property bond, or bank or savings institution's letter of credit on certain designated funds in the face amount required for the bid, payment or performance bond. Approval shall be granted only upon a determination that the alternative form of security proffered affords protection to the City equivalent to a corporate surety's bond.

(Code 1993, § 22.1-60; Code 2004, § 74-70; Code 2015, § 21-66; Ord. No. 2013-232-214, § 1, 11-25-2013)

State law reference—Similar provisions, Code of Virginia, § 2.2-4338.

Sec. 21-67. Competitive negotiation for goods, nonprofessional services, insurance, and construction.

(a) *Conditions for use.* Conditions for use of competitive negotiation as set forth in this section shall be as follows:

(1) The Director may allow the use of either competitive sealed bidding as set forth in Sections 21-47 and 21-52 through 21-56 or competitive negotiation as set forth in this section to procure any public contract with a nongovernmental contractor for the purchase or lease of goods or for the purchase of nonprofessional services or insurance.

(2) Upon a determination made in advance by the Director and set forth in writing that competitive sealed bidding or competitive negotiation is either not practicable or not fiscally advantageous, insurance may be procured through a licensed agent or broker selected in the manner provided for in this section. The basis for this determination shall be documented in writing.

(3) Construction may be procured only by competitive sealed bidding, except that competitive negotiation may be used in the following instances:

a. On a fixed-price design-build basis or construction management basis as provided in Section 21-44;

b. For the construction of highways and any draining, dredging, excavation, grading or similar work upon real property upon a determination made in advance by the Director and set forth in writing by the Director that competitive sealed bidding is either not practicable or not fiscally advantageous to the public, which writing shall document the basis for this determination; or

c. Pursuant to Article IX of this chapter.

No request for proposals for construction authorized by this chapter shall condition a successful offeror's eligibility on having a specified experience modification factor. For the purposes of this Section 21-67(a)(3), the term "experience modification factor" means a value assigned to an employer as determined by a rate service organization in accordance with its uniform experience rating plan required to be filed pursuant to Code of Virginia, § 38.2-1913(D).

(b) *Request for proposals.* A request for proposals shall be in writing and indicate in general terms what is sought to be procured, specifying the factors which will be used in evaluating the proposal, indicating whether a numerical scoring system will be used in evaluation of the proposal, and containing or incorporating by reference the other applicable contractual terms and conditions, including any unique capabilities, specifications, or qualifications that will be required. Except with regard to contracts for transportation construction services or transportation-related construction services, the City may include as a factor that will be used in evaluating a proposal the offeror's employment of persons with disabilities to perform the specifications of the contract. In the event that a numerical scoring system will be used in the evaluation of proposals, the point values assigned to each of the evaluation criteria shall be included in the request for proposals or posted at the location designated for public posting of procurement notices prior to the due date and time for receiving proposals.

(c) *Public notice.* At least ten days prior to the date set for receipt of proposals, public notice shall be given by posting on the City's Internet website. In addition, the Director shall publish the notice in a newspaper of general circulation in the City so as to provide reasonable notice to the maximum number of offerors that can be reasonably expected to submit proposals in response to the particular request and may publish the notice on the Virginia Department of General Services' central electronic procurement website. In addition, proposals may be solicited

directly from potential contractors. Any additional solicitations shall include certified businesses selected from a list made available by the Virginia Department of Small Business and Supplier Diversity and shall include minority business enterprises or emerging small businesses, or both, selected from a list made available by the Office of Minority Business Development.

(d) *Procedures for evaluation and award.* No proposals shall be handled so as to permit disclosure of the identity of any offeror or the contents of any proposal to competing offerors during the process of negotiation. Selection shall be made of two or more offerors deemed to be fully qualified and best suited among those submitting proposals, on the basis of the factors involved in the request for proposals, including price if so stated in the request for proposals. In the case of a proposal for information technology, as defined in Code of Virginia, § 2.2-2006, the Director shall not require an offeror to state in a proposal any exception to any liability provisions contained in the request for proposals. Negotiations shall then be conducted with each of the offerors so selected. The offeror shall state any exception to any liability provisions contained in the request for proposals in writing at the beginning of negotiations, and such exceptions shall be considered during negotiation. Price shall be considered, but need not be the sole or primary determining factor. After negotiations have been conducted with each offeror so selected, the Director shall select the offeror which, in the Director's opinion, has made the best proposal and provides the best value, and shall award the contract to that offeror. When the terms and conditions of multiple awards are so provided in the request for proposals, awards may be made to more than one offeror. Should the Director determine in writing and in the Director's sole discretion that only one offeror is fully qualified, or that one offeror is clearly more highly qualified than the others under consideration, a contract may be negotiated and awarded to that offeror.

(e) *Evaluation factors.* The request for proposals shall state the relative importance of price and other evaluation factors. One evaluation factor shall be good faith minority business enterprise and emerging small business participation efforts. Such good faith minority business enterprise and emerging small business participation efforts shall comprise 30 percent of the total evaluation. The Office of Minority Business Development shall develop criteria to assess an offeror's good faith minority business enterprise and emerging small business participation efforts and shall evaluate the offeror's response based on those criteria. No offeror receiving less than 50 percent of the possible good faith minority business enterprise and emerging small business participation efforts percentage points from the Office of Minority Business Development shall receive a contract award under competitive negotiation unless granted a waiver by the Chief Administrative Officer. The Chief Administrative Officer may allow a waiver only when:

(1) No other qualified, willing, and able offerors have submitted proposals; and

(2) Either the Director of the Office of Minority Business Development certifies that the offeror is unable due to circumstances beyond its control to make good faith minority business enterprise and emerging small business participation efforts that would achieve a higher number of percentage points or the Chief Administrative Officer determines that the City will suffer substantial cost, financial or otherwise, if a waiver is not granted.

(Code 1993, § 22.1-61; Code 2004, § 74-71; Code 2015, § 21-67; Ord. No. 2004-360-330, § 1, 12-13-2004; Ord. No. 2006-134-105, § 1, 5-8-2006; Ord. No. 2016-197, § 1, 9-12-2016; Ord. No. 2017-099, § 1, 6-12-2017; Ord. No. 2020-116, § 1, 6-8-2020)

State law reference—Similar provisions, Code of Virginia, § 2.2-4303(C), (D).

Sec. 21-68. Contracting for professional services by competitive negotiation.

(a) *Conditions for use.* Where the cost of professional services is not expected to exceed $60,000.00 in the aggregate or for the sum of all phases of a contract or project, professional services may be procured in accordance with small purchase procedures adopted in writing by the Director, provided such procedures provide for competition wherever practicable. Where the cost of professional services is expected to exceed $60,000.00 in the aggregate or for the sum of all phases of a contract or project, professional services shall be procured by competitive negotiation as set forth in this section.

(b) *Competitive negotiation; solicitation, discussion and award.* The Director shall issue a written request for proposals indicating in general terms that which is to be procured, specifying the factors that will be used in evaluating the proposal, indicating whether a numerical scoring system will be used in evaluation of the proposal, and containing or incorporating by reference the other applicable contractual terms and conditions, including any

unique capabilities, specifications, or qualifications that will be required. Except with regard to contracts for architectural or professional engineering services, the City may include as a factor that will be used in evaluating a proposal the offeror's employment of persons with disabilities to perform the specifications of the contract. In the event that a numerical scoring system will be used in the evaluation of proposals, the point values assigned to each of the evaluation criteria shall be included in the request for proposals or posted at the location designated for public posting of procurement notices prior to the due date and time for receiving proposals. At least ten days prior to the date set for receipt of proposals, the Director shall give public notice of the request for proposals by posting on the City's Internet website. In addition, the Director shall publish the notice in a newspaper of general circulation in the City so as to provide reasonable notice to the maximum number of offerors that can be reasonably expected to submit proposals in response to the particular request and may publish the notice on the Virginia Department of General Services' central electronic procurement website. In addition, proposals may be solicited directly from potential contractors. Any additional solicitations shall include certified businesses from a list made available by the Virginia Department of Small Business and Supplier Diversity and shall include minority business enterprises or emerging small businesses, or both, selected from a list made available by the Office of Minority Business Development. The Director shall engage in individual discussions with two or more offerors deemed fully qualified, responsible and suitable on the basis of initial responses and with emphasis on professional competence to provide the required services. Repetitive informal interviews shall be permissible. The offerors shall be encouraged to elaborate on their qualifications and performance data or staff expertise pertinent to the proposed project, as well as alternative concepts. In addition, offerors shall be informed of any ranking criteria that will be used by the Director in addition to the review of the professional competence of the offeror. The request for proposals shall not, however, request that offerors furnish estimates of man-hours or cost for services. For architectural or engineering services, the Director shall not request or require offerors to list any exceptions to proposed contractual terms and conditions, unless such terms and conditions are required by statute, regulation, ordinance, or standards developed pursuant to Code of Virginia, § 2.2-1132, until after the qualified offerors are ranked for negotiations. At the discussion stage, the Director may discuss nonbinding estimates of total project costs, including, but not limited to, life-cycle costing and, where appropriate, nonbinding estimates of price for services. In accordance with Section 21-5, proprietary information from competing offerors shall not be disclosed to the public or to competitors. At the conclusion of discussion, outlined in this subsection, on the basis of evaluation factors published in the request for proposals and all information developed in the selection process to this point, the Director shall select in the order of preference two or more offerors whose professional qualifications and proposed services are deemed most meritorious. Negotiations shall then be conducted, beginning with the offeror ranked first. If a contract satisfactory and advantageous to the City can be negotiated at a price considered fair and reasonable and pursuant to contractual terms and conditions acceptable to the City, the award shall be made to that offeror. Otherwise, negotiations with the offeror ranked first shall be formally terminated and negotiations conducted with the offeror ranked second, and so on until such a contract can be negotiated at a fair and reasonable price. Notwithstanding the foregoing, if the terms and conditions for multiple awards are included in the request for proposals, the Director may award contracts to more than one offeror. Should the Director determine in writing and in the Director's sole discretion that only one offeror is fully qualified or that one offeror is clearly more highly qualified and suitable than any others under consideration, a contract may be negotiated and awarded to that offeror.

(c) *Architectural or professional engineering services for multiple projects.* A contract for architectural or professional engineering services relating to construction projects may be negotiated by the City for multiple projects, provided:

(1) The projects require similar experience and expertise;

(2) The nature of the projects is clearly identified in the request for proposals; and

(3) The contract term is limited to one year or when the cumulative total project fees reach the maximum cost authorized in this subsection, whichever occurs first.

Such contract may be renewable for four additional one-year terms at the option of the City. Under such contract, (a) the fair and reasonable prices, as negotiated, shall be used in determining the cost of each project performed, (b) the sum of all projects performed in one contract term shall not exceed $8,000,000.00, and (c) the project fee of any single project shall not exceed $2,500,000.00. Any unused amounts from the first contract term shall not be carried forward to the additional term. Competitive negotiations for such contracts may result in awards to more than one

offeror provided (1) the request for proposals so states and (2) the Director has established procedures for distributing multiple projects among the selected contractors during the contract term. Such procedures shall prohibit requiring the selected contractors to compete for individual projects based on price.

(d) *Multiphase professional services contracts.* Multiphase professional services contracts satisfactory and advantageous to the completion of large, phased or long-term projects may be negotiated and awarded based on qualifications at a fair and reasonable price for the first phase only, where completion of the earlier phases is necessary to provide information critical to the negotiation of a fair and reasonable price for succeeding phases. Prior to the procurement of any such contract, the Director shall state the anticipated total scope of the project and determine in writing that the nature of the work is such that the best interests of the City require awarding the contract. For purposes of this subsection, the term "multiphase professional service contract" means a contract for the providing of professional services where the total scope of work of the second or subsequent phase of the contract cannot be specified without the results of the first or prior phase of the contract.

Editor's note—Ord. No. 2015-102-202, § 2, adopted Nov. 9, 2015, provides: "The Director of Procurement Services shall prepare and submit to the City Council, the Mayor, and the Chief Administrative Officer:

(a) A written report, submitted annually by the end of December beginning in 2016, showing the efficiencies achieved in the procurement of architectural and professional engineering services as a result of the adoption of this ordinance over the year preceding the submission of the report; and

(b) A written report, submitted monthly by the end of the month beginning with December, 2015, identifying all existing contracts procured under Section 21-68 of the Code of the City of Richmond (2015), as amended, and as may be recodified in the future, that, since the last such report, have been:

(1) Modified via change order or contract modification, stating for each the dollar amount of the change and the change in scope or other reason for the change in dollar amount;

(2) Renewed or extended, stating for each the period of time for which the contract has been renewed or extended and the new expiration date; and

(3) Re-solicited, stating for each sufficient information to enable a person reading the report to view a copy of the new solicitation on the internet."

State law reference—Similar provisions, Code of Virginia, § 2.2-4302.2.

Sec. 21-69. Consideration of accessibility of contractors.

In any contract which is to be awarded through competitive negotiation, the request for proposals shall contain, as one factor for evaluation of proposals, the degree of accessibility that the contractor will be able to provide to the City officials who will be administering the contract.

(Code 1993, § 22.1-63.1; Code 2004, § 74-73; Code 2015, § 21-69)

Sec. 21-70. Employment discrimination by contractor prohibited; required contract provisions.

The City shall include in every contract of more than $10,000.00 the following provisions:

(1) During the performance of this contract, the contractor agrees as follows:

a. The contractor shall not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability, or other basis prohibited by State law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the contractor. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.

b. The contractor, in all solicitations or advertisements for employees placed by or on behalf of the contractor, shall state that such contractor is an equal opportunity employer.

c. Notices, advertisements and solicitations placed in accordance with Federal law, rule or regulation shall be deemed sufficient for the purpose of meeting the requirements of this section.

(2) During the performance of this contract, the contractor shall include the provisions of subsection (1) of this section in every subcontract or purchase order of over $10,000.00, so that the provisions will be binding upon each subcontractor or vendor.

(Code 1993, § 22.1-68; Code 2004, § 74-74; Code 2015, § 21-70)

State law reference—Similar provisions, Code of Virginia, § 2.2-4311.

Sec. 21-71. Obstruction of practices required under chapter.

It shall be unlawful for any person to:

(1) Directly or indirectly cause or coerce or attempt to cause or coerce any person to disregard any practice required to be performed under this chapter.

(2) Directly or indirectly engage in economic reprisal or intimidation or harm or threaten harm to any person or retaliate or interfere with any person because such person is willing to or has complied with any practice required to be performed under this chapter or encouraged others to comply with any section in this chapter or has exercised or attempted to exercise any right conferred in this chapter.

(3) Directly or indirectly cause or coerce or attempt to cause or coerce another person to engage in economic reprisal or intimidation or harm or threaten harm to any person or retaliate against or interfere with any person because such person is willing to or has complied with any practice required to be performed under this chapter or encouraged others to comply with any section in this chapter or has exercised or attempted to exercise any right conferred in this chapter.

(Code 1993, § 22.1-69; Code 2004, § 74-75; Code 2015, § 21-71)

Sec. 21-72. Cancellation of solicitations and rejection of bids or proposals; waiver of informalities.

(a) The Director may cancel an invitation for bids, a request for proposals, or any other solicitation and may reject any or all bids or proposals in whole or in part when the Director determines that it is in the best interest of the City to do so. The reasons for cancellation or rejection shall be made part of the contract file. The Director shall not cancel or reject an invitation for bids, a request for proposals, or any other solicitation, bid or proposal pursuant to this section solely to avoid awarding a contract to a particular responsive and responsible bidder or offeror.

(b) The Director may waive informalities in bids.

(Code 1993, § 22.1-70; Code 2004, § 74-76; Code 2015, § 21-72)

Sec. 21-73. Job order contracting.

(a) The Director may award a job order contract for multiple jobs, provided (1) the jobs require similar experience and expertise, (2) the nature of the jobs is clearly identified in the solicitation, and (3) the contract is limited to a term of one year or when the cumulative total project fees reach the maximum authorized in this section, whichever occurs first. The Director may select contractors through either competitive sealed bidding or competitive negotiation.

(b) Such contracts may be renewable for two additional one-year terms. The fair and reasonable prices as negotiated shall be used in determining the cost of each job performed, and the sum of all jobs performed in a one-year contract term shall not exceed $6,000,000.00. Individual job orders shall not exceed $500,000.00.

(c) For the purposes of this section, any unused amounts from one contract term shall not be carried forward to any additional term.

(d) Order splitting with the intent of keeping a job order under the maximum dollar amounts prescribed in subsection (b) of this section is prohibited.

(e) The Director may not issue or use a job order under a job order contract solely for the purpose of receiving professional architectural or engineering services that constitute the practice of architecture or the practice of engineering as those terms are defined in Code of Virginia, § 54.1-400. However, professional architectural or engineering services may be included on a job order where such professional services (1) are incidental and directly related to the job, (2) do not exceed $25,000.00 per job order, and (3) do not exceed $75,000.00 per contract term.

(f) Job order contracting shall not be used for construction, maintenance, or asset management services for

a highway, bridge, tunnel, or overpass. However, job order contracting may be used for safety improvements or traffic calming measures for individual job orders up to $250,000.00, subject to the maximum annual threshold amount established in this section.

ARTICLE III. DISPOSAL OF SURPLUS PROPERTY

Sec. 21-103. Reports of unused property.

All using agencies shall submit to the Director, at such time and in such form as prescribed, reports showing stocks of all supplies, materials and equipment which are no longer used or which have become obsolete, worn out or scrapped. Agencies having surplus, obsolete or unused supplies, materials or equipment shall declare such property surplus to the Director by completing a declaration of surplus property form, including quantity, description, location and other details required by the form.

(Code 1993, § 22.1-76; Code 2004, § 74-111; Code 2015, § 21-103)

Sec. 21-104. Transfer of stock to other using agencies.

The Director shall have the sole authority to transfer surplus stock to other using agencies.

(Code 1993, § 22.1-77; Code 2004, § 74-112; Code 2015, § 21-104)

Sec. 21-105. Sale or exchange.

The Director shall have the authority to sell all supplies, materials and equipment that the Director determines in writing to be unsuitable for public use. Further, the Director shall have the authority to exchange such supplies, materials and equipment for or to trade in such supplies, materials and equipment on new supplies, materials, or equipment. When property is sold in lieu of being traded in on the purchase of new supplies, materials or equipment, the amount received shall be credited to the appropriate City account. Agencies shall list all possible trade-in items on their replacement purchase requisitions.

(Code 1993, § 22.1-78; Code 2004, § 74-113; Code 2015, § 21-105)

Sec. 21-106. Donation.

(a) If the Director finds in writing that it is impractical to sell or exchange supplies, materials, equipment or vehicles that are unsuitable for public use as provided in Section 21-105, the Director shall have the authority to donate such supplies, materials, equipment or vehicles to other public bodies or to nonprofit organizations.

(b) The Library Director shall have the authority to transfer City-owned books that the Library Director determines to be surplus to private nonprofit organizations that will dispose of such books through a public book sale and return the proceeds to the City for the purchase of additional books or materials for the public library.

(Code 1993, § 22.1-78.1; Code 2004, § 74-114; Code 2015, § 21-106; Ord. No. 2005-290-247, § 1, 11-14-2005)

Sec. 21-107. Special restrictions.

(a) Whenever items are surplus, obsolete or unused in one agency, they shall be transferred to another City agency, sold only by the Director, or traded in on the purchase of needed supplies, materials or equipment.

(b) Surplus property not transferred to a City agency or traded in shall be sold by competitive bidding or public auction whenever practicable. When determined in writing to be impractical or when no bids or offers are received, the Director may sell surplus property on a negotiated basis. Receipts shall be credited to the appropriate income account.

(c) Employees and dependents of employees of the disposing agency and selling agency may purchase City surplus property at uniform prices available to the general public in accordance with the State and Local Government Conflict of Interest Act, Code of Virginia, § 2.2-3100 et seq.

ARTICLE IV. DEBARMENT*

***State law reference—**Debarment, Code of Virginia, § 2.2-4321.

Sec. 21-128. Authority to debar or suspend.

After reasonable notice to the person involved and reasonable opportunity for that person to be heard, the Chief Administrative Officer, after consulting with the City Attorney, is authorized to debar a person for cause from consideration for award of contracts. The debarment shall be for a period of not more than three years. After consultation with the City Attorney, the Chief Administrative Officer is authorized to suspend a person from consideration for award of contracts if there is probable cause to believe that the person has engaged in any activity which might lead to debarment. The suspension shall be for a period not exceeding three months. The causes for debarment include the following:

(1) Conviction for commission of a criminal offense as an incident to obtaining or attempting to obtain a public or private contract or subcontract or in the performance of such contract or subcontract;

(2) Conviction under State and Federal statutes of embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, or any other offense indicating a lack of business integrity or business honesty which currently, seriously, and directly affects responsibility as a City contractor;

(3) Conviction under State or Federal antitrust statutes arising out of the submission of bids or proposals;

(4) Violation of contract provisions, as follows, of a character which is regarded by the Chief Administrative Officer to be so serious as to justify debarment action:

a. Deliberate failure without good cause to perform in accordance with specifications or within the time limit provided in the contract; or

b. A recent record of failure to perform or of unsatisfactory performance in accordance with the terms of one or more contracts, provided that failure to perform or unsatisfactory performance caused by acts beyond the control of the contractor shall not be considered to be a basis for debarment; and

(5) Any other cause that the Chief Administrative Officer determines to be so serious and compelling as to affect responsibility as a City contractor, including debarment by another governmental entity for any cause in this chapter and for violation of the ethical standards set forth in this chapter.

(Code 1993, § 22.1-91; Code 2004, § 74-151; Code 2015, § 21-128; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 21-129. Decision to debar or suspend.

The Chief Administrative Officer shall issue a written decision to debar or suspend pursuant to this article. The decision shall state the reasons for the action taken and shall inform the debarred or suspended person involved of such person's rights concerning judicial or administrative review.

(Code 1993, § 22.1-92; Code 2004, § 74-152; Code 2015, § 21-129; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 21-130. Notice of decision.

A copy of the decision required by Section 21-129 shall be mailed or otherwise furnished immediately to the debarred or suspended person.

(Code 1993, § 22.1-93; Code 2004, § 74-153; Code 2015, § 21-130)

Sec. 21-131. Finality of decision.

A decision under Section 21-129 shall be final and conclusive, unless the debarred or suspended person appeals the decision as provided in Section 21-168 for administrative appeals or, in the alternative, by instituting legal action as provided in Section 21-169.

(Code 1993, § 22.1-94; Code 2004, § 74-154; Code 2015, § 21-131)

ARTICLE V. APPEALS AND REMEDIES FOR PROTESTS*

***State law reference—**Administrative appeals, Code of Virginia, § 2.2-4365.

Sec. 21-161. Ineligibility of bidder, offeror or contractor.

(a) Any bidder, offeror or contractor refused permission to participate or disqualified from participating in public contracts shall be notified in writing. Such notice shall state the reasons for the action taken. This decision shall be final unless the bidder, offeror or contractor appeals the decision as provided in Section 21-168 for administrative appeals or, in the alternative, by instituting legal action as provided in Section 21-169.

(b) If, upon appeal, it is determined that the action taken was not an honest exercise of discretion, but rather was arbitrary or capricious or not in accordance with the State constitution or any applicable State law or regulation, then the sole relief shall be restoration of eligibility.

(Code 1993, § 22.1-106; Code 2004, § 74-186; Code 2015, § 21-161)

Sec. 21-162. Appeal of denial of withdrawal of bid.

(a) A decision denying withdrawal of a bid under Section 21-53 on withdrawal of bid due to error shall be final and conclusive unless the bidder appeals the decision as provided in Section 21-168 for administrative appeals or, in the alternative, by instituting legal action as provided in Section 21-169.

(b) If no bid bond was posted, a bidder refused withdrawal of a bid under Section 21-53, prior to appealing, shall deliver to the Director a certified check or cash bond in the amount of the difference between the bid sought to be withdrawn and the next lowest bid. Such security shall be released only upon a final determination that the bidder was entitled to withdraw the bid.

(c) If, upon appeal, it is determined that the decision refusing withdrawal of the bid was not an honest exercise of discretion, but rather was arbitrary or capricious or not in accordance with the State constitution, any applicable State law or regulation or the terms and conditions of the invitation for bids, the sole relief shall be withdrawal of the bid.

(Code 1993, § 22.1-107; Code 2004, § 74-187; Code 2015, § 21-162)

Sec. 21-163. Determination of nonresponsibility.

(a) Following public opening and announcement of bids received on an invitation for bids, the City shall evaluate the bids in accordance with Section 21-54. At the same time, the City shall determine whether the apparent low bidder is responsible. If the City so determines, it may proceed with an award in accordance with Section 21-55. If the City determines that the apparent low bidder is not responsible, it shall proceed as follows:

(1) Prior to the issuance of a written determination of nonresponsibility, the City shall:

a. Notify the apparent low bidder in writing of the results of the evaluation;

b. Disclose the factual support for the determination; and

c. Allow the apparent low bidder an opportunity to inspect any documents which relate to the determination, if so requested by the bidder within five business days after receipt of the notice.

(2) Within ten business days after receipt of the notice, the bidder may submit rebuttal information challenging the evaluation. The City shall issue its written determination of nonresponsibility based on all information in the possession of the City, including any rebuttal information, within five business days of the date the City received such rebuttal information. At the same time, the City shall notify the bidder in writing of its determination.

(3) Such notice shall state the basis for the determination, which shall be final unless the bidder appeals the decision as provided in Section 21-168 for administrative appeals or, in the alternative, by instituting legal action as provided in Section 21-169.

This subsection shall not apply to procurements involving the prequalification of bidders and the rights of any potential bidders under such prequalification to appeal a decision that such bidders are not responsible.

(b) If, upon appeal, it is determined that the decision of the City was not an honest exercise of discretion,

but rather was arbitrary or capricious or not in accordance with the State constitution, any applicable State law or regulation or the terms and conditions of the invitation for bids and the award of the contract in question has not been made, the sole relief shall be a finding that the bidder is a responsible bidder for the contract in question or a directed award as provided in Section 21-168(a), or both. If it is determined that the decision of the City was not an honest exercise of discretion, but rather was arbitrary or capricious or not in accordance with the State constitution, any applicable State law or regulation or the terms and conditions of the invitation for bids and an award of the contract has been made, the relief shall be as set forth in Section 21-164(b).

(c) A bidder contesting a determination that the bidder is not a responsible bidder for a particular contract shall proceed under this section and may not protest the award or proposed award under Section 21-164.

(d) Nothing contained in this section shall be construed to require the City, when procuring by competitive negotiation, to furnish a statement of the reasons why a particular proposal was not deemed to be the most advantageous.

(Code 1993, § 22.1-107.1; Code 2004, § 74-188; Code 2015, § 21-163)

Sec. 21-164. Protest of award or decision to award.

(a) Any bidder or offeror may protest the award or decision to award a contract by submitting such protest in writing to the Director no later than ten calendar days after the award or the announcement of the decision to award, whichever occurs first. The Director shall not be required to consider protests not properly addressed and delivered to the Director within the ten-calendar-day period. Any potential bidder or offeror on a contract negotiated on an only practical source or emergency basis who desires to protest the award or decision to award such contract shall submit such protest in the same manner no later than ten calendar days after the notice of such contract. However, if the protest of any actual or potential bidder or offeror depends in whole or in part upon information contained in public records pertaining to the procurement transaction which are subject to inspection under Section 21-5, the time within which the protest must be submitted shall expire ten calendar days after those records are available for inspection by such bidder or offeror under Section 21-5 or at such later time as provided in this section. No protest shall be for a claim that the selected bidder or offeror is not a responsible bidder or offeror. The written protest shall include the basis for the protest and the relief sought. The Director shall issue a decision in writing within ten calendar days stating the reasons for the action taken. This decision shall be final unless the bidder or offeror appeals as provided in Section 21-168 for administrative appeals or, in the alternative, by instituting legal action as provided in Section 21-169. Nothing in this subsection shall be construed to permit a bidder or offeror to challenge the validity of the terms or conditions of the invitation for bids or request for proposals.

(b) If, prior to an award, it is determined that the decision to award was not an honest exercise of discretion, but rather was arbitrary or capricious or not in accordance with the State constitution, applicable State law, or the terms and conditions of the invitation for bids, the sole relief shall be a finding to that effect. The Director shall cancel the proposed award or revise it to comply with the law. If, after an award, it is determined that an award of a contract was not an honest exercise of discretion, but rather was arbitrary or capricious or not in accordance with the State constitution, applicable State law, or the terms and conditions of the invitation for bids, the sole relief shall be as provided in subsection (c) of this section. Where the award has been made, but performance has not begun, the performance of the contract may be enjoined. Where the award has been made and performance has begun, the Chief Administrative Officer may declare the contract void upon a finding that this action is in the best interest of the public. Where a contract is declared void, the performing contractor shall be compensated for the cost of performance up to the time of such declaration. In no event shall the performing contractor be entitled to lost profits.

(c) If the Procurement Review Board established by Section 21-168(c)(1) determines, after a hearing held following reasonable notice to all bidders or offerors, that there is probable cause to believe that a decision to award was based on fraud or corruption or on an act in violation of Article VIII of this chapter, the Procurement Review Board may enjoin the award of the contract to a particular bidder or offeror.

(Code 1993, § 22.1-108; Code 2004, § 74-189; Code 2015, § 21-164; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 21-165. Effect of appeal upon contract.

Pending final determination of a protest or appeal pursuant to this article, the validity of a contract awarded and accepted in good faith in accordance with this chapter shall not be affected by the fact that a protest or appeal

has been filed.

(Code 1993, § 22.1-109; Code 2004, § 74-190; Code 2015, § 21-165)

Sec. 21-166. Stay of award during protest.

An award need not be delayed for the period allowed a bidder or offeror to protest, but if a timely protest is filed as provided in Section 21-164 or a timely legal action is filed as provided in Section 21-169, no further action to award the contract will be taken unless there is a written determination that proceeding without delay is necessary to protect the public interest or unless the bid or offer would expire.

(Code 1993, § 22.1-110; Code 2004, § 74-191; Code 2015, § 21-166)

Sec. 21-167. Contractual disputes.

(a) Contractual claims, whether for money or other relief, shall be submitted in writing to the Director no later than 60 calendar days after final payment; however, written notice of the contractor's intention to file such claim shall have been given at the time of the occurrence or beginning of the work upon which the claim is based. Nothing in this section shall preclude a contract from requiring submission of an invoice for final payment within a certain time after completion and acceptance of the work or acceptance of the goods. Pendency of claims shall not delay payment of amounts agreed due in the final payment.

(b) A procedure for consideration of contractual claims shall be included in each contract. Such procedure, which may be incorporated into the contract by reference, shall establish a time limit for a final decision in writing by the Director.

(c) A contractor may not invoke administrative procedures as provided in Section 21-168 or institute legal action as provided in Section 21-169 prior to receipt of the decision on the claim, unless the Director fails to render such decision within the time specified in the contract.

(d) The decision of the Director shall be final and conclusive unless the contractor appeals within 30 calendar days of the date of the final decision on the claim by the Director as provided in Section 21-168 for administrative appeals or, in the alternative, by instituting legal action as provided in Section 21-169.

(e) Nothing in this section shall be construed to authorize or permit any contractor pursuing, by any available procedure, an appeal of a contractual claim or dispute to cease performance of a contract while such claim or dispute is pending.

(Code 1993, § 22.1-111; Code 2004, § 74-192; Code 2015, § 21-167)

Sec. 21-168. Administrative appeals procedure.

(a) An administrative appeals procedure is hereby established for hearing protests of a decision to award or an award, appeals from refusals to allow withdrawal of bids, appeals from disqualifications and determinations of nonresponsibility, appeals from debarments or suspensions, and appeals from decisions on disputes arising during the performance of a contract, or any of these.

(b) Procedures for the initial administrative appeal shall be as follows:

(1) Any act or decision of the City listed in subsection (a) of this section may be appealed or protested by writing to the Director within ten calendar days of the act or decision at issue. The writing must indicate the basis for the protest and the relief sought.

(2) The Director must send a written response to the appeal or protest within ten calendar days of the Director's receipt of the appeal or protest.

(3) If the decision of the Director is not satisfactory to the offeror, bidder or contractor, the offeror, bidder or contractor has ten calendar days from the receipt of the Director's decision to request, in writing, a hearing before the Procurement Review Board. Such letter of request shall be addressed and delivered to the Office of the Director of Procurement Services.

(c) Procedures for hearings shall be as follows:

(1) A Procurement Review Board shall be established, to be comprised of three disinterested individuals,

each appointed by the Director for one-year terms. At the Director's discretion, the Director may reappoint members for additional one-year terms. The members of the Procurement Review Board shall not be employees of the City.

(2) From the receipt of the letter requesting a hearing, the Office of the Director of Procurement Services has ten calendar days to inform the offeror, bidder or contractor of the date, time and location of the hearing. Notice of the hearing must be sent at least ten calendar days prior to the hearing date.

(3) At the hearing before the Procurement Review Board, there shall be an opportunity for both the offeror, bidder or contractor and the City to present pertinent information.

(4) The Procurement Review Board shall issue a written decision containing findings of fact. The findings of fact shall be final and conclusive and shall not be set aside unless they are:

a. Fraudulent, arbitrary or capricious;

b. So grossly erroneous as to imply bad faith; or

c. For denial of prequalification of a potential construction bidder;

such findings were not based upon the criteria for denial of prequalification set forth in Section 21-46. No determination on an issue of law shall be final if appropriate legal action pursuant to Section 21-169 is instituted in a timely manner.

(d) Any party to the administrative appeals procedure, including the City, shall be entitled to institute judicial review if such action is brought within 30 calendar days of receipt of the written decision of the Procurement Review Board.

(Code 1993, § 22.1-112; Code 2004, § 74-193; Code 2015, § 21-168)

Sec. 21-169. Legal actions.

(a) A bidder or offeror, actual or prospective, who is refused permission or disqualified from participating in bidding or competitive negotiations or who is determined not to be a responsible bidder or offeror for a particular contract, may bring an action in the Circuit Court of the City challenging that decision, which shall be reversed only if the petitioner establishes that the decision was not an honest exercise of discretion, but rather was arbitrary or capricious or not in accordance with the State constitution, any applicable State law or regulation, or the terms or conditions of the invitation for bids or request for proposals or, for denial of prequalification of a potential construction bidder, that the decision to deny prequalification was not based upon the criteria for denial of prequalification set forth in Section 21-46(g). If the apparent low bidder, having been previously determined by the City to be not responsible, is found by the court to be a responsible bidder, the court may direct the City to award the contract, forthwith, to such bidder in accordance with the requirements of this section and the invitation for bids. Section 21-164(b) shall apply to any such award directed by the court.

(b) A bidder denied withdrawal of a bid under Section 21-53 may bring an action in the Circuit Court of the City challenging that decision, which shall be reversed only if the bidder establishes that the decision of the City was not an honest exercise of discretion, but rather was arbitrary or capricious or not in accordance with the State constitution, any applicable State law or regulation, or the terms and conditions of the invitation for bids.

(c) A bidder, offeror or contractor may bring an action in the Circuit Court of the City challenging a proposed award or the award of a contract, which shall be reversed only if the petitioner establishes that the proposed award or the award is not an honest exercise of discretion, but rather is arbitrary, capricious or not in accordance with the State constitution, applicable State law or regulation, or the terms and conditions of the invitation for bids or request for proposals.

(d) If injunctive relief is granted, the court, upon request of the City, shall require the posting of reasonable security to protect the City.

(e) A contractor may bring an action involving a contract dispute with the City in the Circuit Court of the City.

(f) A bidder, offeror or contractor need not utilize administrative procedures as provided in Section 21-168, but if those procedures are invoked by the bidder, offeror or contractor, the procedures shall be exhausted prior to

instituting legal action concerning the same procurement transaction unless the City Council adopts a resolution providing otherwise.

(g) Nothing in this section shall be construed to prevent the City from instituting legal action against a contractor.

(Code 1993, § 22.1-113; Code 2004, § 74-194; Code 2015, § 21-169)

Sec. 21-170. Alternative dispute resolution.

The City may enter into agreements to submit disputes arising from contracts entered into pursuant to this chapter to arbitration and to utilize mediation and other alternative dispute resolution procedures; however, such procedures entered into by the City shall be nonbinding.

ARTICLE VI. DEVELOPMENT ASSISTANCE TO MINORITY BUSINESS ENTERPRISES AND EMERGING SMALL BUSINESSES*

***Cross reference**—Office of Minority Business Development, § 2-647 et seq.; Minority Business Enterprise and Emerging Small Business Advisory Board, § 2-822 et seq.; human rights, Ch. 17.

Sec. 21-194. Purpose.

The purpose of this article is to promote the wider participation by minority business enterprises and emerging small businesses in public contracts, either as general contractors or subcontractors, by assisting such businesses in their growth and development.

(Code 1993, § 22.1-126; Code 2004, § 74-231; Code 2015, § 21-194)

Sec. 21-195. Authority to establish programs to facilitate development and expand participation in public procurement.

In addition to the programs set forth in this article, the Office of Minority Business Development may establish other programs consistent with all provisions of this chapter to facilitate the growth, development and participation of minority business enterprises and emerging small businesses in public procurement transactions. Such programs shall be in writing and may include cooperation with the State Department of Minority Business Enterprise, the United States Small Business Administration and other public or private agencies.

(Code 1993, § 22.1-127; Code 2004, § 74-232; Code 2015, § 21-195; Ord. No. 2006-134-105, § 1, 5-8-2006)

Sec. 21-196. Sheltered market program.

The Office of Minority Business Development may establish a sheltered market program for minority business enterprises and emerging small businesses. Any such sheltered market program shall be designed to assist in the growth and development of minority business enterprises and emerging small businesses by providing them with the opportunity to compete against similar firms for certain contracts. The sheltered market program shall, at a minimum, require the following:

(1) That not more than 50 percent of all contracts procured by competitive sealed bidding and competitive negotiation as required by this chapter with a value under $200,000.00 be procured only from minority business enterprises and emerging small businesses qualifying as participants in the sheltered market program;

(2) That all contracts procured under small purchase or other provisions of this chapter that exempt such contracts from competitive sealed bidding and competitive negotiation requirements first be solicited solely from participants in the sheltered market program offered by the City where there are qualified, willing and able participants;

(3) Each participant in the sheltered market program to submit to a business needs assessment and to obtain technical assistance offered by a technical assistance program in those areas where such assistance is shown to be necessary; and

(4) Any participant in the sheltered market program serving as a prime contractor for a City contract to offer all subcontracting opportunities to other participants in the sheltered market program prior to hiring other businesses as subcontractors.

(Code 1993, § 22.1-128; Code 2004, § 74-233; Code 2015, § 21-196; Ord. No. 2006-134-105, § 1, 5-8-2006)

ARTICLE VII. UTILIZATION OF MINORITY BUSINESS ENTERPRISES AND EMERGING SMALL BUSINESSES*

***Cross reference**—Office of Minority Business Development, § 2-647 et seq.; Minority Business Enterprise and Emerging Small Business Advisory Board, § 2-822 et seq.; human rights, Ch. 17.

DIVISION 1. GENERALLY

Sec. 21-216. Purpose.

The purpose of this article is to increase the number of minority business enterprises and emerging small businesses that participate meaningfully in all contracts. To this end, the City shall use good faith efforts and shall require good faith efforts by all parties who engage in contracting with the City to the following ends:

(1) To stimulate the creation and development of minority business enterprise and emerging small business contractors and subcontractors, and to advance in reasonable and responsible ways, and deliberately and consistently over the long-term, their entrance into and participation in contracts;

(2) To encourage, in reasonable and responsible ways and deliberately and consistently over the long-term, the participation of minority and local disadvantaged individuals at higher skill and responsibility levels within non-minority firms engaged in contracting and subcontracting; and

(3) To encourage voluntary efforts by the private sector aimed at increasing the participation of minority business enterprises and emerging small businesses in contracts.

(Code 1993, § 22.1-136; Code 2004, § 74-266; Code 2015, § 21-216)

Sec. 21-217. Covered contracts.

The City, in awarding contracts to its contractors, including suppliers, for the sale and furnishing of supplies, materials and equipment, for providing contractual services, and for writing and furnishing policies of insurance and surety bonds in which the City is the principal insured or party for whom such bond is written and for which policy of insurance or bond the premium charged is billed to the City, shall strive to obtain a minimum of 20 percent of same from minority business enterprises and emerging small businesses in the annual aggregate expenditure for such contracts and services.

(Code 1993, § 22.1-137; Code 2004, § 74-267; Code 2015, § 21-217)

Sec. 21-218. Applicability to non-City recipients of City funds.

To the maximum extent permitted by applicable law, all non-City recipients of more than $100,000.00 of City funds in a fiscal year shall comply in all respects with the requirements of this article in the expenditure of such funds. Further, such recipients shall be subject to an audit, at their sole expense, by the City Auditor of their compliance with the requirements of this article. The Mayor shall ensure that each ordinance he proposes which appropriates City funds to such recipients contains the requirements of this section as conditions of the appropriation.

(Code 1993, § 22.1-138; Code 2004, § 74-268; Code 2015, § 21-218; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 21-219. Discrimination prohibited.

In the solicitation or awarding of contracts, the City shall not discriminate because of race, religion, color, sex, or national origin of the bidder or offeror.

(Code 1993, § 22.1-139; Code 2004, § 74-269; Code 2015, § 21-219)

Sec. 21-220. Official goals for contracting with minority business enterprises and emerging small businesses.

(a) It shall be the official goal of the City to increase the dollar value of all contracts awarded to minority business enterprise and emerging small business contractors and subcontractors to the highest level that is reasonably achievable for any particular field of contracting.

(b) It is acknowledged that the availability of minority business enterprise and emerging small business contractors and subcontractors may be lower in some areas than in others and that this lack of availability may have an impact on the degree to which contractors can reasonably comply with this policy. Therefore, the Chief Administrative Officer shall take the current availability of minority business enterprise and emerging small business contractors and subcontractors, in addition to other factors, into consideration in the implementation and enforcement of this policy.

(Code 1993, § 22.1-140; Code 2004, § 74-270; Code 2015, § 21-220; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 21-221. Rules and regulations.

The Director, in cooperation with the Office of Minority Business Development, shall be authorized to promulgate rules and regulations to implement this article.

(Code 1993, § 22.1-141; Code 2004, § 74-271; Code 2015, § 21-221; Ord. No. 2006-134-105, § 1, 5-8-2006)

Secs. 21-222—21-250. Reserved.

DIVISION 2. ENFORCEMENT AND ACCOUNTABILITY

Sec. 21-251. Debarment of contractors for improper activities.

Any contractor, bidder or offeror, or any principal thereof or person associated therewith, found to have engaged in substantial and intentional misrepresentation concerning either good faith minority business enterprise and emerging small business participation efforts or minority ownership status shall be debarred from any City contracting for a period of two years. This debarment shall also extend to any successor firm substantially controlled or managed, whether directly or indirectly, by any officers of or persons associated with the debarred bidder, offeror or contractor. The Chief Administrative Officer or a designee thereof shall make this determination and shall report any such debarment in writing to the City Council.

(Code 1993, § 22.1-142; Code 2004, § 74-301; Code 2015, § 21-251; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 21-252. Racial discrimination in construction contract bonding and insurance.

In construction contracting, if any person is found by the Chief Administrative Officer or a designee to have engaged in discrimination on the basis of race in the granting of bonds or insurance to persons who contract with or desire to contract with the City, or to persons who receive subcontracts or desire to receive a subcontract in connection with a City contract, the person shall be deemed unqualified to submit a bond or insurance for any City construction contract unless and until the Chief Administrative Officer or a designee thereof determines that the discrimination has been purged and that adequate assurances have been made that it will not recur. Any determination by the Chief Administrative Officer of a violation of this section shall be reported in writing to the City Council.

(Code 1993, § 22.1-143; Code 2004, § 74-302; Code 2015, § 21-252; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 21-253. Chief Administrative Officer to enforce article and to make reports to City Council.

(a) The Chief Administrative Officer shall take all steps necessary to ensure that all agency heads, project managers and other officers and employees of the City comply fully with the requirements of this article. The failure of such officers and employees to comply with the requirements of this article shall be deemed grounds for disciplinary action, up to and including termination, pursuant to applicable personnel policies. Further, the Chief Administrative Officer shall monitor the compliance with this article by any non-City recipient of more than $100,000.00 in City funds in a fiscal year.

(b) At the conclusion of each fiscal year, the Chief Administrative Officer shall report to the City Council on the number and proportion of minority business enterprise, emerging small business and woman business enterprise contractors and subcontractors located in the Richmond Standard Metropolitan Statistical Area and on the level of minority business enterprise, emerging small business and woman business enterprise participation in

contracts that have been awarded by each agency of City government and by each non-City recipient of more than $100,000.00 in City funds during that fiscal year, both as to prime contractors and as to subcontractors. Such report shall include, but not be limited to, the following:

(1) The level of such minority business enterprise, emerging small business and woman business enterprise participation in City contracts by type of contract (i.e., professional services, nonprofessional services, construction, commodities or goods, etc.);

(2) The location of all City contractors categorized by type of contract (i.e., professional services, nonprofessional services, construction, commodities or goods, etc.);

(3) The extent to which minority business enterprises participating as contractors or subcontractors in contracts awarded by the City have their places of business in the City and, if not, where those minority business enterprises have their places of business; and

(4) A list of all waivers from the emerging small business and minority business enterprise participation requirements of this chapter granted by the Chief Administrative Officer indicating the reasons for each.

(c) For the purposes of this subsection, the term "woman business enterprise" means a business that cannot qualify as a minority business enterprise or as an emerging small business as defined in Section 21-4, at least 51 percent of which is owned and controlled or 51 percent woman-owned and operated by a woman or women or, in the case of a stock corporation, at least 51 percent of the stock of which is owned and controlled by a woman or women.

(Code 1993, § 22.1-144; Code 2004, § 74-303; Code 2015, § 21-253; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 21-254. Renewal of existing contracts.

No contract shall be renewed unless the contractor has first reported to the Chief Administrative Officer or a designee thereof on the good faith minority business enterprise and emerging small business participation efforts which have been made during the contract period.

(Code 1993, § 22.1-145; Code 2004, § 74-304; Code 2015, § 21-254; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 21-255. Chief Administrative Officer to provide sufficient staff.

The Chief Administrative Officer shall take all necessary steps to provide, on an ongoing basis, sufficient staff to the Department of Procurement Services and the Office of Minority Business Development to ensure that proper records and statistics are gathered and maintained to determine the effectiveness of the City's efforts to assist the development and use of minority business enterprises and emerging small businesses. The Chief Administrative Officer shall also provide sufficient staff to monitor and enforce contract compliance and to ensure that the requirements and objectives of this chapter are met.

(Code 1993, § 22.1-146; Code 2004, § 74-305; Code 2015, § 21-255; Ord. No. 2004-360-330, § 1, 12-13-2004; Ord. No. 2006-134-105, § 1, 5-8-2006)

ARTICLE VIII. ETHICS IN PUBLIC CONTRACTING*

***Cross reference—**Officers and employees, § 2-57 et seq.

State law reference—Ethics in public contracting, Code of Virginia, § 2.2-4367 et seq.

Sec. 21-274. Purpose.

(a) The provisions of this article supplement, but shall not supersede, other provisions of law, including, but not limited to, the State and Local Government Conflict of Interests Act, Code of Virginia, § 2.2-3100 et seq.; the Virginia Governmental Frauds Act, Code of Virginia, § 18.2-498.1 et seq.; and Code of Virginia, Title 18.2, Ch. 10, Arts. 2 and 3 (Code of Virginia, §§ 18.2-438 et seq. and 18.2-446 et seq.).

(b) The provisions of this article apply notwithstanding the fact that the conduct described may not constitute a violation of the State and Local Government Conflict of Interests Act (Code of Virginia, § 2.2-3100 et seq.).

(Code 1993, § 22.1-151; Code 2004, § 74-341; Code 2015, § 21-274)

State law reference—Similar provisions, Code of Virginia, § 2.2-4367.

Sec. 21-275. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Immediate family means a spouse, children, parents, brothers and sisters, and any other person living in the same household as the employee.

Official responsibility means administrative or operating authority, whether immediate or final, to initiate, approve, disapprove or otherwise affect a procurement transaction or any claim resulting therefrom.

Pecuniary interest arising from the procurement means a personal interest in a contract as defined in the State and Local Government Conflict of Interests Act, Code of Virginia, § 2.2-3100 et seq.

Procurement transaction means all functions that pertain to the obtaining of any goods, services or construction, including description of requirements, selection and solicitation of sources, preparation and award of the contract, and all phases of contract administration.

Public employee means any person employed by the City, including elected officials or appointed members of the City Council.

(Code 1993, § 22.1-152; Code 2004, § 74-342; Code 2015, § 21-275)

Cross reference—Definitions generally, § 1-2.

State law reference—Similar provisions, Code of Virginia, § 2.2-4368.

Sec. 21-276. Proscribed participation by public employees in procurement transaction.

Except as may be specifically allowed by Code of Virginia, § 2.2-3112(B)(1)—(B)(3), no public employee having official responsibility for a procurement transaction shall participate in that transaction on behalf of the City when the employee knows that:

(1) The employee is contemporaneously employed by a bidder, offeror or contractor involved in the procurement transaction;

(2) The employee, the employee's partner, or any member of the employee's immediate family holds a position with a bidder, offeror or contractor, such as an officer, director, trustee, partner, or the like, or is employed in a capacity involving personal and substantial participation in the procurement transaction, or owns or controls an interest of more than five percent;

(3) The employee, the employee's partner, or any member of the employee's immediate family has a pecuniary interest arising from the procurement transaction; or

(4) The employee, the employee's partner, or any member of the employee's immediate family is negotiating, or has an arrangement concerning, prospective employment with a bidder, offeror or contractor.

State law reference—Similar provisions, Code of Virginia, § 2.2-4369.

Sec. 21-277. Solicitation or acceptance of gifts.

No public employee having official responsibility for a procurement transaction shall solicit, demand, accept, or agree to accept from a bidder, offeror, contractor or subcontractor any payment, loan, subscription, advance, deposit of money, services or anything of more than nominal or minimal value, present or promised, unless consideration of substantially equal or greater value is exchanged. The City may recover the value of anything conveyed in violation of this section.

(Code 1993, § 22.1-154; Code 2004, § 74-344; Code 2015, § 21-276)

State law reference—Similar provisions, Code of Virginia, § 2.2-4371(A).

Sec. 21-278. Disclosure of subsequent employment.

No public employee or former public employee having official responsibility for procurement transactions

shall accept employment with any bidder, offeror or contractor with whom the employee or former employee dealt in an official capacity concerning procurement transactions for a period of one year from the cessation of employment by the City unless the employee or former employee provides written notification to the Chief Administrative Officer prior to commencement of employment by that bidder, offeror or contractor.

(Code 1993, § 22.1-155; Code 2004, § 74-345; Code 2015, § 21-278; Ord. No. 2004-360-330, § 1, 12-13-2004)

State law reference—Similar provisions, Code of Virginia, § 2.2-4370.

Sec. 21-279. Gifts by bidders, offerors, contractors or subcontractors.

No bidder, offeror, contractor or subcontractor shall confer upon any public employee having official responsibility for a procurement transaction any payment, loan, subscription, advance, deposit of money, services or anything of more than nominal value, present or promised, unless consideration of substantially equal or greater value is exchanged.

(Code 1993, § 22.1-156; Code 2004, § 74-346; Code 2015, § 21-279)

State law reference—Similar provisions, Code of Virginia, § 2.2-4371(B).

Sec. 21-280. Kickbacks.

(a) No contractor or subcontractor shall demand or receive from any of his or her suppliers or his or her subcontractors, as an inducement for the award of a subcontract or order, any payment, loan, subscription, advance, deposit of money, services or anything, present or promised, unless consideration of substantially equal or greater value is exchanged.

(b) No subcontractor or supplier shall make or offer to make kickbacks as described in this section.

(c) No person shall demand or receive any payment, loan, subscription, advance, deposit of money, services or anything of value in return for an agreement not to compete on a public contract.

(d) If a subcontractor or supplier makes a kickback or other prohibited payment as described in this section, the amount thereof shall be conclusively presumed to have been included in the price of the subcontract or order and ultimately borne by the City and will be recoverable from both the maker and recipient. Recovery from one offending party shall not preclude recovery from other offending parties.

(Code 1993, § 22.1-157; Code 2004, § 74-347; Code 2015, § 21-280)

State law reference—Similar provisions, Code of Virginia, § 2.2-4372.

Sec. 21-281. Participation in bid preparation; limitation on submitting bid for same procurement.

(a) No person who, for compensation, prepares an invitation for bids or request for proposals for or on behalf of the City shall submit a bid or proposal for that procurement or any portion thereof, or disclose to any bidder or offeror information concerning the procurement which is not available to the public. However, the Chief Administrative Officer may permit such person to submit a bid or proposal for that procurement or any portion thereof if the City determines that the exclusion of such person would limit the number of potential qualified bidders or offerors in a manner contrary to the best interest of the City. This determination shall be stated in writing and kept as part of the procurement's records.

(b) For the purpose of this section only, the term "prepares" shall include, but not be limited to:

(1) Serving as a director or deputy director of the agency which has initiated the procurement;

(2) Serving as the Director of Procurement Services after the Department of Procurement Services has received information on an agency's intent to procure;

(3) Serving as the procurement manager for the agency which has initiated the procurement;

(4) Serving as the procurement officer in charge of the procurement;

(5) Assisting in the development of specifications for invitations for bids or requests for proposals;

(6) Attending an evaluation committee meeting that is closed to the public;

(7) Voting on or scoring a bid or proposal; or

(8) Any other participation in the procurement process which could lead to unfair advantage.

(c) The determination of disqualification under this section shall be made by the Chief Administrative Officer.

(d) A contractor submitting a bid or proposal may appeal a determination of disqualification under this section by following the administrative appeals procedure as provided in Section 21-168 or, in the alternative, instituting legal action as provided in Section 21-169.

(Code 1993, § 22.1-157.1; Code 2004, § 74-348; Code 2015, § 21-281; Ord. No. 2004-360-330, § 1, 12-13-2004)

State law reference—Similar provisions, Code of Virginia, § 2.2-4373.

Sec. 21-282. Purchase of building materials, etc., from architect or engineer prohibited.

(a) No building materials, supplies or equipment for any building or structure constructed by or for the City shall be sold by or purchased from any person employed as an independent contractor by the City to furnish architectural or engineering services, but not construction, for such building or structure, or from any partnership, association or corporation in which such architect or engineer has a personal interest as defined in Code of Virginia, § 2.2-3101.

(b) No building materials, supplies or equipment for any building or structure constructed by or for the City shall be sold by or purchased from any person who has provided or is currently providing design services specifying a sole source for such materials, supplies or equipment to be used in such building or structure to the independent contractor employed by the City to furnish architectural or engineering services in which such person has a personal interest as defined in Code of Virginia, § 2.2-3101.

(c) The provisions of subsections (a) and (b) of this section shall not apply in cases of emergency.

(Code 1993, § 22.1-158; Code 2004, § 74-349; Code 2015, § 21-282)

State law reference—Similar provisions, Code of Virginia, § 2.2-4374.

Sec. 21-283. Certification of compliance required; penalty for false statements.

(a) The City may require public employees having official responsibility for procurement transactions in which they participated to annually submit for such transactions a written certification that they complied with the provisions of this article.

(b) Any public employee required to submit a certification as provided in subsection (a) of this section who knowingly makes a false statement in such certification shall be punished as provided in Section 21-285.

(Code 1993, § 22.1-159; Code 2004, § 74-350; Code 2015, § 21-283)

State law reference—Similar provisions, Code of Virginia, § 2.2-4375.

Sec. 21-284. Misrepresentations prohibited.

No public employee having official responsibility for a procurement transaction shall:

(1) Knowingly falsify, conceal, or misrepresent a material fact;

(2) Knowingly make any false, fictitious or fraudulent statements or representations; or

(3) Make or use any false writing or document knowing the writing or document to contain any false, fictitious or fraudulent statement or entry.

(Code 1993, § 22.1-160; Code 2004, § 74-351; Code 2015, § 21-284)

State law reference—Similar provisions, Code of Virginia, § 2.2-4376.

Sec. 21-285. Penalty for violation.

Willful violation of any provision of this article shall constitute a Class 1 misdemeanor. Upon conviction, any public employee, in addition to any other fine or penalty provided by law, shall forfeit his or her employment.

(Code 1993, § 22.1-161; Code 2004, § 74-352; Code 2015, § 21-285)

ARTICLE IX. PUBLIC-PRIVATE PARTNERSHIPS

Sec. 21-304. Purpose; definitions; application.

(a) *Purpose.* This article establishes procedures for the implementation by the City of the Public-Private Transportation Act of 1995, codified in Code of Virginia, Title 33.2, Ch. 18 (Code of Virginia, § 33.2-1800 et seq.), and the Public-Private Education Facilities and Infrastructure Act of 2002, codified in Code of Virginia, Title 56, Ch. 22.1 (Code of Virginia, § 56-575.1 et seq.). Pursuant to State law, this article allows the City to create public-private partnerships for the development of a wide range of projects for public use if the City determines that:

(1) There is a need for the project; and

(2) Private involvement may provide the project to the public in a timely or cost-effective fashion.

(b) *Definitions.* Terms used in this article shall have the meanings ascribed to them by Code of Virginia, § 33.2-1800 or 56-575.1 or Section 21-4, unless the context clearly indicates a different meaning. The term "project" or "qualifying project," as used in this article, shall also refer to qualifying transportation facilities, unless the context clearly indicates a different meaning.

(c) *Application.* This article applies only to projects defined as "qualifying transportation facilities" under Code of Virginia, § 33.2-1800 or "qualifying projects" under Code of Virginia, § 56-575.1. Such projects include the following:

(1) Any education facility, including, but not limited to, a school building, any functionally related and subordinate facility and land to a school building (including any stadium or other facility primarily used for school events), and any depreciable property provided for use in a school facility that is operated as part of the public school system or as an institution of higher education;

(2) Any building or facility for principal use by any public entity;

(3) Any improvements, together with equipment, necessary to enhance public safety and security of buildings to be principally used by a public entity;

(4) Utility and telecommunications and other communications infrastructure;

(5) A recreational facility;

(6) Technology infrastructure, including, but not limited to, telecommunications, automated data processing, word processing and management information systems, and related information, equipment, goods and services; or

(7) Any road, bridge, tunnel, overpass, ferry, airport, mass transit facility, vehicle parking facility, port facility or similar commercial facility used for the transportation of persons or goods, together with any other property that is needed to operate the transportation facility, acquired, constructed, improved, maintained and/or operated by a private entity pursuant to the Public-Private Transportation Act of 1995, codified in Code of Virginia, Title 33.2, Ch. 18 (Code of Virginia, § 33.2-1800 et seq.).

Nothing in this article shall be interpreted or construed to affect the City's duty to comply with any other applicable law not in conflict with the Public-Private Transportation Act of 1995, codified in Code of Virginia, Title 33.2, Ch. 18 (Code of Virginia, § 33.2-1800 et seq.), or the Public-Private Education Facilities and Infrastructure Act of 2002, codified in Code of Virginia, Title 56, Ch. 22.1 (Code of Virginia, § 56-575.1 et seq.).

(d) *Cooperative process.* This subsection acknowledges that some projects may involve more than one responsible public entity and that the City may learn of its status as a responsible public entity for a project after proposals have been submitted to or a process already begun by another responsible public entity for that project. Notwithstanding any provision of this article to the contrary, the City may, at its sole discretion, when it determines that it is one of multiple responsible public entities for a project, enter into a cooperative process with other responsible public entities for that project using procedures adopted by another responsible public entity pursuant to applicable State law. The City may enter into such a cooperative process for a project at any phase in the other responsible public entity's process only if:

(1) A review committee convened pursuant to Section 21-305(f) determines in writing that:

a. The City is one of multiple responsible public entities for a project;

b. The process the City seeks to join and the procedures governing that process comply with applicable State law; and

c. It is in the best interests of the City to join in a cooperative process with one or more other responsible public entities for that project;

(2) The other responsible public entity agrees to allow the City to participate fully as a responsible public entity in such process;

(3) All proposers for that project provide the City with a copy of all documents and other information they have submitted to the other responsible public entity; and

(4) The proposer pays to the City all proposal review fees that Section 21-307(b) would require the proposer to pay if the proposer had initially submitted his proposal to the City.

(Code 1993, § 22.1-170; Code 2004, § 74-401; Code 2015, § 21-304; Ord. No. 2004-27-41, § 1, 2-23-2004)

Cross reference—Definitions generally, § 1-2.

Sec. 21-305. Proposal submission—Generally.

(a) *In general.* Proposals may be either solicited by the City or submitted to the City by a private entity on an unsolicited basis. In general, proposals should provide a concise description of the proposer's capabilities to complete the proposed qualifying project and the benefits to be derived from the project by the City. The City will consider project benefits occurring during the construction, renovation, expansion or improvement phase and during the life-cycle of the project. Each proposal shall identify specifically or conceptually any facility, building, infrastructure or improvement included in that proposal as part of a qualifying project. Proposals also shall include a comprehensive scope of work and a financial plan for the project, containing enough detail to allow an analysis by the City of the financial feasibility of the proposed project, including, but not limited to:

(1) The identity of any parties expected to provide financing for the project; and

(2) A statement indicating whether the proposer intends to request that the City provide resources for financing the project and the nature and extent of any such resources.

(b) *Receipt of proposals; clarifications.* All proposals, whether solicited or unsolicited, shall be submitted to the Director of Procurement Services. Each proposal submitted under this article shall be clearly identified as a "PPEA proposal." Further, the City may require that any proposal be clarified. Such clarification may include, but need not be limited to:

(1) Submission of additional documentation;

(2) Responses to specific questions; and

(3) Interviews with potential project participants.

(c) *Affected local jurisdictions.* Any private entity requesting approval from or submitting a conceptual or detailed proposal to the City shall provide each affected local jurisdiction with a copy of the private entity's request for proposal by certified mail, express delivery or hand delivery. Affected local jurisdictions other than the City shall have 60 calendar days from the receipt of the request for proposal to submit written comments to the City and to indicate whether the proposed qualifying project is compatible with that affected local jurisdiction's:

(1) Local comprehensive plan;

(2) Local infrastructure development plans; or

(3) Capital improvements budget or other government spending plan.

Comments received within the 60-day period shall be given consideration by the City, and no negative inference shall be drawn from the absence of comment by an affected local jurisdiction.

(d) *Commitment to minority business opportunities.* The City is committed to providing contracting and subcontracting opportunities for minority business enterprises. It is the policy of the City that:

(1) This article shall not be used to circumvent other provisions of this chapter relating to participation by minority business enterprises in City projects; and

(2) All criteria set forth in this chapter related to participation by minority business enterprises in City projects be applied fully to all proposals, solicited or unsolicited, received by the City pursuant to this article.

(e) *Two-phase process.* The City shall require proposers to follow a two-part proposal submission process consisting of a conceptual phase and a detailed phase. The conceptual phase proposal shall contain specified information on proposer qualifications and experience, project characteristics, project financing, anticipated public support or opposition, or both, and project benefit and compatibility. The detailed phase proposal shall contain specified deliverables.

(f) *Review committee.* A review committee shall review all proposals, whether solicited or unsolicited, received pursuant to this article. At a minimum, the review committee shall consist of:

(1) The Director of Procurement Services or a designee thereof;

(2) A representative of the Office of Minority Business Development;

(3) A representative of each department or other agency of the City affected by the proposal; and

(4) A person selected by the City Council to represent it.

The review committee may include such other members as it deems essential to the review of the proposal, including external consultants.

(g) *Freedom of information; confidential proprietary information.*

(1) *In general.* Proposal documents submitted by private entities are subject to the Virginia Freedom of Information Act, Code of Virginia, § 2.2-3700 et seq. The City shall release those documents if requested as required by that Act, except to the extent that they relate to:

a. Confidential proprietary information submitted to the City under a promise of confidentiality; or

b. Memoranda, working papers or other records related to proposals if making public such records would adversely affect the financial interest of the City or the private entity or the bargaining position of either party. Once a comprehensive agreement has been entered into, and the process of bargaining of all phases or aspects of the comprehensive agreement is complete, the City shall make available, upon request, procurement records in accordance with Section 21-5.

(2) *Invocation of exclusion from disclosure requirement.*

a. When the private entity requests that the City not disclose information, the private entity must:

1. Invoke the exclusion when the data or materials are submitted to the City;

2. Identify the data and materials for which protection from disclosure is sought; and

3. State why the exclusion from disclosure is necessary.

b. A private entity may request and receive a determination from the City as to the anticipated scope of protection prior to submitting the proposal. The City is authorized and obligated to protect only confidential proprietary information, and thus will not protect any portion of a proposal from disclosure if the entire proposal has been designated confidential by the proposer without reasonably differentiating between the proprietary and nonproprietary information contained therein.

(3) *Advance determination of exclusion from disclosure requirement.* Upon receipt of a request that designated portions of a proposal be protected from disclosure as confidential and proprietary, the City shall determine whether such protection is appropriate under applicable law and, if appropriate, the scope of such protection, and shall communicate its determination to the proposer. If the determination regarding protection or the scope thereof differs from the proposer's request, then the City shall accord the proposer a reasonable opportunity to clarify and justify its request. Upon a final determination by the City to accord less protection than requested by the proposer, the proposer shall be accorded an

opportunity to withdraw its proposal. A proposal so withdrawn shall be treated in the same manner as a proposal not accepted for publication and conceptual phase consideration as provided in Section 21-307(c).

(Code 1993, § 22.1-171; Code 2004, § 74-402; Code 2015, § 21-305; Ord. No. 2004-27-41, § 1, 2-23-2004; Ord. No. 2006-134-105, § 1, 5-8-2006; Ord. No. 2011-159-2012-163, § 1, 10-8-2012)

Sec. 21-306. Proposal submission—Solicited proposals.

(a) *In general.* The City may solicit bids or proposals from private entities to acquire, construct, improve, renovate, expand, maintain, operate, implement or install qualifying projects or to design or equip projects so constructed, improved, renovated, expanded, maintained, operated, implemented or installed. The City may schedule and hold pre-bid or pre-proposal conferences as it deems appropriate.

(b) *Methods of solicitation.* When proceeding under this article, the City shall use competitive sealed bidding as defined in Section 21-4 to procure a comprehensive agreement concerning a qualifying project. However, the City may use competitive negotiation as defined in Section 21-4 and as outlined for the procurement of nonprofessional services in Article II of this chapter to procure a comprehensive agreement concerning a qualifying project if the Director determines in writing, stating the reasons for the determination, that the use of competitive negotiation is likely to be advantageous to the City and the public, based on:

(1) The probable scope, complexity or urgency of the project; or

(2) Risk sharing, added value, an increase in funding or economic benefit from the project that would not otherwise be available.

(c) *Contents of solicitation.* The solicitation may invite bidders or offerors to submit bids or proposals on individual projects identified by the City. The City shall set forth in the solicitation the format and supporting information required to be submitted. The solicitation shall contain or incorporate by reference the applicable terms and conditions, including any unique capabilities or qualifications that will be required of the private entities submitting proposals.

(d) *Public notice.* The City shall post, publish and otherwise advertise the solicitation as required by this chapter and in the manner in which the City customarily posts, publishes and advertises its invitations to bid or requests for proposals.

(Code 1993, § 22.1-172; Code 2004, § 74-403; Code 2015, § 21-306; Ord. No. 2004-27-41, § 1, 2-23-2004)

Sec. 21-307. Proposal submission—Unsolicited proposals.

(a) *In general.* The City may receive, evaluate and select for negotiations unsolicited proposals from private entities to acquire, construct, improve, renovate, expand, maintain, operate, implement or install a qualifying project or to design or equip projects so constructed, improved, renovated, expanded, maintained, operated, implemented or installed. The City may publicize its needs and may encourage interested parties to submit proposals subject to the terms and conditions of this article and the Public-Private Transportation Act of 1995, codified in Code of Virginia, Title 33.2, Ch. 18 (Code of Virginia, § 33.2-1800 et seq.), or the Public-Private Education Facilities and Infrastructure Act of 2002, codified in Code of Virginia, Title 56, Ch. 22.1 (Code of Virginia, § 56-575.1 et seq.), as applicable. Any proposal submitted pursuant to this article that is not received in response to an invitation for bids or a request for proposals shall be treated as an unsolicited proposal under this article. Such unsolicited proposals include, but are by no means limited to:

(1) Proposals received in response to a notice of the prior receipt of another unsolicited proposal as provided for in subsection (d) of this section; and

(2) Proposals received in response to publicity by the City concerning particular needs when the City has not issued a corresponding invitation for bids or request for proposals, even if the City otherwise has encouraged the submission of proposals pursuant to this article that address those needs.

(b) *Proposal review fee.*

(1) *In general.* The City may seek the advice of internal staff or outside advisors or consultants with relevant experience in determining whether to enter into a comprehensive agreement with a private entity as the

result of an unsolicited proposal. The City may charge a fee to the private entity submitting any unsolicited proposal or competing unsolicited proposal to cover the costs of processing, reviewing, and evaluating that unsolicited proposal or competing unsolicited proposal submitted under this article and the Public-Private Transportation Act of 1995, codified in Code of Virginia, Title 33.2, Ch. 18 (Code of Virginia, § 33.2-1800 et seq.), or the Public-Private Education Facilities and Infrastructure Act of 2002, codified in Code of Virginia, Title 56, Ch. 22.1 (Code of Virginia, § 56-575.1 et seq.), including a fee to cover the costs of outside attorneys, consultants and financial advisors.

(2) *Fee to be reasonable.* Any fee charged for such review of a proposal shall be reasonable in comparison to the level of expertise required to review the proposal, shall generally be in the amount necessary to cover all of the City's costs and shall not be greater than the direct costs associated with evaluating the proposed qualifying project. Direct costs may include the:

a. Cost of staff time, including overhead;

b. Cost of any materials, supplies or other resources; and

c. Out-of-pocket costs of attorneys, financial advisors, and other advisors or consultants expended by the City, in its sole discretion, to assist in processing, evaluating, reviewing and responding to the proposal.

(3) *Calculation of fee.* The City may charge the proposal review fee in two parts. The first part of the proposal review fee shall be in the amount of 2 1/2 percent of the value of the qualifying project under the submitted proposal, except that, notwithstanding the preceding, this initial fee shall be no less than $2,500.00 and no more than $50,000.00, and shall be included by the private entity as part of its submitted proposal. The second part of the proposal review fee shall consist of the remaining direct costs not covered by the first part of the proposal review fee and shall be imposed by the City throughout the processing, review and evaluation of the proposal if and as the City reasonably anticipates incurring costs in excess of the first part of the proposal review fee. The City shall notify the proposer of the amount of such additional direct costs as and when it anticipates incurring such costs. Prompt payment of such costs shall be required before the City will continue to process, review and evaluate the proposal.

(4) *Refund of all or part of fee.* The City shall refund all fees submitted by a private entity in connection with an unsolicited proposal if the City decides not to proceed to publication and conceptual phase review of the unsolicited proposal. The City shall refund any portion of fees paid in excess of its direct costs associated with evaluating a proposal. In the event the City chooses to consider more than one proposal in the detailed phase of review, the City shall not refund the fees paid by an unsuccessful proposer for costs incurred during the detailed phase of review.

(c) *Decision to accept and consider unsolicited proposal.* Upon receipt of any unsolicited proposal or group of proposals and payment of any required fee by the proposer or proposers, the City, in its sole discretion, shall determine whether to accept the unsolicited proposal for publication and conceptual phase consideration. If the City, in its sole discretion, determines not to accept the proposal and proceed to publication and conceptual phase consideration, it will return the proposal, together with all fees and accompanying documentation, to the proposer. The City may reject or discontinue its evaluation of any proposal at any time. Further, if the City determines that it is in the City's interest to do so with respect to any unsolicited proposal, the City may eliminate review at the conceptual stage and proceed directly to a review at the detailed stage.

(d) *Public notice of receipt of unsolicited proposal.*

(1) If the City chooses to accept an unsolicited proposal for conceptual phase consideration, it shall post a notice in a public area regularly used by the City for posting of public notices for a period of not less than 45 calendar days. The City shall also publish the same notice in the Virginia Business Opportunities publication and in one or more newspapers or periodicals of general circulation in the City to notify any parties that may be interested in submitting competing unsolicited proposals. In addition, the notice may be advertised in such other publications as the Director may deem advantageous to the City. Such notice shall be so posted and published as to allow for a reasonable period determined by the Director to be appropriate to encourage competition and public-private partnerships pursuant to the goals of this article, such period not to be less than 45 calendar days, during which the City will receive competing proposals

pursuant to this article and the Public-Private Transportation Act of 1995, codified in Code of Virginia, Title 33.2, Ch. 18 (Code of Virginia, § 33.2-1800 et seq.), or the Public-Private Education Facilities and Infrastructure Act of 2002, codified in Code of Virginia, Title 56, Ch. 22.1 (Code of Virginia, § 56-575.1 et seq.), as applicable. The notice shall state that the City:

a. Has received and accepted an unsolicited proposal under the Public-Private Transportation Act of 1995, codified in Code of Virginia, Title 33.2, Ch. 18 (Code of Virginia, § 33.2-1800 et seq.), or the Public-Private Education Facilities and Infrastructure Act of 2002, codified in Code of Virginia, Title 56, Ch. 22.1 (Code of Virginia, § 56-575.1 et seq.), as applicable;

b. Intends to evaluate the proposal;

c. May negotiate a comprehensive agreement with the proposer based on the proposal; and

d. Will accept for simultaneous consideration any competing proposals that comply with this article and the Public-Private Transportation Act of 1995, codified in Code of Virginia, Title 33.2, Ch. 18 (Code of Virginia, § 33.2-1800 et seq.), or the Public-Private Education Facilities and Infrastructure Act of 2002, codified in Code of Virginia, Title 56, Ch. 22.1 (Code of Virginia, § 56-575.1 et seq.), as applicable.

(2) The notice also shall summarize the proposed qualifying project or projects and identify their proposed location or locations. Copies of unsolicited proposals shall be available upon request, subject to the provisions of:

a. Section 21-5;

b. The Virginia Freedom of Information Act, codified in Code of Virginia, Title 2.2, Ch. 37 (Code of Virginia, § 2.2-3700 et seq.); and

c. Code of Virginia, § 56-575.4(G).

During the 45-calendar-day period for receiving competing unsolicited proposals, the City may continue to evaluate the original unsolicited proposal.

(Code 1993, § 22.1-173; Code 2004, § 74-404; Code 2015, § 21-307; Ord. No. 2004-27-41, § 1, 2-23-2004)

Sec. 21-308. Proposal submission—Format of proposals.

(a) *Conceptual phase proposals.* At a minimum, conceptual phase proposals shall contain information in the following areas:

(1) *Qualification and experience.* Proposals shall:

a. Identify the legal structure of the firm or consortium of firms making the proposal and identify the organizational structure for the project, the management approach and how each partner and major subcontractor in the structure fits into the overall team.

b. Describe the experience of the firm or consortium of firms making the proposal and the key principals involved in the proposed project, including experience with projects of comparable size and complexity, and describe the length of time in business, business experience, public sector experience and other engagements of the firm or consortium of firms.

c. Provide the names, addresses, and telephone numbers of persons within the firm or consortium of firms who may be contacted for further information.

d. Provide a current or most recently audited financial statement of the firm or firms and each partner with an equity interest of 20 percent or greater.

(2) *Project characteristics.* Proposals shall:

a. Provide a description of the project, including the conceptual design and, for transportation facilities, all proposed interconnections with other transportation facilities; describe the proposed project in sufficient detail so that type and intent of the project, the location, and the communities that may be affected are clearly identified; and describe all assumptions used in developing the project.

b. Identify and fully describe any work to be performed by the City.

c. Include a list of all Federal, State and local permits and approvals required for the project and a schedule for obtaining such permits and approvals, and identify any permits, approvals or other rights that the City is to obtain, including, but not limited to, rights from railroads.

d. Identify any anticipated adverse social, economic and environmental impacts of the project and specify the strategies or actions to mitigate known impacts of the project.

e. Identify the projected positive social, economic and environmental impacts of the project.

f. Identify the proposed schedule for the work on the project, including the estimated time for completion.

g. Propose allocation of risk and liability for work completed beyond the agreement's completion date, and assurances for timely completion of the project.

h. State assumptions related to ownership, legal liability, law enforcement and operation of the project.

i. Provide information relative to phased or partial openings of the proposed project prior to completion of the entire work.

(3) *Project financing.* Proposals shall:

a. Provide preliminary estimate and estimating methodology of the cost of the work by phase, segment, or both.

b. Submit a plan for the development, financing and operation of the project showing the anticipated schedule on which funds will be required and describe proposed sources and uses for such funds.

c. Include a list and discussion of assumptions underlying all major elements of the plan.

d. Identify the proposed risk factors and methods for dealing with these factors.

e. Identify any local, State or Federal resources that the proposer contemplates requesting for the project and describe the total commitment, if any, expected from governmental sources and the timing of any anticipated commitment.

(4) *Project benefit and compatibility.* Proposals shall:

a. Identify who will benefit from the project, how they will benefit and how the project will benefit the City, the overall community, region, or State.

b. Identify any anticipated public support or opposition, as well as any anticipated government support or opposition, for the project.

c. Explain the strategy and plans that will be carried out to involve and inform the general public, business community, and governmental agencies in areas affected by the project.

d. Describe in detail the proposer's proposed commitments to facilitate participation by minority business enterprises in the project and identify joint ventures and subcontractors.

e. Describe the anticipated significant benefits to the City, the community, region or State including anticipated benefits to the economic condition of the City and whether the project is critical to attracting or maintaining competitive industries and businesses to the City or the surrounding region.

f. Describe the project's compatibility with the City's local comprehensive plan, local infrastructure development plans, local and Statewide transportation plans, and the City's capital improvement program budget or other applicable government spending plans.

(b) *Detailed phase proposals.* If the City decides to proceed to the detailed phase of review with one or more proposals, the following information shall be provided by the private entity which submitted such proposal, unless waived by the City in writing:

(1) A topographical map (1:2,000 or other appropriate scale) depicting the location of the proposed project.

(2) A list of public utility facilities, if any, that will be crossed by the qualifying project and a statement of the plans of the proposer to accommodate such crossings.

(3) A statement setting out the plans for securing all necessary property. The statement must include the names and addresses, if known, of the current owners of the subject property as well as a list of any property the proposer intends to request the City to condemn.

(4) A detailed listing of all firms that will provide specific design, construction and completion guarantees and warranties and a brief description of such guarantees and warranties.

(5) A total life-cycle cost specifying methodology and assumptions of the project or projects and the proposed project start date. The life-cycle cost analysis shall include anticipated commitment of all parties; equity, debt, and other financing mechanisms; and a schedule of project revenues and project costs. The life-cycle cost analysis shall include a detailed analysis of the projected return, rate of return, or both.

(6) A detailed discussion of assumptions about user fees or rates, and usage of the projects and, for transportation facilities, a detailed discussion of toll rates and traffic forecasts and assumptions.

(7) Identification of any known government support or opposition, or general public support or opposition for the project. Government or public support may be demonstrated through resolution of official bodies, minutes of meetings, letters, or other official communications.

(8) Demonstration of consistency with the appropriate City's local comprehensive, transportation or infrastructure development plans or indication of the steps required for acceptance into such plans.

(9) Explanation of how the proposed project would impact local development plans of the City and each affected local jurisdiction.

(10) Identification of any known conflicts of interest or other disabilities that may affect the City's consideration of the proposal.

(11) Such additional material and information as the City may reasonably request.

(Code 1993, § 22.1-174; Code 2004, § 74-405; Code 2015, § 21-308; Ord. No. 2004-27-41, § 1, 2-23-2004)

Sec. 21-309. Proposal review—Conceptual phase.

(a) *Requirements for initial review.* Only proposals complying with the requirements of this article and the Public-Private Transportation Act of 1995, codified in Code of Virginia, Title 33.2, Ch. 18 (Code of Virginia, § 33.2-1800 et seq.), or the Public-Private Education Facilities and Infrastructure Act of 2002, codified in Code of Virginia, Title 56, Ch. 22.1 (Code of Virginia, § 56-575.1 et seq.), as applicable, which contain sufficient information for a meaningful evaluation and that are provided in an appropriate format as set forth in Section 21-308(a) will be considered by the City for further review in the conceptual phase.

(b) *Determination of method of procurement.* For unsolicited proposals, the City shall determine in the conceptual phase review under what method of procurement it will proceed to procure a comprehensive agreement using the criteria set forth in Section 21-306(b).

(c) *Result of review.*

(1) After reviewing the original proposal and any competing proposals submitted during the notice period, the City may determine:

a. Not to proceed further with any proposal;

b. To proceed to the detailed phase of review with the original proposal;

c. To proceed to the detailed phase with a competing proposal; or

d. To proceed to the detailed phase with multiple proposals.

(2) The City shall have the right to reject any proposal at any time for any reason whatsoever. No action or other recourse shall lie against the City or its officers, employees, agents or volunteers for any such

rejection.

(Code 1993, § 22.1-175; Code 2004, § 74-406; Code 2015, § 21-309; Ord. No. 2004-27-41, § 1, 2-23-2004)

Sec. 21-310. Proposal review—Evaluation and selection.

In evaluating and selecting proposals submitted pursuant to this article, the City shall consider the following:

(1) *Qualifications and experience.* The City shall consider the following factors in determining whether the proposer possesses the requisite qualifications and experience:

a. Experience with similar infrastructure projects;

b. Demonstration of ability to perform work;

c. Leadership structure;

d. Project manager's experience;

e. Management approach;

f. Financial condition; and

g. Project ownership.

(2) *Project characteristics.* The City shall consider the following factors in evaluating the project characteristics:

a. Project definition;

b. Proposed project schedule;

c. Operation of the project;

d. Technology; technical feasibility;

e. Conformity to laws, regulations, and standards;

f. Environmental impacts;

g. Federal, State and local permits; and

h. Maintenance of the project.

(3) *Project financing.* The City shall consider the following factors in determining whether the proposed project financing allows adequate access to the necessary capital to finance the project:

a. Cost and cost benefit to the City;

b. Financing and the impact on the debt or debt burden of the City;

c. Financial plan;

d. Estimated cost; and

e. Life-cycle cost analysis.

(4) *Project benefit and compatibility.* The City shall consider the following factors in determining the proposed project's compatibility with the appropriate local or regional comprehensive or development plans:

a. City and community benefits;

b. City and community support or opposition, or both;

c. Public involvement strategy;

d. Commitment to facilitate participation by minority business enterprises in the project;

e. Use of transparent competitive procurement policies adequate to maximize competitive bidding opportunities for potential subcontractors and suppliers;

f. Compatibility with applicable comprehensive, transportation and other governmental plans;

g. Compatibility with existing City facilities; and

h. Compatibility with City, local, regional, and State economic development efforts.

(5) *Approval of transportation facilities.* The City shall not approve any transportation facility unless it determines that the transportation facility serves the public purpose of the Public-Private Transportation Act of 1995, codified in Code of Virginia, Title 33.2, Ch. 18 (Code of Virginia, § 33.2-1800 et seq.), by meeting the requirements of Code of Virginia, § 33.2-1803(C).

(Code 1993, § 22.1-176; Code 2004, § 74-407; Code 2015, § 21-310; Ord. No. 2004-27-41, § 1, 2-23-2004)

Sec. 21-311. Comprehensive agreement.

(a) *In general.* Prior to acquiring, designing, constructing, improving, renovating, expanding, equipping, maintaining, or operating the qualifying project, the selected proposer shall enter into a comprehensive agreement with the City. The City's review committee will be responsible for negotiating the comprehensive agreement. Each comprehensive agreement shall define the rights and obligations of the City and the selected proposer with regard to the project.

(b) *Terms and conditions.* The terms and conditions of the comprehensive agreement shall include, but shall not be limited to:

(1) The delivery of maintenance, performance and payment bonds or letters of credit in connection with the acquisition, design, construction, improvement, renovation, expansion, equipping, maintenance, or operation of the qualifying project, in the forms and amounts satisfactory to the City.

(2) The review of plans and specifications for the qualifying project by the City and approval by the City if the plans and specifications conform to standards acceptable to the City.

(3) The rights of the City to inspect the qualifying project to ensure that the operator's activities are acceptable to the City in accordance with the provisions of the comprehensive agreement.

(4) The maintenance of a policy or policies of liability insurance or self-insurance, copies of which shall be filed with the City accompanied by proofs of coverage, in form and amount satisfactory to the City and reasonably sufficient to insure coverage of the project and the tort liability to the public and employees and to enable the continued operation of the qualifying project.

(5) The monitoring of the practices of the operator by the City to ensure that the qualifying project is properly maintained.

(6) The terms under which the operator will reimburse the City for services provided by the City.

(7) The terms under which the operator will file appropriate financial statements on a periodic basis.

(8) The policies and procedures that will govern the rights and responsibilities of the City and the operator in the event that the comprehensive agreement is terminated or there is a material default by the operator, including the conditions governing assumption of the duties and responsibilities of the operator by the City and the transfer or purchase of property or other interests of the operator by the City.

(9) The mechanism by which user fees, lease payments, or service payments, if any, may be established from time to time upon agreement of the parties. Any payments or fees shall be set at a level that are the same for persons using the facility under like conditions and that will not materially discourage use for the qualifying project. Provisions for the following shall also be included:

a. A copy of any service contract shall be filed with the City.

b. A schedule of the current user fees or lease payments shall be made available by the operator to any member of the public upon request.

c. Classifications according to reasonable categories for assessment of user fees may be made.

(10) The terms and conditions under which the City may contribute financial or in-kind resources, if any, for the qualifying project.

(11) Other provisions that the Public-Private Transportation Act of 1995, codified in Code of Virginia, Title

33.2, Ch. 18 (Code of Virginia, § 33.2-1800 et seq.), or the Public-Private Education Facilities and Infrastructure Act of 2002, codified in Code of Virginia, Title 56, Ch. 22.1 (Code of Virginia, § 56-575.1 et seq.), may require or that the City may deem necessary.

(c) *Use of public funds.* All constitutional and statutory requirements applicable to the appropriation and expenditure of public funds apply to any comprehensive agreement entered into under this article. The processes and procedural requirements associated with the expenditure or obligation of public funds shall be incorporated into any comprehensive agreement into which the City enters.

(Code 1993, § 22.1-177; Code 2004, § 74-408; Code 2015, § 21-311; Ord. No. 2004-27-41, § 1, 2-23-2004)

Chapter 22

PUBLIC RETIREMENT*

***Charter reference—**Richmond Retirement System, Ch. 5B.

Cross reference—Administration, Ch. 2; officers and employees, § 2-57 et seq.; finance, Ch. 12.

State law reference—Retirement systems authorized, Code of Virginia, § 15.2-1510; local retirement systems, Code of Virginia, § 51.1-800 et seq.

ARTICLE I. IN GENERAL

Sec. 22-1. Preamble.

(a) The Richmond Retirement System, established by Ordinance No. 52-192-178, as amended, was restated and amended by Ordinance No. 90-357-325 and has been subsequently amended by various ordinances adopted by the City Council from time to time.

(b) By Ordinance No. 2002-150-167, the City Council amends and restates the retirement chapter generally effective June 10, 2002. Certain provisions have retroactive effective dates as indicated in the text in order to comply with Federal tax laws. The purpose of the amendment and restatement is to ensure compliance with Federal tax laws and to streamline the administration of the benefits provided under this chapter.

(c) The adoption of Ordinance No. 2002-150-167 shall neither alter nor modify any retirement allowance awarded any member prior to July 1, 2002, nor shall it modify or alter any option which may have been elected by any member prior to June 10, 2002, whether such option pertains to early retirement, deferred retirement or survivor's benefits. This chapter shall apply to all retirement allowances or other benefits awarded pursuant to the death or retirement of a member on or after June 10, 2002, unless specifically stated. Nothing in this amendment and restatement of the retirement chapter shall decrease creditable service or creditable compensation under the terms of the chapter as it existed prior to its amendment and restatement. In addition, the benefits of any member who has no service on or after the date of this restatement of the chapter shall neither be increased nor decreased as a result of the restatement.

(Code 1993, § 23.1-1; Code 2004, § 78-1; Code 2015, § 22-1)

Sec. 22-2. Definitions.

As used in this chapter, the following words shall have the meanings respectively ascribed to them by this section, unless a different meaning is plainly required by the text:

Abolished system means the ordinance approved August 10, 1944, establishing the Richmond Retirement System and all ordinances amendatory thereof, repealed by Ordinance No. 52-189-175.

Actuarial equivalent shall generally be computed based on eight percent interest and the (UP84) unisex mortality table except where different factors are specifically set forth in this chapter, or are adopted by the Board and set forth in the administrative procedures manual maintained by the Board.

Appointing authority means the agency or department within the participating employer having the power to hire the services of a member.

Average final compensation means the average annual creditable compensation of a member during the member's 36 consecutive months of creditable service in which such compensation was at its greatest amount or during the entire period of the member's creditable service if less than 36 months.

Beneficiary means any person, other than a member, entitled to receive benefits under this chapter.

Board means the Board of Trustees provided for by Section 5B.01 of the Charter and Article II of this chapter.

City means the City of Richmond, Virginia.

City Council means the Council of the City of Richmond.

Covered compensation means the average of the Social Security taxable wage bases in effect for each calendar

year during the 35-year period ending with the calendar year in which Social Security retirement age is attained.

Creditable compensation means the base compensation payable to an eligible employee working the full working time for such employee's position, plus shift differentials, bonuses, severance pay, and educational incentive pay, but excluding overtime pay, imputed income under Section 79 of the Internal Revenue Code, and lump sum payment for unused sick or vacation leave. Creditable compensation shall include compensation subject to a salary reduction or deferred compensation agreement between an employee and the participating employer pursuant to Section 125, 132(f)(4) (for plan years and limitation years beginning on or after January 1, 2001), 402(g)(3) or 457(b) (both elective and non-elective) of the Internal Revenue Code (and elective deferrals or contributions under any other sections of the Internal Revenue Code covered by Section 415(c)(3)(D) of the Internal Revenue Code), which compensation is not actually or constructively received by the employee.

Creditable service means service as described in Article VI of this chapter.

Disability retirement means a retirement described in Article VIII of this chapter that is based on a member's disability and not upon a member's age and service.

Early service retirement means a retirement prior to normal retirement age that is based on age or service, or both, and not on a disability or death.

Eligible employee.

(1) The term "eligible employee" means any employee of a participating employer who is regularly employed on a full-time basis, except elected officials other than members of the City Council and members of the judicial retirement system. Persons employed on a temporary, part-time, seasonable or provisional basis shall not by reason thereof be entitled to creditable service for such period of employment except as otherwise provided herein. In case of doubt, the Board shall decide who is an eligible employee.

(2) For purposes hereof, the term "full-time basis" generally means for periods after September 1, 1991, normally scheduled to work at least 40 hours per week, provided exceptions will be based upon the provisions of the Code in effect at the time the service was rendered.

(3) An employee of a participating employer who elects to participate in the deferred retirement option program (DROP) established pursuant to Section 22-204 shall cease to be an eligible employee upon the effective date of his participation in the DROP.

(4) An employee of a participating employer who elects to participate in the defined contribution plan established pursuant to Section 22-142 shall not become, or shall cease to be, an eligible employee for purposes of the service retirement benefits provided under this chapter and any death benefits described in Section 22-299 upon the effective date of his participation in such defined contribution plan. Notwithstanding, such an employee shall be entitled to retain the right to apply for any disability benefits provided under this chapter as though the defined contribution plan had not been elected, subject to the applicable offset.

(5) Notwithstanding the foregoing, employees, other than sworn police officers or firefighters or persons employed in the senior executive group as identified in Section 22-317(k), who are hired or rehired on or after July 1, 2006, shall not become or again become eligible employees for purposes of the service or early service retirement benefits provided under this chapter and any death benefit described in Section 22-299; provided, however, if an employee would be an eligible employee but for his date of hire or rehire, he or she shall be entitled to apply for any disability benefits provided under this chapter as though he or she were an eligible employee in the system, subject to the applicable offset. Such employees shall only be eligible to participate in the defined contribution plan established pursuant to Section 22-142 upon meeting the eligibility criteria for such plan. A sworn police officer or firefighter or person employed in the senior executive group as identified in Section 22-317(k) hired or rehired on or after July 1, 2006, may elect to participate in the defined contribution plan in lieu of becoming a member of the system.

Employee means any person employed in any capacity by a participating employer.

General member means any member who is not classified as a sworn police officer or firefighter.

Internal Revenue Code means the Internal Revenue Code of 1986, as amended from time to time, and the regulations promulgated thereunder.

Member means any eligible employee or former eligible employee who is currently or shall in the future be recognized as having membership in the system.

Medical examiner means the medical examiner or examiners, as provided by Section 22-234.

Normal retirement date means the first day of the month next following:

(1) For a general member, the 65th birthday of the member; and

(2) For a public safety member, the 60th birthday of the member.

Participating employer means the City and any employer who with the consent of the City Council upon recommendation by the Board shall adopt the system, provided that the employer is a governmental employer as defined in Section 414(d) of the Internal Revenue Code. The current participating employers are the City and the Richmond Behavioral Health Authority. The Board shall keep a record of the dates participation began. Employers that no longer participate in the system shall continue to be participating employers for purposes of the contribution requirement related to grandfathered members who are employed by such employers.

Public safety member means any member who is classified as a sworn police officer or firefighter.

Retirement allowance means the retirement payments to which a member is entitled, as provided in this chapter. The retirement allowance payable for the month in which the recipient dies shall be prorated through the date of death and paid to the recipient.

Service means service as an employee for which compensation is paid by a participating employer. Service as an employee shall not be recognized in more than one retirement system simultaneously for the same position.

Service retirement means a retirement that occurs at or after the member's normal retirement date.

Social Security retirement age means the age used for the participant's retirement age under Section 216(l) of the Social Security Act.

System means the Richmond Retirement System, as initially adopted November 18, 1952, by Ordinance No. 52-189-175 and subsequently amended and restated. In addition, effective July 1, 2006, the system includes all the provisions of this chapter other than Section 22-142.

Vested means that the member has five or more years of creditable service at some time on or after December 20, 1973, or had 15 years or more of creditable service prior to December 20, 1973, and have not withdrawn contributions at the time of termination.

(Code 1993, § 23.1-2; Code 2004, § 78-2; Code 2015, § 22-2; Ord. No. 2003-254-226, § 1, 7-28-2003; Ord. No. 2006-59-127, § 1, 5-30-2006; Ord. No. 2006-185-218, § 1, 7-24-2006; Ord. No. 2018-141, § 1, 5-14-2018)

Cross reference—Definitions generally, § 1-2.

Sec. 22-3. Duties of appointing authority.

The appointing authority and the Department of Human Resources shall keep such records and from time to time shall furnish such information as the Board may require in the discharge of its duties under this chapter. Upon employment of a member, the appointing authority and the Department of Human Resources shall inform the member of the member's duties and obligations in connection with the system as a condition of employment.

(Code 1993, § 23.1-3; Code 2004, § 78-3; Code 2015, § 22-3)

Sec. 22-4. Consent to chapter.

Each member shall be deemed to consent and agree to all the sections of this chapter and any amendments thereto, and receipt of salary or compensation shall be a full and complete discharge of all claims for services rendered by such person during the period covered by such payment, except as to any benefits provided by this chapter.

(Code 1993, § 23.1-4; Code 2004, § 78-4; Code 2015, § 22-4)

Sec. 22-5. Fraud.

Any person who shall knowingly make any false statement or shall falsify or permit to be falsified any record of the Richmond Retirement System, in any attempt to defraud the system, shall be guilty of a Class 1 misdemeanor. Each such violation and each day's continuance thereof shall be a separate offense.

(Code 1993, § 23.1-5; Code 2004, § 78-5; Code 2015, § 22-5)

Sec. 22-6. Rights, benefits and plan money subject to and not subject to assignment, execution, garnishment or other process.

The benefits accrued or accruing to any member under the Richmond Retirement System shall be subject to Internal Revenue Service levies and child support payments, but shall not be subject to execution, levy, attachment, garnishment or any other process whatsoever nor shall any assignment of such benefits be enforceable in any court. Effective upon adoption of the ordinance from which the restatement of this chapter is derived, the provisions of this section prohibiting the assignment or alienation of benefits shall apply to a domestic relations order which is determined by the system to be an approved domestic relations order as defined by Section 414(p) of the Internal Revenue Code applicable to governmental plans. Only such orders accepted and approved prior to the effective date of the ordinance from which the restatement of this chapter is derived shall be honored.

(Code 1993, § 23.1-6; Code 2004, § 78-6; Code 2015, § 22-6)

Sec. 22-7. Alteration, amendment or repeal.

(a) The City Council reserves the right to alter, amend or repeal any section of this chapter or any application thereof to any person; provided, however, that the amount of benefits which at the time of any such alteration, amendment or repeal shall have accrued to the extent provided under subsection (e) of this section for the members or beneficiaries shall not be affected thereby.

(b) Such amendments shall apply to all participating employers unless the City Council specifically provides that such amendments may be rejected by participating employers and not be made applicable to employees of participating employers other than the City.

(c) If the City Council repeals the sections of this chapter, the Board shall continue to administer the system in accordance with this chapter for the sole benefit of the then-members, any beneficiaries then receiving retirement allowances, and any person entitled to receive benefits in the future under one of the options provided for in this chapter who are designated by any of such members.

(d) If the system is repealed without replacement by another retirement system to which the assets are transferred, each member shall become fully vested in the benefit accrued under the system through the date of its repeal, regardless of the member's years of creditable service.

(e) If repeal occurs as provided in subsection (c) of this section, the assets of the system shall be allocated by the Board in an equitable manner to provide benefits for the persons designated in subsection (c) of this section in accordance with this chapter, and in the following order:

(1) For the benefit of then beneficiaries and persons already designated by former members who are then beneficiaries under one of the options provided for in this article to the extent of the then actuarial value of their retirement allowances.

(2) If any funds remain, then for the benefit of members and beneficiaries, if any, designated by the members under one of the options provided for in this chapter, to the extent not provided under subsection (e)(1) of this section, of the then actuarial equivalent of their accrued retirement allowances, based on years of creditable service and average final compensation. The allocation under this subsection (e)(2) shall be on the basis of the oldest ages first method. If the assets at such date of repeal are insufficient to provide all of the benefits of subsection (e)(1) of this section, the participating employer will contribute to the assets from time to time, as and when required, the amount necessary to make up such insufficiency.

(f) The allocation of assets of the system provided for in subsection (e) of this section shall be carried out through the payment by the Board of the benefits provided for in this section as they become due or by the transfer of such assets to any retirement system replacing this system, provided that such vesting of benefits as provided by this section shall be fully maintained under such new retirement system. Any funds remaining in the assets of this

system after all of the vested benefits provided by this section have been paid shall revert to the general fund.

(g) Any allocation of assets made in accordance with the sections of this chapter shall be final and binding on all persons entitled to benefits under such sections.

(Code 1993, § 23.1-7; Code 2004, § 78-7; Code 2015, § 22-7)

Sec. 22-8. Cost-of-living adjustments.

(a) In addition to the monthly allowances payable under Articles VII, VIII and XI of this chapter, cost-of-living adjustments may be payable in accordance with the provisions of this section to the recipients of such allowances. Such adjustments shall be subject to the same conditions of payment as are such allowances. Cost-of-living adjustments shall also be added to the monthly allowances being credited to the deferred retirement option program (DROP) established pursuant to Section 22-204.

(b) The amounts of the cost-of-living adjustments provided for hereunder shall be determined as percentages of the allowances adjusted hereby. Except as may otherwise be specifically ordered by the City Council, such percentages shall be determined by reference to the increase, if any, in the United States Average Consumer Price Index for all items, as published by the Bureau of Labor Statistics of the United States Department of Labor, from its monthly average for the calendar year in which the allowance initially commenced as a result of the death or retirement of a member of the system to its monthly average for the calendar year immediately prior to the calendar year as of which the amount of the cost-of-living adjustment is determined, with such averages adjusted, if necessary, so as to relate to the same reference base period for the computation of such index.

(c) In accordance with Section 5B.02 of the Charter, the City Council shall make an annual review of the cost-of-living adjustments being paid in accordance with this section and Section 5B.02 of the Charter and shall determine whether or not such adjustments shall be recomputed and the effective date of any benefit increase which may result.

(Code 1993, § 23.1-8; Code 2004, § 78-8; Code 2015, § 22-8; Ord. No. 2003-254-226, § 1, 7-28-2003)

Sec. 22-9. Waiver of benefits.

Any member or beneficiary of the Richmond Retirement System, who is not currently in pay status, may, by a waiver signed by such member or beneficiary and filed with the Board and approved by it, decline to accept any part or all of the benefits to which the member or beneficiary is entitled under this article. Such waiver may be revoked at any time by a written revocation filed with the Board, but no payment of the waived benefits shall be made covering the period during which such waiver was in effect. Any such waiver or revocation of waiver shall become effective on the first day of the month following the date of the meeting of the Board at which such waiver or revocation of waiver is approved. Any member or beneficiary in pay status may not waive benefits.

(Code 1993, § 23.1-9; Code 2004, § 78-9; Code 2015, § 22-9)

Sec. 22-10. Conflict of interests.

No member of the Board shall have any interest, direct or indirect, in the gains or profits of any investment made pursuant to Section 22-83, save insofar as any such member may be a member or beneficiary of the Richmond Retirement System. No member of the Board shall, directly or indirectly, for personal motive or as an agent, in any manner use the funds or deposits of the retirement system, except to make such payments therefor as are authorized pursuant to this chapter. The provisions of the State and Local Government Conflict of Interest Act (Code of Virginia, § 2.2-3100 et seq.) shall apply to members of the Board.

(Code 1993, § 23.1-10; Code 2004, § 78-10; Code 2015, § 22-10)

Sec. 22-11. Exemption from Public Procurement Act.

The selection of services related to the management, purchase, or sale of authorized investments pursuant to this chapter, including, but not limited to, actuarial services, shall be governed by the standard of care in Section 22-83 and shall not be subject to the provisions of the Virginia Public Procurement Act (Code of Virginia, § 2.2-4300 et seq.) or to local procurement laws.

(Code 1993, § 23.1-11; Code 2004, § 78-11; Code 2015, § 22-11)

Secs. 22-12—22-40. Reserved.

ARTICLE II. ADMINISTRATION

Sec. 22-41. Administration of system.

The Board shall have the responsibility of:

(1) The supervision of the administration of the retirement plan;

(2) The determination of eligibility for the receipt of retirement benefits;

(3) The award of retirement benefits as authorized by ordinance; and

(4) Such other duties as have been exercised by the Board of Trustees of the system prior to the effective date of the ordinance from which this chapter is derived.

(Code 1993, § 23.1-12; Code 2004, § 78-41; Code 2015, § 22-41)

Cross reference—Boards, commissions, committees and other agencies, § 2-767 et seq.

Sec. 22-42. Board of Trustees generally.

(a) Each member of the Board of Trustees of the Richmond Retirement System shall discharge such member's duties with the care, skill, prudence, and diligence of a prudent person acting in like capacity and familiar with such matters.

(b) The members of the Board shall be appointed by City Council for terms of three years, and the Board shall consist of seven trustees, two of whom shall be members of the classified service.

(c) If a vacancy occurs in the office of a trustee, the vacancy shall be filled for the unexpired term in the same manner as the office was previously filled.

(d) Each trustee shall be entitled to one vote on the Board, and a majority of its members shall constitute a quorum.

(Code 1993, § 23.1-13; Code 2004, § 78-42; Code 2015, § 22-42)

Sec. 22-43. Payment of trustees attending regular monthly meetings.

In any month in which a member of the Board of Trustees of the Richmond Retirement System, other than a member who is an employee of the City, attends the regular monthly meeting of the Board, the trustee so attending shall be entitled to receive the sum of $150.00 for the month, which payments shall be made from funds of the system generated from the earnings on investments.

(Code 1993, § 23.1-14; Code 2004, § 78-43; Code 2015, § 22-43)

Sec. 22-44. Election and appointment of Board officers; employment of services and expenses.

The Board of Trustees of the Richmond Retirement System shall elect from its membership a Chair and a Vice-Chair. The Board may employ actuarial, legal, medical and other services as shall be required as its technical advisors and incur such expenditures as it deems necessary for the efficient administration of this chapter within the limitations of funds provided by the City Council for that purpose.

(Code 1993, § 23.1-15; Code 2004, § 78-44; Code 2015, § 22-44)

Sec. 22-45. Rules and regulations of Board; authority to interpret terms.

Subject to the limitations of this chapter, the Board of Trustees of the Richmond Retirement System shall, from time to time, establish rules and regulations for the administration of the system and for the transaction of its business. The Board shall have the authority to interpret the terms of this chapter and to make determinations with respect to eligibility and benefits under the system in a manner consistent with this chapter.

(Code 1993, § 23.1-16; Code 2004, § 78-45; Code 2015, § 22-45)

Sec. 22-46. Record of proceedings.

The Board of Trustees of the Richmond Retirement System shall keep a record of all of its proceedings. To the extent otherwise permitted by law, such record shall not be a public record, but shall be open to inspection only by the members or by their duly authorized representatives and by such persons as shall be allowed by the Board for the purpose of administering this chapter.

(Code 1993, § 23.1-17; Code 2004, § 78-46; Code 2015, § 22-46)

Sec. 22-47. Board's legal advisor.

The City Attorney shall be the legal advisor of the Board of Trustees of the Richmond Retirement System unless internal conflict exists that would warrant outside legal counsel.

(Code 1993, § 23.1-18; Code 2004, § 78-47; Code 2015, § 22-47)

Sec. 22-48. Appointment of Executive Director as administrative officer; administrative agency of Board.

The Board of Trustees of the Richmond Retirement System shall appoint an Executive Director of the Board, who shall be the administrative officer of the Board and who shall perform such duties as the Board may require, which may include assisting in administering the fiscal and financial affairs of the Board. The Executive Director shall be a member of the unclassified service and shall be responsible to the Board for the performance of the Executive Director's duties and shall be the head of the administrative agency for carrying out the responsibilities of the Retirement Board.

(Code 1993, § 23.1-19; Code 2004, § 78-48; Code 2015, § 22-48; Ord. No. 2008-165-167, § 1, 7-14-2008)

Sec. 22-49. Correction of changes or errors in records resulting in erroneous payments.

(a) Should any change or error in records result in any member or beneficiary receiving from the Richmond Retirement System more or less than the member or beneficiary would have been entitled to receive had the records been correct, on discovery of any such error the Board shall correct it and, as far as practicable, shall adjust the payments in such a manner that the actuarial equivalent of the benefit to which such member or beneficiary was correctly entitled shall be paid.

(b) If a member or beneficiary has been overpaid through no fault of the member or beneficiary and could not reasonably have been expected to detect the error, the Board may waive any repayment which it believes would cause hardship.

(Code 1993, § 23.1-20; Code 2004, § 78-49; Code 2015, § 22-49)

Sec. 22-50. Written application for retirement benefits.

(a) In order to receive payment for any benefit, which becomes payable from the system, a member or his beneficiary shall complete the application and other forms prescribed by the system for approval by the Board. The Board shall have the authority to establish reasonable procedures governing the application for any benefits payable under the system. Such procedures shall be set forth in the administrative procedures manual maintained by the Board. For service retirement, the written application shall not be more than 90 days prior to or subsequent to the effective retirement date. For early service retirement, the written application shall not be more than 90 days prior to the effective retirement date.

(b) In order to participate in the deferred retirement option program (DROP) established pursuant to Section 22-204, a member shall complete the application and other forms required by this section for retirement benefits as well as any other forms and applications required under guidelines established pursuant to Section 22-204.

(Code 1993, § 23.1-21; Code 2004, § 78-50; Code 2015, § 22-50; Ord. No. 2003-254-226, § 1, 7-28-2003)

Sec. 22-51. Medical examiners.

The Board of Trustees of the Richmond Retirement System shall, from time to time, employ a minimum of three physicians, practicing in the City, upon such terms and conditions as the Board may prescribe. It shall be the duty of a medical examiner, at the request of the Board, to conduct or approve all medical examinations required under this chapter or by the Board. If such a request is made, a medical examiner shall investigate all health or medical statements and certificates made by or in behalf of any person in connection with the payment of money to such person under this chapter and shall report in writing to the Board pertinent conclusions and recommendations.

(Code 1993, § 23.1-22; Code 2004, § 78-51; Code 2015, § 22-51)

Sec. 22-52. Designation and duties of actuary; certification of contribution rates; adoption of tables.

(a) The Board shall designate an actuary or actuarial consulting firm who shall be the technical advisor of the Board on matters regarding the operation of the Richmond Retirement System and who shall perform such other duties as are required.

(b) The Board shall certify, from time to time, the rates of contribution payable under this chapter and shall adopt for the system, from time to time, such mortality, service and other actuarial tables as shall be deemed necessary. On the basis of such tables, the actuary shall make annually an actuarial valuation of the assets and liabilities of the system. At least once in each five-year period, the Board shall cause an actuarial investigation to be made into the mortality, service and compensation experience of the members and beneficiaries of the system. Such investigation shall be used as a basis for revisions to existing actuarial tables or the adoption of additional actuarial tables to be used to value the assets and liabilities of the system.

(Code 1993, § 23.1-23; Code 2004, § 78-52; Code 2015, § 22-52)

Sec. 22-53. Valuations.

The Board shall authorize a valuation to be made as of July 1 of each year of the assets and liabilities of the Richmond Retirement System and shall prepare an annual statement of the amounts to be contributed by the participating employers under this chapter.

(Code 1993, § 23.1-24; Code 2004, § 78-53; Code 2015, § 22-53)

Sec. 22-54. Publication of valuations and account.

The Board shall publish annually a valuation of the assets and liabilities and a statement of receipts and disbursements of the Richmond Retirement System.

ARTICLE III. TRUST FUND AND INVESTMENTS*

***Cross reference—**Trust funds of the City, § 12-42 et seq.

Sec. 22-82. Retirement account; prohibition on diversion of system assets.

(a) All of the funds and assets of the Richmond Retirement System shall be held in trust and credited to a single retirement account in which shall be accumulated all contributions made pursuant to this chapter and to which all income from the invested funds and assets of the system shall be credited. From this account shall be paid the retirement allowances and the other benefits provided for in this chapter.

(b) Upon no circumstances at any time prior to the satisfaction of all liabilities with respect to members and their beneficiaries under the trust shall any part of the trust corpus or income of the system be used for or diverted to any purpose other than for the exclusive benefits of the members and their beneficiaries and for the reasonable administrative expenses of the system.

(Code 1993, § 23.1-26; Code 2004, § 78-81; Code 2015, § 22-82)

Sec. 22-83. Investments; standard of care.

(a) The City Council may appoint and employ a corporation, vested with fiduciary powers under either the laws of the United States or the Commonwealth, to be responsible for the investment of the funds of the Richmond Retirement System, which funds shall include any securities which may be part of the assets of such system. The Director of Finance shall be the disbursing officer for the payment of benefits awarded by the trustees of the system and as such shall perform such duties as may be required of the Director of Finance by ordinance, but shall receive no additional compensation on account of such duties.

(b) The City Council hereby delegates to the Board the power to enter into an arrangement with one or more qualified investment managers under which such manager shall invest the funds of the system. The Board shall

advise the Council in writing of any investment managers hired, terminated or replaced by the Board within 72 hours of such actions. The City Council shall periodically review the arrangements entered into by the Board pursuant to this section and may, at its discretion, terminate such arrangements pursuant to the termination provisions applicable to the arrangement.

(c) For the purpose of meeting disbursements for retirement allowances and other payments, there may be kept available cash, not exceeding ten percent of the total amount in the accounts of the system, on deposit in one or more banks or trust companies that are designated by the City Council as depositories for funds of the City, and neither the Board nor the City Council shall be liable for any loss sustained as to such funds that are on deposit in such banks or trust companies.

(d) The City Council and the Board shall discharge their duties with respect to the system solely in the interest of the members and beneficiaries of the system and shall invest the assets of the system with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of like character and like aims. The City Council and the Board shall also diversify such investments so as to minimize large losses unless under the circumstances it is clearly prudent not to do so. Neither the Board nor the City Council shall be liable for any loss sustained by the fund resulting from decisions made by such entity in accordance with the standard of care set forth in this section.

(Code 1993, § 23.1-27; Code 2004, § 78-82; Code 2015, § 22-83; Ord. No. 2006-24-50, § 1, 2-27-2006)

Sec. 22-84. Custodian of funds; registration of securities; payment by check.

(a) The City Council hereby delegates to the Board the authority to designate one or more financial institutions to serve as the custodian of all the funds or securities, or both, of the Richmond Retirement System. The Director of Finance shall be the custodian of all the funds of the Richmond Retirement System, unless the Board has designated one or more financial institutions, which may include financial institutions hired as investment managers pursuant to Section 22-83, as the custodian of such funds. The Board shall advise the Council in writing of any financial institutions hired, terminated or replaced by the Board within 72 hours of such actions. The City Council shall periodically review the custodial arrangements entered into by the Board pursuant to this section and may, at its discretion, terminate such arrangements pursuant to the termination provisions applicable to the arrangement.

(b) All registered securities in the funds of the system shall be registered in the name "City of Richmond, Richmond Retirement System," or, at the direction of the Board, in the name of the custodian. Every change in registration, by reason of sale or assignment of such securities registered in the name of the "City of Richmond, Richmond Retirement System" shall be authenticated by the signature of the custodian or an authorized representative thereof for a corporate custodian. However, if the Board shall have exercised its power to employ a financial institution as custodian, registered securities in the custody of such custodian may be registered in the name of a nominee of such custodian or a nominee of Depository Trust Company for securities eligible for such registration.

(c) All payments from such funds shall be made by checks issued upon orders signed by such person as is designated for the purpose by the Board. No order shall be signed unless it has previously been authorized by the Board, which authorization shall be recorded in the records of the Board.

(Code 1993, § 23.1-28; Code 2004, § 78-83; Code 2015, § 22-84; Ord. No. 2006-24-50, § 1, 2-27-2006)

Secs. 22-85—22-111. Reserved.

ARTICLE IV. CONTRIBUTIONS

Sec. 22-112. Members' contributions.

(a) In addition to the contributions provided for in Sections 22-177 and 22-317 or as otherwise specifically provided, effective September 1, 2006, each member of the system, including those participating in the enhanced retirement benefit pursuant to Section 22-203, who does not elect to participate in the defined contribution plan established pursuant to Section 22-142 shall contribute one percent of such member's creditable compensation in the case of a general member, and 1 1/2 percent in the case of a public safety member, for each pay period for which the member receives compensation. The participating employer shall deduct from the member's compensation the

required contribution payable by the member. Each eligible employee who does not affirmatively elect to participate in the defined contribution plan established pursuant to Section 22-142 shall be deemed to consent and agree to any deductions from his compensation required by this section.

(b) The participating employer may, by action of City Council, elect to pay an equivalent amount in lieu of member contributions required under this chapter (including, but not limited to, those required under this section and Section 22-203). Any such election by the participating employer shall be in lieu of the member's required contributions and is intended to be a "pick-up" under Section 414(h) of the Internal Revenue Code. Such election shall be effective for contributions to be made after the later of the effective date of the election or the date of the Council action. To the extent contributions are picked-up by the participating employer as a salary reduction, such contributions shall continue to be included in creditable compensation for all purposes under the system and shall be credited to the member contribution account described in Section 22-114. To the extent contributions are picked-up by the participating employer as a payment in lieu of a future salary increase, such contributions shall not be included in creditable compensation for any purpose under the system and shall not be credited to the member contribution account described in Section 22-114.

(Code 2004, § 78-111; Code 2015, § 22-112; Ord. No. 2006-60-128, § 3, 5-30-2006; Ord. No. 2006-185-218, § 1, 7-24-2006; Ord. No. 2007-159-117, § 1, 5-29-2007; Ord. No. 2007-217-188, § 1, 8-6-2007)

Sec. 22-113. Assets and contributions; employer contributions.

(a) The participating employers in the Richmond Retirement System shall contribute annually an amount equal to the sum of the normal contribution and the accrued liability contribution.

(b) The normal contribution for the participating employer for any fiscal year shall be determined as the product of:

(1) The normal contribution rate as determined on July 1 one year prior to the first day of each fiscal year; and

(2) The total creditable compensation of the members for the fiscal year.

(c) The accrued liability contribution for the participating employer for any fiscal year shall be equal to the product of:

(1) The accrued liability contribution rate as determined on July 1 one year prior to the first day of each fiscal year; and

(2) The total creditable compensation of the members for the fiscal year.

(d) The normal contribution rate shall be determined as the ratio of:

(1) The normal cost of all benefits; and

(2) The gross annual payroll of all active members included in the valuation. The normal cost shall be computed in accordance with recognized actuarial principles, on the basis of methods and assumptions approved by the Board. The normal contribution rate shall be determined from the results of each annual valuation and shall continue in force until a new valuation is made.

(e) The accrued liability contribution rate shall be determined as the sum of subsections (e)(1) and (2) of this section divided by subsection (e)(3) of this section, as follows:

(1) The amount necessary to amortize the initial unfunded actuarial accrued liability, as a level percent of pay over a period not to exceed 30 years in accordance with the acceptable Governmental Accounting Standards Board;

(2) The contribution necessary to amortize any increase or decrease in the unfunded actuarial accrued liability in future years due to changes in actuarial assumptions; changes in plan provisions, including the granting of cost-of-living increases; or actuarial gains and losses. Each year's increase or decrease in the unfunded actuarial accrued liability shall similarly be amortized as a level percent of pay over a period not to exceed 30 years in accordance with the acceptable Governmental Accounting Standards Board; and

(3) The gross annual payroll of all active members included in the valuation.

(f) The unfunded actuarial accrued liability as of any valuation date shall be determined by using the same actuarial cost method and assumptions used to determine the normal contribution rate.

(g) The unfunded actuarial accrued liability, as of any valuation date, shall be equal to the excess of:

(1) The actuarial accrued liability; over

(2) The actuarial value of assets then held in the retirement account. The actuarial value of assets shall be determined under a method which reflects the market value of assets and which is approved by the Board.

(h) The accrued liability contribution rate shall be determined from the results of each annual valuation and shall continue in force until a new valuation is made.

(i) The Board shall certify to the Director of Finance the normal contribution rate and the accrued liability contribution rate and every change made, from time to time, in any of such rates. The rates shall be adjusted for interest reflecting the actual timing of the contributions. Such interest shall be calculated at the same rate as used to prepare the valuation on which the initial rates are based.

(Code 1993, § 23.1-30; Code 2015, § 22-113; Code 2004, § 78-112; Ord. No. 2014-137-132, § 1, 7-14-2014)

Sec. 22-114. Member contribution account.

(a) All member contributions and interest allowances shall be credited to the member contribution account. Member contributions required to be returned to the member or required to be paid in the event of the member's death before retirement shall be paid from the member contribution account.

(b) At the end of each payroll period, the participating employer shall transfer to the member contribution account an amount equal to the amount of the employee contribution for such payroll period.

(c) Each individual member contribution account shall be credited with interest at the rate specified by the Board from time to time on the accumulated member contributions beginning at the end of the fiscal year in which the contribution was made. The Board shall have the authority to determine the manner in which the interest is credited to the member contribution account.

(d) Upon the retirement of a member, his member contribution account shall be transferred from the member contribution account to the general assets of the plan.

(Code 2004, § 78-113; Code 2015, § 22-114; Ord. No. 2006-60-128, § 3, 5-30-2006; Ord. No. 2006-185-218, § 1, 7-24-2006)

ARTICLE V. MEMBERSHIP

Sec. 22-142. Participation in defined contribution plan.

(a) *Generally.* The Board shall maintain a defined contribution plan approved by the Internal Revenue Service as a qualified plan within the meaning of Section 401(a) of the Internal Revenue Code of 1986, as amended. The plan document for the defined contribution plan shall govern the operations of the plan. Such plan shall be maintained for the benefit of:

(1) Any eligible employee, as defined in Section 22-2, who had less than 20 years of creditable service in the system as of October 1, 2003, and who made an election effective January 1, 2004, to participate in such defined contribution plan;

(2) Any eligible employee, as defined in Section 22-2, who made an election effective September 1, 2006, to participate in such defined contribution plan;

(3) Any eligible employee hired on or after January 1, 2004 (including a sworn police officer or firefighter or person employed in the senior executive group as identified in Section 22-317(k) hired or rehired on or after July 1, 2006), who made an election effective with his or her date of hire to participate in such defined contribution plan; and

(4) Any employee of a participating employer who is regularly employed on a full-time basis and who is

hired or rehired on or after July 1, 2006, except an elected official (other than a member of the City Council in office on or after July 1, 2018), member of the judicial retirement system, sworn police officer or firefighter (for whom the plan is optional) or person employed in the senior executive group (for whom the plan is optional) as identified in Section 22-317(k).

(b) *Coordination with system.*

(1) Any member who elects to participate in the defined contribution plan or who otherwise becomes a member of such plan will waive any rights to accrue benefits or additional benefits in the system, with the exception of disability benefits.

(2) If a member who is participating in the defined contribution plan should become eligible for disability retirement benefits, the benefits shall be offset by the actuarial equivalent of his account in the defined contribution plan determined as of the date of disability. Such member's years of participation in the defined contribution plan will be added to any of the member's years of service prior to participation in the defined contribution plan for the purpose of calculating the disability retirement allowance in accordance with Section 22-241.

(3) In the case of a member who makes an election to participate in the defined contribution plan effective as of a date other than his or her date of hire, the member will be entitled to a benefit in the system determined as of the effective date of such election to the extent they are vested. Such member's service while a participant in the defined contribution plan shall continue to count toward determining vesting under the system if the member was not vested as of the effective date of the election. If the member is or becomes vested in the benefit under the system, the member will be eligible for deferred retirement upon the later of his termination of employment or reaching retirement eligibility (age 50 for public safety members and age 55 for general members). The amount of the deferred retirement allowance shall be computed in accordance with the provisions of the City Code in effect at the time the member elected to participate in the defined contribution plan and shall be based on creditable service accrued up to the effective date of the election.

(4) In the case of a member who becomes a member of the defined contribution plan effective upon rehire, if the member was not vested in his retirement allowance upon his termination of employment, he shall not accrue additional creditable service toward vesting in the benefit attributable to his prior employment upon his rehire. If vested, the member shall continue to be entitled to any vested retirement allowance computed in accordance with the provisions of this Code in effect at his termination of employment when last treated as an eligible employee under the system and will be eligible for deferred retirement upon the later of his termination of employment or reaching retirement eligibility (age 50 for public safety members and age 55 for general members).

(c) *Provisions of the plan.* The actual provisions of the defined contribution plan shall be contained in the plan document as adopted by the Board. However, the basic provisions of the plan shall be as follows:

(1) *Eligibility.* Each of the following employees shall be eligible for participation in the defined contribution plan:

a. Any eligible employee, as defined in Section 22-2, who had less than 20 years of creditable service in the system as of October 1, 2003, and who made an election within 90 days of the establishment of the plan, effective January 1, 2004, to participate in such defined contribution plan;

b. Any regular full-time employee hired or rehired on or after January 1, 2004, but before July 1, 2006, and any sworn police officer or firefighter or person employed in the senior executive group as identified in Section 22-317(k) hired or rehired on or after July 1, 2006, who makes an election within 90 days of such employee's date of employment to participate in such defined contribution plan;

c. Any employee of a participating employer who is regularly employed on a full-time basis and who is hired or rehired on or after July 1, 2006, except an elected official (other than a member of the City Council in office on or after July 1, 2018), member of the judicial retirement system, sworn police officer or firefighter (for whom the plan is optional) or person employed in the senior

executive group (for whom the plan is optional) as identified in Section 22-317(k); and

d. Any eligible employee, as defined in Section 22-2, who did not previously elect to participate in the defined contribution plan but who subsequently elects to do so effective September 1, 2006, during the period July 1, 2006 through August 31, 2006.

(2) *Vesting.* Any member who elects to participate in the plan must have five or more years of creditable service to obtain vested rights in the plan. Creditable service for this purpose includes all service with the participating employer as more specifically defined in the plan document and shall include service while a member of the system.

(3) *Contributions.* The City shall make contributions to the plan on behalf of the member based on the member's years of creditable service and a percentage of the member's creditable compensation as follows:

a. Less than five years: Five percent;

b. Five through nine years: Six percent;

c. Ten through 14 years: Eight percent; and

d. 15 years or more: Ten percent.

Vested members terminating employment prior to retirement eligibility will be entitled to their account balance. Contributions of nonvested members who terminate employment will be forfeited as described in the plan document. Creditable service for this purpose includes all service with the participating employer as more specifically defined in the plan document and shall include service while a member of the system.

(Code 2004, § 78-140; Code 2015, § 22-142; Ord. No. 2003-170-177, § 1, 5-27-2003; Ord. No. 2003-254-226, § 1, 7-28-2003; Ord. No. 2006-59-127, § 2, 5-30-2006; Ord. No. 2006-60-128, § 2, 5-30-2006; Ord. No. 2006-185-218, § 1, 7-24-2006; Ord. No. 2018-141, § 1, 5-14-2018)

Sec. 22-143. Persons comprising.

Membership in the system as of any date shall consist of the following:

(1) All eligible employees at such date, as defined in Section 22-2, inclusive of those on authorized leave from service. Such a member may be referred to as an active member.

(2) All vested former eligible employees who have not retired under the provisions of the system. Such a member may be referred to as a terminated vested member. Members who elect to participate in the defined contribution plan established pursuant to Section 22-142 shall be treated as terminated vested members, except that retirement benefits may not be paid to such member until such member ceases to be an employee of a participating employer.

(3) All retired eligible employees for so long as such former eligible employee is entitled to future benefits under the plan. Such a member may be referred to as a retired member.

(4) All vested former eligible employees who are participating in the deferred retirement option program (DROP) established pursuant to Section 22-204. Such a member may be referred to as a DROP member. Once a DROP member ceases to be employed, such member shall become a retired member.

(Code 1993, § 23.1-31; Code 2004, § 78-141; Code 2015, § 22-143; Ord. No. 2003-254-226, § 1, 7-28-2003)

Sec. 22-144. Cessation generally.

(a) The membership of any person in the system shall cease upon:

(1) Termination of service as an employee prior to becoming vested and upon the distribution of his or her member contribution account; or

(2) Death.

(b) For the purposes of this section, entering upon authorized leave of absence or into service in the Armed Forces of the United States shall not constitute termination of service as an employee unless the member does not reenter service as an eligible employee at the expiration of the period of authorized leave or within one year after

honorable discharge from the Armed Forces, as the case may be in the case of military service ending before December 13, 1994, or within the time required by the Uniformed Services Employment and Reemployment Act of 1994 in the case of military service ending after December 12, 1994.

(Code 1993, § 23.1-32; Code 2004, § 78-142; Code 2015, § 22-144; Ord. No. 2006-60-128, § 2, 5-30-2006)

Sec. 22-145. Reemployment of retired members.

Should a retired member be again in service at any time subsequent to such person's retirement under Section 22-197, 22-198 or former Section 23-120 (repealed February 26, 1996) and resumes the status as an active member of the system or subsequently becomes a participant in the defined contribution plan established pursuant to Section 22-142, such person's retirement allowance shall thereupon cease. If such person shall resume the status as an active member of the system, such member's previous period of creditable service shall be reestablished. Any benefits which may become payable thereafter under any of the provisions of this article upon the person's subsequent retirement or death shall be computed in accordance with the applicable provisions of this article as if such person's previous retirement had not occurred based on the total of such person's creditable service before and after such person's period of retirement. Creditable service shall not be granted for any periods of employment during which the retired member was in receipt of a retirement allowance. Notwithstanding the foregoing, service while a DROP member or while a participant in the defined contribution plan established pursuant to Section 22-142 shall not be reestablished.

(Code 1993, § 23.1-33; Code 2004, § 78-143; Code 2015, § 22-145; Ord. No. 2003-254-226, § 1, 7-28-2003; Ord. No. 2006-185-218, § 1, 7-24-2006)

ARTICLE VI. CREDITABLE SERVICE

Sec. 22-174. Creditable service defined.

The term "creditable service" shall mean, for any member who is in service at any time after January 1, 1974, the member's total service as an eligible employee, whether or not continuous, exclusive of any separate period of service of less than nine months in duration. Creditable service shall be counted in terms of years, with creditable service in excess of complete years being counted as a fractional part of a year. Creditable service shall not include periods during which the member is on leave without pay and has not made the required member contributions unless otherwise required by law, and creditable service shall not include any service for which a member contribution was required if the member contribution account has been distributed. In addition, creditable service shall include the service described below:

(1) Any person who was a member of the abolished system and in the Armed Forces of the United States on December 22, 1952, or any member of the system subsequently entering the Armed Forces of the United States, being on leave of absence from service, shall be entitled to have included as creditable service the member's period of service in the Armed Forces of the United States as defined in Section 414(u) of the Internal Revenue Code, provided that the member's discharge therefrom was not dishonorable and the member reenters service within one year after discharge, in the case of military service ending prior to December 13, 1994, or within the time required by the Uniformed Services Employment and Reemployment Rights Act of 1994 for military service ending after December 12, 1994. This service shall only be included to the extent that such member makes up for any missed member contributions that would have been required under Section 22-112(a) had the member's employment not been so interrupted.

(2) Creditable service shall also include any service as an employee of the State or an agency thereof which the City Council, by ordinance, has heretofore or shall in the future recognize as creditable service toward participation in retirement benefits of the system.

(3) For vested members (other than those elected to participate in the defined contribution plan established pursuant to Section 22-142), creditable service shall also include 50 percent of a member's unused sick leave earned as an eligible employee of the City, however, creditable service of a DROP member is limited to 50 percent of such member's unused sick leave earned as an eligible employee of the City

which the DROP member does not elect to retain as sick leave under the guidelines established pursuant to Section 22-204.

(4) Creditable service shall also include part-time service in the classified or unclassified service where the member regularly served a minimum of at least 20 hours per week, such part-time service was for a period of at least 18 months, and such part-time service and service as an "eligible employee" has been continuous with no interval between such period of part-time service and service as an eligible employee. Creditable service for such part-time service shall be on the basis of one month for each two months of such service for which contributions are paid.

(5) For members who transferred from City employment to employment with the Richmond Hospital Authority, in conjunction with the creation of the authority effective July 1, 1993, all unused sick leave which the member was not permitted to carry over at the time of transfer of employment shall be recognized and included as creditable service for purposes of participation in retirement benefits of the system, provided that the amount of unused sick leave to be included as creditable service shall be appropriately certified by the Department of Human Resources.

(6) Creditable service shall include any period of severance that is authorized by ordinance.

(7) In addition, any person admitted to membership in the system who was, at the effective date of the transfer and assignment to the Director of Finance of the duties of the Commissioner of Revenue of the City pursuant to Section 8.03.1 of the Charter, an employee of the Commissioner of Revenue of the City and a member of the State Retirement System, shall be entitled to credit toward eligibility for retirement pursuant to Sections 22-197, 22-198, 22-199, 22-238 and 22-240 for the length of such service as an employee of the Commissioner of Revenue of the City. Such service, however, shall not be counted in determining the allowances or benefits that may be awarded pursuant to Sections 22-202, 22-239, 22-241, 22-296, 22-297, 22-299 and 22-317.

(8) For a member whose employment is interrupted, creditable service shall be included only to the extent that such member makes up for any missed member contributions that would have been required under Section 22-112(a) had the member's employment not been so interrupted. Make up contributions shall be made starting with the date of reemployment and continuing for up to three times the length of the member's break in service; provided, however, that the repayment period shall not exceed five years. If the member does not make up all of the missed contributions, such member's creditable service under this section shall be prorated for the amount actually repaid. Makeup contributions shall not be subject to any otherwise applicable contribution limits under Section 402(g), 402(h), 403(b), 408, 415 or 457 of the Internal Revenue Code as applied with respect to the plan year or taxable year in which the contribution is made.

(9) Any person with less than 35 years of creditable service who was a member of the system while employed by Richmond Public Schools and who subsequently is hired by the City as a result of a merger or consolidation of Richmond Public Schools and City job functions, shall:

a. Remain in the system;

b. Continue to accrue creditable service; and

c. Not be deemed a member of the defined contribution plan under Section 22-142.

(Code 1993, § 23.1-34; Code 2004, § 78-171; Code 2015, § 22-174; Ord. No. 2003-254-226, § 1, 7-28-2003; Ord. No. 2006-60-128, § 2, 5-30-2006; Ord. No. 2007-298-279, § 1, 12-10-2007; Ord. No. 2011-88-76, § 1, 5-23-2011)

Sec. 22-175. Filing of statement of service.

If the Board shall deem it necessary in order to determine the status of a member or an eligible employee or a person claiming entitlement to benefits under the Richmond Retirement System, the Board may, under such rules and regulations as it may adopt, require such person to file a statement of creditable service, such statement to include a detailed description of all services rendered as an eligible employee and other information as the Board may require. Until any required statement is filed, no benefits shall be payable under this article.

(Code 1993, § 23.1-35; Code 2004, § 78-172; Code 2015, § 22-175)

Sec. 22-176. Determination of years of creditable service.

The Board shall determine by appropriate rules and regulations how much service in any year is the equivalent of a year of creditable service in the Richmond Retirement System, but in no case shall it allow credit for more than one year of creditable service for all service rendered in any period of 12 consecutive months.

(Code 1993, § 23.1-36; Code 2004, § 78-173; Code 2015, § 22-176)

Sec. 22-177. Purchase of prior service.

(a) Any vested member who is an eligible employee may purchase creditable service for service for all or part of the following:

(1) Certified creditable service in the retirement system of the Commonwealth or another state or of a political subdivision.

(2) Any period of full-time service rendered to a participating employer on a temporary, seasonal, provisional, Comprehensive Employment Training Act (CETA) or contractual basis, provided that such period has not been previously included in the creditable service.

(b) The service credits should not be considered in the calculation of any retirement benefit by another retirement system.

(c) The member must pay an amount of the following percentages, for each year of creditable service to be credited, of the member's present annual creditable compensation or of the member's average final compensation during the member's 36 highest consecutive months of creditable service with the City, whichever is greater:

(1) For a general member, an amount equal to ten percent; and

(2) For a public safety member, an amount equal to 15 percent.

(d) Creditable service purchased under this section shall not be considered in determining eligibility for unreduced early retirement, if the member's retirement is within five years of the date of purchase of service credit; provided, however, creditable service purchased in connection with a portability agreement shall be considered in determining eligibility for unreduced early retirement, provided such purchase is made at least 90 days prior to such retirement.

(e) Payment may be made in a lump sum or by payroll deduction in equal installments over a period not to exceed the service credit being purchased. Should the deduction be terminated prior to purchasing the entire period, which might otherwise be credited, the member shall be credited with the number of additional months of service for which payments are made. If the deduction is continued beyond the point at which the entire period has been purchased, the member shall be credited with no more than the entire period, which might otherwise have been credited, and the excess amount deducted shall be refunded to the member. Any purchase of prior service made within 90 days of the member's effective date of retirement shall be made by a lump sum payment.

(f) The system shall accept a direct trustee-to-trustee transfer of a lump sum in cash from a plan established pursuant to Section 457(b) of the Internal Revenue Code by a governmental employer or a plan or program established pursuant to Section 403(b) of the Internal Revenue Code as payment by a member for the purchase of creditable service. The cost will be determined as described in subsection (c) of this section.

(Code 1993, § 23.1-37; Code 2004, § 78-174; Code 2015, § 22-177; Ord. No. 2003-254-226, § 1, 7-28-2003)

Sec. 22-178. Portability of service credit.

(a) The Executive Director and the Board of Trustees of the system are hereby authorized to enter into reciprocal agreements with the Virginia Retirement System (VRS) and any political subdivision of the Commonwealth that sponsors a defined benefit retirement system which is not supplemental to VRS.

(b) The reciprocal agreements shall be in accordance with Code of Virginia, §§ 51.1-801.1 and 51.1-143.1 and shall permit members of the Defined Benefit Plan to transfer their vested service credit between the system and VRS or any political subdivision for the purpose of determining retirement benefits. Such agreements shall also provide for the direct transfer, between the system and VRS or the political subdivision, of assets associated with such transferred service credit. All reciprocal agreements shall be designed to be cost neutral to the system, thereby

creating no additional unfunded liabilities. Any election by a member to transfer service credit pursuant to such a reciprocal agreement must be submitted in writing no later than 18 months after first becoming an eligible employee.

(c) Before entering into any such agreement, the agreement shall be approved as to form and legality by the City Attorney.

(Code 1993, § 23.1-38; Code 2004, § 78-175; Code 2015, § 22-178; Ord. No. 2003-254-226, § 1, 7-28-2003; Ord. No. 2007-323-2008-1, § 1, 1-14-2008; Ord. No. 2009-207-214, § 1, 11-23-2009)

Sec. 22-179. Purchase of additional service.

At the date of separation from City employment, any vested member in a position eligible to participate in the provisions of Section 22-317(a) may purchase up to a maximum of five years of unqualified, additional service to be counted as creditable service in order to meet that member's retirement eligibility. Such member shall pay an amount equal to the actuarial equivalent as determined by the system's actuary for each year of creditable service to be purchased.

(Code 2004, § 78-176; Code 2015, § 22-179; Ord. No. 2003-171-178, § 1(23.1-37.1), 5-27-2003)

ARTICLE VII. RETIREMENT ELIGIBILITY AND ALLOWANCE—SERVICE, EARLY SERVICE AND DEFERRED

Sec. 22-197. Normal service retirement.

(a) *General member eligibility.* Any member who is in service as an eligible employee at or after such member's normal retirement date shall be eligible after completion of the retirement application described in Section 22-50 to receive an unreduced normal service retirement allowance beginning on the first day of the month following the member's ceasing to be an employee on or after his normal retirement date.

(b) *Public safety member eligibility.* Any member who is in service as an eligible employee at or after such member's normal retirement date shall be eligible after completion of the retirement application described in Section 22-50 either to receive an unreduced normal service retirement allowance beginning on the first day of the month following the member's ceasing to be an employee on or after his normal retirement date or to continue in service but have his retirement allowance credited to an account under the deferred retirement option program (DROP) established pursuant to Section 22-204.

(Code 1993, § 23.1-39; Code 2004, § 78-201; Code 2015, § 22-197; Ord. No. 2003-254-226, § 1, 7-28-2003)

Sec. 22-198. Early service retirement.

Any member who is in service as an eligible employee shall be eligible to retire after completion of the retirement application as described in Section 22-50 and receive an early service retirement allowance beginning on the first day of the month following the later of his ceasing to be an employee or:

(1) For a general member:

a. The earlier of the 55th birthday of a vested general member; provided, however, if such member is at least age 55 years but has not become vested, upon the completion of five years of creditable service, and any time thereafter prior to attaining age 65 years; or

b. Upon completion of 30 years of creditable service, regardless of age.

(2) For a public safety member:

a. The earlier of the 50th birthday of the vested public safety member; provided, however, if such member is at least age 50 years but has not become vested, upon the completion of five years of creditable service, and any time thereafter prior to attaining age 60 years; or

b. Upon completion of 25 years of creditable service as a public safety member, regardless of age.

Notwithstanding the foregoing, a public safety member with at least 25 years of creditable service or a public safety member who elected to participate in the enhanced benefit retirement program established pursuant to Section 22-203 with at least 20 years of creditable service shall be eligible after completion of the retirement application

described in Section 22-50 either to receive an unreduced service retirement allowance beginning on the first day of the month following the member's ceasing to be an employee on or after his early retirement date or to continue in service but have his retirement allowance credited to an account under the deferred retirement option program (DROP) established pursuant to Section 22-204.

(Code 1993, § 23.1-40; Code 2004, § 78-202; Code 2015, § 22-198; Ord. No. 2003-254-226, § 1, 7-28-2003)

Sec. 22-199. Deferred service retirement.

Any terminated vested member may retire under the provisions of either Section 22-197 or 22-198 after completion of the retirement application as described in Section 22-50, provided that the requirement as to such member being in service shall not apply. The amount of the retirement allowance shall be computed in accordance with the provisions of the Code in effect at the time of termination of service as an eligible employee. Notwithstanding, a terminated vested member who elected to participate in the defined contribution plan established pursuant to Section 22-142 may elect deferred retirement with respect to benefits earned prior to his participation in such defined contribution plan only after ceasing to be an employee. Service while a participant in the defined contribution plan shall not count as creditable service for the purpose of determining eligibility to commence payment under Section 22-198 or toward the elimination of the early payment reduction factors described in Section 22-202(4).

(Code 1993, § 23.1-41; Code 2004, § 78-203; Code 2015, § 22-199; Ord. No. 2003-254-226, § 1, 7-28-2003)

Sec. 22-200. Determination of service retirement allowance.

(a) For the purposes of any section of this chapter, the service retirement allowance of any member shall be determined on the assumption that the retirement allowance is payable to the member alone and that no optional retirement allowance is elected.

(b) After a member has retired and the amount of the member's retirement allowance has been determined under this chapter, the amount of the member's retirement allowance shall be unaffected by any changes in the actual amount of the primary Social Security benefits to which the member is or becomes entitled under the Federal Social Security Act.

(Code 1993, § 23.1-42; Code 2004, § 78-204; Code 2015, § 22-200)

Sec. 22-201. Effect of transfers of employment.

(a) *Reclassification.* If any public safety member, with five or more consecutive years of creditable service as such, is transferred to a position as a general employee of the City, based upon a determination by the medical examiner or such other physician employed by the City that such member is permanently and completely incapacitated from performing the duties required of a sworn police officer or a firefighter as a result of an injury sustained in the line of duty, the member shall thereafter continue to be classified as a public safety member for all purposes related to determining eligibility for retirement and calculating the retirement allowance payable to the member upon retirement.

(b) *Combined services.* Except as otherwise provided in subsection (a) of this section, if the creditable service of a member at retirement includes service both as a public safety member and as a general member, the amount of any service retirement allowance provided under Section 22-202 shall be determined as the sum of subsection (b)(1) plus subsection (b)(2) of this section as follows:

(1) The retirement allowance that would be payable based on the member's creditable service as a public safety member.

(2) The retirement allowance that would be payable based on the member's creditable service as a general member.

(Code 1993, § 23.1-43; Code 2004, § 78-205; Code 2015, § 22-201)

Sec. 22-202. Service retirement allowance formula; service; early service and deferred.

As used in this article, and in the case of a public safety member on or after September 1, 1997, and a general member on or after March 1, 1997, the term "service retirement allowance" shall mean:

(1) *General member.* In the case of a general member, the annual amount of any monthly retirement allowance payments to a retired general member shall be 1.75 percent of the member's average final compensation, multiplied by the number of years of such member's creditable service up to a maximum of 35 years.

(2) *Public safety member.* In the case of a public safety member, the annual amount of any monthly retirement allowance payments to a retired public safety member shall be the sum of:

a. 1.65 percent of the member's average final compensation, multiplied by the number of years of such member's creditable service up to a maximum of 35 years; plus

b. A supplement payable until attainment of the age of 65, which is equal to 0.75 percent of the member's average final compensation, multiplied by the number of years of such member's creditable service as a public safety member up to a maximum of 25 years (referred to as the "public safety supplement").

(3) *Early service reduction factors.* In the case of a general member with less than 30 years of creditable service or a public safety member with less than 25 years of creditable service as a public safety member, the member's retirement allowance shall be reduced by 5/12 of one percent for each complete month in the period between the member's retirement date and the earlier of:

a. The member's normal retirement date; and

b. For a general member, the date on which the member would have completed 30 years of creditable service had such member remained in service; or

c. For a public safety member, the date the member would have completed 25 years of creditable service as a public safety member, had such member remained in service.

(4) *Deferred reduction factors.* Any other provision of this section to the contrary notwithstanding, if a vested member terminates service under Section 22-199 and has not completed 25 years of creditable service as a public safety member at the date of termination, or (effective January 1, 1990) 30 years of creditable service as other than a public safety member at the date of termination, the member's service allowance shall be reduced in each case by 5/12 of one percent thereof for each complete month by which the member's retirement date precedes the member's normal retirement date.

(5) *Workers' compensation limitation.* No member who receives compensation awarded pursuant to the Virginia Workers' Compensation Act (Code of Virginia, § 65.2-100 et seq.) and who also receives a retirement allowance from the system shall receive before the attainment of age 65 a sum of workers' compensation and retirement allowance which exceeds the average final compensation received by such person at the time such member separated from active service as an employee of a participating employer. After attainment of age 65, the member shall be entitled to the full retirement allowance.

(6) *Workers' compensation limitation (lump sum award).* If any member in receipt of a retirement allowance pursuant to this section elects to receive a lump-sum settlement in lieu of periodic payments for disability under the Virginia Workers' Compensation Act (Code of Virginia, § 65.2-100 et seq.), the member's service retirement allowance shall continue to be reduced in the same amount required by subsection (5) of this section and for the number of months equivalent to the lump sum award amount divided by the amount of the original workers' compensation award amount (i.e., the lump sum award amount divided by the original workers' compensation award amount equals the number of months of continued reduction).

(7) *Exception.* Notwithstanding the foregoing, the service retirement allowance formula applicable to a general member who elects to participate in the enhanced benefit retirement program established pursuant to Section 22-203 shall be determined in accordance with that section, in lieu of subsection (1) of this section.

(Code 1993, § 23.1-44; Code 2004, § 78-206; Code 2015, § 22-202; Ord. No. 2003-254-226, § 1, 7-28-2003)

Sec. 22-203. Enhanced defined benefit retirement.

(a) *Eligibility.*

(1) Upon the establishment of an enhanced defined benefit retirement plan, any member may make a one-time election to participate in such plan; provided, however, that no public safety member age 40 or above may first make such an election. The member must make the election to participate in the plan within 90 days of the member's date of employment or within 90 days of the establishment of the enhanced defined benefit retirement plan, whichever should occur later.

(2) During the period from July 1, 2006 through August 31, 2006, any member who previously elected to participate in the enhanced defined benefit plan may revoke such election. Such revocation shall be effective September 1, 2006.

(b) *Enhanced benefits.*

(1) For participating general members, the annual retirement allowance shall be two percent of the member's average final compensation, multiplied by the number of years of such member's creditable service up to a maximum of 35 years.

(2) Any participating public safety member shall be eligible to retire after completion of the retirement application as described in Section 22-50 and receive an unreduced early service retirement allowance beginning on the first day of the month following the completion of 20 years of creditable service as a public safety member, regardless of age. The formula for calculating such member's allowance will be as described in Section 22-202.

(c) *Member contribution.* Any member who elects to participate in the enhanced benefit retirement program must contribute three percent of the member's creditable compensation from the date of election to the date of termination of service, in addition to any contribution that might be required to participate in the current system. Contributions must be made for a minimum of three years prior to retirement. General members may pay the balance of the required three years' contributions in a lump sum at retirement. Effective September 1, 2006, the contribution requirement shall be three and fifty-seven one-hundredths percent of the member's creditable compensation for general members and three and ninety-five one-hundredths of the member's creditable compensation for public safety members.

(d) *Return of member contributions made prior to September 1, 2006.* In the event that a member participating in the enhanced defined benefit retirement plan revokes his or her election during the period described in subsection (a)(2) of this section, the member's contributions made to the plan prior to the effective date of the revocation shall be refunded to the member in accordance with established practices and procedures with interest as determined by the Board. These contributions are in addition to contributions required in Section 22-112(a). Upon the refund of the member's contributions made under this section, the member shall have no rights or benefits payable under the enhanced defined benefit retirement plan.

(Code 2004, § 78-207; Code 2015, § 22-203; Ord. No. 2003-172-179, § 1(23.1-44.1), 5-27-2003; Ord. No. 2006-58-126, § 1, 5-30-2006; Ord. No. 2006-185-218, § 1, 7-24-2006; Ord. No. 2009-207-214, § 1, 11-23-2009)

Sec. 22-204. Deferred retirement option program.

(a) *Eligibility.* Any public safety member, upon reaching unreduced retirement eligibility or anytime thereafter, may elect to participate in the deferred retirement option program ("DROP"). An eligible public safety member may participate in the DROP only once. Such eligible public safety members must submit a complete retirement application to the Board of their election to participate in the DROP not less than 60 days prior to participation in the program. The implementation date for the DROP will commence as of January 1, 2004.

(b) *Effects of participation.*

(1) Upon the election to participate in the DROP, the participating member will be considered a retired member for all purposes related to the system. However, while participating in the DROP, the member's unreduced monthly retirement allowance shall be paid to a DROP account in lieu of being paid to the member.

(2) The duration of participation in the DROP shall be elected by the member, but shall not exceed six years. During the member's participation in the DROP, a fee up to three percent of that member's creditable compensation may be charged annually to the individual DROP account to cover the cost of the program.

The actual amount of the annual fee will be set by the Board, to be effective July 1 of each fiscal year.

(3) At the end of the DROP period, the member shall terminate employment with the City, the account balance shall be paid to the member and the member shall be classified as a retiree. In the event the member terminates employment prior to the end of the DROP period, the account balance shall be paid to the member and the member shall be classified as a retiree.

(4) Any current participant in the deferred retirement option program whose exit date is on or after July 1, 2015, shall be eligible to elect to extend such participant's participation period for the DROP to a maximum of six years, provided that such participant makes the election to extend the participation period to a maximum of six years by completing and submitting to the Richmond Retirement System a form prescribed by the Richmond Retirement System either prior to the exit date set forth on such participant's deferred retirement option program retirement application or within 60 days after the effective date of the ordinance from which this section is derived, whichever occurs first, after which date such participant shall no longer be eligible for the extended participation period for which Ordinance No. 2015-127-136 (see subsection (b) of this section) provides.

(c) *Unused sick leave credit.* At the time of the election to participate in the DROP, the participating member may elect to retain any or all of his unused sick leave. Fifty percent of unused sick leave not retained shall be converted to creditable service at the beginning of the DROP period in accordance with Section 22-174. Unused sick leave remaining at the end of the DROP period will not be eligible for conversion.

(d) *Rules and regulations.* The Board of Trustees, on behalf of the City Council, is authorized to adopt rules and regulations governing the DROP plan. Any documents executed by the Board of Trustees shall be approved, in form, by the City Attorney prior to execution. Other provisions and administrative guidelines for the DROP shall be contained in the DROP document as adopted by the Board.

(Code 2004, § 78-208; Code 2015, § 22-204; Ord. No. 2003-173-180, § 1(23.1-44.2), 5-27-2003; Ord. No. 2003-254-226, § 1, 7-28-2003; Ord. No. 2005-90-98, § 1, 5-31-2005; Ord. No. 2015-127-136, § 1, 6-8-2015; Ord. No. 2015-139-145, § 1, 6-22-2015)

Sec. 22-205. Distribution of a non-vested member's contribution account upon termination of employment.

If a member terminates his or her service as an employee prior to becoming vested, he or she shall receive a distribution of his or her member contribution account no later than 90 days following such termination.

(Code 2004, § 78-209; Code 2015, § 22-205; Ord. No. 2006-60-128, § 4, 5-30-2006; Ord. No. 2009-207-214, § 1, 11-23-2009)

Sec. 22-206. Voluntary retirement incentive program.

(a) *Definitions.* For purposes of this section, the words and phrases set forth in this subsection shall have the meanings ascribed to them by this subsection unless the context clearly indicates that another meaning is intended:

Day means a calendar day.

Deferment period means a period of time not exceeding 334 days determined in writing by the Chief Administrative Officer for each member whose services the Chief Administrative Officer determines to be essential pursuant to subsection (e) of this section.

All other words and phrases used in this section have the meanings ascribed to them by Section 22-2.

(b) *Eligibility.* Notwithstanding any provision of this chapter to the contrary, and subject to subsection (e) of this section, any general employee of the City, with the exception of any defined benefit or enhanced benefit plan member who is a sworn employee of the Department of Fire and Emergency Services or the Department of Police shall be entitled to voluntarily cease such employee's employment with the City in accordance with the voluntary retirement incentive program established by this section provided that, as of July 1, 2019, such member:

(1) Is an active general employee of the City, which shall include any person on authorized vacation leave, sick leave, or other leave that has a Family and Medical Leave Act purpose;

(2) Has attained the age of 55 and has completed at least 25 years of creditable service, or has attained the age of 65 and has completed at least five years of creditable service; and

(3) Executes a general release (including, but not limited to, an anti-discrimination release) at such time and

in such form as required by the City and prescribed or approved by the City Attorney or the designee thereof, on a uniform and non-discriminatory basis, and does not revoke such release.

(c) *Election.* Any eligible member who desires to retire pursuant to this section shall provide timely written notification to the Board, between July 15, 2019, and September 3, 2019, setting forth such member's election to retire effective November 1, 2019. Such written notification shall include submission of a voluntary retirement incentive program election form, a general release as specified in subdivision (3) of subsection (b) of this section, and a completed system retirement application. Any voluntary retirement incentive program election by an eligible member shall become irrevocable after the seventh day following the member's execution and submission to the Board of all documents referred to in this section and any other documents required by either the City or the Board or both.

(d) *Computation of retirement allowance.* The computation of the retirement allowance to which a member retiring under the voluntary retirement incentive program is entitled shall in all respects conform to the provisions of this article, except to the extent such provisions may conflict with the following special provisions applicable to the voluntary retirement incentive program established by this section:

(1) The retirement allowance to be received by an eligible member shall be based upon the amount of such member's salary as of July 6, 2019, rather than the member's average final compensation.

(2) On September 1, 2019, eligible members who elect to participate in the voluntary retirement incentive program and have at least 25 years of creditable service, but less than 35 years of creditable service, shall be granted up to three additional years of creditable service. The highest number of service years that can be used in the voluntary retirement incentive program retirement benefit calculation is 35.

(3) Eligible members who elect to participate in the voluntary retirement incentive program and, as of July 1, 2019, are 65 years of age or older and have at least five years of creditable service shall be granted up to three additional years of creditable service hereunder. The highest number of service years that can be used in the voluntary retirement incentive program benefit calculation is 35.

(4) Additional creditable service for unused sick leave may not be used for purposes of determining eligibility or for qualifying for or participating in the incentive payments provided in this section.

(5) The one-time incentive payments provided under subsections (e) through (g) of this section shall not be included in creditable compensation for purposes of calculating an eligible member's pension payment.

(6) The early service reduction factor set forth in Section 22-202(3) shall not be applicable to any eligible member who retires pursuant to the voluntary retirement incentive program, and such member shall receive an unreduced benefit regardless of such member's years of creditable service.

(e) *Essential personnel.* The Chief Administrative Officer may delay the retirement of any eligible member who has elected to retire in accordance with subsection (c) of this section whose services the Chief Administrative Officer determines to be essential for the proper operation of the City. In the event of such a determination, the Chief Administrative Officer shall notify in writing the member, the President of the Council and the Board that the member's retirement will be deferred for a deferment period. The member deemed essential shall be entitled to an additional special incentive payment of up to $5,500.00, payable in equal installments over no more than 90 days, and in accordance with the City's pay schedule, commencing in the first pay period beginning at least 90 days after the date on which the Chief Administrative Officer issues written notification thereof to the member. If the member remains in service until the end of the deferment period, the member shall be eligible to retire in accordance with the voluntary retirement incentive program within 30 days following the end of the deferment period. If, at any time prior to the end of the deferment period, the Chief Administrative Officer determines that the member's assignment has been completed, the member shall be eligible to retire in accordance with the voluntary retirement incentive program within 30 days following the date on which the Chief Administrative Officer issues written notification thereof to the member. The member deemed essential shall continue to earn creditable service time during the delayed retirement period and shall be entitled to retire under the provisions of the voluntary retirement incentive program based on the member's age and years of service at the time of the member's delayed separation.

(f) *Fully vested incentive payment.* Any eligible member who has at least 33 years of creditable service on July 1, 2019, meets the requirements under the provisions of the voluntary retirement incentive program and elects

to retire shall be paid an additional incentive payment as follows:

(1) A member with 35 years and higher of creditable service shall receive a one-time lump sum incentive payment from the City of $22,000.00, less applicable taxes;

(2) A member with 34 years up to the day prior to 35 years of creditable service shall receive a one-time lump sum incentive payment from the City of $10,000.00, less applicable taxes; or

(3) A member with 33 years up to the day prior to 34 years of creditable service shall receive a one-time lump sum incentive payment from the City of $7,500.00, less applicable taxes.

Each such incentive payment shall be paid from the City's treasury and not from the funds of the system.

(g) *Distribution of incentive payments.* Any eligible member who is entitled to receive an incentive payment under subsection (e) or (f) of this section shall be paid a one-time monetary incentive during the first regularly-scheduled pay period in January, 2020. Any one-time lump sum payment that is payable after separation from the City shall constitute a post separation payment, shall not be eligible to be deferred under the City's 457 retirement plan and shall not be included in creditable compensation for purposes of calculating any such eligible member's pension payment.

(h) *Post-retirement rehire.* Any eligible member who elects to retire under the voluntary retirement incentive program shall be ineligible for rehire by the City in a part-time or seasonal position for a period of six months and shall not be eligible to be rehired as a full-time, permanent employee for one year after separation from the City.

(i) *Rules and regulations.* The Board may, from time to time, issue, modify and enforce any rules, regulations or guidelines, consistent with this section and other applicable laws as may be necessary to carry out the requirements and purposes of this section.

(j) *Expiration.* The provisions of this section shall expire on December 31, 2020.

ARTICLE VIII. DISABILITY RETIREMENT

Sec. 22-234. Medical examiner's procedure.

(a) The Board of Trustees of the Richmond Retirement System shall, from time to time, commencing as soon as practicable but in any event no later than July 1, 1975, employ a minimum of three physicians, practicing in the City, upon such terms and conditions as the Board may prescribe, each of whom shall be known as a medical examiner. It shall be the duty of a medical examiner, at the request of the Board, to conduct or approve all medical examinations required under this article or by the Board. If such a request is made, a medical examiner shall investigate all health or medical statements and certificates made by or on behalf of any person in connection with the payment of money to such person under this article and shall report in writing to the Board pertinent conclusions and recommendations.

(b) Except as otherwise provided, a medical examiner whose specialty is most closely related to the cause of the alleged disability shall conduct an examination of a member requesting retirement under Section 22-238 or 22-240. If, for any reason, such an examination is not possible, the Board may rely upon the medical examiner's review and approval of the health or medical statements and certificates made by or in behalf of the member. If the member's alleged disability is the result of multiple causes, the Board may utilize a medical examiner of general practice.

(c) Upon completion of the examination described in subsections (a) and (b) of this section, a second medical examiner shall review the conclusions and recommendations which result therefrom as well as health or medical statements made by or in behalf of the member. The second medical examiner shall then, based upon this review, agree or disagree with the first set of conclusions and recommendations. This medical examiner may conduct an examination of the member.

(d) If the second medical examiner disagrees with the first set of conclusions or recommendations, the Board shall seek the opinion of a third medical examiner. The third medical examiner shall conduct an examination of the

member in the manner prescribed for the examination by the first medical examiner.

(e) The Board shall, in all cases, determine eligibility for retirement pursuant to Section 22-238 or 22-240 in a manner which is consistent with the conclusions and recommendations of the majority of the medical examiners from whom opinions are requested under this section.

(f) Determinations for certification as required in Section 22-236 shall be made utilizing the procedure described in this section.

(Code 1993, § 23.1-45; Code 2004, § 78-241; Code 2015, § 22-234)

Sec. 22-235. Postretirement examination.

(a) The Board may require any member in receipt of a disability retirement allowance under the Richmond Retirement System or under the abolished system to undergo a medical examination by the medical examiner once each year prior to the date on which the member would have attained the member's normal retirement date had the member remained in service. Should a member refuse to submit to any required medical examination, the member's disability retirement allowance shall be discontinued until the member's withdrawal of such refusal, and should such refusal continue for one year all the member's rights to any further disability allowance shall cease.

(b) If, on or after the first anniversary of the member's disability retirement, the medical examiners determine that such member is capable of performing the duties of positions, other than those of the member's last position with the City, for which the member may reasonably be qualified by education, training, or experience, the Board shall refer such member to the Director of the Department of Human Resources for the purpose of seeking an appointment to such a position. The failure or refusal of the member within one month to accept any such position offered for which the wages are at least 100 percent of the member's last salary including any cost-of-living adjustments and equity increases through a combination of salary and system benefits for a disability which entitles the member to workers' compensation and 80 percent for a disability which does not entitle the member to workers' compensation shall result in the member being deemed ineligible for any benefits under this section. Any benefits awarded pursuant to this section shall cease upon the member's appointment to the position offered. If a retired member is reassigned to another position with the City as a result of such medical evaluation, all the member's retirement benefits other than salary shall be calculated as if the person were still in the position from which the person initially became disabled; provided, however, if the member is in receipt of a Social Security disability retirement award, the member shall be under no duty either to submit to a medical examination or to accept any position which may be offered as a result of the examination. Should any such Social Security disability retirement award be terminated, these duties shall again be imposed on the member.

(c) Any retired member entitled to total and permanent disability benefits under the Federal Social Security Act shall be exempt from the requirements of this section.

(Code 1993, § 23.1-46; Code 2004, § 78-242; Code 2015, § 22-235)

Sec. 22-236. Cessation of disability retirement allowance.

Whenever, as a result of an examination of a member in receipt of a disability retirement allowance, as provided for in Section 22-235, the medical examiners certify to the Board that such member is no longer completely incapacitated and is capable of performing the usual and customary duties required of the member's former position with the City or if any such member should be again in service at any time prior to the member's normal retirement date, the disability retirement allowance of such member shall cease, and the individual shall again become an active member of the Richmond Retirement System. Any creditable service rendered by the member prior to the member's date of disability shall thereafter be counted as creditable service, and, in addition, the period of disability retirement shall be counted as creditable service.

(Code 1993, § 23.1-47; Code 2004, § 78-243; Code 2015, § 22-236)

Sec. 22-237. Filing requirements.

(a) *Application for Social Security disability benefits required.* Any member in receipt of a disability retirement allowance must apply for Social Security disability benefits within six months of retirement and submit a copy of the letter of award or denial to the Richmond Retirement System upon its receipt.

(b) *Request for tax and income information.* The Board may require a member receiving a disability retirement allowance to provide a signed copy of the member's Federal and State tax returns and all statements and schedules required to be attached thereto. Any retired member entitled to total and permanent disability benefits under the Federal Social Security Act shall be exempt from the requirements of this section.

(c) *Noncompliance.* Should any member refuse to provide requested documents or information as provided in this section, the member's disability retirement allowance shall be discontinued until such requested documents or information are produced. If the refusal to provide the requested documents or information continues for a period of one year, any right to further disability retirement allowance shall terminate. Should the Board determine that an overpayment of disability retirement allowance has been made, such overpayment shall be corrected by suspension of all or part of the disability allowance for such period of time as necessary to complete such repayment.

(Code 1993, § 23.1-48; Code 2004, § 78-244; Code 2015, § 22-237)

Sec. 22-238. Eligibility for ordinary, non-job-related disability retirement.

(a) *Non-job-related disability.* Any vested member in service may retire or may be retired by the member's appointing authority at any time prior to the member's normal retirement date, on account of permanent disability, upon submission of a completed retirement application to the Board, made by the member or by the appointing authority setting forth at what time the retirement is to become effective. Such effective date shall be after the termination of pay status but shall not be more than 90 days prior to the filing of such application. The medical examiners, after a medical examination of such member, shall have certified that such member has been completely incapacitated by reason of sickness or injury contracted after the member's most recent date of employment and that at such effective date the member, as a result of the same sickness or injury, is completely incapacitated from performing the duties required of the member's position or another position with the City and that such incapacity is likely to be permanent and that such member should be retired.

(b) *Preexisting condition.* If a member's sickness or injury which, though existing at the time of the member's most recent employment, did not prevent such member from performing all the usual and customary duties required in the position such member filled such member is entitled to disability retirement, provided that:

(1) The member's most recent period of employment has been not less than five years; and

(2) Medical evidence, convincing to the Board, supports a finding that such preexisting condition has worsened substantially, so as to render such member completely incapacitated and that at such effective date the member, as a result of the same sickness or injury, is completely incapacitated from performing the duties required of the member's position or another position with the City and that such incapacity is likely to be permanent and that such member should be retired.

(c) *Successive disabilities.* In the administration of this section, successive disabilities separated by less than six months of active employment shall be considered to be the same disability unless due to entirely unrelated causes.

(d) *Determination of retirement date.* Notwithstanding the requirement of subsection (a) of this section that the effective date of a member's disability retirement shall be after the termination of pay status but shall not be more than 90 days prior to the member's or the member's appointing authority's filing a completed retirement application with the Board, the Board may, in its discretion, upon written application by the member or appointing authority, as the case may be, and upon medical examination and certification by the medical examiner to the Board that the same incapacity continues, extend the effective date for retirement beyond the 90 days, provided that each such extension shall be for 90 days, and not more than three consecutive extensions shall be granted or allowed by the Board to the member. Should the medical examiner after further examination of the member during the period of extension certify that the members' incapacity has been cured or removed, the member shall not be eligible for disability retirement.

(e) *Termination of pay status.* Retirement under this section shall occur upon the termination of pay status. As used in this section, the term "termination of pay status" means complete and final payment of all compensation, salary or wages owed by the City to the member, including vacation, sick leave or other leave of absence during which the member is paid compensation, salary or wages.

(Code 1993, § 23.1-49; Code 2004, § 78-245; Code 2015, § 22-238)

Sec. 22-239. Ordinary (non-job-related) disability; benefit formula.

(a) *Generally.* Upon retirement under Section 22-238 (non-job-related), a member shall receive an annual disability retirement allowance payable monthly for life during such members' continued disability commencing one month after the member's date of retirement, in an amount computed in accordance with the following subsections of this section.

(b) *Disability service and compensation.*

(1) With respect to a member who retires for disability prior to the attainment of the age of 60, the term "disability-average compensation," as used in this section, means the average final compensation that would have been applicable to the member at the age of 60 had the member remained in service until such age, at the same annual rate of creditable compensation as in effect at the date of the member's disability retirement, and the term "disability-credited service," as used in this section, means the smaller of:

a. The creditable service the member would have completed at age 60 had the member remained in service until such age; or

b. The larger of 20 years or twice the member's actual period of creditable service.

(2) With respect to a member who retires for disability after the attainment of the age of 60, the term "disability average compensation" means the member's average final compensation, and the term "disability-credited service" means the member's creditable service.

(c) *Benefit formula.* For member who retires under Section 22-238 (non-job-related), the annual amount of any monthly disability retirement allowance payments to the member that fall due hereunder on or after attainment of the age of 65, or prior to the member's attainment of the age of 65 and in a month for which the retired member is entitled to total and permanent disability benefits under the Federal Social Security Act shall be computed as the sum of:

(1) 1.25 percent of the member's disability-average compensation, multiplied by the number of years of the member's disability-credited service, as herein defined; plus

(2) 0.15 percent of the member's disability-average compensation in excess of the greater of $13,200.00 or one-half of the covered compensation for the member attaining Social Security retirement age during the year of retirement times the member's disability-credited service up to a maximum of 35 years. A member who does not attain Social Security retirement age during the year of retirement shall have covered compensation calculated as if the member had.

(d) *Supplement if not entitled to Social Security disability.* The annual amount of any monthly retirement allowance payments to a retired member that fall due hereunder prior to the member's attainment of the age of 65 and in a month for which the retired member is not entitled to total and permanent disability benefits under the Federal Social Security Act shall be computed as the sum of the amount computed as provided in subsection (c) of this section, plus 0.65 percent of the member's disability-average compensation times the member's disability-credited service up to a maximum of 20 years.

(e) *Worker's compensation limitation prior to age 65 years.* No member who receives compensation awarded pursuant to the Virginia Workers' Compensation Act (Code of Virginia, § 65.2-100 et seq.) and who also receives a disability retirement allowance from the system shall receive before the attainment of age 65 a sum of workers' compensation and retirement allowance which exceeds the average final compensation received by such member at the time such disability caused separation from active service as an eligible employee of the City.

(f) *Worker's compensation limitation after age 65 years.* No such member after attainment of age 65 shall receive a sum of workers' compensation and disability retirement allowance which exceeds the average final compensation received by such member at the time such disability caused separation from active service as an eligible employee of the City less 0.65 percent of such member's average final compensation or disability-average compensation times such member's creditable service or disability credited service to a maximum of 20 years. A member receiving a disability retirement allowance shall be entitled to receive all cost-of-living adjustments authorized by City Council although such cost-of-living adjustments may result in such member receiving an overall

allowance in excess of the member's average final compensation computed at the time of termination of active service.

(g) *Retirement allowance of a DROP member.* Notwithstanding the foregoing, the non-job-related disability retirement allowance of a DROP member shall be governed by the guidelines established pursuant thereto to Section 22-204.

(h) *Retirement allowance of a contribution plan participating member.* Notwithstanding the foregoing, the non-job-related disability retirement allowance of a member participating in the defined contribution plan shall be offset by the actuarial equivalent of his account balance in the defined contribution plan as of the date of the disability.

(Code 1993, § 23.1-50; Code 2004, § 78-246; Code 2015, § 22-239; Ord. No. 2003-254-226, § 1, 7-28-2003)

Sec. 22-240. Eligibility for compensable, job-related disability retirement.

(a) *Compensable, job-related disability.* The requirement of five years of creditable service as a prerequisite for disability retirement shall not be applicable to any member who satisfies the other requirements of Section 22-238(a) and:

(1) Whose disability is compensable under the Virginia Workers' Compensation Act, Code of Virginia, § 65.2-100 et seq., or would be so compensable except for the fact that the member is not covered under the provisions of such Act; or

(2) Who is employed as a firefighter and whose disability is the result of respiratory disease, hypertension or heart disease, unless the medical examiners shall certify, on the basis of competent evidence, that such disability was not suffered in the line of duty; or who is employed as a sworn police officer and whose disability is the result of hypertension or heart disease, unless the medical examiners certify, on the basis of competent evidence, that such disability was not suffered in the line of duty.

(b) Referral for alternate position.

(1) Any member who is otherwise eligible for retirement on the basis of a disability described under subsection (a) of this section and who is determined to be permanently and completely incapacitated from performing the duties required of the member's own position, but who is determined to be capable of performing the duties of another position with the City, shall be eligible for disability retirement if:

a. The member is not placed in an alternative position with the City within one year after the date of the determination that the member is incapable of performing the duties required of the member's former position; or

b. The Chief Administrative Officer certifies to the Board that no alternative position with the City for which the member is reasonably qualified by education, training or experience is available and that such a position is not likely to become available within the one-year period required for placement of the member in an alternative position.

(2) Refusal of an offer of an alternative position with the City shall render the member ineligible to receive disability retirement allowance under this section.

(c) *Successive disabilities.* In the administration of this section, successive disabilities separated by less than six months of active employment shall be considered to be the same disability unless due to entirely unrelated causes.

(d) *Determination of retirement date.* Notwithstanding the requirement of subsection (a) of this section that the effective date of a member's disability retirement shall be after the termination of pay status but shall not be more than 90 days prior to the member's or the member's appointing authority's filing a completed retirement application with the Board, the Board may, in its discretion, upon written application by the member or appointing authority, as the case may be, and upon medical examination and certification by the medical examiner to the Board that the same incapacity continues, extend the effective date for retirement beyond the 90 days, provided that each such extension shall be for 90 days, and not more than three consecutive extensions shall be granted or allowed by the Board to the member. Should the medical examiner after further examination of the member during the period of extension certify that the members' incapacity has been cured or removed, the member shall not be eligible for

disability retirement.

(e) *Termination of pay status.* Retirement under this section shall occur upon the termination of pay status. As used in this section, the term "termination of pay status" means complete and final payment of all compensation, salary or wages owed by the City to the member, including vacation, sick leave or other leave of absence during which the member is paid compensation, salary or wages.

(Code 1993, § 23.1-51; Code 2004, § 78-247; Code 2015, § 22-240; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 22-241. Job-related disability; benefit formula.

(a) *Generally.* Upon retirement for disability as provided in Section 22-240 (job-related), a member shall receive an annual disability retirement allowance payable monthly for life during such member's continued disability commencing one month after the member's date of retirement, in an amount computed in accordance with the following subsections of this section.

(b) Disability service and compensation.

(1) With respect to a member who retires for disability prior to the attainment of the age of 60, the term "disability-average compensation," as used in this section, means the average final compensation that would have been applicable to the member at the age of 60 had the member remained in service until such age, at the same annual rate of creditable compensation as in effect at the date of the member's disability retirement, and the term "disability-credited service," as used in this section, means the smaller of:

a. The creditable service the member would have completed at age 60 had the member remained in service until such age; or

b. The larger of 20 years or twice the member's actual period of creditable service.

(2) With respect to a member who retires for disability after the attainment of the age of 60, the term "disability average compensation" means the member's average final compensation, and the term "disability-credited service" means the member's creditable service.

(c) *1966 minimum guarantee.* Any of the provisions of this section to the contrary notwithstanding, the disability retirement allowance payable to any retired employee who was a member of the system on June 30, 1966, and who qualified or could have qualified for disability retirement under the provisions of this section, shall in no event be less than the service-connected disability retirement allowance that would have been payable had the provisions of the system as in effect at June 30, 1966, been in effect at the member's actual date of disability retirement.

(d) *Benefit formula.* For a member who retires on or after July 1, 1989, for disability pursuant to Section 22-240 (job-related disability) the member shall, subject to the provisions of subsection (e) of this section, receive an annual retirement allowance for life which equals two-thirds of the member's disability-average compensation.

(e) *Reduction for Social Security benefits.* If the retired member is entitled to and is in receipt of permanent disability benefits under the Federal Social Security Act, or upon the retired member's attainment of the age of 65, this retirement allowance will be reduced by 0.65 percent of the member's disability-average compensation times the member's disability-credited service up to a maximum of 20 years.

(f) *Worker's compensation offset (dollar for dollar).* Any of the foregoing provisions to the contrary notwithstanding, the disability retirement allowance payable to any member retiring on or after July 1, 1989, shall be reduced by the amount of compensation, if any, awarded, or entitled to be awarded, to the member under the Virginia Workers' Compensation Act (Code of Virginia, § 65.2-100 et seq.) with respect to the disability giving rise to the member's retirement, so long as such compensation is payable.

(g) *Worker's compensation offset (lump sum settlement).* If any member in receipt of a retirement allowance pursuant to this section elects to receive a lump-sum settlement in lieu of periodic payments for disability under the Virginia Workers' Compensation Act (Code of Virginia, § 65.2-100 et seq.), the member's disability retirement allowance shall be reduced in the same amount and for the number of months equivalent to the lump sum award amount divided by the amount of the original workers' compensation award amount (i.e., the lump sum award amount divided by the original workers' compensation award amount equals the number of months of continued

reduction).

(h) *Retirement allowance of a DROP member.* Notwithstanding the foregoing, the job-related disability retirement allowance of a DROP member shall be governed by the guidelines established pursuant thereto to Section 22-204.

(i) *Retirement allowance of a contribution plan participating member.* Notwithstanding the foregoing, the job-related disability retirement allowance of a member participating in the defined contribution plan shall be offset by the actuarial equivalent of his account balance in the defined contribution plan as of the date of the disability.

(Code 1993, § 23.1-52; Code 2004, § 78-248; Code 2015, § 22-241; Ord. No. 2003-254-226, § 1, 7-28-2003)

Sec. 22-242. Reduction in disability retirement allowance due to excess income.

(a) Whenever any member of the Richmond Retirement System receiving a disability retirement allowance pursuant to this section is, prior to the member's normal retirement date, engaged in gainful occupation or work paying more than the difference between the member's disability retirement allowance and the salary payable for the highest step in the pay range shown in the most recent City pay plan for the member's last position with the City, the Board shall reduce the disability retirement allowance by an amount such that the sum of the annual earnings and the annual benefit allowance equals the annual salary payable for the highest step in the pay range shown in the most recent City pay plan for the member's last position with the City, except as may be otherwise provided in Section 22-236.

(b) Any reduction in benefits occurring as a result of this section shall cease as of the day on which the member attains the normal retirement date unless the reduction is in the nature of a repayment of excess income described in subsection (a) of this section, in which case the reduction shall cease upon completion of the repayment.

(Code 1993, § 23.1-53; Code 2004, § 78-249; Code 2015, § 22-242)

Secs. 22-243—22-262. Reserved.

ARTICLE IX. PAYMENT

Sec. 22-263. Basic benefit payment.

The annual retirement allowance of a member shall be payable monthly to such member for such member's life, unless otherwise elected by the member in accordance with this article.

(Code 1993, § 23.1-54; Code 2004, § 78-281; Code 2015, § 22-263)

Sec. 22-264. Optional benefits.

(a) *Generally.* Each member shall have the right, at any time, not after the later of the effective date of the member's retirement or the date of the written notification to the Board of the retirement of the member, to elect to have such member's retirement allowance payable under one of the options set forth in subsections (b), (c), (d) and (e) of this section, in lieu of the retirement allowance otherwise payable upon retirement. The amount of any such optional retirement allowance shall be the actuarial equivalent of the amount of such retirement allowance otherwise payable to the member, provided that if a member retires after the member's normal retirement date, the actuarial equivalent shall be determined as of the member's normal retirement date rather than at the member's actual retirement date. The member shall make such an election by written notice to the Board and such an election shall be subject to the approval of the Board.

(b) *Joint and survivor option.* A member may elect to receive a decreased retirement allowance during the member's lifetime and have such retirement allowance, or a designated fraction thereof, continued after the member's death to one other person, called a contingent beneficiary, during the lifetime of such contingent beneficiary, provided that in the case of a member who retires for disability under the provisions of Section 22-238 or 22-240, the election of this option need not be made and shall not become effective until the member attains the date that would have been the member's normal retirement date had the member remained in service until then.

(c) *Pop-up joint and survivor option.* A member may elect to receive a decreased retirement allowance during the member's lifetime and have such retirement allowance or a designated fraction thereof continued after the member's death to one other person called a contingent beneficiary during the lifetime of such contingent

beneficiary. If the contingent beneficiary should predecease the member, then the member's retirement allowance shall increase to the amount of the single life annuity described in Section 22-263 the date following the contingent beneficiary's death. In the case of a member who retires for disability under the provisions of Section 22-238 or 22-240, the election of this option need not be made and shall not become effective until the member attains the date that would have been the member's normal retirement date had the member remained in service until then.

(d) *Level payment option.* A member may elect to receive a reduced retirement allowance that will remain level for the lifetime of the member.

(e) *Smooth-out option.*

(1) A member who retires for early service retirement under the provisions of Section 22-198 may elect to receive an increased retirement allowance up to the first day of the month following the member's 65th birthday, and a decreased retirement allowance thereafter.

(2) For the purpose of determining the payments under this optional form of payment, the amount of any member's primary Social Security benefit shall be established by the Board on the basis of a table, to be updated annually in accordance with changes in the Federal Social Security Act. The Board may, in its discretion, establish the amount of any member's primary Social Security benefit on the basis of the member's actual Social Security award in lieu of using the procedure described in the preceding sentence of this section. If the retired member does not qualify for or loses primary Social Security benefits to which such member is entitled under the Federal Social Security Act because of failure to make application therefor, entering into covered employment, or otherwise, such primary Social Security benefits shall nevertheless be considered as being received by such member for purposes of this article. If in the determination of the amount of any retirement allowance payable under any of the provisions of this article it is necessary that the amount of an actual Social Security benefit be known, it shall be the responsibility of the member to supply such information to the Board on request. If such information is not supplied when requested, the Board shall make any reasonable assumption it may deem proper as to the amount of such benefit.

(f) *Election of deceased member deemed null and void.* The election by a member of any one of the options provided in subsections (b) through (e) of this section shall be null and void if the member dies prior to retirement, or prior to the date the option becomes effective, and the election by a member of the option provided in subsections (b) and (c) of this section shall be null and void if the designated contingent beneficiary dies before the member's retirement or before the date the option becomes effective.

(g) *Revocation of election.* A member who has elected any one of the options provided in subsections (b) through (e) of this section may, at any time prior to the later of the effective date of the member's retirement or the date the option becomes effective, revoke such an election by written notification to the Board. The election of any one of such options shall automatically revoke any previous election then in effect.

(h) *Board option to decline election.* The Board may, in its discretion, decline to permit election of such option if the amount of any retirement allowance which would be payable on an option basis elected pursuant to this section is less than $20.00 per month.

(i) *Election of payment option and DROP participation by member.* Notwithstanding the foregoing, the election under this section of an optional form of payment by a member who has elected to participate in the deferred retirement option program (DROP) established pursuant to Section 22-204 must be made at the same time as he elects to participate in the DROP established pursuant to Section 22-204. Any changes or adjustments to such election may be made only in accordance with subsections (f) and (g) of this section.

(j) *DROP member allowance credited to separate account.* The allowance of a DROP member shall be credited to a separate account within the system, subject to the terms and conditions of the guidelines established pursuant to Section 22-204 (in lieu of payment to such member) and, upon such member's ceasing to be an employee, the separate account shall be distributed in accordance with the guidelines established pursuant to Section 22-204.

(Code 1993, § 23.1-55; Code 2004, § 78-282; Code 2015, § 22-264; Ord. No. 2003-254-226, § 1, 7-28-2003)

Sec. 22-265. Lump sums.

(a) The Board may set a dollar amount for a monthly retirement benefit that shall be paid in the form of a lump sum. Except as provided in subsection (c) of this section, monthly benefits of more than the amount determined by the Board shall not be paid in the form of a lump sum. Notwithstanding the above, monthly benefits whose lump sum value is above the amount as shall be from time to time established by Section 411(a)(11) of the Internal Revenue Code shall require member consent before a lump sum is paid. Any member or beneficiary shall be required to receive a lump sum distribution of the amount as shall be from time to time established by Section 411(a)(11) of the Internal Revenue Code or less.

(b) All lump sums shall be based on the applicable interest rate and mortality table as defined in Section 417(e) of the Internal Revenue Code effective on the first day of the calendar year in which payment is made.

(c) Upon the written agreement of the member and the Richmond Retirement System, monthly benefits payable to a member who is retired on a disability retirement allowance may be paid in the form of a lump sum by purchase of one or more annuities or a combination of lump sum and annuity payments.

(Code 1993, § 23.1-56; Code 2004, § 78-283; Code 2015, § 22-265)

Sec. 22-266. Rollover of lump sum distributions.

(a) For purposes of this section, the following terms have the meanings assigned to them in section 401(a)(31) of the Internal Revenue Code and, to the extent not inconsistent therewith, shall have the following meanings:

Eligible retirement plan means a defined contribution plan which is either an individual retirement account described in Section 408(a) of the Internal Revenue Code, an individual retirement annuity described in Section 408(b) of the Internal Revenue Code other than an endowment contract, an annuity plan described in Section 403(a) of the Internal Revenue Code or a qualified trust described in Section 401(a) of the Internal Revenue Code that accepts the prospective recipient's eligible rollover distribution. For distributions made before January 1, 2002, for an eligible rollover distribution payable to a participant's surviving spouse, an eligible retirement plan means only an individual retirement account or individual retirement annuity. Effective for distributions made after December 31, 2001, an eligible retirement plan shall also mean an annuity contract described in Section 403(b) of the Internal Revenue Code and an eligible plan under Section 457(b) of the Internal Revenue Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to account separately for amounts transferred into such plan from this plan. Effective for distributions made after December 31, 2001, the definition of eligible retirement plan applicable to a participant shall also apply for a distribution to a participant's surviving spouse and to a participant's spouse or former spouse who is the alternate payee under a domestic relations order accepted by the system.

Eligible rollover distribution means any distribution other than:

(1) A distribution which is one of a series of substantially equal periodic payments, not less frequently than annually, made either for the life or life expectancy of the recipient or the joint lives or joint life expectancies of the recipient and the recipient's beneficiary who is an individual or for a specified period of ten or more years; or

(2) A distribution to the extent it is required under the minimum distribution requirement of Section 401(a)(9) of the Internal Revenue Code.

(b) Effective January 1, 1993, notwithstanding anything to the contrary in this article, but subject to any de minimis or other exceptions or limitations provided for under Section 401(a)(31) of the Internal Revenue Code, any prospective recipient, whether a member, a surviving spouse, a current or former spouse who is an alternate payee under a domestic relations order accepted by the system or any other person eligible to make a rollover, of a distribution from the City plan which constitutes an eligible rollover distribution, to the extent otherwise includible in the recipient' s gross income, may direct the Board to pay the distribution directly to an eligible retirement plan.

(c) Any such direction shall be filed with the Board in such form and at such time as the Board may require and shall adequately specify the eligible retirement plan to which the payment shall be made. The Board shall make payment as directed only if the proposed transferee plan will accept the payment. Any such plan-to-plan transfer shall be considered a distribution option under this plan and shall be subject to all the usual distribution rules of the system, including, but not limited to, the requirement of an advance explanation of the option. The Board is

authorized in its discretion, on a uniform and nondiscriminatory basis, to apply any discretionary de minimis or other discretionary exceptions or limitations provided for under Section 401(a)(31) of the Internal Revenue Code in effecting or declining to effect plan-to-plan transfers under this section. Within a reasonable time (generally not more than 90 nor less than 30 days) before the benefit payment date of a prospective recipient of an eligible rollover distribution from the plan, the Board shall provide the prospective recipient with a written explanation of the rollover and tax rules required by Section 402(f) of the Internal Revenue Code.

(d) In the event of a mandatory distribution greater than $1,000.00 in accordance with the provisions of Section 22-265, if the member does not elect to have such distribution paid directly to an eligible retirement plan specified by the member in a direct rollover or to receive the distribution directly in accordance with this section, then the Board will pay the distribution in a direct rollover to an individual retirement plan designated by the plan administrator. The Board will select the individual retirement plan in accordance with the safe harbor provisions established under Code of Virginia, § 51.1-803(c), and such provisions shall be interpreted and administered in accordance therewith. This mandatory rollover requirement does not apply to a lump sum payment made to a surviving spouse or former spouse who is an alternate payee under a domestic relations order accepted by the system prior to June 10, 2002.

ARTICLE X. DEATH BENEFITS

Sec. 22-296. Death prior to retirement.

(a) Should a member who became an employee of the City on or before June 13, 1988, and who at the member's death has one or more years of creditable service die in service at any time before retirement or while a current DROP member, a benefit equal to $16.67 multiplied by the number of months of creditable service, but not to exceed $1,000.00, shall be payable in a lump sum in accordance with Section 22-298, in addition to any other death benefits provided under this article.

(b) Should a member or former member who became an employee of the City on or before June 13, 1988, and who at the time of the member's death has one or more years of creditable service die after termination of service, but prior to retirement under the provisions of this article, provided such person has been continuously disabled from the date of termination of service to date of death, and the disability has been such as would qualify the member for disability retirement in accordance with Section 22-238 or 22-240, without regard to any creditable service requirements or actual retirement thereunder and provided, further, that written notification of such disability is given to the Board by the member, the member's appointing authority or such person entitled to such death benefits in accordance with Section 22-298, not later than one year after termination of service, an additional benefit equal to $16.67 multiplied by the number of months of creditable service, but not to exceed $1,000.00, shall be payable in a lump sum in accordance with Section 22-298.

(c) Should a member or former member die without a surviving spouse prior to retirement under the provision of this article, a death benefit equal to the balance in his member contribution account determined as of the date of death shall be payable in a lump sum in accordance with Section 22-298.

(Code 1993, § 23.1-58; Code 2004, § 78-311; Code 2015, § 22-296; Ord. No. 2003-254-226, § 1, 7-28-2003; Ord. No. 2006-60-128, § 2, 5-30-2006)

Sec. 22-297. Death after retirement.

(a) Should a former member who had one or more years of creditable service die at any time after June 30, 1966, while in receipt of a retirement allowance under the provisions of this article (and not a current DROP member), a benefit equal to $16.67 multiplied by the number of months of the former member's creditable service, but not to exceed $1,000.00, shall be payable in a lump sum in accordance with Section 22-298, in addition to any other death benefits provided under this article, provided the former member became an employee of the City on or before June 13, 1988.

(b) In the event a member dies after the effective date of retirement and his or her monthly benefit ceases, any excess of the balance in his or her member contribution account as of the effective date of retirement over the

total retirement allowance received by the member prior to death shall be paid in the same manner as the death benefit provided in subsection (a) of this section.

(Code 1993, § 23.1-59; Code 2004, § 78-312; Code 2015, § 22-297; Ord. No. 2003-254-226, § 1, 7-28-2003; Ord. No. 2006-60-128, § 2, 5-30-2006)

Sec. 22-298. Designation of recipient of death benefits.

All lump sum payments due under this article upon the death of a member or retired member of the Richmond Retirement System shall be paid to such person, if any, as the member or retired member shall have nominated by written designation signed in such manner as may be required by the Board and filed with the Board before the member's death. Such nomination may be changed from time to time by written designation by the member, signed and filed as stated in this section. If no designation has been made, the proceeds shall be paid to the persons surviving at the death of the member in the following order of precedence:

(1) First, to the spouse of the member.

(2) Second, if no surviving spouse, to the children of the member and descendants of deceased children, per stirpes.

(3) Third, if none of the persons in subsection (1) or (2) of this section, to the parents of the member.

(4) Fourth, if none of the persons in subsections (1) through (3) of this section, to the duly appointed executor or administrator of the estate of the member.

(5) Fifth, if none of the persons in subsections (1) through (4) of this section, to other next of kin of the member entitled under the laws of the domicile of the member at the time of the member's death.

(Code 1993, § 23.1-60; Code 2004, § 78-313; Code 2015, § 22-298)

Sec. 22-299. Allowance for certain surviving spouses, etc.

(a) *Death of active member who is otherwise eligible for retirement.* Should a member die in service at any time before retirement and after attaining the normal retirement date or after becoming eligible for early service retirement under Section 22-198, the surviving spouse, if any, shall receive a retirement allowance payable monthly for life equal to and commencing at the same date as the retirement allowance that would have been payable to the member, computed in accordance with Section 22-202, had the member survived and retired on the first day of the month following the member's death after having elected to have the member's allowance paid under the joint and last survivor option with 100 percent of the amount payable to the member continuing after the member's death to the spouse as provided for in Section 22-264(b). In the event a surviving spouse dies, any excess of the balance in the member contribution account as of the date of the member's death, over the total retirement allowance received by the surviving spouse prior to death shall be paid in a lump sum in accordance with Section 22-298 as though the surviving spouse had predeceased the member.

(b) *Death of disability retirement allowance recipient.* Should a member retire for disability under the provisions of Section 22-238 or 22-240, after the member has satisfied the age and service requirements for early service retirement under Section 22-198, and then die prior to the attainment of the date that would have been the member's normal retirement date had the member remained in service until then, the surviving spouse, if any, shall receive a retirement allowance payable monthly for life equal to and commencing at the same date as the allowance that would have been payable to the member, computed in accordance with Section 22-202, had the member remained in service and retired under the provisions of Section 22-198 on the first day of the month following the member's death with the same average final compensation as at the member's date of disability retirement, after having elected to have the member's allowance paid under the joint and last survivor option with 100 percent of the amount payable to the member continuing after the member's death to the spouse as provided for in Section 22-264(b).

(c) *Death in line of duty.* Should a member die in service at any time before retirement from a cause compensable under the Virginia Workers' Compensation Act (Code of Virginia, § 65.2-100 et seq.) or one which would be so compensable except for the fact that the member is not covered under the provisions of such Act, the surviving spouse, if any, shall receive a retirement allowance payable monthly for life commencing on the first day of the month following the member's death and equal to the allowance that would have been payable to the member,

computed in accordance with Section 22-202, had the member remained in service and retired upon reaching age 65 with the same average final compensation as at the member's death, after having elected to have the member's allowance paid under the joint and last survivor option with 100 percent of the amount payable to the member continuing after the member's death to the contingent beneficiary provided for in Section 22-264(b), with the member's spouse designated as contingent beneficiary. Any allowance becoming payable under the provisions of this subsection (c) shall be terminated in the event of the remarriage of the surviving spouse in receipt of the allowance.

(d) *Survivor allowance if no spouse.* If the member leaves no spouse, or the spouse dies or remarries before the youngest child of the deceased member, if any, has attained the age of 18 years, then such child or children, if any, under the age of 18 years shall be paid the retirement allowance provided for in subsection (c) of this section until such child or children die or attain the age of 18 years, whichever shall first occur. Such retirement allowance shall be determined assuming a beneficiary's age equal to the member's age and shall be divided equally among all eligible dependent children.

(e) *Reduction of death benefit for workers' compensation award.* Any compensation finally awarded, or entitled to be awarded, under the Virginia Workers' Compensation Act (Code of Virginia, § 65.2-100 et seq.) for the death of such member shall be deducted from the allowance provided for in subsection (c) of this section and the excess of the benefit, if any, shall be paid to the person herein specified. When the time for which payment of the compensation finally awarded under that Workers' Compensation Act (Code of Virginia, § 65.2-100 et seq.) has elapsed, the full allowance otherwise payable shall thereafter be paid.

(f) *Reduction of death benefit for workers' compensation lump sum award.* If the death of a member should result from a cause compensable under the Virginia Workers' Compensation Act (Code of Virginia, § 65.2-100 et seq.), and such member's surviving spouse elects to receive a lump-sum settlement in lieu of periodic payments for death compensable under the Virginia Workers' Compensation Act (Code of Virginia, § 65.2-100 et seq.), the survivor allowance shall be reduced for the number of months equivalent to the lump sum award amount divided by the amount of the original workers' compensation award amount (i.e., the lump sum award amount divided by the original workers' compensation award amount equals the number of months of continued reduction).

(g) *Purchase of service credit by surviving spouse.* If a vested member dies in service within three years of being eligible for early service retirement based upon years of service, the surviving spouse of such member may purchase service credit up to a maximum of three years to attain the deceased member's retirement eligibility. The election to purchase such service credit must be made in accordance with Section 22-177. The applicable rates for the purchase of such service shall be ten percent per year for general members and 15 percent per year for public safety members. Such rate shall be applied to the greater of the member's present annual compensation or the average annual creditable compensation for the member's 36 highest consecutive months of creditable compensation. The surviving spouse must make the election to purchase service credit within 90 days of the enactment of this section or of the member's death, whichever should occur later. The payment for the purchase of service must be made in a lump sum within the same 90-day period. The survivor allowance shall be payable in accordance with subsection (a) of this section.

(h) *Governing authority of DROP member's death benefits.* Notwithstanding the foregoing, the death benefits applicable to a DROP member shall be governed by the terms of the guidelines established pursuant to Section 22-204.

(Code 1993, § 23.1-61; Code 2004, § 78-314; Code 2015, § 22-299; Ord. No. 2003-254-226, § 1, 7-28-2003; Ord. No. 2006-60-128, § 2, 5-30-2006)

ARTICLE XI. EXECUTIVE BENEFITS

Sec. 22-317. Additional retirement allowance for certain City officials.

(a) *Additional creditable service.* Any member who is employed in the senior executive group as defined in subsection (k) of this section and has been in service for at least ten years in the senior executive group, may have such member's creditable service counted as two years for each year of creditable service in these positions up to a maximum of 15 additional years of creditable service for the purpose of calculation of retirement allowance under

the provisions of this article. All such qualifying members must make the election to utilize the provisions of this subsection within 90 days of the enactment of this provision or within 30 days of the member's date of employment in said position, whichever should occur later. Any member who elects to utilize the provision of this subsection shall be required to make contributions to the system in an amount determined by the system's actuary and approved by the Board.

(b) *Options for less than ten years of service.* Any member with five or more but less than ten continuous years of service in the senior executive group who has made the contribution required for the additional creditable service but who leaves employment may elect to receive a refund of such contributions plus interest at a rate to be determined by the Board or to receive a retirement allowance based upon the member's actual creditable service plus any additional service purchased pursuant to the provisions of this subsection (b). Any member who elects to receive a retirement allowance based upon the member's actual creditable service plus any additional service purchased in accordance with this subsection (b) shall be required to pay the actuarial equivalent cost for such additional service credit. However, the City may pay such cost if authorized by the City Council. Any election by the City to pay such cost shall be in lieu of the member's payment of such cost required by this subsection and is intended to be a "pick-up" as permitted under Section 414(h) of the Internal Revenue Code.

(c) *Purchase of additional service.* Within 30 days of the date of separation from City employment, any vested member of the senior executive group may purchase up to a maximum of five years of unqualified, additional which shall be counted as creditable service to meet the requirement in subsection (a) of this section that a member be in service for ten years in the senior executive group. Such cost for the forgoing additional service purchased shall be equal to the actuarial equivalent as determined by the retirement system's actuary and shall be paid by the member; provided, however, that the City may pay such cost if authorized by the City Council. Any election by the City to pay such cost shall be in lieu of the member's contribution required by subsection (a) of this section and is intended to be a "pick-up" as permitted under Section 414(h) of the Internal Revenue Code.

(d) *Age 65 allowance.* Any member in service who 1) has ten or more years of creditable service in the senior executive group, 2) is at the time of the member's retirement employed in the senior executive group as defined in subsection (k), 3) has attained the age of 65, and 4) retires from active service pursuant to the provisions of this article, shall be paid a supplemental allowance which, when added to the retirement allowance payable under the preceding sections of this article, shall be equal to 50 percent of such member's current salary at the time of retirement. The allowance provided for in this section shall be paid in equal monthly installments.

(e) *Disability retirement.* Any member in service who has five years or more of creditable service in the senior executive group as defined in subsection (k) of this section may, at any time before the member's normal retirement date, retire on account of permanent disability upon filing a retirement application with the board pursuant to the provisions of Section 22-238 or 22-240; provided that the Medical Examiner's certification shall be that the member has been completely incapacitated by reason of sickness or injury contracted after the member's date of employment, from performing the usual duties attendant to the member's employment and that such disability is likely to be permanent.

(f) *Disability retirement allowance.* A member retiring under the provisions of this subsection shall receive an allowance equal to five percent of the member's current salary multiplied by the number of years, not in excess of ten, that such member has served in the senior executive group as defined in subsection (k) of this section.

(g) *Worker's compensation offset (dollar for dollar).* Any of the foregoing provisions to the contrary notwithstanding, the disability retirement allowance payable to any member retiring after December 31, 1981, shall be reduced by the amount of compensation, if any, awarded to the member under the Virginia Worker's Compensation Act (Code of Virginia, § 65.2-100 et seq.) with respect to the disability giving rise to the member's retirement, so long as such compensation is payable.

(h) *Worker's compensation offset (lump sum award).* If any member in receipt of a retirement allowance pursuant to this section elects to receive a lump-sum settlement in lieu of periodic payments for disability under the Virginia Worker's Compensation Act (Code of Virginia, § 65.2-100 et seq.), the member's disability retirement allowance shall be reduced in the same amount and for the number of months equivalent to the lump sum award amount divided by the amount of the original workers' compensation award amount (i.e., the lump sum award amount divided by the original workers' compensation award amount equals the number of months of continued

reduction).

(i) *Additional optional forms of payment allowance.* Each member in the senior executive group as defined in subsection (k) of this section shall have the right to elect to have the member's retirement allowance decreased during the member's lifetime and have such retirement allowance, or a designated fraction thereof, continued after the member's death to one other person, called a contingent beneficiary. In the case of a member who retires for disability under the provisions of subsection (f) of this section and Section 22-238 or 22-240 the election of this option need not be made and shall not become effective until the member attains the date that would have been the member's normal retirement date had the member remained in service until then. The amount of any such optional retirement allowance shall be the actuarial equivalent of the amount of the retirement allowance otherwise payable to the member. The member shall make such an election by written notice to the board and such an election shall be subject to the approval of the Board. The election by a member of this option shall be null and void if the member dies prior to retirement, or prior to the date the option becomes effective, or if the designated contingent beneficiary dies before the member's retirement or before the date the option becomes effective. A member who has elected this option may revoke such election by written notice to the Board at any time prior to the later of the effective date of the member's retirement or the date the option becomes effective.

(j) *Survivor allowance.* Should any member in the senior executive group as defined in subsection (k) of this section die in service at any time before retirement and after attaining the member's normal retirement date, the member's surviving spouse, if any, shall receive a retirement allowance payable monthly for life equal to and commencing at the same date as the retirement allowance that would have been payable to such spouse in accordance with the retirement benefit formula provided for in subsection (c) of this section, had the member survived and retired on the first day of the month following the member's death after electing to have the member's allowance paid under the joint and last survivor option provided for in subsection (h) of this section, with 100 percent of the amount payable to the member continuing after the member's death to the contingent beneficiary, with the member's spouse designated as contingent beneficiary.

(k) *Makeup of senior executive group.* For purposes hereof, the senior executive group means the Mayor, Chief Administrative Officer, Deputy Chief Administrative Officer, City Attorney, Deputy City Attorney, Director of Citizen Service and Response, Director of Economic Development, Director of Housing and Community Development, Director of Planning and Development Review, City Auditor, Inspector General, City Assessor, Library Director, Director of Budget and Strategic Planning, City Clerk, Executive Director of the Richmond Retirement System, Executive Director of the Richmond Behavioral Health Authority, Director of Procurement Services, Chief Capital Projects Manager, Commissioner of Buildings, Director of the Office of Minority Business Development, Director of the Office of Animal Care and Control, Director of the Office of Community Wealth Building, and Chiefs of Staff of the Mayor's Office, the City Council and the Chief Administrative Officer's Office or a head of a department of government of the City.

ARTICLE XII. MAXIMUM BENEFITS AND OTHER LIMITATIONS AND SPECIAL RULES

Sec. 22-338. Limitation on creditable compensation taken into account.

Notwithstanding the foregoing, creditable compensation taken into account for purposes of determining benefits under the Richmond Retirement System shall be limited by the compensation limit pursuant to Section 401(a)(17) of the Internal Revenue Code. For purposes of this section, the compensation limit, for years beginning on or after July 1, 2001, is $200,000.00, as adjusted in increments of $5,000.00 from time to time by the adjustment factor described in Section 415(d) of the Internal Revenue Code, on the basis of a base period of the calendar quarter beginning July 1, 2001. In determining average final compensation for periods beginning on or after July 1, 2001,

the limit on creditable compensation applied to compensation attributable to periods prior to July 1, 2001, shall be $200,000.00. For purposes of applying the limitation applicable to each year, the limit for a plan year shall be the limitation in effect for the calendar year in which the plan year begins determined without increases in the limitation for subsequent years.

(Code 1993, § 23.1-63; Code 2004, § 78-371; Code 2015, § 22-338)

Sec. 22-339. Limitation on annual benefits.

(a) Notwithstanding any other section of this chapter, the annual benefit under the Richmond Retirement System of any member and any related death or other benefit shall, if necessary, be reduced to the extent required by Section 415(b) of the Internal Revenue Code, as adjusted by the Secretary of the Treasury pursuant to Section 415(d) of the Internal Revenue Code.

(b) Notwithstanding any other section of this chapter, for plan years beginning before January 1, 2000, if a member participates in both the system and a qualified defined contribution plan maintained by any participating employer, the annual benefits under the Richmond Retirement System and the annual additions to any qualified defined contribution plan maintained by any participating employer shall not exceed the combined limit test described in Section 415(e) of the Internal Revenue Code. If necessary, the annual additions under the qualified defined contribution plan shall be reduced before benefits under the system are reduced in order to comply with such combined limit test.

(Code 1993, § 23.1-64; Code 2004, § 78-372; Code 2015, § 22-339)

Sec. 22-340. Military service.

Notwithstanding any section of this chapter to the contrary, benefits and service credit with respect to qualified military service will be provided in accordance with Section 414(u) of the Internal Revenue Code and the Uniformed Services Employment and Reemployment Rights Act of 1994, 38 USC 4301—4333.

ARTICLE I. IN GENERAL

Sec. 23-1. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Appliance means a household or office device operated by gas or electric current.

Ashes means refuse resulting from the burning of wood, coal, coke and other combustible material.

Building materials means any material such as lumber, brick, plaster, gutters or other substances accumulated as a result of repairs or additions to existing buildings, construction of new buildings or demolition of existing structures.

Bulk container means a metal container of not less than six cubic yards nor larger than eight cubic yards, made of watertight construction with doors opening on two sides and top, and constructed so that it can be emptied mechanically by specially equipped trucks.

Bulk item means any refuse, other than an appliance or hazardous refuse, that does not fit into an empty mobile container or supercan.

Business trash means any waste accumulation of dust, paper and cardboard, excelsior, rags or other accumulations, other than garbage or household trash, which are usually attendant to the operation of stores, offices and similar businesses.

Commercial establishment means any retail, restaurant, manufacturing, wholesale, institutional, religious, governmental or other nonresidential establishment at which garbage or trash may be generated.

Dwelling unit means a room or group of rooms within a building constituting a separate and independent housekeeping unit occupied or intended for occupancy by one family and containing kitchen and sleeping facilities, provided that a dwelling unit available for occupancy for periods of less than one month shall be considered a lodging unit as defined by Section 30-1220.

Garbage means the byproduct of animal or vegetable foodstuffs resulting from the handling, preparation, cooking and consumption of food or other matter which is subject to decomposition, decay, putrefaction or the generation of noxious or offensive gases or odors or which, during or after decay, may serve as breeding or feeding material for insects or animals.

Hazardous refuse means materials such as poison, acids, caustics, chemicals, infected materials, offal, fecal matter and explosives.

Household trash means every waste accumulation of paper, sweepings, dust, rags, bottles, cans or other matter of any kind, other than garbage, which is usually attendant to housekeeping.

Industrial waste means all waste, including solids, semisolids, sludges and liquids, created by factories, processing plants or other manufacturing enterprises.

Litter means garbage, refuse, waste materials or any other discarded, used or unconsumed substance which is

not handled as specified in this chapter.

Mobile containers and *supercans* mean any containers for refuse provided by the City for use in the City, having a capacity of 90 to 95 gallons and equipped with wheels for mobility.

Refuse means solid waste accumulations consisting of garbage, household trash, and business trash, as defined in this section.

Tree and shrubbery trimmings means waste accumulation of tree branches, tree limbs, parts of trees, bushes, shrubbery and cuttings or clippings created as refuse of trees or bushes.

Yard waste means waste accumulations of lawn, grass or shrubbery cuttings or clippings and leaves, free of dirt, rocks, large branches and bulky or noncombustible material.

Cross reference—Definitions generally, § 1-2.

Sec. 23-2. Private refuse collectors or haulers.

(a) No person shall engage in the business of collecting, hauling or transporting trash, garbage, litter or other similar substances in the City without first obtaining a license from the appropriate City agency. Any person engaging in such business shall conform to applicable ordinances, regulations of the Director of Public Works and requirements of other City departments. Upon failure to so conform, such permission shall be subject to revocation by the Director of Public Works.

(b) All vehicles used for transporting refuse shall be fully enclosed or completely covered with a tarpaulin or a metal cover secured in such manner as to prevent material from leaking, spilling or blowing from such vehicle and, in addition, protected in such manner as to prevent odors and leakage. Additionally, for any contractor engaged in the demolition of any building or structure when hauling or moving any materials away from the site or location of such demolition, the vehicle must be so loaded and operated as to not violate this chapter. The driver of any vehicle shall be responsible for ensuring that no litter is thrown from the vehicle and that no litter occurs through the lack of proper covering.

Sec. 23-3. Bulk containers utilized by commercial establishments.

Any commercial establishment using a bulk container for its refuse shall employ the services of a private contractor to service that container. Such container shall at all times be covered and shall be clean, neat and maintained in a good state of repair. Cleaning up materials spilled from the container when emptying shall be the responsibility of the private contractor or the property owner or occupant. No refuse shall be placed adjacent to any bulk container. The property owner of any establishment for which a bulk container screening requirement applies must maintain such screening in a clean and neat condition and in good state of repair.

(Code 1993, § 31-3; Code 2004, § 86-3; Code 2015, § 23-3)

Sec. 23-4. Hazardous refuse.

No contagious disease refuse or any other refuse that may cause a public health hazard shall be placed in any receptacle used for collection by the City or collection by any private agency, unless so authorized under this section. In particular, the following types of refuse items shall be given special care and preparation before disposal of the items in any refuse container:

(1) *Hypodermic syringe, needle or similar instrument.* No person shall dispose of or discard any hypodermic syringe, hypodermic needle or any instrument or device for making hypodermic injections before first breaking, disassembling, destroying or otherwise rendering the instrument or device inoperable and incapable of reuse. Such hypodermic syringe, needle, instrument or device shall not be disposed of without safeguarding by wrapping or securing the syringe, needle, instrument or device in a suitable manner so as to avoid the possibility of causing injury to the collection personnel.

(2) *Ashes.* Ashes that are to be collected by the City or private collectors must have been wetted and cooled to the touch prior to collection. Ashes shall be placed in suitable containers of such size and weight as stipulated in Section 23-72 and shall not be placed with the normal refuse unless separately wrapped, so that they will not cause injury to the collection personnel.

(3) *Pressurized cans.* All pressurized cans containing pesticides or any other dangerous materials shall be released of all pressure before being deposited in a receptacle for collection by the City or any private collection agency.

(4) *Glass.* All broken glass or any type of glass that may cause injury to refuse collection personnel shall be separately wrapped to prevent injury and placed with the normal refuse.

(5) *Pesticides.* All pesticide containers and other poisonous containers shall be emptied before being placed for collection.

Sec. 23-5. Construction or use of commercial-type incinerators for burning solid waste.

It shall be unlawful for any person to construct or use any commercial-type incinerator for the burning of rubbish or other readily combustible solid waste material in any zoning district of the City except those areas zoned for industrial or agricultural uses.

(Code 1993, § 31-5; Code 2004, § 86-5; Code 2015, § 23-5)

Sec. 23-6. Private landfill.

No person shall operate a disposal site of any kind on any property within the City for the disposal or storage of trash, garbage, refuse, litter, junk, demolition materials or other such substances without first obtaining the approval of the Council. Such approval may be granted only upon the Council's determining that the applicant has met all of the requirements of law, including, but not limited to, requirements pertaining to on-site grading and drainage.

Sec. 23-7. Abatement by City.

(a) In addition to the other penalties provided in Section 1-16, whenever the Chief Administrative Officer determines that there has been a violation of one or more of the sections of this chapter, the Chief Administrative Officer shall give notice in writing of that fact to the owner or occupant, or both, of the property on which such violation exists, which notice shall state that the owner or occupant, or both, shall abate such violation within ten days from the date the notice was served. Such notice shall set forth the location and nature of the violation.

(b) Service of notice required to be given under this section shall be made by mailing the notice to the last known street or post office address of the person, agent, executor, administrator, trustee, guardian or occupant to whom it is directed by mail or by delivery thereof in person. Proof of so mailing or delivering the notice shall be sufficient evidence that the notice was served, and the date of mailing or delivery, as the case may be, shall be the date of service. The term "proof of mailing" shall include either the use of certified mail or a written affirmation signed by the sender that reflects the date of mailing. If the last known street or post office address of the person, agent, executor, administrator, trustee, guardian or occupant is unknown or the notice so mailed is returned undelivered by the post office, service of the notice shall be made by posting the notice on the land or premises on which the violation exists or on the land or premises abutting the sidewalk, street or alley on which the violation exists. Proof of posting the notice shall be sufficient evidence that the notice was served, and the date of posting shall be the date of service.

(Code 1993, § 31-7; Code 2004, § 86-7; Code 2015, § 23-7; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 23-8. Appeal of abatement by City.

(a) A person so notified under Section 23-7 may appeal in writing to the Chief Administrative Officer within ten days following service and ask to be heard. Upon receipt of such appeal, the Chief Administrative Officer shall

designate a Hearing Officer to consider the appeal within ten days. Such Hearing Officer shall issue a finding within three days following such hearing. If compliance is required, abatement shall take place within ten days following the issuance of a finding.

(b) If there is no appeal or if the Hearing Officer determines that compliance with the abatement notice is proper and if an owner or occupant so notified fails to comply within the ten days following notice or a finding by a Hearing Officer, whichever is later, the Chief Administrative Officer shall cause the violation to be abated and shall transmit a statement of charges to the owner or occupant and shall also transmit to the Director of Finance a statement of all costs incurred thereby, which shall be added to the taxes assessed against the real estate on which the violation existed for the ensuing tax year and shall be collected with such taxes by any manner prescribed by law for the collection of City taxes, if the owner or occupant has not made payment prior thereto.

(Code 1993, § 31-8; Code 2004, § 86-8; Code 2015, § 23-8; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 23-9. Emergency requiring immediate abatement.

Should the Chief Administrative Officer determine that a violation of one or more of the sections of this chapter has created an emergency that requires immediate abatement, the Chief Administrative Officer may call upon the person so violating to abate the condition at once. If abatement does not take place, the Chief Administrative Officer may cause the violation to be abated, and the cost of abatement shall be collected as set forth in this chapter. If this section is invoked, the alleged violator shall be entitled to an administrative hearing with regard to any challenge to the propriety of the charge assessed for abatement.

(Code 1993, § 31-9; Code 2004, § 86-9; Code 2015, § 23-9; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 23-10. Injunction.

Nothing contained in this chapter shall preclude the City at any time from applying to a court of competent jurisdiction for an injunction to abate the violation of any section of this chapter or to otherwise maintain an action to compel a responsible party to abate, raze or remove a public nuisance under authority of State law.

(Code 1993, § 31-10; Code 2004, § 86-10; Code 2015, § 23-10)

Sec. 23-11. Permit and fees for disposal of inert solid waste at East Richmond Road Landfill.

(a) *Applicability.* The requirements imposed by this section apply to the disposal of inert solid waste at the East Richmond Road Landfill, operated by the Department of Public Works. For purposes of this section, the term "inert solid waste" means waste that is not chemically active.

(b) *Permit.* The Director of Public Works shall establish a regulation governing the issuance of permits to commercial haulers and contractors who deliver inert solid waste to the East Richmond Road Landfill for disposal. Such regulation shall include, at a minimum, the following elements:

(1) Permit holders shall display a permit issued pursuant to this section on their vehicles in order to use the East Richmond Road Landfill.

(2) Permit holders shall renew their permits annually at a time prescribed by the Director of Public Works.

(3) Each applicant for a new permit or for annual renewal of a permit shall pay a permit fee of $100.00.

(c) *Handling fee.* In addition to possessing a valid permit issued pursuant to this section, permit holders shall pay a fee known as the inert material handling fee in the amount of $15.00 for each ton or portion of ton of inert solid waste disposed of at the East Richmond Road Landfill. The Director of Public Works shall establish a regulation governing the method by which the total fees owed by each permit holder are to be calculated and the method by which the City will bill permit holders for the fees owed.

ARTICLE II. COLLECTIONS BY CITY*

***Charter reference**—Authority to collect and dispose of garbage, § 2.03(c).

State law reference—Authority to operate a garbage and refuse collection and disposal service, Code of Virginia, §§ 15.2-

901, 15.2-927, 15.2-928, 15.2-937; Virginia Waste Management Act, Code of Virginia, § 10.1-1400 et seq.

Sec. 23-41. Responsibility.

Subject to the conditions and limitations of this chapter and other applicable regulations, the City or its agent shall be responsible for the collection of refuse within the City limits, through the action of the Department of Public Works, as ordered by the Director of Public Works.

(Code 1993, § 31-20; Code 2004, § 86-41; Code 2015, § 23-41)

Cross reference—General functions of Department of Public Works, § 2-425 et seq.

Sec. 23-42. Charges for transfer of solid waste and recycling by City; exemptions.

(a) A fee for the transfer of solid waste to the landfill in the amount of $21.45 per month shall be charged against all water customers of the City, with the exception of City, Richmond Redevelopment and Housing Authority, State, and Federal customers, but including the Federal Reserve Bank, and with the further exception of any Chesterfield County and Henrico County customers and any other water customers outside the territorial City limits. With the exception of the Richmond Redevelopment and Housing Authority, any water customer of the City with a building containing up to four dwelling units or multiple commercial establishments shall be charged a solid waste transfer fee of $21.45 per month for each such dwelling unit or commercial establishment if the customer receives City refuse collection services. For buildings containing more than four dwelling units, the solid waste fee shall be $21.45 per supercan per month if the customer receives City refuse collection services. It shall be included as a part of the monthly water bill. Water service may be disconnected for nonpayment of landfill refuse fees, in accordance with the procedures governing disconnection for nonpayment of water service charges. The landfill refuse fee shall be billed each month. However, if the billing period for water service is less than 15 days, such charge shall be prorated by dividing the landfill refuse fee by 30 days, times the number of days of water service for that month. For months of service of less than five days, the landfill refuse fee shall not be billed.

(b) A fee for recycling activities in the amount of $2.99 per month shall be charged against all residential water customers of the City, with the exception of the Richmond Redevelopment and Housing Authority, who are located within the municipal City limits. Any residential water customer of the City with a building eligible for curbside recycle service containing multiple dwelling units shall be charged a recycle fee of $2.99 for each such dwelling unit. Such recycle fee shall be included as a part of the monthly water bill.

(c) The landfill and recycling fees imposed under this section shall not apply to any elderly or disabled person who has qualified for tax relief under Section 26-364 or 26-365.

(d) Exemption from the landfill and recycling fees shall also be granted, upon proper application to the Director of Finance, to any elderly or disabled person who otherwise meets the eligibility standards for tax relief under Section 26-363 or 26-364, in cases in which:

(1) The individual became an eligible property owner after the deadlines set for qualification for tax relief; or

(2) The individual, though eligible, failed to apply for tax relief within the time limit set under such sections.

An application for exemption from the landfill and recycling fees shall be received by the Director of Finance at any time during the year in which the exemption is first claimed. Qualification for tax relief in accordance with the procedures set forth in Section 26-364 or 26-365 shall confer continuing exemption from the landfill and recycling fees in succeeding years.

(e) Exemption from the landfill and recycling fees shall also be granted, upon proper application to the Director of Finance, to any elderly or disabled renter who satisfies the adjusted gross income and adjusted net worth criteria established for purposes of granting tax relief to elderly or disabled property owners under Section 26-363 or 26-364, provided that:

(1) The individual must have entered into a bona fide lease of at least 12 months' duration;

(2) The leased unit must be the individual's sole residence;

(3) The leased unit must have a current certificate of occupancy issued by the City; and

(4) The water services account for the leased unit must be listed in the individual's name for utility billing purposes, and the water meter must serve only the individual's residence.

An application for exemption from the landfill and recycling fees shall be received by the Director of Finance at any time during the year in which the exemption is first claimed. Individuals granted exemptions must recertify their eligibility by March 15 of each succeeding year. Any exemption granted shall not be transferable to subsequent tenants of the leased unit or other subsequent water service users at the particular address. The exemption shall immediately become void if the individual to whom the exemption was granted no longer resides at the leased unit listed on the application for exemption or if the individual, in any other respect, no longer satisfies the conditions upon which the exemption was granted.

Sec. 23-43. Residential service generally; collection on private property restricted.

(a) The City or its designated agent shall use its personnel and equipment to collect refuse from residential property on a regular schedule to be set by the Director of Public Works. The residential program shall undertake the regular curbside collection of household waste, bulk items, yard waste and tree and shrub trimmings.

(b) City forces will not enter private property for the purpose of collecting refuse unless:

(1) The Director of Public Works considers it to be to the advantage of the City to have City vehicles enter the private property, in which case the Director will require a legal release from liability or responsibility in writing to be obtained from the owner of the property prior to entry; or

(2) The Director of Public Works considers that the property and accesses thereto are large enough not to impede or delay the movement of City vehicles.

(Code 1993, § 31-22; Code 2004, § 86-43; Code 2015, § 23-43; Ord. No. 2018-027, § 1, 2-26-2018)

Sec. 23-44. Times and places of collection; bulk items; brush collection; collection of loose leaves.

(a) Refuse receptacles, recycling bins, and bulk items shall be placed for collection at a location designated by the Director of Public Works. Refuse receptacles, recycling bins, and bulk items must be placed out for collection by 6:00 a.m. of the scheduled collection day but not earlier than 4:00 p.m. of the day preceding, except for any special times as deemed necessary by the Director of Public Works. The refuse receptacles and recycling bins must be removed by 7:00 a.m. on the day following collection from City property or right-of-way to include, but not be limited to, sidewalks, alleys and median strips between sidewalks and roadways. The public utility account holder of any property to which a refuse receptacle or recycling bin has been assigned shall be responsible for removing the refuse receptacle or recycling bin from City property or right-of-way by 7:00 a.m. on the day following collection. The account holder may request permission from the Director of Public Works not to remove the refuse receptacle or recycling bin as required by the preceding sentence. The Director of Public Works shall grant such permission when the Director determines that doing so will not interfere with use of the City property or right-of-way and that there is no place outdoors other than City property or right-of-way where the account holder may store the refuse receptacle or recycling bin that is accessible without the need for the account holder to convey the refuse receptacle or recycling bin indoors. The Director of Public Works may rescind such permission at any time. Otherwise, any account holder who allows a refuse receptacle or recycling bin to remain on City property after 7:00 a.m. on the day following collection shall receive a notice from the Department of Public Works advising of the violation and allowing the account holder until 7:00 a.m. on the day following the delivery of the notice to remove the refuse receptacle or recycling bin. If after receiving two such notices in the same calendar year, the account holder fails to remove any refuse receptacle or recycling bin from City property or right-of-way by 7:00 a.m. on the day following collection, the Department of Public Works, after providing the account holder notice and an opportunity to remove any refuse receptacles or recycling bins in accordance with the preceding sentence, shall cause to be imposed on the account holder a civil penalty in the amount of $50.00. Such civil penalty shall be included on the account holder's monthly utility statement and shall be subject to collection in the same manner as other utility charges including delinquent charges for utilities.

(b) The Director of Public Works shall establish a schedule for the collection of bulk items at no charge. However, upon a request for same-day collection of bulk items, a fee of $100.00 shall be charged. A fee of $50.00 shall be charged for the collection of appliances.

(c) Collection of tree trimmings less than four inches in diameter, six feet in length; shrubbery trimmings; and brush shall be undertaken in accordance with a schedule established by the Director of Public Works.

(d) Collection of leaves shall be undertaken in accordance with a schedule and procedures established by the Director of Public Works. A fee of $30.00 shall be charged for the collection of loose leaves outside the established collection period, per collection.

(e) If the Director of Public Works finds that refuse quantities or location, building design or other factors are not compatible for refuse collection by City forces and equipment, the refuse shall be removed by private or contract collectors. The Director of Public Works shall give adequate notice of such noncollectibility or noncompliance, so that other collection arrangements may be made.

(f) Fees for collection may only be waived during City-designated cleanups or declared emergencies.

(g) Real property owners or their agents who file for eviction proceedings with the City Sheriff shall remove all property or items which are placed outside during an eviction within 72 hours of the eviction. Notwithstanding the collection fee provided for in subsection (b) of this section, if the evicted tenant, building owner or the owner's agent fails to immediately remove the property or items after the 72-hour time period has elapsed, the City will cause the immediate removal and assess the building owner a $250.00 removal fee.

(Code 1993, § 31-23; Code 2004, § 86-44; Code 2015, § 23-44; Ord. No. 2007-230-275, § 1, 11-26-2007; Ord. No. 2017-090, § 1, 5-15-2017; Ord. No. 2017-175, § 1, 10-9-2017; Ord. No. 2018-027, § 1, 2-26-2018; Ord. No. 2018-227, § 1, 9-24-2018)

Sec. 23-45. Collection at point other than curb or alley for elderly and disabled persons.

If there is no person between the ages of 15 years and 70 years at any residence or if there is no person between such ages physically or mentally capable of placing refuse receptacles at the curb or alley, the City shall provide collection service from a point approved by the Director of Public Works. The Director may require, at least once every two years, evidence of such physical or mental disability. A certificate by a physician licensed to practice in the State shall be considered as sufficient proof of disability.

(Code 1993, § 31-24; Code 2004, § 86-45; Code 2015, § 23-45)

Sec. 23-46. Limitations on amounts of refuse per collection; commercial establishments; multifamily properties.

(a) When refuse from commercial establishments exceeds four supercans per collection, the operator of such business is required to remove and dispose of such excess at the expense of the operator.

(b) When refuse from multifamily properties, exclusive of properties owned and operated by a re-development and housing authority organized pursuant to Housing Authorities Law (Code of Virginia, § 36-1 et seq.), exceeds four supercans per collection, the owner or the managing agent designated for such property shall be required to remove and dispose of any and all excess at the owner's or agent's expense, except where such owner or managing agent has made prior contractual arrangements for payment of the cost for collection of excess refuse by the City. Such contractual arrangements shall be upon reasonable terms and conditions as may be determined by the Director of Public Works and shall specifically provide for a monthly charge of $10.00 per 90 gallons or 95 gallons (per supercan) or any portion thereof collected over and above the limit of four supercans per collection and shall further provide for the payment of a security deposit in the total amount of $300.00 by each owner or managing agent as a precondition to City collection of such excess refuse. Any security deposit paid under this subsection and any funds previously paid as a security deposit for City collection of excess refuse shall be deposited into the general fund of the City. Upon termination of contractual arrangements for City collection of excess refuse, any amount due and owing the City shall be deducted from the amount of the security deposit, and the remainder shall be refunded to the contracting party.

(Code 1993, § 31-25; Code 2004, § 86-46; Code 2015, § 23-46)

Sec. 23-47. Collection of hazardous wastes or building or demolition materials.

(a) No hazardous wastes or building or demolition materials shall be collected by the City, unless so authorized under this section.

(b) The Department of Public Works may establish a household hazardous waste service to provide residents with collection points for certain household hazardous waste as designated by the Department and in compliance with the Virginia Waste Management Act (Code of Virginia, § 10.1-1400 et seq.).

(Code 1993, § 31-26; Code 2004, § 86-47; Code 2015, § 23-47; Ord. No. 2005-144-121, § 1, 6-13-2005)

Cross reference—Buildings and building regulations, Ch. 5.

Sec. 23-48. Disposal of building refuse and debris from construction, alteration or demolition operations.

(a) The City shall not be responsible for the collection or hauling of building materials originating from private property preliminary to, during or subsequent to the construction of new buildings or alterations or additions to existing buildings of whatever type or from demolition of existing structures. Such material shall be removed by the owner of the property or by the contractor. No inspection certificate or certificate of occupancy shall be issued until such material has been removed by the owner or contractor. In addition, all contractors must provide refuse receptacles for construction debris and litter to be deposited in at the end of each working day.

(b) Dirt, mud, construction materials and other debris deposited upon any public or private property as a result of construction or demolition operations shall be immediately removed by the contractor. Construction sites shall be kept clean and orderly at all times.

(c) The prime contractor or developer of a construction or demolition site shall be held responsible for maintaining the site as required by this section.

ARTICLE III. RECEPTACLES

Sec. 23-72. Standards generally.

(a) All refuse to be collected by the City shall be limited to containers approved by the Director of Public Works or to bulk or brush items.

(b) Refuse receptacles must be City-provided 90-gallon or 95-gallon mobile containers which weigh no more than 180 pounds when filled and placed for collection. Bagged refuse and boxes will be collected as part of the weekly collection.

(c) Any refuse container provided by the City that becomes lost or stolen shall be replaced by the City, provided a report is filed with the Director of Public Works. Containers that are damaged through normal usage shall be repaired or replaced by the City based upon the availability of funds. Containers that are damaged through no fault of the City will be replaced by the City for a fee of $55.00 and shall be paid for by the owner of the premises to which the container is assigned, unless such damage is a result of lightning or other severe weather conditions. When an additional refuse container is provided by the City at the expense of the owner of the premises, a charge of $55.00 shall be made for each such container. The City shall not be responsible for the repair or replacement of a purchased container.

(d) Containers (supercans) provided by the City shall be for use by the owner of the premises for storage of refuse and may not be removed by the owner or others for personal use. Containers discovered to be used for other purposes may be reclaimed by the City.

Sec. 23-76. Refuse receptacles for parking lots.

The owner or manager of any parking lot or establishment with a parking lot shall provide refuse receptacles distributed within the parking area. The Department of Public Works shall have the authority to determine the number of receptacles necessary to provide proper containerization. It shall be the responsibility of the owner or manager of the parking lot to maintain such receptacles and place them in an approved location for collection by the City or, for bulk containers, by a private contractor.

(Code 1993, § 31-34; Code 2004, § 86-85; Code 2015, § 23-76)

Secs. 23-77—23-95. Reserved.

ARTICLE IV. TRANSFER STATION REFUSE DISPOSAL

Sec. 23-96. Availability of sanitary transfer station.

City-operated sanitary transfer stations shall be available to persons engaged in the disposal of refuse during such hours and upon such conditions as the Director may direct.

(Code 1993, § 31-40; Code 2004, § 86-116; Code 2015, § 23-96)

Sec. 23-97. Weighing of vehicle containing refuse; fees.

(a) Except as otherwise provided in this section, it shall be unlawful for any person or the State, its political subdivisions or agencies, or the United States government to dispose of refuse at the City transfer stations before weighing the vehicle containing the refuse. The fees for the use of a City transfer station shall be as follows:

For residents for household refuse up to 2,000 pounds, per load	$0.00
For residents for household refuse over 2,000 pounds, per load	$6.00
For nonresidents for household refuse up to 2,000 pounds, per load	$6.00

(b) Any City resident hauling refuse, specifically excluding yard waste, up to an estimated maximum of 2,000 pounds (one ton) generated at such person's own residence located within the City shall not be required to weigh the refuse disposed of and shall not be charged a fee for disposal of such refuse.

(c) City residents hauling from their own residences; nonprofit organizations, so designated by the Internal Revenue Service for income tax purposes, located within the City limits; or a civic association, whether incorporated

or unincorporated, and comprised entirely of property owners within the corporate City limits and specifically within the geographical area making up such association and which collects leaves, grass clippings, brush and tree trimmings solely for the members of such association, may dispose of such leaves, brush and tree trimmings at a City-designated location and shall not be required to weigh the refuse disposed of or to pay the fee.

(d) A civic association, whether incorporated or unincorporated, and comprised entirely of property owners within the corporate City limits and specifically within the geographical area making up such association and which collects leaves, brush and tree trimmings solely for the members of such association, may dispose of such leaves, brush and tree trimmings at a City-operated transfer station and shall not be required to weigh the refuse disposed of or to pay the fee.

(Code 1993, § 31-41; Code 2004, § 86-117; Code 2015, § 23-97; Ord. No. 2016-113, §§ 1, 2, 4-25-2016)

Sec. 23-98. Disposal of tires.

Passenger car tires that have been removed from the rim, in lots of five or more, may, with the approval of the Director, be disposed of at a transfer station at a charge of $1.00 per passenger tire. The Director may authorize the disposal of tires, other than passenger car tires, at a charge of $5.00 per tire.

ARTICLE I. IN GENERAL

Sec. 24-1. Definitions.

The following words, terms and phrases, when used in this chapter and elsewhere throughout this Code, shall have the meanings ascribed to them in this section, except when the context clearly indicates a different meaning:

Encroachment means any portion of a public street right-of-way, including areas below, on or above the surface, that is authorized under this chapter or taken without such authorization for use by an individual or concern and altered for a particular benefit. Encroachments shall include, but not be limited to, sidewalk crossings, in the form of driveways and carriage walks, areaways, coal chutes, loading doors, skylights, vents, oil fillers, utility service vaults, walls, signage, and awnings.

Public way means any public street or other public right-of-way of whatever nature in the City, whether or not actually or physically opened to public use and travel.

Sidewalk means any paved improvements, made for the specific use of pedestrians, in the area of public street right-of-way located between the curbline, or the lateral lines of a roadway where there is no curb, parallel to the street curb or lateral lines, and the adjacent property line.

Street includes avenues, boulevards, highways, roads, alleys, courts, lanes, viaducts, bridges and the approaches thereto and all other public thoroughfares in the City and means the entire width thereof between abutting property lines. The term shall be construed to include a sidewalk or footpath.

(Code 1993, § 25-1; Code 2004, § 90-1; Code 2015, § 24-1)

Cross reference—Definitions generally, § 1-2.

Sec. 24-2. Design and construction standards.

The Director shall establish and, from time to time, modify a manual entitled "Right-of-Way Design and Construction Standards Manual" consisting of general and specific right-of-way design and construction standards that the Director of Public Works shall enforce for all design and construction that occurs in streets, sidewalks and public ways as defined in Section 24-1 and in public rights-of-way as defined in Section 24-400. Such standards shall be consistent with all applicable Federal, State and local laws and with sound engineering practices and shall reflect the intent of the City that all transportation improvement projects in the City be planned for, designed and constructed to provide appropriate accommodation for persons of all ages and abilities, including pedestrians, bicyclists, transit passengers, and motorists, while promoting safe operation for all users. The Director shall:

(1) Make the manual available for inspection in the Director's offices;

(2) Publish the manual in a form for sale to the public; and

(3) To the maximum extent practicable, make the manual available electronically and through the Internet.

(Code 2004, § 90-2; Code 2015, § 24-2; Ord. No. 2005-205-173, § 2, 7-25-2005; Ord. No. 2014-171-164, § 1(90-2), 10-13-2014)

Sec. 24-3. Installation of certain signs at street and sidewalk construction projects.

(a) *Applicability.* This section applies to signs erected, placed or maintained by City officers, employees, agents or contractors at the site of construction performed by City officers, employees, agents or contractors that occurs in streets, sidewalks and public ways as defined in Section 24-1 and in public rights-of-way as defined in Section 24-400. For purposes of this section, such construction is referred to as a "covered construction project," and the word "sign" refers to a sign associated with a covered construction project that contains information not required to properly direct traffic around or restrict access to the site of the covered construction project.

(b) *Contents.* Every sign erected, placed or maintained at the site of a covered construction project shall state that the project is a project performed by the City of Richmond. The sign may identify the name of the City department responsible for the covered construction project and may include contact information for that department. However, no sign shall state the name of any City officer or employee.

(c) *Placement and removal.* Any sign shall be placed at or near the site of the covered construction project. Any sign shall be removed within 30 days after the final completion of the covered construction project with which the sign is associated.

(d) *Violation.* Every person that installs or orders the installation of a sign associated with a covered construction project that violates the requirements or prohibitions, or both, imposed by this section shall pay a civil penalty of $100.00. Each sign installed or ordered to be installed in violation of the requirements or prohibitions, or both, imposed by this section shall constitute a separate violation.

(Code 2004, § 90-3; Code 2015, § 24-3; Ord. No. 2010-190-2011-118, § 1, 6-13-2011)

Sec. 24-4. Report required on the condition of all streets in the City.

The Department of Public Works shall produce a report of the condition of all streets in the City and provide such report to City Council by no later than February 1, 2020, and by no later than February 1 each year thereafter. The report on the condition of all streets in the City shall include the following:

(1) An assessment of the condition of the City's streets in comparison with State and national standards. The Department of Public Works may use the latest assessment to provide this data based on an assessment being conducted every three years.

(2) An assessment of the adequacy of the City's streets to handle the current and projected volume of traffic in comparison with State and national standards.

(3) A prioritized list of paving needs and repairs and the projected costs thereof arranged by Council District.

(4) An estimate of the cost of remediation for any identified deficiencies.

(5) A plan of action for addressing such deficiencies including estimates of funding required from City, State, Federal, and other sources, and recommendations for policy changes as appropriate.

(Code 2015, § 24-4; Ord. No. 2018-289, § 1, 7-22-2019)

ARTICLE II. USE OF STREETS, SIDEWALKS AND PUBLIC WAYS*

***State law reference—**Obstructions and encroachments, Code of Virginia, § 15.2-2009 et seq.

DIVISION 1. GENERALLY

Sec. 24-25. Unauthorized encroachments and uses.

(a) Any unauthorized encroachment or other unauthorized use of a street, sidewalk or public way, including areas below, on or above the surface, shall be unlawful and shall constitute a nuisance and may be abated in any manner provided by law. Every person violating this section shall, upon conviction, be punished as provided in

Section 1-16.

(b) The existence of particular types of encroachments in the public right-of-way and having a particular and obvious relationship to an abutting property, including, but not limited to, sidewalk crossings and carriage walks, retaining walls, signage, and areaways of all types, shall constitute prima facie evidence of its ownership by that abutting property owner.

(Code 1993, § 25-11; Code 2004, § 90-31; Code 2015, § 24-25)

Sec. 24-26. Failure to remove encroachment or cease other uses upon notice of revocation of authorization.

Failure to remove an encroachment for which authorization has previously been granted or to cease other previously authorized uses of streets, sidewalks and public ways, including areas below, on or above the surface, upon receipt of reasonable notice that authorization for the encroachment or other use has terminated or been revoked, shall be unlawful. Such encroachment or other use shall constitute a nuisance and may be abated in any manner provided by law. Every person violating this section shall, upon conviction, be punished as provided in Section 1-16.

(Code 1993, § 25-12; Code 2004, § 90-32; Code 2015, § 24-26)

Sec. 24-27. Abatement of unauthorized encroachments and uses; collection of abatement costs.

Any unauthorized encroachment or other unauthorized use of a street, sidewalk or public way, including areas below, on or above the surface, shall be abated by the removal of the encroachment or discontinuance of the use by the owner or other person responsible for or benefited by the unauthorized encroachment or use, upon receipt of reasonable notice to do so. If the unauthorized encroachment or use is not abated after such reasonable notice, the Chief Administrative Officer shall make appropriate arrangements for abatement without liability for damages therefor. The costs incurred by the City in connection with abatement may be assessed against the owner or any other person responsible for or benefited by the unauthorized encroachment or use, and such costs, if assessed, shall be collected in the same manner as City taxes.

(Code 1993, § 25-13; Code 2004, § 90-33; Code 2015, § 24-27; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 24-28. Assessment of charge for unauthorized encroachment or other unauthorized use.

In addition to any criminal penalties and other assessment of costs provided for unauthorized encroachments and other unauthorized uses of a street, sidewalk or public way, the owner or any other person responsible for or benefited by the unauthorized encroachment or use may be charged an amount representing compensation to the City for the use of any portion of a street, sidewalk or other public way. The amount of such charge shall be the equivalent of the real estate tax that would be charged upon the land occupied by the encroachment or other use, if the land were held in private ownership. Such charge, if assessed, shall be collected in the same manner as City taxes.

(Code 1993, § 25-14; Code 2004, § 90-34; Code 2015, § 24-28)

Sec. 24-29. Installation of rainwater drains under sidewalks.

Any resident having property on the line of a street may run drains of good and sufficient pipe under the sidewalks for the purpose of emptying surplus rainwater into the gutters. Such work must be done at the expense of the owner or occupant and subject to the approval of the Director of Public Works.

(Code 1993, § 25-17; Code 2004, § 90-37; Code 2015, § 24-29)

Sec. 24-30. Protection of pavement from spilling or dripping oil or similar substances.

(a) No person shall pour or spill or permit to drop or flow upon or over any pavement laid on any street or sidewalk or public place in the City any kerosene, benzene or other oil or similar oily substance or liquid.

(b) All vehicles, wagons and tanks used for the delivery of the substances referred to in subsection (a) of this section shall be properly equipped with nondrip taps or faucets, securely attached thereto. In filling any measure or other vessel from such taps or faucets, such measure or other vessel must be held so that there shall be no drip or overflow from such measure or vessel. In removing the measure or other vessel from over any street, sidewalk or other public place, no drip or overflow from such measure or other vessel shall be permitted to fall upon such

pavement; and no receptacle for holding oil shall be placed on any street, sidewalk or public place.

(Code 1993, § 25-18; Code 2004, § 90-38; Code 2015, § 24-30)

Sec. 24-31. Throwing or depositing hazardous or injurious materials.

(a) No person shall throw or deposit or cause to be thrown or deposited upon any street, sidewalk or public way any glass bottle, glass, nail, tack, wire, can, or any other substance likely to injure any person or animal or damage any vehicle. No person shall throw or deposit or cause to be thrown or deposited upon any street, sidewalk or public way any soil, sand, mud, gravel or other substances so as to create a hazard to the traveling public.

(b) Any person who drops or throws or permits to be dropped or thrown upon any street, sidewalk or public way any hazardous or injurious material shall immediately remove the material or cause it to be removed. Any person removing a wrecked or damaged vehicle from a street shall remove any glass or other injurious substance dropped upon the street from such vehicle.

(c) Any person violating this section shall be guilty of a Class 1 misdemeanor.

(Code 1993, § 25-19; Code 2004, § 90-39; Code 2015, § 24-31)

Cross reference—Environment, Ch. 11.

Sec. 24-32. Construction and maintenance of railroad trestles, bridges, grade crossings and spur crossings of public ways.

(a) It shall be the duty of every railroad company to maintain and keep in good repair all bridges, trestles, grade crossings, spur tracks, or viaducts designed to carry public traffic and travel over the right-of-way or tracks of such railroad or designed to carry the tracks of such railroad over the streets, alleys or other public places of the City in such a manner as shall be satisfactory to the Director of Public Works. However, this section shall not be construed to require the maintenance by railroad companies of bridges or viaducts owned by persons other than the City where such bridges or viaducts are located over the tracks of such railroad companies.

(b) It shall be the duty of the City Attorney, when notified by the Director of Public Works that any bridge, viaduct, or crossing is, in the Director's judgment, in such condition as probable to endanger the public safety, to institute and prosecute appropriate proceedings to require the railroad company or person operating such railroad whose right-of-way is crossed by such unsafe bridge or viaduct or whose unsafe bridge or viaduct crosses a City street or other public place to put or cause the bridge, viaduct, or crossing to be put in safe and proper condition for public travel and thereafter to maintain the bridge, viaduct, or crossing in such proper condition. If a railroad fails to respond in a timely manner to provide repair to a spur or grade crossing, the Director of Public Works may have the necessary repairs performed in order to correct an unsafe condition. All costs associated with such repairs shall be borne by the owner of the railroad.

(c) In addition to the duty imposed upon the City Attorney by this section, it is hereby provided that any such railroad company or person operating such railroad who shall fail, from and after ten days' written notice by the City Attorney, to proceed with the work necessary to put such bridge or viaduct in safe and proper condition and continue to prosecute the work to the satisfaction of the Director of Public Works shall be punished as provided in Section 1-16.

(Code 1993, § 25-20; Code 2004, § 90-40; Code 2015, § 24-32)

Sec. 24-33. Permission required to move buildings through streets.

It shall be unlawful for any person to move or draw through or upon a street within the City any house, barn, shop or other building, without the permission of the Director of Public Works. The Director may impose any reasonable conditions as may be warranted, including requirements for insurance and bonding.

(Code 1993, § 25-21; Code 2004, § 90-41; Code 2015, § 24-33)

Cross reference—Buildings and building regulations, Ch. 5.

Sec. 24-34. Duty to remove snow from paved sidewalks.

(a) It shall be the duty of every occupant of any land or premises abutting upon any paved sidewalk and the duty of the owner of any unoccupied land or premises abutting upon any paved sidewalk to remove and clear away

or cause to be removed and cleared away the snow from the paved sidewalk abutting such land or premises, in such manner as not to obstruct the passage of water in the gutters, within six hours after the snow ceases to fall. If snow ceases to fall during the night, removal of snow from the sidewalk before 11:00 a.m. the following morning shall be deemed compliance with this section.

(b) Any person violating this section shall be guilty of a Class 4 misdemeanor and, in addition thereto, shall be responsible for the cost of abating the violation. Any abatement costs incurred by the City may be assessed against the owner or other responsible party and collected in the same manner as City taxes.

(c) The criminal penalties provided by this section shall not apply to any person who is physically disabled or who is age 65 years or older.

(Code 1993, § 25-23; Code 2004, § 90-42; Code 2015, § 24-34)

Sec. 24-35. House numbering.

(a) All houses, buildings or structures used or intended for use as living quarters or as a place for the conduct of business and having a door or entrance facing or abutting any street, alley or public place of the City shall have displayed above or near such door or entrance in legible, easily readable characters the proper house number. The Director of Planning and Development Review shall designate the proper numbers for all such houses, buildings or structures and shall have the power to change such numbers when in the Director's judgment such change is necessary to avoid or eliminate confusion with other numbers. It shall be the duty of the Director of Planning and Development Review to keep in the Office of the Department of Planning and Development Review a record of the proper house numbers and to furnish such numbers to any person requesting the numbers.

(b) It shall be the duty of any person erecting any such house, building or structure to ascertain from the Director of Planning and Development Review the proper house number and to display such number as provided in subsection (a) of this section. Any person owning, leasing, occupying or maintaining any such house, building or structure which has no number displayed thereon or displays an incorrect number, when so informed and notified by the Director of Planning and Development Review, shall put up a number or change the incorrect number so that the proper number will be displayed within 20 days after the receipt of such notice.

(Code 1993, § 25-24; Code 2004, § 90-43; Code 2015, § 24-35; Ord. No. 2009-220-2010-8, § 2, 1-25-2010)

DIVISION 2. PERMITTED USES OF STREETS, SIDEWALKS, AND PUBLIC WAYS AND GENERAL PERMIT REQUIREMENTS

Sec. 24-59. Authorization required for encroachments and uses.

No encroachment or other use of a street, sidewalk or public way, in a manner not otherwise permitted to the general public, shall be authorized without the consent of the Director of Public Works, the Director's designee or the City Council, except in accordance with this chapter.

(Code 1993, § 25-41; Code 2004, § 90-66; Code 2015, § 24-59; Ord. No. 2004-368-331, § 1, 12-13-2004)

Sec. 24-60. Existing encroachments, awnings, canopies, and areas below the surface of streets.

(a) The existence of encroachments in the public right-of-way and having a particular and obvious relationship to an abutting property, including, but not limited to, sidewalk crossings and carriage walk, retaining walls, signage, and areaways of all types, shall constitute prima facie evidence of its ownership by that abutting property. The abutting property owner or tenant or any concern granted franchise rights by the City is responsible for all maintenance and repair of the encroachment and the adjacent sections or areas of sidewalk or street pavements.

(b) Nothing contained in this chapter shall be construed to affect any lawful encroachment or the lawful use and occupancy of streets, sidewalks, or public ways by any existing encroachment, which has been lawfully permitted by or pursuant to the provisions of any ordinance or resolution of the Council or any other provision of

law. Every such encroachment, use, and occupancy of the streets is permitted to continue in accordance with the terms and conditions upon which it was originally authorized.

(Code 1993, § 25-42; Code 2004, § 90-67; Code 2015, § 24-60)

Sec. 24-61. Exceptions for public utility or public service corporations under grant of franchise rights by City.

Except as expressly provided to the contrary in this chapter, the sections of this chapter shall not apply to encroachments or use and occupancy of streets by public utility or public service corporations which have been granted franchise rights by lawful enactment of the Council.

(Code 1993, § 25-43; Code 2004, § 90-68; Code 2015, § 24-61)

Sec. 24-62. General conditions for application and issuance of permits for encroachment and use.

(a) Every encroachment or other use of a street, sidewalk or public way authorized by or pursuant to this article or which the City Council will be requested to authorize by particular consent shall be subject to the following terms and conditions, unless expressly provided otherwise:

(1) The person proposing such encroachment or other use shall file a written application for a permit to work in streets and alleys and an administrative encroachment approval as required. However, if the encroachment or other use may be authorized only with particular consent from the Council, the written request for a Council encroachment approval shall be submitted to the Department of Public Works, along with payment of the required fee under Section 24-63.

(2) The application or written request shall contain all information, plans and specifications required by the Director of Public Works in order to determine the nature and appropriateness of the encroachment or other use and to ensure compliance with the terms and conditions for issuance of a permit or encroachment authorization.

(3) The applicant shall also file an application for a permit to work in the streets and alleys which shall be accompanied by payment of the permit fee required in accordance with Section 24-63 or other applicable section. The fee shall not be refunded, in whole or in part, unless the Director of Public Works shall approve the refund for good cause shown.

(4) The applicant shall, on behalf of the applicant and the applicant's heirs, devisees, successors and assigns, agree:

a. To indemnify, keep and hold the City free and harmless from liability on account of injury or damage to persons or property growing out of or directly or indirectly resulting from the encroachment or other use for which a permit for encroachment or approval is sought and the construction, reconstruction, maintenance, repair, existence and removal or cessation thereof;

b. If any suit or proceeding shall be brought against the City, at law or in equity, either independently or jointly with the applicant or any of the applicant's heirs, devisees, successors and assigns, on account thereof, the applicant and each such heir, devisee, successor and assign shall defend the City in the suit or proceeding without expense to the City; and

c. If a final judgment or decree is obtained against the City, either independently or jointly with the applicant or any of the applicant's heirs, devisees, successors and assigns, the applicant and each such heir, devisee, successor and assign shall pay the amount of the judgment or comply with the decree, bearing all costs and expenses of whatsoever nature attendant thereto, and shall hold the City harmless therefrom.

(5) Unless this requirement is waived by the Director of Public Works for good cause shown, the applicant shall furnish the City evidence of a liability insurance contract to indemnify, reimburse and hold the City harmless from all charges, damages or costs that the City may be required to pay or otherwise sustain by reason of the encroachment or other use for which a permit is sought and the construction, reconstruction, maintenance, repair, existence, and removal or cessation thereof. The contract of insurance shall:

a. Provide either commercial general liability insurance coverage in an amount of not less than

$1,000,000.00 combined single limit or equivalent homeowner's or renter's liability insurance coverage in an amount of not less than $300,000.00 combined single limit; and

b. Name the City as an additional insured.

The contract shall contain a provision that it shall not be terminated or otherwise allowed to expire prior to 45 days (or 30 days for a homeowner's or renter's liability insurance contract) after written notice to that effect is received by the Director of Finance or a designee thereof on behalf of the City, provided that a shorter notice period may be accepted with the concurrence of the Director of Finance or a designee thereof. Approved insurance coverage shall be kept in full force and effect, without expense to the City, at all times during the period for which authorization is granted.

(6) The applicant shall require any contractor engaged to perform work or furnish materials with respect to the encroachment or other use to furnish a commercial general liability insurance contract or an endorsement to an existing insurance contract naming therein the City as an additional insured, which shall provide indemnities of not less than $1,000,000.00 combined coverage for bodily injuries and property damage resulting from the contractor's activities. Such insurance contract shall also provide for the payment of any final judgment that may be rendered against the City by reason of any person being injured or damaged in any way in person or property by the contractor's activities. The insurance contract shall contain a provision that it shall not be terminated or otherwise allowed to expire prior to 45 days after written notice to that effect is received by the Director of Finance or a designee thereof on behalf of the City, provided that a shorter notice period may be accepted with the concurrence of the Director of Finance or a designee thereof. The applicant shall be responsible for providing the City evidence of the insurance contract for each contractor engaged for performance of work in any portion of the street, sidewalk or other public way.

(7) Unless this requirement is waived by the Director of Public Works for good cause shown, the applicant shall furnish the City a bond with corporate surety approved by the City Attorney, an irrevocable letter of credit or other type of financial guaranty, payable to the City and approved by the City Attorney. The bond, letter of credit or other guaranty shall be conditioned upon the removal of the encroachment or cessation of any other use for which a permit is sought, as applicable, and shall be further conditioned upon the restoration of the street, sidewalk or public way in accordance with standards established by the Director of Public Works. The guaranty shall be in a sufficient amount, to be determined by the Director of Public Works, as will enable the City to fully and properly restore the street, sidewalk or public way and to otherwise satisfy the requirements of this article, if the applicant fails to do so. The guaranty shall contain a provision that it shall not be terminated or otherwise allowed to expire prior to 60 days after written notice to that effect is received by the Director of Public Works on behalf of the City, provided that a shorter notice period may be accepted with the concurrence of the City Attorney and the Directors of Public Works and Finance. The guaranty, if required, shall be kept in full force and effect, without expense to the City, at all times during the period for which authorization is granted.

(8) The granting of authorization for an encroachment or other use and the issuance of a permit in connection therewith shall not constitute an offer or grant of a franchise or other irrevocable license or right. Authorization for an encroachment or other use shall at all times be subject to revocation, and the terms and conditions on which it is granted shall also be subject to modification at any time. The Director of Public Works shall have authority to revoke a permit:

a. Upon a finding of noncompliance with the terms and conditions upon which the encroachment or other use was authorized;

b. Upon a finding of discontinuance or abandonment of the purpose for which the encroachment or other use was authorized; or

c. Upon a finding of a superseding public need for any portion of the street, sidewalk or other public way occupied by or otherwise affected by the encroachment or other use.

The Council may, for any reason, revoke any grant of authorization for an encroachment or other use.

(9) The rights conferred under any permit or approval process for an encroachment or other use may be

transferred or assigned, subject to the express written approval of the Department of Public Works. The person to whom the rights are transferred or assigned shall be responsible for compliance with all terms and conditions applicable to the permitted encroachment or other permitted use.

(10) Following termination or revocation of authorization for an encroachment or other use or revocation of a permit or authorization issued in connection therewith, the person to whom the permit is issued or such person's heirs, devisees, successors, and assigns shall be responsible for removing the encroachment or ceasing the particular use and restoring the street, sidewalk, and public way to a condition satisfactory to the Director of Public Works. The person to whom the permit is issued or such person's heirs, devisees, successors, and assigns shall also be responsible for restoration or replacement of any public utility damaged, disturbed, or destroyed as a result of or in the course of the removal of an encroachment or cessation of any other use.

(11) The work of construction, reconstruction, repair, maintenance, and removal of any wire, pipe, conduit, device, or any other encroachment authorized under this section shall not be commenced until a separate work permit has been issued by the Director of Public Works. The Director shall reserve the right to revoke the work permit if the work performed shall not in all respects conform to this article, all other sections of this Code and other provisions having the force of law and also any and all particular requirements imposed by the Director of Public Works or other City officers or employees, as applicable. A separate fee, in the amount provided under Section 24-63, shall be paid in connection with the issuance of any work permit.

(b) Except as expressly provided otherwise, the general terms and conditions for issuance of a permit in subsection (a) of this section shall apply in addition to any specific terms and conditions established under this article or other enactment of the Council granting authorization for an encroachment or other use of a street, sidewalk, or public way.

(c) The Director of Public Works shall have general authority to require that related, but distinct, encroachments or other uses be treated under separate permits.

(d) The Director of Public Works shall have general authority, subject to any limitations imposed under the Virginia Uniform Statewide Building Code (VUSBC), to deny any application for a permit or administrative encroachment, upon a determination that the encroachment or other use will materially or unreasonably interfere with the use of a street, sidewalk, or public way by the public; that the encroachment or other use will constitute a hazard to such use; or for other good cause pertaining to the public health, safety, welfare, and convenience.

(e) The Director of Public Works shall have general authority to impose additional requirements, where necessary to ensure the public health, safety, welfare, and convenience, as a precondition to the issuance of a permit under this section.

(Code 1993, § 25-44; Code 2004, § 90-69; Code 2015, § 24-62; Ord. No. 2005-49-122, § 1, 6-13-2005)

Sec. 24-64. Assessor area taxes for use of streets.

(a) Every person who constructs, installs, or maintains a pipe, conduit, or wire above or below the street permitted by or pursuant to the provisions of any ordinance or resolution of the Council or of this Code shall pay to the City annually for such privilege an assessor area tax of $0.25 for each lineal foot of pipe, conduit, and wire so constructed, installed, or maintained. The tax shall be due and payable on January 1, and the tax shall be added to the taxes levied or assessed against the owner of such pipe, conduit, or wire and shall be collected as a part of the taxes due.

(b) Every person who maintains any other encroachment, whether permitted by this article or otherwise, shall pay to the City annually for such privilege an assessor area tax of $0.25 for each square foot of the public right-of-way occupied by such encroachment or other use. The tax shall be due and payable on January 1, and the tax shall be added to the taxes levied or assessed against the property benefitted by the encroachment or other use or against the owner of the encroachment and shall be collected as a part of the taxes due.

(Code 1993, § 25-46; Code 2004, § 90-71; Code 2015, § 24-64)

Sec. 24-65. Exception for State or political subdivisions.

Section 24-64 shall not apply to encroachments or use and occupancy of streets by the State or by political

subdivisions of the State which make annual payments to the City in lieu of taxes.

(Code 1993, § 25-47; Code 2004, § 90-72; Code 2015, § 24-65)

Sec. 24-66. Franchise or permit required for use of right-of-way for telecommunication equipment.

(a) No encroachment or other use of a street, sidewalk or other public right-of-way of the City for either overhead or underground wires or other equipment or facilities for uses related to telecommunication services shall be allowed without a franchise or other authorization granted by the Council consistent with Federal and State law. A franchise shall be required for the installation of equipment that includes any access line, as defined in Code of Virginia, § 56-468.1(A). An encroachment permit issued pursuant to Sections 24-62 through 24-64 shall be required for the installation of equipment that does not include access lines.

(b) For purposes of this section, the term "equipment" shall mean the poles, wires, ducts, conduits, subways, manholes, fixtures, appliances and appurtenances used to provide telecommunication services.

(Code 1993, § 25-48; Code 2004, § 90-73; Code 2015, § 24-66)

DIVISION 3. PUBLIC RIGHTS-OF-WAY USE FEE FOR TELECOMMUNICATIONS SERVICES*

***State law reference—**Public rights-of-way use fee, Code of Virginia, § 56-468.1.

Sec. 24-91. Adopted; definitions.

(a) Notwithstanding any other provision of law, including the Charter, and in lieu of any other fee or charge for the use of the public rights-of-way, a public rights-of-way use fee is hereby imposed on the ultimate end user of each access line, as defined in Code of Virginia, § 56-468.1(A). Such public rights-of-way use fee shall be collected by each certificated provider of local exchange telephone service operating in the City, but not by providers of commercial mobile radio services.

(b) The terms used in this division shall have the same meanings ascribed to them in Code of Virginia, § 56-468.1.

(Code 1993, § 25-49; Code 2004, § 90-96; Code 2015, § 24-91)

Cross reference—Definitions generally, § 1-2.

Sec. 24-92. Collection; remittance.

Within two months after the end of each calendar quarter, each certificated provider of local exchange telephone service shall remit to the Finance Department the amount of public rights-of-way use fees it has billed to ultimate end users of the provider's services during such preceding quarter. Fees so collected by the certificated providers shall be deemed to be held in trust until remitted to the Finance Department. Such fees shall constitute a debt of the ultimate end user to the City until paid to such provider. If any ultimate end user refuses to pay the public rights-of-way use fee, the local exchange service provider shall furnish the name and address of each such ultimate end user on a quarterly basis along with the remittance of fees.

(Code 1993, § 25-50; Code 2004, § 90-97; Code 2015, § 24-92)

Sec. 24-93. Exclusions.

(a) Nothing in this division shall affect the type or amount of fees payable to providers of cable television services pursuant to any existing or future franchise, license or permit granted by this City.

(b) Nothing in this division shall either affect any amount payable by any provider of telecommunications services for the right to locate towers or other facilities on property of the City, other than within the public rights-of-way, or prohibit the City from entering into voluntary pole attachment, conduit occupancy or conduit construction agreements with any certified provider of telecommunications service.

DIVISION 4. ENCROACHMENTS AND BUILDINGS*

***Cross reference—**Buildings and building regulations, Ch. 5.

Sec. 24-109. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Administrative approval process means a process by which the City's administration has the authorization to review and authorize certain encroachments as provided in this article. The Director of Public Works shall promulgate, maintain and enforce an administrative directive that establishes the purpose, policy, and procedures for the required review and approval processes for encroachments in the public right-of-way. The administrative directive will implement the encroachment type guideline for review and approval spreadsheet that identifies review, approval, and other requirements for encroachment authorization requests. The Director, or the Director's designee, shall maintain the spreadsheet on file with the appropriate revisions and amendments.

Building encroachment means the wall of any building; a porch, portico, marquee, balcony or cornice attached to a building; or other building encroachment that the Director of Public Works accepts as a similar fixture or attachment. The term includes projections, as defined in the Virginia Uniform Statewide Building Code, constructed in accordance with the specifications and general building limitations delineated in such Code, including the following defined projections:

(1) *Awning* means a fixed, permanent or retractable fabric cover that is attached to the wall of a building and that usually projects over an entrance or window; and

(2) *Canopy* means an awning supported by stanchions which are anchored to the ground.

In no event shall the term "building encroachment" include a fence, gate, shed, outbuilding or other structure which can be readily and easily removed from the street without affecting the building.

Council approval process means a process for certain encroachments that requires the City Council's approval through an adopted ordinance.

Discouraged encroachment means an encroachment type the City administration discourages due to reasons applicable to excessive or undesirable use, encumbrances, hampering, or interference of the area within the right-of-way, or to reasons applicable to aesthetics, public safety, or the City's current practices, policies, or regulations.

Encroachment means any portion of public street right-of-way, including areas below, on or above the surface, that is authorized under this chapter or taken without such authorization for use by an individual or concern and altered for a particular benefit. Encroachments shall include, but not be limited to, sidewalk crossings, in the form of driveways and carriage walks, areaways, coal chutes, loading doors, skylights, vents, oil fillers, utility service vaults, walls, signage, and awnings.

Encroachment type guideline for review and approval spreadsheet means the spreadsheet that serves as the guideline for required reviews and approvals for various encroachments. The Director of Public Works or the Director's designee shall maintain, revise or amend this spreadsheet as deemed necessary.

Existing unauthorized encroachment means an unauthorized encroachment, which is an unlawful use of streets, sidewalks or public ways, including areas below, on, or above the surface, that constitutes a nuisance and may be abated in any manner provided for by law, for which the applicant is seeking an encroachment approval. In order for an unauthorized encroachment to be considered an existing unauthorized encroachment, the owner of the encroachment must first provide acceptable record evidence to illustrate that the encroachment has been established and constructed and remained in the same location and condition and size for a minimum of five years.

New unauthorized encroachment means an unauthorized encroachment, which is an unlawful use of streets, sidewalks or public ways, including areas below, on, or above the surface, that constitutes a nuisance and may be abated in any manner provided for by law, for which the applicant is seeking an encroachment approval where the owner of the encroachment is unable to provide acceptable record evidence to illustrate that the encroachment has been established or constructed and remained in the same location and as originally constructed or last modified for a minimum of five years, or an unauthorized encroachment that the City administration deems to have been established or constructed for less than five years.

Owner means the person who holds legal title to a building or the land upon which it is situated, either or both.

Proposed encroachment means a new encroachment that has not been constructed and is not encroaching within the public right-of-way at the time of the request for authorization is submitted.

Virginia Uniform Statewide Building Code means the current State regulation promulgated by the Virginia Board of Housing and Community Development and based on a nationally recognized model building code.

(Code 1993, § 25-51; Code 2004, § 90-121; Code 2015, § 24-115; Ord. No. 2004-368-331, § 1, 12-13-2004)

Cross reference—Definitions generally, § 1-2.

Sec. 24-110. Encroachments and encroachment categories generally; permit required.

(a) *Permit required.* Every person who desires to construct, install or maintain a building or other administrative encroachment in any street, sidewalk or other public way shall first obtain a permit to work in streets and alley and encroachment authorization, as required, in accordance with Section 24-62 and shall thereafter be authorized to use the street, sidewalk or other public way for the purpose specified. This grant of authorization for use of the street, sidewalk or other public way is subject to any and all applicable limitations, terms and conditions imposed or provided for under this article and to any other applicable provision having the force of law. In particular, this grant of authorization is subject to the provisions and conditions set forth in Section 2.04(e) of the Charter, as modified or supplemented by the provisions of the Virginia Uniform Statewide Building Code. No further work shall be performed under this grant of authorization after the permit for such work has been revoked or has otherwise ceased to be in force and effect.

(b) *General encroachment categories, descriptions, and approval requirements or attributes.* The Director of Public Works shall have the authority to modify, impose or recommend additional conditions as set forth in the encroachment type guideline for review and approval spreadsheet maintained by the Department of Public Works as provided in this article. General encroachment categories, processes, descriptions, and approval requirements or attributes are as follows:

(1) *Administrative approval process encroachments.*

a. This category of encroachment would require:

1. The submittal of an administrative approval process encroachment application and a final approval by the Director of Public Works, or the Director's designee; and

2. The review of committees or commissions as designated by the encroachment type guideline for review and approval spreadsheet.

b. The Director of Public Works may require the encroachment to be reviewed through the Council approval process where reviews by others, including the City Planning Commission, will be required. An encroachment cannot be approved through this process if the encroachment type does not satisfy the requirements of the Virginia Uniform Statewide Building Code.

1. *Underground encroachments.* The administrative approval process may provide approval for any underground encroachments that are not regulated by the Virginia Uniform Statewide Building Code. These administrative approval process encroachments will not require any commission or committee reviews or approvals, except as designated by the encroachment type guideline for review and approval spreadsheet.

2. *Awning and canopy encroachments.* The administrative approval process may authorize any awnings and canopies which conform to the general conditions set forth in this article and that satisfy the Virginia Uniform Statewide Building Code requirements, subject to the following conditions:

(i) Signage on any awning or canopy shall be subject to the applicable signage requirements set forth in Chapter 30, which pertains to zoning.

(ii) These awning and canopy encroachments will require a review and recommendation by the Urban Design Committee or the Commission of Architectural Review as designated by the encroachment type guideline for review and approval spreadsheet or as requested by the Director of Public Works. The Director of Public Works may require the

encroachment to be reviewed through the Council approval process, where a review by the City Planning Commission will also be required.

(2) *Council approval process encroachments.* This category of encroachment will require approval from the City Council and would include, but is not limited to, any encroachment item that is designated for the Council approval process by the encroachment type guideline for review and approval spreadsheet, is requested by the Director of Public Works to acquire Council approval, or is initiated by the applicant's written request to the Director of Public Works for an encroachment ordinance review or approval by the City Council due to the applicant's specified desire for a Council review or due to the applicant's disagreement with the Director of Public Works' final consideration and decision for an administrative encroachment approval request. An encroachment shall not be approved through this process if the encroachment type does not satisfy the requirements of the Virginia Uniform Statewide Building Code. These encroachments will require review by the Urban Design Committee or the Commission of Architectural Review and the City Planning Commission.

(Code 1993, § 25-52; Code 2004, § 90-122; Code 2015, § 24-116; Ord. No. 2004-368-331, § 1, 12-13-2004)

Sec. 24-111. Encroachment application and processing fees.

Unless otherwise provided by general law, an application and processing fee of $300.00 shall be paid by the applicant for each administrative approval encroachment application that is not a temporary administrative approval encroachment application for use of a sidewalk for outdoor dining purposes applied for by October 31, 2020. There is no charge for application and processing for each temporary administrative approval encroachment application for use of a sidewalk for outdoor dining purposes applied for by October 31, 2020. An application and processing fee of $1,000.00 shall be charged for each Council approval encroachment request. Such fee shall not be refunded, in whole or in part, unless the Director of Public Works shall approve the refund for good cause shown.

(Code 1993, § 25-54; Code 2004, § 90-123; Code 2015, § 24-117; Ord. No. 2020-187, § 1(24-117), 9-28-2020)

DIVISION 5. PERMIT PROGRAM FOR PARKING OF SHARED MOBILITY DEVICES ON SIDEWALKS

Sec. 24-125. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Applicant means any person who files an application in accordance with this division.

Application means an initial application, any renewal application, and any reinstatement application filed in accordance with this division.

Director means the Director of Public Works or the designee thereof.

Permittee means any person who holds a permit issued in accordance with this division.

Shared mobility device means a vehicle, including a bicycle, electric personal assistive mobility device, electric power-assisted bicycle, or motorized skateboard or foot-scooter, (i) for which no docking station is provided and (ii) which is offered by the owner thereof for rent to the public for a fee. For purposes of this definition, bicycle, electric personal assistive mobility device, electric power-assisted bicycle, and motorized skateboard or foot-scooter shall have the meaning set out for those terms in Code of Virginia, § 46.2-100.

Trip means each period of exclusive use of a shared mobility device by an individual.

(Code 2015, § 24-125; Ord. No. 2018-288, § 1, 1-28-2019)

Sec. 24-126. Administration of permit program for shared mobility devices.

The Director shall administer the permit process for which this division provides. The Director shall issue, enforce, and, from time to time, modify rules, regulations, or guidelines consistent with this division and other applicable law to carry out the requirements of this division. Such rules, regulations, and guidelines, and any and all modifications thereto, must be approved as to form by the City Attorney or the designee thereof prior to issuance.

(Code 2015, § 24-126; Ord. No. 2018-288, § 1, 1-28-2019)

Sec. 24-127. Permit requirement.

No person shall park a shared mobility device on any sidewalk within the City of Richmond unless such person has obtained or such shared mobility device is covered by a permit in accordance with this division. Any shared mobility device not parked pursuant to a permit issued in accordance with this division may be removed as an unattended motor vehicle as provided in subsection (b) of Section 27-330.

(Code 2015, § 24-127; Ord. No. 2018-288, § 1, 1-28-2019)

Sec. 24-128. Application; issuance and denial of permits.

(a) Any person may file an application on forms provided by the Director to obtain a permit or, as applicable, a renewal permit, or a reinstated permit for the parking of one or more shared mobility devices on sidewalks within the City of Richmond. The Director shall review all applications according to the provisions of this division and the rules, regulations, and guidelines issued in accordance the Section 24-126.

(b) Permits issued in accordance with this division shall be subject to the following general terms and conditions:

(1) The applicant shall demonstrate on such applicant's application that the applicant has met all of the requirements of this division.

(2) Each application to obtain, renew, or reinstate a permit shall be accompanied by payment of an application fee and the annual fee set forth below, except as may be provided otherwise in this division.

Application fee	$1,500.00
Annual fee:	
From one to 100 shared mobility devices	$20,000.00
From 101 to 200 shared mobility devices	$30,000.00
From 201 to 500 shared mobility devices	$45,000.00

(3) Each application to obtain or renew a permit shall, in accordance with the rules, regulations, and guidelines issued in accordance with Section 24-126, be accompanied by a certificate of insurance demonstrating evidence of commercial general liability insurance coverage of at least $3,000,000.00 for each occurrence and at least $5,000,000.00 in the aggregate, listing the City as an additional insured, and indicating that the City will receive at least 30 days' notice of cancellation or material modification of the policy.

(4) Each permit issued by the Director shall state the following:

a. The name of the permittee and the name, address, and phone number of the authorized representative of the permittee, if applicable.

b. The date and time period during which the permit shall be effective.

c. Specifications concerning the parking of the shared mobility device on City sidewalks, including, but not limited to, a requirement that the shared mobility device shall be parked in an upright position on City sidewalks so as not to create a hazard for or interfere with public use and travel.

d. A prohibition against the parking of the shared mobility device on shared-use paths, and in parks and athletic fields owned by the City. For purposes of this subparagraph, the term "shared-use path" shall have the meaning set out for that term in Code of Virginia, § 46.2-100.

e. A prohibition against the parking or leaning of the shared mobility device on park benches located on City-owned real estate.

f. A requirement that the permittee ensure that each user of shared mobility devices covered by a

permit issued in accordance with this division have a valid driver's license to the extent that a driver's license is required by law for operation of a shared mobility device.

g. Any other information, as permitted by law, that the Director deems necessary for the administration of the permit.

(5) Permits may be issued and renewed annually for a period of 12 months from the date of any such issuance, subject to the requirements of this division and the rules, regulations, and guidelines issued in accordance with Section 24-126. The Director shall not issue any more than one permit to the same person during all or any part of a 12-month period covered by a permit issued in accordance with this division.

(6) Permits shall incorporate by reference the provisions of this division and the rules, regulations, and guidelines issued in accordance with Section 24-126.

(7) No permit shall be issued to any person for more than 500 shared mobility devices, except as provided in Section 24-133. Any impounded shared mobility devices shall count against the total number of shared mobility devices that the permittee may have in operation under such permittee's permit.

(8) The permittee shall execute a release, waiver of liability, and indemnification agreement prior to the issuance of any permit. This subdivision (8) shall not apply to governmental organizations.

(9) Upon revocation or expiration of a permit, the permittee shall be responsible for ensuring that any and all shared mobility devices to which a permit relates are removed permanently from every sidewalk, unless another permit is obtained, and are otherwise stored in the manner provided in the rules, regulations, and guidelines issued in accordance with Section 24-126.

(10) The Director may deny a permit to any applicant upon determining that the applicant has not complied with any requirement of this division or the rules, regulations, or guidelines issued in accordance with Section 24-126.

(11) The Director may deny a permit to any applicant upon determining that the applicant has not complied with any applicable Federal, State, or local law or that the applicant is delinquent on any tax, fee, fine, or other obligation to the City.

(12) No permits shall be issued for any shared mobility device that is not equipped with a speed controller limiting the maximum motor-assisted speed of such device to no more than 15 miles per hour or that is not equipped with a global positioning system.

(13) Permits issued in accordance with this division may be transferred or assigned, subject to the express written approval of the Director. The person to whom any permit is transferred or assigned shall be responsible for compliance with all terms and conditions applicable to the permit transferred or assigned.

(14) Permits issued in accordance with this division may be modified by the Director upon request of the permittee or as the Director determines may be necessary for the preservation of the safety, health, and welfare of the citizens of the City.

(Code 2015, § 24-128; Ord. No. 2018-288, § 1, 1-28-2019)

Sec. 24-129. Revocation of permit; reinstatement; unlawful actions.

(a) The Director shall have the authority to revoke, which revocation shall not be appealable, a permit issued in accordance with this division if the Director determines that any of the following have occurred:

(1) The permittee has not complied with the requirements of such permittee's permit, this division or the rules, regulations, or guidelines issued in accordance with Section 24-126, other applicable Federal, State, or local law, or that the permittee is delinquent on any tax, fee, fine, or other obligation to the City.

(2) The permittee has misrepresented or provided false information in an application.

(3) The permittee has parked, or suffered to be parked, a shared mobility device in such manner as to create a public nuisance or to constitute a hazard to the public health, safety, or welfare.

(4) The permittee has any unsatisfied final judgments arising out of the permittee's operations within the

City of Richmond.

(5) The permittee has transferred or assigned such permittee's permit without the express written approval of the Director as required by this division.

(b) An applicant whose permit has been revoked pursuant to this section may submit a reinstatement application to reinstate such permit. If such reinstatement application is submitted before the expiration of the permit period covered by the permit that was revoked, such application shall be accompanied by the reinstatement fee of $2,500.00 and the reinstated permit issued shall cover only the period remaining on the revoked permit. If such application is submitted on the date of or after the expiration of the permit period covered by the permit that was revoked, such application shall be accompanied by the application fee set forth in Section 24-128 and an annual fee set forth in this subsection. Any permittee who has a permit revoked during any part of a period covered by a previously issued permit that has been revoked shall not be eligible to file a reinstatement application for a reinstated permit until after the expiration of the period covered by the permit that was previously revoked. The annual fee for each additional shared mobility device in excess of the number of shared mobility devices permitted on the date of permit issuance shall be $72.00. The annual fee for each additional shared mobility device covered by an increase made during all preceding permit periods and to be covered by a renewal permit or reinstated permit shall be $72.00.

(c) It shall be unlawful for any permittee whose permit has been revoked, or any employee or agent thereof, to park, or suffer to be parked, on any sidewalk a shared mobility device owned or controlled by that permittee or to commit, or suffer to be committed, any act that is a violation of this division or any applicable law or regulation. The Director shall provide the permittee with written notice of any costs incurred by the City for removing from sidewalks any shared mobility device owned by the permittee whose permit has been revoked, which costs the permittee shall reimburse the City within 30 days from the date of the written notice.

(Code 2015, § 24-129; Ord. No. 2018-288, §§ 1, 3, 1-28-2019)

Sec. 24-130. Permission to park granted.

A permit issued pursuant to this division shall permit a person authorized by the permittee to operate a shared mobility device owned by the permittee, for the period specified in the permit and the shared mobility device or shared mobility devices covered by such permit, to park such shared mobility device on sidewalks within the City of Richmond, in accordance with the provisions of this division and the rules, regulations, and guidelines issued pursuant to Section 24-126.

(Code 2015, § 24-130; Ord. No. 2018-288, § 1, 1-28-2019)

Sec. 24-131. Safety requirements.

In accordance with the powers granted by Section 2.04 of the Charter and to ensure that permits issued in accordance with this division for the parking of shared mobility devices on the City's sidewalks do not create hazards to the safety, health, and welfare of the citizens of the City, the City hereby requires that all permittees follow the following safety requirements:

(1) Permittees shall perform regular maintenance on the shared mobility devices covered by a permit issued in accordance with this division to ensure that each such device is in safe working condition.

(2) Permittees shall ensure that all shared mobility devices covered by a permit issued in accordance with this division are equipped with brakes, reflectors, a bell, and front and rear lighting.

(3) Permittees shall ensure that all shared mobility devices covered by a permit issued in accordance with this division are only operated from 5:00 a.m. to 9:00 p.m.

(Code 2015, § 24-131; Ord. No. 2018-288, § 1, 1-28-2019)

Sec. 24-132. Reporting requirements.

Upon the request of the Director, each permittee shall provide to the Director at such intervals, no more frequently than once a month, from the date of issuance of the permit as may be determined by the Director, reports demonstrating the permittee's compliance with the requirements of this division, the rules, regulations, and guidelines issued in accordance with Section 24-126, and any other applicable Federal, State, or local laws. Each permittee shall also provide the Director, as may be requested by the Director, reports containing trip origination

and destination information and such other information as may be necessary for the Director to determine the allocation of City resources to carry out the requirements of this division.

(Code 2015, § 24-132; Code 2015, § 24-132; Ord. No. 2018-288, § 1, 1-28-2019)

Sec. 24-133. Increasing the number of permitted shared mobility devices.

(a) On a quarterly basis from the date of the issuance of a permit issued in accordance with this division and upon payment of the annual fee set forth in this division for each additional shared mobility device permitted by this section, any permittee may submit a written request to the Director to increase the maximum number of shared mobility devices covered by such permittee's permit issued in accordance with this division. Upon receipt of such request and payment of the fee set forth in this division, the Director shall consider such request in accordance with the requirements of this section. Within 30 days from the date of the receipt of such request, the Director shall increase the maximum number of shared mobility devices covered by such permittee's permit by an amount equal to 25 percent of the maximum number of shared mobility devices covered by such permit on the date of issuance of such permit if the permittee, along with such written request, provides the Director with such evidence as the Director may lawfully require demonstrating that the following conditions have been met:

(1) The shared mobility devices covered by a permit issued in accordance with this division have been operated on an average of three or more trips per day, which trips may begin or end in the City, either or both, for each day of the applicable quarterly period covered by the permit.

(2) The permittee has complied with all of the requirements of (i) the permit for which an increase in the maximum number of shared mobility devices has been requested, (ii) this division, and (iii) all applicable State, Federal, and local laws.

(b) The number of shared mobility devices covered by any permit issued in accordance with this division may only be increased as provided in this section. Notwithstanding any provision of this division to the contrary, the Director, upon application therefor by the permittee, shall issue to a permittee a renewal permit or reinstated permit covering a number of shared mobility devices that is equal to the total number of shared mobility devices permitted on the date of the expiration of such permittee's immediately preceding permit for which the number of shared mobility devices was increased one or more times in accordance with this section, provided that such preceding permit expired no more than 30 days prior to the filing of an application for a renewal permit or reinstated permit.

(c) Any application to renew a permittee's permit for which the maximum number of shared mobility devices permitted resulted from one or more increases made by the Director in accordance with this section shall be filed in accordance with the requirements of this division. In addition, such application shall be accompanied by the payment of the annual fee set forth in this division for each additional shared mobility device covered by an increase made by the Director during all preceding permit periods in accordance with this section and shall be filed no later than 30 days after the expiration date of the immediately preceding permit for which an increase was made by the Director.

(d) Any application to reinstate a permittee's permit for which the maximum number of shared mobility devices permitted resulted from one or more increases made by the Director in accordance with this section shall be filed in accordance with the requirements of this division. In addition, such application shall be accompanied by the payment of the annual fee set forth in this division for each additional shared mobility device covered by an increase made by the Director during all preceding permit periods in accordance with this section and shall be filed no later than 30 days after the expiration date of the immediately preceding permit for which an increase was made by the Director.

(e) For any permit, renewal permit, or reinstated permit, the maximum number of shared mobility devices of which resulted from one or more increases made by the Director in accordance with this section, the Director shall reduce the fee set forth in this division according to the number of days, if any, within the applicable permit period that each additional shared mobility device permitted in accordance with this section was not covered by a permit issued in accordance with this division. In the alternative, any permittee may file an application to obtain a new permit in accordance with the requirements of this division.

DIVISION 6. BUILDING OPERATIONS AND ACTIVITIES*

***Cross reference—**Buildings and building regulations, Ch. 5.

Sec. 24-148. Permit required for placement of building materials and equipment or stockpiles in or upon streets, sidewalks, and public ways.

(a) Any person engaged in constructing, repairing, excavating, demolishing or making any improvements or doing any other work on any house or other building or upon any lot and who desires to place building materials and equipment or stockpiles in or upon that part of the street, sidewalk, or public way opposite and next to the premises shall first obtain a permit in accordance with Section 24-62 and shall thereafter be authorized to use the street, sidewalk or other public way for the purpose specified. This grant of authorization for use of the street, sidewalk or other public way is subject to any and all applicable limitations, terms and conditions imposed or provided for under this article, and to any other applicable provision having the force of law. No further work shall be performed after the permit for such work has been revoked or has otherwise ceased to be in force and effect.

(b) Upon the filing of an application for a permit under this section, the Director of Public Works shall have the authority and the discretion to grant permission to use only such portion of the street, sidewalk or public way opposite and next to the premises as the Director deems necessary and practical. However, such permission shall be granted only upon a showing that there is insufficient space on the lot or in the house or other building to permit the placement of building materials or equipment at a location outside the street, sidewalk or public way. The Director of Public Works may impose reasonable limitations, conditions and requirements upon the placement of any building materials and equipment in or upon the street, sidewalk or public way, in order to ensure the public safety and convenience.

(Code 1993, § 25-61; Code 2004, § 90-146; Code 2015, § 24-148)

Sec. 24-149. Protective devices required for placement of equipment or materials overnight.

Any person depositing any building material or equipment in any street, sidewalk or public way shall, each night that such material or equipment shall remain thereon, properly place and maintain in position sufficient barriers, lights or other protective devices, approved by the Director of Public Works, to warn all persons using the street, sidewalk or public way of the presence of such materials or equipment.

(Code 1993, § 25-62; Code 2004, § 90-147; Code 2015, § 24-149)

Sec. 24-150. Removal of materials or equipment upon completion of work.

All materials or equipment placed in or upon a street, sidewalk or public way in accordance with a permit issued under this division shall be removed and the street, sidewalk or public way shall be restored within five days after completion of new construction work and within two days after completion of repair work. In either case, the restoration of the street, sidewalk or public way shall be to the satisfaction of the Director of Public Works, who shall be notified upon completion of the restoration work.

(Code 1993, § 25-63; Code 2004, § 90-148; Code 2015, § 24-150)

DIVISION 7. SIDEWALK CROSSINGS

Sec. 24-169. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Sidewalk crossings are physical improvements within the public street right-of-way designed and constructed for the purpose of crossing that portion of street right-of-way between the edge of the developed roadway surface and the line of private property at the edge of the street right-of-way. Examples of sidewalk crossings include, but are not limited to, driveways, entranceways, carriage walks, and carriage steps. Any sidewalk crossing is also considered to be an encroachment and subject to sections of this Code relating to encroachments.

(Code 2004, § 90-226; Code 2015, § 24-169)

Cross reference—Definitions generally, § 1-2.

Sec. 24-170. Construction permit required.

Any owner of land who desires to construct a sidewalk crossing for purposes of providing pedestrian or vehicular access to such land shall first obtain a permit in accordance with Section 24-62 and shall thereafter be authorized to use the street, sidewalk or other public way for the purpose specified. This grant of authorization for use of the street, sidewalk or other public way is subject to any and all applicable limitations, terms and conditions imposed or provided for under this article and to any other applicable provision having the force of law. No further work shall be performed after the permit for such work has been revoked or has otherwise ceased to be in force and effect.

(Code 1993, § 25-101; Code 2004, § 90-227; Code 2015, § 24-170)

Sec. 24-171. Revocation of construction permit.

Notwithstanding any section to the contrary, all permits issued under this division shall be subject to revocation at any time, upon 30 days' written notice from the Director of Public Works to the owner of the land to which the crossing is appurtenant.

(Code 1993, § 25-102; Code 2004, § 90-228; Code 2015, § 24-171)

Sec. 24-172. Removal of crossing and restoration of curb and sidewalk by landowner.

Upon the revocation of a permit as set forth in Section 24-171, the landowner shall remove the crossing and restore the curb and sidewalk paving within 30 days, in a manner and with materials to be approved by the Director of Public Works. Such work shall be done at the expense of the landowner.

(Code 1993, § 25-103; Code 2004, § 90-229; Code 2015, § 24-172)

Sec. 24-173. Procedure when landowner fails to remove and restore.

(a) If the landowner fails to remove the sidewalk crossing and restore the curb and sidewalk paving within 30 days after receipt of written notice, the sidewalk crossing shall be closed and the sidewalk and curb restored by the Department of Public Works. The Director of Public Works shall transmit to the Director of Finance a memorandum of the cost incurred, and the Director of Finance, upon receipt of such memorandum, shall collect the cost from the owner of the land to which the crossing is appurtenant in the same manner and by the same process as is prescribed for the collection of taxes. If such cost cannot then be collected, it shall be added to the first bill for taxes on the land assessed against the landowner and shall be collected with the taxes assessed in the same manner and by the same process as is prescribed for the collection of taxes.

(b) The Department of Public Works may remove any sidewalk crossing that may exist in any form, at any time, if the crossing is found to be not maintained and is judged to present a potential pedestrian hazard to a person walking within the street right-of-way. The area affected by the removal shall be returned to a similar condition as the adjacent planting strip portion of the right-of-way. There is no monetary expense charged to the property owner as a result of such an action.

(Code 1993, § 25-104; Code 2004, § 90-230; Code 2015, § 24-173)

Sec. 24-174. Service of notice.

Any notice required under this division shall be in writing and shall be mailed to the last known address of the owner of the land by registered mail with return receipt requested and shall be deemed to have been delivered on the date shown as the delivery date on the return receipt. If any such notice is returned by the post office, the Director of Public Works shall cause a copy of the notice to be posted upon the land to which the crossing is appurtenant, and the notice shall be deemed to have been received on the date on which it is so posted.

(Code 1993, § 25-105; Code 2004, § 90-231; Code 2015, § 24-174)

Sec. 24-175. Paving and maintenance.

(a) Every person granted a permit to construct a sidewalk crossing shall pave and maintain the sidewalk,

where crossed, at such person's expense, with materials as the Director of Public Works may designate and in such manner as the Director may prescribe. However, if concrete sidewalk exists for single-family residential use and a comprehensive program for sidewalk repair or replacement is being performed by or for the City, the landowner shall not be assessed the cost of repairing or replacing the portion of the sidewalk through the landowner's driveway.

(b) The owner of any premises abutting that portion of public street right-of-way, whether in front or to any side, to which any form of sidewalk crossing may exist shall be the prima facie owner and responsible party for the maintenance of the sidewalk crossing, whether permitted or not, and adjacent section of sidewalk pavement thereof and shall indemnify and hold the City harmless for any claim or litigation that may ensue as a result from the existence and operation of the sidewalk crossing.

(Code 1993, § 25-106; Code 2004, § 90-232; Code 2015, § 24-175)

Sec. 24-176. Removal of abandoned, unmaintained, unused or unnecessary crossings.

(a) Any sidewalk crossing which is abandoned, unused or unnecessary, in the opinion of the Director of Public Works, shall be removed by the owner of the land to which the crossing is appurtenant, and the curb and sidewalk shall be restored within 30 days after the Director of Public Works has given written notice to the landowner directing such removal and restoration. The curb and sidewalk paving shall be restored in a manner and with materials to be approved by the Director of Public Works. All work shall be done at the expense of the landowner.

(b) The Director of Public Works may determine that a sidewalk crossing, in the form of a carriage walk or carriage steps, is unnecessary or is in a state of disrepair that may present a hazard to pedestrians. The Department may remove any such crossing at-will in the interest of public safety. A property owner may request that the Department of Public Works remove an existing carriage walk or carriage steps. The City will remove at no cost to the property owner and restore the affected area to its design condition.

(Code 1993, § 25-107; Code 2004, § 90-233; Code 2015, § 24-176)

Sec. 24-177. Bridges prohibited; crossing by way of constructed crossing only.

No person shall place or cause or permit to be placed a bridge or other obstruction in or over any paved gutter nor cross any such sidewalk or cause or permit any such sidewalk to be crossed with any vehicle except by way of a crossing constructed in accordance with a permit granted under this division.

(Code 1993, § 25-108; Code 2004, § 90-234; Code 2015, § 24-177)

DIVISION 8. BANNER DISPLAY PROGRAM

Sec. 24-208. City banner display program.

(a) Notwithstanding any other section of this article, the Chief Administrative Officer, in coordination with the Urban Design Committee, is authorized to administer and promote a City banner display program, subject to the following restrictions and conditions:

(1) Display of banners, flags, and pennants (collectively referred to as "banners") as part of the City banner display program shall be permitted only on designated public property within the public way and only in those areas of the City zoned for uses other than residential or mixed residential use except the area along Franklin Street from Harrison Street to Belvidere Street, along Belvidere Street from Franklin Street to Main Street, along Main Street from Belvidere Street to Laurel Street, along Laurel Street from Main Street to Franklin Street, along Leigh Street from Second Street to Fourth Street and from Eighth Street to 11th Street, along Jackson Street from Third Street to Eighth Street, along Third Street from Clay Street to Jackson Street, along Fourth Street from Leigh Street to Jackson Street, along West Cary Street from South Meadow Street to South Harrison Street, along Lombardy Street from Brook Road to Admiral Street, along West Cary Street between South Thompson Street and South Boulevard, along Grove Avenue between North Belmont Avenue and North Boulevard, along North Belmont Avenue between Grove Avenue and Ellwood Avenue, along South Belmont Avenue between Ellwood Avenue and West Cary Street, along North Sheppard Street between Grove Avenue and Ellwood Avenue, along South

Sheppard Street between Ellwood Avenue and West Cary Street, along North Robinson Street between West Broad Street and West Main Street, along South Robinson Street between West Main Street and the Downtown Expressway, and the Downtown Special Services Districts.

(2) Banners displayed as part of the City banner display program shall have been created or commissioned by the City, at the direction of the Chief Administrative Officer, or shall have been received and accepted by the City as a gift, along with any hardware determined to be necessary for the display of such donated banners.

(3) Banners displayed as part of the City banner display program shall not bear commercial advertising; political campaign promotion; or other political, religious or personal statements or messages.

(4) Prior to acceptance and display as part of the City banner display program, proposed banners shall be reviewed as to their content and form by the Urban Design Committee, in accordance with this section and design criteria which shall be established by the Committee and approved by the Chief Administrative Officer. Decisions of the Urban Design Committee with regard to acceptance and display of banners may be reviewed and modified, as necessary, by the Chief Administrative Officer.

(5) The number of banners to be displayed and the location and means or method of display shall be approved by the Urban Design Committee, subject to review by the Chief Administrative Officer, with due consideration for public safety and aesthetic concerns.

(6) Banners may be displayed for such reasonable time period as may be established in each instance by the Urban Design Committee, subject to review by the Chief Administrative Officer, as necessary, provided that any banner displayed during such time period shall be and remain in conformity with all of the original specifications concerning size, quality and materials, and content and any other criteria initially considered in approving the banners for display.

(7) Banners may be approved for periodic, repeated display, as for seasonal displays or annual observances. Continued approval for such periodic displays shall be contingent upon appropriate arrangements for storage of banners and the maintenance of the banners in a suitable condition for display.

(b) Notwithstanding any limitation expressed in Section 2-89, the Chief Administrative Officer, for and on behalf of the City, is hereby authorized to accept, without regard to the value or amount, gifts of banners, hardware necessary for display of banners, or in-kind services pertaining to the preparation or display of banners, in connection with and in furtherance of the City banner display program.

(c) Upon the removal of any banners at the end of the final time period established for display or at such earlier time as removal may become necessary, the Chief Administrative Officer is authorized to sell such banners at a special public auction or through regular sale as surplus City property or to dispose of such banners in any other manner as may be appropriate under the circumstances, where such banners are deemed to have little or no value as items for sale.

DIVISION 9. SIDEWALK CAFES*

***Cross reference—**Businesses and business regulations, Ch. 6.

Sec. 24-219. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Director of Planning and Development Review means the Director of Planning and Development Review of the City, and includes the Director's designee.

Director of Public Works means the Director of Public Works of the City and, except in Section 24-223 pertaining to sidewalk cafe permit revocation and suspension, includes the Director's designee.

Food or beverage service establishment means an establishment located in a building, which sells food or beverages and provides seating and tables or counters within the building for use by patrons to consume food or beverages sold in the building, and which is located within a zoning district as set forth in Chapter 30 in which the establishment is a use for which the zoning district regulations permit outdoor dining.

Operator means the person or entity that operates the food or beverage service establishment and also operates the sidewalk cafe. The term "operator" includes the owner of the food or beverage service establishment if the owner is also the operator of such establishment.

Sidewalk cafe means any group of tables, chairs or other seating fixtures and all related appurtenances maintained within the public sidewalk and intended for the purpose of consumption of food or beverage by patrons, when such is located adjacent to a food or beverage service establishment having the same operator. A sidewalk cafe is not considered an "encroachment" as defined in Section 24-1 so long as all outdoor facilities related thereto are temporary in nature, are not permanently affixed so as to extend below, on or above the sidewalk, involve no penetration of the sidewalk surface, are not attached to any building, and are readily removable without damage to the surface of the sidewalk.

(Code 2004, § 90-271; Code 2015, § 24-240; Ord. No. 2012-189-189, § 1, 11-12-2012)

Cross reference—Definitions generally, § 1-2.

Sec. 24-220. Sidewalk cafe permit—Application, approval and general provisions.

(a) *Permit required; enforcement.* Subject to the provisions of this division, a sidewalk cafe may be operated within a portion of the public sidewalk only upon approval of a sidewalk cafe permit as provided for in this section. No other use of the area devoted to the sidewalk cafe shall be permitted, except normal use as a public sidewalk during the hours that the sidewalk cafe is not operated. The design, operation and use of a sidewalk cafe shall comply with the approved permit. It shall be the responsibility of the Director of Public Works to enforce the provisions of this division as provided in this article.

(b) *Application.* Application for a sidewalk cafe permit shall be made to the Director of Planning and Development Review on such application form and subject to such written procedures as the Director may establish for the purpose. Application for a sidewalk cafe permit shall be made by the operator of a properly licensed and lawfully operated food or beverage service establishment that is located at street level adjacent to the proposed sidewalk cafe. The application shall be signed by the operator of the establishment and by the owner of the property on which the establishment is located, if the owner is not the operator.

(c) *Plan and other materials to accompany application.* The following plan and other materials shall be submitted in triplicate with the application for a sidewalk cafe permit:

(1) A plan drawn to scale and with dimensions, where applicable, showing:

a. The layout and arrangement of the proposed sidewalk cafe, including its overall dimensions, aisle widths, access to the adjacent building, and the locations and dimensions of chairs, tables, umbrellas, barriers, outdoor heating devices and other appurtenances to be located within the boundaries of the proposed sidewalk cafe; and

b. The following sidewalk conditions and features located within the boundaries of the proposed sidewalk cafe and within ten feet of such boundaries: location of street right-of-way line, existing sidewalk paving material and width measured from the building to the face of the curb and from the proposed sidewalk cafe to the face of the curb; the locations of tree wells, sidewalk grates, benches, bus passenger shelters, mailboxes, newspaper boxes, lampposts, traffic signal poles, traffic and parking signs, parking meters, wheelchair ramps, driveways, fire hydrants, trash receptacles and similar sidewalk features or obstructions; and the boundaries of any existing adjacent sidewalk cafe;

(2) Verification of water closets, lavatories and seating capacity:

a. The number of water closets and lavatories for each sex provided in the existing food or beverage service establishment; and

b. The seating capacity of the proposed sidewalk cafe;

(3) Photographs or other graphic representations, together with specifications, which depict the design, materials and colors of chairs, tables, umbrellas, barriers and other appurtenances to be located within the boundaries of the proposed sidewalk cafe;

(4) Photographs of the proposed site of the sidewalk cafe and within ten feet thereof, showing the relationship of the site to the adjacent building and showing the features enumerated in subsection (c)(1)b of this section; and

(5) Such additional information as the Director of Planning and Development Review or the Director of Public Works may reasonably require as needed to determine compliance with the provisions of this division.

(d) *Permit application fee.* An application and processing fee of $150.00 shall accompany each application for a sidewalk cafe permit. Such fee shall be nonrefundable.

(e) *Indemnification and insurance requirements to be met.* Proof of compliance with the indemnification and insurance requirements set forth in Section 24-62(a)(4) and (5) shall be submitted to and approved by the Director of Public Works prior to approval of a sidewalk cafe permit.

(f) *Fees and taxes to be paid.* All City fees and taxes required by law relative to the food or beverage service establishment with which the proposed sidewalk cafe is associated and the property on which the establishment is located shall be paid in full and all required City licenses shall be current prior to approval of a sidewalk cafe permit.

(g) *Action on permit application.* The Director of Planning and Development Review and the Director of Public Works shall jointly approve, approve with conditions or deny the application for a sidewalk cafe permit. Approval or approval with conditions shall be granted only if the proposed sidewalk cafe complies with the design guidelines, sidewalk cafe standards, uniform statewide building code and other applicable provisions of this division. Approval of the application shall not be granted unless the Director of Public Works is satisfied that adequate space will remain in the public sidewalk area to facilitate safe and convenient circulation of pedestrian traffic. Upon approval, the permit application shall constitute the sidewalk cafe permit.

(h) *Availability of approved permit on the premises.* The approved sidewalk cafe permit and related plan for layout and arrangement shall be available on the premises of the food or beverage service establishment.

(Code 2004, § 90-272; Code 2015, § 24-241; Ord. No. 2012-189-189, §§ 1, 2, 11-12-2012)

Sec. 24-221. Sidewalk cafe permit—Changes to approved permit.

No material change to an approved sidewalk cafe permit shall be made without prior written approval by the Director of Planning and Development Review and the Director of Public Works, provided that the Director of Public Works may modify an approved permit if the Director finds there is a superseding public need relative to use of the adjacent sidewalk area.

(Code 2004, § 90-273; Code 2015, § 24-242; Ord. No. 2012-189-189, § 1, 11-12-2012)

Sec. 24-222. Sidewalk cafe permit—Duration, annual renewal and transferability.

(a) *Duration of sidewalk cafe permit.* A sidewalk cafe permit shall be valid from April 1 to March 31 of the following calendar year, unless otherwise revoked.

(b) *Annual renewal.* An approved sidewalk cafe permit shall be renewable on an annual basis, unless withdrawn in writing by the applicant or revoked or suspended pursuant to the provisions of Section 24-223. Annual renewal of the permit shall be subject to the operator of the sidewalk cafe and the property owner signing an application and payment of the $100.00 annual renewal fee by no later than March 15. Renewal shall be subject to compliance with the indemnification and insurance provisions and sidewalk cafe standards of this division in effect at the date of renewal. All City fees and taxes required by law relative to the food or beverage service establishment with which the proposed sidewalk cafe is associated and the property on which the establishment is located shall be paid in full and all required City licenses shall be current prior to renewal of a sidewalk cafe permit.

(c) *Transferability.* A sidewalk cafe permit shall not be transferable to another operator.

(Code 2004, § 90-274; Code 2015, § 24-243; Ord. No. 2012-189-189, §§ 1, 2, 11-12-2012)

Sec. 24-223. Sidewalk cafe permit—Revocation and suspension.

(a) *Generally.* Operation of a sidewalk cafe is a licensed privilege granted by the City to occupy a portion of the public sidewalk area and is predicated on the sidewalk cafe being operated in compliance with all applicable regulations and on maintaining the superseding public interest in use of sidewalks in the City. An approved sidewalk cafe permit may be revoked or suspended as provided in this section.

(b) *Revocation of approved permit.*

(1) The Director of Public Works shall have the authority to revoke, which revocation shall not be appealable, an approved sidewalk cafe permit if it is determined that any of the following have occurred:

a. The applicant has misrepresented or provided false information in the permit application.

b. The sidewalk cafe permit has been suspended more than two times in a 12-month period on grounds of noncompliance pursuant to subsection (b)(1)a of this section.

c. The sidewalk cafe has been operated in such manner as to create a public nuisance or to constitute a hazard to the public health, safety or welfare.

d. Any health regulation, ABC regulation or law or regulation regarding the possession, sale or consumption of controlled substances has been violated in conjunction with the operation of the sidewalk cafe.

e. Any City fees or taxes required by law relative to the sidewalk cafe, the food or beverage service establishment with which it is associated or the property on which the establishment is located are delinquent or required City licenses have not been maintained.

f. It has been determined that there is a superseding public need relative to the portion of the sidewalk occupied by or otherwise affected by the sidewalk cafe.

(2) Before revocation of a sidewalk cafe permit, the Director of Public Works shall provide written notice to the operator of the sidewalk cafe setting forth the effective date of the revocation and the grounds therefor.

(3) In the case of revocation of a sidewalk cafe permit on grounds other than specified in subsection (b)(1)f of this section, the operator of the sidewalk cafe shall not be permitted to re-apply for a permit to operate a sidewalk cafe adjacent to the same food or beverage service establishment.

(c) *Suspension of approved permit.*

(1) The Director of Public Works shall have the authority to suspend, which suspension shall not be appealable, an approved sidewalk cafe permit for a period of up to 30 days, or such longer period as may be necessary in the case of work in the sidewalk area or other portion of the street, if it is determined that any of the following have occurred:

a. The sidewalk cafe or the operation thereof is not in compliance with the approved permit, applicable design guidelines or any of the sidewalk cafe standards set forth in this division.

b. It has been determined that there is a superseding public need relative to the portion of the sidewalk occupied by or otherwise affected by the sidewalk cafe.

(2) Before suspension of a sidewalk cafe permit, the Director of Public Works shall provide written notice to the operator setting forth the effective date of the suspension, the length of the suspension and the grounds therefor.

(3) The Director of Public Works may reinstate a sidewalk cafe permit when the Director is satisfied that the grounds for the suspension have been remedied.

(Code 2004, § 90-275; Code 2015, § 24-244; Ord. No. 2012-189-189, § 1, 11-12-2012)

Sec. 24-224. Permit not to be denied, suspended, or revoked solely because owner is delinquent on real estate taxes.

No permit applied for by an operator who is not the owner of the property on which the operator's food or

beverage service establishment is located shall be denied pursuant to Section 24-220(f) or suspended or revoked pursuant to Section 24-223(b)(1)e solely because such owner (and not such operator) is delinquent in the payment of any applicable real estate taxes.

(Code 2015, § 24-244.1; Ord. No. 2018-296, § 1, 12-17-2018)

Sec. 24-225. Marking of sidewalk cafe; boundaries.

After approval of a sidewalk cafe permit and prior to initial occupancy of any area approved for use as a sidewalk cafe, the operator of the sidewalk cafe shall notify the Director of Public Works, who shall be responsible for marking the corners of the approved sidewalk cafe area in a conspicuous manner on the sidewalk surface.

(Code 2004, § 90-276; Code 2015, § 24-245; Ord. No. 2012-189-189, § 1, 11-12-2012)

Sec. 24-226. Sidewalk cafe design guidelines.

(a) *Preparation.* Design guidelines for sidewalk cafes shall be prepared by the Director of Planning and Development Review. The design guidelines shall be in compliance with applicable provisions of the Uniform Statewide Building Code, the current edition of Americans with Disabilities Act standards for accessible design and other applicable codes, ordinances and regulations.

(b) *Status.* The design guidelines shall be adopted by resolution of the City Planning Commission, and are incorporated herein by reference. The design guidelines may be amended from time to time by resolution adopted by the Commission.

(c) *Compliance.* Every sidewalk cafe shall be designed and operated in compliance with the design guidelines.

(Code 2004, § 90-277; Code 2015, § 24-246; Ord. No. 2012-189-189, § 1, 11-12-2012)

Sec. 24-227. Sidewalk cafe standards—Location.

(a) *Generally.* The sidewalk cafe shall be located adjacent to a portion of a building occupied at street level by a food or beverage service establishment having the same operator. In a case where the building occupied by such establishment is set back from the street right-of-way line, and the entire setback area is lawfully used for purposes of outdoor dining pursuant to applicable zoning regulations, the sidewalk cafe shall be permitted to be located adjacent to such outdoor dining area. In no case shall a sidewalk cafe extend beyond the extremities of the building or portion thereof occupied by the food or beverage service establishment.

(b) *Pedestrian passageway.*

(1) A pedestrian passageway within the sidewalk area outside of the sidewalk cafe shall be observed, and shall consist of a continuous area between the sidewalk cafe and the back of the curb along the entire length of the sidewalk cafe. Such pedestrian passageway shall be not less than five feet in width, except as provided in subsection (b)(2) of this section, and shall be unobstructed by any tree well, bench, bus passenger shelter, mailbox, newspaper box, lamppost, traffic signal pole, traffic or parking sign, parking meter, wheelchair ramp, driveway, fire hydrant, trash receptacle or similar sidewalk feature.

(2) The Director of Public Works may approve a lesser or require a greater pedestrian passageway width if the Director finds that such is justified based on the volume of pedestrian traffic; physical condition, alignment and overall width of the sidewalk; volume of vehicle traffic on the street, lane width and function or speed limit; or similar factors; provided that the Director is satisfied that an adequate continuous passageway for safe and convenient circulation of pedestrian traffic will be maintained along the sidewalk.

(c) *Pedestrian visibility.* The location, dimensions, layout and other features of the sidewalk cafe shall be designed so as not to unreasonably obstruct pedestrian visibility of the ground floor of buildings that adjoin the food or beverage service establishment to which the sidewalk cafe is related.

(d) *Distance from property zoned residential.* The sidewalk cafe shall not be located within 100 feet of and fronting along the same street as property in a residential zoning district, other than the R-63 district.

(Code 2004, § 90-278; Code 2015, § 24-247; Ord. No. 2012-189-189, § 1, 11-12-2012)

Sec. 24-228. Sidewalk cafe standards—Barriers.

Barriers consistent with the design guidelines shall be installed along the entire length and both ends of any sidewalk cafe that extends more than three feet into the sidewalk, provided that:

(1) In the case of a sidewalk cafe that serves alcoholic beverages, barriers shall be installed in accordance with ABC requirements.

(2) Subject to applicable ABC requirements, at least one opening in the barrier along the length of a sidewalk cafe shall be provided for purposes of access to and from the sidewalk cafe, unless the Director of Public Works determines that an alternate opening is appropriate.

(3) Required means of egress from the adjacent food or beverage service establishment shall be maintained at all times.

(Code 2004, § 90-279; Code 2015, § 24-248; Ord. No. 2012-189-189, § 1, 11-12-2012)

Sec. 24-229. Sidewalk cafe standards—Features and appurtenances.

(a) *Layout, arrangement and appurtenances.* The layout and arrangement of the sidewalk cafe and the design, materials and colors of chairs, tables, umbrellas, outdoor heating devices and other appurtenances within the sidewalk cafe shall comply with the design guidelines.

(b) *Signage.* Signs within the sidewalk cafe shall be permitted only as specified in the design guidelines.

(c) *Certain features and appurtenances not permitted.* The following shall not be permitted within a sidewalk cafe: televisions, other electronic audio or visual devices or means of producing amplified sound; cash registers or card readers; wait stations; vending machines or similar items. Trash containers shall not be located within a sidewalk cafe in any case where service to patrons by wait staff is provided.

(Code 2004, § 90-280; Code 2015, § 24-249; Ord. No. 2012-189-189, § 1, 11-12-2012)

Sec. 24-230. Sidewalk cafe standards—Operation.

(a) *Hours of operation.* The sidewalk cafe may be occupied by patrons only between the hours of 7:00 a.m. and 11:00 p.m. daily.

(b) *Daily removal.* All tables, chairs, umbrellas, barriers and other fixtures and appurtenances shall be removed from the sidewalk cafe each day within one hour of closing to patrons. Such items shall be stored in an enclosed building.

(c) *Removal in case of storm warning.* All tables, chairs, umbrellas, barriers and other fixtures and appurtenances shall be removed from the sidewalk cafe in case of a severe storm warning.

(d) *Certain activities not permitted.* Within the sidewalk cafe, there shall be no live entertainment, food or beverage preparation or service to standing patrons.

(e) *Smoking.* The operator shall not permit smoking within the sidewalk cafe.

(f) *ABC requirements.* All ABC requirements shall be met in the case of a sidewalk cafe where alcoholic beverages are served or are available to patrons.

(g) *Cleanliness.* The sidewalk cafe shall be kept sanitary, neat and clean at all times, and free from accumulation of leftover food and beverages, used eating and drinking utensils, and litter. The operator of the sidewalk cafe shall be responsible for cleaning up any trash or litter on the adjacent sidewalk area emanating from the sidewalk cafe. Covered trash containers, consistent with the design guidelines, shall be provided within the sidewalk cafe in any case where no service to patrons by wait staff is provided.

(Code 2004, § 90-281; Code 2015, § 24-250; Ord. No. 2012-189-189, § 1, 11-12-2012)

DIVISION 10. PEDESTRIAN ENHANCEMENTS

Sec. 24-241. Definitions.

The following words, terms, and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates that a different meaning is intended:

Bike corral means a portion of a curbside parking lane that is closed to motor vehicle parking and equipped with bike racks so as to permit the parking and securing of bikes.

Director means the Director of Public Works and, except as provided otherwise in Section 24-247 pertaining to pedestrian enhancement revocation, includes the Director's designee.

Parklet means a removable platform made available to the public for recreational use that occupies a portion of a parking lane that is closed to motor vehicle parking.

Pedestrian enhancement means either a bike corral or parklet.

(Code 2015, § 24-251; Ord. No. 2016-026, § 1, 2-22-2016)

Sec. 24-242. Pedestrian enhancement permit—Application, approval and general provisions.

(a) *Permit required; enforcement.* Subject to the provisions of this division, a pedestrian enhancement may be located within a portion of the right-of-way only upon approval of a pedestrian enhancement permit by the Director. No person shall establish a pedestrian enhancement unless such person has obtained a pedestrian enhancement permit, and no other use of the area devoted to the pedestrian enhancement shall be permitted, except normal use as a right-of-way. The design, operation, and use of a pedestrian enhancement shall comply with the approved permit. It shall be the responsibility of the Director to enforce the provisions of this division.

(b) *Application*. Application for a pedestrian enhancement permit shall be made to the Director on such application form and subject to such written procedures as the Director may establish for that purpose.

(c) *Plan and other materials to accompany application.* The following plan and other materials shall be submitted in triplicate with the application for a pedestrian enhancement permit:

(1) A detailed plan, endorsed by a person licensed by the Commonwealth as a professional engineer, drawn to scale that clearly illustrates the location and design of the proposed pedestrian enhancement. Where applicable, the plan must show all of the following:

a. The layout and arrangement of the proposed pedestrian enhancement, including its overall dimensions and the type, design, and placement of any barriers and furnishings such as, but not limited to, tables, chairs, umbrellas, planters, bike racks and any other appurtenances to be located within the boundaries of the proposed pedestrian enhancement.

b. The following sidewalk conditions and features located within the boundaries of the proposed pedestrian enhancement and within ten feet of such boundaries: existing right-of-way paving material and width of the right-of-way in which the proposed pedestrian enhancement will be placed; the location of tree wells, sidewalk grates, benches, bus passenger shelters, mailboxes, newspaper boxes, lampposts, traffic signal poles, traffic and parking signs, parking meters, wheelchair ramps, driveways, fire hydrants, trash receptacles and similar sidewalk features or obstructions; and the boundaries of any existing adjacent pedestrian enhancement.

(2) Photographs or other graphic representations, together with specifications, which depict the design, materials and colors of chairs, tables, umbrellas, barriers and other appurtenances to be located within the boundaries of the proposed pedestrian enhancement.

(3) Photographs of the proposed site of the pedestrian enhancement and within ten feet thereof, showing the relationship of the site to the adjacent sidewalk and buildings and showing the features enumerated in subsection (c)(1)b of this section.

(4) A detailed description of the manner of removal of the pedestrian enhancement upon the expiration and non-renewal, or the suspension or revocation, of a permit or upon the direction of the Director.

(5) Such additional information as the Director may reasonably require as needed to determine compliance with the provisions of this division.

(d) *Permit application fee.* An application and processing fee of $300.00 shall accompany each application

for a pedestrian enhancement permit. Such fee shall be nonrefundable.

(e) *Indemnification, insurance and bonding requirements to be met.* Proof of compliance with the indemnification and insurance requirements set forth in Section 24-62(a)(4) and (5) and the bond requirements set forth in Section 24-62(a)(7) shall be submitted to and approved by the Director prior to approval of a pedestrian enhancement permit.

(f) *Permit requirements.* The Director shall not approve a pedestrian enhancement permit unless, in the judgment of the Director, the pedestrian enhancement meets all of the following requirements:

(1) The proposed pedestrian enhancement will not cause a safety hazard.

(2) The proposed pedestrian enhancement will not cause undue motor vehicle traffic congestion in the surrounding area.

(3) All owners of properties, and tenants of commercial properties, abutting or adjacent to the proposed pedestrian enhancement, have provided written approval of the pedestrian enhancement; provided that in the case of a condominium, written approval of the condominium owners' association shall constitute approval.

(4) The proposed pedestrian enhancement is suitable to the site and conforms to the requirements, with respect to location, design, function and use, of standards established by the Director pursuant to this section.

(5) If a parklet, the proposed pedestrian enhancement is protected, by an appropriate barrier, from motor vehicles so as to provide adequate protection to occupants of the pedestrian enhancement. The plan required under subsection (c) of this section shall include a description of this barrier.

(6) The proposed pedestrian enhancement will not be located on a City street in a location where, absent the pedestrian enhancement, cars would not be permitted to park.

(7) The proposed pedestrian enhancement complies with all applicable laws.

(g) *Specific standards.* The Director shall establish specific standards by which the Director will determine whether the location and design of the proposed pedestrian enhancement meets the criteria set forth in subsection (f) of this section.

(h) *Action on permit application.* No permit shall be issued for a pedestrian enhancement until the location, character and extent of the pedestrian enhancement has been approved by the Planning Commission. The Director may, however, deny the application for a pedestrian enhancement permit, pursuant to subsection (f) of this section, before the Planning Commission reviews the location, character, and extent of the proposed pedestrian enhancement. If the Planning Commission approves the location, character, and extent of the pedestrian enhancement, the Director shall approve, approve with conditions, or deny the application for a pedestrian enhancement permit. Approval or approval with conditions shall only be granted if the proposed pedestrian enhancement complies with the requirements of this division. The Director may impose any lawful condition on a permit that the Director deems necessary or desirable based on safety or suitability of the proposed pedestrian enhancement. Upon approval, the permit application shall constitute the pedestrian enhancement permit.

(Code 2015, § 24-252; Ord. No. 2016-026, §§ 1, 2, 2-22-2016)

Sec. 24-243. Pedestrian enhancement permit—Changes to approved permit.

No material change to an approved pedestrian enhancement permit shall be made without prior written approval by the Director. The Director may modify an approved permit if the Director finds in writing there is a superseding public need relative to use of the adjacent right-of-way.

(Code 2015, § 24-253; Ord. No. 2016-026, § 1, 2-22-2016)

Sec. 24-244. Pedestrian enhancement permit—Duration, renewal and transferability.

(a) *Duration of pedestrian enhancement permit.* A pedestrian enhancement permit shall be valid for three years from the date of approval or for a shorter period specified in the permit by the Director.

(b) *Renewal*. An approved pedestrian enhancement permit shall be renewable, unless withdrawn in writing

by the applicant or revoked or suspended pursuant to the provisions of Section 24-247. Renewal of the permit shall be subject to the applicant signing an application and payment of the $150.00 renewal fee no later than 90 days prior to the expiration of the permit. Renewal shall be subject to compliance with the indemnification and insurance provisions and pedestrian enhancement standards established by the Director in accordance with Section 24-62(a)(4), (5) and (7) in effect at the date of renewal.

(c) *Transferability*. A permit holder may transfer the pedestrian enhancement permit to a new permit holder if the Director first approves in writing the transfer and the proposed new permit holder provides proof that the insurance, indemnification and bonding requirements set forth in this division are met by the proposed new permit holder.

(Code 2015, § 24-254; Ord. No. 2016-026, §§ 1, 2, 2-22-2016)

Sec. 24-245. Maintenance, use and operation of pedestrian enhancement.

(a) *Generally*. The permit holder shall be responsible for installing and maintaining the pedestrian enhancement in accordance with all City, State and Federal laws, as well as any rules, regulations and standards pertaining to pedestrian enhancements, including, but not limited to, the requirements set forth in this division. The permit holder shall require any contractor engaged to perform work or furnish materials with respect to the pedestrian enhancement to comply with all of the requirements of Section 24-62(a)(6).

(b) *Maintenance*. The permit holder shall be solely responsible for maintaining the pedestrian enhancement in a neat, clean, and sanitary condition and for maintaining and repairing any furnishings or amenities appurtenant to the pedestrian enhancement.

(c) *Certain uses not permitted.* Neither the permit holder nor any other person or business may provide food, drink or any other goods or services for consideration to any person in a pedestrian enhancement. This subsection shall not prohibit a person from bringing food, drink or other goods into a pedestrian enhancement for that person's own personal use.

(d) *Operation*. All pedestrian enhancements shall be open to the public. The permit holder may not deny access to the pedestrian enhancement to any person for any reason and may not impose any condition whatsoever on access to the pedestrian enhancement except those required by this division or the pedestrian enhancement permit.

(Code 2015, § 24-255; Ord. No. 2016-026, § 1, 2-22-2016)

Sec. 24-246. Hours applicable to pedestrian enhancement.

Pedestrian enhancements shall not be occupied between 11:00 p.m. and 5:00 a.m. The permit holder shall post written notice of these restrictions that is visible to the public. As a condition of granting a permit, the Director may prescribe additional hours during which the pedestrian enhancement may not be occupied and require the permit holder to post written notice of those restrictions that is visible to the public. The Director may further specify the design, number, and placement of the notices.

(Code 2015, § 24-256; Ord. No. 2016-026, § 1, 2-22-2016)

Sec. 24-247. Revocation and suspension of permit.

(a) *Generally.* Operation of a pedestrian enhancement is a licensed privilege granted by the City to occupy a portion of the public right-of-way and is predicated on the pedestrian enhancement being operated and maintained in compliance with all applicable rules, regulations, and standards, including, but not limited to, the requirements of this division. An approved pedestrian enhancement permit may be revoked or suspended in accordance with this section.

(b) *Revocation of approved permit.*

(1) The Director shall have the authority to revoke, which revocation shall not be appealable, an approved pedestrian enhancement permit if the Director determines that any of the following have occurred:

a. The applicant misrepresented or provided false information in the permit application.

b. The pedestrian enhancement permit has been suspended more than two times in a 12-month period

on grounds of noncompliance pursuant to subsection (c)(1)a of this section.

c. The pedestrian enhancement creates a public nuisance or a hazard to the public health, safety or welfare.

d. The Director finds in writing that there is a superseding public need relative to the portion of the public right-of-way occupied by or otherwise affected by the pedestrian enhancement.

(2) Before revocation of a pedestrian enhancement permit, the Director shall provide written notice to the permit holder setting forth the effective date of the revocation and the grounds therefor.

(c) *Suspension of approved permit.*

(1) The Director shall have the authority to suspend, which suspension shall not be appealable, an approved pedestrian enhancement permit for a period of up to 30 days, or such longer period as may be necessary in the case of work in the right-of-way, if the Director finds in writing, with explanation therefor, that any of the following have occurred:

a. The pedestrian enhancement or operation thereof is not in compliance with the approved permit, applicable standards or any other applicable laws, rules and regulations pertaining to pedestrian enhancements, including, but not limited to, the requirements set forth in this division.

b. The Director finds in writing that there is a superseding public need relative to the portion of the public right-of-way occupied by or otherwise affected by the pedestrian enhancement.

(2) Before suspension of a pedestrian enhancement permit, the Director shall provide written notice to the permit holder setting forth the effective date of the suspension, the length of the suspension and the grounds therefor.

(3) The Director may reinstate a pedestrian enhancement permit prior to the end of the suspension period if the Director is satisfied that the grounds of the suspension have been remedied.

(Code 2015, § 24-257; Ord. No. 2016-026, § 1, 2-22-2016)

Sec. 24-248. Removal of pedestrian enhancement.

(a) *Generally*. Upon the expiration and non-renewal of a pedestrian enhancement permit, or upon the direction of the Director, the permit holder shall, at its cost, promptly remove the pedestrian enhancement and restore the right-of-way to its former condition.

(b) *Removal*. The Director may direct the removal of a pedestrian enhancement at any time if the Director determines in writing that one of the following conditions is present:

(1) The pedestrian enhancement presents a safety hazard of any kind.

(2) The pedestrian enhancement unduly disrupts pedestrian or vehicular traffic in the area.

(3) Removal of the pedestrian enhancement is desired in order to perform construction, maintenance, repairs, or other work in any portion of the right-of-way or on any abutting property.

(4) The pedestrian enhancement permit has been revoked or suspended pursuant to this division.

(c) *Noncompliance*. If a permit holder fails to remove the pedestrian enhancement as directed by the Director or in accordance with this division, the Director may cause the pedestrian enhancement to be removed from the right-of-way, the right-of-way to be restored to its original condition and the pedestrian enhancement to be disposed of. The permit holder shall be liable for the costs of such removal, restoration and disposal, including administrative costs, and the City may recover such costs from the bond furnished by the permit holder pursuant to Section 24-242(e) or collect such costs as permitted by law, either or both.

(Code 2015, § 24-264; Ord. No. 2016-258, § 1, 11-14-2016)

Cross reference—Definitions generally, § 1-2.

Sec. 24-260. Rules and regulations.

The Director is authorized to issue and enforce rules and regulations, consistent with this division and other applicable laws, to implement and enforce the provisions of this division.

(Code 2015, § 24-265; Ord. No. 2016-258, § 1, 11-14-2016)

Sec. 24-261. Permit—Required.

The use of a public way to perform or provide valet parking services without a current and valid permit issued pursuant to this division shall be unlawful.

(Code 2015, § 24-266; Ord. No. 2016-258, § 1, 11-14-2016)

Sec. 24-262. Permit—Eligibility.

Any person, legal entity registered and in good standing with the State Corporation Commission, unincorporated association, or governmental organization lawfully operating a business or sponsoring an event within the City is eligible to apply for a permit as provided in this division.

(Code 2015, § 24-267; Ord. No. 2016-258, § 1, 11-14-2016)

Sec. 24-263. Permit—Application.

(a) *Form*. The Director shall prescribe the form of the application for a permit. The application form shall require such information from an applicant as the Director may require to ensure compliance with this division and any other applicable laws, rules, or regulations. An applicant shall apply for a permit using only this application form and shall provide all information required by the application form.

(b) *Contents*. Each application must include the following:

(1) Such information as the Director determines to be sufficient to identify:

a. The applicant;

b. The business or event for which a permit is sought; and

c. The requested duration of the permit.

(2) A valet parking plan that the Director determines to be sufficient to:

a. Identify the location of the applicant's requested valet parking zone; and

b. Determine whether and to what extent traffic and the use of the public way will be affected by the proposed valet parking zone.

(3) Such information describing the vehicle storage location as the Director determines to be sufficient to ensure that the applicant has the necessary control over the vehicle storage location to perform or provide the applicant's proposed valet parking services in accordance with the applicant's valet parking plan.

(4) Evidence of insurance as required by Section 24-265.

(5) Such other information as the Director may determine is necessary to ensure compliance with this division and any other applicable laws, rules, or regulations.

(Code 2015, § 24-268; Ord. No. 2016-258, § 1, 11-14-2016)

Sec. 24-264. Permit—Fees and costs.

Each application for a permit must be accompanied by the payment of a fee as set forth in this section. The permittee shall pay all costs of signs or other markings required or permitted in the public way pursuant to the permit. In addition, the permittee shall pay those fees set forth in this section for the annual renewal of a permanent permit and for a modified permit or a transferred permit when applicable.

Application fee for permanent permit	$100.00
Application fee for annual renewal of permanent permit	$25.00
Application fee for transferred permit	$25.00
Application fee for modified permit	$50.00
Application fee for temporary permit	$25.00
Fee for noncompliance with permit, per month until compliant	$250.00

(Code 2015, § 24-269; Ord. No. 2016-258, §§ 1, 2, 11-14-2016)

Sec. 24-265. Permit—Issuance.

(a) *Effect, form, and revocation*. The Director shall issue a permit applied for when he is satisfied that the requirements of this division and any rules and regulations issued pursuant thereto have been fulfilled. The permit shall contain the following information:

(1) The legal name of the permittee and the name, address, and telephone number of the permittee's authorized representative.

(2) The date on which the permit is issued.

(3) The time period during which the permit is effective.

(4) Information sufficient to identify the valet parking zone and the valet parking services to which the permit applies.

(5) Any signs or other markings in the public way upon installation of which the permit is conditioned.

(6) Any other information permitted by law that the Director determines to be necessary for the administration of the permit.

The permit shall permit the permittee to use the valet parking zone identified thereon to provide valet parking services for the duration set forth in the permit and in accordance with the provisions of this division. However, the permit shall become effective only upon the fulfillment of all requirements of this section. The Director may revoke the permit at any time if the Director finds that the permittee is not in compliance with this division or a condition of the permit or that the permitted use of the valet parking zone for valet parking services would endanger the public safety or unreasonably interrupt the flow of vehicular or pedestrian traffic.

(b) *Signage and other markings*. As a condition of the issuance of the permit, the Director may require the installation and maintenance of such signs and other markings in the public way as the Director deems necessary for the proper management of traffic and parking therein. No valet parking services shall be performed or provided pursuant to the permit until the permittee has installed such signs and other markings at the permittee's cost and in accordance with the standards for such signs and other markings established by the Director. All signs and other markings so installed shall become the property of the City immediately upon installation.

(c) *Indemnification*. As a condition of the issuance of the permit, the permittee, if other than a governmental organization, shall indemnify and defend the City against all claims and other demands caused by, resulting from, or arising out of the permittee's provision of valet parking services pursuant to the permit or otherwise.

(d) *Insurance*. As a condition of the issuance of the permit, the permittee shall furnish the Director with the evidence of insurance required by this subsection. No valet parking services shall be performed or provided pursuant to the permit until the Director, in consultation with the Chief of Risk Management, has approved the evidence of insurance furnished by the permittee. The following coverages shall be maintained throughout the permit's duration:

(1) Commercial general liability insurance, or equivalent insurance as approved by the Chief of Risk Management, with a per occurrence limit of at least $1,000,000.00 with the City listed as an additional insured;

(2) Automobile liability insurance, with a limit of at least $1,000,000.00 with the City listed as an additional insured; and

(3) Workers compensation insurance, as required by State law, covering any valets or attendants who will provide valet parking services pursuant to the permit.

All insurance policies must provide, and all evidence of insurance must indicate clearly, that the City will receive at least 30 days' notice of the cancellation or material modification of the policy. Prior to the cancellation or expiration of any policy, the permittee shall furnish the Director with new evidence of insurance demonstrating that the cancelled or expired insurance has been replaced with new insurance meeting the requirements of this subsection. A permittee that lawfully is self-insured may satisfy the requirements of this subsection by providing written evidence thereof in a form approved by the Chief of Risk Management.

(e) *Maintenance of permit for inspection*. The permittee, as a condition of the permit, shall maintain the permit at the location at which the valet parking services are provided and present such permit to City officials or employees when requested.

(Code 2015, § 24-270; Ord. No. 2016-258, § 1, 11-14-2016)

Sec. 24-266. Permit—Denial.

(a) *Conditions for denial*. The Director shall deny a permit to any applicant if the Director determines that such applicant has not complied with any requirement of this division, any applicable laws or the rules or regulations issued in accordance with this division or if the Director determines that the proposed use of a valet parking zone for valet parking services, as described on the application, would endanger the public safety or unreasonably interrupt the flow of vehicular or pedestrian traffic.

(b) *Appeal of denial*. Any applicant whose application for a permit has been denied by the Director may appeal this denial to the Chief Administrative Officer by submitting a written appeal to the Chief Administrative Officer no later than 30 days after the date on which the applicant learns that the requested permit will not be issued. The Director's failure to issue the permit within 60 days of the submission of a completed application shall be deemed a denial of the application. The Chief Administrative Officer shall review any timely filed appeal to determine if the applicant's application for a permit was denied in accordance with the requirements of this division

and any applicable laws, rules, and regulations. The Chief Administrative Officer may require the applicant to provide such other information in support of the applicant's appeal as the Chief Administrative Officer may determine is necessary to render a decision on the appeal. If the Chief Administrative Officer finds that the Director's action was in accordance with the requirements of this division and any applicable laws, rules, and regulations, the Chief Administrative Officer shall affirm the Director's action in a writing to the applicant. If the Chief Administrative Officer finds that the Director's action was not in accordance with the requirements of this division and any applicable laws, rules, and regulations, the Chief Administrative Officer shall cause the Director to issue the permit. The Chief Administrative Officer shall render a decision on the appeal no later than 60 days after the Chief Administrative Officer receives the appeal. The decision shall be in writing and shall set forth the reasons therefor.

Sec. 24-267. Permit—Modification or transfer.

(a) *Modification*. The Director may modify a permit, upon receipt of an application from the permittee and subject to the requirements of this division, to modify the location, size, or other characteristics of the valet parking zone.

(b) *Transfer*. The Director may transfer a permit to a new person, legal entity, unincorporated association, or governmental organization upon receipt of an application from the permittee to whom the permit was last issued and subject to the requirements of this division. The Director shall not transfer any existing permit if the permittee or the person, legal entity, unincorporated association, or governmental organization to which the existing permit is requested to be transferred fails to satisfy any of the applicable requirements of this division or any applicable laws, rules, or regulations.

DIVISION 12. CO-LOCATION OF SMALL CELL FACILITIES ON EXISTING STRUCTURES

Sec. 24-278. Definitions.

The following words, terms, and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning is intended. Any word, term, or phrase not defined in this section but defined elsewhere in this chapter shall, when used in this division, have the meanings ascribed to them in this chapter.

Antenna means communications equipment that transmits or receives electromagnetic radio signals used in the provision of any type of wireless communications services.

Co-locate means to install, mount, maintain, modify, operate, or replace a wireless facility on, under, within, or adjacent to a base station, building, existing structure, utility pole, or wireless support structure. The term "co-location" has a corresponding meaning.

Existing structure means any structure that is installed or approved for installation at the time a wireless services provider or wireless infrastructure provider provides notice to the City of an agreement with the owner of the structure to co-locate equipment on that structure. The term "existing structure" includes any structure that is currently supporting, designed to support, or capable of supporting the attachment of wireless facilities, including towers, buildings, utility poles, light poles, flag poles, signs, and water towers.

Micro-wireless facility means a small cell facility that is not larger in dimension than 24 inches in length, 15 inches in width, and 12 inches in height and that has an exterior antenna, if any, not longer than 11 inches.

Permit granting access to streets for co-location of small cell facilities on existing structures means a permit authorizing a wireless service provider or wireless infrastructure provider to access public streets for the purpose of co-locating a small cell facility on an existing structure.

Small cell facility means a wireless facility that meets both of the following qualifications: (i) each antenna is located inside an enclosure of no more than six cubic feet in volume, or, in the case of an antenna that has exposed elements, the antenna and all of its exposed elements could fit within an imaginary enclosure of no more than six

cubic feet and (ii) all other wireless equipment associated with the facility has a cumulative volume of no more than 28 cubic feet, or such higher limit as is established by the Federal Communications Commission. The following types of associated equipment are not included in the calculation of equipment volume: electric meter, concealment, telecommunications demarcation boxes, ground-based enclosures, back-up power systems, grounding equipment, power transfer switches, cut-off switches, and vertical cable runs for the connection of power and other services.

Utility pole means a structure owned, operated, or owned and operated by a public utility, local government, or the Commonwealth that is designed specifically for and used to carry lines, cables, or wires for communications, cable television, or electricity.

Water tower means a water storage tank, or a standpipe or an elevated tank situated on a support structure, originally constructed for use as a reservoir or facility to store or deliver water.

Wireless facility means equipment at a fixed location that enables wireless services between user equipment and a communications network, including (i) equipment associated with wireless services, such as private, broadcast, and public safety services, as well as unlicensed wireless services and fixed wireless services, such as microwave backhaul, and (ii) radio transceivers, antennas, coaxial, or fiber-optic cable, regular and backup power supplies, and comparable equipment, regardless of technological configuration.

Wireless infrastructure provider means any person, including a person authorized to provide telecommunications service in the state, that builds or installs transmission equipment, wireless facilities, or wireless support structures, but that is not a wireless services provider.

Wireless services means (i) "personal wireless services" as defined in 47 USC 332(c)(7)(C)(i); (ii) "personal wireless service facilities" as defined in 47 USC 332(c)(7)(C)(ii), including commercial mobile services as defined in 47 USC 332(d), provided to personal mobile communication devices through wireless facilities; and (iii) any other fixed or mobile wireless service, using licensed or unlicensed spectrum, provided using wireless facilities.

Wireless services provider means a provider of wireless services.

Wireless support structure means a freestanding structure, such as a monopole, tower, either guyed or self-supporting, or suitable existing structure or alternative structure designed to support or capable of supporting wireless facilities. The term "wireless support structure" does not include any telephone or electrical utility pole or any tower used for the distribution or transmission of electrical service.

Cross reference—Definitions generally, § 1-2.

Sec. 24-279. Access to streets for co-location of small cell facilities on existing structures.

Notwithstanding anything to the contrary in this chapter 24 and subject to the provisions of this division, any wireless services provider or wireless infrastructure provider may access streets within the City of Richmond for the purpose of co-locating small cell facilities on existing structures, provided that the wireless provider or wireless infrastructure provider has permission from the owner of the existing structure to co-locate equipment on such existing structure, and provided that the wireless service provider or wireless provider obtains a permit granting access to streets for co-location of small cell facilities on existing structures for such facilities pursuant to this division.

(Code 2015, § 24-274; Ord. No. 2017-134, § 1, 7-24-2017)

Sec. 24-280. Permit granting access to streets for co-location of small cell facilities on existing structures.

(a) Applications for any permit granting access to streets for co-locations of small cell facilities on existing structures shall be submitted to the Director of Public Works or the designee thereof on such application form and subject to such written procedures as the director may establish for such purpose. A permit fee and processing fee of $250.00 shall accompany each application.

(b) The following information and materials shall be submitted with any application for a permit granting access to streets for co-location of small cell facilities on existing structures. Any application not containing all of the following information may be deemed incomplete by the Director of Public Works or the designee thereof:

(1) The applicant's name and status as a wireless service provider or wireless infrastructure provider and a

valid electronic mail address at which the applicant may be contacted.

(2) The owner of each existing structure and an agreement or other evidence showing the owner has granted permission to the applicant to co-locate on the existing structure, which evidence may include the owner's signature on the application.

(3) Detailed plans clearly depicting the following, provided that the Director of Public Works or the designee thereof may, in the Director's discretion, deem any plans not sealed by a certified land surveyor or professional engineer incomplete:

a. Scaled drawing detailing the location of the existing structure on which the small cell facility will be co-located. The following should be included:

1. The names of streets in the vicinity;

2. The precise location of the existing structure in the streets including the distance to the street's right-of-way lines;

3. Approximate lot lines of adjacent property along with parcel number, address and owner's name;

4. Nearby features, shown with labels, including, but not limited to, sidewalks, curb, pavement, houses, and buildings;

5. The owner of the existing facility and any identifying tags.

b. A detailed plan (overhead) view of the small cell facility including the dimensions and specifications of the antennae, base station, and all other associated wireless equipment.

c. A detailed elevation (profile) drawing showing the co-location of the small cell facility on the existing structure; drawing shall show and label the proposed small cell facility, including the base station and all other associated equipment as well as all existing facilities and attachments on the existing structure. Dimensioning shall be included to indicate the heights and separations of the proposed and existing facilities.

(c) Applicants shall be subject to those certain provisions and requirements set forth in Section 24-62(a)(4) through (10).

(d) Within ten days after receipt of an application and a valid electronic mail address for the applicant, the Director of Public Works, or the designee thereof, shall notify the applicant by electronic mail whether the application is incomplete and specify any missing information; otherwise, the application shall be deemed complete. Within 60 days of receipt of a complete application, the Director of Public Works, or the designee thereof, shall either approve the application, disapprove the application, or extend the period for an additional 30 days by providing written notice of such extension to the applicant. Any disapproval of the application shall be in writing and accompanied by an explanation for the disapproval. The application shall be deemed approved if the Director of Public Works, or the designee thereof, does not disapprove the application within 60 days of receipt of the complete application, unless within such 60 days the Director of Public Works, or the designee thereof, extended the period for an additional 30 days pursuant to this section, in which case the application shall be deemed approved if the Director of Public Works, or the designee thereof, does not disapprove the application within 90 days of receipt of the completed application.

(e) Provided the applicant is in compliance with all provisions of this section, the Director of Public Works, or the designee thereof, shall not impose on any applicant restrictions or requirements that are unfair, unreasonable, or discriminatory. The Director of Public Works, or designee thereof, shall not require any applicant to provide in-kind services or physical assets as a condition of granting a permit granting access to streets for co-locations of small cell facilities on existing structures.

(Code 2015, § 24-275; Ord. No. 2017-134, §§ 1, 2, 7-24-2017)

Sec. 24-281. Micro-wireless facilities.

Notwithstanding anything to the contrary in this division, the installation, placement, maintenance, or replacement of micro-wireless facilities that are suspended on cables or lines that are strung between existing utility

poles in compliance with national safety codes shall be exempt from the permitting requirements set forth herein, unless the activities undertaken include any of the following, in which case the wireless service provider or wireless infrastructure provider shall obtain a permit prior to commencing such activities:

(1) The activities involve working within a street travel lane or require closure of a street travel lane.

(2) The activities disturb the pavement, shoulder, roadway, or ditch line.

(3) The activities include placement on limited access rights-of-way.

(4) The activities require any specific precautions to ensure the safety of the traveling public or the protection of public infrastructure or the operation thereof, and either were not authorized in or will be conducted in a time, place, or manner that is inconsistent with terms of the existing permit for that facility or the structure upon which it is attached.

(Code 2015, § 24-276; Ord. No. 2017-134, § 1, 7-24-2017)

Sec. 24-282. Provisions of division limited.

The provisions of this division apply solely to wireless service providers and wireless infrastructure providers accessing streets for the sole purpose of co-locating small cell facilities on existing structures, provided the wireless service provider or wireless infrastructure provider has permission from the owner of the existing facility. Nothing herein shall be deemed to grant permission to otherwise access, use, or encroach upon the streets. Nothing herein shall be deemed to grant permission to replace or expand any existing structure or to otherwise install any structure. Nothing herein shall be deemed to grant permission to co-locate on any existing structure owned by the City.

ARTICLE III. STREET LINES AND GRADES

Sec. 24-293. Approval required prior to erection, construction or alteration of buildings or other structures.

(a) Every person intending to erect or construct any building or other structure upon any lot, to place on any lot a building or structure removed from another lot or to alter any building or other structure in such a manner as to affect the exterior walls, bays, balconies or other appendages or projections fronting on any street, alley, or other public way shall first obtain approval from the Director of Public Works with regard to the street line and grade of each street, alley, or other public way abutting such lot. However, no approval shall be required under this article if the proposed building, structure or alteration to be erected or built is at no point closer than five feet to any street, alley or other public way.

(b) The person seeking approval of the street line and grade shall submit a written application accompanied by a survey plat depicting the current conditions of the site; the dimensions of the proposed building, structure or alteration; and the location of the proposed building, structure or alteration in relation to each street, alley, or other public way abutting the lot, along with any other information that may be required by the Director of Public Works.

(c) The Director of Public Works may waive the necessity of a survey plat for incidental structural items, including, but not limited to, chain link fences, temporary fences or barricades, screening and signs.

(Code 1993, § 25-121; Code 2004, § 90-291; Code 2015, § 24-279)

Sec. 24-294. Marking of line and grade by applicant.

When, in the opinion of the Director of Public Works, the proximity of the proposed building, structure, or alteration to any adjacent street, alley or public way or the cut and fill shown on established grades makes it necessary for such lines or grades to be marked on the ground in order to protect the interests of the City or the applicant, the Director may require the applicant, as a condition of approval, to mark the proper line or grade, or both, in a manner approved by the Director and to maintain such marks throughout the period of construction. In such instance, the applicant shall notify the Director upon completion of the required marking and shall provide a reasonable opportunity for inspection and verification of the line and grade, as marked.

(Code 1993, § 25-122; Code 2004, § 90-292; Code 2015, § 24-280)

Sec. 24-295. Fee for approval.

A fee of $100.00 shall be charged for review of each request for approval of street lines and grades. The fee shall be paid into the City treasury by the person requesting approval at the time such request is made.

(Code 1993, § 25-123; Code 2004, § 90-293; Code 2015, § 24-281)

Sec. 24-296. Violations.

It shall be unlawful for any person to commence the construction or alteration of any building or structure without obtaining the approval required under this article. It shall furthermore be unlawful for any person, upon obtaining approval, to fail to conform to the approved line, grade or marks or to otherwise fail to comply with the terms and conditions upon which such approval was granted. Upon conviction of an offense under this section, the person shall be punished as provided in Section 1-16.

(Code 1993, § 25-124; Code 2004, § 90-294; Code 2015, § 24-282)

Secs. 24-297—24-312. Reserved.

ARTICLE IV. CLOSING OF PUBLIC STREETS AND ALLEYS TO PUBLIC USE AND TRAVEL

Sec. 24-313. Action to be by ordinance.

No public street or alley or any part thereof shall be closed to public use and travel, except by duly enacted ordinance of the City Council.

(Code 1993, § 25-131; Code 2004, § 90-326; Code 2015, § 24-313)

Sec. 24-314. Consent required.

(a) Unless otherwise requested by a member of the City Council or the Mayor, no ordinance closing any street or alley or any part thereof to public use and travel shall be introduced for consideration by the City Council until consent to the closing shall be obtained in writing from:

(1) All the owners of all the real property abutting those portions of the street or alley to be closed; and

(2) Any other owners of real property who have a right of ingress and egress from their own property to those portions of the street or alley to be closed and whose property is situated between the nearest intersection boundaries encompassing a proposed street closing or the block boundaries encompassing a proposed alley closing, as applicable.

(b) The written consents shall be approved as to form by the City Attorney and shall be filed in the Office of the City Clerk, along with all other documents evidencing satisfaction of the terms and conditions of the ordinance.

(Code 1993, § 25-132; Code 2004, § 90-327; Code 2015, § 24-314; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 24-315. Notice to property owners; hearings.

(a) The City Council shall not consider any ordinance closing a street or portion thereof to public use and travel until the City Clerk shall have mailed a notice to all the owners of real property situated between the nearest intersection boundaries encompassing the proposed street closing, as well as that situated within 300 feet of such boundaries. With regard to any proposed street closing, the Director of Public Works may require that notice be mailed to owners of real property within a larger defined area, taking into consideration street locations in the general vicinity of the proposed closing, the volume and character of usage of the street or portion thereof to be closed, and the likely impact on owners of property located on any adjacent or intersecting streets. The notice shall include a copy of the ordinance, and the notice shall state the time and place at which the City Council shall hold a public hearing on the ordinance. The City Clerk shall mail the notice not later than seven days before the date of the public hearing. The City Clerk shall obtain from the City Assessor the names and residence or business addresses of the owners to whom notice shall be sent, as disclosed by the real estate tax assessment records of the City.

(b) The City Council shall not consider any ordinance closing an alley or any part thereof to public use and travel until the City Clerk mails a notice, in like manner, to all the owners of real property situated between the block boundaries encompassing the proposed alley closing.

(Code 1993, § 25-133; Code 2004, § 90-328; Code 2015, § 24-315)

Sec. 24-316. Relocation or removal of public utility facilities.

Unless otherwise specifically provided, whenever any street, alley or other public way is vacated or abandoned by the City at the request of any private individual, association, corporation or public authority, the cost of the relocation or removal of public utility facilities located in such street, alley or other public way shall be paid by the private individual, association, corporation or public authority requesting such vacation or abandonment.

ARTICLE V. PERMIT FOR TEMPORARY USE OF STREETS

Sec. 24-336. Issuance for other than public purposes.

(a) The Chief of Police may permit the temporary use of streets within the corporate limits of the City for other than public purposes and may close such streets and alleys connected therewith for public use and travel during the period of such temporary use; provided no matter advertising any thing or business is displayed in or on the street in connection with such temporary use, and the person so permitted to use the street furnishes a commercial general liability insurance policy with a combined single limit of not less than $1,000,000.00 per occurrence, issued by a company approved to do business in the Commonwealth, insuring the liability of such person for personal injury or death and damages to property resulting from such temporary use. The City shall be named as an additional insured with at least 45 days' notice of cancellation or nonrenewal in the commercial general liability policy. The applicant shall furnish to the City a certificate of insurance containing the coverage, conditions and limits so outlined prior to the authorization of the street closure. When any street is temporarily closed as authorized in this section, and such street is an extension of the State highway system, the Chief of Police shall make adequate provisions to detour through traffic.

(b) Any permit issued pursuant to the authority conferred in this section shall expire in no more than 24 hours, but may provide for a rain date if inclement weather shall prevent the temporary use of such street for the purposes authorized in the permit.

ARTICLE VI. GAS LIGHTING OF SIDEWALKS

Sec. 24-361. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Directors means the Director of Public Works and the Director of Public Utilities or their duly authorized representatives.

Person means any individual, firm, association, organization or corporation holding beneficial ownership of a building adjacent to a sidewalk.

(Code 1993, § 25-151; Code 2004, § 90-396; Code 2015, § 24-361)

Cross reference—Definitions generally, § 1-2.

Sec. 24-362. Authority.

This article is adopted pursuant to the power vested in the Council under Section 2.03(a) of the Charter to provide for lighting streets and sidewalks in the City.

(Code 1993, § 25-152; Code 2004, § 90-397; Code 2015, § 24-362)

Sec. 24-363. Installation authorized.

Gaslights may be installed and maintained on sidewalks in the City when requested and provided by persons

holding beneficial ownership of a building adjacent thereto and when there are gas mains or pipes in sidewalks or roadways of adjacent streets to which it is practicable to connect facilities for providing gas for such lights, upon and subject to this article.

(Code 1993, § 25-153; Code 2004, § 90-398; Code 2015, § 24-363)

Sec. 24-364. Character, design and material of lights.

The gaslights shall be of such character and design and constructed of such material as shall be approved by the Directors.

(Code 1993, § 25-154; Code 2004, § 90-399; Code 2015, § 24-364)

Sec. 24-365. Installation by City; title to fixtures; cost of installation.

The gaslights shall be installed by the City at the cost and expense of the persons requesting their installation at such places in sidewalks as shall be approved by the Directors. Title to the lights shall vest in the City in fee simple upon their installation, and it shall have exclusive control thereof. However, if service to a gaslight is terminated permanently in pursuance of National, State or local energy conservation policy, the Directors shall cause its removal from the sidewalk, and ownership of the gaslight shall thereupon revert to the person at whose cost and expense the light was installed or such person's successors or heirs, if such fixture is claimed within 30 days following the forwarding of the notice of termination of service. The charge for installing such lights shall be as set forth in this section, and the charge shall be paid to the City before the lights are installed. No gaslight shall be installed or maintained on a sidewalk when, in the opinion of the Directors, the safety of persons and property and the convenience of the public in the use of streets will be adversely affected by the installation and maintenance thereof.

Charge for installing gaslights:	
Metered in grass	$2,905.86
Unmetered in grass	$2,757.12
Metered in sidewalk or pavement	$4,027.14
Unmetered in sidewalk or pavement	$3,878.41

(Code 1993, § 25-155; Code 2004, § 90-400; Code 2015, § 24-365; Ord. No. 2015-77, § 1, 5-15-2015; Ord. No. 2018-090, § 1, 5-14-2018; Ord. No. 2019-067, § 1, 5-13-2019; Ord. No. 2019-067, § 1, 5-13-2019)

Sec. 24-366. Gas provided by City.

Gas for lights installed pursuant to this article shall be provided by the City, shall not be metered and shall be paid for by the persons at whose request the lights are installed at rates fixed by the Council.

(Code 1993, § 25-156; Code 2004, § 90-401; Code 2015, § 24-366)

Sec. 24-367. Repairs to lights.

Persons at whose request gaslights are installed pursuant to this article, upon notice from the Directors, shall make such repairs thereto, including, but not limited to, the replacement of glass, as shall be required by the Directors to keep them in safe condition.

(Code 1993, § 25-157; Code 2004, § 90-402; Code 2015, § 24-367)

Sec. 24-368. Maintenance of gas facilities.

The City shall maintain the facilities provided for supplying gas for the gaslights and mantles constituting a part thereof, in accordance with rules and regulations adopted by either of the Directors.

(Code 1993, § 25-158; Code 2004, § 90-403; Code 2015, § 24-368)

Sec. 24-369. Removal of lights by City; reinstallation of removed light.

(a) The City may remove a gaslight from a sidewalk when:

(1) A person holding beneficial ownership of the building adjacent to the place in the sidewalk at which the light is installed requests the Directors to do so in writing.

(2) The continued presence of the gaslight in the sidewalk adversely affects the safety of persons or property or the convenience of the public in the use of streets.

(3) The gaslight is not maintained in the manner required under this article. Before the light is removed, the Directors shall notify the person holding beneficial ownership of the building adjacent to the place in the sidewalk at which the light is installed in writing of the repairs to be made and shall remove the light from the sidewalk upon failure, refusal or neglect to make such repairs within 30 days thereafter.

(4) The area in the sidewalk is needed for widening the street or roadway or the construction of gas, water, sewer or electric facilities.

(b) If a gaslight is removed by the City from the lamppost under this section and, at a later date, application is made to reinstall a light on the same existing post, the charge shall be $15.00.

(Code 1993, § 25-159; Code 2004, § 90-404)

Sec. 24-370. Conditions for installation of lights.

The Directors shall not install any gaslight on any sidewalk in the City until the person holding beneficial ownership of the building adjacent thereto agrees in writing with the City that such person will observe and be bound by and will perform all of the terms and conditions imposed by this article. The Directors shall not permit any gaslight to remain on a sidewalk when beneficial ownership of the building adjacent thereto passes from the person requesting the installation of the gaslight to another, unless that other person agrees in writing with the City that such person will observe and be bound by and will perform all of the terms and conditions imposed by this article.

ARTICLE VII. EXCAVATION IN PUBLIC RIGHT-OF-WAY

DIVISION 1. GENERALLY

Sec. 24-399. Purpose and applicability.

(a) *Purpose.* The City owns and maintains public rights-of-way within the City for the benefit of its citizens, and the Director of Public Works is responsible for managing use of the public rights-of-way. The purpose and intent of this article is to establish a framework for the Director's regulation of excavation in public rights-of-way to minimize the adverse impact of such excavation on the City's investment in its system of public rights-of-way.

(b) *Applicability.* This article applies to all excavation in the public right-of-way, whether the excavator is private or public. This article applies in addition to all other requirements of this Code and other laws, regulations, existing permits and franchises. Section 1-7 shall apply to this article, and this article shall be interpreted and construed to conform with applicable Federal or State law to the maximum extent possible.

(Code 2004, § 90-436; Code 2015, § 24-399; Ord. No. 2005-113-55, § 1, 4-25-2005)

Sec. 24-400. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Applicant means a person or duly authorized agent thereof who submits an application for a permit.

As-built drawing means a drawing or plan that shows the horizontal and vertical alignment, facility dimensions, type of encasement, and any other information required by the Director of Public Works to help identify and protect the facility installed in the right-of-way.

Director means the Director of Public Works or a designee thereof.

Downtown Richmond Coordination Zone means the area bounded by Interstate 95, the Interstate 95/Interstate

64 corridor, 1st Street and the Interstate 195/Downtown Expressway corridor.

Emergency excavation means operations or repairs of facilities to prevent imminent harm to the health or safety of persons or property.

Excavation means any work in the public right-of-way that removes, fills or otherwise disturbs soil, pavement, driveways, curbs, or sidewalks, including, but not limited to, installing, servicing, repairing, or modifying any facility or facilities in or under the surface and the restoration of the subsurface or surface, including pavement markings.

Excavation sequence means a document describing the order, estimated start dates and estimated completion dates of all excavation projects approved during a six-month period.

Facility means property or equipment permanently located or proposed to be permanently located in the public right-of-way and includes, but is not limited to, any and all cables, cabinets, ducts, conduits, equipment, drains, manholes, pipes, pipelines, splice boxes, tracks, tunnels, utilities, vaults, and other appurtenances or tangible things owned, leased, operated, or licensed by an owner or person.

Owner means a person who owns a facility that is installed or maintained or is proposed to be installed or maintained in the public right-of-way.

Permit means a document issued by the Director pursuant to this article, as may be amended or extended by the Director from time to time, that permits a person to perform an excavation in the public right-of-way.

Permittee means a person to whom a permit is issued pursuant to this article or an agent thereof.

Person means any natural person, corporation, partnership, or other legal entity and includes any Federal, State or local governmental entity and any authority.

Public right-of-way means the area across, along, beneath, in, on, over, under, upon, and within any street or other public way (as Section 24-1 defines those terms) within the City.

(Code 2004, § 90-437; Code 2015, § 24-400; Ord. No. 2005-113-55, § 1, 4-25-2005)

Cross reference—Definitions generally, § 1-2.

Sec. 24-401. Prohibitions.

(a) It shall be unlawful for any person to excavate or cause an excavation within any public right-of-way unless the Director has issued a permit for such excavation to the person.

(b) It shall be unlawful for any permittee to fail to show a permit upon request. Failure to show a permit upon request of an officer or employee of the City shall constitute prima facie evidence that no permit has been issued.

(c) It shall be unlawful for any permittee to violate any condition of the permit issued to that permittee.

(d) It shall be unlawful for any permittee to perform any work or cause any work to be performed on an excavation either:

(1) In violation of rules or regulations promulgated pursuant to Section 24-402; or

(2) After the permit for such excavation has been revoked or otherwise ceases to be in force and effect.

(e) It shall be unlawful for any permittee to make, to cause, or permit to be made any excavation in the public right-of-way outside the boundaries, times, and description set forth in the permit.

(f) It shall be unlawful to use a rock wheel or trenchless technology to excavate in the public right-of-way without prior written approval of the Director.

(Code 2004, § 90-438; Code 2015, § 24-401; Ord. No. 2005-113-55, § 1, 4-25-2005)

Sec. 24-402. Rules and regulations.

The Director shall promulgate such rules and regulations as he deems necessary in order to give effect to this article and may include such rules and regulations as part of the City's right-of-way design and construction standards manual. Such rules and regulations shall be consistent with all applicable Federal, State and local laws

and with sound engineering practices. The Director shall:

(1) Make such rules and regulations available for inspection in its offices;

(2) Publish all such rules and regulations in a form for sale to the public; and

(3) To the maximum extent practicable, make such rules and regulations available electronically and through the Internet.

(Code 2004, § 90-439; Ord. No. 2005-113-55, § 1, 4-25-2005; Ord. No. 2005-205-173, § 1, 7-25-2005)

DIVISION 2. COORDINATION AND CONTROL OF EXCAVATIONS

Sec. 24-433. Submission of work plans and coordination of work.

(a) *Submission of owners' work plans.* On the first City working day of each April and October, each owner shall submit to the Director, in a format prescribed by the Director, a plan detailing all work involving excavation that such owner anticipates performing or causing to be performed in any public rights-of-way during the three-year period immediately following such submission. An owner may add, change or delete any item of work in its three-year plan but shall notify the Director of such addition, change or deletion upon doing so. Any owner that does not propose work during the three-year period shall submit in lieu of the plan of work required by this section a statement in a form prescribed by the Director that no work is anticipated. Once he has filed such a statement, the owner shall immediately notify the Director of any planned work, along with other information on street condition and use, as soon as such work becomes reasonably foreseeable.

(b) *Composite list of owners' planned work.* As soon as practicable following receipt and compilation of the owners' plans of work, the Director shall make available for review a composite list of all such work designated in the plans submitted. The Director shall cause the composite list to be maintained in a computerized database or similar computerized system to the maximum extent practicable. Owners shall keep themselves apprised of the current status of the composite list. Prior to issuing a permit, the Director shall check each application against the composite list and may require applicants to:

(1) Coordinate their excavations with one another;

(2) Coordinate excavations with ongoing or scheduled construction and maintenance work by the City; and

(3) Complete excavations before the City begins construction and maintenance work.

(c) *Street construction plan.* The Director shall prepare a three-year street construction plan showing all proposed reconstruction, repaving and resurfacing of the public rights-of-way for which it is responsible for maintaining. The Director shall revise and update this street construction plan on a semiannual basis within three months of the receipt date for three-year plans from owners. In order to facilitate coordination and minimize the cost of excavation, the Director shall make the street construction plan available for public inspection.

(d) *Notice of City work.* At least 120 calendar days prior to undertaking the repaving or reconstruction of any block, the Director shall send a written notice by first class mail of the proposed repaving and reconstruction to each owner with facilities in that block.

(e) *Waiver of requirements.* The Director may, for good cause shown, waive in writing the coordination requirements of subsection (b) of this section. The Director shall consider the following criteria before granting a waiver and shall document his consideration of these criteria in writing:

(1) The effect of the owner's proposed excavations on the movement of traffic in the surrounding area;

(2) The owner's need for the facility;

(3) The need to facilitate the deployment of new technology; and

(4) The public health and safety.

(Code 2004, § 90-461; Code 2015, § 24-433; Ord. No. 2005-113-55, § 1, 4-25-2005)

Sec. 24-434. Postponement and regulation of excavation.

The Director may postpone excavation or related work under a permit when the City is already performing or is about to perform, or another permittee is already performing or is scheduled to perform, any work in the public right-of-way in which the excavation is proposed and when, in the Director's judgment, allowing any further obstruction of such public right-of-way would have the effect of substantially impeding the traffic flow on such public right-of-way or otherwise inconveniencing the public in its use of such public right-of-way until such time as such impediment or inconvenience is removed. In addition, the Director may regulate the manner of excavation or related work under a permit in order to minimize such impediment or inconvenience. In all cases, excavation by or on behalf of the City shall take precedence over excavation of every other kind.

(Code 2004, § 90-462; Code 2015, § 24-434; Ord. No. 2005-113-55, § 1, 4-25-2005)

Sec. 24-435. Utility Coordination Committee.

(a) *Establishment, composition and meetings.* There shall be a Utility Coordination Committee composed of the following:

(1) One management-level representative of the Department of Public Works appointed annually by the Director;

(2) One management-level representative of the Department of Public Utilities appointed annually by the Director of Public Utilities; and

(3) One management-level representative of the Department of Planning and Development Review appointed annually by the Director of Planning and Development Review.

In addition, the Director shall annually invite one representative of each owner that was a permittee in the preceding calendar year to serve in an advisory capacity to the Committee. The Committee shall meet at least once every six months as scheduled by the Director to perform the duties assigned to it by subsection (b) of this section.

(b) *Purpose and duties.* The purpose of the Committee shall be to coordinate street and utility projects with the goal of minimizing the frequency of pavement cuts and openings. To perform this duty, the Committee shall review the plans of work submitted by each owner on a semiannual basis pursuant to Section 24-433(a) and shall consider the following criteria in recommending which of the submitted excavations should be scheduled for the next 12 months:

(1) The identification of facilities in the public way;

(2) The resolution of conflicts in the location of utilities;

(3) The maximization of efficiencies;

(4) The reduction of inconvenience to the public;

(5) The prevention of pavement cuts within three years after the resurfacing or reconstruction of a public right-of-way.

In addition, the Committee shall advise the Director concerning other matters as requested by the Director.

(Code 2004, § 90-463; Code 2015, § 24-435; Ord. No. 2005-113-55, § 1, 4-25-2005; Ord. No. 2009-220-2010-8, § 2, 1-25-2010)

Sec. 24-436. Excavation in newly constructed, reconstructed, repaved or resurfaced streets.

(a) *Prohibition.* Except as provided in subsection (b) of this section, the Director shall not issue a permit for an excavation in any public right-of-way that has been constructed, reconstructed, repaved, or resurfaced in the preceding three years, as measured from the date of acceptance by the City. Owners shall determine alternative methods of making necessary repairs and facility installations to avoid excavations that are prohibited by this section.

(b) *Waiver.* The Director, for good cause, shall grant a waiver of the prohibition set forth in subsection (a) of this section to an owner for excavation:

(1) For which the City's denial of a permit would violate Federal law;

(2) To respond to emergencies; or

(3) To afford an owner the means to provide service to buildings that the owner has no other reasonable means of serving.

The Director shall set forth the reasons for granting or denying the waiver in writing. The Director shall grant a waiver pursuant to this subsection only subject to such special conditions that the Director determines to be appropriate to the circumstances and shall set forth such conditions and the reasoning therefor in writing. In addition to any other information required of an owner for a permit under this article, the owner shall provide the following information to support its request for a waiver under this subsection:

(1) The reason why the excavation was not performed before or when public right-of-way was paved;

(2) The reason why the excavation cannot be delayed until after the three-year period set forth in subsection (a) of this section expires; and

(3) The reason why the excavation cannot be performed at another location or the owner's need cannot be accomplished by a method that does not require excavation.

(Code 2004, § 90-464; Code 2015, § 24-436; Ord. No. 2005-113-55, § 1, 4-25-2005)

Sec. 24-437. Downtown Richmond Coordination Zone.

(a) *Application deadlines.* A person who seeks to excavate in the Downtown Richmond Coordination Zone must submit a permit application to the Director:

(1) No later than November 25 for an excavation to begin between January 3 and before July 1 of the next calendar year; or

(2) No later than June 1 for an excavation to begin after July 1 and before November 25 of that calendar year.

No person shall begin an excavation between November 25 of any calendar year and January 3 of the next calendar year.

(b) *Review and excavation sequence.* Within 30 calendar days of each deadline described in subsections (a)(1) and (2) of this section, the Director shall:

(1) Review all applications submitted in accordance with subsection (a) of this section;

(2) Identify opportunities for joint excavation or other coordinated excavation activity between applicants; and

(3) Publish an excavation sequence.

(c) *Permit and time for excavation.* No person shall perform any excavation unless the Director has issued that person a permit for that excavation. The permit shall be valid only during the time period set forth on the permit. Such time period shall correspond to the schedule allotted for that excavation in the excavation sequence. If the permittee does not begin excavation in accordance with the excavation sequence, the Director may reschedule or cancel the permittee's excavation. The Director may extend the time period on the permit if such extension does not interfere with the coordination of other excavation work within the excavation sequence.

(d) *Waiver.* The Director, for good cause, shall grant a waiver of the requirements of this section to a permittee for excavation:

(1) For which the City's imposition of these requirements would violate Federal law;

(2) To respond to emergencies; or

(3) To afford an owner the means to provide service to buildings that the owner has no other reasonable means of serving.

The Director shall set forth the reasons for granting or denying the waiver in writing. The Director shall grant a waiver pursuant to this subsection only subject to such special conditions that the Director determines to be appropriate to the circumstances and shall set forth such conditions and the reasoning therefor in writing. In addition to any other information required of an owner for a permit under this article, the owner shall provide the following information to support its request for a waiver under this subsection:

(1) The reason why the excavation was not performed before or when public right-of-way was paved;

(2) The reason why the excavation cannot be subject to the requirements of this section; and

(3) The reason why the excavation cannot be performed at another location or the owner's need cannot be accomplished by a method that does not require excavation.

(Code 2004, § 90-465; Code 2015, § 24-437; Ord. No. 2005-113-55, § 1, 4-25-2005)

Sec. 24-438. Joint excavation.

(a) *Requirements.* Whenever two or more owners propose excavations in the same block within a three-year period, one owner shall perform such excavation or cause such excavation to be performed. Unless otherwise agreed in writing between the owners, the owner proposing the excavation with the highest cost shall perform the excavation or cause such excavation to be performed, and the other owner or owners shall pay such owner for the portion of the excavation attributable to them. Owners to whom this subsection applies shall submit a joint application and may receive only a single permit.

(b) *Waiver.* The Director may, for good cause shown, waive in writing the requirements of subsection (a) of this section after consideration of the criteria and documentation in the manner set forth in Section 24-433(e). However, the Director may place special conditions on permits granted after a waiver of the requirements of subsection (a) of this section.

(Code 2004, § 90-466; Code 2015, § 24-438; Ord. No. 2005-113-55, § 1, 4-25-2005)

Secs. 24-439—24-459. Reserved.

DIVISION 3. PERMITS

Sec. 24-460. Application.

(a) *In general.* The owner of the facility for which an excavation is performed shall apply for a permit for the excavation. If the owner will not perform the excavation with its own forces, the owner's contractor shall join the owner's application as an applicant in seeking the permit. If two or more excavations are to be performed as part of the same project, the application and any permit issued may cover the related work in accordance with applicable regulations.

(b) *Form of application.* The Director shall prescribe by regulation a form for permit applications containing such information as the Director deems necessary for the objective review of the excavation. The Director shall also prescribe by regulation a procedure for the submission of such applications.

(Code 2004, § 90-486; Code 2015, § 24-460; Ord. No. 2005-113-55, § 1, 4-25-2005)

Sec. 24-461. Issuance or denial.

(a) *Issuance.* The Director shall issue a permit within 30 calendar days to every applicant unless he finds one or more of the reasons for denial of a permit set forth in subsection (b) of this section present. Such permit shall be in the form of a document, including the following information:

(1) The location and a brief description of the excavation authorized.

(2) The name and contact information of the permittee.

(3) The date of issuance.

(4) The time period allowed for the excavation expressed with commencement and completion dates and as a number of calendar days. Where the permit authorizes two or more excavations, the permit may indicate different time periods for each excavation.

(5) Any special conditions applicable to the permit.

(6) Such other information as the Director prescribes by rule or regulation or otherwise deems appropriate to further the purpose and intent of this article.

(b) *Grounds for denial.* The Director may deny in writing a permit to an applicant if one or more of the following conditions are present:

(1) Proposed traffic control procedures or equipment do not comply with the requirements of the Manual on Uniform Traffic Control Devices or the applicable rules and regulations promulgated pursuant to this Code.

(2) The Director determines that the applicant can perform the excavation without blocking or closing the street or without excavation in a public right-of-way.

(3) The proposed excavation violates applicable law.

(4) Any applicant set forth in the application fails to furnish any information required by this article or by rules or regulations promulgated pursuant thereto.

(5) The application contains misleading or false information.

(6) The proposed excavation conflicts with a permit previously issued by the Director.

(7) The proposed excavation would cause a safety hazard or impede traffic flow and the application does not indicate that adequate protection for pedestrian or vehicular traffic at the location of the proposed excavation will be provided.

(8) The owner does not possess any necessary legal right to place facilities in the public right-of-way.

(9) Any applicant set forth in the application does not possess any of the licenses or permits that this Code requires such applicant to possess.

(10) The applicant's proposed restoration method and schedule do not meet the requirements of the rules and regulations promulgated pursuant to this article.

(11) Any applicant set forth in the application has failed to restore an excavation site in accordance with applicable requirements of this article or any rules and regulations promulgated or permit issued pursuant thereto within the 12 months prior to the Director's receipt of the application.

(12) Any applicant set forth in the application owes the City delinquent taxes.

(13) Any applicant set forth in the application has been debarred.

(Code 2004, § 90-487; Code 2015, § 24-461; Ord. No. 2005-113-55, § 1, 4-25-2005)

Sec. 24-462. Conditions.

(a) *Conditions for issuance.* Every permit issued pursuant to this article shall be subject to the following terms and conditions, unless the permit expressly provides otherwise:

(1) *Bond.* Prior to the issuance of a permit the applicant shall post a surety bond:

a. Naming the City as the obligee;

b. In an amount prescribed by the Director pursuant to rules and regulations promulgated by the Director; and

c. In a form prescribed or approved by the City Attorney or his designee.

Such surety bond shall guarantee the completion of the excavation and the maintenance thereof for two years from the date of such completion in accordance with this article or any other applicable law, any rules or regulations promulgated pursuant thereto, the permit, and any drawings and specifications specified in the permit.

(2) *Indemnity.* Prior to the issuance of a permit, the applicant shall execute an indemnity agreement under which the applicant agrees to indemnify, hold harmless and defend the City against any claims or suits arising out of or relating to the excavation. Such indemnity agreement shall be in a form prescribed or approved by the City Attorney or his designee.

(3) *Insurance.* With the approval of the City Attorney and the Director of Finance, or their designees, the Director shall promulgate rules and regulations setting forth requirements for insurance policies, coverages and limits to be maintained by permittees based on the location, size, complexity or other relevant aspects of the excavation. Prior to the issuance of a permit, the applicant shall furnish the

Director with evidence of such insurance policies, coverages and limits with endorsements indicating that the City is an additional insured on such policies and that no fewer than 45 days' notice of any cancellation, modification or nonrenewal will be mailed to the Director.

(4) *Warranty.* Prior to the issuance of a permit, the applicant shall execute a written warranty for the benefit of the City in a form prescribed or approved by the City Attorney or his designee. Such warranty shall guarantee that:

a. The permittee will timely perform the excavation in accordance with this article or any other applicable law, any rules or regulations promulgated pursuant thereto, the permit, and any drawings and specifications specified in the permit; and

b. The excavation will comply with this article or any other applicable law, any rules or regulations promulgated pursuant thereto, the permit, and any drawings and specifications specified in the permit for a period of two years from completion.

The requirements of this subsection (a) shall not apply to Federal, State or local governmental entities performing excavation work with their own forces but shall apply to all contractors or other persons that perform the excavation work on behalf of such Federal, State or local governmental entities.

(b) *Other conditions of the permit.* The following additional conditions shall apply to all permits issued pursuant to this article:

(1) *Not transferable.* A permit issued under this article is personal to the permittee and may not be transferred to another person or used by any other person to perform the excavation authorized in the permit.

(2) *Only valid for location described.* A permit is only valid for the location or locations described on the application, depicted on any drawings or specifications, and expressly authorized in the permit. No excavation at any other location shall be authorized without the issuance of a separate permit.

(3) *Void if excavation not timely commenced.* Unless extended by the Director upon written request and for good cause shown, a permit will become void if the excavation authorized thereby is not commenced within 60 days from the permit's issuance.

(4) *Amendments.* A permit shall no longer be valid if there are material changes to the excavation, including, but not limited to, a change in the scope of the work or the method of performing the work of such consequence that the drawings and specifications no longer accurately depict the work. Should a permit become invalid for this reason, the permittee must obtain an amendment to the permit in order to continue the excavation. To obtain an amendment, the permittee must submit an application therefor, including amended drawings and specifications, indicating all changes. A permit shall not be amended to include an excavation that is not related to the original permit or to extend the excavation into any geographical area not included in original permit.

(5) *Extensions.* For good cause shown not relating to any failure of the permittee to diligently prosecute the excavation, the Director may extend the number of days set forth in the permit in accordance with Section 24-461(a)(4) for the completion of the excavation. Extensions of time under this subsection shall not be regarded as amendments, but shall be noted on the records regarding the permit.

(c) *Conditions not exclusive.* Except as expressly provided otherwise in the permit, the conditions for issuance of a permit in subsection (a) of this section shall apply in addition to any specific conditions established under or pursuant to this article or rules and regulations of the Director promulgated in accordance therewith.

(Code 2004, § 90-488; Code 2015, § 24-462; Ord. No. 2005-113-55, § 1, 4-25-2005)

Sec. 24-463. Fees and deposits.

(a) *Fees.* Upon submission of its application for a permit, an extension thereof or an amendment thereto, each applicant shall pay to the City the permit fee in accordance with Section 24-63 in order to compensate the City for the cost incurred in administering the provisions of this division.

(b) *Deposits.* Upon submission of its application for a permit, an extension thereof or an amendment thereto, each applicant shall deposit with the City a sum sufficient to pay the estimated cost of restoring the public right-of-

way in a manner satisfactory to the Director in accordance with Section 24-488, 24-525 or 24-526 or any other requirement of this article. Such deposit shall be in accordance with a schedule of costs prepared and modified by the Director from time to time or such other rules and regulations setting forth objective standards for determining such costs as the Director may promulgate from time to time. Should the cost of the work of restoring the public right-of-way exceed the amount of the deposit, the applicant shall pay the difference within ten days from the date of notice thereof. Any excess of the deposit over the cost of such work shall be refunded to the applicant.

(Code 2004, § 90-489; Code 2015, § 24-463; Ord. No. 2005-205-173, § 3, 7-25-2005)

Sec. 24-464. Emergencies.

This article shall not be interpreted or construed to prevent any person from performing an emergency excavation so long as such person ensures compliance with the following requirements:

(1) Before the emergency excavation is initiated, the owner shall notify the Director by telephone at a 24-hour telephone number set forth by the Director in a rule or regulation promulgated to administer this section. The owner shall also notify all other Federal, State or local authority that the owner is required by applicable law to notify.

(2) Within 24 hours after the initiation of the emergency excavation, or within 24 hours after the City's offices first open following the initiation of the emergency excavation, the owner shall apply for a permit for the emergency excavation in accordance with all other requirements of this article.

(Code 2004, § 90-490; Code 2015, § 24-464; Ord. No. 2005-113-55, § 1, 4-25-2005)

Sec. 24-465. Annual permit.

At any time after promulgating rules and regulations establishing a program for the issuance of annual permits, the Director may issue annual permits to owners upon receipt of a complete and appropriate application therefor. Such annual permits shall authorize the performance of routine or small-scale excavations outside of the Downtown Richmond Coordination Zone for a period of one year from the annual permit's date of issuance. The purpose and intent of this section is to authorize the Director to establish a streamlined procedure to enable owners to perform frequent routine or small-scale excavations in accordance with the conditions and requirements of this article related to the performance of excavations.

(Code 2004, § 90-491; Code 2015, § 24-465; Ord. No. 2005-113-55, § 1, 4-25-2005)

Secs. 24-466—24-483. Reserved.

DIVISION 4. CONDUCT OF EXCAVATIONS

Sec. 24-484. Standards.

Permittees shall perform all excavation work to the complete satisfaction of the Director. The Director shall promulgate rules and regulations setting forth such standards for excavation work as he deems appropriate. The determination of the Director as to the compliance of any excavation work with such standards shall be final.

(Code 2004, § 90-516; Code 2015, § 24-484; Ord. No. 2005-113-55, § 1, 4-25-2005)

Sec. 24-485. Inspections—Basic requirement.

All excavations shall be inspected as specified in the permit. Based upon the complexity and nature of the excavation, inspections may be required during the performance of the excavation, immediately upon completion of the excavation, or both. An inspector approved by the Director shall perform all inspections at the permittee's expense pursuant to rules and regulations promulgated by the Director. The permittee shall arrange for each required inspection, notify the Director of the date and time when each inspection will occur, and direct the inspector to furnish the Director with the written inspection results within the time limits set forth in the permit. Excavation work performed under the permit will not be considered complete until it has passed the final inspection required by the permit.

(Code 2004, § 90-517; Code 2015, § 24-485; Ord. No. 2005-113-55, § 1, 4-25-2005)

Sec. 24-486. Inspections—Additional requirements.

Consistent with applicable laws, sound engineering practices, and the nature of the excavation, the Director may, in addition to or in lieu of the inspections called for under Section 24-485, require that a permittee, at the permittee's expense, retain a professional engineer licensed in Virginia to observe the excavation and, based upon the engineer's observations, to provide written certification upon completion of the excavation stating that the public right-of-way has been restored in accordance with the drawings and specifications and all other applicable technical requirements.

(Code 2004, § 90-518; Code 2015, § 24-486; Ord. No. 2005-113-55, § 1, 4-25-2005)

Sec. 24-487. Inspections—Fees.

Each permittee shall pay to the City the minimum inspection fee of $50.00 for each opening in the public right-of-way allowed under the permit in order to compensate the City for the cost incurred in administering the inspection requirements of this division. In addition, each permittee shall pay to the City that portion of the actual cost of such inspection that exceeds the amount of such inspection fee. No inspection fees shall be collected from a permittee when:

(1) The permittee pays the City under a separate agreement pursuant to which the Department of Public Works manages and inspects the excavation work; or

(2) The excavation is to construct, replace, or repair a City-owned utility.

(Code 2004, § 90-519; Code 2015, § 24-487; Ord. No. 2005-205-173, §§ 4, 5, 7-25-2005)

Sec. 24-488. Inspections—Correction of defects.

(a) *Notification of Director.* The Director shall be notified prior to the time that the surfacing of the public right-of-way is replaced so that the work done preparatory to such surfacing may be inspected. The Director shall further be notified after the surfacing has been completed in order that the surfacing may be inspected.

(b) *Requirement to correct defect.* If any work performed pursuant to a permit issued under this article is not in accordance with the terms and conditions upon which the permit was issued or if a public right-of-way is not left in satisfactory condition, notice of such defect shall be given to the permittee. Such permittee shall be required to correct the condition within the time specified in the notice.

(c) *Failure to correct defect.* Upon receipt of a notice given under this section, should any permittee refuse or fail to correct the condition referred to in such notice within the specified time, the director may cancel the permit in question and cause the necessary work to be done, deducting the cost thereof from any financial guaranty required pursuant to Sections 24-462(a), 24-463(b) or otherwise as a condition for issuance of the permit.

(Code 2004, § 90-520; Code 2015, § 24-488; Ord. No. 2005-113-55, § 1, 4-25-2005; Ord. No. 2005-205-173, § 1, 7-25-2005)

Sec. 24-489. Damage to facility.

A permittee who, in connection with an excavation, damages another owner's facility shall immediately notify the Director and, to the extent that the owner's identity is reasonably determinable, the owner of the damaged facility.

(Code 2004, § 90-521; Code 2015, § 24-489; Ord. No. 2005-113-55, § 1, 4-25-2005)

Sec. 24-490. As-built drawings and specifications.

Upon final completion of an excavation, the permittee shall furnish the Director with a set of as-built drawings and specifications for the excavation, which shall be in a form prescribed by the rules and regulations promulgated by the Director under this article. If the excavation work was performed exactly in accordance with the drawings and specifications provided with the permit application, then the permittee may so advise the Director, and the previously supplied drawings and specifications will be regarded as the as-built drawings and specifications.

(Code 2004, § 90-522; Code 2015, § 24-490; Ord. No. 2005-113-55, § 1, 4-25-2005)

Sec. 24-491. Notice.

(a) *In general.* The permittee shall comply with all notice requirements for the excavation set forth in the rules and regulations promulgated by the Director.

(b) *Miss Utility.* The permittee shall comply with the requirements of utilities regarding notification of excavation and marking of subsurface facilities. Such permittee shall provide miss utility with the assigned number for the permit to excavate or other information as may be necessary to properly identify the proposed excavation.

(Code 2004, § 90-523; Code 2015, § 24-491; Ord. No. 2005-113-55, § 1, 4-25-2005)

Sec. 24-492. Restoration.

The Director shall promulgate rules and regulations setting forth technical requirements for the restoration of pavements following all excavations in the public right-of-way. All permittees shall comply with all such technical requirements to the complete satisfaction of the Director.

(Code 2004, § 90-524; Code 2015, § 24-492; Ord. No. 2005-113-55, § 1, 4-25-2005)

Secs. 24-493—24-522. Reserved.

DIVISION 5. POST-EXCAVATION REQUIREMENTS

Sec. 24-523. Obligation to maintain, repair or reconstruct.

Each owner that performs an excavation or causes an excavation to be performed in the public right-of-way shall maintain, repair or reconstruct the site of the excavation as necessary to maintain a condition satisfactory to the Director until such time as the City reconstructs, repaves or resurfaces the public right-of-way.

(Code 2004, § 90-546; Code 2015, § 24-523; Ord. No. 2005-113-55, § 1, 4-25-2005)

Sec. 24-524. Subsurface material or pavement failures.

In the event that subsurface material or pavement over or immediately adjacent to any excavation should become depressed or broken or should fail in any way at any time after the excavation has been completed, the Director shall reasonably determine the person or persons responsible, if any, for the failure in the subsurface material or pavement of the public right-of-way and shall designate such person or persons as the responsible party. The Director shall notify the responsible party in writing of the condition, its location, and the required remedy. The responsible party shall repair or restore such condition or cause such condition to be repaired or restored to the satisfaction of the Director within 72 hours of the Director's issuance of written notification. For good cause shown, the Director may extend the time for the responsible party to repair or restore the affected public right-of-way.

(Code 2004, § 90-547; Code 2015, § 24-524; Ord. No. 2005-113-55, § 1, 4-25-2005)

Sec. 24-525. Repair by City.

In the event that the responsible party fails, neglects, or refuses to repair or restore any condition pursuant to the Director's notice as described in Section 24-524, the Director may repair or restore such condition or cause such condition to be repaired or restored in such manner as the Director deems expedient and appropriate. The responsible party designated pursuant to Section 24-524 shall compensate and be liable to the City for all costs associated with the administration, construction, consultants, equipment, inspection, notification, remediation, repair, restoration or any other actual costs incurred by the City that were made necessary by reason of the repair or restoration undertaken by the City. The Director may use any financial guaranty furnished by the responsible party pursuant to Sections 24-462(a), 24-463(b) or otherwise to pay for such costs. Repair or restoration by the City shall not relieve the responsible party from the requirements of Section 24-524 for subsurface material or pavement failures that occur after such repair or restoration by the City. Action taken by the City pursuant to this section shall be in addition to any action that the City may take pursuant to Division 6 of this article.

(Code 2004, § 90-548; Code 2015, § 24-525; Ord. No. 2005-113-55, § 1, 4-25-2005; Ord. No. 2005-205-173, § 1, 7-25-2005)

Sec. 24-526. Emergency remediation.

(a) *Notice.* If the Director determines that the site of an excavation constitutes a hazard, a public nuisance, a public emergency or some other imminent threat to the public health, safety or welfare that requires immediate repair or restoration, the Director may order the condition repaired or restored by a written, electronic or facsimile notice to the responsible party designated pursuant to Section 24-524.

(b) *Failure of responsible party to act.* If the responsible party fails, neglects or refuses to take immediate

action to remedy the condition by the deadline specified in such communication, the Director may remedy the condition or cause the condition to be remedied in such manner as the Director deems expedient and appropriate. The responsible party shall compensate and be liable to the City for all costs associated with the administration, construction, consultants, equipment, inspection, notification, remediation, repair, restoration or any other actual costs incurred by the City that were made necessary by reason of the emergency remediation undertaken by the City pursuant to this subsection. The Director may use any financial guaranty furnished by the responsible party pursuant to Sections 24-462(a), 24-463(b) or otherwise to pay for such costs.

(c) *Remedy cumulative.* Remedy of the condition by the City in accordance with subsection (b) of this section shall not relieve the responsible party from the requirements of Section 24-524 for subsurface material or pavement failures that occur after such repair or restoration by the City. Action taken by the City pursuant to this section shall be in addition to any action that the City may take pursuant to Division 6 of this article.

(Code 2004, § 90-549; Code 2015, § 24-526; Ord. No. 2005-113-55, § 1, 4-25-2005; Ord. No. 2005-205-173, § 1, 7-25-2005)

Sec. 24-527. Removal, relocation, or alteration of facilities.

(a) This section applies to all facilities located in any public right-of-way and to all owners who possess such facilities.

(b) An owner shall remove, relocate or alter a facility if the Director reasonably determines that removal, relocation, or alteration of the facility is necessary for the construction, operation, repair, maintenance, or installation of a City or other governmental entity's facility.

(c) Subject to the requirements of this article, an owner shall remove, relocate or alter its facility within 120 days following the Director's issuance of written notice that removal, relocation, or alteration of the facility is necessary, unless the notice specifies a different length of time for the removal, relocation or alteration of the facility pursuant to subsection (d) of this section.

(d) An owner shall remove, relocate or alter its facility by the deadline specified in the Director's written notice that such removal, relocation or alteration is required:

(1) If the facility is located outside of its approved public right-of-way assignment; or

(2) The Director determines the action is reasonably necessary to abate an obstruction that poses an unreasonable risk to public health, safety or welfare.

(e) If an owner fails to remove, relocate or alter a facility by the deadline described in subsection (c) or (d) of this section, the City may remove, relocate or alter the facility at the owner's expense, and the owner shall pay all relocation and alteration expenses, including consequential damages, that result from locating a facility outside the assigned area.

(f) The owner shall furnish the Director with documentation of all removals, relocations and alterations of facilities pursuant to this section in a form prescribed by rules and regulations promulgated by the Director.

(Code 2004, § 90-550; Code 2015, § 24-527; Ord. No. 2005-113-55, § 1, 4-25-2005)

DIVISION 6. ENFORCEMENT

Sec. 24-548. Stop work order.

If the Director determines that a person has violated this article or that an ongoing excavation at a site constitutes a hazard, a public nuisance, a public emergency or some other imminent threat to the public health, safety or welfare that requires immediate repair or restoration, the Director may issue a stop work order for the excavation at the site. It shall be unlawful for a person to continue any excavation activity at a site after the Director has issued a stop work order for that site.

(Code 2004, § 90-576; Code 2015, § 24-548; Ord. No. 2005-113-55, § 1, 4-25-2005)

Sec. 24-549. Suspension, modification and revocation.

After the Director has issued a stop work order, the Director shall review the violation or hazard, public

nuisance, public emergency or other imminent threat to the public health, safety or welfare and may thereafter suspend for a definite or indefinite time period, modify the conditions of or revoke the permit for the excavation at the site for which the Director issued the stop work order.

(Code 2004, § 90-577; Code 2015, § 24-549; Ord. No. 2005-113-55, § 1, 4-25-2005)

Sec. 24-550. Debarment.

(a) The Director shall not issue a permit to any person who is in default or breach of any obligation to the City under this article on a prior permit obligation arising therefrom. Further, the Director may, pursuant to rules and regulations promulgated by him setting forth debarment procedures, debar from obtaining a permit any person when that person:

(1) Has performed an excavation in the public right-of-way not authorized pursuant to this article or to a valid permit issued thereunder;

(2) On more than three occasions failed, neglected or refused to comply with quality requirements set forth in any rules or regulations promulgated pursuant to this article; or

(3) Caused or allowed either subsection (a)(1) or (2) of this section.

Any such debarment shall be for a reasonable period of time calculated according to a method set forth in the rules and regulations the director has promulgated to set forth debarment procedures.

(b) The Director shall furnish any person to be so debarred with written notice of such debarment.

(Code 2004, § 90-578; Code 2015, § 24-550; Ord. No. 2005-113-55, § 1, 4-25-2005)

Sec. 24-551. Compliance with article.

It shall be unlawful for any person to violate or to fail, refuse or neglect to comply with any section of this article. Except as otherwise provided in any section of this article, upon conviction, such person shall be punished for a Class 3 misdemeanor.

(Code 2004, § 90-579; Code 2015, § 24-551; Ord. No. 2005-113-55, § 1, 4-25-2005)

ARTICLE VIII. RICHMOND SCENIC BYWAYS

Sec. 24-581. Findings and purpose.

(a) The Council recognizes that Richmond is a city of key historical significance to the Commonwealth.

(b) The Council finds that there are many streets and other public ways in the City that are themselves of historical, cultural, scenic, recreational, or environmental significance, or that offer access to areas of the City that are of historical, cultural, scenic, recreational, or environmental significance.

(c) The Council further finds that vehicular traffic in the City is increasing, and that such increased traffic may detract from recognition or enjoyment of the City's significant historical, cultural, scenic, recreational, or environmental features or locales.

(d) The Council accordingly declares that certain City streets and public ways may be designated, in accordance with the procedures specified in this article, as Richmond Scenic Byways, and accorded the protections specified in this article in order to enhance appreciation of, and access to, significant City historical, cultural, scenic, recreational, or environmental features or locales.

(Code 2004, § 90-600; Code 2015, § 24-581; Ord. No. 2007-85-59, § 1, 3-26-2007)

Sec. 24-582. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Richmond Scenic Byway means a street or public way that:

(1) Itself is of historical, cultural, scenic, recreational, or environmental significance, or leads to, or is located within, an area or areas of the City having historical, cultural, scenic, recreational, or environmental significance; and

(2) Is designated as a Richmond Scenic Byway by the City Council in accordance with the procedures specified in this article.

Streets and *public ways* shall have the meaning ascribed to them by Section 24-1.

(Code 2004, § 90-601; Code 2015, § 24-582; Ord. No. 2007-85-59, § 1, 3-26-2007)

Cross reference—Definitions generally, § 1-2.

Sec. 24-583. Criteria for designation as Richmond Scenic Byway.

(a) To be considered for designation as a Richmond Scenic Byway, a street or public way must meet at least four of the following six criteria:

(1) The route provides important scenic values and experiences.

(2) The route provides a diversity of scenic values and experiences, such as demonstrating clear transitions from one significant City historical, cultural, scenic, recreational, or environmental feature or locale to another.

(3) The route connects or provides access to significant City historical, cultural, scenic, recreational, or environmental features or locales.

(4) The route bypasses major roads or can be accessed by exits from higher-speed roads.

(5) The route can accommodate additional features that will enhance the driver's experience and improve driving safety.

(6) The City has implemented or initiated zoning controls, other land use controls, or traffic controls to assist in protecting the route's historical, cultural, scenic, recreational, or environmental value.

(b) An explanation of how and the extent to which a street or other public way meets one or more of the criteria in this section shall be included in the ordinance seeking designation of the street or other public way as a Richmond Scenic Byway pursuant to Section 24-584. The Council shall make the final determination, by its disposition of the ordinance introduced in accordance with Section 24-584, as to whether the street or public way meets the required criteria for designation as a Richmond Scenic Byway.

(Code 2004, § 90-602; Code 2015, § 24-583; Ord. No. 2007-85-59, § 1, 3-26-2007)

Sec. 24-584. Process for designation as a Richmond Scenic Byway.

A City street or other public way shall be designated as a Richmond Scenic Byway by ordinance that shall:

(1) Identify:

a. The source of the interest in the route's designation as a Richmond Scenic Byway;

b. The specific route to be designated as a Richmond Scenic Byway;

c. The criteria in Section 24-583 applicable to the route; and

d. Any zoning, other land use, or traffic controls necessary to facilitate or otherwise support the use or maintenance of the street or public way as a Richmond Scenic Byway; and

(2) Contain the necessary provisions for:

a. Placement of signage identifying the Richmond Scenic Byway; and

b. Any other actions necessary to facilitate or otherwise support the use or maintenance of the street or public way as a Richmond Scenic Byway.

Any ordinance adopted by the Council establishing a Richmond Scenic Byway shall be fully implemented no later than 180 days after adoption.

(Code 2004, § 90-603; Code 2015, § 24-584; Ord. No. 2007-85-59, § 1, 3-26-2007)

Sec. 24-585. Signage; zoning and land use controls; traffic controls.

(a) Signage identifying a Richmond Scenic Byway shall include a marker designating the beginning of the route, a marker designating the route's endpoint, and markers along the route identifying the route's progress. Such signage shall be developed by the Director of Planning and Development Review and submitted to the City Council.

(b) Zoning controls, other land use controls, or traffic controls may be used to facilitate or otherwise support the use or maintenance of a street or public way as a Richmond Scenic Byway. Such controls shall be initiated and implemented pursuant to the provisions contained in Section 2-428, Chapters 24, 27 and 30, and other applicable provisions of this Code and State law, except that the provisions of Section 13-62 shall not apply.

(Code 2004, § 90-604; Code 2015, § 24-585; Ord. No. 2007-85-59, § 1, 3-26-2007; Ord. No. 2009-220-2010-8, § 2, 1-25-2010)

State law reference—Authority of City to regulate subdivision of land, Code of Virginia, § 15.2-2240 et seq.

ARTICLE I. IN GENERAL

Sec. 25-1. Purpose.

The purpose of this chapter is to:

(1) Adopt comprehensive subdivision regulations designed to promote public health, safety and welfare;

(2) Improve the orderly layout and use of land;

(3) Avoid undue concentration of population and overcrowding of land;

(4) Lessen congestion in streets and highways;

(5) Provide for proper ingress and egress;

(6) Ensure proper legal description and monumenting of subdivided land;

(7) Provide for adequate light and air;

(8) Provide for transportation, water, sewage facilities, drainage, schools, parks, playgrounds and other public needs;

(9) Increase safety from fire, flood and other dangers;

(10) Facilitate proper resubdivision of lots or parcels of land;

(11) Protect and improve the water quality of the Chesapeake Bay and its tributaries; and

(12) Promote development in accordance with the comprehensive plan, pursuant to Code of Virginia, Title 15.2, Ch. 22, Art. 6 (Code of Virginia, § 15.2-2240 et seq.).

(Code 1993, § 26-1; Code 2004, § 94-1; Code 2015, § 25-1)

Sec. 25-2. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Alley means a public way designed primarily for vehicular travel to provide access to or from the rear or side of property abutting on a street.

Chesapeake Bay Preservation Areas means those areas so designated pursuant to Chapter 14, Article IV.

Commission means the City Planning Commission or its representative duly authorized by it to approve the final plat of a subdivision.

Expressway means a public way to which access is limited or controlled, designed for vehicular travel through, around and between urban areas.

Intersection means the area embraced within the prolongation of the lateral boundary lines of two or more streets which join one another at an angle, whether or not one such street crosses the other.

Lot means a numbered and recorded portion of a subdivision intended for transfer of ownership or for building development, or a parcel of land which has been recorded in the office of the clerk of the appropriate court.

Major street means a public way affording direct access to and from abutting property, designed for vehicular

travel through, around and between urban areas in a right-of-way of sufficient width to provide six traffic lanes.

Master plan means the master plan defined in Sections 17.01 and 17.04 of the Charter adopted, amended, extended or added to pursuant to Section 17.06 of the Charter.

Minor street means a public way affording direct access to and from abutting property, designed primarily for that purpose.

Parkway means a public way to which light, air and access is limited or controlled, designed for vehicular travel.

Primary highway means a major street.

Secondary street means a public way, affording direct access to and from abutting property, designed for vehicular travel between major streets or primary highways in a right-of-way of sufficient width to provide four traffic lanes.

Street means every way or place, other than alleys, of whatsoever nature designed for the use of the public for the purposes of vehicular and pedestrian travel, including shoulders and sidewalks, major streets, primary highways, minor streets, secondary streets and parkways, but not including expressways and toll roads.

Subdivide means the process of dealing with land so as to establish a subdivision.

Subdivider means the person holding legal title to land and who subdivides it.

Subdivision means a division, subdivision or resubdivision of a lot, tract or parcel of land situated wholly or partly within the corporate City limits into three or more lots, tracts or parcels of land for the purpose, whether immediate or in the future, of transferring ownership of any one or more of such lots, tracts or parcels of land or for the purpose of the erection of buildings or other structures on any one or more of such lots, tracts or parcels of land. The term "subdivision" does not include a division of land for agricultural purposes in parcels of one acre or more, the average width of which is not less than 150 feet, when such division does not:

(1) Require the opening of any new street or the use of any new public easement of access;

(2) Obstruct or is not likely to obstruct natural drainage;

(3) Adversely affect or is not likely to adversely affect the establishment of any expressway, major street, primary highway or toll road; or

(4) Adversely affect the execution or development of any plat or subdivision approved by the Commission or otherwise adversely affect the orderly subdivision of contiguous property.

Toll road means an expressway to which access thereto is conditioned upon the payment of toll.

Zoning law means Chapter 30, as amended, concerning the division of the City into zones or districts and regulating the use of lands and buildings therein, as such chapter exists on the effective date of the ordinance from which this Code is derived or as the chapter may be thereafter amended or modified.

(Code 1993, § 26-1.1; Code 2004, § 94-2; Code 2015, § 25-2; Ord. No. 2004-332-322, § 1, 12-13-2004)

Cross reference—Definitions generally, § 1-2.

Sec. 25-3. Penalty for violation of chapter.

It shall be unlawful to subdivide any lot, tract or parcel of land lying wholly or partly in the City in violation of the regulations and restrictions of this chapter, and every subdivider who violates such regulations and restrictions shall be subject to a fine of not exceeding $500.00 for each lot or parcel of land so subdivided or transferred or sold. The description of such lot or parcel by metes and bounds in the instrument of transfer or other document used in the process of selling or transferring shall not exempt the transaction from such penalties or from the remedies provided.

(Code 1993, § 26-7; Code 2004, § 94-3; Code 2015, § 25-3)

Sec. 25-4. Preparation and submission of plats to Commission.

Every subdivider shall cause a plat of the subdivision to be prepared in accordance with the regulations and

restrictions of this chapter and shall submit it to the Commission for its approval.

(Code 1993, § 26-3; Code 2004, § 94-4; Code 2015, § 25-4)

Sec. 25-5. Relocation or vacation of boundary lines.

The boundary lines of any lot or parcel of land may be vacated, relocated or otherwise altered as a part of an otherwise valid and properly recorded plat of subdivision or resubdivision:

(1) Approved as provided in this chapter; or

(2) Properly recorded prior to the applicability of this chapter;

and executed by the owner of the land as provided in general law. Any vacation, relocation or alteration shall not conflict with the requirements of Chapter 30.

(Code 1993, § 26-3.1; Code 2004, § 94-5; Code 2015, § 25-5)

Sec. 25-6. Restrictions on division or subdivision of lots, tracts or parcels subject to inundation.

No lot, tract or parcel of land or any part thereof subject to inundation shall be divided or subdivided for the use of buildings or structures erected thereon for dwelling or residential purposes.

(Code 1993, § 26-4; Code 2004, § 94-6; Code 2015, § 25-6)

Sec. 25-7. Restrictions on division or subdivision of lots within Chesapeake Bay Preservation Areas.

Subdividers shall submit a Chesapeake Bay Site Plan, in accordance with the requirements of Chapter 14, Article IV, for any subdivision that includes any land within a Chesapeake Bay Preservation Area. The Chesapeake Bay Site Plan shall comply with all requirements of Chapter 14. No subdivision shall be approved until the Chesapeake Bay Administrator has certified that all lots within the subdivision can meet all requirements pertaining to Chesapeake Bay Preservation Areas. The final plat shall identify the nature and extent of all Chesapeake Bay Preservation Areas.

(Code 1993, § 26-5; Code 2004, § 94-7; Code 2015, § 25-7; Ord. No. 2004-332-322, § 1, 12-13-2004)

Sec. 25-8. Submission of preliminary information to Commission prior to beginning work; approval of plats upon full compliance with chapter.

(a) Subdividers shall submit to the Commission preliminary plats of subdivisions for tentative approval by the Commission prior to the submission of plats intended for recording containing more than 50 lots, provided that the landowner may submit for approval a tentative plat involving 50 of fewer lots. Plats intended for recording shall be considered final plats and shall be subject to Article IV of this chapter. Preliminary plats submitted for tentative approval shall be in such form and shall contain such information as required by the Commission. The Commission may grant tentative approval of preliminary plats of subdivisions conditioned upon full compliance with the regulations and restrictions of this chapter. Tentative approvals of preliminary plats and extensions of tentative approvals shall be subject to the conditions imposed by this section.

(b) Once a preliminary subdivision plat is approved, it shall be valid for a period of five years, provided the subdivider submits a final subdivision plat for all or for a portion of the property within one year of such approval and thereafter diligently pursues approval of the final subdivision plat. For purposes of this subsection, the term "diligent pursuit of approval" means that the subdivider has incurred extensive obligations or substantial expenses relating to the submitted final subdivision plat or modifications thereto. However, no sooner than three years following such preliminary subdivision plat approval and upon 90 days' written notice by certified mail to the subdivider, the Commission may revoke such approval upon a specific finding of facts that the subdivider has not diligently pursued approval of the final subdivision plat.

(Code 1993, § 26-6; Code 2004, § 94-8; Code 2015, § 25-8)

State law reference—Preliminary plats authorized, Code of Virginia, § 15.2-2260.

Sec. 25-9. Variations and exceptions.

The Commission may grant variations in the application of the sections of this chapter when:

(1) A subdivider can show that, by reason of exceptional topographic conditions or other extraordinary or

exceptional circumstances or conditions, the strict application of the sections of this chapter actually prohibit or unreasonably restrict the use of the property; or

(2) The Commission is satisfied, upon the evidence presented to it, that strict adherence to the general regulations would result in substantial injustice or hardship.

(Code 1993, § 26-8; Code 2004, § 94-9; Code 2015, § 25-9)

State law reference—Provisions for variance authorized, Code of Virginia, § 15.2-2242.

Sec. 25-10. Fees.

A fee in accordance with the schedule as set forth in this section shall accompany each application for approval or extension of approval of a subdivision plat, which fee shall be paid into the City treasury.

(1)	Tentative plat approval	$500.00
	Plus, for each lot within the plat	$15.00
(2)	Extension of tentative approval	$150.00
(3)	Final plat approval	$500.00
	Plus, for each lot within the plat	$15.00
(4)	Each request for a subdivision confirmation letter	$100.00
(5)	Continuance. There shall be no charge for the first such continuance requested by the applicant. There shall be no charge for a continuance requested by the Planning Commission. Fee for the second or subsequent continuance requested by the applicant	$50.00
(6)	Plat of correction	$100.00

(Code 1993, § 26-9; Code 2004, § 94-10; Code 2015, § 25-10; Ord. No. 2007-54-121, § 1, 5-29-2007; Ord. No. 2010-237-2011-16, § 1, 1-24-2011)

Sec. 25-11. Subdivisions pursuant to the City's affordable dwelling unit program.

The following shall apply in the case of a subdivision to be developed pursuant to the affordable dwelling unit program set forth in Chapter 30.

(1) Lots intended for affordable dwelling units shall be so designated on the preliminary and final subdivision plats.

(2) No preliminary or final subdivision plat shall be approved until the Director of Planning and Development Review has certified in writing to the Secretary of the Commission that the applicable affordable dwelling unit program criteria are met.

(Code 2004, § 94-11; Code 2015, § 25-11; Ord. No. 2007-201-192, § 1, 9-10-2007; Ord. No. 2009-220-2010-8, § 2, 1-25-2010)

ARTICLE II. DESIGN STANDARDS

DIVISION 1. GENERALLY

Sec. 25-41. Easements for installation of utility facilities and drainage purposes.

(a) Easements across lots or easements centered on rear or side lot lines shall be provided in a subdivision when necessary for the installation of utilities and for surface and subsurface water drainage purposes whenever necessary to provide such services in the subdivision or in the areas beyond its boundaries. They shall be at least 12 feet in width. However, when an easement is for surface drainage only, it need be of no greater width than, in the judgment of the City, the drainage area requires.

(b) Whenever a subdivision is traversed by a way or place, the origin of which is the result of the forces of

nature, having a bed, sides or banks through which water flows continuously or intermittently in a particular direction, and whenever a subdivision is traversed by any other way, place or device installed to aid natural drainage and which does not substantially change the course or direction of the flow of water, there shall be provided an easement conforming substantially with the boundaries of such way, place or device, together with the right to use such additional land abutting thereon as is necessary to maintain such way, place or device for the unobstructed flow of water therein.

(Code 1993, § 26-41; Code 2004, § 94-41; Code 2015, § 25-41)

Sec. 25-42. Inclusion and dedication of land for improvements.

Land in a proposed subdivision shown in the master plan as needed for streets, curbs, gutters, sidewalks, bicycle trails, drainage or sewer system or other improvements shall be included in the plat of the subdivision and shall be dedicated for such public use upon the approval and recordation of the subdivision plat.

(Code 1993, § 26-49; Code 2004, § 94-42; Code 2015, § 25-42)

Secs. 25-43—25-72. Reserved.

DIVISION 2. STREETS AND ALLEYS*

***Cross reference—**Streets, sidewalks and public ways, Ch. 24.

State law reference—Provisions for streets required, Code of Virginia, § 15.2-2241(a)(4).

Subdivision I. In General

Sec. 25-73. Width of streets.

The right-of-way width of subdivision streets shall be as shown in the master plan. If the right-of-way width of any street is not shown in the master plan, it shall be not less than 50 feet in width.

(Code 1993, § 26-32; Code 2004, § 94-71; Code 2015, § 25-73)

Sec. 25-74. Street names.

No street in a subdivision shall bear a name the same as or similar to the name of a street in the City or in any county adjoining the City or bear a name that is likely to cause confusion between the names of such streets. Extensions of existing streets shall bear the name of the existing streets.

(Code 1993, § 26-35; Code 2004, § 94-72; Code 2015, § 25-74)

Secs. 25-75—25-91. Reserved.

Subdivision II. Location, Alignment and Arrangement of Streets

Sec. 25-92. Relationship to existing streets and to master plan.

The location, alignment and arrangement of streets in a subdivision with relation to other existing or planned streets and to streets shown in the master plan shall be as shown in the master plan.

(Code 1993, § 26-21; Code 2004, § 94-91; Code 2015, § 25-92)

Sec. 25-93. Procedure when not shown in master plan.

If the location, alignment or arrangement of any street in a subdivision is not shown in the master plan, the location, alignment or arrangement of such street shall correspond substantially with the location, alignment or arrangement of existing streets abutting the subdivision.

(Code 1993, § 26-22; Code 2004, § 94-92; Code 2015, § 25-93)

Sec. 25-94. Subdivisions abutting expressway, parkway or toll road.

Whenever a subdivision abuts an expressway, parkway or toll road shown in the master plan, the Commission shall require a street to be located parallel or nearly parallel to and on each side of such expressway, parkway or toll road at such distance therefrom as will allow the land between the expressway, parkway or toll road to be devoted to some reasonable use. Such distance shall be determined by the Commission. In making such

determination, the Commission shall consider the need for such street for access to or from the expressway, parkway or toll road or for the separation of grades, should such separation become necessary for the operation of the expressway, parkway or toll road.

(Code 1993, § 26-23; Code 2004, § 94-93; Code 2015, § 25-94)

Sec. 25-95. Reservation or control of land for prohibiting access.

No land shall be reserved, held or controlled for the purpose of prohibiting access to streets unless owned, held or controlled exclusively by the City.

(Code 1993, § 26-24; Code 2004, § 94-94; Code 2015, § 25-95)

Sec. 25-96. Centerlines not connecting with other streets.

Whenever a street in a subdivision cannot be located, aligned or arranged to connect with another street, extending in the same or substantially the same general direction, the centerlines shall be not less than 150 feet apart.

(Code 1993, § 26-25; Code 2004, § 94-95; Code 2015, § 25-96)

Sec. 25-97. Separation of curves in major or secondary streets.

Curves in major streets or secondary streets in a subdivision extending in opposite directions, the radius of either of which is less than 6,000 feet, shall be separated by a tangent of at least 100 feet in length.

(Code 1993, § 26-26; Code 2004, § 94-96; Code 2015, § 25-97)

Sec. 25-98. Sight distances from motor vehicles in tangents in secondary and major streets.

Whenever consecutive tangents in secondary streets in a subdivision deflect from each other at one point by more than ten degrees, they shall be connected by a curve with a radius sufficient to ensure sight distance from motor vehicles within the right-of-way of such streets of not less than 300 feet. Whenever such tangents are in major streets, such sight distance shall be not less than 500 feet.

(Code 1993, § 26-27; Code 2004, § 94-97; Code 2015, § 25-98)

Sec. 25-99. Intersection at right angles.

Subdivision streets shall be located, aligned or arranged so as to intersect streets at right angles as nearly as possible.

(Code 1993, § 26-28; Code 2004, § 94-98; Code 2015, § 25-99)

Sec. 25-100. Rounding of property lines at intersections.

Property lines at street intersections in a subdivision shall be rounded with a curve of sufficient radius to permit the easy turning movement of vehicles, where deemed necessary by the Commission.

(Code 1993, § 26-29; Code 2004, § 94-99; Code 2015, § 25-100)

Sec. 25-101. Full width required.

No street in a subdivision shall be located, aligned or arranged at less than the full width required by or pursuant to the regulations and restrictions set out in this chapter.

(Code 1993, § 26-30; Code 2004, § 94-100; Code 2015, § 25-101)

Sec. 25-102. Length and area of termini.

In a subdivision, streets whose termini do not permanently connect with other streets shall not exceed 400 feet in length, unless, on account of topographical or other conditions, in the judgment of the Commission, a greater length is desirable. Sufficient area shall be provided at such termini as to permit the easy and complete turning around of vehicles, the diameter of which shall be at least 80 feet. Such area shall be provided for such temporary use at the termini of such streets which temporarily do not connect with other streets.

(Code 1993, § 26-31; Code 2004, § 94-101; Code 2015, § 25-102)

Secs. 25-103—25-156. Reserved.

Subdivision III. Grades of Streets

Sec. 25-157. Maximum ascent or descent.

The rate of ascent or descent of a major street in a subdivision shall not be in excess of five percent, and that of a minor street shall not be in excess of ten percent, unless, due to topography or other physical circumstances and conditions, a greater rate of ascent or descent is necessary for the use of the street, in the judgment of the Director of Public Works. If a greater rate of ascent or descent is necessary, such rate of ascent or descent shall not be in excess of that which will permit the reasonably safe use of the street by pedestrians and vehicles.

(Code 1993, § 26-33; Code 2004, § 94-121; Code 2015, § 25-157)

Sec. 25-158. Minimum ascent or descent.

No street in a subdivision shall be constructed with a rate of ascent or descent of less than four-tenths of one percent, unless approved by the Director of Public Works, who shall approve such construction when the Director is satisfied that such rate of ascent or descent will not cause water to stand in the street or on adjoining property.

(Code 1993, § 26-34; Code 2004, § 94-122; Code 2015, § 25-158)

Secs. 25-159—25-184. Reserved.

Subdivision IV. Alleys

Sec. 25-185. Required for access to property and loading and unloading of vehicles.

For a subdivision, alleys shall be provided in business, commercial, industrial and transitional districts, as such districts are defined and set apart in or pursuant to Chapter 30, whenever they are necessary to provide access to property in such districts and to enable vehicles to be loaded or unloaded. Whenever adequate provision is made for the loading or unloading or parking of vehicles on private property in such districts, alleys need not be provided.

(Code 1993, § 26-36; Code 2004, § 94-141; Code 2015, § 25-185)

Sec. 25-186. Width and grade.

The width and grade of alleys in business, commercial, industrial and transitional districts, when required as provided in Section 25-185, shall be such as to permit the convenient and expeditious loading and unloading of vehicles, without interfering with the reasonable and convenient use of any portion of them by others for the same purpose and for the convenient and expeditious movement of vehicles therein. In no event shall the width of any such alley be less than 20 feet.

(Code 1993, § 26-37; Code 2004, § 94-142; Code 2015, § 25-186)

Sec. 25-187. Location at rear or side of lots in dwelling districts.

Alleys shall be provided in a subdivision, when practicable, at the rear or side of lots in dwelling districts defined and set apart in or pursuant to Chapter 30. In no event shall the width of any such alley be less than 16 feet, and its grade shall be such as to afford easy access to the property it is intended to serve.

(Code 1993, § 26-38; Code 2004, § 94-143; Code 2015, § 25-187)

Sec. 25-188. Arrangement of corners at intersections.

The corners of alleys at intersections in a subdivision shall be arranged so as to permit the easy, convenient and safe movement of vehicles into and out of the alleys without interference with other vehicles using the alleys and streets.

(Code 1993, § 26-39; Code 2004, § 94-144; Code 2015, § 25-188)

Sec. 25-189. Area of termini.

At the termini of alleys which do not permanently connect with streets or other alleys in a subdivision, a sufficient area shall be provided so as to permit the easy and complete turning around of vehicles, the diameter of which shall be at least 50 feet.

(Code 1993, § 26-40; Code 2004, § 94-145; Code 2015, § 25-189)

Secs. 25-190—25-216. Reserved.

DIVISION 3. LOTS

Sec. 25-217. Length of blocks of land in which located.

For a subdivision, a block of land in which lots are located shall not exceed 1,320 feet in length between intersecting streets and shall not be less than 400 feet in length between intersecting streets along a street on which the lots front, except where, because of topography or other physical circumstances or conditions, a greater or lesser number of front feet is deemed advisable, in which event the length of the block may be increased or decreased accordingly.

(Code 1993, § 26-42; Code 2004, § 94-171; Code 2015, § 25-217)

Sec. 25-218. Conformance with zoning in dwelling districts; connection of dwellings to sewers.

The area of lots in dwelling districts established by or pursuant to Chapter 30 shall conform to the requirements of such chapter. However, where it is not practicable to connect dwellings erected on such lots with a public sewer, the appropriate City departments shall be responsible for approving drainfields, and where a lot is located within a Chesapeake Bay Preservation Area, the subject on-site sewage treatment system shall meet the requirements of the Chesapeake Bay Preservation Area Designation and Management Regulations (9VAC25-830-10 et seq.).

(Code 1993, § 26-43; Code 2004, § 94-172; Code 2015, § 25-218)

Sec. 25-219. Depth in dwelling districts established pursuant to zoning law.

Lots in dwelling districts established by or pursuant to Chapter 30 shall have an average depth of not less than 100 feet. For the purposes of this chapter, the term "average lot depth" shall be defined to require that a minimum of 50 percent of the width of a lot have a corresponding lot depth of not less than 100 feet. The width of a lot shall be measured at the required setback line as established by Chapter 30.

(Code 1993, § 26-44; Code 2004, § 94-173; Code 2015, § 25-219)

Sec. 25-220. Frontage on public streets in dwelling districts.

Other sections of this chapter notwithstanding, lots may have their frontage on private streets which connect with improved public streets when such private street frontage is authorized by the zoning sections of this Code or is authorized by a special use permit or a community unit plan adopted by City Council, provided that:

(1) Appropriate covenants and agreements ensuring that such private streets will be maintained in perpetuity and will continue to be available as access to and from all lots fronting thereon are approved as to form by the City Attorney and filed with the City Clerk, together with written opinions by the subdivider and the subdivider's legal counsel that the form and substance of such documents satisfy the terms of this section; and

(2) The width, design and character of such private streets are approved by the Planning Commission after receiving the recommendations of the Director of Public Works, the Director of Planning and Development Review, the Chief of Police and the Chief of Fire and Emergency Services.

(Code 1993, § 26-46; Code 2004, § 94-174; Code 2015, § 25-220; Ord. No. 2009-220-2010-8, § 2, 1-25-2010)

Sec. 25-221. Frontage on more than one street in dwelling district.

No lot in a dwelling district established by or pursuant to Chapter 30 shall be located or arranged so that its frontage is on more than one street, except where:

(1) It is necessary in order to separate a lot in a dwelling district established by or pursuant to Chapter 30 from an expressway or toll road; or

(2) The topography is such that the lot frontage on more than one street is necessary in order to make use of the land.

(Code 1993, § 26-47; Code 2004, § 94-175; Code 2015, § 25-221)

Sec. 25-222. Easements along side or rear in dwelling districts abutting expressway or toll road.

An easement at least ten feet in width, across which there shall be no right of access to or from subdivision lots, shall be provided along the side or rear of lots in dwelling districts established by or pursuant to Chapter 30 which abut an expressway or toll road. The easement shall be used for the cultivation of trees, shrubs or other vegetation of such character as will lessen the adverse effect of the movement of vehicles over such expressway or toll road upon the use of land for dwelling purposes.

(Code 1993, § 26-48; Code 2004, § 94-176; Code 2015, § 25-222)

Secs. 25-223—25-252. Reserved.

ARTICLE III. REQUIRED IMPROVEMENTS*

***State law reference—**Provisions relative to the extent to which and the manner in which streets shall be graded, graveled or otherwise improved and water and storm and sanitary sewer and other public utilities or other community facilities are to be installed required, Code of Virginia, § 15.2-2241(A)(4).

Sec. 25-253. Monuments.

Monuments shall be installed in all subdivisions at the corners of all blocks, at angle points, at radial points of curves in streets and at all intermediate points along the street or boundary lines where monuments cannot be readily seen one from the other. The exact location of such monuments shall be approved by the Director of Public Works. They shall be either concrete blocks at least 20 inches long and six inches square with an iron corner or shall be granite stones with sharp well-defined corners of the same dimensions and shall be installed to approved grades where practicable.

(Code 1993, § 26-61; Code 2004, § 94-211; Code 2015, § 25-253)

State law reference—Provisions for monuments required, Code of Virginia, § 15.2-2241(A)(7).

Sec. 25-254. Grading and surfacing of streets and alleys.

The streets and alleys shown on the subdivision plat shall be graded to their full width and length, and an all-weather surface shall be placed on the roadway of each such street, all of which shall be done in accordance with the standard street and alley specifications of the City.

(Code 1993, § 26-62; Code 2004, § 94-212; Code 2015, § 25-254)

Cross reference—Streets, sidewalks and public ways, Ch. 24.

Sec. 25-255. Curbs, gutters and sidewalks.

Curbs, gutters and sidewalks shall be installed on both sides of streets lying within the subdivision; if an existing street abuts the subdivision, the subdivider shall install curbs, gutters and sidewalks on the side of the existing street that abuts the subdivision, if curbs, gutters and sidewalks already installed do not conform to the City's standard curb, gutter and sidewalk specifications or if there are no curbs, gutters and sidewalks. All curbs, gutters and sidewalks installed under the requirements of this section shall conform in all respects with the standard curb, gutter and sidewalk specifications of the City.

(Code 1993, § 26-63; Code 2004, § 94-213; Code 2015, § 25-255)

Sec. 25-256. Stormwater sewers or drainage systems.

A stormwater sewer or drainage system adequate to serve the subdivision and the contributing drainage area in its vicinity shall be installed in the subdivision in accordance with the standard stormwater and drainage system specifications of the City.

(Code 1993, § 26-64; Code 2004, § 94-214; Code 2015, § 25-256)

Cross reference—Stormwater, § 28-907 et seq.

Sec. 25-257. Water distribution system; fire hydrants.

A water distribution system, including fire hydrants, adequate to furnish water to consumers in the subdivision and for fire protection therein shall be installed in the subdivision in accordance with the standard water distribution

system and fire hydrant specifications of the City.

(Code 1993, § 26-65; Code 2004, § 94-215; Code 2015, § 25-257)

Cross reference—Fire prevention and protection, Ch. 13; water, § 28-232 et seq.

Sec. 25-258. Sanitary sewage disposal system.

A sanitary sewage disposal system adequate to supply the needs of occupants of lots in the subdivision shall be installed therein in accordance with the standard sanitary sewage disposal specifications of the City when any part of the existing sewage disposal system of the City is accessible and it is practicable to connect such sewage disposal system thereto. Whenever no part of the existing sewage disposal systems of the City is accessible or it is not practicable to connect such sewage disposal system thereto, provision shall be made for the disposal of sanitary sewage through a sewage treatment plant or facilities upon the following conditions:

(1) The soil, topography and other conditions are such that, in the opinion of the Director of Public Works and the District Health Director, the disposal of sanitary sewage from lots in the subdivision can be done through percolation in the ground without impairing the public health.

(2) Such plant and facilities and equipment shall be installed to provide for such sewage disposal as shall be approved by the appropriate City departments.

(Code 1993, § 26-66; Code 2004, § 94-216; Code 2015, § 25-258)

Cross reference—Sewers, § 28-577 et seq.

Sec. 25-259. Location of sewers, gas and water distribution facilities, electric power, cable television and telephone service.

All sewers, gas and water distribution facilities and all facilities to furnish electric power, cable television, and telephone service installed in a subdivision shall be located underground in such places as designated by the Directors of Public Works and Public Utilities.

(Code 1993, § 26-67; Code 2004, § 94-217; Code 2015, § 25-259)

Sec. 25-260. Cost of constructing improvements.

(a) The subdivider shall bear the total cost of constructing or installing streets, alleys, curbs and gutters, sanitary sewers and water distribution systems, including fire hydrants, within the limits of the subdivision. However, if the City shall contract with the subdivider with regard to any of the following, the cost of such shall be borne as set out:

(1) For streets in excess of 66 feet in width, the City will pay the additional cost as determined by the Director of Public Works.

(2) For alleys in excess of 20 feet in width, the City will pay the additional cost as determined by the Director of Public Works.

(3) For sanitary sewers of a larger size than the standard size as required for the proposed development within the limits of the subdivision, the City will pay the additional cost of sewers larger than such standard size as determined by the Director of Public Works.

(4) For water mains larger than the standard size as would be required for the proposed development within the limits of the subdivision, the City will pay the additional cost for water mains in excess of such standard size as determined by the Director of Public Utilities.

(b) The City shall bear the total cost of constructing or installing stormwater sewers, drains or other drainage facilities; street name signs; and that portion of the cost of streetlights which may exceed any allowance made by the utility company, provided funds for such extensions and improvements are available for such purposes.

(c) When conditions require the extension of a street, alley, curb and gutter, sanitary sewer or water main or any of them from such existing improvements to the outer limits of the subdivision, the developer may construct the extensions at the developer's entire cost or may, provided funds for the City's portion of such cost are available, enter into a written contract with the City providing for the following:

(1) The developer shall pay the City the estimated cost of standard size facilities required to serve the subdivision.

(2) The City shall construct the extensions and shall pay the cost of the sizes in excess of standard size as determined in subsection (a) of this section.

(3) Upon the completion of such work, if it is determined that the estimated cost paid by the developer to the City exceeds the actual cost chargeable to the developer, the City will refund such excess payment to the owner; if it is found that the estimated cost paid by the developer is less than the actual cost chargeable to the developer, the developer will pay such deficit to the City.

(4) During the period of ten years following the signing of the contract, the City will refund to the developer an amount equal to the actual cost of extending 50 feet of sanitary sewer for each service connection to the sewer extension, and the City will refund to the developer an amount equal to the actual cost in extending 50 feet of water main for each water service connection made to the water main extension. No refund shall be made in excess of the sum paid to the City for the extension of the sanitary sewer or for the water main.

(Code 1993, § 26-68; Code 2004, § 94-218; Code 2015, § 25-260)

Sec. 25-261. Methods of paying for improvements.

(a) The subdivider shall install all required improvements in a manner which shall meet all City specifications and which shall have City inspection and approval prior to the approval of the final plat.

(b) The subdivider shall enter into a contract with the City agreeing to install all required improvements in a manner which shall meet all City specifications and shall have City inspection and approval and shall furnish to the City a bond with corporate surety in a sum equal to the subdivider's portion of the cost of installing all required improvements as estimated by the City, ensuring that all of the work will be completed within two years. In lieu of such bond, the subdivider may deposit in escrow money or securities, acceptable to the Director of Finance, equal to the estimated amount of the subdivider's portion of the cost of such improvements.

(c) In lieu of subsections (a) and (b) of this section, the subdivider may request the City to install all improvements as required by depositing with the City in advance the entire estimated amount of the subdivider's portion of the cost of improvements. Upon the completion of such work, if it is found that such estimated cost exceeds the actual cost, the City will refund such excess to the subdivider; if it is found that such estimated cost is less than the actual cost, the subdivider will pay such deficit to the City.

(d) The City will be bound under any contract only to the extent of funds available or which may become available for such improvements in the City contract.

(e) Any requests and approvals for partial or final release of performance guarantees will be processed in accordance with general law.

(Code 1993, § 26-69; Code 2004, § 94-219; Code 2015, § 25-261)

Sec. 25-262. Conditions governing installation of improvements generally.

(a) *Competitive bids.* Bona fide competitive bids are mandatory in all items of City participation in subdivisions.

(b) *Preliminary plans and estimates.* Detailed preliminary estimates along with preliminary plans prepared in sufficient detail by a qualified engineer to fully support the estimates shall be submitted to the City and approved by the Chief Administrative Officer or his or her designee, by the subdivider, and certified to by a certified professional engineer as a basis for a contract between the City and the subdivider under Section 25-260. The Chief Administrative Officer or his or her designee reserves the right to review, revise, approve or disapprove such estimates or plans.

(c) *Standards of design.* The design of all facilities shall be in accordance with recognized sound engineering practice and the current standards, specifications and policies of the City and shall be approved by the Chief Administrative Officer or his or her designee.

(d) *Standards of construction.* The construction of all facilities shall be in accordance with recognized sound

engineering practice and the current standards, specifications and policies of the City and shall be approved by the Chief Administrative Officer or his or her designee. The subdivider shall not enter into a contract for construction until the proposed contract is approved by the Chief Administrative Officer or his or her designee.

(e) *Notice of construction.* The subdivider shall give written notice to the Chief Administrative Officer or his or her designee at least ten days in advance of the actual beginning of construction.

(Code 1993, § 26-70; Code 2004, § 94-220; Code 2015, § 25-262; Ord. No. 2004-360-330, § 1, 12-13-2004)

ARTICLE IV. PLATS*

***State law reference—**Provisions for plat details required, Code of Virginia, § 15.2-2241(A)(1).

Sec. 25-288. Preparation by engineers or surveyors.

Every subdivision plat which is intended for recording shall be prepared by a certified professional engineer or land surveyor, who shall endorse upon each such plat a certificate signed by such person setting forth the source of title of the owner of the land subdivided and the place of record of the last instrument in the chain of title. When the plat is of land acquired from more than one source of title, the outlines of the several tracts shall be indicated upon such plat. However, nothing herein shall be deemed to prohibit the preparation of preliminary studies, plans or plats of a proposed subdivision by the owner of the land, City planners, land planners, architects, landscape architects or others having training or experience in subdivision planning or design.

(Code 1993, § 26-81; Code 2004, § 94-251; Code 2015, § 25-288)

State law reference—Similar provisions, Code of Virginia, § 15.2-2262.

Sec. 25-289. Legibility, dimensions and scale.

Plats of subdivisions shall be clearly and legibly drawn in black lines with India ink. The dimensions of each sheet shall be 16 inches by 24 inches and shall include a margin of one-half inch outside of ruled border lines at the bottom and right side of the 16-inch end and a margin of 1 1/2 inches on the left side and at the top of the sheet. The plat of a subdivision shall be drawn to the scale of one inch equal to 100 feet, unless otherwise authorized by the Commission.

(Code 1993, § 26-82; Code 2004, § 94-252; Code 2015, § 25-289)

Sec. 25-290. Submission for approval; disposition of copies after approval.

Two opaque Mylar prints and one transparent Mylar of the subdivision plat shall be submitted to the Commission for approval after it has been duly executed and acknowledged by the subdivider. After the Commission has approved the plat, one opaque Mylar print shall be returned to the subdivider for recordation, and the other opaque Mylar print and the transparent copy shall be retained by the Commission.

(Code 1993, § 26-83; Code 2004, § 94-253; Code 2015, § 25-290)

Sec. 25-291. Index sheet; sketches of area in vicinity of subdivisions.

When the plat of a subdivision consists of more than one sheet, an index sheet of the same size as the sheets comprising the plat may be required by the Commission showing thereon the entire subdivision. A sketch of the area in the vicinity of the subdivision on a small scale may be required to be shown on the plat by the Commission.

(Code 1993, § 26-84; Code 2004, § 94-254; Code 2015, § 25-291)

Sec. 25-292. Contents.

The plat of a subdivision shall contain the following:

(1) The boundaries of the subdivision, showing the length of its courses and distances to hundredths of a foot and bearings to half minutes, having been determined by an accurate survey thereof in the field, which shall close with an error of closure not exceeding one foot in 10,000 feet;

(2) Accurate coordinates of selected or monumented points referred to in the City geodetic survey system when the geodetic survey control has been completed. The error of closure referred to in this section

shall be adjusted before the coordinates are computed;

(3) The exact location, alignment and width along property lines of all streets, whether opened or not, intersecting or paralleling the boundaries of the subdivision;

(4) The exact location and character of all monuments;

(5) The exact location, alignment or arrangement of street and alley lines in the subdivision; the names of all streets; the bearing, angles of intersection and width thereof, including their width along the line of any obliquely intersecting street;

(6) The lengths of arcs and radii and tangent bearings;

(7) The exact location, alignment or arrangement of all easements provided for use by public service corporations, with a statement of any restrictions or limitations placed on such use;

(8) The exact location, alignment or arrangement of all lot lines with their dimensions expressed in feet and hundredths of a foot and with their bearings or angles to half minutes;

(9) The tangent distances of all corners when rounded at intersections, except when streets intersect at right angles;

(10) All lots shall be numbered with consecutive Arabic numerals in each block;

(11) All blocks shall be lettered in alphabetical order;

(12) For resubdivision of lots in any block, the lots shall be numbered with consecutive Arabic numerals beginning with the numeral following the highest lot numeral in the block;

(13) The exact boundaries of all property to be dedicated for public use and of all property to be reserved by covenant in deeds for the common use of the occupants of lots in the subdivision or otherwise reserved, with a statement of the purpose for which such covenant or reservation is made or such use is restricted or limited;

(14) The zoning designation and lot area of individual lots;

(15) The name of the subdivision or section or part thereof, the date, the scale and the name of the engineer or surveyor who prepared the plat, which shall be contained in a space not exceeding four inches high and six inches wide in the lower right-hand corner of the plat. The name of the subdivision shall appear more distinctively than the other data;

(16) The names and locations of contiguous or adjoining subdivisions and the ownership of other contiguous or adjoining property;

(17) The name of the subdivider;

(18) The north point with magnetic bearing, or if the true meridian is shown, the basis for its determination shall be stated;

(19) A statement of the engineer or surveyor who prepared the plat, certifying that:

a. The plat represents and is based on a survey made by or under the direction and supervision of such engineer or surveyor;

b. All monuments shown thereon are actually in place or will be put in place before a date specified and their location and character are truly shown on the plat; and

c. All of the provisions and requirements of the foregoing sections of this chapter have been observed and fully complied with;

(20) A statement to the effect that the subdivision as it appears on the plat, including the dedication of all streets, alleys, easements and other land for public purposes and use, is with the free consent and in accordance with the desire of the subdivider and of the trustee or mortgagee or each of them, if more than one, in any deed or other instrumentality, if any, creating a lien on the land in the subdivision or any part thereof, which shall be signed by the subdivider, trustee or mortgagee and shall be duly acknowledged before some officer authorized to take acknowledgements to deeds. All cloth prints and

transparent copies shall contain such signatures;

(21) A statement prepared by a certified professional engineer or land surveyor, who shall endorse upon each such plat a certificate signed by such person setting forth the source of title of the owner of the land subdivided and the place of record of the last instrument in the chain of title. When the plat is of land acquired from more than one source of title, the outlines of the several tracts shall be indicated upon such plat;

(22) The depiction of resource protection area and resource management area boundaries, including a notation to retain an undisturbed and vegetative 100-foot-wide buffer area, as specified in the Chesapeake Bay Preservation Area Designation and Management Regulations; a notation for pump-out and 100 percent reserved drainfield sites for on-site sewage treatment systems, when applicable; and a notation of the permissibility of only water-dependent facilities or redevelopment in resource protection areas, including the 100-foot-wide buffer areas; and

(23) The delineation of the buildable areas that are allowed on each lot. The delineation of buildable areas shall be based on the performance criteria specified in the Chesapeake Bay Preservation Area Designation and Management Regulations; front, side and rear yard setback requirements established pursuant to Chapter 30; and any other relevant easements or limitations regarding lot coverage.

(Code 1993, § 26-85; Code 2004, § 94-255; Code 2015, § 25-292)

Sec. 25-293. Approval or denial.

(a) When any and all conditions which may have been imposed by the Commission as conditions of approval of any preliminary subdivision plats have been complied with and when the Directors of Public Works and Public Utilities have certified in writing that all requirements of Sections 25-260, 25-261 and 25-262 have been complied with or that all contracts and bonds required under such sections have been properly executed and delivered and are in force and effect, the Secretary of the Commission shall finally approve the subdivision plat.

(b) The Commission shall complete all actions on preliminary subdivision plats in accordance with Code of Virginia, § 15.2-2260. If the Commission does not approve the preliminary plat, the Commission shall set forth in writing the reasons for such denial and shall state what corrections or modifications will permit approval by the Commission. If the Commission fails to approve or disapprove the preliminary plat within 90 days after it has been officially submitted for approval, the subdivider, after ten days' written notice to the Commission, may petition the Circuit Court of the City to enter an order with respect thereto as it deems proper, which may include directing approval of the preliminary plat. For the purposes of this subsection, a preliminary plat shall not be deemed officially submitted until the Secretary of the Commission determines that it contains all of the information required by this chapter.

(c) The Secretary of the Commission shall complete all actions on final subdivision plats within 60 days after it has been officially submitted to the Commission for approval by either approving or disapproving the final plat in writing and giving with the disapproval specific reasons therefor. Specific reasons for disapproval may be contained in a separate document or may be written on the final plat itself. The reasons for disapproval shall identify deficiencies in the final plat which cause the disapproval by reference to specific duly adopted ordinances, regulations, or policies and shall generally identify modifications or corrections as will permit approval of the final plat. If the Commission fails to approve or disapprove the final plat within 60 days after it has been officially submitted for approval, the subdivider, after ten days' written notice to the Commission, may petition the Circuit Court of the City to decide whether the final plat should or should not be approved. The court shall hear the matter and make and enter an order with respect thereto as it deems proper, which may include directing approval of the final plat. For the purposes of this subsection, a final plat shall not be deemed officially submitted until the Secretary of the Commission determines that it contains all of the information required by this chapter.

(d) If the Commission disapproves a preliminary plat or the Secretary of the Commission disapproves a final plat and the subdivider contends that the disapproval was not properly based on the ordinance applicable thereto or was arbitrary or capricious, the subdivider may appeal to the Circuit Court of the City. The court shall hear and determine the case as soon as may be practicable, provided that the subdivider's appeal is filed with the Circuit Court within 60 days of the written disapproval by the Commission or the Secretary of the Commission.

(Code 1993, § 26-86; Code 2004, § 94-256; Code 2015, § 25-293)

Sec. 25-294. Recordation.

Upon the approval of the subdivision plat by the Commission, the subdivider shall record it in the office of the clerk of the court in the City in which deeds conveying lots in the subdivision are required to be recorded, within six months from the day the plat is approved. Upon failure to record the plat within six months from the date of such approval of the Commission, such failure shall operate to revoke such approval and render it void and of no effect. Unless a plat is filed for recordation within six months after final approval thereof or such longer period as may be approved by the Commission, such approval shall be withdrawn and such plat marked void and returned to the Secretary of the Commission; however, when construction of facilities to be dedicated for public use has commenced pursuant to an approved plan or permit with surety approved by the appropriate City department or when the developer has furnished surety to the appropriate City department by certified check, cash escrow, bond or letter of credit in the amount of the estimated cost of construction of such facilities, the time for plat recordation shall be extended to one year after final approval or to the time limit specified in the surety agreement approved by the appropriate City department, whichever is greater.

ARTICLE I. IN GENERAL

Sec. 26-1. Definitions.

Words and terms not defined in this section shall be interpreted in accordance with such normal dictionary meaning or customary usage as is appropriate to the context. The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Assessed value, for taxes, means the result obtained when the original cost (tangible personal property or machinery and tools) is multiplied by the assessment rate.

Assessment rate means the percentage applied to the original cost of tangible personal property and machinery and tools to determine the assessed value of the property.

Collector means the Director of Finance or designee.

Director means the Director of Finance.

Due date means the date on which any tax levied by the City is required to be paid to the Collector without incurring a penalty.

Machinery and tools tax means for tax years beginning prior to January 1, 2021, the tax on machinery and tools except idle machinery and tools as defined in Code of Virginia, § 58.1-3507(D) and machinery and equipment used by farm wineries as defined in Code of Virginia, § 4.1-100, used in a manufacturing, mining, water well drilling, processing or reprocessing, radio or television broadcasting, dairy, dry cleaning or laundry business.

State law reference—Machinery and tools defined, Code of Virginia, § 58.1-3507(A).

Machinery and tools tax means for tax years beginning on and after January 1, 2021, the tax on machinery and tools, except idle machinery and tools as defined in Code of Virginia, § 58.1-3507(D) and machinery and equipment used by farm wineries as defined in Code of Virginia, § 4.1-100, used in a manufacturing, mining, water well drilling, processing or reprocessing, radio or television broadcasting, dairy, dry cleaning or laundry business, or a business primarily engaged in advanced recycling, as defined in Code of Virginia, § 58.1-439.7.

State law reference—Machinery and tools defined, Code of Virginia, § 58.1-3507(A).

Personal property tax means the tax on tangible personal property owned on the tax date and either physically located in the City or, for vehicles, normally garaged or parked in the City.

Situs means the location of personal property and machinery and tools which determines the locality to which the owner of the property may be subject to taxation. For tangible personal property and machinery and tools, situs is based on the physical location of the property on the tax day. For motor vehicles, travel trailers, boats and airplanes, situs is determined generally by where the vehicle is normally garaged, docked or parked. See Code of Virginia, § 58.1-3511 for exceptions.

Tangible personal property means all personal property not classified as intangible personal property, merchant's capital or daily rental property as defined by Code of Virginia, §§ 58.1-1100 and 58.1-3510.

Tax day means the effective date on which personal property and machinery and tools become subject to

personal property or machinery and tools taxes in the City.

Tax rate means the figure used to calculate the total taxes due, expressed as an amount per $100.00 of assessed value, or gross receipts, as determined by the City Council.

Cross reference—Definitions generally, § 1-2.

Sec. 26-2. Commission for collection, accounting, and remission of meals taxes.

In accordance with Code of Virginia, § 58.1-3816.1, any local business, or any class thereof, required by Article VIII of this chapter to collect and remit to the City the tax paid for meals levied under Article VIII of this chapter may withhold as a deduction from the tax remitted a commission in the amount of three percent of the amount of such tax due and accounted for. No deduction shall be allowed if the amount due was delinquent.

(Code 2015, § 26-2; Ord. No. 2018-142, § 1, 5-14-2018; Ord. No. 2019-124, § 1, 5-13-2019)

Sec. 26-3. Application of payments.

The Director of Finance shall not be required to credit all payments of local levies first against the most delinquent account and may instead credit such payments, to the extent permitted by law, in the manner deemed appropriate where the taxpayer has entered into a bona fide payment agreement with the City.

ARTICLE II. TAX AMNESTY PROGRAM

Sec. 26-21. Administration.

As authorized by Chapter 200 of the 2010 Acts of Assembly of Virginia, as amended by Chapters 254 and 496 of the 2012 Acts of Assembly of Virginia, the Director of Finance may administer the tax amnesty program in any tax year, in accordance with this article and other applicable law, for any person, individual, corporation, estate, trust, or partnership required to file a local tax return or to pay any local tax.

(Code 2004, § 98-2; Code 2015, § 26-21; Ord. No. 2011-4-3, § 1, 1-24-2011; Ord. No. 2017-063, § 1, 5-15-2017)

Sec. 26-22. Purpose.

The purpose of this article is to set forth the general provisions pursuant to which the Director of Finance administers the tax amnesty program established by Chapter 200 of the 2010 Acts of Assembly of Virginia, as amended by Chapters 254 and 496 of the 2012 Acts of Assembly of Virginia. The purpose of the program is to increase compliance by delinquent taxpayers in the reporting and payment of local tax liabilities owed to the City or to provide eligible taxpayers with short-term relief after the declaration of a national, state, or local emergency, either or both. The parameters set forth in Sections 26-21 through 26-29 shall apply to the program.

(Code 2004, § 98-3; Code 2015, § 26-22; Ord. No. 2011-4-3, § 1, 1-24-2011; Ord. No. 2017-063, § 1, 5-15-2017; Ord. No. 2020-096, § 1(26-22), 4-27-2020)

Sec. 26-23. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Tax amnesty period means the period established in accordance with this article during which tax amnesty is available to eligible persons, individuals, corporations, estates, trusts or partnerships that are required to file a local tax return or to pay any local tax.

Tax amnesty program means the tax amnesty program established pursuant to Chapter 200 of the 2010 Acts of Assembly of Virginia, as amended by Chapters 254 and 496 of the 2012 Acts of Assembly of Virginia, and administered in accordance with the provisions of those Acts of Assembly and Sections 26-21 through 26-29.

(Code 2004, § 98-4; Code 2015, § 26-23; Ord. No. 2011-4-3, § 1, 1-24-2011; Ord. No. 2017-063, § 1, 5-15-2017)

Cross reference—Definitions generally, § 1-2.

Sec. 26-24. Rules, regulations and guidelines for administration of tax amnesty program.

The Director of Finance may issue, modify and enforce any rules, regulations or guidelines, consistent with this article and other applicable law, necessary to carry out the requirements and purposes of this article.

(Code 2004, § 98-5; Code 2015, § 26-24; Ord. No. 2011-4-3, § 1, 1-24-2011)

Sec. 26-25. Duties of Director of Finance.

The Director of Finance shall provide the Council with a report prior to each tax amnesty period concerning the procedures and guidelines that shall be applicable for the immediately succeeding tax amnesty period.

(Code 2004, § 98-6; Code 2015, § 26-25; Ord. No. 2011-4-3, § 1, 1-24-2011)

Sec. 26-26. Eligibility criteria.

Any person, individual, corporation, estate, trust or partnership required to file a local tax return or to pay any local tax shall be eligible to participate in the tax amnesty program, subject to the requirements and limitations set forth in this article and other applicable law. However, no person, individual, corporation, estate, trust or partnership currently, or at the inception of this program, under investigation or prosecution for filing a fraudulent return or failing to file a return with the intent to evade tax shall qualify to participate, and no person, individual, corporation, estate, trust or partnership against which any civil action has been filed in a court of competent jurisdiction to enforce or collect a delinquent tax before the end of the eligibility period shall qualify to participate, unless such delinquent tax, interest, penalty, attorney's fees, and any other applicable charges have been paid in full before the end of the tax amnesty period. For the purposes of the preceding sentence, the term "eligibility period" means the time period during which taxes become delinquent for which the benefits of the tax amnesty period are provided if, during the tax amnesty period and in accordance with this article, (i) the delinquent taxes and interest are paid, if only the penalty is waived, (ii) the delinquent taxes and penalty are paid, if only the interest is waived, or (iii) the delinquent taxes are paid, if both the interest and penalty are waived. In addition, the Director of Finance may notify each eligible person, individual, corporation, estate, trust or partnership against which any civil action has been filed in a court of competent jurisdiction to enforce or collect a delinquent tax before the end of the eligibility period that does not pay the full amount of delinquent tax, interest, penalty, attorney's fees, and any other applicable charges owed on or before the last day of the tax amnesty period that the Council and the Mayor may determine that such person, individual, corporation, estate, trust or partnership shall not be eligible to participate in future tax amnesty periods administered by the Director of Finance in accordance with this article.

(Code 2004, § 98-7; Code 2015, § 26-26; Ord. No. 2011-4-3, § 1, 1-24-2011; Ord. No. 2017-063, § 1, 5-15-2017)

Sec. 26-27. Notification of opportunity to participate in tax amnesty program; participation in tax amnesty program.

(a) *Notification of opportunity to participate.* The Director of Finance shall publish notice in a newspaper of general circulation and on the website of the Department of Finance that persons, individuals, corporations, estates, trusts or partnerships may be eligible to participate in the tax amnesty program during the applicable amnesty period.

(b) *Participation.* In order to participate in the tax amnesty program, any eligible person, individual, corporation, estate, trust or partnership required to file a local tax return or to pay any local tax shall pay in full the amount of all delinquent taxes, together with any interest or penalty not waived in accordance with this article, owed on or before the last day of the tax amnesty period for which such person, individual, corporation, estate, trust or partnership is qualified to participate.

(Code 2004, § 98-8; Code 2015, § 26-27; Ord. No. 2011-4-3, § 1, 1-24-2011; Ord. No. 2017-063, § 1, 5-15-2017; Ord. No. 2020-096, § 1(26-27), 4-27-2020; Ord. No. 2020-109, § 1, 5-11-2020)

Sec. 26-28. Waiver of penalties and interest upon payment of taxes; limitations.

In accordance with this article and other applicable law, and as recommended by the Mayor and authorized by ordinance adopted by the Council, the Director of Finance may waive, upon receipt, on or before the last day of the tax amnesty period, of the payment of (i) the amount of taxes and interest owed, if only the penalty is waived, (ii) the amount of taxes and penalty owed, if only the interest is waived, or (iii) the amount of taxes, if both the

interest and penalty are waived, all of the civil penalties assessed or assessable and the interest, either or both, as provided for in Code of Virginia, Title 58.1 (Code of Virginia, § 58.1-1 et seq.), which are the result of nonpayment, underpayment, nonreporting or underreporting of one or more types of local tax liabilities. No penalties or interest for any eligible person, individual, corporation, estate, trust or partnership shall be waived except upon receipt, on or before the last day of the tax amnesty period for which such person, individual, corporation, estate, trust or partnership is qualified to participate, of the full amount of (i) the delinquent tax and any interest owed if only the penalty is to be waived, (ii) the delinquent tax and penalty owed, if only the interest is to be waived, or (iii) the delinquent tax owed, if both the interest and penalty are to be waived.

(Code 2004, § 98-9; Code 2015, § 26-28; Ord. No. 2011-4-3, § 1, 1-24-2011; Ord. No. 2017-063, § 1, 5-15-2017)

Sec. 26-29. Tax amnesty program for the tax year beginning January 1, 2020; tax amnesty periods; report to Finance and Economic Development Standing Committee; waiver of penalties; limitations; applicability of other provisions.

(a) *Tax amnesty program for the tax year beginning January 1, 2020.* For the tax year beginning January 1, 2020, the Director of Finance shall administer the tax amnesty program in accordance with this article and other applicable law, for admissions, lodging, and meals taxes delinquent as of any date beginning March 21, 2020, through June 23, 2020, for tangible personal property taxes delinquent as of June 6, 2020, and for real estate taxes delinquent as of June 16, 2020. However, no taxpayer that qualifies for the tax amnesty program for which this section provides shall be permitted to withhold the commission provided for in Section 26-2. For purposes of this section, the phrase "delinquent local taxes" means, as applicable, admissions, lodging, or meals taxes delinquent as of any date beginning March 21, 2020, through June 23, 2020, tangible personal property taxes delinquent as of June 6, 2020, or real estate taxes delinquent as of June 16, 2020.

(b) *Tax amnesty periods for the tax year beginning January 1, 2020.* For delinquent local taxes described in subsection (a) of this section, the period within which eligible persons may receive tax amnesty program benefits for the tax year beginning January 1, 2020, shall be, for admissions, lodging, and meals taxes, from April 20, 2020, to June 30, 2020, and for tangible personal property taxes and real estate taxes, from June 5, 2020, to August 14, 2020.

(c) *Report to Finance and Economic Development Standing Committee.* The Director of Finance shall submit a report concerning the tax amnesty program administered in accordance with this section to the Finance and Economic Development Standing Committee within 60 days after the last day of each tax amnesty period established pursuant to this section. Such report shall include:

(1) The number of eligible tax amnesty program participants; and

(2) The total amount of penalties and interest waived for the delinquent local taxes described in subsection (a) of this section.

(d) *Waiver of penalties.* For the tax year beginning January 1, 2020, and for delinquent local taxes described in subsection (a) of this section, in accordance with this article and other applicable law, the Director of Finance shall waive, upon receipt of the payment of the amount of taxes owed on or before the last day of the applicable tax amnesty period established by this section, all of the civil penalties assessed or assessable and the interest as provided for in Code of Virginia, Title 58.1 (Code of Virginia, § 58.1-1 et seq.) which are the result of nonpayment or underpayment of the local tax liabilities described in subsection (a) of this section.

(e) *Limitations.* No penalties or interest for any eligible person, individual, corporation, estate, trust or partnership shall be waived for admissions, lodging, or meals taxes, except upon the timely filing of an admissions, lodging, or meals tax return each month, in accordance with Section 26-673, 26-699, or 26-728, as applicable, and upon receipt of the payment of the full amount of the delinquent tax owed on or before the last day of the applicable tax amnesty period for such taxes for the tax year beginning January 1, 2020. No penalties or interest for any eligible person, individual, corporation, estate, trust or partnership shall be waived for tangible personal property taxes or real estate taxes except upon receipt of the payment of the full amount of the delinquent tax owed on or before the last day of the applicable tax amnesty period for such taxes for the tax year beginning January 1, 2020. For purposes of this section, the phrase "receipt of the payment of the full amount of the delinquent tax" means, for admissions, lodging, or meals taxes delinquent as of any date set forth in subsection (a) of this section, as applicable, either the payment of the full amount due to the City on or before the last day of the applicable tax amnesty period or the

City's acceptance of a payment plan on or before the last day of the applicable tax amnesty period (i) for a period of no longer than six months, (ii) under which at least 25 percent of the full amount due has been delivered to the City on or before the last day of the applicable tax amnesty period, and (iii) in compliance with which the full amount due to the City has been paid by the end of the period of the payment plan and for tangible personal property taxes or real estate taxes delinquent as of the dates set forth in subsection (a) of this section, as applicable, payment of the full amount due to the City on or before the last day of the applicable tax amnesty period. No person, individual, corporation, estate, trust or partnership shall be eligible for a payment plan for admissions, lodging, or meals taxes under this section until the person has produced satisfactory evidence (i) that all delinquent taxes, penalty, and interest owed by the person prior to March 20, 2020, have been paid; (ii) that the City has accepted a payment plan with the person for any delinquent taxes, penalty, and interest owed by the person prior to March 20, 2020, and the person has adhered to all of the terms of such payment plan; or (iii) such delinquent taxes, interest, and penalty owed by the person prior to March 20, 2020, have been paid in full before the end of the applicable tax amnesty period set forth in this section.

(f) *Applicability of other provisions.* Except as may be provided otherwise in this section, this article shall apply to the tax amnesty period set forth in this section.

(Code 2004, § 98-10; Code 2015, § 26-29; Ord. No. 2011-4-3, § 1, 1-24-2011; Ord. No. 2017-063, § 1, 5-15-2017; Ord. No. 2020-096, § 1(26-29), 4-27-2020; Ord. No. 2020-109, § 1, 5-11-2020)

Sec. 26-30. Filing.

That, for the tax year beginning January 1, 2020, in order to qualify for the tax amnesty program for which this ordinance provides, all admissions, lodging, and meals tax returns, as applicable, for the tax year beginning January 1, 2020, shall be timely filed each month with the Director of Finance by no later than May 20, 2020.

(Ord. No. 2020-096, § 2, 4-27-2020)

ARTICLE III. ASSESSMENT OF PROPERTY FOR TAXATION*

***State law reference—**Statute of limitations for assessment of real estate, Acts of Assembly 1936, Ch. 261; amended by Acts of Assembly 1950, Ch. 422; tax assessments generally, Code of Virginia, § 58.1-3250 et seq.

DIVISION 1. GENERALLY

Sec. 26-47. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Assessor means the Assessor of Real Estate appointed to office pursuant to Sections 26-101 and 26-102 to assess real estate in the City for taxation.

(Code 1993, § 27-16; Code 2004, § 98-31; Code 2015, § 26-47)

Cross reference—Definitions generally, § 1-2.

Sec. 26-48. Erroneous assessments; refunds and exoneration from payments.

(a) In accordance with Code of Virginia, § 58.1-3990, the Director is authorized to refund any local taxes or classes of levies of local taxes erroneously paid, provided such Director is satisfied that any applicant for refund of such taxes has been assessed with local taxes, as provided in Code of Virginia, §§ 58.1-3980 and 58.1-3981, and such assessment has been erroneously made by an official authorized to make such assessments. Upon such satisfaction that an assessment or portion thereof is erroneous, the amount erroneously assessed shall be certified. If the levy has not been paid, with approval of the Director of Finance and the City Attorney, the applicant shall be exonerated from payment of so much of the levy as is erroneous; if such taxes have been paid, with the approval of the Director of Finance and the City Attorney, the applicant shall be refunded the amount erroneously paid, together with any penalties and interest paid thereon.

(b) In no event shall a refund be made unless application therefor is made within three years after the last day of the tax year for which the tax was assessed or one year from the date of the assessment, whichever is later.

DIVISION 2. DIVISION OF CITY INTO SECTIONS FOR ASSESSMENT AND COLLECTION OF REAL ESTATE TAXES

Sec. 26-68. Generally.

In order to eliminate the omission from taxation of real estate assessable by the City for taxation and to simplify and facilitate the preparation of tax bills therefor, the area embraced within the corporate City limits shall be divided into five general sections by the Assessor, to be designated, respectively, Section S, Section E, Section W, Section N and Section C.

(Code 1993, § 27-17; Code 2004, § 98-32; Code 2015, § 26-68)

Sec. 26-69. Plan showing location, metes and bounds of sections.

The location, metes and bounds of each of the sections designated in Section 26-68 shall be shown upon a plan prepared and kept on file in the Office of the Assessor, which plan may be revised from time to time by the assessor.

(Code 1993, § 27-18; Code 2004, § 98-33; Code 2015, § 26-69)

Sec. 26-70. Further division of City into census tracts.

The sections referred to in Section 26-68 shall be divided into census tracts as established by the United States Bureau of the Census, which tracts shall be shown on the plan referred to in Section 26-69 and designated by numbers preceded by the appropriate letter corresponding to the section.

(Code 1993, § 27-19; Code 2004, § 98-34; Code 2015, § 26-70)

Sec. 26-71. Assignment of block numbers; notice to Assessor.

The several blocks of land situated in the sections and tracts referred to in Sections 26-68 through 26-70 shall be numbered in accordance with numbers shown on the plan incorporated by Section 26-69. The Director of Public Works is hereby authorized and directed, when any land is subdivided by opening of streets, alleys or otherwise or when the corporate City limits shall be extended, to designate proper block numbers for the areas affected thereby, and upon such designation the Director shall give notice thereof to the Assessor.

(Code 1993, § 27-20; Code 2004, § 98-35; Code 2015, § 26-71)

Secs. 26-72—26-100. Reserved.

DIVISION 3. ASSESSOR

Sec. 26-101. Position created; purpose.

All real estate in the City not exempted from taxation by the State Constitution and not assessable for taxation by the State Corporation Commission as provided by law shall be assessed annually for taxation by the City, and for that purpose the Office of Assessor of Real Estate is hereby created.

(Code 1993, § 27-21; Code 2004, § 98-36; Code 2015, § 26-101)

Sec. 26-102. Appointment; qualifications.

The Assessor shall be appointed by the City Council for an indefinite term and shall be a member of the unclassified service. The Assessor shall be chosen on the basis of knowledge of and experience in real estate appraisal practices and procedures and administrative and executive ability. The Assessor shall report to the City Council's Finance Standing Committee on a monthly basis and shall be evaluated on an annual basis by the City Council at the time that the Council conducts its evaluation of other Council appointees.

(Code 1993, § 27-22; Code 2004, § 98-37; Code 2015, § 26-102; Ord. No. 2004-3-32, § 1, 2-9-2004)

Sec. 26-103. General powers; assistants.

The Assessor shall have the general management and control of the assessment of real estate for taxation. To assist in the performance of the Assessor's duties, the Assessor shall appoint a Deputy Assessor and such appraisers, clerks and other employees as shall be authorized by the City Council who shall be members of the classified service and shall be appointed and removed subject to the City's personnel rules and regulations. The Deputy Assessor, appraisers, clerks and other employees shall be responsible to the Assessor for the efficient performance of duties assigned to them by the Assessor.

(Code 1993, § 27-23; Code 2004, § 98-38; Code 2015, § 26-103)

Sec. 26-104. Duties.

The Assessor shall assess annually for taxation at its fair market value all real estate in the City which shall include all lands, buildings, structures and improvements thereon and all rights thereto and interests therein and shall have the power to do all things necessary to assess such property.

(Code 1993, § 27-24; Code 2004, § 98-39; Code 2015, § 26-104)

Sec. 26-105. Assessment of new buildings substantially completed or fit for use and occupancy; abatement of levies on buildings razed, destroyed or damaged.

(a) Notwithstanding any other provision of this chapter to the contrary, all new buildings substantially completed or fit for use and occupancy prior to November 1 of the year of completion shall be assessed when so completed or fit for use and occupancy, and the City Assessor shall enter in the books the fair market value of such building. No partial assessment as provided herein shall become effective until information as to the date and amount of such assessment is recorded in the Office of the Department of Finance and made available for public inspection. The total tax on any such new building for that year shall be the sum of (i) the tax upon the assessment of the completed building, computed according to the ratio which the portion of the tax year such building is substantially completed or fit for use and occupancy bears to the entire year, and (ii) the tax upon the assessment of such new building as it existed on January 1 of that assessment year, computed according to the ratio which the portion of the year such building was not substantially complete or fit for use and occupancy bears to the entire year. With respect to any assessment made under this subsection after September 1 of any year, the penalty for nonpayment by December 5 shall be extended to February 5 of the succeeding tax year.

(b) All levies on buildings which are (i) razed, or (ii) destroyed or damaged by a fortuitous happening beyond the control of the owner shall be abated. No such abatement, however, shall be allowed if the destruction or damage to such building shall decrease the value thereof by less than $500.00. Also, no such abatement shall be allowed unless the destruction or damage renders the building unfit for use and occupancy for 30 days or more during the calendar year. The tax on such razed, destroyed or damaged building is computed according to the ratio which the portion of the year the building was fit for use, occupancy and enjoyment bears to the entire year. Application for such abatement shall be made by or on behalf of the owner of the building within six months of the date on which the building was razed, destroyed or damaged.

DIVISION 4. MAKING OF ASSESSMENTS; REQUIREMENTS FOR SAME

Sec. 26-122. Time of making and entering assessment; notice of increase.

Every assessment of real estate shall be completed not later than December 31 of the year immediately preceding the year for which such assessment is to be effective for tax purposes, and every parcel of real estate shall be entered separately upon a land book in the name of the owner thereof or in the name of the owner of any interest therein. Every such entry shall show the nature of the estate, right, title or interest owned in such real estate. Whenever any such assessment is increased, the Assessor shall give written notice thereof to the owner of such real estate and of any interest therein by mailing such notice to the last known post office address of such owner, but the validity of such assessment shall not be affected by any failure to give or receive such notice.

(Code 1993, § 27-25; Code 2004, § 98-40; Code 2015, § 26-122; Ord. No. 2010-92-105, § 3, 5-24-2010)

State law reference—Notice of change in assessment, Code of Virginia, § 58.1-3330.

Sec. 26-123. Assessment of City property.

The Assessor shall also assess at its fair market value all real estate owned by the City as if such real estate were subject to taxation.

(Code 1993, § 27-26; Code 2004, § 98-41; Code 2015, § 26-123)

State law reference—Assessment of values, Code of Virginia, §§ 58.1-3280, 58.1-3308.

Sec. 26-124. Assessment not invalidated by error unless prejudicial.

No assessment of any real estate shall be held to be invalid because of any error, omission or irregularity in charging such real estate on the land book unless it is shown by the person contesting any such assessment that such error, omission or irregularity has operated to the prejudice of the rights of the taxpayer.

Secs. 26-125—26-146. Reserved.

DIVISION 5. LAND BOOKS

Sec. 26-147. Generally

The form of the land books shall be prescribed by the Assessor. In preparing the land book, all real estate owned by the City shall be listed separately from all other property assessed. The Assessor shall, upon completion of each annual assessment, certify on the land book on oath that all real estate subject to taxation by the City has been assessed at the fair market value thereof and that there are no errors on the face of the land book. The original of each land book shall be in the Office of the Assessor, and no change or alteration in or addition to any entry appearing thereon shall be made unless authorized by law. There shall also be furnished to the State Department of Taxation such information respecting such assessments as it may require. One copy of the land book shall be delivered by the Assessor to the Collector by May 1 of each year. One copy shall be filed with the Office of the Clerk of the Circuit Court of the City.

(Code 1993, § 27-28; Code 2004, § 98-43; Code 2015, § 26-147)

State law reference—Reassessment records, Code of Virginia, § 58.1-3300.

Sec. 26-148. Procedure in street closings.

Whenever any ordinance shall be passed closing any street, alley or other public place to public use or travel, the City Clerk shall send a copy of such ordinance to the Assessor, and the Assessor shall enter on the land books for the next ensuing year in the names of the abutting owners who may be entitled to such property the parcels of land formerly occupied by such street, alley or other public place.

(Code 1993, § 27-29; Code 2004, § 98-44; Code 2015, § 26-148)

Secs. 26-149—26-179. Reserved.

DIVISION 6. SPECIAL ASSESSMENTS

Sec. 26-180. Generally.

The Assessor shall list in the land book all charges made for the use of streets or alleys. The Director of Finance shall maintain a separate record of special assessments and charges for improvements made. When such assessments and charges are not paid in the year in which they are made, they shall be included in the real estate tax bill for the succeeding year.

(Code 1993, § 27-30; Code 2004, § 98-45; Code 2015, § 26-180)

Sec. 26-181. Duties of Assessor and Director of Finance generally; lien created.

The Assessor shall ascertain from time to time, but at least annually, what changes have been made in the subdivision of lots or by change of fronts and shall assess the change of front or reduce the tax of diminished fronts, as it may appear in each case. The Director of Finance shall ascertain, from time to time, not less than annually, from each of the departments of the City government what permits have been granted for the doing of any and all work of public improvement on any of the streets, alleys or public places of the City where abutting property owners are liable for the expense of doing such work and shall charge or credit them upon a journal and ledger to be kept in the Director's Office open to the public. Every such charge when so made shall constitute a lien upon the abutting property until it is paid and, if not paid in the year such charge is made, shall be added to the assessment against the abutting property for the ensuing tax year and shall be collected with such taxes by any manner prescribed by law for the collection of City taxes. The Director of Finance shall enter the extra charges and make the credits so reported upon books in columns provided therefor.

(Code 1993, § 27-31; Code 2004, § 98-46; Code 2015, § 26-181)

Sec. 26-182. Duties of Director of Public Works.

The Director of Public Works shall report to the Director of Finance the costs of all sidewalks and alleys paved and graded by the City, at the expense of the abutting property owners, and the Director of Public Works shall make out bills for such costs.

(Code 1993, § 27-32; Code 2004, § 98-47; Code 2015, § 26-182)

DIVISION 7. EFFECTIVE DATE

Sec. 26-203. Effective date of assessments.

Every assessment made by the Assessor shall be effective for tax purposes on January 1 of the tax year immediately after the year in which the assessment is completed, and taxes and other charges for the year shall be extended on the basis of every such assessment. The beginning of the tax and assessment year for the assessment of taxes on all real estate assessable by the City for taxation and other charges shall be January 1, and the owner of such real estate on that day shall be assessed with taxes and other charges for the year beginning on that day.

(Code 1993, § 27-33; Code 2004, § 98-48; Code 2015, § 26-203; Ord. No. 2010-92-105, § 3, 5-24-2010)

DIVISION 8. EQUALIZATION OF ASSESSMENTS

Sec. 26-230. Application to Assessor for hearings.

In order to equalize assessments of real estate, the Assessor shall hold hearings as often as may be necessary between August 1 and October 1 in each year in which an assessment is completed for the purpose of receiving such evidence as may be presented by any taxpayer with respect to the inequality of the assessment made of the real estate owned by such taxpayer for that year. Any taxpayer aggrieved by such assessment of the taxpayer's property may apply to the Assessor for the equalization thereof on forms provided by the Assessor for the purpose.

(Code 1993, § 27-34; Code 2004, § 98-49; Code 2015, § 26-230; Ord. No. 2010-92-105, § 3, 5-24-2010)

Sec. 26-231. Notice of hearings.

At least ten days before August 31 of each year in which an assessment is completed, notice shall be given by publication one time in one of the newspapers having general circulation in the City that the hearings referred to in Section 26-230 will be held at the place and on the days designated therein for the purpose of equalizing such assessments.

(Code 1993, § 27-35; Code 2004, § 98-50; Code 2015, § 26-231; Ord. No. 2010-92-105, § 3, 5-24-2010)

Sec. 26-232. Action after hearing; rule of evidence.

After hearing the evidence referred to in Section 26-230, the Assessor may take such action as deemed

necessary regarding assessments and shall record the action taken in the land book; provided, however, that there shall be a clear presumption in favor of each assessment, and the burden of proof shall be upon the taxpayer to show that such assessment is in excess of the fair market value of the real estate.

(Code 1993, § 27-36; Code 2004, § 98-51; Code 2015, § 26-232)

Sec. 26-233. Delegation of hearing to assistant; summary of evidence.

The Assessor may authorize persons employed in the Assessor's Office who are competent to do so to hold any hearing referred to in this division, provided the evidence presented or a summary thereof is transmitted to the Assessor for action with respect thereto.

(Code 1993, § 27-37; Code 2004, § 98-52; Code 2015, § 26-233)

Secs. 26-234—26-259. Reserved.

DIVISION 9. MISCELLANEOUS PROVISIONS

Sec. 26-260. Payment of court costs by City for correction of erroneous or double assessments.

All court costs incurred by any taxpayer in having corrected any erroneous or double assessment made against the taxpayer on any subject of local taxation or for any local public improvements shall be paid by the City when application is made therefor within the time prescribed by law and when such assessment is adjudged by a court of competent jurisdiction to be erroneous or doubled and was made through error of the proper assessing authority of the City.

(Code 1993, § 27-38; Code 2004, § 98-53; Code 2015, § 26-260)

Sec. 26-261. Summoning power of Assessor; service; failure to appear.

The Assessor shall have authority to summon taxpayers, their agents and other persons who may have information on the subject to appear and testify under oath concerning the ownership and value of real estate assessable by the Assessor and to require the production of books of account and other papers and records containing such information for inspection by the Assessor. Such summons may be served by any officer authorized by law to serve process or by registered mail. Any person refusing to answer the summons of the Assessor or failing or refusing to furnish information or to produce books of account, papers or other records required by the Assessor shall be guilty of a violation of this section, article or chapter, as the case may be.

(Code 1993, § 27-40; Code 2004, § 98-54; Code 2015, § 26-261)

Sec. 26-262. Notice to Assessor of new or remodeled buildings; assessment.

The Commissioner of Buildings shall notify the Assessor whenever erection of any new buildings or remodeling of existing structures is commenced within the City. Such new buildings and remodeled existing structures shall be assessed, whether entirely finished or not, at their fair market value on January 1 of the year for which the assessment is made.

(Code 1993, § 27-41; Code 2004, § 98-55; Code 2015, § 26-262)

Sec. 26-263. Information supplied by other City departments.

The departments and bureaus of the City having in their possession or under their control data or information which will aid the Assessor in carrying out the work of the Assessor's Office shall furnish it to the Assessor on written application therefor.

(Code 1993, § 27-42; Code 2004, § 98-56; Code 2015, § 26-263)

Sec. 26-264. Appraisal of property assessed by Corporation Commission.

The Assessor shall appraise all real estate in the City assessable for taxation under the law by the State Corporation Commission and compare the appraisals with the assessments thereof made by the Commission and solicit the aid of the Commission in equalizing the assessments of property in the City made by the Assessor with the assessment of other property in the City made by the Commission.

(Code 1993, § 27-43; Code 2004, § 98-57; Code 2015, § 26-264)

State law reference—Similar provisions, Code of Virginia, § 58.1-3200.

Sec. 26-265. Reproduction and sale of land books; unauthorized reproduction and sale.

The Assessor may, after the current land book required to be prepared and kept under this article is certified by the Assessor, cause such land book to be reproduced in such number of copies as deemed necessary to meet the demands of the public for its use and to authorize such reproductions to be sold to persons applying for such reproductions at a price to cover the cost of the City of reproducing the land book and the handling and distribution of such reproductions. The proceeds of the sale of such reproductions based upon the cost of labor and materials in reproducing such land book shall be kept in a separate account from which such cost shall be paid. Any surplus existing in such account at the close of any fiscal year shall be transferred to the general fund. The proceeds of the sale of such reproductions based upon any other cost of reproduction shall be paid into the general fund. It shall be unlawful for any person except the Assessor and a duly authorized representative to sell or offer any such reproduction for sale or to copy or cause to be copied or reproduced the whole or any part of any such reproduction and to sell or offer such copy or reproduction for sale, and every person who violates this sentence shall, upon conviction, be punished as provided in Section 1-16.

(Code 1993, § 27-44; Code 2004, § 98-58; Code 2015, § 26-265; Ord. No. 2010-92-105, § 3, 5-24-2010)

Sec. 26-266. Real estate property card file; fee for computer printouts.

A fee of $0.50 per computer printout shall be charged and paid into the City treasury to aid in defraying the cost of providing computer printouts of information contained in the real estate property card files maintained by the Assessor for each computer printout made from such property card files and provided to any person. Any department, agency or bureau of the City and any other governmental agency shall be exempt from payment of such fee.

ARTICLE IV. TAX COLLECTIONS GENERALLY

Sec. 26-298. Interest on refunds.

(a) Whenever the Director of Finance determines that any taxes due under this chapter have been erroneously assessed or that payments have been remitted in excess of the taxes due the City, the Director shall refund such erroneous or excess tax payments with interest at the same rate as charged by the City for delinquent or omitted tax payments.

(b) The interest on such tax refunds shall be calculated and paid as follows:

(1) Interest shall be calculated beginning from the date of the payment that created the refund or the due date of the tax, whichever is later, until the date of issuance of the refund to the taxpayer.

(2) No interest shall be paid on a refund that is made not more than 30 days from the date of the payment that created the refund or the due date of the tax, whichever is later.

ARTICLE V. LEVY AND COLLECTION OF PROPERTY TAXES*

***State law reference—**Property tax collections, Code of Virginia, §§ 58.1-3910 et seq., 58.1-3940 et seq.

DIVISION 1. GENERALLY

Sec. 26-330. Payments considered received on due date.

(a) The payment of any tax levied by this article must be received by the Collector as follows to be considered as paid on or before the due date:

(1) Actual receipt, in person or by mail, by the Collector on or before the due date; or

(2) Receipt of a remittance by mail bearing a U.S. postmark on or before 12:00 midnight of the due date.

(b) Whenever the due date of any City tax is a Saturday, Sunday or legal holiday, such payments may be made on the next succeeding business day, without penalty.

(Code 1993, § 27-61; Code 2004, § 98-96; Code 2015, § 26-330)

Sec. 26-331. Determination of fault for failure to file return or pay tax.

Penalty and interest for failure to file a return or to pay a tax levied under this article shall not be imposed if such failure was not the fault of the taxpayer. Pursuant to Code of Virginia, § 58.1-3916, the determination of such fault shall be made by the Director of Finance.

(Code 1993, § 27-62; Code 2004, § 98-97; Code 2015, § 26-331)

Sec. 26-332. Payment of administrative costs, etc.

(a) Fees shall be imposed upon each person chargeable with delinquent taxes or other delinquent charges to cover the administrative costs and reasonable attorney's or collection agency's fees actually contracted for. The attorney's or collection agency's fees shall not exceed 20 percent of the taxes or other charges so collected. The administrative costs shall be in addition to all penalties and interest and shall not exceed $30.00 for taxes or other charges collected subsequent to 30 or more days after notice of delinquent taxes or charges pursuant to Code of Virginia, § 58.1-3919 but prior to the taking of any judgment with respect to such delinquent taxes or charges. The fee for taxes or other charges collected subsequent to 30 or more days after notice of delinquent taxes or charges but prior to the taking of any judgment with respect to such delinquent taxes or charges shall be $30.00 and the fee for taxes or other charges collected subsequent to judgment shall be $35.00. If the collection activity is to collect on a nuisance abatement lien, the fee for administrative costs shall be $150.00 or 25 percent of the administrative costs.

(b) No tax assessment or tax bill shall be deemed delinquent and subject to the collection procedures prescribed herein during the pendency of any administrative appeal under Code of Virginia, § 58.1-3980, so long as the appeal is filed within 90 days of the date of the assessment, and for 30 days after the date of the final determination of the appeal, provided that nothing in this subsection shall be construed to preclude the assessment or refund, following the final determination of such appeal, of such interest as otherwise may be provided by general law as to that portion of a tax bill that has remained unpaid or was overpaid during the pendency of such appeal and is determined in such appeal to be properly due and owing.

(Code 1993, § 27-63; Code 2004, § 98-98; Code 2015, § 26-332; Ord. No. 2005-120-70, §§ 1, 2, 5-23-2005)

State law reference—Similar provisions, Code of Virginia, § 58.1-3958.

Sec. 26-333. Tax reduction for derelict buildings.

(a) Prior to commencement of an approved plan to demolish or renovate a derelict building submitted in accordance with Section 5-149, at the request of the property owner, the City Assessor shall make an assessment of the property in its current derelict condition. On the building permit application, the owner shall declare the costs of demolition or the costs of materials and labor to complete the renovation.

(b) After demolition of a derelict building in accordance with a plan submitted in accordance with Section 5-149, at the request of the property owner of such building, the City Assessor shall reflect the fair market value of the demolition costs, and reflect such value in the real estate tax assessment records.

(c) After renovation of a derelict building in accordance with a plan submitted in accordance with Section 5-149, at the request of the property owner of such building, the City Assessor shall reflect the fair market value of the renovation improvements, and reflect such value in the real estate tax assessment records.

(d) The real estate tax on an amount equal to the costs of demolition or an amount equal to the increase in the fair market value of the renovations shall be reduced for a period of five years, and such reduction shall run with the real estate. The reduction of taxes for demolition shall not apply if the structure demolished is a registered Virginia landmark or is determined by the Department of Historic Resources to contribute to the significance of a registered historic district.

Sec. 26-356. Adjustment of levy on public service corporations.

The levy upon real estate of public service corporations assessed by the State Corporation Commission, at other than its fair market value and remaining on an unequalized base (contra 100 percent of fair market value) as fixed in Section 26-355, shall be adjusted annually according to the assessment ratio as most recently determined and published by the State Department of Taxation in accordance with Code of Virginia, § 58.1-2604.

(Code 1993, § 27-72; Code 2004, § 98-122; Code 2015, § 26-356)

State law reference—Similar provisions, Code of Virginia, § 58.1-3201.

Sec. 26-357. Enforcement of liens.

No lien upon real estate for taxes levied thereon for 20 or more years shall be enforced in any proceeding at law or in equity, and such lien shall be deemed to have expired and to be barred and canceled after such time.

(Code 1993, § 27-73; Code 2004, § 98-123; Code 2015, § 26-357)

State law reference—Similar provisions, Code of Virginia, § 58.1-3940.

Sec. 26-358. Release of liens.

Whenever any taxes levied on real estate are not paid within 20 years or more from the date such taxes were levied, the Director of Finance or the Collector or a duly authorized representative shall mark on the record of the levy of such taxes "Lien barred and canceled as provided by law."

(Code 1993, § 27-74; Code 2004, § 98-124; Code 2015, § 26-358)

Sec. 26-359. Waiver of nuisance abatement liens to facilitate sale of property.

The Chief Administrative Officer is hereby authorized to waive and remove any docketed nuisance abatement liens, including liens for the removal of weeds and demolition of structures, in order to facilitate the sale of property. Such liens may be waived only as to a purchaser who is unrelated by blood or marriage to the property owner and who has no business association with the property owner. Such liens shall remain the personal obligation of the owner of the property at the time the liens were imposed. The granting of such waiver by the Chief Administrative Officer shall be subject to the requirements, limitations, or conditions decided by or promulgated by the Mayor.

(Code 1993, § 27-74.1; Code 2004, § 98-125; Code 2015, § 26-359; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 26-360. Release of delinquent real estate tax liens to facilitate the private sale of real property.

The Chief Administrative Officer or his or her designee is authorized to release and remove any delinquent real estate tax liens or any portion thereof in order to facilitate the private sale of real property. Such liens may be released only as to a purchaser who is unrelated by blood or marriage to the property owner, who has no business association with the property owner, who owes no delinquent real estate taxes for any real estate located within the City and where the subject real property, including land and improvements, is assessed at less than $50,000.00.

Such liens shall remain the personal obligation of the owner of the property at the time the liens were imposed. The Mayor shall promulgate the requirements, limitations or conditions for release of such liens to encourage the redevelopment of deteriorated property and the elimination of blight.

(Code 1993, § 27-74.2; Code 2004, § 98-126; Code 2015, § 26-360; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 26-361. Due date; payment without penalty; interest chargeable on delinquent taxes.

(a) Taxes levied on real estate shall be due and payable on the first day of the tax year for which they are levied. Such taxes may be paid without penalty during the year for which they are levied if one-half of such taxes are paid on or before January 14 of that year and the remaining one-half of such taxes are paid on or before June 14 of that year.

(b) The Collector shall give notice of each due date for real estate taxes by publication as required by Code of Virginia, § 58.1-3911.

(c) Whenever any taxpayer shall fail, refuse or neglect to pay the installment of taxes on or before the due date, there shall be added to the installment of taxes a penalty of ten percent thereof.

(d) Whenever an installment of such taxes is not paid on or before the due date, such unpaid taxes on the following day shall be deemed to be delinquent. Interest on such unpaid taxes shall be charged annually thereon at the rate of ten percent from the day following the due date pursuant to Code of Virginia, § 58.1-3916.

(e) Except as provided otherwise in Section 26-362, this section shall not apply to taxes on real estate assessed for taxation by the State Corporation Commission.

(Code 1993, § 27-75; Code 2004, § 98-127; Code 2015, § 26-361; Ord. No. 2010-92-105, § 3, 5-24-2010; Ord. No. 2011-5-4, § 3, 1-24-2011; Ord. No. 2016-265, § 1, 11-14-2016)

Sec. 26-362. Due date when assessed by State Corporation Commission; penalty; rates of interest chargeable on delinquent taxes.

(a) Taxes levied on real estate assessed for taxation by the State Corporation Commission shall be due and payable on the first day of the tax year for which they are levied. Credit on account of such taxes will be allowed during the year for which they are levied by payment of one-half of such taxes on or before January 14 of that year and of the remaining one-half of such taxes on or before June 14 of that year of the amount of taxes paid or levied for the preceding tax year. When the assessment of such real estate is made by the State Corporation Commission and the assessment is certified to the Assessor, the taxes due and payable shall be computed. If the payment made on account of the taxes exceeds the amount of the taxes so computed, the excess shall be refunded to the taxpayer. If the payment made on account of the taxes is less than the amount of the taxes so computed, the deficit may be paid by the taxpayer without penalty within 30 days after the taxpayer is given notice thereof. If the deficit is not paid within such 30 days, a penalty of ten percent of the amount of the deficit shall be added thereto.

(b) Whenever any such taxpayer shall fail, refuse or neglect to pay any installment of taxes paid or levied for the preceding tax year on or before the date on which such installment is due, there shall be added to the amount of the taxes for the current year, when computed, a penalty of ten percent to be retroactive to the respective due date in the year in which levied.

(c) Whenever an installment of the taxes so computed is not paid by the due date, such unpaid taxes shall be deemed to be delinquent. Interest on such unpaid taxes shall be charged thereon at the rate set forth in Section 26-361 from the day following the due date pursuant to Code of Virginia, § 58.1-3916.

(Code 1993, § 27-76; Code 2004, § 98-128; Code 2015, § 26-362; Ord. No. 2010-92-105, § 3, 5-24-2010; Ord. No. 2011-5-4, § 2, 1-24-2011)

Sec. 26-363. Prepayment into escrow payment plan; interest on such payments; installment payment.

(a) Any taxpayer assessed with taxes on real estate may voluntarily prepay such designated taxes at any time before such taxes have been assessed or, if assessed, before such taxes are due and payable. Such prepayment of taxes shall be paid into the City's real estate tax escrow payment plan, and interest shall be paid by the City on such prepayment at a fixed market investment rate as determined annually by the Director of Finance effective July 1 of each fiscal year. Upon payment in full of any and all taxes due from such taxpayer, the accrued interest or any

remaining portion thereof may be paid to the taxpayer or held in prepayment of tax obligations to be assessed at a later date, at the taxpayer's election, as authorized in Code of Virginia, § 58.1-3920.1.

(b) Any taxpayer assessed with taxes, which are due and payable, on real estate may pay such taxes, including any penalty and interest that may accrue or may have accrued thereon, in such installments and at such times and in such amounts as are agreed to by the Director of Finance and the taxpayer.

(Code 1993, § 27-77; Code 2004, § 98-129; Code 2015, § 26-363; Ord. No. 2006-33-54, § 1, 2-27-2006; Ord. No. 2010-92-105, § 3, 5-24-2010)

Sec. 26-364. Tax relief for elderly persons.

(a) *Exemption authorized.* Real estate tax exemption is provided for qualified property owners, who are not less than 65 years of age and who are eligible according to the terms of this section. Persons qualifying for exemption are deemed to be bearing an extraordinary real estate tax burden in relation to their income and financial worth.

(b) *Freeze authorized.* Real estate tax freeze is provided for qualified property owners, who are not less than 65 years of age and who are eligible according to the terms of this section. Persons qualifying for freeze are deemed to be bearing an extraordinary real estate tax burden in relation to their income and financial worth.

(c) *Freeze defined.* As used in this division, the term "tax freeze" or "freeze" refers to the total exemption of that portion of the real estate tax which represents the increase in such tax since the taxpayer initially applied and qualified for exemption under this division, so that the taxpayer's real estate tax will be frozen at the amount assessed in the tax year in which the taxpayer initially applied and qualified. If, for any tax year following the initial qualification of a taxpayer for a tax freeze such taxpayer becomes disqualified, any subsequent application for exemption by such taxpayer shall be treated as an initial application for purposes of determining the tax freeze.

(d) *Administration of exemption or freeze.* The exemption and the freeze shall be administered by the Director of Finance. The Director of Finance is hereby authorized and empowered to prescribe, adopt, promulgate and enforce rules, including the requirement of answers under oath, as may be reasonably necessary to determine qualifications for exemption or freeze as specified by this section. The Director of Finance may require the production of certified tax returns and appraisal reports to establish income or financial worth.

(e) *Requirements for exemption or freeze.* The taxpayer may apply for either the exemption or the freeze, but not both, and shall be granted the exemption or freeze for which they applied subject to the following provisions:

(1) The title of the property for which exemption or freeze is claimed is held, or partially held, on January 1 of the taxable year, by the person or persons claiming exemption.

(2) The head of the household occupying the dwelling and owning title or partial title thereto is 65 years or older on December 31 of the year immediately preceding the taxable year. Such dwelling must be occupied as the sole dwelling of the person or persons not less than 65 years of age. A dwelling jointly held by a husband and wife may qualify if either spouse is over 65 years of age. The fact that persons who are otherwise qualified for tax exemption or freeze by this section are residing in hospitals, nursing homes, convalescent homes or other facilities for physical or mental care for extended periods of time shall not be construed to mean that the real estate for which tax exemption or freeze is sought does not continue to be the sole dwelling of such persons during such extended periods of other residence so long as such real estate is not used by or leased to others for consideration.

a. For purposes of this section, the sole dwelling of the person or persons eligible for an exemption or freeze in accordance with this section includes real property:

1. Held by the eligible person alone or in conjunction with his spouse as tenant or tenants for life or joint lives;

2. Held in a revocable inter vivos trust over which the eligible person or the eligible person and his spouse hold the power of revocation; or

3. Held in an irrevocable trust under which an eligible person alone or in conjunction with his spouse possesses a life estate or an estate for joint lives or enjoys a continuing right of use or support.

b. For purposes of prorating the tax exemption authorized by this section in accordance with Code of Virginia, § 58.1-3211.1, real property that is a dwelling jointly held by two or more individuals includes real property:

1. Held by an eligible person in conjunction with one or more other people as tenant or tenants for life or joint lives;

2. Held in a revocable inter vivos trust over which an eligible person with one or more other people hold the power of revocation; or

3. Held in an irrevocable trust under which an eligible person in conjunction with one or more other people possesses a life estate or an estate for joint lives or enjoys a continuing right of use or support.

The term "eligible person" does not include any interest held under a leasehold or term of years.

(3) The gross combined income of the owner during the year immediately preceding the taxable year shall be determined by the Director of Finance to be an amount not to exceed $60,000.00. Gross combined income shall include all income from all sources of the owner and of the owner's relatives living in the dwelling for which exemption or freeze is claimed, except that the income of each relative providing bona fide caregiving services to the owner whether such relative is compensated or not, other than spouse, of the owner, who is living in the dwelling, shall not be included in such total. The term "owner," as used in this subsection, shall also be construed as "owners."

(4) The total combined financial worth of the owner as of December 31 of the year immediately preceding the taxable year shall be determined by the Director of Finance to be an amount not to exceed $350,000.00. Total financial worth shall include the value of all assets, including equitable interests, of the owner and spouse of any owner, of the dwelling for which exemption or freeze is claimed, excluding the fair market value of the dwelling and the land, not exceeding one acre, upon which such dwelling is situated for which exemption or freeze is claimed.

(5) Notwithstanding other subsections of this section, if a person has already or would otherwise be qualified for an exemption or freeze under this section, and if the person can prove by clear and convincing evidence that, after so qualifying, the person's physical or mental health has deteriorated to the point that the only alternative to permanently residing in a hospital, nursing home, convalescent home or other facility for physical or mental care is to have a relative move in and provide care for the person, and if a relative does then move in for that purpose, none of the relative's income shall be counted towards the income limit.

(f) *Claiming exemption or freeze.* Procedures for claiming the exemption or freeze shall be as follows:

(1) Not later than March 31 of the taxable year, the person claiming an exemption or freeze must file in writing an application or certificate therefor with the Director of Finance. In lieu of the filing of an annual application, once a taxpayer is determined to be eligible, an application may be filed on a three-year cycle with an annual certification by the taxpayer that no information contained on the last preceding application filed has so changed as to violate the limitations and conditions provided therein. Such annual certification and conditions must be filed not later than March 31 of the taxable year. The Director of Finance may accept applications filed before June 15 by first-time applicants and in hardship cases.

(2) The application shall set forth, in a manner prescribed by the Director of Finance:

a. The name, age, income and net worth of the person claiming an exemption or freeze;

b. The location, assessed value and tax on the property;

c. The names of the related persons, except for those related persons living in the dwelling and providing bona fide caregiving services to the owner, whether such related persons are compensated or not, occupying the dwelling for which exemption or freeze is claimed and their gross combined income; and

d. A clear statement of whether the applicant desires to claim an exemption or a freeze.

(3) If after audit and investigation, the Director of Finance determines that the person is qualified for exemption or freeze the Director shall issue a determination letter to the person who has applied for the tax exemption or freeze regarding the person's qualification. The amount of the tax exemption or freeze shall be communicated to the taxpayer or the taxpayer's agent with each annual real estate billing presented for payment in such manner as prescribed by the Director of Finance.

(g) *Amount of exemption.* The person qualifying for and claiming exemption shall be relieved of that portion of the real estate tax levied on the qualifying dwelling and land in the amount calculated in accordance with the following schedule:

Range of Income	*Percentage of Exemption*
$0.00 to $30,000.00	100%
$30,001.00 to $40,000.00	75%
$40,001.00 to $50,000.00	50%
$50,001.00 to $60,000.00	25%

(h) *Payment of difference.* In order to avoid the payment of penalty and interest on the full amount of the taxes, the person to whom an exemption or freeze determination letter has been issued shall, on or before January 14 of the tax year for which such exemption or freeze is issued and on or before June 14 of such tax year, present to the Collector the payment of one-half of the difference between the full amount of taxes levied on the property for which the exemption or freeze is issued and the amount of the exemption or freeze. The Collector will receipt the tax bill in full and cause an amount equal to that represented by tax exemption or freeze to be transferred from the appropriation made for tax relief for the elderly to the appropriate real estate tax account. Failure to remit one-half of the payment for the difference between the full amount of the taxes levied and the amount of the exemption or freeze on or before January 14 of the tax year for which the exemption or freeze is issued or the remaining one-half of such payment on or before June 14 of such tax year shall void the tax exemption or freeze previously granted for that tax year.

(i) *Payment extension.* The Director of Finance may prescribe, adopt, promulgate and enforce rules, as well as enter into payment arrangements, that enable a person who fails to remit the nonexempt portion of the taxes levied by the due dates of the year for which the exemption or freeze is issued to retain the exemption or freeze for which they have qualified if the failure to remit the payment is due to medically determinable physical or mental impairment or extreme financial hardship, as determined by the Director of Finance. In such cases, the nonexempt portion must be paid no later than the respective tax due date of the following tax year. The failure to honor payment arrangements or remit the nonexempt portion under the terms established by the Director of Finance shall render void the tax exemption or freeze granted for the prior tax year under the terms of the extension. An extension granted under the above term, to enable the taxpayer to retain a tax exemption or freeze, shall be assessed penalty and interest, as prescribed by Code of Virginia, § 58.1-3916 and Section 26-361.

(j) *Computation of exemption or freeze when appropriation is insufficient.* In any tax year in which the amount appropriated by the City Council for the purpose of providing real estate tax relief for the elderly shall not be sufficient to afford the entire relief allowable under the computations made pursuant to subsection (e) of this section, the amount of exemption or freeze shall be computed as a fraction of that produced under the formula set out in subsection (e) of this section, the numerator of the fraction to be the amount of the appropriation for the tax year and the denominator of the fraction to be the total amount of all allowable exemptions or freezes computed under the formula shown in subsection (e) of this section.

(k) *False claim of exemption or freeze.* The false claiming of the exemption of freeze authorized in this section shall constitute a misdemeanor; any person convicted of falsely claiming such exemption of freeze shall be punished by a fine not exceeding $1,000.00 or confinement in jail not exceeding 12 months, either or both.

(l) *Effective date of exemption or freeze.* The exemption or freeze herein authorized shall be effective for

the tax year commencing January 1, 2007, and for each tax year thereafter until otherwise provided by law or ordinance.

(Code 1993, § 27-78; Code 2004, § 98-130; Code 2015, § 26-364; Ord. No. 2004-67-67, § 1, 4-13-2004; Ord. No. 2005-58-57, § 1, 4-25-2005; Ord. No. 2005-255-237, § 1, 10-24-2005; Ord. State law reference—Exemptions for elderly persons, Code of Virginia, § 58.1-3210 et seq.

Sec. 26-365. Real estate tax relief for qualified permanently and totally disabled.

(a) *Exemption authorized.* Real estate tax exemption is provided for qualified property owners who are permanently and totally disabled in accordance with the criteria set out in Va. Const. Art. X, § 6, ¶ 7(b), and Code of Virginia, Title 58.1, Ch. 32, Art. 2 (Code of Virginia, § 58.1-3210 et seq.), and who are eligible according to the terms of the State Constitution, State law and this section. Persons qualifying for exemption are deemed to be bearing an extraordinary real estate tax burden in relation to their income and financial worth.

(b) *Freeze authorized.* Real estate tax freeze is provided for qualified property owners who are permanently and totally disabled in accordance with the criteria set out in Va. Const. Art. X, § 6, ¶ 7(b), and Code of Virginia, Title 58.1, Ch. 32, Art. 2 (Code of Virginia, § 58.1-3210 et seq.), and who are eligible according to the terms of the State constitution, State law and this section. Persons qualifying for freeze are deemed to be bearing an extraordinary real estate tax burden in relation to their income and financial worth.

(c) *Administration of exemption or freeze.* The exemption and the freeze shall be administered by the Director of Finance. The Director of Finance is hereby authorized and empowered to prescribe, promulgate and enforce rules and regulations, including the requirement of answers under oath, as may be reasonably necessary to determine qualifications for exemption or freeze as specified by this section. The Director of Finance may require the production of certified tax returns and appraisal reports to establish income or financial worth.

(d) *Requirements for exemption or freeze.* The taxpayer may apply for either the exemption or the freeze, but not both, and shall be granted the exemption or freeze for which they applied subject to the following provisions:

(1) The title of the property for which exemption or freeze is claimed is held, or partially held, on January 1 of the taxable year, by the person claiming exemption or freeze.

(2) The head of the household occupying the dwelling and owning title or partial title thereto is permanently and totally disabled. The fact that persons who are otherwise qualified for tax exemption or freeze by this section are residing in hospitals, nursing homes, convalescent homes or other facilities for physical or mental care for extended periods of time shall not be construed to mean that the real estate for which tax exemption or freeze is sought does not continue to be the sole dwelling of such persons during such extended periods of other residence so long as such real estate is not used by or leased to others for consideration.

a. For purposes of this section, the sole dwelling of the person or persons eligible for an exemption or freeze in accordance with this section shall include real property:

1. Held by the eligible person alone or in conjunction with his spouse as tenant or tenants for life or joint lives;

2. Held in a revocable inter vivos trust over which the eligible person or the eligible person and his spouse hold the power of revocation; or

3. Held in an irrevocable trust under which an eligible person alone or in conjunction with his spouse possesses a life estate or an estate for joint lives or enjoys a continuing right of use or support.

b. For purposes of prorating the tax exemption authorized by this section in accordance with Code of Virginia, § 58.1-3211.1, real property that is a dwelling jointly held by two or more individuals includes real property:

1. Held by an eligible person in conjunction with one or more other people as tenant or tenants for life or joint lives;

2. Held in a revocable inter vivos trust over which an eligible person with one or more other people hold the power of revocation; or

3. Held in an irrevocable trust under which an eligible person in conjunction with one or more other people possesses a life estate or an estate for joint lives or enjoys a continuing right of use or support.

The term "eligible person" does not include any interest held under a leasehold or term of years.

(3) The gross combined income of the owner during the year immediately preceding the taxable year shall be determined by the director of finance to be an amount not to exceed $60,000.00. Gross combined income shall include all income from all sources of the owner and of the owner's relatives living in the dwelling for which exemption is claimed, except that the of income of each relative providing bona fide caregiving services to the owner whether such relative is compensated or not, other than spouse, of the owner, who is living in the dwelling, shall not be included in such total. The term "owner," as used in this subsection, shall also be construed as "owners."

(4) The total combined financial worth of the owner as of December 31 of the year immediately preceding the taxable year shall be determined by the Director of Finance to be an amount not to exceed $350,000.00. Total financial worth shall include the value of all assets, including equitable interests, of the owner and spouse of any owner of the dwelling for which exemption or freeze is claimed, excluding the fair market value of the dwelling and the land, not exceeding one acre, upon which such dwelling is situated for which exemption or freeze is claimed.

(5) Notwithstanding other subsections of this section, if a person has already or would otherwise be qualified for an exemption or freeze under this section, and if the person can prove by clear and convincing evidence that, after so qualifying, the person's physical or mental health has deteriorated to the point that the only alternative to permanently residing in a hospital, nursing home, convalescent home or other facility for physical or mental care is to have a relative move in and provide care for the person, and if a relative does then move in for that purpose, then none of the relative's income shall be counted towards the income limit.

(e) *Claiming exemption or freeze.* Procedures for claiming the exemption or freeze shall be as follows:

(1) Not later than March 31 of the taxable year, the person claiming an exemption or freeze must file in writing an application therefor with the Director of Finance. The Director of Finance may accept applications filed before June 15 by first-time applicants and in hardship cases. However, in lieu of filing an application annually, an application may be filed on a three-year cycle with an annual certification by the taxpayer that no information contained on the last preceding application filed has so changed as to violate the limitations and conditions provided therein. Such annual certification must be filed not later than March 31 of the taxable year.

(2) The application shall set forth, in the manner prescribed by the Director of Finance:

a. The name, age, income and net worth of the person claiming an exemption or freeze and information as will establish such applicant for exemption or freeze is permanently and totally disabled;

b. The location, assessed value and tax on the property;

c. The names of the related persons, except for those related persons living in the dwelling and providing bona fide caregiving services to the owner, whether such related persons are compensated or not, occupying the dwelling for which exemption or freeze is claimed and their gross combined income; and

d. A clear statement of whether the applicant desires to claim an exemption or a freeze.

(3) If after audit and investigation the Director of Finance determines that the person is qualified for exemption or freeze, the Director shall issue a determination letter to the person who has applied for the tax exemption or freeze regarding the person's qualification. The amount of the tax exemption or freeze shall be communicated to the taxpayer or the taxpayer's agent with each annual real estate billing

presented for payment in such manner as prescribed by the Director of Finance.

(f) *Amount of exemption.* The person qualifying for and claiming exemption shall be relieved of that portion of the real estate tax levied on the qualifying dwelling and land in the amount calculated in accordance with the following schedule:

Range of Income	*Percentage of Exemption*
$0.00 to $30,000.00	100%
$30,001.00 to $40,000.00	75%
$40,001.00 to $50,000.00	50%
$50,001.00 to $60,000.00	25%

(g) *Payment of difference.* In order to avoid the payment of penalty on the full amount of the taxes, the person to whom an exemption or freeze determination letter has been issued shall, on or before January 14 of the tax year for which such exemption or freeze is issued and on or before June 14 of such tax year, present to the Collector the payment of one-half of the difference between and the full amount of taxes levied on the property for which the exemption or freeze is issued and the amount of the exemption. The Collector will receipt the tax bill in full and cause an amount equal to that represented by tax exemption or freeze to be transferred from the appropriation made for tax relief for the permanently and totally disabled to the appropriate real estate tax account. Failure to remit one-half of the payment for the difference between the full amount of the taxes levied and the amount of the exemption or freeze on or before January 14 of the tax year for which the exemption or freeze is issued or the remaining one-half of such taxes on or before June 14 of such tax year shall void the tax exemption or freeze previously granted for that tax year.

(h) *Payment extension.* The Director of Finance may prescribe, adopt, promulgate and enforce rules, as well as enter into payment arrangements, that enable a person who fails to remit the nonexempt portion of the taxes levied by the due dates of the year for which the exemption or freeze is issued to retain the exemption or freeze for which they have qualified if the failure to remit the payment is due to a medically determinable physical or mental impairment or extreme financial hardship, as determined by the Director of Finance. In such cases, the nonexempt portion must be paid not later than the respective tax due date of the following tax year. The failure to honor payment arrangements or remit the nonexempt portion under the terms established by the Director of Finance shall render void the tax exemption or freeze granted for the prior tax year under the terms of the extension. An extension granted under the above terms to enable the taxpayer to retain a tax exemption or freeze shall be assessed penalty and interest, as prescribed by Code of Virginia, § 58.1-3916 and Section 26-361.

(i) *Computation of exemption or freeze when appropriation insufficient.* In any tax year in which the amount appropriated by the City Council for the purpose of providing real estate tax relief for the permanently and totally disabled shall not be sufficient to afford the entire relief allowable under the computations made pursuant to subsection (e) of this section, the amount of exemption or freeze shall be computed as a fraction of that produced under the formula set out in subsection (e) of this section, the numerator of the fraction to be the amount of the appropriation for the tax year and the denominator of the fraction to be the total amount of all allowable exemptions or freezes computed under the formula shown in subsection (e) of this section.

(j) *False claim of exemption or freeze.* The false claiming of the exemption or freeze authorized in this section shall constitute a misdemeanor; any person convicted of falsely claiming such exemption or freeze shall be punished by a fine not exceeding $1,000.00 or confinement in jail not exceeding 12 months, either or both.

(k) *Effective date of exemption or freeze.* The exemption or freeze herein authorized shall be effective for the tax year commencing January 1, 2007, and for each tax year thereafter until otherwise provided by law or ordinance.

Sec. 26-366. Real estate tax exemption for qualified veterans.

(a) Pursuant to Code of Virginia, § 58.1-3219.5, and for tax years beginning on or after January 1, 2011, a real estate tax exemption is hereby provided for the dwelling and land, not exceeding one acre, upon which the dwelling is situated, including the joint real property of husband and wife, of any veteran who has been rated by the U.S. Department of Veterans Affairs or its successor agency pursuant to Federal law to have a 100 percent service-connected, permanent and total disability, and who occupies the real property as such veteran's principal place of residence. If the veteran owns a house that is his residence, including a manufactured home as defined in Code of Virginia, § 46.2-100, whether or not the wheels and other equipment previously used for mobility have been removed, such house or manufactured home shall be exempt even if the veteran does not own the land on which the house or manufactured home is located. If such land is not owned by the veteran, then the land is not exempt. In addition, a real property improvement other than a dwelling, including the land upon which such improvement is situated, made to such one acre or greater number of acres exempt from taxation pursuant to this subsection shall also be exempt from taxation so long as the principal use of the improvement is (i) to house or cover motor vehicles or household goods and personal effects as classified in Code of Virginia, § 58.1-3503(A)(14) and as listed in Code of Virginia, § 58.1-3504 and (ii) for other than a business purpose.

(b) The surviving spouse of a veteran eligible for the exemption set forth in this section shall also qualify for the exemption, so long as the death of the veteran occurs on or after January 1, 2011, and the surviving spouse does not remarry. This exemption applies to the surviving spouse's principal place of residence without any restriction on the spouse's moving to a different principal place of residence.

(c) The veteran or surviving spouse claiming the exemption under this section shall file with the City Assessor, on forms to be supplied by the City Assessor, an affidavit or written statement:

(1) Setting forth the name of the disabled veteran and the name of the spouse, if any, also occupying the real property;

(2) Indicating whether the real property is jointly owned by a husband and wife; and

(3) Certifying that the real property is occupied as the veteran's principal place of residence.

The veteran shall also provide documentation from the U.S. Department of Veterans Affairs or its successor agency indicating that the veteran has a 100 percent service-connected, permanent, and total disability. The veteran shall be required to refile the information required by this section only if the veteran's principal place of residence changes. In the event of a surviving spouse of a veteran claiming the exemption, the surviving spouse shall also provide documentation that the veteran's death occurred on or after January 1, 2011.

(Code 2004, § 98-131.1; Code 2015, § 26-366; Ord. No. 2011-122-126, § 1, 6-27-2011; Ord. No. 2016-145, § 1, 5-23-2016; Ord. No. 2018-134, § 1, 5-29-2018)

Sec. 26-367. Real estate tax exemption for surviving spouses of members of the armed forces killed in action.

(a) For purposes of this section, a determination of "killed in action" includes a determination by the U.S. Department of Defense of "died of wounds received in action."

(1) Pursuant to subdivision (b) of Section 6-A of Article X of the Constitution of Virginia, and for tax years beginning on or after January 1, 2015, a real estate tax exemption is hereby provided for the real property of the surviving spouse:

a. Of any member of the Armed Forces of the United States who was killed in action as determined by the U.S. Department of Defense; and

b. Who occupies the real property as such spouse's principal place of residence.

(2) Such exemption from real property taxes shall be for:

a. The qualifying dwelling, or the portion of the value of such dwelling and land that qualifies for the exemption pursuant to subsection (b) of this section; and

b. Except land not owned by the surviving spouse, the land, not exceeding one acre, upon which it is

situated.

If such member of the Armed Forces of the United States is killed in action after January 1, 2015, and the surviving spouse has a qualified principal residence on the date that such member of the Armed Forces is killed in action, then the exemption for the surviving spouse shall begin on the date that such member of the Armed Forces is killed in action. However, the City shall not be liable for any interest on any refund due to the surviving spouse for taxes paid prior to the surviving spouse's filing of the affidavit or written statement required by Section 26-368. If the surviving spouse acquires the property after January 1, 2015, then the exemption shall begin on the date of acquisition, and the previous owner may be entitled to a refund for a pro rata portion of real property taxes paid pursuant to Code of Virginia, § 58.1-3360. A real property improvement other than a dwelling, including the land upon which such improvement is situated, made to such one acre or greater number of acres exempt from taxation pursuant to this subsection shall also be exempt from taxation so long as the principal use of the improvement is (i) to house or cover motor vehicles or household goods and personal effects as classified in Code of Virginia, § 58.1-3503(A)(14) and as listed in Code of Virginia, § 58.1-3504 and (ii) for other than a business purpose.

(b) Those dwellings in the City with assessed values in the most recently ended tax year that are not in excess of the average assessed value for such year of a dwelling situated on property that is zoned as single-family residential shall qualify for a total exemption from real property taxes under this section. However, if the value of a dwelling is in excess of the average assessed value as described in this subsection, then only that portion of the assessed value in excess of the average assessed value shall be subject to real property taxes, and the portion of the assessed value that is not in excess of the average assessed value shall be exempt from real property taxes. Single-family homes, condominiums, town homes, manufactured homes as defined in Code of Virginia, § 46.2-100, whether or not the wheels and other equipment previously used for mobility have been removed, and other types of dwellings of surviving spouses, whether or not the land on which the single-family home, condominium, town home, manufactured home, or other type of dwelling of a surviving spouse is located is owned by someone other than the surviving spouse, that:

(1) Are zoned as single-family residential; and

(2) Are occupied by such persons as their principal place of residence;

shall qualify for the real property tax exemption. If the land on which the single-family home, condominium, town home, manufactured home, or other type of dwelling is located is not owned by the surviving spouse, then the land is not exempt.

(c) The surviving spouse of a member of the Armed Forces killed in action shall qualify for the exemption so long as the surviving spouse does not remarry and continues to occupy the real property as his principal place of residence. The exemption provided for in this section shall apply without any restriction on the spouse's moving to a different principal place of residence.

(d) For purposes of this exemption, real property of any surviving spouse of a member of the Armed Forces killed in action includes real property:

(1) Held by a surviving spouse as a tenant for life;

(2) Held in a revocable inter vivos trust over which the surviving spouse holds the power of revocation; or

(3) Held in an irrevocable trust under which the surviving spouse possesses a life estate or enjoys a continuing right of use or support.

The term does not include any interest held under a leasehold or term of years.

(e) In the event that:

(1) A surviving spouse is entitled to an exemption under this section by virtue of holding the property in any of the three ways set forth in subsection (d) of this section; and

(2) One or more other persons have an ownership interest in the property that permits them to occupy the property;

then the tax exemption for the property that otherwise would have been provided shall be prorated by multiplying

the amount of the exemption by a fraction that has one as a numerator and has as a denominator the total number of all people having an ownership interest that permits them to occupy the property.

(f) In the event that the principal residence is jointly owned by two or more individuals, including the surviving spouse, and no person is entitled to the exemption under this section by virtue of holding the property in any of the three ways set forth in subsection (d) of this section, then the exemption shall be prorated by multiplying the amount of the exemption by a fraction that has as a numerator the percentage of ownership interest in the dwelling held by the surviving spouse and that has as a denominator of 100 percent.

(Code 2004, § 98-131.2; Code 2015, § 26-367; Ord. No. 2015-7-14, § 1, 1-26-2015; Ord. No. 2015-103-114, § 1, 5-26-2015; Ord. No. 2016-145, § 1, 5-23-2016)

Sec. 26-368. Application for exemption.

(a) The surviving spouse claiming the real estate tax exemption provided for in Section 26-367 shall file with the City Assessor, on forms to be supplied by the City Assessor, an affidavit or written statement:

(1) Setting forth the surviving spouse's name;

(2) Indicating any other joint owners of the real property; and

(3) Certifying that the real property is occupied as the surviving spouse's principal place of residence.

The surviving spouse shall also provide documentation from the United States Department of Defense or its successor agency indicating the date that the member of the Armed Forces of the United States was killed in action. The surviving spouse shall refile the information required by this section only if the surviving spouse's principal place of residence changes.

(b) The surviving spouse shall promptly notify the City Assessor of any remarriage.

(Code 2004, § 98-131.3; Code 2015, § 26-368; Ord. No. 2015-7-14, § 1, 1-26-2015)

Sec. 26-369. Sale of real estate for delinquent taxes.

(a) When real estate taxes on any real estate are delinquent on December 31 following the first anniversary of the date on which such taxes have become due, judicial proceedings may be initiated in accordance with applicable State law to sell such real estate, provided that proper notice is given in accordance with applicable State law.

(b) All qualifying real estate sold pursuant to subsection (a) of this section shall be sold only pursuant to an agreement meeting the requirements of this subsection. For purposes of this subsection, "qualifying real estate" means real estate on which the necessary activities to develop or redevelop the real estate are legally permissible under applicable law. Each agreement shall (i) impose a time period, determined by the Chief Administrative Officer or the designee thereof, within which a valid certificate of occupancy for the real estate as developed or redeveloped pursuant to the agreement must be obtained, (ii) contain a provision providing the City, through the Chief Administrative Officer or the designee thereof, with the right to require that title to and all of the purchaser's rights and interests in the real estate revert to the City in the event of the purchaser's default as to any of the purchaser's obligations under the agreement, and (iii) be approved as to form by an attorney in the Office of the City Attorney. The Chief Administrative Officer shall designate a City department to track and monitor each agreement for compliance and submit an annual report on the status of each agreement by no later than December 31 of each year.

DIVISION 3. PARTIAL EXEMPTION OF REHABILITATED STRUCTURES FROM REAL ESTATE TAXATION*

***Editor's note—**Sections 26-387 to 26-398 are repealed by Section 1 of Ordinance No. 2020-130, effective January 1, 2021.

State law reference—Partial exemption for certain rehabilitated, renovated or replacement structures, Code of Virginia, § 58.1-3220 et seq.

Sec. 26-387. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Addition means an increase in the square footage of a qualified structure that expands the utility of such structure.

Base value means the assessed value of real estate for which an application has been filed in accordance with this division, as set forth in the land book on January 1 of the tax year in which such application is filed.

Commercial or industrial real estate means land containing a structure or other improvement constructed or used for nonresidential purposes in accordance with this Code and other applicable law or a mixed-use development.

Linear feet means the shortest distance from one point to another, measured horizontally in feet, where one foot is equal to 12 inches.

Mixed-use development means a structure or other improvement constructed for both residential and commercial uses where at least ten percent of the total square footage of such structure or other improvement is comprised of commercial space.

Multifamily residential real estate means land containing a structure or other improvement of five or more units constructed or used for residential purposes in accordance with this Code and other applicable law.

Qualified structure means a structure or other improvement that has qualified for rehabilitation, renovation or replacement in accordance with this division.

Rehabilitation means the process of restoring a qualified structure through:

(1) Renovation;

(2) Replacement; or

(3) Renovation and the construction of an addition.

Renovation means the process of updating the utility of a qualified structure, in whole or in part, including, but not limited to, the partial destruction and rebuilding of such structure.

Replacement means the process of demolishing a qualified structure for which an application has been filed in accordance with this division and subsequently replacing such structure by constructing a new structure on the same real estate upon which the qualified structure was situated.

Residential real estate means land containing a structure or other improvement of four or fewer units constructed or used for residential purposes in accordance with this Code and other applicable law.

Square footage means the area of a structure or other improvement measured in square feet.

Substantially rehabilitated means:

(1) For residential real estate, rehabilitation of a qualified structure so as to increase the assessed value over the base value of the qualified structure by no less than 20 percent of the base value;

(2) For multifamily residential real estate, rehabilitation of a qualified structure so as to increase the assessed value over the base value of the qualified structure by no less than 40 percent of the base value; and

(3) For commercial or industrial real estate, rehabilitation of a qualified structure so as to increase the assessed value over the base value of the qualified structure by no less than 40 percent of the base value.

(Code 2004, § 98-148; Code 2015, § 26-397; Ord. No. 2014-117-90, § 2, 5-27-2014)

Cross reference—Definitions generally, § 1-2.

Sec. 26-388. Partial exemption provided for certain rehabilitated, renovated or replacement residential, multifamily, commercial or industrial structures, or other improvements.

In accordance with the criteria set out in Va. Const. Art. X, ¶ 6(h) and Code of Virginia, §§ 58.1-3220 and 58.1-3221, partial exemption is hereby provided from taxation of real estate on which any qualified structure has

undergone substantial rehabilitation for residential, multifamily, commercial or industrial use, subject to the conditions set forth in this division.

(Code 2004, § 98-149; Code 2015, § 26-398; Ord. No. 2014-117-90, § 2, 5-27-2014)

Sec. 26-389. Eligibility for partial exemption of rehabilitated residential and multifamily structures or other improvements.

(a) *Residential real estate.* In order to qualify for the partial exemption set forth in Section 26-392, qualified structures on residential real estate must meet the following requirements:

(1) On the date that an application for partial tax exemption has been filed in accordance with this division, the qualified structure is no less than 20 years of age, has been situated at its existing location for no less than 20 years and has exterior walls, the total linear feet of which exterior walls is at least 80 percent of the total linear feet of the exterior walls of the structure or other improvement as such structure or other improvement existed 20 years before the date of application.

(2) The qualified structure is substantially rehabilitated after the date on which an application is filed in accordance with this division but prior to the expiration date of such application as provided in Section 26-390.

(3) For qualified structures substantially rehabilitated by replacement or by renovation and the construction of an addition for residential use, the total square footage of any such replacement structure or addition does not exceed the total square footage of the qualified structure or other improvement by more than 100 percent.

(b) *Multifamily residential real estate.* In order to qualify for the partial exemption set forth in Section 26-391, qualified structures on multifamily residential real estate shall meet the following requirements:

(1) On the date that an application for partial tax exemption has been filed in accordance with this division, the qualified structure is no less than 20 years of age, has been situated at its existing location for no less than 20 years and has exterior walls, the total linear feet of which exterior walls is at least 80 percent of the total linear feet of the exterior walls of the structure or other improvement as such structure or other improvement existed 20 years before the date of application.

(2) The qualified structure is substantially rehabilitated after the date on which an application is filed in accordance with this division but prior to the expiration date of such application as provided in Section 26-390.

(3) For qualified structures substantially rehabilitated by replacement or by renovation and the construction of an addition for use as multifamily residential real estate, the total square footage of any such replacement structure or addition does not exceed the total square footage of the qualified structure or other improvement by more than 30 percent.

(c) *Determination of age and linear feet of original exterior walls of a structure or other improvement.* For purposes of determining the age of a structure or other improvement for which an application for partial tax exemption has been filed in accordance with this division, the earliest assessment date of the structure or other improvement in the records of the City Assessor shall be used to calculate the age of such structure or other improvement. For purposes of determining the total linear feet of the exterior walls of a structure or other improvement as such structure or other improvement existed 20 years before the date that an application for partial tax exemption has been filed in accordance with this division, the total linear feet of the exterior walls of the structure or other improvement as such structure or other improvement existed 20 years before the date of application as reflected in the records of the City Assessor shall be used. In determining the total linear feet of the exterior walls of the structure or other improvement for purposes of this division, the City Assessor shall employ usual and customary methods of determining the linear feet of exterior walls of structures or other improvements.

(d) *Determination of square footage of addition.* Upon inspection of the qualified structure to determine if it then qualifies for the partial exemption in accordance with Section 26-390, the City Assessor shall determine the square footage of any addition constructed in accordance with the requirements of this division. In determining the

square footage of the addition, the City Assessor shall employ usual and customary methods of determining the square footage of real estate.

(Code 2004, § 98-150; Code 2015, § 26-399; Ord. No. 2014-117-90, § 2, 5-27-2014)

Sec. 26-390. Application for partial exemption of rehabilitated residential real estate or multifamily residential real estate.

In order to qualify for the partial exemption provided for in Section 26-391, the owner of residential real estate or multifamily residential real estate shall, prior to commencement of rehabilitation and after making application for a building permit for the rehabilitation of such structure, file with the City Assessor, upon forms furnished by the City Assessor, an application to qualify the structure or other improvements upon residential real estate or multifamily residential real estate as a qualified structure. Upon receipt of an application for the partial exemption, the City Assessor shall provide written notification to the owner of such residential real estate or multifamily residential real estate of the base value of the qualified structure. Such notice shall also notify the property owner that such property owner may appeal the base value in accordance with the applicable provisions of this Code or State law, in which case the base value as subsequently determined by the City Assessor, the City of Richmond Board of Review of Real Estate Assessments or a court of competent jurisdiction upon such appeal shall be the base value for purposes of this section. The application to qualify for the partial exemption shall be effective until two years from the date on which the application is submitted. If by such expiration date rehabilitation has not progressed to such a point that the qualified structure has been substantially rehabilitated, a new application to qualify for tax exemption must be filed. Upon such filing, the City Assessor shall, in accordance with the notice requirements of this subsection, provide the property owner with notification of the base value of the property as set forth in the land book on January 1 of the tax year in which such new application is filed. The initial application to qualify for the rehabilitated structure tax exemption and any subsequent application must be accompanied by a payment of a fee of $250.00, which fee shall be applied to offset the cost of processing such application, making required assessments, and making annual inspections to determine the progress of the work. During the period between the receipt of the application and the time at which the City Assessor ascertains that the qualified structure has been substantially rehabilitated, the City Assessor shall, at such time during the year as the City Assessor may fix by regulation, make annual inspections of progress of the rehabilitation undertaken, and the owner of the property shall be subject to taxation upon the full value of the improvements to the property. Once rehabilitation of a qualified structure is complete, an owner may, at any time prior to the expiration date of the application, submit a written request to the City Assessor to inspect the qualified structure to determine if it then qualifies for the partial exemption. When it is determined that the minimum required increase in the assessed value has occurred, the partial exemption shall become effective beginning on January 1 of the next calendar year. During the effective period of the partial exemption, no more than one additional application to qualify for partial exemption from real estate taxation for rehabilitated structures may be accepted for the same property. However, upon any approval of a partial exemption based on any such additional application for partial exemption, the owner of the residential real estate or multifamily residential real estate shall waive all rights to and interest in any unexpired partial exemption existing at the time that an additional application to qualify for partial exemption from real estate taxation for rehabilitated structures for the same property is approved for partial exemption, and such unexpired partial exemption shall cease. If the owner of the residential real estate or multifamily residential real estate fails or refuses to waive such rights or interest, the approval of the partial exemption based on the additional application for partial exemption shall be revoked, but the existing partial exemption shall continue in effect for the remainder of the applicable exemption period. In addition, no such application shall be for the:

(1) Renovation of a structure or other improvement, or any portion of a structure or other improvement, that is less than 20 years of age;

(2) Replacement of a qualified structure on which an existing partial exemption is based;

(3) Construction of an addition to be attached to a structure or other improvement, or any portion of a structure or other improvement, that is less than 20 years of age; or

(4) Any combination of subsection (1), (2) or (3) of this section.

(Code 2004, § 98-151; Code 2015, § 26-400; Ord. No. 2014-117-90, § 2, 5-27-2014)

Sec. 26-391. Amount of exemption for rehabilitated residential or multifamily qualified structures.

Except as provided in Section 26-390 with regard to a property for which an additional application has been approved for partial exemption, the owner of property qualifying for partial exemption of real estate taxes because of rehabilitation of a residential or multifamily structure, or other improvement, shall receive a credit in the amount of the difference in taxes computed upon the base value and the initial rehabilitated assessed value of the property for each year of a seven-year period of exemption in the full amount of the difference in taxes computed upon the base value and the initial rehabilitated assessed value of the property and for the three-year period following the initial seven years, a credit for 75 percent in year eight, 50 percent in year nine and 25 percent in year ten of the full amount of the partial exemption. However, for any structure which has been substantially rehabilitated by replacement or by renovation and the construction of an addition, the owner of property qualifying for partial exemption of real estate taxes shall not receive a credit for any amount of the difference in taxes computed upon the base value and the initial rehabilitated assessed value attributable to any square footage exceeding the applicable limitations on square footage established by Section 26-389(a)(3) and (b)(3). No exemption shall be issued during the effective period of an exemption for any rehabilitation on the same property for which an additional application has been filed for residential real estate in accordance with Section 26-400 that is achieved through the:

(1) Renovation of a structure or other improvement, or any portion of a structure or other improvement, that is less than 20 years of age;

(2) Replacement of a qualified structure on which an existing partial exemption is based;

(3) Construction of an addition to be attached to a structure or other improvement, or any portion of a structure or other improvement, that is less than 20 years of age; or

(4) Any combination of subsection (1), (2) or (3) of this section.

An increase in assessment occurring after the first year of such the partial exemption shall not qualify for an increase in such partial exemption. Such credit shall be applied towards the payment of the real estate taxes due and payable for the tax year for which the credit has been issued. The credit shall be charged against an appropriation made by the Council for the purpose of honoring such tax rehabilitation exemptions. No property may have more than one credit in a given year.

(Code 2004, § 98-152; Code 2015, § 26-401; Ord. No. 2014-117-90, § 2, 5-27-2014)

Sec. 26-392. Eligibility for partial exemption of rehabilitated commercial and industrial structures or other improvements.

In order to qualify for the partial exemption provided for in Section 26-394, qualified structures on commercial or industrial real estate shall meet the following requirements:

(1) On the date that an application for partial tax exemption has been filed in accordance with this division, the qualified structure is no less than 20 years of age, has been situated at its existing location for no less than 20 years and has exterior walls, the total linear feet of which exterior walls is at least 80 percent of the total linear feet of the exterior walls of the structure or other improvement as such structure or other improvement existed 20 years before the date of application. For purposes of determining the age of a structure or other improvement for which an application for partial tax exemption has been filed in accordance with this division, the earliest assessment date of the structure or other improvement in the records of the City Assessor shall be used to calculate the age of such structure or other improvement. For purposes of determining the total linear feet of the exterior walls of a structure or other improvement as such structure or other improvement existed 20 years before the date that an application for partial tax exemption has been filed in accordance with this division, the total linear feet of the exterior walls of the structure or other improvement as such structure or other improvement existed 20 years before the date of application as reflected in the records of the City Assessor shall be used. In determining the total linear feet of the exterior walls of the structure or other improvement for purposes of this division, the City Assessor shall employ usual and customary methods of determining the linear feet of exterior walls of structures or other improvements.

(2) The qualified structure is substantially rehabilitated after the date on which an application is filed in accordance with this division, but prior to the expiration date of such application as provided in Section

26-393. For commercial or industrial qualified structures substantially rehabilitated by replacement or by renovation and the construction of an addition for commercial or industrial use, the total square footage of any such replacement structure or addition does not exceed the total square footage of the qualified structure or other improvement by more than 100 percent. Upon inspection of the qualified structure to determine if it then qualifies for the partial exemption in accordance with Section 26-393, the City Assessor shall determine the square footage of any addition constructed in accordance with the requirements of this division. In determining the square footage of the addition, the City Assessor shall employ usual and customary methods of determining the square footage of real estate.

(Code 2004, § 98-153; Code 2015, § 26-402; Ord. No. 2014-117-90, § 2, 5-27-2014)

Sec. 26-393. Application for partial exemption of rehabilitated commercial or industrial structures, or other improvements.

In order to qualify for the partial exemption provided for in Section 26-394, the owner, including the possessor of a leasehold interest in real estate as defined in Code of Virginia, § 58.1-3203, of commercial or industrial qualified structures shall, prior to commencement of rehabilitation and after making application for a building permit to rehabilitate such structure, file with the City Assessor, upon forms furnished by the City Assessor, an application to qualify such structure or other improvement as a qualified structure rehabilitated for commercial or industrial use. Upon receipt of an application for tax exemption, the City Assessor shall provide written notification to the owner of such commercial or industrial qualified structure, or other improvement, of the base value of the qualified structure. Such notice shall also notify the property owner that such property owner may appeal the base value in accordance with the applicable provisions of this Code or State law, in which case the base value as subsequently determined by the City Assessor, the City of Richmond Board of Review of Real Estate Assessments or a court of competent jurisdiction upon such appeal shall be the base value for purposes of this section. The application to qualify for tax exemption shall be effective until two years from the date on which the application is submitted. If by such expiration date rehabilitation has not progressed to such a point that the qualified structure has been substantially rehabilitated to retain such eligibility, a new application to qualify for tax exemption must be filed. Upon such filing, the City Assessor shall, in accordance with the notice requirements of this subsection, provide the property owner with notification of the base value of the property as set forth in the land book on January 1 of the tax year in which such new application is filed. The initial application to qualify for the partial exemption and any subsequent application must be accompanied by a payment of a fee in the amount of $250.00, which fee shall be applied to offset the cost of processing such application, making required assessments, and making an annual inspection to determine the progress of the work. During the period between the receipt of the application and the time at which the City Assessor ascertains that the structure has been substantially rehabilitated, the City Assessor shall, at such time during the year as the City Assessor may fix by regulation, make an annual inspection of progress of the rehabilitation undertaken, and the owner, including the possessor of leasehold interest as defined in Code of Virginia, § 58.1-3203, of the property shall be subject to taxation upon the full value of the improvements to the property. An owner, as provided in this section, may, at any time prior to the expiration date of the application and once rehabilitation of a qualified structure is complete, submit a written request to the City Assessor to inspect the structure to determine if it then qualifies for the partial exemption from real estate taxation for which Section 26-394 provides. When it is determined that the minimum required increase in the assessed value has occurred (i.e., the base value is exceeded by 40 percent or more), the tax exemption shall become effective beginning on January 1 of the next calendar year. During the effective period of the partial exemption, no more than one additional application to qualify for partial exemption from real estate taxation for rehabilitated structures may be accepted for the same property. However, upon any approval of a partial exemption based on any such additional application for partial exemption, the owner of the commercial or industrial qualified structures shall waive all rights to and interest in any unexpired partial exemption existing at the time that an additional application to qualify for partial exemption from real estate taxation for rehabilitated structures for the same property is approved for partial exemption, and such unexpired partial exemption shall cease. If the owner of the commercial or industrial qualified structures fails or refuses to waive such rights or interest, the approval of the partial exemption based on the additional application for partial exemption shall be revoked, but the existing partial exemption shall continue in effect for the remainder of the applicable exemption period. In addition, no such application shall be for the:

(1) Renovation of a structure or other improvement, or any portion of a structure or other improvement, that is less than 20 years of age;

(2) Replacement of a qualified structure on which an existing partial exemption is based;

(3) Construction of an addition to be attached to a structure or other improvement, or any portion of a structure or other improvement, that is less than 20 years of age; or

(4) Any combination of subsection (1), (2) or (3) of this section.

(Code 2004, § 98-154; Code 2015, § 26-403; Ord. No. 2014-117-90, § 2, 5-27-2014)

Sec. 26-394. Amount of exemption for rehabilitated commercial or industrial qualified structures.

Except as provided in Section 26-393 with regard to a property for which an additional application has been approved for partial exemption, the owner, including the possessor of a leasehold interest in real estate as defined in Code of Virginia, § 58.1-3203, of property qualifying for partial exemption of real estate taxes because of rehabilitation of a commercial or industrial qualified structure shall be issued a credit in the amount of the difference in taxes computed upon the base value and the initial rehabilitated assessed value of the property for each year of the five-year period of partial exemption from real estate taxes and, in each year of a two-year period following the initial five years, a credit for the amount of the difference in taxes computed upon the base value and the initial rehabilitated assessed value of the property, at 66 percent in year six and 33 percent in year seven of the full amount of the partial exemption. Commercial or industrial qualified structures that are located within Council-designated enterprise zones established pursuant to the Enterprise Zone Act, Code of Virginia, § 59.1-279 et seq., are no less than 20 years old, and are otherwise qualified under this division shall be entitled to a seven-year period of exemption in the full amount of the difference in taxes computed upon the base value and the initial rehabilitated assessed value of the property for each year of the seven years and for the three-year period following the initial seven years, a credit for 75 percent in year eight, 50 percent in year nine and 25 percent in year ten of the full amount of the partial exemption. No exemption shall be issued during the effective period of an exemption for any rehabilitation on the same property for which an additional application has been filed for residential real estate in accordance with Section 26-393 that is achieved through the:

(1) Renovation of a structure or other improvement, or any portion of a structure or other improvement, that is less than 20 years of age;

(2) Replacement of a qualified structure on which an existing partial exemption is based;

(3) Construction of an addition to be attached to a structure or other improvement, or any portion of a structure or other improvement, that is less than 20 years of age; or

(4) Any combination of subsection (1), (2) or (3) of this section.

An increase in assessment occurring after the first year of the partial exemption shall not qualify for an increase in such partial exemption. Such credit shall be applied towards the payment of the real estate taxes due and payable for the tax year for which such credit has been issued. Each credit shall be charged against an appropriation made by the Council for the purpose of honoring such tax rehabilitation exemptions.

(Code 2004, § 98-155; Code 2015, § 26-404; Ord. No. 2014-117-90, § 2, 5-27-2014)

Sec. 26-395. Partial exemption runs with real estate; penalty for nonpayment of taxes; forfeiture of exemption.

(a) *Exemption runs with real estate.* Exemption from taxation of real property qualifying for the partial tax exemption provided for in Sections 26-391 and 26-394 shall run with the real estate, and the owner of such property, including the possessor of a leasehold interest in real estate as defined in Code of Virginia, § 58.1-3203, during each of the years of partial exemption shall be entitled to receive a credit for such partial exemption from taxation.

(b) *Penalty for nonpayment of taxes.* Whenever the owner, including the possessor of a leasehold interest in real estate as defined in Code of Virginia, § 58.1-3203, of real property that has qualified for partial exemption of real estate taxes in accordance with this division shall fail to pay one-half of the nonexempted amount of real estate taxes on the property on or before January 14 of any tax year or the remaining one-half of such taxes on or before June 14 of any tax year, a penalty shall be added for that installment of one-half of ten percent of the real estate taxes which were claimed for exemption in that tax year.

(c) *Forfeiture of exemption.* For real property qualifying for partial exemption of real estate taxes in accordance with this division, the partial exemption for each tax year shall be conditioned upon the payment of each installment of the nonexempt amount of real estate taxes on the property on or before the due date of such installment. Upon the failure to pay such real estate taxes on or before such due date, the partial exemption claimed for that tax year shall be forfeited, and the annual credit issued for that tax year shall be canceled and shall be of no effect. The partial exemption claimed for any tax year shall be retained if payment of the nonexempt amount, plus the ten percent late payment penalty and interest at the rate set forth in Section 26-361 on the nonexempt amount due, is received by the Collections Division of the Department of Finance on or before June 30, or the last business day preceding June 30, if June 30 falls on a weekend, of the tax year in question.

(Code 2004, § 98-156; Code 2015, § 26-405; Ord. No. 2014-117-90, § 2, 5-27-2014)

Sec. 26-396. Demolition of certain structures; rehabilitation of structures in old and historic districts and design overlay districts; improvements on vacant land not qualified.

(a) *Demolition of certain structures.* For substantially rehabilitated structures or other improvements on residential real estate or multifamily residential real estate, no exemption shall be allowed if the substantial rehabilitation is achieved through the demolition and replacement of any structure either registered as a Virginia Landmark or determined by the Department of Historic Resources to contribute to the significance of a registered historic district, regardless of any changes in ownership or of any changes in the boundaries of the parcel, either or both, that may occur after the demolition, whether any such change is achieved by splitting such parcel, combining such parcel with another parcel or otherwise. For substantially rehabilitated commercial or industrial structures or other improvements, no exemption shall be allowed if the substantial rehabilitation is achieved through the demolition and replacement of any structure either registered as a Virginia Landmark or determined by the Department of Historic Resources to contribute to the significance of a registered historic landmark, regardless of any changes in ownership or of any changes in the boundaries of the parcel, either or both, that may occur after the demolition, whether any such change is achieved by splitting such parcel, combining such parcel with another parcel or otherwise. If any qualified structure is designated as a Virginia Landmark, listed as a structure contributing to the significance of a registered historic district or listed as a structure contributing to the significance of a registered historic landmark, and the exterior of such structure is or is proposed to be altered in any manner during the rehabilitation process provided for in this division, the City Assessor shall obtain written confirmation from the Director of Planning and Development Review or the designee thereof that such rehabilitation complies with the requirements of such designation or listing in order to continue with the qualifying process. If additional guidance is needed concerning whether such rehabilitation complies with the requirements of such designation or listing, the Director of Planning and Development Review or the designee thereof may seek technical assistance from the Virginia Department of Historic Resources for further clarification.

(b) *Rehabilitation of structures in old and historic districts and design overlay districts.* For substantially rehabilitated structures or other improvements subject to the provisions of Chapter 30, Article IX, Division 4 or 5, no exemption shall be allowed if such substantial rehabilitation is achieved through or results in a violation of the provisions of Chapter 30, Article IX, Division 4 or 5, or if the owner of any such structure or other improvement has not obtained the approval required by Section 30-930.6 for old and historic districts or the approval required by Section 30-940.7 for design overlay districts.

(c) *Improvements on vacant land not qualified.* No improvements made upon vacant land shall be eligible for the partial exemption from real estate taxation provided for in this division. For purposes of this subsection, the phrase "vacant land" means real estate with no structures or other improvements.

(Code 2004, § 98-157; Code 2015, § 26-406; Ord. No. 2014-117-90, § 2, 5-27-2014; Ord. No. 2015-25-50, § 1, 3-9-2015)

Sec. 26-397. Classification of rehabilitated structures eligible for partial tax exemption; application forms; rules and regulations.

(a) The City Assessor shall identify real property that qualifies for a partial tax exemption for a rehabilitated structure or other improvement. For the first year that any property is found to be qualified for such exemption, the City Assessor shall identify the property in the appropriate class. Any qualifying property shall be so identified for the full period of exemption provided for the appropriate class, and the owner of the property shall be entitled to receive a credit for each year so listed. The City Assessor shall furnish to the Director of Finance a list of all

properties with qualified structures for which application has been made in accordance with this division, which list shall show the base value and initial rehabilitated assessed value for each qualified structure so that the Director of Finance may issue the appropriate credits to owners of the qualified structures.

(b) The Director of Finance, upon receipt of notice from the City Assessor that a structure has been found to be qualified for and eligible for partial tax exemption as a rehabilitated structure or other improvement, shall cause to be issued a credit in an amount equal to the difference in taxes as computed upon the base value and the initial rehabilitated assessed value. The credit shall be issued in the name of the owner of the property. Whenever practicable, such credit shall be forwarded with the tax statement for such qualified structure.

(c) The City Assessor shall cause to be prepared and shall have for distribution in the Office of the City Assessor and in the Office of the Commissioner of Buildings applications for use by property owners who propose to rehabilitate eligible structures or other improvements.

(d) The City Assessor may prescribe such rules and regulations as the City Assessor deems necessary for processing applications for exemption for rehabilitated property and exempting the property. A copy of any such rules and regulations shall be available in the Office of the City Assessor and the Office of Commissioner of Buildings, as well as in the Office of the City Clerk.

(Code 2004, § 98-158; Code 2015, § 26-407; Ord. No. 2014-117-90, § 2, 5-27-2014)

Sec. 26-398. Effective date of exemption.

The partial exemption authorized in this division shall be effective for applications for partial tax exemption filed on or after May 27, 2014, and for each year thereafter for properties which qualify and for which application is made in accordance with this division.

(Code 2004, § 98-159; Code 2015, § 26-408; Ord. No. 2014-117-90, § 2, 5-27-2014)

DIVISION 4. PARTIAL EXEMPTION OF CERTAIN REHABILITATED STRUCTURES FROM REAL ESTATE TAXATION*

***Editor's note—**Ord. No. 2020-130, §§ 3—7 provide as follows:

§ 3. That this ordinance shall not be construed as a revocation of any partial exemption of any real estate issued in accordance with the applicable provisions of the Code of the City of Richmond in effect prior to the effective date of this ordinance and that any partial exemption from real estate taxation for rehabilitated structures granted prior to the effective date of this ordinance shall continue in force and effect in accordance with the applicable provisions of the Code of the City of Richmond in effect prior to the effective date of this ordinance.

§ 4. That the Chief Administrative Officer shall cause the Director of Housing and Community Development to furnish the Council with a proposed version of the rules and regulations for which section 26-402 of the Code of the City of Richmond (2015) as established by section 2 of this ordinance provides by no later than October 1, 2020, and to furnish the Council with the final version of such rules and regulations by no later than December 31, 2020.

§ 5. That the Chief Administrative Officer shall cause to be collected from residents and businesses within the City of Richmond feedback concerning the partial exemption program set forth in section 2 of this ordinance.

§ 6. That sections 1 and 2 of this ordinance shall be in force and effect on January 1, 2021.

§ 7. That sections 3, 4, 5, 6, and 7 of this ordinance shall be in force and effect upon adoption.

Sec. 26-409. Purpose.

The purpose of this division is to reduce or eliminate concentrations of blight, stimulate investment and encourage the improvement of real property within the City of Richmond.

(Code 2015, § 26-408.1; Ord. No. 2019-338, § 2(26-408.1), 1-27-2020; Ord. No. 2020-130, § 2, 6-22-2020)

Sec. 26-410. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Addition means an increase in the square footage of a qualified structure that expands the utility of such structure.

Base value means the assessed value of real estate for which an application has been filed in accordance with this division, as set forth in the land book on January 1 of the tax year in which such application is filed.

Linear feet means the shortest distance from one point to another, measured horizontally in feet, where one foot is equal to 12 inches.

Multifamily dwelling means land containing a structure or other improvement of five or more units constructed or used for residential purposes in accordance with this Code and other applicable law.

Qualified structure means a structure or other improvement no less than 20 years of age that has qualified for rehabilitation, renovation or replacement in accordance with this division.

Rehabilitation means the process of restoring a qualified structure through:

(1) Renovation;

(2) Replacement; or

(3) Renovation and the construction of an addition.

Renovation means the process of updating the utility of a qualified structure, in whole or in part, including, but not limited to, the partial destruction and rebuilding of such structure.

Replacement means the process of demolishing a qualified structure for which an application has been filed in accordance with this division and subsequently replacing such structure by constructing a new structure on the same real estate upon which the qualified structure was situated.

Single-family dwelling means land containing a structure or other improvement of one to four units constructed or used for residential purposes in accordance with this Code and other applicable law.

Square footage means the area of a structure or other improvement measured in square feet.

Substantially rehabilitated means rehabilitation of a qualified structure so as to increase the assessed value over the base value of the qualified structure by no less than 40 percent of the base value for multifamily dwellings and by no less than 20 percent of the base value for single-family dwellings.

(Code 2015, § 26-408.2; Ord. No. 2019-338, § 2(26-408.2), 1-27-2020; Ord. No. 2020-130, § 2, 6-22-2020)

Sec. 26-411. City Assessor and Director of Housing and Community Development duties; evaluation of exemption program.

(a) The City Assessor shall, upon application made to the City Assessor and to the Director of Housing and Community Development in accordance with Section 26-404, conduct such inspections of the real property for which an application has been filed in accordance with this division, determine the base value of the such property and, upon completion of the rehabilitation, renovation or replacement of a qualified structure, determine the amount of the increase in assessed value of the subject property resulting from the rehabilitation, renovation or replacement of such qualified structure. Upon confirmation from the Director of Housing and Community Development that all of the applicable requirements of this division have been met, the City Assessor shall issue the partial exemption from real property tax of real property that has undergone substantial rehabilitation, renovation or replacement for multifamily dwelling or single-family dwelling use in accordance with this division.

(b) The Director of Housing and Community Development shall, upon application made to the City Assessor and to the Director of Housing and Community Development in accordance with Section 26-404, review such application, conduct such inspections, and gather such information, to the extent permitted by law, as the Director of Housing and Community Development deems necessary to evaluate each applicant's compliance with the requirements of this division. The Director of Housing and Community Development shall notify the City Assessor on or before the deadline established by the rules and regulations issued in accordance with Section 26-402 concerning which applications have met the requirements of this division and are therefore eligible for the partial exemption for which this division provides.

(c) Beginning with the fifth year after the ordinance providing for this division becomes effective, the Chief

Administrative Officer shall evaluate the partial tax exemption program herein created by no later than June 30 every five years that the program established by this division is in effect and shall make a recommendation and present the program evaluation results to the City Council as to whether or not the partial tax exemption program established by this division should continue in effect.

(d) The evaluation criteria shall include, but not necessarily be limited to:

(1) The number of applications submitted;

(2) The number of applications approved for consideration by the City Assessor;

(3) The number, type and description of properties qualifying for partial tax exemption under this division;

(4) The total dollar amount of the resulting assessment credit ordered;

(5) The revenue impact on the City both with and without the existence of the program; and

(6) Any other quantifiable data that can be used to measure the overall effect of the program.

(Code 2015, § 26-408.3; Ord. No. 2019-338, § 2(26-408.3), 1-27-2020; Ord. No. 2020-130, § 2, 6-22-2020)

Sec. 26-412. Rules and regulations for administration of division.

The Director of Housing and Community Development, with the advice and comment of the City Assessor, shall develop and implement such rules and regulations not inconsistent with the provisions of this division as the Director of Housing and Community Development deems necessary for the effective administration of this division. Such rules and regulations shall include, at a minimum, guidelines regarding eligibility requirements, application requirements, and set forth the responsibilities of the City Assessor and the Director of Housing and Community Development for purposes of implementing the program for which this division provides.

(Code 2015, § 26-408.4; Ord. No. 2019-338, § 2(26-408.4), 1-27-2020; Ord. No. 2020-130, § 2, 6-22-2020)

Sec. 26-413. Eligibility of residential real property; annual renewal application.

(a) In order to qualify for the partial exemption from real property taxation for real property rehabilitated, renovated or replaced for multifamily dwelling or single-family dwelling use, throughout the exemption period established by Section 26-405(a), (i) the rehabilitated, renovated or replacement structure for multifamily dwelling use must be a multifamily dwelling, a minimum of 30 percent of which provides housing restricted to individuals or families making up to 80 percent of the area median income for the Richmond-Petersburg Metropolitan Statistical Area with a maximum rent, calculated annually, no greater than 30 percent of the income of any such individual or family and (ii) for single-family dwellings, the rehabilitated, renovated or replacement structure for single-family dwelling use must be a single-family dwelling, a minimum of 30 percent which provides housing restricted to individuals or families making up to 80 percent of the area median income for the Richmond-Petersburg Metropolitan Statistical Area. In addition, the qualified structure must have been situated at its existing location for no less than 20 years and has exterior walls, the total linear feet of which exterior walls is at least 80 percent of the total linear feet of the exterior walls of the structure or other improvement as such structure or other improvement existed 20 years before the date of application. For purposes of determining the age of a structure or other improvement for which an application for partial tax exemption has been filed in accordance with this division, the earliest assessment date of the structure or other improvement in the records of the City Assessor shall be used to calculate the age of such structure or other improvement. For purposes of determining the total linear feet of the exterior walls of a structure or other improvement as such structure or other improvement existed 20 years before the date that an application for partial tax exemption has been filed in accordance with this division, the total linear feet of the exterior walls of the structure or other improvement as such structure or other improvement existed 20 years before the date of application as reflected in the records of the City Assessor shall be used. In determining the total linear feet of the exterior walls of the structure or other improvement for purposes of this division, the City Assessor shall employ usual and customary methods of determining the linear feet of exterior walls of structures or other improvements. Any portion of a multifamily dwelling or single-family dwelling that is commercial space shall not be eligible for the exemption for which this division provides. Any multifamily dwelling or single-family dwelling that does not meet the applicable minimum percentage for housing restricted to individuals or families making up to 80 percent of the area median income for the Richmond-Petersburg Metropolitan Statistical Area set forth in this section, that exceeds the maximum rent set forth in this section, or that does not have the dwelling units

in such multifamily dwelling interspersed among dwelling units offered for rent to individuals or families making more than 80 percent of the area median income for the Richmond-Petersburg Metropolitan Statistical Area shall not be eligible for the exemption for which this division provides.

(b) In order to qualify for the partial exemption from real property taxation for real property rehabilitated, renovated or replaced for multifamily dwelling or single-family dwelling use, the qualified structure must be substantially rehabilitated after the date on which an application is filed in accordance with this division, but prior to the applicable deadline set forth in subsection (d) of this section. For qualified structures substantially rehabilitated by replacement or by renovation and the construction of an addition for multifamily dwelling or single-family dwelling use, the total square footage of any such replacement structure or addition shall not exceed the total square footage of the qualified structure or other improvement by more than 100 percent. If the total square footage of the qualified replacement structure or addition exceeds the total square footage of the qualified structure by more than 100 percent, the rehabilitated, renovated or replaced qualified structure shall not be eligible for a partial exemption pursuant to this division.

(c) In order for the partial exemption for a property to continue in effect, such property shall be maintained in compliance with the provisions of the Virginia Uniform Statewide Building Code. If, after receiving notice of a violation of this section, the owner of the property fails or refuses to complete the necessary corrections within the time required for such action, or refuses City inspectors, City appraisers, or other City employees performing duties in accordance with this division or applicable provisions of this Code access to all or any portion of the subject property for the purpose of determining continued eligibility under this section, then such eligibility shall terminate.

(d) The rehabilitation, renovation or replacement, as applicable, must be completed within two years after the date the building permit applied for in accordance with this division has been issued or, if no building permit is required in accordance with applicable laws and regulations, within two years after the date of the application filed in accordance with this division.

(e) The rehabilitation, renovation or replacement, if any, must be in conformity with the general character and quality of the existing structures in the surrounding community, as determined by the Director of Housing and Community Development.

(f) In order to retain the partial exemption for which this division provides, each owner of real property that has qualified for partial exemption of real estate taxes under this division shall annually file a renewal application with the Director of Housing and Community Development on forms to be prescribed by the Director of Housing and Community Development, and any other documentation as may be required by the Director of Housing and Community Development, on or before the deadline established by the rules and regulations issued in accordance with Section 26-402 until such partial exemption expires or is otherwise terminated for failure to comply with the requirements of this division or other applicable law. The partial exemption for which this division provides shall terminate if any owner of real property fails to comply with the requirements of this subsection. In the case of any such termination of the partial exemption for which this division provides, the partial exemption for the tax year in which the date upon which the renewal application is due falls and for all subsequent tax years remaining in the exemption period for such real property shall be forfeited and the credit for the tax year in which the date upon which the renewal application is due falls and for all subsequent tax years remaining in the exemption period shall be canceled and shall be of no effect.

(Code 2015, § 26-408.5; Ord. No. 2019-338, § 2(26-408.5), 1-27-2020; Ord. No. 2020-130, § 2, 6-22-2020)

Sec. 26-414. Application.

(a) No partial exemption from real property tax under this division shall be issued for real property (i) whose owner or such owner's agent has not submitted an application to the City Assessor and to the Director of Housing and Community Development for partial tax exemption in accordance with this division prior to construction, (ii) whose owner has failed to pay any amount of nonexempt real estate taxes, (iii) whose owner has failed to submit design plans to the City Assessor and the Director of Housing and Community Development or (iv) that is receiving any other real estate tax exemption authorized by this Code.

(b) As a prerequisite for initially qualifying for partial tax exemption under this division, the owner or agent of the owner of real property shall, on or before the application deadline established by the rules and regulations issued in accordance with Section 26-402, file simultaneously and prior to any work being started on the subject

property (i) an application for partial exemption of real property from taxation with the City Assessor (ii) a copy of the application filed with the City Assessor in numeral (i) above with the Director of Housing and Community Development, and, to the extent required by applicable laws and regulations, (iii) an application for a building permit. For single-family dwellings and multifamily dwellings containing no more than five units, each application for such exemption filed with the City Assessor shall be accompanied by a processing fee in the amount of $125.00. For multifamily dwellings offered or to be offered for rent, excluding condominiums, containing six more units, each application for such exemption filed with the City Assessor shall be accompanied by a processing fee in the amount of $250.00. No property shall be eligible for such exemption unless all appropriate building permits have been acquired and the Director of Housing and Community Development has verified that the rehabilitation, renovation or replacement indicated on the application has been completed and a certificate of occupancy has been issued. Furthermore, no property shall be eligible for such exemption if any City inspector, City appraiser, or other City employee performing duties in accordance with this division or applicable provisions of this Code have been denied access to all or any portion of the subject property before, during or after the work for which a partial exemption has been applied, for purposes of determining whether the rehabilitation, renovation or replacement has been completed and for appraising the property.

(c) Upon receipt of an application for partial exemption in accordance with this division, the City Assessor shall provide written notification to the owner of any such real estate of the base value of the qualified structure. Such notice shall also notify the property owner that such property owner may appeal the base value in accordance with the applicable provisions of this Code or State law, in which case the base value as subsequently determined by the City Assessor, the City of Richmond Board of Review of Real Estate Assessments or a court of competent jurisdiction upon such appeal shall be the base value for purposes of this section.

(d) The applicant shall bear the burden of proof to show that the property for which a partial exemption has been applied complies with all requirements established by this division. The Director of Housing and Community Development shall require documented proof of eligibility and compliance with the requirements of this division, and, in such cases, the applicant shall present documentation satisfactory to the Director of Housing and Community Development.

(Code 2015, § 26-408.6; Ord. No. 2014-117-90, § 3, 5-27-2014; Ord. No. 2019-338, § 2(26-408.6), 1-27-2020; Ord. No. 2020-130, § 2, 6-22-2020)

Sec. 26-415. Amount of exemption; basis for taxes during construction.

(a) The amount of the partial exemption from real property taxation provided for by this division shall be an amount equal to the increase in assessed value resulting from the rehabilitation, renovation or replacement of a qualified structure for multifamily dwelling or single-family dwelling use as determined by the City Assessor. This amount only, on a fixed basis, shall constitute the exemption, notwithstanding subsequent market appreciation or depreciation, assessment, reassessment or future improvements. In no event shall the exemption exceed the increase in assessed value resulting from the rehabilitation, renovation or replacement of a qualified structure for multifamily dwelling or single-family dwelling use as determined by the City Assessor. The exemption shall commence on January 1 of the year following completion of the rehabilitation, renovation or replacement of a qualified structure for multifamily dwelling use and shall run with the real estate for 15 years.

(b) No partial exemption under this division shall be issued during the construction phase of the rehabilitation, renovation or replacement of a qualified structure for multifamily dwelling or single-family dwelling use. Prior to completion of the new structure or other improvements, taxes shall be based upon the full assessed value of the property when assessed.

(Code 2015, § 26-408.7; Ord. No. 2019-338, § 2(26-408.7), 1-27-2020; Ord. No. 2020-130, § 2, 6-22-2020)

Sec. 26-416. Penalty for nonpayment of real estate taxes; forfeiture of exemption.

Whenever the owner of real property which has qualified for partial exemption of real estate taxes under this division fails to pay one-half of the nonexempted amount of real estate taxes on the property on or before January 14 of any tax year or the remaining one-half of such amount on or before June 14 of any tax year:

(1) A penalty of ten percent shall be applied to any such installment due on the taxes for the full assessed value of the property for that tax year;

(2) The partial exemption for that tax year and all subsequent years of any remaining exemption period shall be forfeited; and

(3) The annual credit issued for that tax year and all subsequent years of any remaining exemption period shall be canceled and shall be of no effect.

The partial exemption claimed for any tax year shall be retained if payment of the nonexempt amount, plus the ten percent late payment penalty and interest at ten percent per annum on the nonexempt amount due, is received by the Collections Division of the Department of Finance on or before June 30, or the last business day preceding June 30 of the tax year in question if June 30 falls on a weekend.

DIVISION 5. ENFORCEMENT

Sec. 26-430. Penalty.

(a) Whenever any taxpayer shall fail, refuse or neglect to pay any property taxes levied under Sections 26-458 and 26-460 on or before June 5 or within 60 days of acquiring a tax situs in the City in the year for which they are levied, there shall be added a penalty of ten percent of the total taxes due or $10.00, whichever is greater. In no case shall the penalty exceed the amount of the tax.

(b) Whenever any person shall fail, refuse or neglect to pay any tangible personal property or machinery and tools taxes levied under Section 26-459 on or before June 5 of the tax year, there shall be added a penalty of ten percent of the taxes due or $10.00, whichever is greater. In no case shall the penalty exceed the amount of the tax. Any tax remaining unpaid, in whole or in part, 60 days after the due date of each year shall incur an additional penalty of five percent of the tax due and unpaid.

(c) If any person shall fail, refuse or neglect to remit to the Collector any admissions, lodging, meals or short-term rental taxes required to be collected and paid under Articles VIII through X and XVII of this chapter within the time and amount specified, there shall be added to such tax a penalty of ten percent or $10.00, whichever is greater. In no case shall the penalty exceed the amount of the tax.

(Code 1993, § 27-91; Code 2004, § 98-166; Code 2015, § 26-430; Ord. No. 2007-299-261, § 1, 11-26-2007; Ord. No. 2013-35-39, § 1, 3-25-2013)

Sec. 26-431. Interest.

(a) Whenever any taxes due under Sections 26-458, 26-459 and 26-460 and Articles VIII through X and XVII of this chapter are not paid prior to the day following the day of the year or, for admissions, lodging, meals and short-term rental taxes, the day following the day of the month when such taxes became due and payable in the

year, month or quarter for which they are levied, such unpaid taxes shall be deemed to be delinquent.

(b) Interest on such unpaid taxes shall be charged annually at the rate of ten percent from the day following the due date of the year or month in which the taxes became due and payable, pursuant to Code of Virginia, § 58.1-3916, and shall be paid upon the principal and penalties of taxes remaining unpaid.

(Code 1993, § 27-92; Code 2004, § 98-167; Code 2015, § 26-431; Ord. No. 2007-299-261, § 1, 11-26-2007; Ord. No. 2011-5-4, § 1, 1-24-2011; Ord. No. 2016-265, § 1, 11-14-2016)

Sec. 26-432. Aiding and abetting incorrect return.

It shall be a Class 1 misdemeanor for any person with intent to defraud to aid, abet, counsel or induce another to file an incorrect return for any taxes imposed under Section 26-461 and Articles VII through X and XVII of this chapter or to furnish incorrect information to the City regarding such taxes.

(Code 1993, § 27-93; Code 2004, § 98-168; Code 2015, § 26-432)

Sec. 26-433. Omitted taxes.

(a) If the Director ascertains that any of the taxes levied on personal property or machinery and tools for the current tax year or any tax year of the three preceding tax years have not been assessed or have been assessed at less than was required by law for any one or more of such years, or if the Director ascertains that the taxes for any cause have not been realized, it shall be the duty of the Director to list and assess such property with taxes at the rate prescribed for that year.

(b) For those taxes assessed by the Director as provided in subsection (a) of this section, a penalty shall be assessed as provided in Section 26-430.

(c) Taxes assessed pursuant to this section shall also be assessed interest at the same rate as provided in Section 26-431. Such interest shall be computed on the total of the taxes and penalty from the day following the due date on which such taxes should have been paid.

(d) If the failure to file or to remit the tax, in the opinion of the Director, was not the fault of the taxpayer, there shall be no penalty or interest for 30 days from the date of the omitted assessment. At the conclusion of the 30-day period, if no payment has been remitted, then interest and penalty shall be added to the amount of the deficiency at the rates prescribed in this section.

Sec. 26-434. Failure to file and false statements.

(a) Except as specifically provided elsewhere in this chapter, it shall be unlawful to make a false statement with the intent to defraud on any return or willfully fail to file a return when due for any of the following taxes:

(1) Tangible personal property.

(2) Machinery and tools.

(3) Admissions.

(4) Lodging.

(5) Meals.

(6) Short-term rental.

(b) Any person, upon conviction of a violation of this section, shall be punished as provided by general law for:

(1) A Class 3 misdemeanor if the amount of the tax lawfully assessed in connection with the return is $1,000.00 or less; or

(2) A Class 1 misdemeanor if the amount of the tax lawfully assessed in connection with the return is more than $1,000.00.

(Code 1993, § 27-95; Code 2004, § 98-170; Code 2015, § 26-434)

Sec. 26-435. Statutory assessments for admissions, lodging and meals taxes.

(a) If any person shall fail or refuse to collect the taxes imposed by Articles VII through X and XVII of this chapter and to make within the times provided the required reports and remittances to the Collector, the Director shall proceed in such manner as deemed best to obtain the facts and information on which to base an estimate of the taxes due. Any person who neglects, fails or refuses to collect such taxes imposed by such articles upon every taxable sale made by such person or such person's agents or employees shall be liable for and shall pay the tax.

(b) The Director, upon procuring such facts and information upon which to base an assessment of any tax payable by any person who shall fail or refuse to collect such tax and to make such required reports and remittances shall proceed to determine and assess against such person such tax, plus penalty and interest as provided in Sections 26-430 and 26-431.

(c) The Director shall notify any person subject to assessments made pursuant to this section by mail sent to the last known place of address of the following:

(1) The amount of such tax;

(2) Penalty and interest;

(3) Total amount due; and

(4) That the total amount due shall be payable within ten days from the date of such notice.

(d) The Director shall have the power to examine such records for the purpose of administering and enforcing this section and all the provisions of Section 4.16 of the Charter.

(Code 1993, § 27-96; Code 2004, § 98-171; Code 2015, § 26-435)

Sec. 26-436. Recordkeeping.

It shall be the duty of every person liable for the collection and remittance to the City of any tax imposed by Articles VII through X and XVII of this chapter to keep and preserve for a period of five years such suitable records as may be necessary to determine the amount of such tax as they may have been responsible for collecting and paying to the City. The Director may inspect such records at all reasonable times.

(Code 1993, § 27-97; Code 2004, § 98-172; Code 2015, § 26-436)

Sec. 26-437. Distraint of property for taxes.

(a) Whenever any taxpayer shall fail, refuse or neglect to pay any real property, tangible personal property, admissions, lodging, meals or business, profession, or occupation license taxes levied within 30 days after the date that such taxes are due, the Director of Finance may cause any goods, chattels, money or bank notes in the City belonging to such taxpayer to be distrained. Any highway vehicle, as defined in Code of Virginia, § 58.1-2201, that is the subject of distress may be towed or immobilized with a wheel boot, wheel lock or other similar device.

(b) Property subject to levy or distress for taxes shall be liable to levy or distress in the hands of any person for taxes thereon, except that any highway vehicle, as defined in Code of Virginia, § 58.1-2201, purchased by a bona fide purchaser for value shall not be liable to levy or distress for such taxes unless the purchaser knew at the time of purchase that the taxes had been specifically assessed against such vehicle. Property on which taxes are not specifically assessed shall not be subject to distress after it passes into the hands of a bona fide purchaser for value.

(Code 1993, § 27-98; Code 2004, § 98-173; Code 2015, § 26-437; Ord. No. 2018-270, § 1, 11-13-2018)

DIVISION 6. TANGIBLE PERSONAL PROPERTY AND MACHINERY AND TOOLS*

***State law reference—**Taxation of tangible personal property and machinery and tools, Code of Virginia, § 58.1-3500 et seq.

Sec. 26-458. Amount and levy on tangible personal property; property excluded from levy.

(a) Except as otherwise provided in this section, there shall be levied and collected for each year on all

tangible personal property, including, but not limited to, boats or watercraft under five tons' burden used for business or pleasure and vehicles without motive power used or designed to be used as offices, or any purpose other than continuous year-round occupancy as a dwelling, a tax of $3.70 on each $100.00 of assessed valuation thereof for general purposes.

(b) A manufactured home, as defined in Code of Virginia, § 36-85.3, shall, in accordance with Code of Virginia, § 58.1-3522, be taxed at the rate of levy imposed upon real estate pursuant to Section 26-355. Such taxes shall be due and payable as provided in Section 26-361 with penalty and interest for nonpayment computed pursuant to Section 26-361.

(c) Tangible personal property taxed under this section shall not include the following property:

(1) Bicycles;

(2) Household and kitchen furniture, including gold and silver plates, plated ware, watches and clocks, sewing machines, refrigerators, automatic refrigerating machinery of any type, vacuum cleaners and all other household machinery, books, firearms and weapons of all kinds;

(3) Pianos, organs, phonographs and record players and records to be used therewith and all other musical instruments of whatever kind, radio and television instruments and equipment;

(4) Oil paintings, pictures, statuary, curios, articles of virtu and works of art;

(5) Diamonds, cameos and other precious stones and all precious metals used as ornaments or jewelry;

(6) Sporting and photographic equipment;

(7) Clothing and objects of apparel;

(8) All other tangible property owned and used by an individual or a family or household incident to maintaining an abode; and

(9) One motor vehicle:

a. Owned by each City resident who is an active member or auxiliary member of a volunteer rescue squad authorized by permit to operate in the City; or

b. Leased by each City resident who is:

1. An active member or an auxiliary member of a volunteer rescue squad authorized by permit to operate in the City; and

2. Obligated by the terms of the lease to pay tangible personal property taxes on the vehicle.

However, if a volunteer rescue squad member and an auxiliary member are members of the same household, that household shall be allowed only one vehicle subject to this section, as provided by Code of Virginia, § 58.1-3506.

(d) For the purpose of the levy and collection of tangible personal property taxes under this section, all other tangible property owned and used by an individual or a family or a household incident to maintaining an abode, as provided in subsection (c) of this section, shall include antique motor vehicles which may not be used for general transportation purposes as provided in Code of Virginia, § 58.1-3504.

(e) Computer hardware used by businesses primarily engaged in providing data processing services to other nonrelated or nonaffiliated businesses and programmable computer equipment used in business shall be valued by means of a percentage of original cost to the taxpayer as may reasonably be expected to determine the actual fair market value.

(f) The following assessment ratios shall be applied to the original cost to the taxpayer of computer equipment, as provided in subsection (e) of this section, so as to reasonably determine the fair market value of the property. The Director of Finance is hereby authorized and directed to require each person who owned any property as defined in subsection (d) of this section to make a return under oath of the original cost price and year of acquisition to be used as a basis for assessment and determination of the fair market value of such property, using the following assessment ratios:

Year Acquired	*Assessment Ratio (%)*
1	70
2	60
3	30
4	15
5	10
6 and prior years	5

(g) The following assessment ratios shall be applied to the original cost to the taxpayer of all tangible property employed in a trade or business, as provided in Code of Virginia, § 58.1-3503(A)(18), and motor vehicles with a gross vehicle weight of 10,000 pounds or more and not listed in a recognized pricing guide and excluding programmable computer equipment and peripherals provided in subsection (e) of this section. The Director of Finance is hereby authorized and directed to require each person who owned tangible personal property employed in a trade or business to make a return under oath of the original cost and year of acquisition to be used as a basis for assessment and determination of the fair market value of such property, using the following assessment ratios:

Year Acquired	*Assessment Ratio (%)*
1	70
2	60
3	50
4	40
5	30
6 and prior years	20

The original cost of motor vehicles with a gross vehicle weight of 10,000 pounds or more shall be determined based on information maintained and made available to the City by the State Division of Motor Vehicles. The Director of Finance is hereby authorized and directed to obtain other such information as may be necessary and appropriate to determine the cost of the vehicle to the taxpayer if the information from the division of motor vehicles is incomplete or otherwise deemed to be inaccurate.

(h) The fair market value of motor vehicles for new model years not indicated in a recognized pricing guide used to value other such motor vehicles shall be determined by applying an assessment ratio of 90 percent to the original cost to the taxpayer of the vehicle as indicated in records maintained and made available to the City by the State Division of Motor Vehicles. The Director of Finance is hereby authorized and directed to obtain other such information as may be necessary and appropriate to determine the original cost of the vehicle to the taxpayer if the information from the Division of Motor Vehicles is incomplete or otherwise deemed to be inaccurate.

(Code 1993, § 27-101; Code 2004, § 98-196; Code 2015, § 26-458)

Sec. 26-459. Due date of taxes for tangible personal property, machinery and tools and personal property assessed by State Corporation Commission.

(a) Taxes levied on tangible personal property, machinery and tools and personal property assessed for taxation by the State Corporation Commission shall be due and payable on the first day of the tax year for which

they are levied.

(b) Every person assessed tangible personal property and machinery and tools taxes shall, when filing a return with the Director as required by Section 26-461, pay to the Collector the full amount of the tax payable as indicated on the face of the return. For every person filing a business tangible personal property or machinery and tools tax return, the face of the return must also include the amount of any property acquired or disposed of in the calendar year preceding the tax year for which the return is being filed.

(c) If any payment is not made in full when due, there shall be added to the entire tax or to any unpaid balance of the tax, whichever is applicable, a penalty, as prescribed in Section 26-430. The entire tax or unpaid balance, together with such penalty, shall immediately become collectible.

(d) For property taxes on tangible personal property assessed by the State Corporation Commission, the following shall apply:

(1) Credit on account of such taxes will be allowed during the year for which they are levied by payment on or before June 5 of that year of the amount of taxes paid or levied for the preceding tax year.

(2) The taxes due and payable shall be computed when the assessment of such property by the State Corporation Commission has been certified to the Collector.

(3) If the payment made on account of the taxes exceeds the amount of the taxes so computed, the excess shall be refunded to the taxpayer.

(4) If the amount of the taxes so computed exceeds the payment made on account of the taxes, the taxpayer may pay the deficit within 30 days of having been given notice of such deficit without penalty. A penalty of ten percent of the amount of the deficit shall be added to the balance due if the deficit is not paid within such 30 days.

(e) Whenever any such taxpayer shall fail, refuse or neglect to pay the amount of taxes paid or levied for the preceding tax year on or before June 5 of that year, there shall be added to the amount of taxes for the current year, when computed, a penalty as prescribed in Section 26-430 and interest as provided in Section 26-431.

(f) Motor vehicles or trailers, which acquire taxable situs in the City after the first day of the tax year, shall be taxed on a prorated basis as follows:

(1) Taxes shall be prorated on a monthly basis for that portion of the tax year for which the property has a situs within the City. A full month is counted for those periods of time which are equal to or greater than one-half of the month in which the property acquires taxable situs in the City. A period of time which is less than one-half of such month is not counted.

(2) Taxes shall be due within 60 days of the property achieving situs in the City or June 5 of the tax year, whichever is later.

(3) When any person, after the tax day or situs day, acquires a motor vehicle or trailer with a situs in the City, the tax shall be assessed on the property for the portion of the tax year during which the new owner owns the property and it has a situs in the City.

(4) Where any motor vehicle or trailer acquires taxable situs elsewhere, is sold or title otherwise legally transferred, a relief of the appropriate amount of tax already paid will be prorated on the same basis as provided in subsection (f)(1) of this section. At the option of the taxpayer, such amounts shall be refunded or credited against any other tax due within 30 days of the day such tax is relieved. No refund of less than $5.00 shall be issued to a taxpayer, unless specifically requested by the taxpayer.

(5) All property for which the property taxes are subject to proration shall be exempt from the levy of this tax for any portion of a tax year during which the property has been legally assessed by another jurisdiction in the Commonwealth and that tax paid.

(6) The lessor shall provide to every taxpayer who leases any motor vehicle pursuant to a contract that requires the lessee to pay the taxes thereon as provided under this article a written notice in bold print regarding the taxes to be paid by the lessee, and the lessor shall forward any such tax bill issued to the lessor a copy or facsimile of such bill to the lessee within ten business days of receipt.

(Code 1993, § 27-102; Code 2004, § 98-197; Code 2015, § 26-459; Ord. No. 2013-35-39, § 1, 3-25-2013)

Sec. 26-460. Levy on machinery and tools used in business and certain motor carrier transportation property.

(a) There shall be levied and collected for each year on all machinery and tools, as defined in Section 26-1, and motor vehicles owned or used by a motor carrier, as defined in Code of Virginia, § 46.2-2000, and motor carrier transportation property as defined in 49 USC 11503a(a)(3), exclusive of rolling stock of a certificated motor vehicle carrier subject to taxation pursuant to Code of Virginia, § 58.1-2652 et seq., trailers and semitrailers with a gross vehicle weight (rating) of 10,000 pounds or more used to transport property for hire by a motor carrier engaged in interstate commerce, a tax of $2.30 on each $100.00 of assessed valuation thereof for general purposes.

(b) In assessing the value of such machinery and tools, the Director of Finance is hereby authorized and directed to require each person who owned any taxable machinery or tools on the first day of the tax year to make a return under oath of the original cost price, the year purchased and the book value of such machinery and tools, to be used as a basis of assessment, which shall be at the fair market value, as determined by means of applying the following assessment ratio schedule, of such machinery and tools. However, if the Director of Finance has reason to believe that any return made on machinery and tools by any person is inadequate, the Director of Finance shall be authorized to examine or cause to be examined any and all books and records of the person making such return and may also require the attendance at the Director's Office of the person making such return and examine such person under oath concerning the return:

(c) Motor vehicles owned or used by a motor carrier, motor carrier transportation property as defined in 49 USC 11503a(a)(3), and trailers and semitrailers with a gross vehicle weight (rating) of 10,000 pounds or more used to transport property for hire by a motor carrier engaged in interstate commerce, as provided in subsection (a) of this section, shall be assessed in accordance with Code of Virginia, § 58.1-3503(A)(3). The assessment ratio schedule provided in Section 26-458(f) shall be used as a basis for assessment and determination of the fair market value of such vehicles which are not listed in a recognized pricing guide.

(Code 1993, § 27-103; Code 2004, § 98-198; Code 2015, § 26-460)

Sec. 26-461. Duty of taxpayer to file; date of filing.

(a) Every person assessable with City taxes on tangible personal property or machinery and tools shall list such property on the forms provided by the Director of Finance and return the list to the Director on or before March 1 of each year in which such property is assessable for taxation by the City or, for motor vehicles and trailers, within 60 days of achieving taxable situs in the City, whichever is later.

(b) Any person liable for tax in the City of Richmond who fails to file a return of tangible personal property or machinery and tools tax on or before March 1 of each year shall incur a penalty of ten percent of the tax assessed or $10.00, whichever is greater; provided, however, that the penalty shall not exceed the amount of the tax assessable for that year. This penalty shall become part of the tax due for that year and shall be in addition to all other penalties and interest incurred for late payment of taxes or for filing a false return.

(Code 1993, § 27-104; Code 2004, § 98-199; Code 2015, § 26-461; Ord. No. 2007-299-261, § 1, 11-26-2007)

Sec. 26-462. Form of assessment books.

The Director of Finance shall, with the approval of the State Department of Taxation, prescribe the form of the personal property book and the machinery and tools book to be used by the Director.

(Code 1993, § 27-105; Code 2004, § 98-200; Code 2015, § 26-462)

Sec. 26-463. Retention of original assessment books; delivery of copy to Tax Collector.

The Director of Finance shall retain the original personal property and machinery and tools books prepared and shall deliver to the Collector one copy of each of such books before January 31 of the year following the year for which such taxes are levied.

DIVISION 7. PERSONAL PROPERTY TAX RELIEF*

***State law reference—**Personal property tax relief, Code of Virginia, § 58.1-3523 et seq.

Sec. 26-495. Purpose; definitions; relation to other ordinances.

(a) *Purpose.* The purpose of this division is to provide for the implementation of the changes to the Code of Virginia, Title 58.1, Ch. 35.1 (Code of Virginia, § 58.1-3523 et seq.) made by legislation adopted during the 2004 Special Session I and the 2005 Regular Session of the General Assembly of Virginia.

(b) *Definitions.* Terms utilized in this division that have defined meanings set forth in Code of Virginia, Title 58.1, Ch. 35.1 (Code of Virginia, § 58.1-3523 et seq.) shall have the same meanings as set forth in Code of Virginia, § 58.1-3523.

(c) *Relation to other ordinances.* To the extent that the provisions of this division conflict with any other provision of this Code or any other ordinance, this division shall control.

(Code 2004, § 98-211; Code 2015, § 26-495; Ord. No. 2005-302-258, § 1, 11-28-2005)

Cross reference—Definitions generally, § 1-2.

Sec. 26-496. Method of computing and reflecting tax relief.

(a) For tax years commencing in 2006, the City adopts the provisions of Item 503.E of Chapter 951 of the 2005 Acts of Assembly of Virginia, providing for the computation of tax relief as a specific dollar amount to be offset against the total taxes that would otherwise be due but for Code of Virginia, Title 58.1, Ch. 35.1 (Code of Virginia, § 58.1-3523 et seq.) and the reporting of such specific dollar relief on the tax bill.

(b) The City Council shall annually set the rate of tax relief at such a level that is anticipated fully to exhaust personal property tax relief funds provided to the City by the State. Any amount of personal property tax relief funds not utilized with the City's fiscal year shall be carried forward and utilized to increase the funds available for personal property tax relief in the following fiscal year.

(c) Personal property tax bills shall set forth on their face the specific dollar amount of relief credited with respect to each qualifying vehicle, together with an explanation of the general manner in which relief is allocated.

(Code 2004, § 98-212; Code 2015, § 26-496; Ord. No. 2005-302-258, § 1, 11-28-2005)

Sec. 26-497. Allocation of relief among taxpayers.

(a) Allocation of personal property tax relief shall be provided in accordance with the general provisions of this section.

(b) Relief shall be allocated in such manner as to eliminate the personal property taxation of each qualifying vehicle with an assessed value of $1,000.00 or less.

(c) Relief may be allocated with respect to qualifying vehicles with an assessed value of greater than $1,000.00 but less than or equal to $20,000.00 at a rate that, in combination with the relief granted in subsections

(b) and (d) of this section, is estimated to fully utilize all available State personal property tax relief.

(d) Relief with respect to qualifying vehicles with assessed values greater than the value established by the City Council pursuant to subsection (c) of this section shall be provided at a rate fixed annually by the City Council and applied up to the first $20,000.00 of each qualifying vehicle. The rate shall be established annually at such a rate that, when combined with the relief granted pursuant to subsections (b) and (c) of this section, are estimated to fully utilize all available State personal property tax relief.

(Code 2004, § 98-213; Code 2015, § 26-497; Ord. No. 2005-302-258, § 1, 11-28-2005)

Sec. 26-518. Exemption from taxation.

(a) The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Certified pollution control equipment, facilities and property means property, including real or personal property, equipment, facilities, or devices used primarily for the purpose of abating or preventing pollution of the atmosphere or waters of the Commonwealth and which the State-certifying authority having jurisdiction with respect to such property has certified to the Department of Taxation as having been constructed, reconstructed, erected, or acquired in conformity with the State program or requirements for abatement or control of water or atmospheric pollution or contamination. Such property shall include, but is not limited to, any equipment used to grind, chip, or mulch trees, tree stumps, underbrush, and other vegetative cover for reuse as mulch, compost, landfill gas, synthetic or natural gas recovered from waste or other fuel, and equipment used in collecting, processing, and distributing, or generating electricity from, landfill gas or synthetic or natural gas recovered from waste, whether or not such property has been certified to the Department of Taxation by a State-certifying authority. Such property shall also include solar energy equipment, facilities or devices owned or operated by a business that collects, generates, transfers, or stores thermal or electric energy, whether or not such property has been certified to the Department of Taxation by a State-certifying authority. For pollution control equipment and facilities certified by the Virginia Department of Health, this exemption applies only to on-site sewage systems that serve ten or more households, use nitrogen-reducing processes and technology, and are constructed, wholly or partially, with public funds. All such property as described in this definition shall not include the land on which such equipment or facilities are located.

State-certifying authority means the State Water Control Board or the Virginia Department of Health for water pollution; the State Air Pollution Control Board for air pollution; the Department of Mines, Minerals and Energy for solar energy projects and for coal, oil and gas production, including gas, natural gas and coalbed methane gas; the Virginia Waste Management Board for waste disposal facilities, natural gas recovered from waste facilities and landfill gas production facilities; and includes any interstate agency authorized to act in place of a certifying authority of the Commonwealth.

(b) Certified pollution control equipment, facilities and property are hereby declared to be a separate class of property and shall constitute a classification for local taxation separate from other such classifications of real or personal property, and such property shall be exempt from local taxation. For solar photovoltaic or electric energy systems, the exemption provided for by this subsection shall apply only to (i) projects equaling 20 megawatts or less, as measured in alternating current generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or before December 31, 2018, (ii) projects equaling 20 megawatts or less, as measured in alternating current generation capacity, that serve any of the public institutions of higher education listed in the Code of Virginia, § 23.1-100 or private college as defined in Code of Virginia, § 23.1-105, (iii) 80 percent of the assessed value of projects for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization after January 1, 2015, and greater than 20 megawatts, as measured in alternating current generation capacity, for projects first in service on or after January 1, 2017, (iv) projects equaling five megawatts or less, as measured in alternating current generation capacity, for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or after January 1, 2019, and (v) 80 percent of the assessed value of all other

projects equaling more than five megawatts, as measured in alternating current generation capacity for which an initial interconnection request form has been filed with an electric utility or a regional transmission organization on or after January 1, 2019. The exemption for solar photovoltaic (electric energy) projects greater than 20 megawatts, as measured in alternating current generation capacity, shall not apply to projects upon which construction begins after January 1, 2024. Except as otherwise explicitly provided under Code of Virginia, Title 58.1, Ch. 36, Art. 5, as to any real or personal property, machinery, equipment, facilities, devices, or real estate improvements required to be certified by a state or local certifying authority for tax exemption under Code of Virginia, Title 58.1, Ch. 36, Art. 5, once the required certification is made, such property shall be deemed exempt as of the date the property is placed in service. Nothing in this section shall be interpreted or construed as extending any limitations period under law for applying for correction of an assessment or otherwise appealing an assessment.

DIVISION 9. PROPERTY TAX EXEMPTION PROCESS

Sec. 26-545. Purpose.

The purpose of a property tax exemption policy by the City is to:

(1) Provide an orderly, systematic and organized process for the review of requests for exemption from real and personal property taxation;

(2) Enable the City Council to be fully informed as to the financial impact of granting property tax exemptions, both individually and collectively;

(3) Ensure that those organizations to whom such exemptions are granted are meeting a general public need for which the benefits derived by the community at large exceed the City's loss in revenue from taxes on the organization's real and tangible personal property; and

(4) Ensure that all requests for exemption are provided equitable consideration.

(Code 1993, § 27-125; Code 2004, § 98-246; Code 2015, § 26-545)

Sec. 26-546. Filing for exemption.

(a) A nonprofit organization that owns real or tangible personal property, either or both, and uses such property exclusively for religious, charitable, patriotic, historical, benevolent, cultural, or public park and playground purposes may apply for exemption from property taxation. Any such organization shall apply to the City either for exemption by classification or for exemption by designation. Application forms for both types of exemption shall be made available in the City Assessor's Office. Property tax exemption by classification applications along with all required documentation shall be filed with the City Assessor's Office no later than July 1. Organizations must provide all information requested by the City Assessor's Office. If an organization is determined to be exempt by classification, tax exempt status shall become effective on January 1 of the following year; unless such property is exempt pursuant to Code of Virginia, § 58.1-3606(A)(1) or (A)(2), in which case the exemption is effective immediately. Each organization granted an exemption by classification shall file a triennial application with the City Assessor's Office no later than September 1 of every third year in order to retain its tax-exempt status.

(b) If an organization is determined not to be exempt by classification, then the City Assessor's Office shall notify that organization in writing of that determination and provide information regarding the exemption by designation process, including an application. Property tax exemption by designation applications along with all required documentation shall be filed with the City Assessor's Office no later than September 1.

(Code 1993, § 27-126; Code 2004, § 98-247; Code 2015, § 26-546; Ord. No. 2004-369-332, § 1, 12-13-2004)

Sec. 26-547. Exemption by designation.

If an organization is not exempt from property taxes by classification, it may apply for exemption by

designation, as indicated above, pursuant to Code of Virginia, § 58.1-3651. The process for review and consideration of these applications shall be as follows:

(1) After receipt thereof, the City Assessor's Office shall promptly forward such application to the City Attorney's Office for review to determine whether the application is complete. After the City Attorney's Office has completed its review for completeness, it shall forward the application to the Property Tax Exemption by Designation Committee no later than December 1 of that year. The Property Tax Exemption by Designation Committee shall consist of at least five members who shall each serve a three-year term and who shall be familiar with one or more of the following areas:

a. Nonprofit organizations;

b. Accounting;

c. Finance; and

d. Property assessments.

At least one member of the Property Tax Exemption by Designation Committee shall be an employee of either the City Assessor's Office or the Department of Finance; however, such employees shall comprise of no more than two-fifths of the members of the Property Tax Exemption by Designation Committee. The City Assessor and the Director of Finance shall jointly appoint each member of the Property Tax Exemption by Designation Committee and shall jointly furnish the Property Tax Exemption by Designation Committee with administrative support. The Property Tax Exemption by Designation Committee shall adopt such rules as it may find necessary to carry out its role in the process for review and consideration of applications for exemption by designation from property taxation. The Property Tax Exemption by Designation Committee shall review each application for exemption by designation and provide a written report to the City Council on each application no later than February 1 of the following year.

(2) After the Property Tax Exemption by Designation Committee makes its recommendation to the City Council as to whether the Council should approve or deny the application, an ordinance approving the exemption shall be introduced and scheduled for a public hearing before and a vote by the City Council by no later than March 15. As required by Code of Virginia, § 58.1-3651(B), notice of the public hearing on the ordinance shall include the assessed value of the real and tangible personal property and the assessed property taxes against this property and shall be published in a paper of general circulation in the City at least five days before the public hearing. The organization being considered shall pay the City for the costs of the publication.

(3) All ordinances approving property tax exemption by designation applications shall clearly state for what purpose the property in question is being used. If the City Council adopts the ordinance to approve the exemption by designation for the organization, the City Clerk shall forward a copy of the ordinance to the City Assessor's Office, which shall appropriately mark the real property on the tax rolls and shall, if the ordinance pertains to tangible personal property tax exemptions, forward a copy of the ordinance to the Department of Finance so that it can appropriately mark the tangible personal property on the tax rolls. The City Assessor's Office shall send a written notice to each organization informing them whether the City Council adopted an ordinance approving the tax exemption for which it applied.

(4) Any organization granted exemption by designation will be required to submit a triennial application to the City Assessor's Office by September 1 of every third year to determine if retention of the exempt status of real and personal property would be appropriate. The Property Tax Exemption by Designation Committee shall review all such triennial applications and shall make written recommendations to the City Assessor regarding the retention of the exempt status no later than February 1 of the following year.

(Code 1993, § 27-128; Code 2004, § 98-248; Code 2015, § 26-547; Ord. No. 2004-369-332, § 1, 12-13-2004)

Sec. 26-548. Criteria for consideration of exemption.

No exemption shall be provided to any organization that has any rule, regulation, policy, or practice that unlawfully discriminates on the basis of religious conviction, race, color, sex, or national origin. In determining whether to grant any request for property tax exemption, the following criteria shall be considered:

(1) The organization's written responses to the questions set forth in Code of Virginia, § 58.1-3651(B).

(2) The organization's written responses to the following questions:

a. Whether the organization is current on all obligations to the City;

b. Whether the organization is in compliance with all City regulations, including, but not limited to, building and zoning codes;

c. Whether the organization is qualified to receive a contribution from the City under State statutes; and

d. Whether the service provided by the organization is consistent with the City's mission; whether it is one that the City would provide if the requesting organization did not do so; and whether it meets an established priority of the City.

(3) Any pertinent financial records or documentation requested by the City Assessor's Office, including, but not limited to, the letter from the Internal Revenue Service granting 501(c) status to the organization and, for the current year and two years prior, the following:

a. The IRS Form 990 or 990EZ;

b. Any financial audits of the organization; and

c. Any annual financial statements listing assets/liabilities and net assets of the organization.

(4) A description of all property, both real and personal, relevant to the application with a certification as to its exclusive use by the organization for the purpose for which the organization seeks exemption.

(Code 1993, § 27-128; Code 2004, § 98-249; Code 2015, § 26-548; Ord. No. 2004-369-332, § 1, 12-13-2004)

Sec. 26-549. Moratorium on acceptance of applications for tax exemptions.

On the date upon which the ordinance from which this section is derived takes effect, the City Assessor shall not accept any application filed by nonprofit organizations seeking exemption from taxation for real or tangible personal property pursuant to the provisions of Sections 26-546 through 26-548. This moratorium shall be in effect until repealed by the Council. Notwithstanding any other provision of law to the contrary, during the moratorium provided for in this section, (i) any organization granted an exemption by designation shall submit a triennial application to the City Assessor's Office by September 1 of every third year to determine if retention of the exempt status of real and personal property would be appropriate and (ii) the City Assessor shall review all such triennial applications received and determine if retention of the exempt status is appropriate, provided that the City Assessor and the Director of Finance may jointly appoint the Property Tax Exemption by Designation Committee pursuant to Section 26-547 to review such triennial applications and make recommendations to the City Assessor regarding retention of the exempt status if both the City Assessor and the Director of Finance deem such appointment necessary.

(Code 2004, § 98-249.1; Code 2015, § 26-549; Ord. No. 2012-188-2013-3, § 1, 1-28-2013; Ord. No. 2013-19-17, § 1, 2-11-2013; Ord. No. 2017-035, § 1, 3-27-2017)

Sec. 26-550. Property exempt from taxation by classification.

(a) Pursuant to the authority granted in Article X, Section 6(a)(6) of the Constitution of Virginia to exempt property from taxation by classification, the following classes of real and personal property shall be exempt from taxation:

(1) Property owned directly or indirectly by the Commonwealth, or any political subdivision thereof.

(2) Real property and personal property owned by churches or religious bodies and exclusively occupied or used for religious worship or for the residence of the minister of any church or religious body, and such additional adjacent land reasonably necessary for the convenient use of any such property. Real property exclusively used for religious worship shall also include property:

a. Used for outdoor worship activities;

b. Used for ancillary and accessory purposes as allowed under Chapter 30, the dominant purpose of

which is to support or augment the principal religious worship use; and

c. Used as required by Federal, State or local law.

(3) Nonprofit private or public burying grounds or cemeteries.

(4) Property owned by public libraries, law libraries of local bar associations when the same are used or available for use by a State court or courts or the judge or judges thereof, medical libraries of local medical associations when the same are used or available for use by State health officials, incorporated colleges or other institutions of learning not conducted for profit. This subsection shall apply only to property primarily used for literary, scientific or educational purposes or purposes incidental thereto and shall not apply to industrial schools which sell their products to other than their own employees or students.

(5) Property belonging to and actually and exclusively occupied and used by the Young Men's Christian Associations and similar religious associations, including religious mission boards and associations, orphan or other asylums, reformatories, hospitals and nunneries, conducted not for profit but exclusively as charities (which shall include hospitals operated by nonstock corporations not organized or conducted for profit but which may charge persons able to pay in whole or in part for their care and treatment).

(6) Parks or playgrounds held by trustees for the perpetual use of the general public.

(7) Buildings with the land they actually occupy, and the furniture and furnishings therein belonging to any benevolent or charitable organization and used by it exclusively for lodge purposes or meeting rooms, together with such additional adjacent land as may be necessary for the convenient use of the buildings for such purposes.

(8) Property of any nonprofit corporation organized to establish and maintain a museum.

(b) The real and personal property of an organization classified in Code of Virginia, §§ 58.1-3610 through 58.1-3622 and used by such organization for a religious, charitable, patriotic, historical, benevolent, cultural, or public park and playground purpose as set forth in Article X, Section 6(a)(6) of the Constitution of Virginia, the particular purpose for which such organization is classified being specifically set forth within each section, shall be exempt from taxation, so long as such organization is operated not for profit and the property so exempt is used in accordance with the purpose for which the organization is classified.

(c) Property, belonging in one of the classes listed in subsection (a) or (b) of this section, which was exempt from taxation on December 31, 2002, shall continue to be exempt from taxation under the rules of statutory construction applicable to exempt property at the time such property became entitled to exemption.

(d) Exemptions of property from taxation granted under this section on or after January 1, 2003, shall be strictly construed in accordance with Article X, Section 6(f) of the Constitution of Virginia.

(Code 2004, § 98-250; Code 2015, § 26-550; Ord. No. 2004-337-307, § 1, 11-22-2004; Ord. No. 2014-113-86, § 1, 5-27-2014)

DIVISION 10. PARTIAL TAX EXEMPTION IN REDEVELOPMENT AND CONSERVATION AREAS AND REHABILITATION DISTRICTS*

***State law reference—**Partial tax exemption in redevelopment or conservation areas or rehabilitation districts, Code of Virginia, § 58.1-3219.4.

Sec. 26-579. Purpose.

The purpose of this division is to reduce or eliminate concentrations of blight, stimulate investment and encourage new construction and improvement of real property in redevelopment and conservation areas and rehabilitation districts.

(Code 2004, § 98-260; Code 2015, § 26-579; Ord. No. 2009-226-222, § 1, 12-14-2009)

Sec. 26-580. Generally; expiration of exemption program; evaluation of exemption program; fiscal impact

statement.

(a) The City Assessor shall, upon application made and within the limits as hereinafter provided, order the partial exemption from real property tax of real property upon which new structures or other improvements have been constructed within a redevelopment or conservation area or rehabilitation district established in the City.

(b) The partial tax exemption program herein created shall be reevaluated annually by the City Assessor, the Chief Administrative Officer and the Director of Finance in accordance with subsection (d) of this section and they shall make a recommendation to the City Council as to whether or not the partial tax exemption program established by this division should continue in effect. The City Assessor, the Chief Administrative Officer and the Director of Finance shall present the program evaluation results and recommendations to the City Council concerning the continuation or termination of the program by February 15 of each year that the program established by this division is in effect.

(c) The evaluation criteria shall include, but not necessarily be limited to:

(1) The number of applications submitted;

(2) The number of applications approved for consideration by the City Assessor;

(3) The number, type and description of properties qualifying for partial tax exemption under this division;

(4) The total dollar amount of the resulting assessment credit ordered;

(5) The revenue impact on the City both with and without the existence of the program; and

(6) Any other quantifiable data that can be used to measure the overall effect of the program.

(d) The City Assessor and the Director of Finance, by February 15 of each year that the program established by this division is in effect, shall provide the City Council and the Chief Administrative Officer with a fiscal impact statement of the program's operation.

(Code 2004, § 98-261; Code 2015, § 26-580; Ord. No. 2009-226-222, § 1, 12-14-2009; Ord. No. 2015-27-43, § 1, 2-23-2015)

Sec. 26-581. Rules and regulations for administration of division.

The City Assessor, with the advice and comment of the Chief Administrative Officer and the Director of Finance, shall promulgate such rules and regulations not inconsistent with the provisions of this division as the City Assessor deems necessary for the effective administration of this division.

(Code 2004, § 98-262; Code 2015, § 26-581; Ord. No. 2009-226-222, § 1, 12-14-2009)

Sec. 26-582. Eligibility of residential real property; annual renewal application.

(a) In order to qualify for the partial exemption from real property taxation for real property constructed for residential use, throughout the exemption period established by Section 26-584(a), (1) the new structure must be (i) an owner occupied dwelling used as a single-family residential structure, (ii) rental property used as a single-family dwelling with a fully executed lease agreement containing a rent to buy option, (iii) a structure used as commercial space only on the street level and residential space, a minimum of 30 percent of which provides housing restricted to individuals or families making up to 60 percent of the area median income for the Richmond-Petersburg Metropolitan Statistical Area with a maximum rent, calculated annually, no greater than 30 percent of the income of any such individual or family, on the upper remaining levels or (iv) a multifamily dwelling, a minimum of 30 percent of which provides housing restricted to individuals or families making up to 60 percent of the area median income for the Richmond-Petersburg Metropolitan Statistical Area with a maximum rent, calculated annually, no greater than 30 percent of the income of any such individual or family; and (2) the other improvement, if any, must be designed for the accessory use of such new structure; improvements such as garages, swimming pools, patios and similar facilities that are not used as living areas for the structure shall not be eligible for this exemption. Any portion of the structure that is commercial space, including, but not limited to, the commercial space identified in numeral (iii) above, shall not be eligible for the exemption. Any residential space identified in numeral (iii) above or multifamily dwelling identified in numeral (iv) above that does not meet the minimum percentage set forth in numerals (iii) or (iv) above, that exceeds the maximum rent set forth in numerals (iii) or (iv) above or that does not have the dwelling units in such residential space or the dwelling units in such multifamily dwelling interspersed among dwelling units offered for rent to individuals or families making more than 60 percent of the area median

income for the Richmond-Petersburg Metropolitan Statistical Area shall not be eligible for this exemption. In addition, the new structure and other improvement, if any, must be built on a lot on which no building, as determined by the Department of Planning and Development Review, has been situated for at least two years prior to the date upon which an application for the partial tax exemption established by this division is filed. However, a new structure or other improvement built on a lot on which no building, as determined by the Department of Planning and Development Review, is situated as a result of the demolition of a structure or other improvement at the expense of the City shall be exempted from the requirement that such lot not have a building, as determined by the Department of Planning and Development Review, situated upon it for at least two years prior to the date upon which an application for the partial tax exemption established by this division is filed.

(b) In order for the partial exemption for a property to continue in effect, such property shall be maintained in compliance with the provisions of the Virginia Uniform Statewide Building Code. If, after receiving notice of a violation of this section, the owner of the property fails or refuses to complete the necessary corrections within the time required for such action, or refuses City inspectors or City appraisers access to such property for the purpose of determining continued eligibility under this section, then such eligibility shall terminate.

(c) The new structure and other improvements, if any, must be completed within two years after the date the building permit applied for in accordance with this division has been issued.

(d) The new structure and other improvements, if any, must be in conformity with the general character and quality of the existing structures in the surrounding community, as determined by the City Assessor.

(e) In order for a partial exemption granted for a rental property used as a single-family dwelling with a fully executed lease agreement containing a rent to buy option to remain in effect, the property must be purchased within the first three years of the exemption by an individual who will occupy the property. If a rental property used as a single-family dwelling with a fully executed lease agreement containing a rent to buy option is not purchased within the first three years of the exemption by an individual who will occupy the property, the partial exemption for the property will terminate after the third year. It shall be the responsibility of the purchaser to provide proof of the closing date and the purchaser's ownership to the City Assessor so that the Assessor can note the continuation of the partial exemption on the land book. Absent any evidence submitted by a purchaser showing that a rental property used as a single-family dwelling with a fully executed lease agreement containing a rent to buy option has been purchased within the first three years of the exemption by an individual that will occupy the property, the City Assessor shall remove the partial exemption from the land book after the third year.

(f) In order to retain the partial exemption for which this division provides, each owner of real property which has qualified for partial exemption of real estate taxes under this division shall file a renewal application with the City Assessor on forms to be prescribed by the City Assessor, and any other documentation as may be required by the City Assessor, by no later than January 1 of each year of the exemption period until such partial exemption expires or is otherwise terminated for failure to comply with the requirements of this division or other applicable law. The partial exemption for which this division provides shall terminate if any owner of real property fails to comply with the requirements of this subsection. In the case of any such termination of the partial exemption for which this division provides, the partial exemption for the tax year in which the date upon which the renewal application is due falls and for all subsequent tax years remaining in the exemption period for such real property shall be forfeited and the credit for the tax year in which the date upon which the renewal application is due falls and for all subsequent tax years remaining in the exemption period shall be canceled and shall be of no effect.

(Code 2004, § 98-263; Code 2015, § 26-582; Ord. No. 2009-226-222, § 1, 12-14-2009; Ord. No. 2014-15-24, § 1, 2-24-2014; Ord. No. 2015-233, § 1, 2-8-2016; Ord. No. 2019-198, § 1, 9-23-2019)

Sec. 26-583. Application.

(a) There shall be no order of partial exemption from real property tax under this division for real property (i) whose owner or such owner's agent has not submitted an application to the City Assessor for partial tax exemption in accordance with this division prior to construction, (ii) whose owner has failed to pay any amount of nonexempt real estate taxes, (iii) that is not within a redevelopment or conservation area or rehabilitation district established in the City, (iv) whose owner has failed to submit design plans to the City Assessor or (v) that is receiving any other real estate tax exemption authorized by this Code.

(b) As a prerequisite for qualifying for partial tax exemption under this division, the owner or agent of the

owner of such property shall file an application for partial exemption of real property from taxation with the City Assessor simultaneously with making application for a building permit and prior to any work being started on the subject property. Each application for such exemption shall be accompanied by a processing fee in the amount of $125.00. No property shall be eligible for such exemption unless all appropriate building permits have been acquired and the City Assessor has verified that the new structure or other improvements indicated on the application has been completed and a certificate of occupancy has been issued. Furthermore, no property shall be eligible for such exemption if the City Assessor has been denied access to the entire premises before, during or after the work for which a partial exemption has been applied, for purposes of determining whether the new structure or other improvements have been completed and for appraising the property.

(c) The applicant shall bear the burden of proof to show that the property for which a partial exemption has been applied complies with all requirements established by this division. The City Assessor may require documented proof of eligibility and compliance with the requirements of this division, and, in such cases, the applicant shall present documentation satisfactory to the City Assessor.

(Code 2004, § 98-264; Code 2015, § 26-583; Ord. No. 2009-226-222, § 1, 12-14-2009; Ord. No. 2015-233, § 1, 2-8-2016)

Sec. 26-584. Amount of exemption; basis for taxes during construction.

(a) The amount of the partial exemption from real property taxation provided for by this division shall be an amount equal to the increase in assessed value resulting from the completed construction of the new structure or other improvement to the real property as determined by the City Assessor. This amount only, on a fixed basis, shall constitute the exemption, notwithstanding subsequent market appreciation or depreciation, assessment, reassessment or future improvements. In no event shall the exemption exceed the increase in assessed value resulting from the construction of the new structure or other improvement to the real estate as determined by the City Assessor. The exemption shall commence on January 1 of the year following completion of the new construction or improvements and shall run with the real estate for ten years.

(b) No partial exemption under this division shall be ordered during the construction phase of the new structure or other improvements. Prior to completion of the new structure or other improvements, taxes shall be based upon the full assessed value of the property when assessed.

(Code 2004, § 98-265; Code 2015, § 26-584; Ord. No. 2009-226-222, § 1, 12-14-2009; Ord. No. 2015-233, § 1, 2-8-2016)

Sec. 26-585. Penalty for nonpayment of real estate taxes; forfeiture of exemption.

Whenever the owner of real property which has qualified for partial exemption of real estate taxes under this division fails to pay one-half of the nonexempted amount of real estate taxes on the property on or before January 14 of any tax year or the remaining one-half of such amount on or before June 14 of any tax year:

(1) A penalty of ten percent shall be applied to any such installment due on the taxes for the full assessed value of the property for that tax year;

(2) The partial exemption claimed for that tax year shall be forfeited; and

(3) The annual credit issued for that tax year shall be canceled and shall be of no effect.

The partial exemption claimed for any tax year shall be retained if payment of the nonexempt amount, plus the ten percent late payment penalty and interest at ten percent per annum on the nonexempt amount due, is received by the Collections Division of the Department of Finance on or before June 30, or the last business day preceding June 30 of the tax year in question if June 30 falls on a weekend.

(Code 2004, § 98-266; Code 2015, § 26-585; Ord. No. 2009-226-222, § 1, 12-14-2009; Ord. No. 2010-92-105, § 3, 5-24-2010)

Sec. 26-586. Land book.

Nothing in this division shall be construed so as to permit the City Assessor to list upon the land book any reduced value due to the exemption provided by this division.

(Code 2004, § 98-267; Code 2015, § 26-586; Ord. No. 2009-226-222, § 1, 12-14-2009)

Sec. 26-587. Demolition.

The exemption provided in this division shall not apply when the structure to be demolished is a Virginia

registered landmark or is determined by the Virginia Department of Historic Resources to contribute to the significance of a registered historic district.

(Code 2004, § 98-268; Code 2015, § 26-587; Ord. No. 2009-226-222, § 1, 12-14-2009)

Sec. 26-588. False statements.

The making of any false statement in any application, affidavit or other information supplied for the purpose of eligibility determination under this division shall constitute a Class 2 misdemeanor.

(Code 2004, § 98-269; Code 2015, § 26-588; Ord. No. 2009-226-222, § 1, 12-14-2009)

Sec. 26-589. Additional application for exemption authorized.

Notwithstanding any provision of this division to the contrary, during the effective period of the partial exemption for which this division provides, no more than one additional application to qualify for partial exemption from real estate taxation for property constructed for residential use may be accepted for the same property, provided that such additional application is for improvements to real estate located in a redevelopment or conservation area or rehabilitation district on which a new structure that has qualified for the partial tax exemption for which this division provides is situated. Upon any approval of a partial exemption based on any such additional application, the owner of the property shall be eligible for any remaining credit available on the existing partial exemption issued in accordance with this division and for an additional partial exemption for the improvements made to such property for the number of years and at the percentage of the exemption remaining on the existing partial exemption pursuant to Section 26-584 at the time of the approval of the additional application. The amount of the partial exemption from real property taxation provided for by this division based on any additional application shall be calculated in accordance with the requirements of this division. In addition, no such additional application shall be for a new structure, unless such improvement complies with Section 26-584 and is designed for the accessory use of a new structure that has previously qualified for a partial exemption in accordance with this division. Except as provided otherwise in this section, any partial exemption based on an additional application filed in accordance with this section shall be governed by and shall be subject to the provisions of this division.

(Code 2004, § 98-270; Code 2015, § 26-589; Ord. No. 2014-165-155, § 1, 9-8-2014)

DIVISION 11. PARTIAL EXEMPTION OF CERTAIN REHABILITATED COMMERCIAL OR INDUSTRIAL STRUCTURES FROM REAL ESTATE TAXATION

Sec. 26-601. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Addition means an increase in the square footage of a qualified structure that expands the utility of such structure.

Base value means the assessed value of real estate for which an application has been filed in accordance with this division, as set forth in the land book on January 1 of the tax year in which such application is filed.

Commercial or industrial real estate means land containing a structure or other improvement constructed or used for nonresidential purposes in accordance with this Code and other applicable law or a mixed-use development.

Enterprise zone means a Council-designated enterprise zone established pursuant to the Enterprise Zone Act, Code of Virginia, § 59.1-279 et seq.

Linear feet means the shortest distance from one point to another, measured horizontally in feet, where one foot is equal to 12 inches.

Mixed-use development means a structure or other improvement constructed for both residential and commercial uses where at least ten percent of the total square footage of such structure or other improvement is comprised of commercial space.

Qualified structure means a structure or other improvement that has qualified for rehabilitation, renovation or replacement in accordance with this division.

Rehabilitation means the process of restoring a qualified structure through:

(1) Renovation;

(2) Replacement; or

(3) Renovation and the construction of an addition.

Renovation means the process of updating the utility of a qualified structure, in whole or in part, including, but not limited to, the partial destruction and rebuilding of such structure.

Replacement means the process of demolishing a qualified structure for which an application has been filed in accordance with this division and subsequently replacing such structure by constructing a new structure on the same real estate upon which the qualified structure was situated.

Square footage means the area of a structure or other improvement measured in square feet.

Substantially rehabilitated means rehabilitation of a qualified structure so as to increase the assessed value over the base value of the qualified structure by no less than 40 percent of the base value.

(Ord. No. 2020-148, § 1(26-590), 9-14-2020)

Sec. 26-602. Partial exemption provided for certain rehabilitated, renovated or replacement commercial or industrial structures, or other improvements.

In accordance with the criteria set out in Va. Const. Art. X, ¶ 6(h) and Code of Virginia, § 58.1-3221, partial exemption is hereby provided from taxation of real estate on which any qualified structure has undergone substantial rehabilitation for commercial or industrial use, subject to the conditions set forth in this division.

(Ord. No. 2020-148, § 1(26-591), 9-14-2020)

Sec. 26-603. Eligibility for partial exemption of rehabilitated commercial and industrial structures or other improvements.

In order to qualify for the partial exemption provided for in Section 26-605, qualified structures on commercial or industrial real estate shall meet the following requirements:

(1) On the date that an application for partial tax exemption has been filed in accordance with this division, the qualified structure is no less than 20 years of age, has been situated at its existing location for no less than 20 years and has exterior walls, the total linear feet of which exterior walls is at least 80 percent of the total linear feet of the exterior walls of the structure or other improvement as such structure or other improvement existed 20 years before the date of application. For purposes of determining the age of a structure or other improvement for which an application for partial tax exemption has been filed in accordance with this division, the earliest assessment date of the structure or other improvement in the records of the City Assessor shall be used to calculate the age of such structure or other improvement. For purposes of determining the total linear feet of the exterior walls of a structure or other improvement as such structure or other improvement existed 20 years before the date that an application for partial tax exemption has been filed in accordance with this division, the total linear feet of the exterior walls of the structure or other improvement as such structure or other improvement existed 20 years before the date of application as reflected in the records of the City Assessor shall be used. In determining the total linear feet of the exterior walls of the structure or other improvement for purposes of this division, the City Assessor shall employ usual and customary methods of determining the linear feet of exterior walls of structures or other improvements.

(2) The qualified structure is substantially rehabilitated after the date on which an application is filed in accordance with this division, but prior to the expiration date of such application as provided in Section 26-604. For commercial or industrial qualified structures substantially rehabilitated by replacement or by renovation and the construction of an addition for commercial or industrial use, the total square footage of any such replacement structure or addition does not exceed the total square footage of the qualified structure or other improvement by more than 100 percent. Upon inspection of the qualified

structure to determine if it then qualifies for the partial exemption in accordance with Section 26-604, the City Assessor shall determine the square footage of any addition constructed in accordance with the requirements of this division. In determining the square footage of the addition, the City Assessor shall employ usual and customary methods of determining the square footage of real estate.

(Ord. No. 2020-148, § 1(26-592), 9-14-2020)

Sec. 26-604. Application for partial exemption of rehabilitated commercial or industrial structures, or other improvements.

In order to qualify for the partial exemption provided for in Section 26-605, the owner, including the possessor of a leasehold interest in real estate as defined in Code of Virginia, § 58.1-3203, of commercial or industrial qualified structures shall, prior to commencement of rehabilitation and after making application for a building permit to rehabilitate such structure, file with the Director of Economic Development and a copy to the City Assessor, upon forms furnished by the Director of Economic Development, an application to qualify such structure or other improvement as a qualified structure rehabilitated for commercial or industrial use. Upon receipt of an application for tax exemption, the City Assessor shall provide written notification to the owner of such commercial or industrial qualified structure, or other improvement, of the base value of the qualified structure. Such notice shall also notify the property owner that such property owner may appeal the base value in accordance with the applicable provisions of this Code or State law, in which case the base value as subsequently determined by the City Assessor, the City of Richmond Board of Review of Real Estate Assessments, or a court of competent jurisdiction upon such appeal shall be the base value for purposes of this section. The application to qualify for tax exemption shall be effective until two years from the date on which the application is submitted. If by such expiration date rehabilitation has not progressed to such a point that the qualified structure has been substantially rehabilitated to retain such eligibility, a new application to qualify for tax exemption must be filed. Upon such filing, the City Assessor shall, in accordance with the notice requirements of this section, provide the property owner with notification of the base value of the property as set forth in the land book on January 1 of the tax year in which such new application is filed. The initial application to qualify for the partial exemption and any subsequent application must be accompanied by the payment of a processing fee of $250.00, which fee shall be applied to offset the cost of processing such application, making required assessments, and making an annual inspection to determine the progress of the work. During the period between the receipt of the application and the time at which the City Assessor ascertains that the structure has been substantially rehabilitated, the Director of Economic Development shall, at such time during the year as the Director of Economic Development may fix by regulation, make an annual inspection of progress of the rehabilitation undertaken, and the owner, including the possessor of leasehold interest as defined in Code of Virginia, § 58.1-3203, of the property shall be subject to taxation upon the full value of the improvements to the property. An owner, as provided in this section, may, at any time prior to the expiration date of the application and once rehabilitation of a qualified structure is complete, submit a written request to the City Assessor to inspect the structure to determine if it then qualifies for the partial exemption from real estate taxation for which Section 26-605 provides. When the City Assessor determines that the minimum required increase in the assessed value has occurred (i.e., the base value is exceeded by 40 percent or more), the tax exemption shall become effective beginning on January 1 of the next calendar year. During the effective period of the partial exemption, no more than one additional application to qualify for partial exemption from real estate taxation for rehabilitated structures may be accepted for the same property. However, upon any approval of a partial exemption based on any such additional application for partial exemption, the owner of the commercial or industrial qualified structure shall waive all rights to and interest in any unexpired partial exemption existing at the time that an additional application to qualify for partial exemption from real estate taxation for rehabilitated structures for the same property is approved for partial exemption, and such unexpired partial exemption shall cease. If the owner of the commercial or industrial qualified structures fails or refuses to waive such rights or interest, the approval of the partial exemption based on the additional application for partial exemption shall be revoked, but the existing partial exemption shall continue in effect for the remainder of the applicable exemption period. In addition, no such application shall be for the:

(1) Renovation of a structure or other improvement, or any portion of a structure or other improvement, that is less than 20 years of age;

(2) Replacement of a qualified structure on which an existing partial exemption is based;

(3) Construction of an addition to be attached to a structure or other improvement, or any portion of a structure or other improvement, that is less than 20 years of age; or

(4) Any combination of subsection (1), (2), or (3) of this section.

(Ord. No. 2020-148, § 1(26-593), 9-14-2020)

Sec. 26-605. Amount of exemption for rehabilitated commercial or industrial qualified structures.

Except as provided in Section 26-604 with regard to a property for which an additional application has been approved for partial exemption, the owner, including the possessor of a leasehold interest in real estate as defined in Code of Virginia, § 58.1-3203, of property qualifying for partial exemption of real estate taxes because of rehabilitation of a commercial or industrial qualified structure in accordance with this division shall be issued a credit in the amount of the difference in taxes computed upon the base value and the initial rehabilitated assessed value of the property for each year of the five-year period of partial exemption from real estate taxes and, in each year of a two-year period following the initial five years, a credit for the amount of the difference in taxes computed upon the base value and the initial rehabilitated assessed value of the property, at 66 percent in year six and 33 percent in year seven of the full amount of the partial exemption. Commercial or industrial qualified structures that are located within enterprise zones, are no less than 20 years old, and are otherwise qualified under this division shall be entitled to a seven-year period of exemption in the full amount of the difference in taxes computed upon the base value and the initial rehabilitated assessed value of the property for each year of the seven years and for the three-year period following the initial seven years, a credit for 75 percent in year eight, 50 percent in year nine and 25 percent in year ten of the full amount of the partial exemption. No exemption shall be issued during the effective period of an exemption for any rehabilitation on the same property for which an additional application has been filed for residential real estate in accordance with Section 26-604 that is achieved through the:

(1) Renovation of a structure or other improvement, or any portion of a structure or other improvement, that is less than 20 years of age;

(2) Replacement of a qualified structure on which an existing partial exemption is based;

(3) Construction of an addition to be attached to a structure or other improvement, or any portion of a structure or other improvement, that is less than 20 years of age; or

(4) Any combination of subsection (1), (2), or (3) of this section.

An increase in assessment occurring after the first year of the partial exemption shall not qualify for an increase in such partial exemption. Such credit shall be applied towards the payment of the real estate taxes due and payable for the tax year for which such credit has been issued. Each credit shall be charged against an appropriation made by the Council for the purpose of honoring such tax rehabilitation exemptions.

(Ord. No. 2020-148, § 1(26-594), 9-14-2020)

Sec. 26-606. Partial exemption runs with real estate; penalty for nonpayment of taxes; forfeiture of exemption.

(a) *Exemption runs with real estate.* Exemption from taxation of real property qualifying for the partial tax exemption provided for in Section 26-605 shall run with the real estate, and the owner of such property, including the possessor of a leasehold interest in real estate as defined in Code of Virginia, § 58.1-3203, during each of the years of partial exemption shall be entitled to receive a credit for such partial exemption from taxation.

(b) *Penalty for nonpayment of taxes.* Whenever the owner, including the possessor of a leasehold interest in real estate as defined in Code of Virginia, § 58.1-3203, of real property that has qualified for partial exemption of real estate taxes in accordance with this division shall fail to pay one-half of the nonexempted amount of real estate taxes on the property on or before January 14 of any tax year or the remaining one-half of such taxes on or before June 14 of any tax year, a penalty shall be added for that installment of one-half of ten percent of the real estate taxes which were claimed for exemption in that tax year.

(c) *Forfeiture of exemption.* For real property qualifying for partial exemption of real estate taxes in accordance with this division, the partial exemption for each tax year shall be conditioned upon the payment of each installment of the nonexempt amount of real estate taxes on the property on or before the due date of such installment. Upon the failure to pay such real estate taxes on or before such due date, the partial exemption claimed

for that tax year shall be forfeited, and the annual credit issued for that tax year shall be canceled and shall be of no effect. The partial exemption claimed for any tax year shall be retained if payment of the nonexempt amount, plus the ten percent late payment penalty and interest at the rate set forth in Section 26-361 on the nonexempt amount due, is received by the Collections Division of the Department of Finance on or before June 30, or the last business day preceding June 30, if June 30 falls on a weekend, of the tax year in question.

(Ord. No. 2020-148, § 1(26-595), 9-14-2020)

Sec. 26-607. Demolition of certain structures; rehabilitation of structures in old and historic districts and design overlay districts; improvements on vacant land not qualified.

(a) *Demolition of certain structures.* For substantially rehabilitated commercial or industrial structures or other improvements, no exemption shall be allowed if the substantial rehabilitation is achieved through the demolition and replacement of any structure either registered as a Virginia Landmark or determined by the Department of Historic Resources to contribute to the significance of a registered historic landmark, regardless of any changes in ownership or of any changes in the boundaries of the parcel, either or both, that may occur after the demolition, whether any such change is achieved by splitting such parcel, combining such parcel with another parcel or otherwise. If any qualified structure is designated as a Virginia Landmark or is determined by the Department of Historic Resources to contribute to the significance of a registered historic landmark, and the exterior of such structure is or is proposed to be altered in any manner during the rehabilitation process provided for in this division, the Director of Economic Development shall obtain written confirmation from the Director of Planning and Development Review or the designee thereof that such rehabilitation complies with the requirements of such registration or determination in order to continue with the qualifying process. If additional guidance is needed concerning whether such rehabilitation complies with the requirements of such registration or determination, the Director of Planning and Development Review or the designee thereof may seek technical assistance from the Virginia Department of Historic Resources for further clarification.

(b) *Rehabilitation of structures in old and historic districts and design overlay districts.* For substantially rehabilitated structures or other improvements subject to the provisions of Chapter 30, Article IX, Division 4 or 5, no exemption shall be allowed if such substantial rehabilitation is achieved through or results in a violation of the provisions of Chapter 30, Article IX, Division 4 or 5, or if the owner of any such structure or other improvement has not obtained the approval required by Section 30-930.6 for old and historic districts or the approval required by Section 30-940.7 for design overlay districts.

(c) *Improvements on vacant land not qualified.* No improvements made upon vacant land shall be eligible for the partial exemption from real estate taxation provided for in this division. For purposes of this subsection, the phrase "vacant land" means real estate with no structures or other improvements.

(Ord. No. 2020-148, § 1(26-596), 9-14-2020)

Sec. 26-608. Classification of rehabilitated structures eligible for partial tax exemption; application forms; rules and regulations.

(a) The City Assessor shall identify real property that qualifies for a partial tax exemption for a rehabilitated structure or other improvement. For the first year that any property is found to be qualified for such exemption, the City Assessor shall identify the property in the appropriate class. Any qualifying property shall be so identified for the full period of exemption provided for the appropriate class, and the owner of the property shall be entitled to receive a credit for each year so listed. The City Assessor shall furnish to the Director of Finance a list of all properties with qualified structures for which application has been made in accordance with this division, which list shall show the base value and initial rehabilitated assessed value for each qualified structure so that the Director of Finance may issue the appropriate credits to owners of the qualified structures.

(b) The Director of Finance, upon receipt of notice from the Director of Economic Development that a structure has been found to be qualified for and eligible for partial tax exemption as a rehabilitated structure or other improvement, shall cause to be issued a credit in an amount equal to the difference in taxes as computed upon the base value and the initial rehabilitated assessed value. The credit shall be issued in the name of the owner of the property. Whenever practicable, such credit shall be forwarded with the tax statement for such qualified structure.

(c) The Director of Economic Development shall cause to be prepared and shall have for distribution in the Department of Economic Development and in the Office of the Commissioner of Buildings applications for use by property owners who propose to rehabilitate eligible structures or other improvements.

(d) The Director of Economic Development may prescribe such rules and regulations as the Director of Economic Development deems necessary for processing applications for exemption for rehabilitated property and exempting the property. A copy of any such rules and regulations shall be available in the Department of Economic Development and the Office of Commissioner of Buildings, as well as in the Office of the City Clerk.

(Ord. No. 2020-148, § 1(26-597), 9-14-2020)

Sec. 26-609. Effective date of exemption.

The partial exemption authorized in this division shall be effective for applications for partial tax exemption filed on or after the effective date of the ordinance providing for this division, and for each year thereafter for properties which qualify and for which application is made in accordance with this division until otherwise provided by law.

(Ord. No. 2020-148, § 1(26-598), 9-14-2020)

Sec. 26-610. Evaluation of exemption program; expiration of division.

(a) The partial exemption program herein created shall be reevaluated, beginning on January 1, 2021, and every five years thereafter, by the Chief Administrative Officer, and the Chief Administrative Officer shall make a recommendation to the City Council as to whether or not the partial exemption program established by this division should continue in effect. The Chief Administrative Officer shall present the program evaluation results and recommendations to the City Council concerning the continuation or termination of the program on February 15 of every fifth year, beginning with February 15, 2021, that the program established by this division is in effect.

(b) The evaluation criteria shall include, but not necessarily be limited to:

(1) The number of applications submitted;

(2) The number of applications meeting the requirements of this division;

(3) The number, type, and description of properties qualifying for partial tax exemption under this division;

(4) The total dollar amount of the resulting assessment credit approved;

(5) The revenue impact on the City both with and without the existence of the program; and

(6) Any other quantifiable data that can be used to measure the overall effect of the program.

(c) This division shall expire on June 30, 2026, unless the Council adopts an ordinance extending this expiration date.

(Ord. No. 2020-148, § 1(26-599), 9-14-2020)

Cross reference—Utilities, Ch. 28.

State law reference—Authority for utility tax, Code of Virginia, § 58.1-3814.

Sec. 26-635. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Category of consumers is defined as a class by their service provider. For a gas utility, a category of consumers includes those served under a rate schedule established by the pipeline distribution company and approved by the State Corporation Commission or, where applicable, the City Council.

ccf means the volume of gas at standard pressure and temperature in units of 100 cubic feet.

Competitive telephone service includes all local telephone services or equipment furnished in the City by telephone companies subject to public utility regulation in competition with services or equipment furnished by or available from persons not subject to public utility regulation.

Consumer includes every person who, individually or through agents, employees, officers, representatives or permittees, makes a taxable purchase of electricity, natural gas or telephone services in the City.

Gas utility includes each public utility authorized to furnish natural gas service in the Commonwealth.

Kilowatt hours (kwh) delivered means 1,000 watts of electricity delivered in a one-hour period by an electric

provider to an actual consumer; however, for eligible customer-generators (sometimes called cogenerators) as defined in Code of Virginia, § 56-594, it means kwh supplied from the electric grid to such customer generators, minus the kwh generated and fed back to the electric grid by such customer generators.

Pipeline distribution company means a person, other than a pipeline transmission company, which transmits, by means of a pipeline, natural gas, manufactured gas or crude petroleum and the products or byproducts thereof to a purchaser for purposes of furnishing heat or light.

Seller includes every person, whether a public service corporation of the City or not, who sells or furnishes a utility service.

Service provider means the person who delivers electric, telephone or other such utility services to the consumer or a gas utility or pipeline distribution company which delivers natural gas to a consumer.

Utility service includes all local telephone service, except competitive telephone service, electric service, natural gas service, water service, and cable television furnished in the City.

Cross reference—Definitions generally, § 1-2.

Sec. 26-636. Levy of taxes on residential local telephone, electric and natural gas services; levy of taxes on commercial local telephone, commercial and industrial electric and natural gas services.

(a) The City hereby imposes and levies the following taxes on residential local telephone, electric utility and natural gas utility services which shall be collected by the seller from the consumer on a monthly basis at the time the purchase price or charge shall become due or payable under the agreement between the consumer and the seller:

(1) Upon each consumer of residential local telephone service, except competitive telephone service, a tax in the amount of 25 percent of monthly charges for the first $20.00.

(2) Upon each consumer of metered residential electric service, a tax in the amount of $1.40 plus $0.015116 on each kilowatt hour (kwh) delivered. The maximum amount of tax imposed on residential consumers shall not exceed $4.00 per month.

(3) Upon each consumer of residential gas service, a tax in the amount of $1.78 plus $0.10091 per 100 cubic feet (ccf) delivered monthly. The maximum amount of tax imposed on residential consumers shall not exceed $4.00 per month.

(4) Upon each consumer of competitive telephone service, a tax in the amount of four percent of the first $625.00 of monthly charges and five percent of any amount in excess thereof.

(b) The City hereby imposes and levies the following taxes on commercial local telephone, commercial and industrial electric utility and gas utility services which shall be collected by the seller from the consumer on a monthly basis at the time the purchase price or charge shall become due or payable under the agreement between the consumer and the seller:

(1) Upon each consumer of commercial telephone services, except competitive telephone service, a tax in the amount of 25 percent of the first $625.00 of monthly charges and five percent of any amount in excess thereof.

(2) Upon each consumer of commercial metered electric service, a tax in the amount of $2.75 plus $0.016462 per kilowatt hour (kwh) delivered monthly for the first 8,945 kwh and $0.002160 for all kwh in excess of 8,945.

(3) Upon each consumer of industrial metered electric service, a tax in the amount of $2.75 plus $0.119521 per kilowatt hour (kwh) delivered monthly for the first 1,232 kwh and $.001837 for all kwh in excess of 1,232.

(4) a. Upon each consumer of commercial gas service (small volume), as defined by the service provider, a tax in the amount of $2.88 plus $0.1739027 per 100 cubic feet (ccf) delivered monthly.

b. Upon each consumer of commercial gas service (large volume), as defined by the service provider, a tax in the amount of $24.00 plus $0.07163081 per ccf delivered monthly.

(5) Upon each consumer of industrial metered gas service, as defined by the service provider, a tax in the amount of $120.00 plus $0.011835 per ccf delivered monthly.

(6) Upon each consumer of competitive telephone service, a tax in the amount of four percent of the first $625.00 of monthly charges and five percent of any amount in excess thereof.

(Code 1993, § 27-152.1; Code 2004, § 98-317; Code 2015, § 26-635)

Sec. 26-637. Levy of tax for enhanced emergency telephone service.

A tax of $36.00 per year, payable at the rate of $3.00 per month, is hereby imposed on each consumer for each line of telephone service provided by any corporation subject to Code of Virginia, Title 58.1, Ch. 26 (Code of Virginia, § 58.1-2600 et seq.) However, Federal, State and local government agencies and consumers of CMRS, as defined in Code of Virginia, § 56-484.12, shall not be subject to this tax. The tax payable each month shall be added to monthly statements tendered for telephone service in an amount equal to $3.00 per line serving each such consumer of telephone service and shall be paid to the company tendering the statement. The telephone company shall make remittance of the taxes collected by virtue of the enactment of this section simultaneously with remittance of the utility tax collected by such company pursuant to Section 26-365.

(Code 1993, § 27-153; Code 2004, § 98-319; Code 2015, § 26-637)

State law reference—State tax for enhanced 911 service, Code of Virginia, § 58.1-1730.

Sec. 26-638. Levy of tax upon purchase of cable television service.

(a) There is hereby levied and imposed upon each purchaser of cable television service a tax in the amount of seven percent of the charge made by the seller of such cable television service to the purchaser thereof, the proceeds of such tax to be used for general purposes. A charge made for installation of cable television service shall be exempt from the levy of the tax.

(b) Cable television services are to be defined as follows:

(1) The one-way transmission to subscribers of video programming and other programming services, together with subscriber interaction, if any, which is required for the selection of such programming and programming services.

(2) Examples of cable services include, but are not limited to, the following:

a. Video programming.

b. Pay-per-view.

c. Voter preference polls in the context of video programming rating services.

d. Teletext.

e. One-way transmission of any computer software.

f. One-way video text services (news, stock market information and on-line air guides).

g. Catalog services that do not allow customer purchases.

h. Pay television.

i. Converter rentals or sales.

j. Studio rentals.

k. Advertising services.

(Code 1993, § 27-154; Code 2004, § 98-320; Code 2015, § 26-638; Ord. No. 2004-92-121, § 1, 5-24-2004)

Sec. 26-639. Exemptions; applicability to local telephone service.

(a) The United States, the State, the political subdivisions, boards, commissions and authorities thereof, and public service answering points (PSAPs) are hereby exempt from the payment of the tax imposed and levied by this article with respect to the purchase of utility services used by such governmental and PSAPs.

(b) The tax imposed and levied on purchases with respect to local telephone service under this article shall

apply to all charges made for local telephone service, except local telephone calls which are paid for by inserting coins in coin-operated telephones. The total amount of the guaranteed charge on each bill rendered for semipublic coinbox telephone service shall be included in the basis for the tax with respect to the purchaser of such service.

(Code 1993, § 27-155; Code 2004, § 98-321; Code 2015, § 26-639)

Sec. 26-640. Collection and remittance by seller of utility service.

It shall be the duty of every seller, in acting as the tax collection medium or agency for the City, to collect from the consumer for the use of the City the tax imposed and levied under this article at the time of collecting the purchase price charged therefor. The taxes imposed, levied and collected during each calendar month shall be reported and paid by each seller to the Collector on or before the 15th day of the second calendar month thereafter.

(Code 1993, § 27-156; Code 2004, § 98-322; Code 2015, § 26-640)

Sec. 26-641. Collection and remittance of tax by service provider of electric and gas service.

(a) It shall be the duty of every service provider of electricity and gas service to consumers in the City to collect the tax from the consumer by adding it as a separate charge to the consumer's monthly statement. Until the consumer pays the tax to the service provider, the tax shall constitute a debt to the City.

(b) If any consumer receives and pays for the electricity or gas service but refuses to pay the tax on the bill that is imposed by the City, the service provider shall notify the City of the name and address of such consumer.

(c) If any consumer fails to pay a bill issued by a service provider, including the tax imposed by the City as stated thereon, the service provider shall follow its normal collection procedures with respect to the charge for electric service and the tax and upon collection of the bill or any part thereof shall:

(1) Apportion the net amount collected between the charge for electric service and the tax; and

(2) Remit the tax portion to the City.

(d) After the consumer pays the tax to the service provider, the taxes shall be deemed to be held in trust by such service provider until remitted to the City.

(Code 1993, § 27-156.1; Code 2004, § 98-323; Code 2015, § 26-641)

Sec. 26-642. Computation of tax on aggregate monthly bill.

(a) When the seller collects the price of utility service at monthly periods, the tax imposed and levied under this article shall be computed on:

(1) Kilowatt hours delivered for electricity service; and

(2) Per 100 cubic feet (ccf) of gas delivered by a gas utility during such month.

All such taxes shall be computed to the nearest whole cent.

(b) The computation of bills not on a monthly basis shall be considered as monthly bills for the purpose of this section if submitted 12 times per year of approximately one month each. Accordingly, the tax for a bimonthly bill (approximately 60 days) shall be determined as follows:

(1) The kilowatt hours will be divided by two.

(2) A monthly tax will be calculated, using the rates set forth in this article.

(3) The tax determined by subsection (b)(2) of this section shall be multiplied by two.

(4) Where applicable, the tax in subsection (b)(3) of this section may not exceed twice the monthly maximum tax.

(Code 1993, § 27-157; Code 2004, § 98-324; Code 2015, § 26-642)

Sec. 26-643. Records of seller; inspection.

Pursuant to this article, each seller shall keep complete records showing all purchases in the City, which records shall show the price charged against each consumer with respect to each purchase, the date thereof, the date of payment thereof and the amount of tax imposed under this article. Such records shall be kept open for inspection

by the duly authorized agents of the City during regular business hours on business days, and the duly authorized agents of the City shall have the right, power and authority to make such transcripts thereof during such times as they may desire.

(Code 1993, § 27-158; Code 2004, § 98-325; Code 2015, § 26-643)

Sec. 26-644. Powers and duties of Collector.

The Collector shall be charged with the power and the duty of collecting the taxes levied and imposed under this article and shall cause the taxes collected to be paid into the general treasury of the City.

(Code 1993, § 27-159; Code 2004, § 98-326; Code 2015, § 26-644)

Sec. 26-645. Duties of Director or designee.

It shall be the duty of the Director or designee to ascertain who are the persons liable for the taxes levied and imposed under this article and the amount thereof.

(Code 1993, § 27-160; Code 2004, § 98-327; Code 2015, § 26-645)

Sec. 26-646. Penalty.

(a) Any purchaser failing, refusing or neglecting to pay the tax imposed or levied under this article, where the seller has not elected to assume or pay the tax, shall, upon conviction by a judge of the General District Court, be subject to a fine of not less than $5.00 nor more than $500.00 or may be imprisoned in the City jail for a period not exceeding 60 days, either or both. Each day's continuance thereof shall constitute a separate offense.

(b) Any person who is responsible for the collection and remittance of any taxes imposed or levied under this article and who fails to collect, report and remit such taxes to the Collector by the prescribed due date shall be subject to a penalty of ten percent of the taxes due under this article and interest at ten percent per annum and shall, upon conviction by a judge of the General District Court, be guilty of a Class 1 misdemeanor.

(c) Nothing contained in this section shall be construed to relieve the Director from the duty imposed by law of collecting the amount due by any person on account of the taxes prescribed in this article by levying or distraining thereof or otherwise.

(Code 1993, § 27-161; Code 2004, § 98-328; Code 2015, § 26-646)

Sec. 26-647. Exemptions.

The United States, the Commonwealth and the political subdivisions thereof are exempt from the utility tax imposed by this article for utility services.

ARTICLE VIII. MEALS TAXES*

***Cross reference—**Food establishments, § 6-267 et seq.

State law reference—Authority for meals tax, Code of Virginia, § 58.1-3840.

Sec. 26-668. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Cater means the furnishing of food, beverages, or both on the premises of another, for compensation.

Collector means the Director of Finance or designee.

Director means the Director of Finance and any duly designated deputies, assistants, inspector or other employees.

Food means all food, beverages or both, including alcoholic beverages, purchased in or from a food establishment, whether prepared in such food establishment or not and whether consumed on the premises or not, and without regard to the manner, time or place of service.

Food establishment means any place in or from which food or food products are prepared, packaged, sold or distributed in the City, including, but not limited to, any restaurant, dining room, grill, coffee shop, cafeteria, cafe, snack bar, lunch counter, convenience store, movie theater, delicatessen, confectionery, bakery, eating house, eatery, drugstore, ice cream/yogurt shop, lunch wagon or truck, pushcart or other mobile facility from which food is sold, brewery, public or private club, resort, bar, lounge, or other similar establishment, public or private, and includes private property outside of and contiguous to a building or structure operated as a food establishment at which food or food products are sold for immediate consumption.

Meal means any prepared food or drink offered or held out for sale by a food establishment for the purpose of being consumed by any person to satisfy the appetite and that is ready for immediate consumption. All such food and beverage, unless otherwise specifically exempted or excluded in this article, shall be included, whether intended to be consumed on the seller's premises or elsewhere, whether designated as breakfast, lunch, snack, dinner, supper or by some other name, and without regard to the manner, time or place of service.

(Code 1993, § 27-176; Code 2004, § 98-361; Code 2015, § 26-668; Ord. No. 2013-196-180, § 1, 9-23-2013)

Cross reference—Definitions generally, § 1-2.

Sec. 26-669. Levy.

There is hereby imposed and levied by the City on each person a tax at the rate of 7 1/2 percent on the amount paid for meals purchased from any food establishment, whether prepared in such food establishment and whether consumed on the premises.

(Code 1993, § 27-177; Code 2004, § 98-362; Code 2015, § 26-669; Ord. No. 2018-017, § 2, 2-12-2018)

Editor's note—Ord. No. 2018-017, § 3, adopted Feb. 12, 2018, provides: "This ordinance shall be in force and effect on July 1, 2018."

State law reference—Authority for meals tax, Code of Virginia, § 58.1-3840.

Sec. 26-670. Collection by seller.

(a) Every person receiving any payment for food with respect to which a tax is levied under this article shall collect and remit the amount of the tax imposed by this article from the person on whom the tax is levied or from the person paying for such food at the time payment for such food is made. However, no blind person operating a vending stand or other business enterprise under the jurisdiction of the Department for the Visually Handicapped and located on property acquired and used by the United States for any military or naval purpose shall be required to collect or remit such taxes.

(b) All tax collections shall be deemed to be held in trust for the City.

(c) Any food establishment that neglects, fails or refuses to collect such tax upon every taxable sale made by the food establishment, its agents, or employees shall be liable for and shall pay the tax itself.

(Code 1993, § 27-178; Code 2004, § 98-363; Code 2015, § 26-670)

Sec. 26-671. Exemptions; limits on application.

(a) No taxes on meals may be imposed pursuant to this article on food and beverages sold through vending machines or on any tangible personal property purchased with food coupons issued by the United States Department of Agriculture under the food stamp program or drafts issued through the Virginia Special Supplemental Food Program for Women, Infants, and Children.

(b) No such tax on meals may be imposed when sold or provided by (a) restaurants, as such term is defined in Code of Virginia, § 35.1-1, to their employees as part of their compensation when no charge is made to the employee; (b) volunteer fire departments and volunteer emergency medical services agencies; nonprofit churches or other religious bodies; or educational, charitable, fraternal, or benevolent organizations, the first three times per calendar year and, beginning with the fourth time, on the first $100,000.00 of gross receipts per calendar year from sales of meals (excluding gross receipts from the first three times), as a fundraising activity, the gross proceeds of which are to be used by such church, religious body or organization exclusively for nonprofit educational, charitable, benevolent, or religious purposes; (c) churches that serve meals for their members as a regular part of their religious observances; (d) public or private elementary or secondary schools or institutions of higher education

to their students or employees; (e) hospitals, medical clinics, convalescent homes, nursing homes, or other extended care facilities to patients or residents thereof; (f) day care centers; (g) homes for the aged, infirm, handicapped, battered women, narcotic addicts, or alcoholics; (h) age-restricted apartment complexes or residences with restaurants, not open to the public, where meals are served and fees are charged for such food and beverages and are included in rental fees; or (i) sellers at local farmers markets and roadside stands, when such sellers' annual income from such sales does not exceed $2,500.00. For the exemption described in clause (i), the sellers' annual income shall include income from sales at all local farmers markets and roadside stands, not just those sales occurring in the City.

(c) The tax shall not be levied on meals:

(1) When used or consumed and paid for by the Commonwealth, any political subdivision of the Commonwealth, or the United States;

(2) Provided by a public or private nonprofit charitable organization or establishment to elderly, infirm, blind, handicapped, or needy persons in their homes, or at central locations; or

(3) Provided by private establishments that contract with the appropriate agency of the Commonwealth to offer food, food products, or beverages for immediate consumption at concession prices to elderly, infirm, blind, handicapped, or needy persons in their homes or at central locations.

(d) In addition, as set forth in Code of Virginia, § 51.5-98, no blind person operating a vending stand or other business enterprise under the jurisdiction of the Department for the Blind and Vision Impaired and located on property acquired and used by the United States for any military or naval purpose shall be required to collect and remit meals taxes.

(Code 1993, § 27-179; Code 2004, § 98-364; Code 2015, § 26-671; Ord. No. 2014-114-87, § 1, 5-27-2014)

State law reference—Similar provisions, Code of Virginia, § 58.1-3840.

Sec. 26-672. Gratuities and service charges.

No tax levied by the provisions of this article shall be imposed upon:

(1) That portion of the amount paid by the purchaser as a discretionary gratuity in addition to the sales price of the meal;

(2) That portion of the amount paid by the purchaser as a mandatory gratuity or service charge added by the restaurant in addition to the sales price of the meal, but only to the extent that such mandatory gratuity or service charge does not exceed 20 percent of the sales price.

(Code 1993, § 27-180; Code 2004, § 98-365; Code 2015, § 26-672)

State law reference—Similar provisions, Code of Virginia, § 58.1-3840.

Sec. 26-673. Report of taxes collected; remittance; preservation of records.

It shall be the duty of every person required by this article to pay to the City the taxes imposed by this article to make a report thereof setting forth such information as the Director may prescribe and require, including all purchases taxable under this article, the amount charged the purchaser for each such purchase, the date thereof, the taxes collected thereon and the amount of tax required to be collected by this article. Such records shall be kept and preserved for a period of five years. The Director shall have the power to examine such records at reasonable times and without unreasonable interference with the business of such person, for the purpose of administering and enforcing this article, and to make transcripts of all or any parts thereof. The reports and remittances required in this article shall be made as required by the Director of Finance, which shall be at least once in every 30-day period and not later than the 20th day of the next month following the month in which such tax was collected.

(Code 1993, § 27-181; Code 2004, § 98-366; Code 2015, § 26-673; Ord. No. 2005-66-53, § 1, 4-25-2005)

Sec. 26-674. Failure or refusal to file return or making a false return.

(a) Any person who willfully fails or refuses to file a return as required under this article or who makes a false or fraudulent return with the intent to evade the tax hereby levied shall, upon conviction thereof, be guilty of a Class 1 misdemeanor; except that any person failing to file such a return shall be guilty of a Class 3 misdemeanor

if the amount of tax lawfully assessed in connection with the return is $1,000.00 or less. Any person violating or failing to comply with any other section of this article shall be guilty of a Class 1 misdemeanor. It shall be prima facie evidence of intent to defraud the City of any tax due under this article when any person reports such person's taxable sales at 50 percent or less of the actual amount.

(b) Except as provided in subsection (a) of this section, any corporate or partnership officer, as defined in Code of Virginia, § 58.1-3906, or any other person required to collect, account for, or pay over the meals tax imposed under this article who willfully fails to collect or truthfully account for or pay over such tax or who willfully evades or attempts to evade such tax or payment thereof shall, in addition to any other penalties imposed by law, be guilty of a Class 1 misdemeanor.

(c) Each violation of or failure to comply with this article shall constitute a separate offense. Conviction of any such violation shall not relieve any person from the payment, collection or remittance of the tax as provided in this article.

(d) If any person shall fail, refuse or neglect to collect the taxes levied under this article, the Director shall make a statutory assessment as provided in Section 26-435.

(e) The City reserves the right to prosecute violations of the City's tax laws under the applicable criminal provisions of State law.

(Code 1993, § 27-182; Code 2004, § 98-367; Code 2015, § 26-674)

Sec. 26-675. Absorption of tax.

No person shall advertise or hold out to the public, directly or indirectly, that such person will absorb all or any part of the meals tax or that such person will relieve the purchaser of the payment of all or any part of such tax.

(Code 1993, § 27-183; Code 2004, § 98-368; Code 2015, § 26-675)

ARTICLE IX. ADMISSION TAXES*

***Charter reference**—Authority of City to collect admission taxes, § 2.02(a).

Cross reference—Amusements and entertainments, Ch. 3; businesses and business regulations, Ch. 6.

State law reference—Admission tax, Code of Virginia, § 58.1-3840.

Sec. 26-694. Definitions.

(a) The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Admission charge means the charge made for admission to any amusement or entertainment, exclusive of any Federal tax thereon, but including a charge made for season tickets, whether obtained by contribution or subscription, and including a cover charge made for the use of seats or tables or for similar accommodations in the City.

Place of amusement or entertainment means any place in the City wherein or whereat any of the following is located, conducted, performed, exhibited or operated and for which an admission charge is made:

(1) Circus, carnival, menagerie, moving picture show, fair, show or an exhibition of any kind;

(2) Dance;

(3) Baseball, basketball or football game;

(4) Wrestling match, boxing match or sport of any kind;

(5) Swimming contest or exhibition;

(6) Swimming pool;

(7) Concert;

(8) Theatrical, vaudeville, dramatic, operatic or musical performance or a performance similar thereto;

(9) Lecture, talk, literary reading or performance similar thereto;

(10) Such an attraction as a merry-go-round, Ferris wheel, roller coaster, leap-the-dips or the like;

(11) Automobile race, midget auto race or horse race;

(12) Ice skating or roller skating rink or arena; or

(13) Any other public amusement, performance or exhibition not specifically named in this definition.

(b) The foregoing enumeration of specific amusements and entertainments shall not be deemed to exclude other amusements and entertainments otherwise within the meaning of those words.

(Code 1993, § 27-201; Code 2004, § 98-401; Code 2015, § 26-694)

Cross reference—Definitions generally, § 1-2.

Sec. 26-695. Levy.

A tax in the amount of seven percent of any charge for admission to any place of amusement or entertainment where such charge is $0.50 or any amount in excess thereof is hereby levied upon and shall be collected from each person who pays an admission charge of $0.50 or more to any place of amusement or entertainment, one-half cent or more being treated as $0.01.

(Code 1993, § 27-202; Code 2004, § 98-402; Code 2015, § 26-695; Ord. No. 2009-237-2010-12, § 1, 1-25-2010)

Sec. 26-696. Exemptions.

No tax shall be collected under this article by museums, botanical or similar gardens, or zoos. In addition, no admission tax shall be collected under this article for house and garden tours, provided that the purpose of any such event is solely to raise money for charitable purposes and that the net proceeds derived from the event will be transferred to an entity or entities that are exempt from the sales and use tax pursuant to Code of Virginia, § 58.1-609.11. For purposes of this section, the term "house and garden tours" means tours conducted by nonprofit entities, either guided or self-guided, of public or private gardens, parks, cemeteries, houses and their ancillary structures, or other similar facilities intended to promote or educate the public on one or more of gardening, horticulture, farming, architecture, landscape architecture, interior decorating, or history.

(Code 1993, § 27-203; Code 2004, § 98-403; Code 2015, § 26-696; Ord. No. 2009-237-2010-12, § 1, 1-25-2010; Ord. No. 2015-40-85, § 1, 5-15-2015)

Sec. 26-697. Season tickets or subscriptions.

Amounts paid for admission by season tickets or subscription shall not be exempt from the tax levied by Section 26-695.

(Code 1993, § 27-204; Code 2004, § 98-404; Code 2015, § 26-697)

Sec. 26-698. Collection.

(a) Every person receiving any payment for admission to any place of amusement or entertainment with respect to which a tax is levied under this article shall collect the amount of tax imposed under this article from the person making an admission payment at the time of the payment of such admission or from the person admitted free at the time of such admission.

(b) The taxes to be collected under this article shall be deemed to be held in escrow by the person required to collect such taxes until remitted to the City as provided in this article.

(Code 1993, § 27-205; Code 2004, § 98-405; Code 2015, § 26-698)

Sec. 26-699. Report and remittance.

The person collecting any admission tax, as prescribed under this article, shall make out a report upon such forms setting forth such information as the Director of Finance may prescribe and require, showing the amount of admission charges collected, exclusive of the Federal tax thereon, and the tax from the admission for which such person is liable, and shall sign and deliver such report to the City Collector with a remittance of the tax. Except as provided by Sections 26-700 and 26-701, the reports and remittances required in this article shall be made on or

before the 20th day of each month covering the amount of tax collected during the preceding month. If the remittance is by check or money order, it shall be payable to the order of the City, and all remittances received by the City Collector shall be promptly paid into the City treasury.

(Code 1993, § 27-206; Code 2004, § 98-406; Code 2015, § 26-699)

Sec. 26-700. Cessation of business; report and tax due immediately.

Whenever any person required to collect and pay to the City a tax under Section 26-695 shall quit or otherwise dispose of any business, any tax payable under this article to the City shall become immediately due and payable, and such person shall immediately make a report and pay the tax due.

(Code 1993, § 27-207; Code 2004, § 98-407; Code 2015, § 26-700)

Sec. 26-701. Temporary places of amusement or entertainment—Due date of report and payment.

Whenever any place of amusement or entertainment makes an admission charge which is subject to the tax levied by Section 26-695 and the operation of such a place is of a temporary or transitory nature, the Director of Finance shall require the report and remittance of the admission tax to be made on the day following its collection if the operation is for one day only, on the day following the conclusion of a series of performances or exhibitions conducted or operated on more than one day, or at such other reasonable time as the Director shall determine.

(Code 1993, § 27-208; Code 2004, § 98-408; Code 2015, § 26-701)

Sec. 26-702. Temporary places of amusement or entertainment—Deposit or bond.

Before any temporary or transient amusement or entertainment shall begin operation and before any license shall be issued therefor, if a license is required, the person operating the temporary or transient amusement or entertainment shall deposit with the Collector a sum of money or in lieu thereof a bond with corporate surety, conditioned upon the faithful compliance with Section 26-701, and in form approved by the City Attorney in an amount to be estimated by the Director of Finance as sufficient to cover the admission tax required to be collected by such person under Section 26-695 and the amount of license tax required under the applicable provisions of the license schedule included in this chapter, if any. Such money or bond shall be security for the collection of and payment to the City of the admission tax and such license tax. At the conclusion of such transitory or transient operation in the City, such person shall file with the Collector the report required by Section 26-699 and with the Director of Finance a like report showing gross admission charges and pay the tax collected and the license tax assessed to the Collector. Upon such reports being filed and payments being made, the Collector shall refund the deposit or surrender the bond, as the case may be.

(Code 1993, § 27-209; Code 2004, § 98-409; Code 2015, § 26-702)

Sec. 26-703. Temporary places of amusement or entertainment—Collection when operator fails to collect and report.

Should any operator of a temporary or transient amusement or entertainment fail to file the report or pay the taxes required by Section 26-695 within five days from the termination of the operation of the amusement or entertainment, the Director of Finance shall thereupon respectively charge and assess such person with the charges computed upon the basis of the best information available and proceed to collect the taxes out of the deposit or by virtue of the bond and by every other lawful means.

(Code 1993, § 27-210; Code 2004, § 98-410; Code 2015, § 26-703)

Sec. 26-704. Powers and duties of Director or designee.

It shall be the duty of the Director to ascertain the name of every person operating a place of amusement or entertainment in the City who is liable for the collection of the tax levied by Section 26-695. The Director or designee may have a summons or warrant of arrest issued for any person whom the Director has reasonable grounds to believe has failed, refused or neglected to collect the tax or to make, within the time provided by Sections 26-700 and 26-701, the reports or remittances required therein and may serve a copy of such summons or execute such warrant upon such person in the manner provided by law and shall make one return of the original to the judge having jurisdiction of such offense. Police powers are hereby conferred upon the Director or designee and any duly authorized finance employees while engaged in performing their duties as such under this section, and they shall

exercise all the powers and authority of police officers in performing such duties.

Sec. 26-705. Violations; penalty.

(a) Any person violating or failing to comply with any of the sections of this article shall, upon conviction in General District Court, be punished as provided for Class 1 misdemeanors. Each such violation or failure shall constitute a separate offense. Such conviction shall not relieve any such person from the payment, collection or remittance of such tax, penalties and interest, as provided in this article.

(b) The City reserves the right to prosecute violations of the City's tax laws under the applicable criminal provisions of State law.

ARTICLE X. TRANSIENT LODGING TAX*

***Charter reference—**Authority of the City to levy taxes, § 2.02(a).

Cross reference—Hotels and motels, § 6-23 et seq.; boardinghouses, lodginghouses and roominghouses, § 13-83 et seq.

State law reference—Certain excise taxes permitted, Code of Virginia, § 58.1-3840.

Sec. 26-724. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Day means any 24-hour period or portion thereof for which a room rental charge is made.

Hotel means any public or private hotel, inn, hostelry, tourist home or house, motel, roominghouse or other lodging place containing ten or more bedrooms within the City offering lodging, as defined in this section, for compensation to any transient, as defined in this section.

Lodging means space or room furnished any transient.

Transient means any person who, for a period of not more than 90 consecutive days, either at the person's own expense or at the expense of another, lodges or obtains lodging at any hotel. However, this term shall be deemed not to include a person enrolled in and attending full-time a school, college or university within the corporate City limits; nor shall it include a person who is in the City for the commercial production of a film or video and who commits in advance to lodging at a hotel and actually stays for a minimum of 30 consecutive days.

(Code 1993, § 27-226; Code 2004, § 98-446; Code 2015, § 26-724)

Cross reference—Definitions generally, § 1-2.

Sec. 26-725. Levy.

There is hereby imposed and levied by the City on each transient a lodging tax in the amount of eight percent of the charge made for each room rented to such transient in a hotel. Such tax shall be collected from such transient at the time and in the manner provided in this article.

(Code 1993, § 27-227; Code 2004, § 98-447; Code 2015, § 26-725)

Sec. 26-726. Collection.

Every person receiving any payment for lodging with respect to which a tax is levied under this article shall collect the amount of such tax so imposed from the transient on whom such tax is levied or from the person paying for such lodging at the time payment for such lodging is made. The taxes required to be collected under this section shall be deemed to be held in escrow by the person required to collect such taxes until remitted to the City as required in this article.

(Code 1993, § 27-228; Code 2004, § 98-448; Code 2015, § 26-726)

Sec. 26-727. Violations.

(a) It is unlawful not to remit the tax due under this article.

(b) Each such violation or failure shall constitute a separate offense. Such conviction shall not relieve any such person from the payment, collection or remittance of such tax, penalties and interest, as provided in this article.

(c) The City reserves the right to prosecute violations of the City's tax laws under the applicable criminal provisions of State law.

(Code 1993, § 27-228; Code 2004, § 98-449; Code 2015, § 26-727)

Sec. 26-728. Reports required.

The person collecting any tax as provided in this article shall make out a report thereof upon such forms and setting forth such information as the Director of Finance may prescribe and require, showing the amount of lodging charges collected and the tax required to be collected, and shall sign and deliver such report to the Collector with a remittance of such tax. Such report and remittance shall be made as required by the Director of Finance which shall be at least once in every 30-day period and not later than the 20th day of the month next following the month in which such tax was collected.

ARTICLE XI. RECORDATION TAXES*

***State law reference—**Recordation taxes generally, Code of Virginia, § 58.1-801 et seq.; authority of City to impose recordation taxes, Code of Virginia, §§ 58.1-814, 58.1-3800 et seq.

Sec. 26-758. Deeds.

There is hereby levied on every deed, except a deed exempt from taxation by law, which is admitted to record in the Clerk's Office of the Circuit Court of the City a tax in an amount equal to one-third of the amount of the State recordation tax on every $100.00 or fraction thereof of the consideration of the deed or the actual value of the property conveyed, whichever is greater. Where a deed conveys property lying partly in the City and partly without the City, the tax imposed by this article shall apply only to the value of so much of the property conveyed as is situated within the City. No tax shall be levied under this section when the state recordation tax imposed under Code of Virginia, Title 58.1, Ch. 8 (Code of Virginia, § 58.1-800 et seq.) is $0.50.

(Code 1993, § 27-246; Code 2004, § 98-486; Code 2015, § 26-759; Ord. No. 2004-178-174, § 1, 6-28-2004)

State law reference—Recordation taxes on deeds, Code of Virginia, § 58.1-801.

Sec. 26-759. Deeds of trust or mortgages.

(a) (1) There is hereby levied on every deed of trust or mortgage which is admitted to record in the Clerk's Office of the Circuit Court of the City a tax in an amount equal to one-third of the amount of the State recordation tax on every $100.00 or fraction thereof of the amount of bonds or other obligations secured thereby. In the event of an open or revolving deed of trust, the amount of the obligations for purposes of this section shall be the maximum amount which may be outstanding at any one time.

(2) In any case in which the amount which may be secured under a deed of trust or mortgage is not ascertainable, the tax shall be based upon the fair market value of the property conveyed, determined as

of the date of the deed of trust or mortgage. The fair market value of the property shall include the value of any realty required by the terms of the deed of trust or mortgage to be constructed thereon.

(b) On deeds of trust or mortgages upon the works and property of a railroad lying partly within the City and partly without the City, the tax shall be only upon such proportion of the amount of bonds, or other obligations secured thereby, as the number of miles of the line of such company in the City bears to the whole number of miles of the line of such company conveyed by such deed of trust or mortgage. Upon deeds of trust or mortgages conveying other property lying partly within the City and partly without the City, the tax herein imposed shall be only upon such proportion of the debt secured as the value of the property located within the City, or which may be brought into the City, bears to the entire amount of property conveyed by such deed of trust or mortgage or to the entire amount of property conveyed by all of such deeds of trust or mortgages to secure the bonds or obligations, as applicable, subject to the limitations set forth in subsection (a)(2) of this section.

(c) On deeds of trust or mortgages which provide for an initial issue of bonds to be followed thereafter by additional bonds, unlimited in amount, if such deed of trust or mortgage provides that as and when such additional bonds are issued a supplemental indenture shall be recorded in the office in which the original deed of trust or mortgage is first recorded, which supplement shall contain a statement as to the amount of the additional bonds to be issued, then the tax shall be paid upon the initial amount of bonds when the original deed of trust is recorded and thereafter on each additional amount of bonds when the supplemental indenture relating to such additional bonds is recorded. On deeds of trust or mortgages which are supplemental to or wrap around existing deeds of trust on which the tax imposed hereunder has already been paid, the tax shall be paid only on that portion of the face amount of the bond or obligation secured thereby which is in addition to the amount of the existing debt secured by a deed of trust or mortgage on which tax has been paid. In the event of an open, credit line, or revolving deed of trust, the additional amount secured shall be the amount by which the original obligation secured by the supplemental instrument exceeds the maximum obligation secured by the prior instrument, regardless of the amount owed or outstanding at the time those instruments were recorded. The instrument shall certify the amount of the existing debt.

(d) On deeds of trust or mortgages, the purpose of which is to refinance or modify the terms of an existing debt with the same lender, which debt is secured by a deed of trust or mortgage on which the tax imposed hereunder has been paid, the tax shall be paid only on that portion of the amount of the bond or other obligation secured thereby which is in addition to the amount of the existing debt secured by a deed of trust or mortgage on which the tax has been paid. The instrument shall certify the amount of existing debt.

(Code 1993, § 27-247; Code 2004, § 98-487; Code 2015, § 26-760; Ord. No. 2004-178-174, § 1, 6-28-2004)

State law reference—Recordation tax on deeds of trust and mortgages, Code of Virginia, § 58.1-803.

Sec. 26-760. Construction loan deeds of trust or mortgages

(a) As used in this section, the term "construction loan deed of trust or mortgage" means a deed of trust or mortgage upon real estate, which states therein that it is given to secure a loan for real estate construction, and the terms of which provide that the principal sum owing under the instrument giving rise to the deed of trust or mortgage shall become due and payable on demand or three years or less from the date of such instrument. The term "permanent loan deed of trust or mortgage" means a deed of trust or mortgage upon real estate, the terms of which provide that the principal sum owing under the instrument giving rise to the deed of trust or mortgage shall become due and payable more than three years from the date of such instrument, and such deed of trust or mortgage secures an instrument made by the same persons who made the instrument which the construction loan deed of trust or mortgage secured and substantially the same real estate is conveyed thereby.

(b) The tax provided by Section 26-759 shall apply to construction loan deeds of trust or mortgages.

(c) The tax provided by Section 26-759 shall not be imposed upon a permanent loan deed of trust or mortgage, as defined herein, if such deed of trust or mortgage is recorded within three years of the date of the recordation of the construction loan deed of trust or mortgage, as defined herein, and the tax on the construction loan deed of trust or mortgage has been paid. However, if the permanent loan deed of trust or mortgage, as defined herein, secures an instrument, the principal amount of which is more than the construction loan deed of trust or mortgage, the tax shall be imposed and calculated on the additional amount. Such permanent loan deed of trust or mortgage shall contain a reference to the construction loan deed of trust or mortgage and the book and page where

recorded.

State law reference—Recordation tax on construction loan deeds of trust or mortgages, Code of Virginia, § 58.1-804.

Sec. 26-761. Contracts relating to real or personal property, etc.; leases.

(a) There is hereby levied on every contract relating to real or personal property and every deed of lease for a term of years which is admitted to record in the Clerk's Office of the Circuit Court of the City a tax in an amount equal to one-third of the amount of the State recordation tax on every $100.00 or fraction thereof of the consideration or value contracted for, provided that when the annual rental provided for in a deed of lease for a term of years multiplied by the term for which the lease runs equal or exceeds the actual value of the property leased, the tax for recording the deed of lease shall be based upon the actual value of the property at the date of the deed of lease, including the value of any realty required by the terms of the lease to be constructed thereon by the lessor. The recordation of an assignment of the lessor's interest in a lease, or memorandum thereof, shall be taxed according to the provisions of this section, unless the assignment of the lessor's interest in the lease is to provide additional security for an obligation of the lessor on which the tax has been previously paid, or the assignment of the lessor's interest is made to the person who owns the property which is subject to the lease. In such cases there shall be no tax for recording the lessor's assignment of the lease.

(b) The tax on the recordation of leases of oil, gas, coal and other mineral rights shall be one-third of the amount to the State recordation tax on same under Code of Virginia, § 58.1-807. The tax on the recordation of a lease of a communications tower or a communications tower site shall be one-third of the amount of the State recordation tax on same under Code of Virginia, § 58.1-807. The tax on the recordation of each lease to affix any communications equipment or antenna to any such tower or other structure shall be one-third of the amount of the state recordation tax on same under Code of Virginia, § 58.1-807.

(Code 1993, § 27-248; Code 2004, § 98-488; Code 2015, § 26-761; Ord. No. 2004-178-174, § 1, 6-28-2004)

State law reference—Contracts generally and leases, Code of Virginia, § 58.1-807.

Sec. 26-762. Contracts relating to sale of rolling stock or equipment.

There is hereby levied on every contract or agreement relating to the sale of rolling stock or equipment, whether the title is reserved in the vendor or not, with a railroad corporation or other corporation or with a person, firm, company or other corporation, which is admitted to record in the Clerk's Office of the Circuit Court of the City a tax in an amount equal to one-third of the amount of the State recordation tax on every $100.00 or fraction thereof of the amount contracted for in such contract or agreement. When such contract or agreement is with a railroad corporation operating partly in the City and partly without the City, the tax imposed by this article shall apply only to such proportion of the amount contracted for as the number of miles of the line of the railroad corporation in the City bears to the whole number of miles of line of the railroad corporation.

(Code 1993, § 27-249; Code 2004, § 98-489; Code 2015, § 26-762; Ord. No. 2004-178-174, § 1, 6-28-2004)

State law reference—Recordation tax on contracts for sales of rolling stock and equipment, Code of Virginia, § 58.1-808.

Sec. 26-763. Additional taxes not required for certain deeds.

When the tax has been paid at the time of the recordation of the original deed, no additional recordation tax shall be required to be paid for admitting to record:

(1) A deed of confirmation;

(2) A deed of correction;

(3) A deed in which a husband and wife are the only parties;

(4) A deed arising out of a contract to purchase real estate; if the tax paid is less than the proper tax based upon the full amount of consideration or actual value of the property involved in the transaction, an additional tax shall be paid based on the difference between the full amount of and consideration or actual value and the amount on which the tax has been paid; or

(5) A notice of assignment of a note secured by a deed or trust or mortgage.

State law reference—What other deeds not taxable, Code of Virginia, § 58.1-810.

Sec. 26-764. Exemptions from taxes levied by Sections 26-758 and 26-759.

(a) The term "trustee," as used in this section, means the trustees mentioned in Code of Virginia, § 57-8 and the ecclesiastical officers mentioned in Code of Virginia, § 57-16.

(b) The taxes levied by Sections 26-758 and 26-759 shall not apply to the following:

(1) To an incorporated college or other incorporated institution of learning not conducted for profit, where such real estate is intended to be used for educational purposes and not as a source of revenue or profit;

(2) To an incorporated church or religious body or to the trustee or trustees of any church or religious body, or a corporation mentioned in Code of Virginia, § 57-16.1, where such real estate is intended to be used exclusively for religious purposes or for the residence of the minister of any such church or religious body;

(3) To the United States; to the State; or to any county, city, town, district or other political subdivision of the State;

(4) To the Virginia Division of the United Daughters of the Confederacy;

(5) To any nonstock corporation organized exclusively for the purpose of owning or operating a hospital not for pecuniary profit;

(6) To a corporation upon its organization by persons in control of the corporation in a transaction which qualifies for nonrecognition of gain or loss pursuant to Section 351 of the Internal Revenue Code, as it exists at the time of the conveyance;

(7) From a corporation to its stockholders upon complete or partial liquidation of the corporation or partial liquidation of the corporation in a transaction which qualifies for income tax treatment pursuant to Section 331, 332, 333 or 337 of the Internal Revenue Code, as it exists at the time of liquidation;

(8) To the surviving or new corporation upon merger or consolidation of two or more corporations, or in a reorganization within the meaning of Section 368(a)(1)(C) and (F) of the Internal Revenue Code, as amended;

(9) To a subsidiary corporation from its parent corporation or from a subsidiary corporation to a parent corporation, if the transaction qualifies for nonrecognition of gain or loss under the Internal Revenue Code, as amended;

(10) To a partnership or limited liability company, when the grantors are entitled to receive not less than 50 percent of the profits and surplus of such partnership or limited liability company, provided that the transfer to a limited liability company is not a precursor to a transfer of control of the assets of the company to avoid recordation taxes;

(11) From a partnership or limited liability company, when the grantees are entitled to receive not less than 50 percent of the profits and surplus of such partnership or limited liability company, provided that the transfer from a limited liability company is not subsequent to a transfer of control of the assets of the company to avoid recordation taxes;

(12) To trustees of a revocable inter vivos trust, when the grantors in the deed and the beneficiaries of the trust are the same persons, regardless of whether other beneficiaries may also be named in the trust instrument, when no consideration has passed between the grantor and the beneficiaries;

(13) When the grantor is an organization exempt from taxation under § 501(c)(3) of the Internal Revenue Code that is organized and operated primarily to acquire land and purchase materials to erect or rehabilitate low-cost homes on such land, which homes are sold at cost to persons who otherwise would be unable to afford to buy a home through conventional means;

(14) When it is a deed of partition, or any combination of deeds simultaneously executed and having the effect of a deed of partition, among joint tenants, tenants in common, or coparceners; or

(15) When it is a deed transferring property pursuant to a decree of divorce or of separate maintenance or

pursuant to a written instrument incident to such divorce or separation.

(c) The taxes imposed by Sections 26-758 and 26-759 shall not apply to any deed of trust or mortgage:

(1) Given by an incorporated college or other incorporated institution of learning not conducted for profit;

(2) Given by the trustee of a church or religious body or given by an incorporated church or religious body, or given by a corporation mentioned in Code of Virginia, § 57-16.1;

(3) Given by any nonstock corporation organized exclusively for the purpose of owning or operating a hospital not for pecuniary profit;

(4) Given by any local government entity or political subdivision of the State to secure a debt payable to any other local government entity or political subdivision;

(5) Securing a loan made by an organization described in subsection (b)(13) of this section;

(6) Securing a loan made by the City or an agency thereof, to a borrower whose household income does not exceed 80 percent of the area median household income established by the U.S. Department of Housing and Urban Development, for the purpose of erecting or rehabilitating a home for such borrower, including the purchase of land for such home; or

(7) Given by any entity organized pursuant to Code of Virginia, Title 56, Ch. 9.1 (Code of Virginia, § 56-231.15 et seq.).

(d) No recordation tax shall be required for the recordation of any deed of gift between an individual grantor and an individual grantee when no consideration has passed between the parties. Such deed shall state therein that it is a deed of gift.

(e) The tax imposed by Section 26-761 shall not apply to any lease to the United States; the State; or any county, city, town, district or other political subdivision of the State.

(f) The taxes imposed by Sections 26-758 through 26-762 shall not apply to:

(1) Any deed of gift conveying real estate or any interest therein to The Nature Conservancy; or

(2) Any lease of real property or any interest therein to The Nature Conservancy;

where such deed of gift or lease of real estate is intended to be used exclusively for the purpose of preserving wilderness, natural or open space areas.

(g) No recordation tax levied pursuant to this article shall be levied on the release of a contractual right, if the release is contained within a single deed that performs more than one function, and at least one of the other functions performed by the deed is subject to the recordation tax.

(h) No recordation tax levied pursuant to this chapter shall be levied on a deed, lease, easement, release, or other document recorded in connection with a concession pursuant to the Public-Private Transportation Act of 1995 (Code of Virginia, § 33.2-1800 et seq.) or similar Federal law.

(i) No recordation tax shall be required for the recordation of any transfer on death deed or any revocation of transfer on death deed made pursuant to the Uniform Real Property Transfer on Death Act (Code of Virginia, § 64.2-621 et seq.) when no consideration has passed between the parties.

(j) No recordation tax levied pursuant to this article shall be required for the recordation of any deed of distribution when no consideration has passed between the parties. Such deed shall state therein on the front page that it is a deed of distribution. As used in this subsection, the term "deed of distribution" means a deed conveying property from an estate or trust (i) to the original beneficiaries of a trust from the trustees holding title under a deed in trust; (ii) the purpose of which is to comply with a devise or bequest in the decedent's will or to transfer title to one or more beneficiaries after the death of the settlor in accordance with a dispositive provision in the trust instrument; (iii) that carries out the exercise of a power of appointment; or (iv) is pursuant to the exercise of the power under the Uniform Trust Decanting Act (Code of Virginia, § 64.2-779.1 et seq.).

State law reference—Exemptions from state recordation tax, Code of Virginia, § 58.1-811.

Sec. 26-765. Supplemental instruments.

(a) The taxes levied by Sections 26-759 through 26-762 shall not apply to any deed of trust, deed of subordination, mortgage, contract, agreement, modification, addendum or other writing supplemental to any such deed, mortgage, contract, agreement, modification, addendum or other writing theretofore admitted to record and upon which the tax imposed by this article has been paid, when the sole purpose and effect of the supplemental deed or writing is to convey property, in addition to or in substitution, in whole or in part, of the property conveyed in the original instrument, to secure or to better secure the payment of the amount contracted for in the original instrument, to alter the priority of the instrument, as to modify the terms, conditions, parties or provisions of the original instruments, other than to increase the amount of the principal obligation secured thereby.

(b) The assumption of a deed of trust shall not be separately taxable under Section 26-758, 26-759, 26-760 or 26-761, whether such assumption is by a separate instrument or included in the deed of conveyance.

State law reference—Similar provisions, Code of Virginia, § 58.1-809.

Sec. 26-766. Certain rerecorded instruments.

The taxes levied by this article shall not apply to any deed, deed of trust, mortgage, deed of lease, contract or agreement rerecorded in the same clerk's office when the record containing such deed, deed of trust, mortgage, deed of lease, contract or agreement has been destroyed by fire or otherwise.

(Code 1993, § 27-253; Code 2004, § 98-493; Code 2015, § 26-766)

State law reference—Similar provisions, Code of Virginia, § 58.1-812.

Sec. 26-767. Collection.

The taxes levied by this article shall be determined and collected by the clerk of the court in whose office such deeds, deeds of trust, mortgages, deeds of lease, contracts and agreements are first offered for recordation, and such instruments may thereafter be recorded in the office of the clerk of any other court in the City without the payment of any tax. Any instrument may also be recorded free of tax in the office of the clerk where such instrument was originally recorded when the record containing such instrument has been destroyed. Except as otherwise provided in this article, no such deed, deed of trust, mortgage, deed of lease, contract or agreement shall be admitted to record without the payment of the tax imposed thereon by this article. The Clerk of the Circuit Court of the City shall pay the taxes collected into the City treasury at such time as shall be required by the Director of Finance.

ARTICLE XIII. DOG AND CAT LICENSE TAXES*

***Cross reference—**Dog and cat licenses, § 4-185 et seq.; evidence of rabies vaccination required before issuance of dog or cat license, Code of Virginia, § 4-368.

State law reference—Dog licenses generally, Code of Virginia, § 3.2-6526 et seq.

Sec. 26-817. Levy.

(a) There is levied and imposed for each calendar year a tax of $10.00 for each license issued for each dog or cat four months old or older, except dogs and cats kept in a kennel. There is levied for each calendar year a tax of $25.00 on each license issued for each kennel consisting of not more than 20 dogs or cats, and a tax of $40.00 on each license issued for each kennel consisting of more than 20 dogs or cats and not more than 50 dogs or cats.

(b) No license tax shall be levied on any dog that is trained and serves as a guide dog for a blind person, that is trained and serves as a hearing dog for a deaf or hearing-impaired person, or that is trained and serves as a service dog for a mobility-impaired or otherwise disabled person. As used in this subsection, the term "hearing dog," "mobility-impaired person," "otherwise disabled person" and "service dog" shall have the meanings assigned to such terms in Code of Virginia, § 51.5-40.1.

(c) No license shall be issued for a kennel consisting of more than 50 dogs or cats.

(Code 1993, § 27-281; Code 2004, § 98-561; Code 2015, § 26-817; Ord. No. 2014-164-154, § 1(98-561), 9-8-2014)

State law reference—Dog or cat license authorized, Code of Virginia, § 3.2-6528.

Sec. 26-818. Liability; due date; payment.

The license tax as prescribed in Section 26-817 shall be due not later than 30 days after a dog or cat has reached the age of four months, or not later than 30 days after an owner acquires a dog or cat four months of age or older and each year thereafter. Any kennel license tax shall be due on January 1 and not later than January 31 of each year.

(Code 1993, § 27-282; Code 2004, § 98-562; Code 2015, § 26-818)

State law reference—Similar provisions, Code of Virginia, § 3.2-6530; when license tax payable, Code of Virginia, § 3.2-6530.

Sec. 26-819. Composition of license; tags.

A dog or cat license shall consist of a license receipt and a metal tag. The tag shall be stamped or otherwise permanently marked to show in all capital letters, "RICHMOND, VIRGINIA" and shall bear a serial number. The tag for dogs or cats kept in a kennel shall show the maximum number of dogs and cats authorized to be kept in the kennel under the license, and there shall be issued therewith a metal identification plate for each dog and cat authorized to be kept in the kennel under the license, numbered to correspond with the serial number of the tag.

(Code 1993, § 27-283; Code 2004, § 98-563; Code 2015, § 26-819; Ord. No. 2020-012, § 1(26-819), 1-27-2020)

State law reference—What dog licenses shall consist of, Code of Virginia, § 3.2-6526.

Sec. 26-820. Licenses required annually; vaccination.

Dog and cat licenses shall be issued to and obtained annually by persons liable for the license tax levied by this article and shall be effective for one year from the date issued. Any person liable for the license tax levied by this article may obtain a dog or cat license by making oral or written application therefor to the Collector or agent, accompanied by payment of the license tax and a certificate that the dog or cat for which the license is to be issued has been vaccinated or treated for rabies. For a spayed or neutered dog or cat, the purchaser of such license shall certify in writing to the Collector or agent the name and address of the veterinarian performing the operation and the date of the operation.

(Code 1993, § 27-284; Code 2004, § 98-564; Code 2015, § 26-820; Ord. No. 2020-012, § 1(26-820), 1-27-2020)

State law reference—Evidence showing inoculation for rabies prerequisite to obtaining dog or license, Code of Virginia, § 3.2-6521.

Sec. 26-821. Duplicate tags.

If a dog or cat license shall become lost, destroyed or stolen, the owner or custodian shall at once apply to the Collector or agent who issued the license for a duplicate license tag, presenting the original license receipt. Upon affidavit of the owner or custodian before the Collector or agent that the original license tag has been lost, destroyed or stolen, the Collector or agent shall issue a duplicate license tag which the owner or custodian shall immediately affix to the collar of the dog or cat. The Collector or agent shall endorse the number of the duplicate and the date issued on the face of the original license receipt. The fee for a duplicate tag for any dog or cat shall be $1.00.

(Code 1993, § 27-285; Code 2004, § 98-565; Code 2015, § 26-821)

State law reference—Similar provisions, Code of Virginia, § 3.2-6532.

Sec. 26-822. Disposition and use of revenue.

(a) The Director of Finance shall keep all money collected for dog and cat license taxes in a separate account from all other funds collected. The City shall use the funds for the following purposes:

(1) The salary and expenses of the animal control supervisor and necessary staff.

(2) The care and maintenance of a public animal shelter.

(3) The maintenance of a rabies control program.

(4) Efforts to promote sterilization of dogs and cats.

(5) Payments as a bounty to any person neutering or spaying a dog up to the amount of one year of the license tax as provided by ordinance.

(6) Payments for compensation as provided in Code of Virginia, § 3.2-6553.

(b) The City Council may supplement the animal control fund with other funds as it considers appropriate, but it shall do so to the extent necessary to provide for subsections (a)(1) and (2) of this section.

(Code 1993, § 27-286; Code 2004, § 98-566; Code 2015, § 26-822)

State law reference—Similar provisions, Code of Virginia, § 3.2-6534.

Sec. 26-823. False statements to secure license; penalty for failure to obtain license.

(a) It shall be unlawful for any person to make a false statement in order to secure a dog or cat or kennel license to which such person is not entitled. Upon conviction thereof, such person shall be guilty of a Class 4 misdemeanor.

(b) It shall be unlawful for any person liable for the license tax levied by this article to fail, refuse or neglect to pay the license tax annually, or to fail, refuse or neglect to pay the license tax when otherwise required by Section 26-818. If an officer determines that a license has not been obtained, the officer shall, then and there, issue and serve a summons upon such owner to appear in court for violation of the license law. Such owner may, in lieu of appearing in court on their turn date of such summons, within five working days of the date of receipt of such summons, pay a fine of $15.00 if such summons is for a first offense; and a fine of $25.00 if it is for a second offense or subsequent offense. Upon conviction of violating this subsection, such person shall be fined not less than $15.00 for the first offense and $25.00 for any subsequent offense and such person shall be required by the court or judge trying the case to obtain the proper license forthwith.

(c) Failure to obtain a license is a Class 4 misdemeanor.

(d) Payment of the license tax subsequent to the issuance of a summons or warrant to appear before a court or judge for violation of this section shall not relieve such person from the penalty required to be imposed by this section.

(Code 1993, § 27-287; Code 2004, § 98-567; Code 2015, § 26-823; Ord. No. 2020-012, § 1(26-823), 1-27-2020)

Sec. 26-824. Payment of license tax subsequent to summons.

Payment of the license tax imposed under this article subsequent to a summons to appear before a court for failure to pay the license tax within the time required shall not relieve such owner from the penalties provided in Section 4-97.

(Code 1993, § 27-288; Code 2004, § 98-568; Code 2015, § 26-824)

State law reference—Similar provisions, Code of Virginia, § 3.2-6536.

Sec. 26-825. Violations.

Any person violating this article shall be subject to the penalties specified in Section 4-97.

(Code 1993, § 27-289; Code 2004, § 98-569; Code 2015, § 26-825)

ARTICLE XIV. SALES TAX*

***Cross reference—**Businesses and business regulations, Ch. 6.

State law reference—Virginia Retail Sales and Use Tax Act, Code of Virginia, § 58.1-600 et seq.

Sec. 26-844. Levied.

(a) There is hereby levied and imposed, in addition to all other taxes and fees of every kind imposed, a general retail sales tax at the rate of one percent to provide revenue for the general fund. The rate of the tax shall be added to the rate of the State retail sales tax imposed by Code of Virginia, Title 58.1, Ch. 6 (Code of Virginia, § 58.1-600 et seq.) and shall be subject to all the provisions of such sections and all amendments thereof and the rules and regulations published with respect thereto. However, the applicable brackets of prices shall be prescribed in Code of Virginia, § 58.1-628 for the combined tax, and no discount under Code of Virginia, § 58.1-622 shall be allowed on the tax levied by this section.

(b) It is the purpose of the Council in adopting this section to levy the general retail sales tax authorized to be levied by Code of Virginia, § 58.1-605.

(Code 1993, § 27-301; Code 2004, § 98-601; Code 2015, § 26-844)

ARTICLE XV. LICENSE TAXES*

***Charter reference—**Authority to levy and collect license taxes generally, § 2.02(a) (see also § 2.07).

Cross reference—Businesses and business regulations, Ch. 6.

State law reference—Licenses generally, Code of Virginia, § 58.1-3700 et seq.; authority of City to impose license taxes, Code of Virginia, § 58.1-3703.

DIVISION 1. GENERALLY

Sec. 26-867. Overriding conflicting ordinances.

Except as may be otherwise provided by the laws of the Commonwealth and notwithstanding any other current ordinances or resolutions enacted by the City Council, whether or not compiled in this Code, to the extent of any conflict, the sections of this article shall be applicable to the levy, assessment, and collection of licenses required and taxes imposed on businesses, trades, professions and callings and upon the persons engaged therein within the City.

(Code 1993, § 27-311; Code 2004, § 98-631; Code 2015, § 26-867)

Sec. 26-868. Levy and collection generally.

There shall be levied and collected for each license tax year or for such other period of time as may be specifically provided a license tax on every person engaged in a business, profession or occupation in the City, unless otherwise exempted by law. It shall be the responsibility of the Director of Finance to determine

classifications and to assess a business license tax at the appropriate rate.

(Code 1993, § 27-312; Code 2004, § 98-632; Code 2015, § 26-868)

Sec. 26-869. License requirement.

(a) Every person shall apply for a license for each business or profession when engaging in a business in this City if (i) the person has a definite place of business in this City; (ii) there is no definite place of business anywhere and the person resides in this City; or (iii) there is no definite place of business in this City but the person operates amusement machines or is classified as an itinerant merchant, peddler, carnival, circus, contractor subject to Code of Virginia, § 58.1-3715, or public service corporation.

(b) A separate license shall be required for each definite place of business. A person engaged in two or more businesses or professions carried on at the same place of business may elect to obtain one license for all such businesses and professions if all of the following criteria are satisfied:

(1) Each business or profession is subject to licensure at the location and has satisfied any requirements imposed by State law or provisions of City ordinances;

(2) All of the businesses or professions are subject to the same tax rate or, if subject to different tax rates, the licensee agrees to be taxed on all businesses and professions at the highest rate; and

(3) The taxpayer agrees to supply such information as the Assessor may require concerning the nature of the several businesses and their gross receipts.

(c) Each person subject to a license tax shall apply for a license prior to beginning business if the person was not subject to licensure in the City on or before January 1 of the license year or no later than March 1 of the current license year if the person had been issued a license for the preceding license year. The application shall be on forms prescribed by the Director of Finance.

(d) The tax shall be paid with the application if any license is not based on gross receipts or purchases. If the tax is measured by the gross receipts or purchases of the business, the tax shall be paid within 30 days of beginning business.

(e) No business license under this article shall be issued until the person has produced satisfactory evidence that all delinquent business license, real estate, personal property, meals, transient occupancy, severance and admissions taxes owed by the business to the City have been paid which have been properly assessed against the person by the City.

(Code 1993, § 27-313; Code 2004, § 98-633; Code 2015, § 26-869; Ord. No. 2013-83-52, § 1, 4-22-2013)

Sec. 26-870. Situs of gross receipts.

(a) *General rule.* Whenever the tax imposed by this article is measured by gross receipts, the gross receipts included in the taxable measure shall be only those gross receipts attributed to the exercise of a licensable privilege at a definite place of business within the City. For activities conducted outside of a definite place of business, such as during a visit to a customer location, the gross receipts shall be attributed to the definite place of business from which such activities are initiated, directed, or controlled. The situs of gross receipts for different classifications of business shall be attributed to one or more definite places of business or offices as follows:

(1) The gross receipts of a contractor shall be attributed to the definite place of business at which the contractor's services are performed or, if the contractor's services are not performed at a definite place of business, then the definite place of business from which the contractor's services are directed or controlled, unless the contractor is subject to Code of Virginia, § 58.1-3715. Any contractor conducting business in the City for less than 30 days without a definite place of business in the City or any other county, city or town of the Commonwealth shall be required to obtain a business license in the City when the amount of business done by the contractor in the City exceeds or will exceed the sum of $25,000.00 for the license year.

(2) The gross receipts of a retailer or wholesaler shall be attributed to the definite place of business at which sales solicitation activities occur, or if sales solicitation activities do not occur at any definite place of business, then the definite place of business from which sales solicitation activities are directed or

controlled. However, a wholesaler or distribution house subject to a license tax measured by purchases shall determine the situs of its purchases by the definite place of business at which or from which deliveries of the purchased goods, wares and merchandise are made to customers. Any wholesaler who is subject to a license tax in two or more localities and who is subject to multiple taxation because the localities use different measures may apply to the State Department of Taxation for a determination as to the proper measure of purchases and gross receipts subject to license tax in each locality.

(3) The gross receipts of a business renting tangible personal property shall be attributed to the definite place of business from which the tangible personal property is rented or, if the property is not rented from any definite place of business, then the definite place of business at which the rental of such property is managed.

(4) The gross receipts from the performance of personal services shall be attributed to the definite place of business at which the services are performed or, if not performed at any definite place of business, then the definite place of business from which the services are directed or controlled.

(b) *Apportionment.* If the licensee has more than one definite place of business and it is impractical or impossible to determine to which definite place of business gross receipts should be attributed under the general rule, and the City and the affected jurisdiction are unable to reach an apportionment agreement, except as to circumstances set forth in Code of Virginia, § 58.1-3709, the gross receipts of the business shall be apportioned between the definite places of businesses on the basis of payroll. Gross receipts shall not be apportioned to a definite place of business unless some activities under the applicable general rule occurred at, or were controlled from, such definite place of business. Gross receipts attributable to a definite place of business in another jurisdiction shall not be attributed to the City if the other jurisdiction does not impose a tax on the gross receipts attributable to the definite place of business in such other jurisdiction.

(c) *Agreements.* The Director of Finance may enter into agreements with any other political subdivision of the Commonwealth concerning the manner in which gross receipts shall be apportioned among definite places of business. However, the sum of the gross receipts apportioned by the agreement shall not exceed the total gross receipts attributable to all of the definite places of business affected by the agreement. Upon notification by a taxpayer that the City's method of attributing gross receipts is fundamentally inconsistent with the method of one or more political subdivisions in which the taxpayer is licensed to engage in business and that the difference has resulted, or is likely to result, in taxes on more than 100 percent of its gross receipts from all locations in the affected jurisdictions, the Director shall make a good faith effort to reach an apportionment agreement with the other political subdivisions involved. If an agreement cannot be reached, either the assessor or taxpayer may seek an advisory opinion from the State Department of Taxation pursuant to Code of Virginia, § 58.1-3701; notice of the request shall be given to the other party. Notwithstanding the provisions of Code of Virginia, § 58.1-3993, when a taxpayer has demonstrated to a court that two or more political subdivisions of Virginia have assessed taxes on gross receipts that may create a double assessment within the meaning of Code of Virginia, § 58.1-3986, the court shall enter such orders pending resolution of the litigation as may be necessary to ensure that the taxpayer is not required to pay multiple assessments even though it is not then known which assessment is correct and which is erroneous.

(Code 1993, § 27-314; Code 2004, § 98-634; Code 2015, § 26-870)

State law reference—Situs, Code of Virginia, § 58.1-3700 et seq.

Sec. 26-871. Established.

Except as may be specifically otherwise provided by this article or other law, the annual license tax imposed under this article shall be $30.00 for any person with gross receipts (or purchases for wholesale merchants) of $5,000.00 or more but less than $100,000.00 in a given license year. Any person with gross receipts greater than $100,000.00 will be liable for business license taxes at the applicable rate set forth as follows for the class of enterprise listed or as otherwise provided in this article:

(1) For contractors and persons constructing for their own account for sale, $0.19 per $100.00 of gross receipts.

(2) For retailers, $0.20 per $100.00 of gross receipts.

(3) For financial, real estate and professional services, $0.58 per $100.00 of gross receipts.

(4) For repair, personal and business services and all other businesses and occupations not specifically listed or exempted in this article or otherwise by law, $0.36 per $100.00 of gross receipts.

(5) For wholesalers, $0.22 per $100.00 of purchases.

(6) For fortunetellers, clairvoyants and practitioners of palmistry, $0.36 per $100.00 of gross receipts, provided that such tax shall not exceed $1,000.00 per year.

(7) For itinerant merchants, $500.00 per year; or peddlers, $225.00 per year.

(8) For dealers in precious metals, $1,000.00 per year, as provided in Section 26-965.

(9) For savings and loan associations and credit unions, $50.00 per year.

(10) For direct sellers, as defined in Code of Virginia, § 58.1-3719.1, with total annual sales in excess of $4,000.00, $0.20 per $100.00 of total annual retail sales or $0.05 per $100.00 of total annual wholesale sales, whichever is applicable.

(11) For biotechnology or biomedical research and development businesses, $0.30 per $100.00 of gross receipts.

(12) For hospitals, medical care centers and emergency care units, $0.36 per $100.00 of gross receipts.

(13) For wholesale electric turbine manufacturers, $0.02 per $100.00 of purchases.

(14) For first and second mortgage companies, $0.29 per $100.00 of gross receipts.

(15) For electric utilities furnishing electric lighting or heating (except electric suppliers, as defined in Code of Virginia, § 58.1-400.2), one-half of one percent of the gross receipts.

(16) For telephone companies, three percent of the gross receipts from all local telephone service within the City.

(Code 1993, § 27-315; Code 2004, § 98-635; Code 2015, § 26-871; Ord. No. 2010-183-180, § 1, 10-25-2010)

Sec. 26-872. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Acted responsibly means that the taxpayer:

(1) Exercised the level of reasonable care that a prudent person would exercise under the circumstances in determining the filing obligations for the business; and

(2) Undertook significant steps to avoid or mitigate the failure, such as attempting to prevent a foreseeable impediment, acting to remove an impediment once it occurred, and promptly rectifying a failure once the impediment was removed or the failure discovered.

Affiliated group means those businesses as defined in Code of Virginia, § 58.1-3700.1.

Alcoholic beverages includes the definition thereof contained in the Alcoholic Beverage Control Act, Code of Virginia, § 4.1-100, and includes beer, ale, porter, wine, similar fermented malt or vinous liquor, and fruit juices.

Amount in dispute, when used with respect to taxes due or assessed, means the amount specifically identified in the administrative appeal or application for judicial review as disputed by the party filing such appeal or application.

Appealable event means an increase in the assessment of a local license tax payable by a taxpayer, the denial of a refund, or the assessment of a local license tax where none previously was assessed, arising out of the Assessor's:

(1) Examination of records, financial statements, books of account or other information for the purpose of determining the correctness of an assessment;

(2) Determination regarding the rate or classification to the licensable business;

(3) Assessment of a local license tax when no return has been filed by the taxpayer; or

(4) Denial of an application for correction of erroneous assessment attendant to the filing of an amended application for license.

An appealable event shall include a taxpayer's appeal of the classification applicable to a business, including whether the business properly falls within a business license subclassification established by the City, regardless of whether the taxpayer's appeal is in conjunction with an assessment, examination, audit, or any other action taken by the City.

Architect means every person engaged in the conduct of a profession as an architect, and every person who for compensation is engaged in the business of preparation and furnishing plans or specifications for the erection or improvement of buildings, whose office or place of business is located in the City.

Assessment means a determination as to the proper rate of tax, the measure to which the tax rate is applied, and ultimately the amount of tax, including any additional or omitted tax, that is due. An assessment includes a written assessment made pursuant to notice by the assessing official or a self-assessment made by a taxpayer upon the filing of a return or otherwise not pursuant to notice. Assessments shall be deemed made by an assessing official when a written notice of assessment is delivered to the taxpayer by the assessing official or an employee of the assessing official or mailed to the taxpayer at the taxpayer's last known address. Self-assessments shall be deemed made when a return is filed or, if no return is required, when the tax is paid. A return filed or tax paid before the last day prescribed by ordinance for the filing or payment thereof shall be deemed to be filed or paid on the last day specified for the filing of a return or the payment of tax, as the case may be.

Assessor and *assessing official* mean the Director of Finance or designee.

Auctioneer means a person engaged in the business of conducting a public sale at which items are sold one by one, each going to the last and highest of a series of competing bidders.

Base year means the calendar year preceding the license year, except for contractors subject to Code of Virginia, § 58.1-3715 or beginning businesses subject to Section 26-880.

Beer includes the definition thereof contained in the Alcoholic Beverage Control Act, Code of Virginia, § 4.1-100 et seq., and includes beer, lager beer, ale, porter and similar fermented malt liquor.

Biotechnology and *biomedical research and development* mean the use of various processes to develop or test products for human health care, animal health, food production, food safety, food nutrition, or environmental improvement.

Business means a course of dealing which requires the time, attention and labor of the person so engaged for the purpose of earning a livelihood or profit. It implies a continuous and regular course of dealing, rather than an irregular or isolated transaction. A person may be engaged in more than one business. The following acts shall create a rebuttable presumption that a person is engaged in a business:

(1) Advertising or otherwise holding oneself out to the public as being engaged in a particular business; or

(2) Filing tax returns, schedules and documents that are required only of persons engaged in a trade or business.

Business service means any service rendered for compensation to any business, trade, occupation or governmental agency, unless the service is specifically provided for under another section of this Code.

Client company means a person, as defined in Code of Virginia, § 1-230, who enters into a contract with a staffing firm by which the staffing firm, for a fee, provides PEO services or temporary help services.

Contract employee means an employee performing services under a PEO services contract or temporary help services contract.

Contractor means that as defined in Code of Virginia, § 58.1-3714(D).

Definite place of business means an office or a location at which occurs a regular and continuous course of dealing for 30 consecutive days or more. A definite place of business for a person engaged in business may include a location leased or otherwise obtained from another person on a temporary or seasonal basis and real property

leased to another. A person's residence shall be deemed to be a definite place of business if there is no definite place of business maintained elsewhere and the person is not licensable as a peddler or itinerant merchant.

Direct sellers, retail and wholesale, means any person who:

(1) Engages in the trade or business of selling or soliciting the sale of consumer products primarily in private residences and maintains no public location for the conduct of such business;

(2) Receives remuneration for such activities, with substantially all of such remuneration being directly related to sales or other sales-oriented services, rather than to the number of hours worked; and

(3) Performs such activities pursuant to a written contract between such person and the person for whom the activities are performed, and such contract provides that such person will not be treated as an employee with respect to such activities for Federal tax purposes.

Employee benefits means wages, salaries, payroll taxes, payroll deductions, workers' compensation costs, benefits, and similar expenses.

Entity means a business organization, other than a sole proprietorship, that is a corporation, limited liability company, limited partnership, or limited liability partnership duly organized under the laws of the Commonwealth or another state.

Events beyond the taxpayer's control includes, but is not limited to, the following:

(1) The unavailability of records due to fire or other casualty;

(2) The unavoidable absence (e.g., due to death or serious illness) of the person with the sole responsibility for tax compliance; or

(3) The taxpayer's reasonable reliance in good faith upon erroneous written information from the assessing official, who was aware of the relevant facts relating to the taxpayer's business when the assessing official provided the erroneous information.

Financial service means buying, selling, handling, managing, investing, and providing of advice regarding money, credit, securities, or other investments. Those engaged in rendering financial services include, without limitation, the following:

(1) Buying installment receivables.

(2) Chattel mortgage financing.

(3) Consumer financing.

(4) Credit card services.

(5) Credit unions.

(6) Factors.

(8) Industrial loan companies.

(9) Installment financing.

(10) Inventory financing.

(11) Loan or mortgage brokers.

(12) Loan or mortgage companies.

(13) Safety deposit box companies.

(14) Security and commodity brokers and services.

(15) Stockbrokers.

(16) Working capital financing.

Flea market means a temporary commercial market held in a structure or open area where one or more persons

are involved in the setting up of tables, platforms, racks, or similar display areas for the purpose of selling, buying, or exchanging merchandise, goods, wares, products, or other such items. This definition shall not be construed to include sidewalk sales by retail merchants; fruit or produce stands; bake sales; garage, yard, or estate sales held in conjunction with residential uses; or sponsored activities conducted by religious, civic, charitable or other nonprofit organizations conducted not more than four times during the calendar year.

Frivolous means a finding, based on specific facts, that the party asserting the appeal is unlikely to prevail upon the merits because the appeal is (i) not well grounded in fact; (ii) not warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law; (iii) interposed for an improper purpose, such as to harass, to cause unnecessary delay in the payment of tax or a refund, or to create needless cost from the litigation; or (iv) otherwise frivolous.

Fuel sale or *fuel sales* means retail sales of alternative fuel, blended fuel, diesel fuel, gasohol, or gasoline, as such terms are defined in Code of Virginia, § 58.1-2201.

Gas retailer means a person or entity engaged in business as a retailer offering to sell at retail on a daily basis alternative fuel, blended fuel, diesel fuel, gasohol, or gasoline, as such terms are defined in Code of Virginia, § 58.1-2201.

Gross receipts means the whole, entire, total receipts without deduction.

Hotel and *motel* mean any building or group of buildings containing guestrooms or dwelling units which are intended, used or designed to be rented, let or hired out for compensation by automobile tourists or other transients, whether such compensation is paid directly or indirectly. This includes motels, motor hotels, tourist courts, motor lodges, and the like. Daily or weekly rental of units or any sign on the premises making reference to other than monthly rates shall be considered prima facie evidence that a building is a hotel and subject to all hotel restrictions and ordinances.

Independent registered representative means an independent contractor registered with the United States Securities and Exchange Commission.

Itinerant merchant means any person who engages in, does, or transacts any temporary or transient business in the City and who, for the purpose of carrying on such business, occupies any location for a period of less than one year.

Jeopardized by delay means a finding, based upon specific facts, that a taxpayer designs to (i) depart quickly from the City; (ii) remove his property therefrom; (iii) conceal himself or his property therein; or (iv) do any other act tending to prejudice, or to render wholly or partially ineffectual, proceedings to collect the tax for the period in question.

Junk dealer means every person selling, bartering or exchanging any kind of secondhand articles, junk, rags, rag cullings, bones, bottles, pewter, scrap, metals, metal drosses, steel, iron, old lead pipe, old bathroom fixtures, old rubber, old rubber articles, paper or other like commodities, and except furniture, clothing, shoes and stoves intended to be resold for use as such.

PEO services contract means a contract pursuant to which a staffing firm provides PEO services for a client company.

Personal service means rendering for compensation any repair, personal, business or other services not

specifically classified as financial, real estate or professional service under this article or rendered in any other business or occupation not specifically classified in this article unless exempted from local license tax by Code of Virginia, Title 58.1 (Code of Virginia, § 58.1-1 et seq.).

Professional services means services performed by architects, attorneys-at-law, certified public accountants, dentists, engineers, land surveyors, surgeons, veterinarians, and practitioners of the healing arts (the arts and sciences dealing with the prevention, diagnosis, treatment and cure or alleviation of human physical or mental ailments, conditions, diseases, pain or infirmities) and such occupations, and no others, as the state Department of Taxation may list in the BPOL guidelines promulgated pursuant to Code of Virginia, § 58.1-3701. The Department shall identify and list each occupation or vocation in which a professed knowledge of some department of science or learning, gained by a prolonged course of specialized instruction and study, is used in its practical application to the affairs of others, either advising, guiding, or teaching them, and in serving their interests or welfare in the practice of an art or science founded on it. The term "profession" implies attainments in professional knowledge as distinguished from mere skill, and the application of knowledge to uses for others rather than for personal profit.

Provider of funeral services means any person engaged in the funeral service profession, operating a funeral service establishment, or acting as a funeral director or embalmer.

Purchases means all goods, wares and merchandise received for sale at each definite place of business of a wholesale merchant. The term also includes the cost of manufacture of all goods, wares and merchandise manufactured by any wholesale merchant and sold or offered for sale. A wholesale merchant may elect to report the gross receipts from the sale of manufactured goods, wares and merchandise if it cannot determine the cost of manufacture or chooses not to disclose the cost of manufacture.

Real estate agent means every person engaged in the business of a real estate agent or a real estate broker in the City and having an office or place of business in the City.

Real estate service means rendering a service for compensation as lessor, buyer, seller, agent or broker and providing a real estate service, unless the service is otherwise specifically provided for in this article, and such services include, but are not limited to, the following:

(1) Appraisers of real estate.

(2) Developer.

(3) Escrow agents, real estate.

(4) Fiduciaries, real estate.

(5) Lessors of real property.

(6) Real estate agents, brokers and managers.

(7) Real estate selling agents.

(8) Rental agents for real estate.

(9) Subdivider.

Real estate services means providing a service with respect to the purchase, sale, lease, rental, or appraisal of real property.

Repair service means the repairing, renovating, cleaning or servicing of some article or item of personal property for compensation, unless the service is specifically provided for under another section of this Code.

Restaurants, eating houses, lunchstands, lunchrooms, etc., means an establishment which sells, offers for sale, cooks or otherwise furnishes for compensation, diet, food or refreshments of any kind at a house or place of business for consumption therein.

Retail merchant, consignment, means any retail merchant who sells or offers for sale goods, wares and merchandise which such merchant has acquired from others on a consignment or other such basis.

Retail merchant, vending, means every person who sells merchandise by means of machines operated on the coin-in-the-slot principle.

Retailer and *retail merchant* mean any person or merchant who sells goods, wares and merchandise for use or consumption by the purchaser, including flea markets, as defined in this section, or for any purpose other than resale by the purchaser, but does not include sales at wholesale to institutional, commercial and industrial users, and peddlers as defined in Section 6-418.

Security broker means a "broker" as such term is defined under the Securities Exchange Act of 1934 (15 USC 78a et seq.), or any successor law to the Securities Exchange Act of 1934, who is registered with the United States Securities and Exchange Commission.

Security dealer means a "dealer" as such term is defined under the Securities Exchange Act of 1934 (15 USC 78a et seq.), or any successor law to the Securities Exchange Act of 1934, who is registered with the United States Securities and Exchange Commission.

Services means things purchased by a customer which do not have physical characteristics or which are not goods, wares, or merchandise.

Speculative builder means every person who is engaged in the business of erecting a building for the purpose of selling or renting the building and who makes no contract with a duly licensed contractor for the erection of the building, whether or not such person contracts with one or more such contractors for one or more portions, but does not contract with any one person for all of the work of erecting any one of the buildings.

Staffing firm means a person, as defined in Code of Virginia, § 1-230, who provides PEO services or temporary help services.

Temporary help services means an arrangement whereby a staffing firm temporarily assigns employees to support or supplement a client company's workforce.

(1) Buying, selling or exchanging for passengers railroad, steamship, bus or airplane tickets;

(2) Securing or arranging for passengers transportation on a railroad, steamship, bus or airplane; or

(3) Managing, arranging or conducting tours for five or more persons in any one tour or trip by railroad, steamship, automobile, bus or airplane, or by a combination of any of them.

Wholesaler and *wholesale merchant* include any person or merchant who sells wares and merchandise for resale by the purchaser, including sales when the goods, wares and merchandise will be incorporated into goods and services for sale, and also includes sales to institutional, commercial and industrial users which, because of the quantity, price, or other terms, indicate that they are consistent with sales at wholesale.

Wine includes the definition thereof contained in the Alcoholic Beverage Control Act, Code of Virginia, § 4.1-100, and includes wine and similar fermented vinous liquor and fruit juices.

(Code 1993, § 27-316; Code 2004, § 98-636; Code 2015, § 26-872)

Cross reference—Definitions generally, § 1-2.

Sec. 26-873. Exemptions.

(a) Any person with gross receipts (or purchases for wholesale merchants) of $5,000.00 or more but less than $100,000.00 in a given license year is exempt from payment of business license tax on the gross receipts of the business for the license tax year to which those receipts apply. For persons with gross receipts or purchases equal to or greater than $100,000.00, the tax liability will be calculated on total gross receipts as provided in Section 26-871. For persons with gross receipts less than $5,000.00, there will be no tax liability. Notwithstanding anything contained in this subsection, this section shall not apply to any person taxable under Section 26-956(d). Further, notwithstanding anything else contained in this subsection, any person exempt from business license tax based on purchases or gross receipts of $5,000.00 or more but less than $100,000.00 shall be obligated to pay a license fee of $30.00. Those persons with gross receipts or purchases of less than $5,000.00 will not be required to pay the license fee; however, such persons will be required to comply with the license and permit requirements applicable

to the business activity in which they are engaged in the City.

(b) Further, notwithstanding anything else contained in this article, any person engaged in business as a contractor will continue to be licensed in accordance with Code of Virginia, § 58.1-3715. Contractors whose principal office or business is not located in the City and whose gross receipts are greater than $25,000.00 but less than $100,000.00 will be subject to the license fee as indicated in subsection (a) of this section.

(c) No tax shall be payable under this article by such persons, businesses, services, or corporations exempted from local business license taxation as provided in Code of Virginia, § 58.1-3703.

(d) Specific exemptions for the Young Men's Christian Association, Young Women's Christian Association, unincorporated groups or associations of members of churches or other religious associations of a like character:

(1) No section of this article relating to retail merchant or restaurant licenses shall have application to such organizations, provided the entire net revenues obtained from the sale or furnishing of diet, food or refreshments are devoted exclusively to the religious or other charitable activities of such churches or associations.

(2) Nothing in Section 26-1007(c) shall have application to the conduct or operation of a boardinghouse or lodginghouse formed by such organizations, in connection with the religious or other activities of such organizations, provided the entire net revenues are devoted exclusively to the religious or other charitable activities of such organizations.

(e) No license taxes prescribed in this article shall be required to be paid for any amusement, performance, exhibition, entertainment or show held or conducted exclusively for religious, charitable or benevolent purposes. This subsection shall not exempt from the payment of the prescribed license taxes any amusement, performance, exhibition, entertainment or show by any person who makes it such person's business to give such exhibitions, no matter what the terms may be of any contract entered into or under what auspices, if given by such person for religious, charitable or benevolent purposes. The intent and meaning of this subsection is that every person who makes it such person's business to give performances, exhibitions, entertainments or shows for compensation, whether a part of the proceeds are for religious, charitable or benevolent purposes or not, shall pay the license taxes prescribed in this article.

(f) Manufacturers who offer for sale at the place of manufacture goods, wares and merchandise manufactured by such manufacturers at wholesale are exempt from license taxes on such sales.

(g) Nothing in this chapter shall require a license tax from an individual who is employed as a teacher in a school conducted in the City by another person. Every individual who, alone and not in combination or association in any manner, form or character whatsoever with any other individual, firm, partnership, association or corporation, teaches, tutors or coaches other individuals in the academic subjects of mathematics, history, English, geography, language, government, science or music shall not be subject to the license tax levied by this article.

(h) Nothing in this chapter shall require a license tax on or measured by receipts of a nonprofit organization described in Internal Revenue Code Section 501(c)(3) or Section 501(c)(19) except to the extent the organization has receipts from an unrelated trade or business, the income of which is taxable under Internal Revenue Code Section 511 et seq. For the purpose of this subsection, the term "nonprofit organization" means an organization that is described in Internal Revenue Code Section 501(c)(3) or Section 501(c)(19) and to which contributions are deductible by the contributor under Internal Revenue Code Section 170, except that educational institutions exempt from Federal income tax under Internal Revenue Code Section 501(c)(3) shall be limited to schools, colleges and other similar institutions of learning.

(i) Nothing in this chapter shall require a license tax on or measured by gifts, contributions, and membership dues of a nonprofit organization. Activities conducted for consideration that are similar to activities conducted for consideration by for-profit businesses shall be presumed to be activities that are part of a business subject to licensure. For the purpose of this subsection, the term "nonprofit organization" means an organization exempt from Federal income tax under Internal Revenue Code Section 501 other than the nonprofit organizations described in subsection (h) of this section.

(j) No license tax is required for any of the following:

(1) On any public service corporation or any motor carrier, common carrier, or other carrier of passengers or property formerly certified by the Interstate Commerce Commission or presently registered for insurance purposes with the Surface Transportation Board of the United States Department of Transportation, Federal Highway Administration, except as provided in Code of Virginia, § 58.1-3731 or as permitted by other provisions of law;

(2) For selling farm or domestic products or nursery products, ornamental or otherwise, or for the planting of nursery products, as an incident to the sale thereof, outside of the regular market houses and sheds of the City, provided such products are grown or produced by the person offering them for sale;

(3) Upon the privilege or right of printing or publishing any newspaper, magazine, newsletter or other publication issued daily or regularly at average intervals not exceeding three months, provided the publication's subscription sales are exempt from state sales tax, or for the privilege or right of operating or conducting any radio or television broadcasting station or service;

(4) On a person engaged in the business of severing minerals from the earth for the privilege of selling the severed mineral at wholesale at the place of severance, except as provided in Code of Virginia, §§ 58.1-3712 and 58.1-3713;

(5) Upon a wholesaler for the privilege of selling goods, wares and merchandise to other persons for resale unless such wholesaler has a definite place of business or store in the City. This subsection shall not be construed as prohibiting any a license tax on a peddler at wholesale;

(6) Upon any person, firm or corporation for engaging in the business of renting, as the owner of such property, real property other than hotels, motels, motor lodges, auto courts, tourist courts, travel trailer parks, campgrounds, bed and breakfast establishments, lodginghouses, roominghouses, and boardinghouses; however, if the City imposed such a license tax on January 1, 1974, it shall not be precluded from the levy of such tax by the provisions of this subsection;

(7) On or measured by receipts for management, accounting, or administrative services provided on a group basis under a nonprofit cost-sharing agreement by a corporation which is an agricultural cooperative association under the provisions of Code of Virginia, Title 13.1, Ch. 3, Art. 2 (Code of Virginia, § 13.1-312 et seq.), or a member or subsidiary or affiliated association thereof, to other members of the same group. This exemption shall not exempt any such corporation from such license or other tax measured by receipts from outside the group;

(8) On or measured by receipts or purchases by an entity which is a member of an affiliated group of entities from other members of the same affiliated group. This exclusion shall not exempt affiliated entities from such license or other tax measured by receipts or purchases from outside the affiliated group. This exclusion also shall not preclude the City from levying a wholesale merchant's license tax on an affiliated entity on those sales by the affiliated entity to a nonaffiliated entity, notwithstanding the fact that the wholesale merchant's license tax would be based upon purchases from an affiliated entity. Such tax shall be based on the purchase price of the goods sold to the nonaffiliated entity. As used in this subdivision, the term "sales by the affiliated entity to a nonaffiliated entity" means sales by the affiliated entity to a nonaffiliated entity where goods sold by the affiliated entity or its agent are manufactured or stored in the Commonwealth prior to their delivery to the nonaffiliated entity;

(9) On any insurance company subject to taxation under Code of Virginia, Title 58.1, Ch. 25 (Code of Virginia, § 58.1-2500 et seq.) or on any agent of such company;

(10) On any bank or trust company subject to taxation in Code of Virginia, Title 58.1, Ch. 12 (§ 58.1-1200 et seq.);

(11) Upon a taxicab driver, if the City has imposed a license tax upon the taxicab company for which the taxicab driver operates;

(12) On any blind person operating a vending stand or other business enterprise under the jurisdiction of the State Department for the Blind and Vision Impaired, or a nominee of the Department, as set forth in Code of Virginia, § 51.5-98;

(13) On an accredited religious practitioner in the practice of the religious tenets of any church or religious denomination. The term "accredited religious practitioner" shall be defined as one who is engaged solely in praying for others upon accreditation by such church or religious denomination;

(14) On any venture capital fund or other investment fund, except commissions and fees of such funds. Gross receipts from the sale and rental of real estate and buildings remain taxable by the City if located in the City;

(15) On total assessments paid by condominium unit owners for common expenses. The term "common expenses" and "unit owner" have the same meanings as in Code of Virginia, § 55.1-1900; or

(16) On or measured by receipts of a qualifying transportation facility directly or indirectly owned or title to which is held by the Commonwealth or any political subdivision thereof or by the United States as described in Code of Virginia, § 58.1-3606.1 and developed and/or operated pursuant to a concession under the Public-Private Transportation Act of 1995 (Code of Virginia, § 33.2-1800 et seq.) or similar Federal law.

(Code 1993, § 27-318; Code 2004, § 98-637; Code 2015, § 26-873; Ord. No. 2016-165, § 1, 6-27-2016)

Sec. 26-874. Business license incentive program for qualifying businesses.

(a) *Definitions.* The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Acquisition means the combination of two or more existing businesses where one business acquires the ownership of the other business or businesses.

Business license year means a calendar year.

Change in business form means a change in the organization of an existing business. A change in business form occurs whether such change is voluntary or involuntary and whether such change is recognized by the State Corporation Commission or not recognized by the State Corporation Commission. A change in business form includes a new business entity that meets the definition of "affiliated group," as that term is defined in Code of Virginia, § 58.1-3700.1, where such business conducts business activities that are similar to one or more of the affiliated businesses. However, a new business entity that meets such definition of "affiliated group" but conducts substantially different business activities shall not be treated as a change in business form.

Merger means the combination of two or more existing businesses to establish a new business.

Name change means a change in the name upon which a business trades. A name change occurs whether or not the business registers such name or change of name with the State Corporation Commission.

Qualifying business means a business that locates for the first time in the City of Richmond after the effective date of the ordinance from which this section is derived. A business shall not be deemed to locate in the City for the first time based on a merger, acquisition, similar business combination, name change, or a change in business form. A business shall not be deemed to locate in the City for the first time if there is an existing business in the City trading under the same or substantially similar business name, the businesses conduct similar business activities, or the businesses are related either by a shared ownership structure or by a contractual relationship such as a franchisor/franchisee relationship. A qualifying business shall not include peddlers and itinerant merchants. A qualifying business shall not include a contractor required to obtain a business license by Code of Virginia, § 58.1-3715(B). When applying for any benefit afforded under this section, the applicant shall have the burden of proving qualification as a qualifying business.

Similar business combination means any transaction that has the effect of combining one or more businesses into a single business but is not of the same nature as a merger or an acquisition.

(b) *Business license tax exemption.* A qualifying business that would otherwise be required to pay license taxes pursuant to Sections 26-868 and 26-871 shall be exempt from the payment of such business license taxes and only shall pay a license fee of $30.00. The license tax exemption provided in this section shall apply to the business license year in which the qualifying business locates in the City and to the following business license year. The

exemption provided herein shall not exceed a period of two business license years. A qualifying business shall forfeit any entitlement to the license tax reduction provided in this section if such business is delinquent on any local tax, including, but not limited to, personal property taxes, real property taxes, admissions taxes, meals taxes, or transient occupancy taxes.

(c) *Application and appeal.* Any business seeking to qualify as a qualifying business shall complete an application in writing. The application shall be on forms developed by the Director of Finance. Any determination of qualification or of non-qualification as a qualifying business shall be in writing by the Director of Finance. The appeal of a determination of non-qualification shall follow the appeal process of any other business license tax decision.

(d) *Limitation.* Nothing in this section shall be construed to repeal any requirement of businesses within the City to maintain records or comply with an audit by the Director of Finance. A qualifying business shall report its personal property and gross receipts to the Director of Finance, at such times and in such manner as required by law, and the failure to timely report shall result in the forfeiture of any entitlement to the license tax reduction provided in subsection (b) of this section.

(e) *Construction.* The business license tax incentive program provided herein is in the nature of a partial tax exemption. As such, the rule of construction provided by Article X, Section 6(f) of the Constitution of Virginia shall apply.

(Code 2004, § 98-637.1; Code 2015, § 26-874; Ord. No. 2012-192-2013-8, § 1, 2-11-2013)

State law reference—Authority for above section, Code of Virginia, § 58.1-3703(D).

Sec. 26-875. Permits required for certain licenses.

(a) Every person desiring a license under the provisions of Sections 26-963 and 26-965 to engage in the business of a protective agent or agency under Section 26-932, or to engage in the business of furnishing domestic or clerical help, labor or employment under the provisions of Section 26-991, or as one furnishing detective service or security or guard services under the provisions of Section 26-989, or as a detective or as a solicitor of orders for books, magazines or periodicals under Section 26-975, or as a pawnbroker or operator of a pawnshop under Section 26-983 shall first apply to the Chief of Police for a permit and shall produce to the Chief evidence of the good character of the individual, the members of the firm, or the chief officers of the corporation, as the case may be. It shall thereupon be the duty of the Chief of Police to make a reasonable investigation of the character of the individual, or of each member of the firm, or of each chief officer of the corporation, as the case may be, and if the Chief is satisfied that the individual, the members of the firm, or the principal officers of the corporation, as the case may be, are of good moral character and fit to engage in the proposed business, or to buy, sell or otherwise acquire, the Chief shall issue the permit. The form of the application for the permit and the form of the permit itself shall be prepared and furnished by the Chief of Police.

(b) Every person desiring a license under the provisions of Sections 26-940 through 26-944 and 26-946 or desiring a license as the operator of a bowling alley, skating rink, motion picture theatre or a theatre under the provisions of Section 26-989 shall apply to the Chief of Police for a permit to conduct the business and furnish evidence that the house, building, structure or room in which the proposed business is to be conducted is a suitable place, has facilities for escape in case of fire and is sufficiently strong and safe and otherwise complies with the building code of the City. It shall thereupon be the duty of the Chief of Police to make investigation of the facts in connection with such application. If the Chief of Police is satisfied that the premises are strong and safe and otherwise comply with the building code, the Chief shall issue the desired permit. The application form for the permit shall be prepared and furnished by the Chief of Police and shall be available in the Chief's Office.

(c) For each such permit issued as provided in this section, a fee shall be paid as follows:

(Code 1993, § 27-319; Code 2004, § 98-638; Code 2015, § 26-875; Ord. No. 2004-209-189, § 2, 7-12-2004)

Sec. 26-876. Certificate of occupancy or of zoning compliance to engage in business or occupation in building, structure or upon premises.

Every person desiring to obtain a license to engage in any business or profession, if such business or profession shall be conducted or engaged in within any building or structure or upon any premises or portion thereof, shall first obtain a certificate of occupancy, as required by the Virginia Uniform Statewide Building Code, or a certificate of zoning compliance, as required in Section 30-1020, in order to obtain any license to engage in a business or profession pursuant to this article.

(Code 1993, § 27-320; Code 2004, § 98-639; Code 2015, § 26-876)

Sec. 26-877. License tax year.

Each license tax year shall commence at the time when the license first becomes assessable and shall expire on December 31 of the calendar year when such license tax first becomes assessable. The license tax for vehicles shall expire on April 30.

(Code 1993, § 27-321; Code 2004, § 98-640; Code 2015, § 26-877)

Sec. 26-878. Refund of prepaid taxes for business ceasing to do business in City.

(a) When any person has procured and has paid for a license to engage in a business, trade, profession, occupation or calling within the City for a period of one year and, during such year, such person ceases to engage in the business, trade, profession, occupation or calling for which such license has been obtained, the person shall be entitled to a refund for that portion of the license tax already paid, prorated on a monthly basis so as to ensure that the license required is taxed only for that fraction of the year during which such licensed privilege was exercised within the City.

(b) The City shall remit any refund no later than the end of the fiscal year next following the fiscal year in which the taxes were paid for such licensed privilege.

(Code 1993, § 27-322; Code 2004, § 98-641; Code 2015, § 26-878)

State law reference—Similar provisions, Code of Virginia, § 58.1-3710.

Sec. 26-879. Use of decals before beginning of license tax year.

Decals issued for a succeeding license tax year may be used without penalty on and after the first day of the last month prior to the day such new license tax year begins.

(Code 1993, § 27-323; Code 2004, § 98-642; Code 2015, § 26-879)

Sec. 26-880. Beginners.

(a) Every person beginning a business, occupation or profession that is subject to a tax equal to an entry fee and a percentage of the gross receipts of the business shall estimate the amount of the gross receipts of the business that such person will receive between the date of beginning business and the end of the then-current license tax year. The license tax on every such person beginning business shall be a sum equal to the entry fee and the percentage of that estimate prescribed by the particular section of this article applicable to such business, occupation or profession.

(b) Every person whose business, occupation or profession is subject to a license fee or a tax equal to a percentage of the gross receipts of the business, occupation or profession and who was licensed for only a part of the next preceding license tax year shall estimate the amount of the gross receipts of the business, occupation or profession that such person will receive during the then-current license tax year, and the license tax on every such taxpayer shall be as provided in Section 26-871.

(c) Every person beginning a business, occupation or profession that is subject to a license fee or a tax equal a percentage of a basis other than gross receipts of the business shall estimate the amount of the applicable tax base for the period between the date of beginning business and the end of the then-current license tax year, and the tax for that year shall be as provided in Section 26-871.

(d) Every person whose business, occupation or profession is subject to a license fee or a tax equal to a percentage of a basis other than the gross receipts of the business and who was assessable for only a part of the then-next-preceding license tax year shall estimate the amount of the applicable tax base for the then-current license tax year, and the license tax on every such taxpayer shall be as provided in Section 26-871.

(e) Every estimate made in accordance with subsections (a) through (d) of this section shall be subject to correction by the Director of Finance at the close of the license tax year so that the final correct tax shall be computed upon the basis of the actual amount of the applicable tax base at the end of the license tax year.

(f) A penalty of ten percent shall be prescribed on any underestimated amount when the estimate by a taxpayer is less than 80 percent of the actual gross receipts or purchases, as applicable, for the first partial year and first complete calendar year of a taxpayer's new business. However, a taxpayer in the first or second year of business shall be entitled to adjust the amounts previously estimated for gross receipts or purchases and pay without penalty any resulting sums owed, if such payment is received no later than March 1 following the license year.

(Code 1993, § 27-324; Code 2004, § 98-643; Code 2015, § 26-880)

Sec. 26-881. Designation of place of business in license.

Every license to engage in any business, occupation or profession, unless expressly authorized elsewhere or otherwise by law, shall designate the place of such business, occupation or profession at some specified house or other definite place within the City. Engaging in any such business, occupation or profession elsewhere than at such house or definite place, unless expressly authorized elsewhere or otherwise by law, shall constitute a violation of this article. A license which does not specify such house or definite place shall be void. However, where the license required is such as to clearly show that the licensee does not have a special house or definite place of business in the City, the license shall designate the residence or place of business of the licensee wherever it may be. Further, any license issued under Sections 26-977, 26-978, 26-979, 26-981, 26-982 and 26-1008 need not designate any specified house or definite place of business.

(Code 1993, § 27-325; Code 2004, § 98-644; Code 2015, § 26-881)

Sec. 26-882. Persons engaged in more than one trade, business, occupation or profession.

Every person engaged in more than one business, occupation or profession in the City for which license taxes are prescribed by this article at more than one rate or at different entry fees shall be assessed with and shall pay the license tax prescribed for the respective businesses.

(Code 1993, § 27-326; Code 2004, § 98-645; Code 2015, § 26-882)

Sec. 26-883. Specific exclusions and deductions from gross receipts.

(a) *General rule.* Gross receipts for license tax purposes shall not include any amount not derived from the exercise of the licensed privilege to engage in a business or profession in the ordinary course of business or profession.

(b) *Exclusions from gross receipts.* The following items shall be excluded from gross receipts:

(1) Amounts received and paid to the United States, the Commonwealth or any county, city or town for the Commonwealth retail sales or use tax, for any local sales tax or any local excise tax on cigarettes, or for any Federal or State excise taxes on motor fuels.

(2) Any amount representing the liquidation of a debt or conversion of another asset to the extent that the amount is attributable to a transaction previously taxed (e.g., the factoring of accounts receivable created by sales which have been included in taxable receipts even though the creation of such debt and factoring are a regular part of its business).

(3) Any amount representing returns and allowances granted by the business to its customer.

(4) Receipts which are the proceeds of a loan transaction in which the licensee is the obligor.

(5) Receipts representing the return of principal of a loan transaction in which the licensee is the creditor or the return of principal or basis upon the sale of a capital asset.

(6) Rebates and discounts taken or received on account of purchases by the licensee. A rebate or other incentive offered to induce the recipient to purchase certain goods or services from a person other than the offeror and which the recipient assigns to the licensee in consideration of the sale of goods and services shall not be considered a rebate or discount to the licensee, but shall be included in the licensee's gross receipts together with any handling or other fees related to the incentive.

(7) Withdrawals from inventory for purposes other than sale or distribution and for which no consideration is received and the occasional sale or exchange of assets other than inventory, whether or not a gain or loss is recognized for Federal income tax purposes.

(8) Investment income not directly related to the privilege exercised by a licensable business not classified as rendering financial services. This exclusion shall apply to interest on bank accounts of the business and to interest, dividends and other income derived from the investment of the business' own funds in securities and other types of investments unrelated to the licensed privilege. This exclusion shall not apply to interest, late fees and similar income attributable to an installment sale or other transaction that

occurred in the regular course of business.

(9) Those receipts which are received by the taxpayer as an agent or fiduciary for the client to be remitted in full to a third party.

(10) Receipts deposited into an escrow account to be disbursed on behalf of the client to a third party.

(11) Receipts paid by a staffing firm to or for the benefit of any contract employee for the period of time that the contract employee is actually employed for the use of the client company pursuant to the terms of a PEO services contract or temporary help services contract. The taxable gross receipts of a staffing firm shall include any administrative fees received by such firm from a client company, whether on a fee-for-service basis or as a percentage of total receipts from the client company.

(12) Amounts collected by any provider of funeral services on behalf of and paid to another person providing goods or services in connection with a funeral. This exclusion shall apply if the goods or services were contracted for by the provider of funeral services or the provider's customer. A provider of funeral services claiming the exclusion shall identify on its license application each person to whom the excluded receipts have been paid and the amount of the excluded receipts paid by the provider of funeral services to such person.

(c) *Deductions from gross receipts or gross purchases.* The following shall be deducted from gross receipts or gross purchases that would otherwise be taxable:

(1) Any amount paid for computer hardware and software that are sold to a United States Federal or state government entity, provided that such property was purchased within two years of the sale to such entity by the original purchaser who shall have been contractually obligated at the time of purchase to resell such property to a State or Federal government entity. This exclusion deduction shall not occur until the time of resale and shall apply to only the original cost of the property and not to its resale price, and the exclusion deduction shall not apply to any of the tangible personal property which was the subject of the original resale contract if it is not resold to a State or Federal government entity in accordance with the original contract obligation.

(2) Any receipts attributable to business conducted in another state or foreign country in which the taxpayer (or its shareholders, partners or members in lieu of the taxpayer) is liable for an income or other tax based upon income.

(Code 1993, § 27-327; Code 2004, § 98-646; Code 2015, § 26-883)

State law reference—Exclusions, deductions from, and limitations on gross receipts, Code of Virginia, § 58.1-3732 et seq.

Sec. 26-884. Procedure for change in address of business.

When a person has obtained a license to carry on any business, occupation or profession at any definite place in the City and desires to move to any other place in the City and wishes the license to be altered accordingly, the Director shall make such alteration, unless there is an express provision elsewhere forbidding removal or alteration in the license.

(Code 1993, § 27-328; Code 2004, § 98-647; Code 2015, § 26-884)

Sec. 26-885. License tins or tags—Issuance; display.

(a) The Director of Finance shall provide tins or tags of such color and design as the Director may prescribe to evidence the payment of the license taxes for peddling and shall deliver the tins or tags to the Collector 15 days before the beginning of the license year. It shall be the duty of the Collector to deliver to every person engaged in peddling the proper tin or tag to evidence the payment of the license tax. The tin or tag shall be conspicuously displayed by the peddler.

(b) Vendor tins issued in accordance with this section that are lost or stolen during the license year for which they are valid may be replaced by the Director at a cost of $25.00 each, as provided in Section 6-483.

(c) The Chief Administrative Officer is authorized to enter into a contract with the State Department of Motor Vehicles for the collection of local motor vehicle license fees. Such contract shall be approved as to form by the City Attorney.

(Code 1993, § 27-329; Code 2004, § 98-648; Code 2015, § 26-885; Ord. No. 2004-360-330, § 1, 12-13-2004; Ord. No. 2005-224-219, § 1, 10-24-2005)

Sec. 26-886. License tins or tags—Fee for replacement when lost, etc.

For each renewal tin or tag where the original issued by the Collector has become lost or mutilated, the applicant shall pay to the Collector a fee of $1.00.

(Code 1993, § 27-330; Code 2004, § 98-649; Code 2015, § 26-886; Ord. No. 2005-224-219, § 1, 10-24-2005)

Sec. 26-887. License tins or tags—Loaning, renting, selling, assigning or transferring.

It shall be unlawful for any person to whom a tin or tag is issued upon the payment of any license tax prescribed in this article to give, loan, rent, sell, assign or transfer such tin or tag to another or to otherwise permit another to use in any manner such tin or tag during the license tax year for which it is issued.

(Code 1993, § 27-331; Code 2004, § 98-650; Code 2015, § 26-887; Ord. No. 2005-224-219, § 1, 10-24-2005)

Sec. 26-888. License tins or tags—Accounting for by City officers.

It shall be the duty of the Director of Finance to charge to and deliver to the Collector in bulk all tins and tags provided for in this article and to charge to the Collector all taxes, except such as returned delinquent as provided by law, assessed under this article. The Collector shall collect the license taxes and fees and charges prescribed for the issuance of all tins and tags and shall make daily settlements and statements to the Director of Finance for all money received on account of any of the taxes, fees or charges.

(Code 1993, § 27-332; Code 2004, § 98-651; Code 2015, § 26-888; Ord. No. 2005-224-219, § 1, 10-24-2005)

Sec. 26-889. Refund of unused portion of fees paid for decals.

(a) Any person who disposes of the vehicle for which the license fee has been paid and does not purchase another vehicle may request a refund for the unused portion of the fee paid for the decal.

(b) Effective January 1, 2006, no refunds of local license fees paid on or before December 31, 2005, will be issued for the license fee period of May 1, 2005 through April 30, 2006.

(c) For 2006 license fees and for all subsequent years, the Collector shall refund to the vehicle owner one-half of the license fee paid where the owner has disposed of the vehicle or the garage jurisdiction (i.e., the situs of the vehicle) is no longer the City according to the records maintained by the Virginia Department of Motor Vehicles at any time from January 1 through June 30 of each calendar year. However, where either the ownership of the vehicle or its situs changes after June 30 of each calendar year according to Virginia Department of Motor Vehicles records, no license fees paid by the owner shall be refunded.

(Code 1993, § 27-333; Code 2004, § 98-652; Code 2015, § 26-889; Ord. No. 2005-224-219, § 1, 10-24-2005; Ord. No. 2005-340-282, § 1, 12-12- 2005)

Sec. 26-890. Recordkeeping and audits.

(a) Every person who is assessable with a license tax shall keep sufficient records to enable the Director of Finance to verify the correctness of the tax paid for the license years assessable and to enable the Director of Finance to ascertain what is the correct amount of tax that was assessable for each of those years. All such records, books of accounts and other information shall be open to inspection and examination by the Director of Finance in order to allow the Director of Finance to establish whether a particular receipt is directly attributable to the taxable privilege exercised within this jurisdiction.

(b) The Director of Finance shall provide the taxpayer with the option to conduct the audit in the taxpayer's local business office, if the records are maintained there. If the records are maintained outside this jurisdiction, copies of the appropriate books and records shall be sent to the Office of the Director of Finance upon demand. Every person who fails to keep such books and records and to preserve them for at least seven years shall be assessed with and pay a penalty of up to $500.00.

(c) This penalty shall be assessed and collected in the same manner as license taxes generally are assessed and collected.

(Code 1993, § 27-334; Code 2004, § 98-653; Code 2015, § 26-890)

Sec. 26-891. Time of assessment and payment; penalties and interest; rates of interest.

(a) Except as otherwise provided, every license tax assessable under this article shall be assessable on the first day of the license tax year and shall be due and payable on the first day of the license tax year. The following penalty may be imposed upon the failure to file an application or the failure to pay the tax by the appropriate due date: ten percent of the tax, or $10.00, whichever is greater. In no case shall the penalty exceed the amount of the tax. Only the late payment penalty shall be imposed unless the assessing official determines that the taxpayer has a history of noncompliance. If an assessment of additional tax is made by the assessing official, if the application and, if applicable, the return were made in good faith and the understatement of the tax was not due to any fraud or reckless or intentional disregard of the law by the taxpayer, there shall be no late payment penalty assessed with the additional tax. If any assessment of tax by the assessing official is not paid within 30 days, the Treasurer or other collecting official may impose a ten percent late payment penalty. If the failure to file or pay was not the fault of the taxpayer, the penalties shall not be imposed, or if imposed, shall be abated by the official who assessed them. In order to demonstrate lack of fault, the taxpayer must show that he acted responsibly and that the failure was due to events beyond his control.

(b) Interest shall be charged on the late payment of the tax from the due date until the date paid without regard to fault or other reason for the late payment at the rate allowed by Code of Virginia, § 58.1-3916. Whenever an assessment of additional or omitted tax by the assessing official is found to be erroneous, all interest and penalty charged and collected on the amount of the assessment found to be erroneous shall be refunded, together with interest on the refund from the date of payment or the due date, whichever is later. Interest shall be paid on the refund of any tax paid under this article from the date of payment or due date, whichever is later, whether attributable to an amended return or other reason. Interest on any refund shall be paid at the same rate charged under Code of Virginia, § 58.1-3916.

(c) No interest shall accrue on an adjustment of estimated tax liability to actual liability at the conclusion of a base year, provided the additional taxes are remitted by March 1 of the tax year following the tax year for which the taxes were originally estimated.

(d) No interest shall be paid on a refund or charged on a late payment, if such adjustment occurs, provided the refund or the late payment is made not more than 30 days from the date of the payment that created the refund or the due date of the tax, whichever is later.

(e) Every person beginning business shall pay the license tax at once. If such license tax is not paid within 30 days from the beginning of business, the license tax shall be subject to penalty and interest, as prescribed in this section, from the 31st day after the date of beginning business until the date of payment.

(f) If any assessment of tax by the assessing official is not paid within 30 days, the Collector may impose a ten percent late payment penalty. The penalties shall not be imposed or if imposed shall be abated by the official who assessed them, if the failure to file or pay was not the fault of the taxpayer. In order to demonstrate lack of fault, the taxpayer must show that the taxpayer acted responsibly and that the failure was due to events beyond the taxpayer's control.

(g) The Director of Finance may grant an extension of time in which to file an application for a license, for reasonable cause. The extension may be conditioned upon the timely payment of a reasonable estimate of the appropriate tax. The tax is then subject to adjustment to the correct tax at the end of the extension, together with interest from the due date until the date paid and, if the estimate submitted with the extension is found to be unreasonable under the circumstances, with a penalty of ten percent of the portion paid after the due date.

(Code 1993, § 27-335; Code 2004, § 98-654; Code 2015, § 26-891)

Sec. 26-892. Penalties not applicable to motor vehicles or wagons.

The penalty of ten percent provided for by Section 26-891 on the license taxes assessable under this article shall not be applicable to the license tax prescribed for the operation of motor vehicles on the City streets, nor shall it be applicable to any license tax prescribed for the operation of any wagon on the City streets.

(Code 1993, § 27-337; Code 2004, § 98-656; Code 2015, § 26-893)

Editor's note—Ord. No. 2018-271, § 1, adopted Nov. 13, 2018, repealed former § 26-892, which pertained to installment payments and derived from Code 1993, § 27-336; Code 2004, § 98-655.

Sec. 26-893. Closing of business not to prevent payment of tax for full year.

Nothing in Sections 26-889 through 26-892 shall relieve any taxpayer from the liability for the license tax for the entire license tax year, including any unpaid installment, even though the business, occupation or profession is abandoned or closed for any reason at any time during the license tax year.

(Code 1993, § 27-338; Code 2004, § 98-657; Code 2015, § 26-894)

Sec. 26-894. Liability for additional interest not to extend time for payment.

Nothing contained in Sections 26-889 through 26-893 as to liability for additional interest on assessments shall be construed as extending the time for payment of such assessments or prevent prosecutions under Section 26-895 for nonpayment thereof.

(Code 1993, § 27-339; Code 2004, § 98-658; Code 2015, § 26-895)

Sec. 26-895. Penalty for failure to obtain license.

(a) Every person practicing or engaging in a trade, business, occupation or profession in the City without a license assessable under this article or without paying the entire amount of license taxes assessed plus penalty and interest when due, as provided in Sections 26-891 through 26-894, or having a taxable slot machine in any place in the City without a license shall be guilty of a Class 1 misdemeanor. Nothing contained in this section shall be construed to relieve the Collector from the duty imposed by law of collecting the amount due by any person on account of the license taxes prescribed by levying or distraining therefor or otherwise.

(b) A prosecution or conviction for the violation of this section shall not relieve a taxpayer from the liability for the payment of interest upon any assessment against such taxpayer from the date of such assessment if the assessment is not paid within 30 days from the date of such assessment, as provided in Section 26-900.

(Code 1993, § 27-340; Code 2004, § 98-659; Code 2015, § 26-896)

Sec. 26-896. Penalty for violations other than failure to pay tax or obtain license.

Every person failing to make any return required to be made by this article; making any false or incorrect return required to be made by this article; interfering with the Director in the discharge of duties under this article; or violating any other clause, sentence, paragraph, subsection, section or provision of this article, except the payment of the license taxes prescribed and obtaining the licenses required, shall be guilty of a Class 1 misdemeanor.

(Code 1993, § 27-341; Code 2004, § 98-660; Code 2015, § 26-897)

Sec. 26-897. Procedure for incorrect returns.

In any case, except where otherwise provided in this article, in which the Director or any other tax assessing or tax collecting officer of the City has reason to believe that the return or statement filed with the Director of Finance is incorrect, such officer shall cause an investigation of the taxpayer's books and records to be made and shall ascertain whether the taxpayer has made a true and correct return or statement. To that end, every such officer is expressly authorized and empowered, when necessary, to summon any taxpayer and require the production of all such person's books and papers which the officer has reasonable cause to believe will throw any light upon the matter under investigation and shall also be authorized and empowered to make other and further investigation and examination as the officer may deem proper in order to accurately determine the proper return or statement to be made by any taxpayer.

(Code 1993, § 27-342; Code 2004, § 98-661; Code 2015, § 26-898)

Sec. 26-898. Estimate of taxes upon failure to file returns.

Whenever any person required under this article to file a return or statement with the Director of Finance shall fail or refuse to file such return or statement with the Director, the Director shall make an estimate of the amount of taxes due the City by such person from the best information available and shall assess the taxes on the basis of that information.

(Code 1993, § 27-343; Code 2004, § 98-662; Code 2015, § 26-899)

Sec. 26-899. Assessment of additional license taxes.

If the Director of Finance or other assessing officer ascertains that any person has been regularly assessed with a license tax levied in this article for any license tax year of the three license tax years last past or for the then-current license tax year, but that upon a correct audit and computation of the license tax the assessment thereof should have been in an increased amount, and the assessment of the license tax in the lesser amount was not due to the fraudulent intent or intent to evade taxes on the part of the person, the Director of Finance or other assessing officer shall assess the taxpayer with the additional license taxes found to be due, without any penalty or interest. If the assessment of the additional tax is not paid into the City treasury on the date of assessment, interest at the rate set forth in Section 26-431 shall accrue thereon from the date of such assessment until payment. The Collector shall collect such interest along with the tax and in the same manner as the tax may be collected.

(Code 1993, § 27-344; Code 2004, § 98-663; Code 2015, § 26-900; Ord. No. 2011-5-4, § 1, 1-24-2011)

Sec. 26-900. Omitted assessments.

If the Director of Finance or other assessing officer ascertains that any person has not been assessed with a license tax levied in this article for any license tax year of the three license tax years last past or for the then-current license tax year, it shall be the duty of the Director of Finance or other assessing officer to assess the person with the proper license tax for the years so omitted, adding thereto the penalty of ten percent of the license tax and interest on the tax and penalty at the rate set forth in Section 26-431 from the first day of the license tax year for which the assessment is made to the date of payment.

(Code 1993, § 27-345; Code 2004, § 98-664; Code 2015, § 26-901; Ord. No. 2011-5-4, § 1, 1-24-2011)

State law reference—Similar provisions, Code of Virginia, § 58.1-3903.

Sec. 26-901. Erroneous assessments; refunds and exoneration from payment.

(a) In accordance with Code of Virginia, § 58.1-3990, the Director is authorized to refund any local levies or classes of levies of local license taxes erroneously paid, provided such Director is satisfied that any applicant for refund of such taxes has been assessed with local levies of license taxes, as provided in Code of Virginia, §§ 58.1-3980 and 58.1-3981, and such assessment has been erroneously made by an official authorized to make such assessments. Upon such satisfaction that an assessment or portion thereof is erroneous, the amount erroneously assessed shall be certified. If the levy has not been paid, with approval of the Director of Finance and the City Attorney, the applicant shall be exonerated from payment of so much of the levy as is erroneous; if such levy of license taxes has been paid, with the approval of the Director of Finance and the City Attorney, the applicant shall be refunded the amount erroneously paid, together with any penalties and interest paid thereon.

(b) In no event shall a refund be made unless application therefor is made within three years after the last day of the tax year for which the license tax was assessed or one year from the date of the assessment, whichever is later.

(Code 1993, § 27-346; Code 2004, § 98-665; Code 2015, § 26-902)

Sec. 26-902. Powers and duties of Director or designee.

(a) The Director of Finance shall designate such persons in the Department of Finance as deemed necessary and proper, who shall at all times be under the supervision and control of the Director of Finance. These designees shall ascertain the name of each person engaged in conducting any business, occupation or profession in the City without having obtained a license therefor; the name of each person operating or causing to be operated on the City streets a vehicle without having obtained a license therefor; and the name of each person having a slot machine in any place mentioned in this article without having obtained a license therefor. These designees may have a summons or warrant of arrest issued for any such person charging such person with a violation of such summons. When, in the presence of any police officer, any person conducts any business, occupation or profession or operates any vehicle upon the streets or has a slot machine in the person's possession or under the person's control without a license required by this article, the officer may arrest such person and take such person before the nearest and most accessible magistrate.

(b) The Director or designee shall have the power to prescribe such forms as deemed necessary for an efficient administration of this article with respect to license taxes and may require taxpayers to complete and file such forms in such manner as the Director or designee may determine.

(Code 1993, § 27-347; Code 2004, § 98-666; Code 2015, § 26-903)

Sec. 26-903. Payment by mail.

Whenever the payment of any City license tax is required by law to be made to the Collector on or before a given day to avoid a penalty, the receipt by the Collector of a remittance in the mail bearing a postmark on or before 12:00 midnight of the day on or before which the payment is required to be made without penalty shall constitute a payment to the same extent that would have been accomplished had such remittance been delivered in person to the Collector before the close of business of the last day when such payment otherwise could have been made without penalty, even though such remittance is not delivered to the Collector until some time after the last day on which such payment otherwise could have been made without penalty. Whenever the last day upon which any City tax may be paid without penalty falls on Saturday, Sunday or a legal holiday, such payment may be made without penalty on the next succeeding business day.

(Code 1993, § 27-348; Code 2004, § 98-667; Code 2015, § 26-904)

Sec. 26-904. Limitations, extensions, appeals and rulings.

(a) *Administrative appeals to Director of Finance.*

(1) *Definitions.* For purposes of this section:

Amount in dispute, when used with respect to taxes due or assessed, means the amount specifically identified in the administrative appeal or application for judicial review as disputed by the party filing such appeal or application.

Appealable event means an increase in the assessment of a license tax payable by a taxpayer, the denial of a refund, or the assessment of a license tax where none previously was assessed, arising out of the Director of Finance's (i) examination of records, financial statements, books of account, or other information for the purpose of determining the correctness of an assessment; (ii) determination regarding the rate or classification applicable to the licensable business; (iii) assessment of a license tax when no return has been filed by the taxpayer; or (iv) denial of an application for correction of erroneous assessment attendant to the filing of an amended application for license. An appealable event shall include a taxpayer's appeal of the classification applicable to a business, including whether the business properly falls within a business license subclassification established by the City, regardless of whether the taxpayer's appeal is in conjunction with an assessment, examination, audit, or any other action taken by the City.

Frivolous means a finding, based on specific facts, that the party asserting the appeal is unlikely to prevail upon the merits because the appeal is (i) not well grounded in fact; (ii) not warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law; (iii) interposed for an improper purpose, such as to harass, to cause unnecessary delay in the payment of tax or a refund, or to create needless cost from the litigation; or (iv) otherwise frivolous.

Jeopardized by delay means a finding, based upon specific facts, that a taxpayer designs to (i) depart quickly from the City; (ii) remove his property therefrom; (iii) conceal himself or his property therein; or (iv) do any other act tending to prejudice, or to render wholly or partially ineffectual, proceedings to collect the tax for the period in question.

(2) *Filing and contents of administrative appeal.*

a. Any person assessed with a license tax as a result of an appealable event as defined in this section may file an administrative appeal of the assessment within one year from the last day of the tax year for which such assessment is made, or within one year from the date of the appealable event, whichever is later, with the Director of Finance. The appeal must be filed in good faith and sufficiently identify the taxpayer, the tax periods covered by the challenged assessments, the amount in dispute, the remedy sought, each alleged error in the assessment, the grounds upon which the taxpayer relies, and any other facts relevant to the taxpayer's contention. The Director of Finance may hold a conference with the taxpayer if requested by the taxpayer, or require submission of additional information and documents, an audit or further audit, or other evidence deemed necessary for a proper and equitable determination of the appeal. The assessment placed at issue in

the appeal shall be deemed prima facie correct. The Director of Finance shall undertake a full review of the taxpayer's claims and issue a written determination to the taxpayer setting forth the facts and arguments in support of his decision.

b. The taxpayer may at any time also file an administrative appeal of the classification applicable to the taxpayer's business, including whether the business properly falls within a business license subclassification established by the City. However, the appeal of the classification of the business shall not apply to any license year for which the Tax Commissioner has previously issued a final determination relating to any license fee or license tax imposed upon the taxpayer's business for the year. In addition, any appeal of the classification of a business shall in no way affect or change any limitations period prescribed by law for appealing an assessment.

(3) *Notice of right of appeal and procedures.* Every assessment made by the Director of Finance pursuant to an appealable event shall include or be accompanied by a written explanation of the taxpayer's right to file an administrative appeal and the specific procedures to be followed in the jurisdiction, the name and address to which the appeal should be directed, an explanation of the required content of the appeal, and the deadline for filing the appeal.

(4) *Suspension of collection activity during appeal.* Provided a timely and complete administrative appeal is filed, collection activity with respect to the amount in dispute relating to any assessment by the Director of Finance shall be suspended until a final determination is issued by the Director of Finance, unless the Treasurer or other official responsible for the collection of such tax (i) determines that collection would be jeopardized by delay as defined in this section; (ii) is advised by the Director of Finance that the taxpayer has not responded to a request for relevant information after a reasonable time; or (iii) is advised by the Director of Finance that the appeal is frivolous as defined in this section. Interest shall accrue in accordance with the provisions of Section 26-891, but no further penalty shall be imposed while collection action is suspended.

(5) *Procedure in event of nondecision.* Any taxpayer whose administrative appeal to the Director of Finance has been pending for more than one year without the issuance of a final determination may, upon not less than 30 days' written notice to the assessing official, elect to treat the appeal as denied and appeal the assessment or classification of the taxpayer's business to the Tax Commissioner in accordance with the provisions of subsection (b) of this section. The Tax Commissioner shall not consider an appeal filed pursuant to the provisions of this subsection if he finds that the absence of a final determination on the part of the Director of Finance was caused by the willful failure or refusal of the taxpayer to provide information requested and reasonably needed by the Director of Finance to make his determination.

(b) *Administrative appeal to the Tax Commissioner.*

(1) Any person assessed with a license tax as a result of a determination or that has received a determination with regard to the person's appeal of the license classification or subclassification applicable to the person's business, upon an administrative appeal to the Director of Finance pursuant to subsection (a) of this section, that is adverse to the position asserted by the taxpayer in such appeal may appeal such assessment or determination to the Tax Commissioner within 90 days of the date of the determination by the Director of Finance. The appeal shall be in such form as the Tax Commissioner may prescribe and the taxpayer shall serve a copy of the appeal upon the Director of Finance. The Tax Commissioner shall permit the Director of Finance to participate in the proceedings, and shall issue a determination to the taxpayer within 90 days of receipt of the taxpayer's application, unless the taxpayer and the Director of Finance are notified that a longer period will be required. The appeal shall proceed in the same manner as an application pursuant to Code of Virginia, § 58.1-1821, and the Tax Commissioner pursuant to Code of Virginia, § 58.1-1822 may issue an order correcting such assessment or correcting the license classification or subclassification of the business and the related license tax or fee liability.

(2) *Suspension of collection activity during appeal.* On receipt of a notice of intent to file an appeal to the Tax Commissioner under subsection (b)(1) of this section, collection activity with respect to the amount in dispute relating to any assessment by the Director of Finance shall be suspended until a final determination is issued by the Tax Commissioner, unless the Treasurer or other official responsible for

the collection of such tax (i) determines that collection would be jeopardized by delay as defined in this section; (ii) is advised by the Director of Finance or the Tax Commissioner, that the taxpayer has not responded to a request for relevant information after a reasonable time; or (iii) is advised by the Director of Finance that the appeal is frivolous as defined in this section. Interest shall accrue in accordance with the provisions of Section 26-891, but no further penalty shall be imposed while collection action is suspended. The requirement that collection activity be suspended shall cease unless an appeal pursuant to subsection (b)(1) of this section is filed and served on the necessary parties within 30 days of the service of notice of intent to file such appeal.

(3) *Implementation of determination of Tax Commissioner.* Promptly upon receipt of the final determination of the Tax Commissioner with respect to an appeal pursuant to subsection (b)(1) of this section, the Director of Finance shall take those steps necessary to calculate the amount of tax owed by or refund due to the taxpayer consistent with the Tax Commissioner's determination and shall provide that information to the taxpayer and to the Treasurer or other official responsible for collection in accordance with the provisions of this subsection.

a. If the determination of the Tax Commissioner sets forth a specific amount of tax due, the Director of Finance shall certify the amount to the Treasurer or other official responsible for collection, and the Treasurer or other official responsible for collection shall issue a bill to the taxpayer for such amount due, together with interest accrued and penalty, if any is authorized by this section, within 30 days of the date of the determination of the Tax Commissioner.

b. If the determination of the Tax Commissioner sets forth a specific amount of refund due, the Director of Finance shall certify the amount to the Treasurer or other official responsible for collection, and the Treasurer or other official responsible for collection shall issue a payment to the taxpayer for such amount due, together with interest accrued pursuant to this section, within 30 days of the date of the determination of the Tax Commissioner.

c. If the determination of the Tax Commissioner does not set forth a specific amount of tax due, or otherwise requires the Director of Finance to undertake a new or revised assessment that will result in an obligation to pay a tax that has not previously been paid in full, the Director of Finance shall promptly commence the steps necessary to undertake such new or revised assessment, and provide the same to the taxpayer within 60 days of the date of the determination of the Tax Commissioner, or within 60 days after receipt from the taxpayer of any additional information requested or reasonably required under the determination of the Tax Commissioner, whichever is later. The Director of Finance shall certify the new assessment to the Treasurer or other official responsible for collection, and the Treasurer or other official responsible for collection shall issue a bill to the taxpayer for the amount due, together with interest accrued and penalty, if any is authorized by this section, within 30 days of the date of the new assessment.

d. If the determination of the Tax Commissioner does not set forth a specific amount of refund due, or otherwise requires the Director of Finance to undertake a new or revised assessment that will result in an obligation on the part of the City to make a refund of taxes previously paid, the Director of Finance shall promptly commence the steps necessary to undertake such new or revised assessment or to determine the amount of refund due in the case of a correction to the license classification or subclassification of the business, and provide the same to the taxpayer within 60 days of the date of the determination of the Tax Commissioner, or within 60 days after receipt from the taxpayer of any additional information requested or reasonably required under the determination of the Tax Commissioner, whichever is later. The Director of Finance shall certify the new assessment or refund amount to the Treasurer or other official responsible for collection, and the Treasurer or other official responsible for collection shall issue a refund to the taxpayer for the amount of tax due, together with interest accrued, within 30 days of the date of the new assessment or determination of the amount of the refund.

(c) *Judicial review of determination of Tax Commissioner.*

(1) *Judicial review.* Following the issuance of a final determination of the Tax Commissioner pursuant to subsection (b)(1) of this section, the taxpayer or Director of Finance may apply to the appropriate circuit court for judicial review of the determination, or any part thereof, pursuant to Code of Virginia, § 58.1-3984. In any such proceeding for judicial review of a determination of the Tax Commissioner, the burden shall be on the party challenging the determination of the Tax Commissioner, or any part thereof, to show that the ruling of the Tax Commissioner is erroneous with respect to the part challenged. Neither the Tax Commissioner nor the Department of Taxation shall be made a party to an application to correct an assessment merely because the Tax Commissioner has ruled on it.

(2) *Suspension of payment of disputed amount of tax due upon taxpayer's notice of intent to initiate judicial review.*

a. On receipt of a notice of intent to file an application for judicial review, pursuant to Code of Virginia, § 58.1-3984, of a determination of the Tax Commissioner pursuant to subsection (b)(1) of this section, and upon payment of the amount of the tax relating to any assessment by the Director of Finance that is not in dispute together with any penalty and interest then due with respect to such undisputed portion of the tax, the Treasurer or other collection official shall further suspend collection activity while the court retains jurisdiction unless the court, upon appropriate motion after notice and an opportunity to be heard, determines that (i) the taxpayer's application for judicial review is frivolous, as defined in this section; (ii) collection would be jeopardized by delay, as defined in this section; or (iii) suspension of collection would cause substantial economic hardship to the City. For purposes of determining whether substantial economic hardship to the City would arise from a suspension of collection activity, the court shall consider the cumulative effect of then-pending appeals filed within the City by different taxpayers that allege common claims or theories of relief.

b. Upon a determination that the appeal is frivolous, that collection may be jeopardized by delay, or that suspension of collection would result in substantial economic hardship to the City, the court may require the taxpayer to pay the amount in dispute or a portion thereof, or to provide surety for payment of the amount in dispute in a form acceptable to the court.

c. No suspension of collection activity shall be required if the application for judicial review fails to identify with particularity the amount in dispute or the application does not relate to any assessment by the Director of Finance.

d. The requirement that collection activity be suspended shall cease unless an application for judicial review pursuant to Code of Virginia, § 58.1-3984 is filed and served on the necessary parties within 30 days of the service of the notice of intent to file such application.

e. The suspension of collection activity authorized by this subsection (2) shall not be applicable to any appeal of a license tax that is initiated by the direct filing of an action pursuant to Code of Virginia, § 58.1-3984 without prior exhaustion of the appeals provided by subsections (a) and (b) of this section.

(3) *Suspension of payment of disputed amount of refund due upon City's notice of intent to initiate judicial review.*

a. Payment of any refund determined to be due pursuant to the determination of the Tax Commissioner of an appeal pursuant to subsection (b)(1) of this section shall be suspended if the City upon the taxpayer, within 60 days of the date of the determination of the Tax Commissioner, a notice of intent to file an application for judicial review of the Tax Commissioner's determination pursuant to Code of Virginia, § 58.1-3984 and pays the amount of the refund not in dispute, including tax and accrued interest. Payment of such refund shall remain suspended while the court retains jurisdiction unless the court, upon appropriate motion after notice and an opportunity to be heard, determines that the City's application for judicial review is frivolous, as defined in this section.

b. No suspension of refund activity shall be permitted if the City's application for judicial review fails to identify with particularity the amount in dispute.

c. The suspension of the obligation to make a refund shall cease unless an application for judicial review pursuant to Code of Virginia, § 58.1-3984 is filed and served on the necessary parties within 30 days of the service of the notice of intent to file such application.

(4) *Accrual of interest on unpaid amount of tax.* Interest shall accrue in accordance with the provisions of Section 26-891, but no further penalty shall be imposed while collection action is suspended.

(d) *Rulings.*

(1) Any taxpayer or authorized representative of a taxpayer may request a written ruling regarding the application of a license tax to a specific situation from the Director of Finance. Any person requesting such a ruling must provide all facts relevant to the situation placed at issue and may present a rationale for the basis of an interpretation of the law most favorable to the taxpayer. In addition, the taxpayer or authorized representative may request a written ruling with regard to the classification applicable to the taxpayer's business, including whether the business properly falls within a business license subclassification established by the City.

(2) Any misrepresentation or change in the applicable law or the factual situation as presented in the ruling request shall invalidate any such ruling issued. A written ruling may be revoked or amended prospectively if (i) there is a change in the law, a court decision, or the guidelines issued by the Department of Taxation upon which the ruling was based or (ii) the Director of Finance notifies the taxpayer of a change in the policy or interpretation upon which the ruling was based. However, any person who acts on a written ruling which later becomes invalid shall be deemed to have acted in good faith during the period in which such ruling was in effect.

DIVISION 2. SCHEDULE AND GENERAL REGULATIONS APPLICABLE TO CERTAIN BUSINESSES*

***State law reference—**General limitations on rate of license taxes, Code of Virginia, § 58.1-3706.

Sec. 26-929. Advertising—Vehicles carrying sound devices on streets.

(a) No person shall operate or cause to be operated on the City streets a motor vehicle or other moving vehicle on which is situated any mechanical loudspeaker or amplifier as described in Section 11-29 without obtaining a license and paying a license tax therefor. For each such vehicle owned by any person whose bona fide residence or place of business is located in the City, the annual license tax shall be $300.00.

(b) For each such vehicle owned by any person whose bona fide residence or place of business is not located in the City, the license tax shall be $15.00 for each day such vehicle is so operated on the City streets.

(c) Every person whose bona fide residence or place of business is in the City shall have the privilege of procuring a license on a daily basis, as often as such person may desire, and upon the exercise of that privilege the person shall pay a license tax of $15.00 for each day such vehicle is so operated on the City streets.

(d) This section shall not be construed to permit the operation of such vehicles upon the City streets without the payment of the license tax on such vehicles provided for elsewhere in this chapter, nor shall this section be construed to permit the operation of such vehicles upon the City streets for commercial purposes or in any manner contrary to any other law.

(Code 1993, § 27-369; Code 2004, § 98-701; Code 2015, § 26-929; Ord. No. 2011-119-140, § 3, 7-25-2011)

Sec. 26-930. Advertising—Wall and bulletin sign painters, billposters and electric advertising sign business.

(a) Every person engaged in the business of wall or bulletin sign painting or billposting or in the electric advertising sign business, whether on signs or devices erected or maintained by the licensee or not, if the number of such signs and devices do not exceed five shall pay a license tax of $150.00, and if the number of such signs and devices exceeds five, shall pay a license tax of $600.00.

(b) The person making application for a license under this section shall execute a bond with corporate surety

in the penalty of $5,000.00, payable to the City, in a form satisfactory to the City Attorney. The bond shall be conditioned that such person will indemnify and save harmless the City and all other persons from any and all damages to the City and to all other persons and property directly or indirectly resulting from the erection or maintenance of any signs, billboards or other advertising devices or in the conduct of the business, and that such applicant will comply with this section and all laws and ordinances concerning the conduct of the business. The bond shall provide for such indemnity thereunder. The bond, when approved by the City Attorney, shall be filed with the Director of Finance.

(c) Every person conducting the business taxed under this section shall have the name of such person plainly painted or imprinted upon every sign, billboard or other advertising device erected or maintained by such person in such manner as to be plainly discernible from the street.

(d) No advertising sign shall be tacked on any tree, fence, barricade, building or other structure in the City streets or on the property lines under any license under this section.

(e) Nothing in this section shall be construed to require a license tax of any person in the City for advertising such person's own goods or merchandise manufactured in this City and displayed upon such person's own property or upon property leased by such person.

Sec. 26-931. Advertising agents.

(a) Every person engaged in the business of an advertising agent or agency shall pay a license fee of $30.00 or a license tax equal to $0.36 per $100.00 of the gross receipts of the business, as provided in Section 26-871.

(b) For the purposes of this section, gross receipts will be as defined in Section 26-872, but excluding amounts paid by the licensee for any customer for the following:

(1) Advertising space.

(2) Radio or television time.

(3) Electric transcriptions.

(4) Pressings.

(5) Artwork.

(6) Engraving.

(7) Plats, mats, printing or printing stock.

(8) Postage.

Sec. 26-932. Protective agents.

Every person engaged in the business of acting as a protective agent or agency and in connection therewith transporting money, bank notes, bills, checks, securities or other valuable property shall pay a license fee of $30.00 or a license tax to $0.36 per $100.00 of the gross receipts of the business, as provided in Section 26-871.

(Code 1993, § 27-372; Code 2004, § 98-704; Code 2015, § 26-932)

Sec. 26-933. Real estate agents, brokers, developers and subdividers.

(a) Except as provided in Code of Virginia, § 58.1-3732.2, every person engaged in the business of a real estate agent, a real estate broker, a real estate developer or a subdivider of real estate in the City and having an office or place of business in the City shall pay a license fee of $30.00 or a license tax equal to $0.58 per $100.00 of the gross receipts of the business, as provided in Section 26-871, but excluding commissions on insurance premiums. However, real estate agents whose receipts have been derived from real estate brokers shall not be subject to a business license.

(b) The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Developer means one who improves and converts a tract of land into an area suitable for residential or business uses. The developer may perform or have performed some or all of the following functions: testing, design, construction, supervision, financing, marketing, etc.

Gross receipts means all earnings, fees, commissions, etc., arising from or growing out of the conduct of the business of a real estate agent, real estate broker, real estate developer or real estate subdivider. Gross receipts shall exclude commissions on insurance premiums and noncommission revenue derived from the sale of a real estate agent's or real estate broker's real property, unless the real estate agent or real estate broker also acts as the developer or subdivider, as defined in this subsection, of such property. Gross receipts of real estate developers and subdividers of real estate shall exclude the cost of land.

Subdivider means one who converts one parcel or tract of land into three or more lots, tracts or parcels of land for the purpose, whether immediate or in the future, or transferring ownership of one or more of such lots, tracts or parcels of land or for the purpose of the erection of buildings or other structures on any one or more of such lots, tracts or parcels of land.

(a) The terms "alcoholic beverages," "alcohol," "spirits," "beer" and "wine," wherever used or referred to in this section or Sections 26-935 through 26-939, shall be as defined in Section 26-872.

(b) Each person who shall engage in the business of bottling, wholesaling or retailing alcoholic beverages shall obtain the license prescribed and shall pay the taxes applicable to the prescribed license.

(c) Alcoholic beverages shall be included in the basis for measuring the wholesale or retail merchant and restaurant license taxes, as prescribed in Sections 26-967 and 26-972, the same as if the alcoholic beverages were nonalcoholic. The license taxes prescribed in Sections 26-967 and 26-972 shall be in addition to the alcoholic beverage license taxes levied in Sections 26-935 through 26-938. No alcoholic beverage taxes levied under Sections 26-935 through 26-939 shall be construed as exempting any licensee from the wholesale or retail merchant and restaurant license taxes prescribed in Sections 26-967 and 26-972.

Sec. 26-938. Alcoholic beverages—Persons holding mixed beverage license issued by State.

(a) Every person holding a mixed beverage license issued by the State Alcoholic Beverage Control Board shall pay an annual license tax as follows:

(1)	Persons operating restaurants, including restaurants located on the premises of and operated by hotels or motels, and with a seating capacity as indicated:		
	a.	Up to 100 persons	$200.00
	b.	101--150 persons	$350.00
	c.	More than 150 persons	$500.00
(2)	A private nonprofit club operating a restaurant located on the premises of such club		$350.00

(b) Taxes levied under this section shall be in addition to those levied in Section 26-937. Each license issued pursuant to this section shall designate the place where the business of the licensee will be conducted, and a separate license shall be required for each separate place of business. No license issued pursuant to this section shall be assigned or transferred, but may be amended to show a change in the place of business.

Sec. 26-940. Amusements—Parks, gardens or buildings.

(a) Every person owning or operating an amusement park, garden or building devoted to general amusement and entertainment and which is open to the public for at least three consecutive months during each year shall pay a license fee of $30.00 or a license tax equal to $0.36 per $100.00 of the gross receipts of the business, as provided in Section 26-871. A permit from the Chief of Police is required under Section 26-875 before a license will be issued.

(b) Every person owning or operating an amusement park, garden or building devoted to general amusement and entertainment and which is not open to the public for at least three consecutive months during each year shall pay a license tax for the first week amounting to $450.00 and for each additional week an additional license tax of $525.00. A permit from the Chief of Police is required under Section 26-875 before a license will be issued.

(c) Any license issued under this section shall permit the holder thereof to conduct in the amusement park, garden or building shows such as revues, musical or dancing shows or similar exhibitions; sideshows; moving picture shows; Ferris wheels; toboggan slides; switchbacks; collections of coin-in-the-slot machines; strength testers; ball throwing; ring or can games; baby, knife or cane racks; shooting galleries; merry-go-rounds; hobby horses or carousels.

Sec. 26-942. Amusements—Billiard, pool and bagatelle parlors.

(a) Every person who shall keep or operate a place wherein there is a table at which billiards, pool or bagatelle are played shall be deemed to keep a billiard room and shall pay a license fee of $30.00 or a license tax equal to $0.36 per $100.00 of the gross receipts of the business, as provided in Section 26-871.

(b) This section shall not apply to business establishments or clubs in which not more than three coin-operated tables at which billiards, pool or bagatelle are played and where the keeping of such billiard, pool or bagatelle tables is incidental to the operation of the business establishment or club.

(c) Every person required to be licensed under this section to conduct, manage or operate any billiard room within the City shall follow the following procedure:

(1) Apply, in writing, to the Circuit Court of the City or a judge thereof in vacation and the Chief of Police, setting forth the following:

a. The place at which such business shall be conducted.

b. The name and residence of the person proposing to conduct, manage or operate the business and

that such person is fit to conduct the business.

(2) The court or judge and the Chief of Police shall render an opinion, following an investigation, that the place is suitable and the person is fit to conduct, manage or operate the business and that such person will conform to all of the requirements made by law concerning the conduct of billiard rooms.

(3) The court or judge and the Chief of Police shall issue a certificate of those facts for presentation to the Director of Finance by the applicant.

(4) The license taxes indicated in subsection (a) of this section will be assessed, and upon payment to the Collector such person shall be issued a license to conduct, manage or operate the business at the place mentioned in the application.

(d) Every person obtaining a license to operate a billiard room within the City shall operate such establishment only during the hours and in the manner as authorized pursuant to Chapter 3, Article III.

(e) It shall be unlawful for any person to bet or participate in unlawful gaming in any such billiard room, and it shall be unlawful for any proprietor or person in charge of any such room to permit or suffer betting or unlawful gaming of any kind whatsoever to occur therein. For any violation of this subsection, the license of the person conducting the billiard room shall be revoked, provided that such violation is with the knowledge or consent of the proprietor or of the person in charge. Both the person guilty of betting or unlawful gaming and the person conducting the room shall be liable to the penalty imposed for violating this article.

Sec. 26-948. Auctioneers—Generally.

(a) A person licensed as an auctioneer may sell by auction any property not prohibited by law, as provided in this section.

(b) An auctioneer may conclude the sale of anything such auctioneer is authorized to sell, grant a certificate

or other evidence of sale, and receive the money. However, no auctioneer shall authorize or permit any person to sell any property under and by virtue of the auctioneer's license, unless the person so authorized or permitted is actually and bona fide in the employment of such auctioneer and is actually and bona fide a resident of the City and the commissions on such sale are actually and bona fide for the benefit of such auctioneer.

(c) No license shall be construed to authorize the person to whom it is issued to sell at more than one regular establishment. However, an auctioneer may sell anywhere in the City public stocks, furniture on ships or vessels, on the premises where such may be or at the exchange or the store of a regular licensed merchant declining business, or goods in the original form and packages as imported or bulky articles, such as have been usually sold in warehouses or in the public streets or on the wharves or at such other places in the City, as shall be desired by the owner or importer of such bulky articles or imported goods.

(d) An auctioneer, other than a livestock auctioneer, shall pay a licensee fee of $30.00 or a license tax equal to $0.36 per $100.00 of the gross amount of sales of the business, as provided in Section 26-871.

(Code 1993, § 27-388; Code 2004, § 98-720; Code 2015, § 26-948)

Sec. 26-949. Auctioneers—Itinerant real estate.

No auctioneer's license shall be required of persons engaged in business as real estate agents or brokers. However, every person who does not keep a regular place of business in the City, who shall offer real estate for sale at auction or public outcry, shall be deemed an itinerant real estate auctioneer and shall pay a license fee of $450.00 or a license tax equal to $0.36 per $100.00 of the gross sales of the business, as provided in Section 26-871.

(Code 1993, § 27-389; Code 2004, § 98-721; Code 2015, § 26-949)

Sec. 26-950. Auctioneers—Auction of articles at residence of person desiring to dispose of such articles.

(a) No auctioneer's license shall be required for the sale of any wagon, carriage, automobile, mechanics' tools, used farming implements, livestock, poultry, dressed or undressed, seafood, vegetables, fruits, melons, berries, flowers, leaf tobacco, or for the sale of secondhand furniture and household effects when being sold at the residence of the person desiring to dispose of such articles.

(b) No person licensed as provided in this section shall sell at auction, between the hours of 6:00 p.m. and 8:00 a.m. of the following morning, any jewelry, diamonds or other precious stones, watches, clocks, goldware or silverware, gold or silver plated ware, rugs, curtains, carpets, tapestries, statuary, porcelains, chinaware, pictures, painting, bric-a-brac or articles of virtu.

(c) Nothing contained in this section shall be construed to prohibit the sale of any goods or to require the payment of a license tax by an assignee, trustee, executor, fiduciary, officer in bankruptcy or other officer appointed by any court of this State or of the United States.

Sec. 26-951. Biotechnology or biomedical research and development businesses.

Every person engaged in biotechnology or biomedical research and development, as defined in Section 26-872, shall pay a license fee of $30.00 or a license tax equal to $0.30 per $100.00 of gross receipt of such business, as provided in Section 26-871.

(Code 1993, § 27-391; Code 2004, § 98-723; Code 2015, § 26-951)

Sec. 26-952. Bondsmen.

(a) Every person who shall, for compensation, enter into any bond for others, whether as a principal or surety, shall pay a license fee of $30.00 or a license tax equal to $0.36 per $100.00 of the gross receipts of the business, as provided in Section 26-871.

(b) No such professional bondsman or agent shall enter into any bond in the City until the license required in subsection (a) of this section has been obtained.

(c) Every person seeking to obtain a license to conduct business as a bondsman in the City must obtain a certificate from a judge of the Circuit Court of the City as required in Code of Virginia, § 19.2-152.1.

(d) A license granted to a professional bondsman shall authorize such person to enter into bonds in the City.

(e) No one may be licensed as a professional bondsman or agent for any professional bondsman when such person, the person's spouse, or a member of such person's immediate family holds any office as magistrate, judge, clerk or deputy clerk of any court.

(f) Nothing in this section shall be construed to apply to guaranty, indemnity, fidelity and security companies doing business in the City under Code of Virginia, Title 38.2, Ch. 24 (Code of Virginia, § 38.2-2400 et seq.), except that agents and attorneys in fact of guaranty, indemnity, fidelity and security companies entering into bonds for bail, appearances, costs or appeals in criminal cases shall be required to obtain a certificate from the judge of the circuit court in which the bondsman desires to carry on the business of professional bondsman, certifying that the applicant is of good moral character, that the bondsman's past conduct before the courts of the City has not been unsatisfactory and that the bondsman is suitable to be a licensed bondsman. Further, this section shall apply to agents and attorneys in fact of guaranty, indemnity, fidelity and security companies entering into bonds for bail, appearances, costs or appeals, except that such company shall not be required to place cash or bonds in escrow with the court as required in this section.

Sec. 26-955. Commission merchants.

(a) Every person who receives or distributes food products, cotton, flour, hay, grain, provisions, dry goods, merchandise or other commodities shipped to such person for distribution on account of the shipper or who participates in the profits ensuing from or accruing out of the sale of such commodities or who invoices such sales or collects money therefor; every person buying or selling for another any kind of merchandise or commodities on commission, except associations or organizations of farmers, and produce exchanges organized and maintained by farmers for mutual help in the marketing of their produce and not for profit; and every person who sells any personal property which may be left with or consigned to such person for sale on commission shall pay a license fee of $30.00 or a license tax equal to $0.36 per $100.00 of the gross commissions of the business, as provided in Section 26-871.

(b) Subsection (a) of this section shall not apply to any person who:

(1) On commission, sells merchandise by sample, circular or catalogue, where the goods, wares, merchandise or commodities subsequently delivered are not samples;

(2) Has no office, display room, store or other definite place of business in the City;

(3) Has no stock of goods, wares, merchandise or commodities in such person's custody or possession or

under such person's control at any time during the year; and

(4) Employs no person in connection with such sales or deliveries.

(c) Any person engaged in the business of selling merchandise on commission by sample, circular, or catalogue for a regularly established retailer, who has no stock or inventory under his control other than floor samples held for demonstration or sale and owned by the principal retailer, shall be classified as a commission merchant and taxed only on commission income as provided at the rate of $0.36 per $100.00 of gross receipts. Such person engaged in such business shall not be subject to tax on total gross receipts from such sale.

State law reference—License tax on Commission merchants, Code of Virginia, § 58.1-3733.

Sec. 26-956. Contractors—Generally.

(a) Every contractor, as defined in Section 26-872, shall obtain a license for the privilege of transacting business in the City and shall pay a license fee of $30.00 or a license tax as follows and as provided in Section 26-871:

(1) For contracts accepted on a fee basis, $0.36 per $100.00 of the gross amount of all fees received from such contracts.

(2) For contracts accepted on a basis other than a fee basis, $0.19 per $100.00 of the gross receipts from such contracts.

(b) Every person who engages in the business of plumbing or steamfitting and is required to be licensed under this section shall include in the tax basis all receipts with respect to cleaning furnaces or boilers with no additional license taxes assessable for such privilege.

(c) Every license issued in accordance with this section shall designate the regular office or place of business in the City, if any, as the specified house or definite place at which the business is to be conducted. If there is no such regular office or place of business in the City, such license shall designate the first place in the City at which work is to be performed as the specified house or definite place at which the business is to be conducted.

(d) Every person, otherwise required to be licensed under this section, who does not have an office or regular place of business in the City shall be required to obtain a license when the amount of business done by such contractor in the City exceeds the sum of $25,000.00 in any license year. Likewise, any contractor with an office or regular place of business in the City shall exclude from the basis subject to the tax in the City those receipts on which license taxes have been paid to another county, city or town in the Commonwealth as provided in Code of Virginia, § 58.1-3715. Any contractor conducting business in the City for less than 30 days without a definite place of business in the City or any other county, city or town of the Commonwealth shall be required to obtain a business license in the City and pay the appropriate tax or license fee imposed on contractors when the amount of business done by the contractor in the City exceeds or will exceed $25,000.00 for the license year.

(e) Every license issued under this section shall be valid throughout the City.

(f) Every contractor who proposes to do work in the City which requires a permit or contract from a department, bureau or officer of the City shall exhibit to the proper City official a valid City business license for the year in which an application for the permit is made or the contract is awarded. Every contractor for whom a business license has not been required as provided in this section shall provide a written statement attesting to such prior exemption and that, where required, such license shall be obtained prior to beginning the work for which an application for the permit is made or the contract is awarded.

(g) Every contractor required to be licensed under this section shall provide a list of subcontractors to the tax assessment office for all such work performed in the City. Such contractor shall not permit any work to proceed under any subcontract until the subcontractor shall have exhibited a valid City business license. Every subcontractor for whom a business license has not been required as provided in this section shall provide the contractor a written statement attesting to such prior exemption or certifying that, where required, such license shall be obtained prior to beginning the work under the subcontract.

(h) Every contractor required to be licensed under this section shall provide written certification at the time

of application for issuance or reissuance of a business license that such contractor is in compliance with Code of Virginia, Title 65.2, Ch. 8 (Code of Virginia, § 65.2-800 et seq.), and will remain in compliance with such provisions at all times during the effective period of any such business license. Any person who knowingly presents or causes to be presented to City tax officials a false certificate shall be guilty of a Class 3 misdemeanor.

Sec. 26-959. Electric utility.

(a) Every person engaged in furnishing current for electric lighting or heating or commercial or railway motive power or other purposes shall pay a license tax equal to one-half of one percent of the gross receipts of the business. In addition, beginning with the first meter readings after December 31, 2000, every person engaged in furnishing current for electric lighting or heating or commercial or railway motive power or other purposes shall remit monthly to the City the local consumption tax portion of the electric utility consumption tax collected from each consumer located in the City based on the following rates per kilowatt hour (kwh) consumed as prescribed in Code of Virginia, § 58.1-2900: $0.00038 per kwh consumed per month not in excess of 2,500 kwh; $0.00024 per kwh consumed per month in excess of 2,500 kwh but not in excess of 50,000 kwh; $0.00018 per kwh consumed per month in excess of 50,000 kwh.

(b) The payment of the license tax under this section shall not be construed to:

(1) Alter, impair or repeal the right of the City to make an annual charge for the setting of poles or the laying of conduits in the City streets or alleys for the purpose of running wires thereon or therein or for any other charges or special taxes that have been or may be agreed upon between the City and the grantee of any franchise rights;

(2) Prevent or impair the right of the City to assess and collect a tax upon the value of any franchise already, now or hereafter granted; or

(3) Prevent or impair the right of the City to impose a tax against the purchaser of a utility service.

Sec. 26-962. Industrial loan companies and associations.

(a) Every person engaged in the business of an industrial loan company or association shall pay the following license taxes on capital actually paid in, whether from paid-up stock or partially paid-up stock, as shown by the report made each year to the Director of Finance:

(1)	If such capital is not over $25,000.00	$225.00
(2)	If such capital is over $25,000.00	$225.00
(3)	If such capital is over $25,000.00, on each $1,000.00 or fraction thereof in excess of $25,000.00	$6.00

(b) Every nonresident industrial loan company and association, firm and corporation doing business in this State, the principal office of which is located in the City, shall pay the license tax imposed by this section, based upon its capital investment in this State.

(c) Every industrial loan company or association organized in the City which does business on a purely mutual basis and confines its business solely to the City and to the counties immediately contiguous thereto shall pay a license tax of $300.00.

(d) The maximum tax paid pursuant to this section shall not exceed $500.00.

Sec. 26-963. Junk dealers.

(a) Every person selling, bartering or exchanging any kind of secondhand articles, junk, rags, rag cullings, bones, bottles, pewter, scrap, metals, metal drosses, steel, iron, old lead pipe, old bathroom fixtures, old rubber, old rubber articles, paper or other like commodities, except furniture, clothes, shoes and stoves intended to be resold for use as such, shall pay a license fee of $900.00 and a license tax equal to $0.30 per $100.00 of the gross receipts of the business in excess of $100,000.00.

(b) Every person not taxable under subsection (a) of this section, but engaged in the business of purchasing any of the articles listed in subsection (a) of this section, shall pay a license fee of $900.00 and a license tax equal

to $0.30 per $100.00 of the amount of the purchases of the business made during the preceding license tax year in excess of $100,000.00.

(c) For the purpose of computing the license tax levied by subsection (a) of this section, there shall be excluded from the gross receipts of such business the proceeds from the sale of goods, wares and merchandise that may be manufactured by such person out of the articles or any of them listed in subsection (a) of this section and sold at the place of manufacture.

(d) No license shall be granted to any person to conduct the business licensed by this section until such person shall obtain a permit from the Chief of Police, in accordance with Section 26-875, and, if such person had been previously engaged in such business, further certifying that during the time so engaged such dealer had fully complied with the State tax laws relating to junk dealers. The certificate issued by the Director of Finance to such person shall state that the required certificate from the Chief of Police has been furnished before such certificate was granted.

(e) Every person licensed under this section shall keep a permanent book in which shall be legibly written in ink in English at the time of the transaction the following:

(1) The name of each person from whom items identified in subsection (a) of this section are purchased;

(2) The date when the items are purchased and received;

(3) The residence or place of business of the person from whom such items were purchased; and

(4) A full description of the item purchased.

(f) Every person licensed under this section shall furnish daily to the Chief of Police, in the manner prescribed by the Chief, a full account of each identifiable item purchased. Identifiable items shall include, but not necessarily be limited to, items with a serial number, any items with a special marking such as an engraved Social Security number, any items identified by brand name or model number, or both, or any one-of-a-kind item. The prescribed manner of reporting shall require at least the following information:

(1) A full and complete list of all such articles bought, together with all marks, numbers, prints, letters and monograms on such articles;

(2) The name, address and date of birth of the seller of any such article;

(3) The seller's legible handwritten signature; and

(4) A current photograph in color of the seller in the format prescribed by the Chief of Police.

Sec. 26-965. Merchants—Gold, silver, diamonds and jewelry.

(a) Every person, with the exception provided in this section, engaged in the business of buying, acquiring or selling secondhand manufactured articles composed wholly or in part of gold, silver, platinum or other precious metals of any kind or description whatsoever; of removing the gold, silver, platinum or other precious metals of any kind or description whatsoever from the secondhand manufactured articles; or of buying, acquiring or selling the gold, silver, platinum or other precious metals of any kind or description whatsoever removed from the secondhand manufactured articles shall pay a license fee of $1,000.00 and a license tax equal to $0.20 per $100.00 of the gross receipts of the business in excess of $100,000.00. However, any person holding a valid license issued by the City to engage in business as a retail merchant shall, in addition to the license fee paid to operate as a retail merchant, pay a license fee of $500.00 and a license tax equal to $0.20 per $100.00 of gross receipts of the business in excess of $100,000.00. Further, any person holding a valid license issued by the City to engage in business as a pawnbroker or to operate a pawnshop shall, in addition to the license fee paid to operate as a pawnbroker or to operate a

pawnshop, pay a license fee of $500.00 and a license tax equal to $0.20 per $100.00 of gross receipts of the business in excess of $100,000.00 annually to engage in the business of buying, acquiring or selling secondhand manufactured articles composed wholly or in part of gold, silver, platinum or other precious metals of any kind or description whatsoever; of removing the gold, silver, platinum or other precious metals of any kind or description whatsoever from the secondhand manufactured articles; or of buying, acquiring or selling the gold, silver, platinum or other precious metals of any kind or description whatsoever removed from the secondhand manufactured articles.

(b) Every person licensed under this section shall keep a permanent book, in which shall be legibly written in ink in English at the time of the transaction an accurate account of each business transaction. The accurate account of each business transaction shall include the following information:

(1) A description of the article purchased, acquired or sold.

(2) The precious metal removed from each article.

(3) The name, address and date of birth of the seller of the article or the person for whom service of removal of precious metal is performed.

Such book shall at all times be open to the inspection of the Chief of Police or any police officer of the City.

(c) Every person licensed under this section shall furnish daily to the Chief of Police, in the manner prescribed by the Chief, a full account of each business transaction. The prescribed manner of reporting shall require at least the following information:

(1) A full and complete list of all such articles bought, acquired or sold by such person and of all precious metals removed;

(2) A full description of such articles bought, acquired or sold and of all articles from which precious metal is removed, together with all marks, numbers, prints, letters and monograms on such articles;

(3) The name, address and date of birth of the seller of the article or the person for whom service of removal of precious metal is performed;

(4) A current photograph in color, in the format prescribed by the Chief of Police, of the seller or the person for whom the service of removal of precious metal is performed; and

(5) A receipt bearing the legible handwritten signature of the seller or the person for whom service of removal of precious metal is performed, acknowledging such sale, acquisition, purchase or service of removal.

The daily reporting form prescribed by the Chief of Police, as required in this subsection, shall be filed by every person licensed under this section within 24 hours after the date of each business transaction. Whenever such business ceases or discontinues doing business for any period of time of more than five consecutive business days, such fact must be reported by such licensed person to the Chief of Police on forms provided by the Chief. If such business resumes doing business, such fact must be reported on the first day of resumption of business to the Chief of Police on forms provided by the Chief.

(d) Every person licensed under this section shall retain in such person's possession, open to the inspection of the Chief of Police or any police officer of the City, all such articles purchased or acquired by such person for at least ten days before disposing of the articles. This holding period shall also apply to gold, silver, platinum or any other precious metal of any kind removed from the secondhand manufactured article as well as the article itself before such licensed person may return or otherwise dispose of the gold, silver, platinum or other precious metal and the secondhand manufactured article.

(e) No person licensed under this section shall purchase any of the articles mentioned in this section from:

(1) A minor;

(2) Any person who is at the time intoxicated;

(3) A habitual drunkard;

(4) A receiver of stolen property; or

(5) Any person the licensee has reason to suspect to be such.

(f) Every person licensed under this section and having employees to transact such person's business of buying, acquiring or selling secondhand manufactured articles composed wholly or in part of gold, silver, platinum or other precious metals of any kind or description whatsoever or of removing the gold, silver, platinum or other precious metals of any kind or description whatsoever from the secondhand manufactured articles or of buying, acquiring or selling the gold, silver, platinum or other precious metals of any kind or description whatsoever removed from the secondhand manufactured articles shall enter into a bond with a corporate surety, made payable to the City in the sum of $5,000.00, conditioned upon the due observance by such employees of the terms and requirements of this section. Such licensed person shall report to and keep current with the Chief of Police the identity of all employees transacting such business on behalf of such licensed person.

(g) It shall be unlawful for any person licensed under this section and any employee of such licensed person to violate any subsection of this section. A violation of any subsection of this section shall be punishable as a misdemeanor. Upon the second conviction of any licensed person or of any employee of such licensed person, the license and permit to engage in such business shall be revoked, and such person shall be barred from holding such license and permit for one full year from the date that the second conviction becomes final. The punishment in this subsection shall be in addition to any other punishment provided under this article.

(h) No license shall be issued under this section unless and until the applicant shall have obtained a permit therefor from the Chief of Police, issued in accordance with Section 26-875.

Sec. 26-966. Merchants—Itinerant.

(a) Every itinerant merchant, as defined in Section 26-872, shall obtain a license for the privilege of doing business in the City and shall pay a license tax equal to $500.00.

(b) The goods, wares and merchandise received from bankruptcy sales, trustee sales, railroad wrecks, fire sales, slaughter sales or sales of like character or designation and stock received from expositions and fairs shall not be included in those subject to the itinerant merchant license tax.

(c) A license shall not be required for nonprofit organizations sponsoring a show or sale where all proceeds go to such nonprofit organization.

(d) Upon applying for a license as an itinerant merchant in the City, the applicant shall provide the Chief of Police the following:

(1) The street and house number of the place where the applicant proposes to conduct business;

(2) The goods, wares and merchandise to be sold or offered for sale at such place, in detail; and

(3) If the applicant has been previously engaged in a like or similar business within the preceding 12 months.

(e) No itinerant merchant shall sell, between April 1 and September 30, both inclusive, between the hours of 7:00 p.m. and 8:00 a.m. of the following morning, nor between October 1 and March 31, both inclusive, between the hours of 6:00 p.m. and 8:00 a.m. of the following morning, any jewelry, diamond or other precious stone, watch, clock, goldware or silverware, gold or silver plated ware, rug, curtain, carpet, tapestry, statuary, porcelain, chinaware, picture, painting, bric-a-brac or article of virtu.

(f) Every itinerant merchant selling or offering for sale goods, wares and merchandise shall, in describing the goods, wares and merchandise, be truthful with respect to the kind, quality and description of the goods, wares and merchandise which, for the purpose thereof, shall be considered as warranties. Any breach of the warranties shall be sufficient to vitiate such sale. The person making such false representation shall be punished as prescribed for the violation of this article.

(g) Nothing in this section shall be construed to require the payment of a license tax for the sale of goods, wares and merchandise by an assignee, trustee, executor, fiduciary, officer in bankruptcy, or other officer appointed by any court of this State or of the United States.

(h) Notwithstanding any other subsection in this section, if sales are conducted at an event by two or more

itinerant merchants coordinated or promoted by one person or agency, only one itinerant merchant's license shall be required. The license shall be issued to the coordinator or promoter of the event.

Sec. 26-967. Merchants—Retail.

(a) Every person engaged in the business of a retail merchant, as defined in Section 26-872, shall obtain a license for the privilege of doing business in the City and shall pay a license fee of $30.00 or a license tax equal to $0.20 per $100.00 of the gross receipts of the business, as provided in Section 26-871.

(b) A manufacturer who sells at retail only and not for resale the goods, wares and merchandise manufactured by such manufacturer shall obtain a license as a retail merchant.

(c) Every cooperative association, society, company or exchange and every nonprofit, cooperative association, with or without capital stock, created or operating under Code of Virginia, Title 13.1, Ch. 3 (Code of Virginia, § 13.1-301 et seq.), and every cooperative marketing or purchasing association or corporation incorporated or organized under the general corporation laws of this State and brought under Code of Virginia, Title 13.1, Ch. 3 (Code of Virginia, § 13.1-301 et seq.), whether such association, society, company, exchange or corporation is organized or brought under Code of Virginia, Title 13.1, Ch. 3 (Code of Virginia, § 13.1-301 et seq.) prior or subsequent to the effective date of the ordinance from which this section is derived and whether chartered under the laws of this State or otherwise chartered and doing business in this State, and conducting a mercantile, merchandise or brokerage business on the cooperative plan, shall be taxable as a merchant by the City. Every such association, society, company, exchange or corporation which sells to others at retail only and not for resale shall be a retail merchant and taxable as such under this section.

(d) Any person who is both a retail merchant and a wholesale merchant is hereby required to obtain both classes of licenses. However, any retail merchant who desires to do a wholesale business also may elect to do such wholesale business under the merchant's retailer's license by paying license taxes under this section as a retailer on both the merchant's retail and wholesale business, but this shall not apply to any retail merchant, the greater part of whose business at the licensed place during the next preceding year was wholesale, nor to a beginner, the greater part of whose business it is estimated will be wholesale for the period covered by the license.

(Code 1993, § 27-407; Code 2004, § 98-739; Code 2015, § 26-967; Ord. No. 2020-007, § 1, 1-27-2020)

Sec. 26-968. Merchants—Flea markets.

(a) Every person engaged in the business of organizing, promoting or managing a flea market, as defined in Section 26-872, shall pay a license tax in accordance with subsection (c) of this section.

(b) No person participating in a flea market shall be liable for any license taxation on the gross receipts generated at such flea market if the promoter, manager or organizer of the flea market obtains a license and pays the license tax as provided in this section.

(c) The license tax imposed by this section shall be equal to $2.00 per day for each merchant participating in the flea market during such day or any portion of such day. Such license shall be due and payable on the Monday following such day.

Sec. 26-971. Merchants—Direct sellers, retail and wholesale.

Every person who engages in the business of a direct seller, as defined in Section 26-872, and whose total sales exceed $5,000.00 shall obtain a license for the privilege of doing business in the City and pay a license fee of $30.00 or a license tax equal to $0.20 per $100.00 of the retail sales, or $0.22 per $100.00 of the wholesale sales, whichever is applicable, as provided in Section 26-871.

(Code 1993, § 27-410; Code 2004, § 98-743; Code 2015, § 26-971)

State law reference—Limitations on license tax on direct sellers, Code of Virginia, § 58.1-3719.1; limitations on license tax on wholesale merchants, Code of Virginia, § 58.1-3716.

Sec. 26-972. Merchants—Wholesale.

(a) Every person engaged in the business of a wholesale merchant, as defined in Section 26-872, shall obtain a license for the privilege of doing business in the City and shall pay a license fee of $30.00 or a license tax equal to $0.22 per $100.00 of the purchases made during the preceding calendar year, as provided in Section 26-871.

(b) The term "purchases," as used in this section, shall be construed to include all goods, wares and merchandise received or offered for sale at each definite place of business of every wholesale merchant and shall not be construed to exclude any goods, wares and merchandise otherwise coming within the meaning of the term, including such goods, wares and merchandise manufactured by a wholesale merchant and sold or offered for sale as merchandise.

(c) A manufacturer who engages in the business of a wholesale merchant, as defined in Section 26-872, at a definite place or store, other than the place of manufacture, shall be required to obtain a license as a wholesale merchant and pay a license tax as prescribed in subsection (a) of this section. Such license tax is to be measured as follows:

(1) The amount of purchases from others; and

(2) The amount of goods, wares and merchandise manufactured by them, either within or without the City, and sent from the place of manufacture to their store for sale, if any, or such goods, wares and merchandise which the manufacturer ships directly from the place of manufacture to the customer.

(d) For the purposes of this section and in relation to the purchase price of goods, wares and merchandise of a manufacturer as provided in subsection (c) of this section, the term "purchases" shall be defined as follows:

(1) Cost of manufacturing; plus

(2) Factory markup; plus

(3) Overhead.

(e) For every distributing house or place in the City, other than the house or place of manufacture, operated by any person engaged in the business of a merchant in this City for the purpose of distributing goods, wares and merchandise among the merchant's retail stores, a separate license shall be required, and the goods, wares and merchandise distributed through such distributing house or place shall be regarded as purchases for the purpose of measuring the license tax, which tax shall be the same as the license tax imposed by this section on a wholesale merchant.

(f) Any person who is both a wholesale merchant and a retail merchant is required to obtain licenses as provided in this section and Section 26-967.

(g) A wholesale merchant who has been duly licensed by the City may, other than at a definite place of

business, sell and deliver at the same time to licensed dealers or retailers, but not to consumers anywhere in the City, without the payment of any additional license tax of any kind for such privilege to the City, unless otherwise provided by law.

(h) In imposing wholesale merchant's license taxes measured by purchases, there shall be included alcoholic beverages in the basis for measuring such license taxes the same as if the alcoholic beverages were nonalcoholic, and no alcoholic beverage license levied under Section 26-935 or under this section shall be construed as exempting any licensee from any wholesale merchant's license taxes, and such wholesale merchant's license taxes shall be in addition to the alcoholic beverage license taxes.

(i) In imposing retail merchant's license taxes measured by sales and restaurant license taxes measured by sales, there shall be included alcoholic beverages in the basis for measuring such license taxes the same as if the alcoholic beverages were nonalcoholic, and no alcoholic beverage license levied under Sections 26-935 and 26-937 or under this section shall be construed as exempting any licensee from any retail merchant's or restaurant license tax. Such retail merchant's and restaurant license taxes shall be in addition to the alcoholic beverage license taxes.

(j) Notwithstanding anything contained in this section, every person engaged in the business of packaging and sale of sterile medical supplies at wholesale shall pay a license fee of $30.00 or a license tax equal to $0.05 per $100.00 of the gross purchases, as defined in subsection (b) of this section, as provided in Section 26-871.

State law reference—Limitations on license tax on wholesale merchants, Code of Virginia, § 58.1-3716.

Sec. 26-974. Merchants—Wholesale electric turbine manufacturers.

Every person engaged in the business of the manufacture of electric turbines who sells at a definite place or store, other than the place of manufacture, to institutional, commercial or industrial users shall obtain a license for the privilege of doing business in the City and shall pay a license fee of $30.00 or a license tax equal to $0.02 per $100.00 of purchases made by such person throughout the then-next-preceding license year and as provided in Section 26-871.

(Code 1993, § 27-413; Code 2004, § 98-746; Code 2015, § 26-974)

State law reference—Limitations on license tax on wholesale merchants, Code of Virginia, § 58.1-3716.

Sec. 26-975. Miscellaneous services.

(a) Every person engaged in one or more of the following businesses shall pay the flat license tax for the respective business, as follows:

(1) Canvassers, other than those working on a salary or wage basis as employees of persons duly licensed under this article, $75.00.

(2) A solicitor of orders for books, magazines or periodicals, $75.00.

(b) No license shall be issued to a solicitor of orders for books, magazines or periodicals without a permit from the Chief of Police under Section 26-875.

(Code 1993, § 27-414; Code 2004, § 98-747; Code 2015, § 26-975)

Sec. 26-976. Motor vehicles—Payment of personal property taxes.

No motor vehicle, trailer, or semitrailer shall be licensed unless evidence of payment of any local personal property taxes and license fees required is produced (i.e., satisfactory evidence submitted that all personal property

taxes assessed upon and payable for the motor vehicle, trailer or semitrailer to be licensed have been paid) and, further, that the applicant provides satisfactory evidence that any delinquent motor vehicle, trailer or semitrailer personal property taxes owing and which have been properly assessed or are assessable against the applicant by the City have been paid.

(Code 1993, § 27-415; Code 2004, § 98-748; Code 2015, § 26-976; Ord. No. 2005-224-219, § 1, 10-24-2005)

State law reference—Motor vehicle tax, Code of Virginia, § 46.2-750 et seq.

Sec. 26-977. Motor vehicles—Vehicle license fees.

(a) Every automobile designed and used in the transportation of passengers operated on the City streets in the business or for the private use or benefit of the owner thereof, the weight of which is 4,000 pounds or less, which weight shall be determined in the same manner as provided in State law for assessing the annual registration fee for such vehicle, shall be subject to a vehicle license fee of $40.74.

(b) Every automobile designed and used in the transportation of passengers operated on the City streets in the business or for the private use or benefit of the owner thereof, the weight of which is in excess of 4,000 pounds, which weight shall be determined in the same manner as provided in State law for assessing the annual registration fee for such vehicle, shall be subject to a vehicle license fee of $45.74.

(c) Nothing in this section shall be construed to require the payment of a license fee on automobiles exclusively employed in transporting fuel, provisions, manure or other things to be used only at the owner's farm or dwelling; on motor vehicles, trailers, or semitrailers that are exempt from motor vehicle license taxes and fees pursuant to Code of Virginia, § 46.2-755; or by persons who do not actually reside in the City and who do not use their automobiles in the City in the conduct of their business, occupation or profession. The term "reside," as used in this subsection, shall be construed to mean "to have a place of abode in the City," irrespective of the intention of any person to return to some other residence outside of the City at some future time.

(d) Effective January 1, 2006, the vehicle license fee period shall be on a calendar year basis. This change is applicable for any vehicle identified in Sections 26-885 through 26-889 and Sections 26-976 through 26-979. For each vehicle registered with the Virginia Department of Motor Vehicles on or before December 31, 2005, and on which the City has received the payment of the City license fee for the period ending April 30, 2006, the 2006 license fee will be adjusted effective January 1, 2006, to properly reflect payment of the license fee for the period May 1, 2005 through April 30, 2006. Vehicles that were garaged or parked in the City at any time from January 1 through June 30 of each calendar year shall be billed for the full amount of the appropriate vehicle license fee. Any vehicles garaged or parked in the City at any time after June 30 of each calendar year shall be billed for one-half of the appropriate vehicle license fee.

(Code 1993, § 27-416; Code 2004, § 98-749; Code 2015, § 26-977; Ord. No. 2005-224-219, § 1, 10-24-2005; Ord. No. 2005-340-282, § 1, 12-12-2005; Ord. No. 2016-055, § 1, 5-13-2016; Ord. No. 2017-097, § 1, 5-22-2017; Ord. No. 2018-143, § 1, 5-14-2018)

Sec. 26-978. Motor vehicles—Motorcycles.

(a) Every person operating a motorcycle or causing a motorcycle to be operated on the City streets in the business or for the private use or benefit of the owner thereof shall pay a vehicle license fee for each motorcycle of $28.74.

(b) Nothing in this section shall be construed to require the payment of a vehicle license fee on a motorcycle exclusively employed in transporting fuel, provisions or other things to be used only at the owner's farm or dwelling; nor to a motorcycle operated and owned by a person who does not actually reside in the City and who does not operate the motorcycle in the City in the conduct of such person's business, occupation or profession.

(Code 1993, § 27-417; Code 2004, § 98-750; Code 2015, § 26-978; Ord. No. 2005-224-219, § 1, 10-24-2005; Ord. No. 2016-055, § 1, 5-13-2016; Ord. No. 2018-143, § 1, 5-14-2018)

Sec. 26-979. Motor vehicles—Trucks, trailers, etc.

(a) As used in this section, the term "gross weight" means the aggregate of a vehicle or combination of vehicles and its load.

(b) Except as provided in Section 26-977 for motor vehicles, trailers, or semitrailers that are exempt from motor vehicle license taxes and fees pursuant to Code of Virginia, § 46.2-755, every automobile, truck, trailer, semitrailer or autowagon, not designed and used for the transportation of passengers, operated on the City streets shall be licensed, and the vehicle license fee therefor shall be determined by the gross weight of the vehicle or combination of vehicles of which it is a part when loaded to the maximum capacity for which it is registered. For each 1,000 pounds of gross weight or major fraction thereof for which any such vehicle is taxable, there shall be paid to the City for the license a vehicle license fee as follows:

Gross Weight Groups (pounds)	*Tax Per 1,000 Pounds of Gross Weight*
10,000 and less	$2.40
10,001—11,000	$2.60
11,001—12,000	$2.80
12,001—13,000	$3.00
13,001—14,000	$3.20
14,001—15,000	$3.40
15,001—16,000	$3.60
16,001—17,000	$4.00
17,001—18,000	$4.40
18,001—19,000	$4.80
19,001—20,000	$5.20
20,001—21,000	$5.60
21,001—22,000	$6.00
22,001—23,000	$6.40
23,001—24,000	$6.80
24,001—25,000	$6.90
25,001—26,000	$6.95
26,001—27,000	$7.00
27,001—28,000	$7.05
28,001—29,000	$7.10
29,001—35,000	$7.20
35,001 and up (flat rate)	$250.00

(c) For a combination of a tractor-truck and a trailer or semitrailer, each vehicle constituting a part of such combination shall be licensed as a separate vehicle. However, for the purpose of determining the gross weight group into which any such vehicle falls pursuant to subsection (b) of this section, the combination of vehicles of which such vehicle constitutes a part shall be considered a unit, and the aggregate gross weight of the entire combination shall determine such gross weight group. The vehicle license fee for a tractor-truck shall be $250.00 maximum. The vehicle license fee to be paid on account of any trailer or semitrailer which constitutes a part of any such combination

of vehicles shall be $24.00.

(d) It shall be unlawful for any person to operate or to permit the operation of any motor vehicle, trailer or semitrailer for which the vehicle license fee prescribed by subsection (b) of this section on any City street under any of the following circumstances:

(1) Without first having paid the vehicle license fee prescribed;

(2) Without having painted on each side thereof the empty weight of such vehicle and the gross weight on the basis of which it is subject to be licensed; or

(3) If, at the time of any such operation, the gross weight of the vehicle or of the combination of vehicles of which it is a part is in excess of the gross weight on the basis of which it is taxable.

The license inspector or any deputy, having reason to believe that the gross weight of any motor vehicle, trailer or semitrailer being operated on any City street exceeds that on the basis of which such vehicle is registered, is authorized to weigh the motor vehicle, trailer or semitrailer by such means as the inspector may prescribe, and the operator or other person in possession of such vehicle shall permit such weighing whenever requested by such officer. Every person who violates any provision of this subsection shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not less than $5.00 nor more than $500.00 or by confinement in jail for not more than 60 days, or by both such fine and imprisonment.

(e) The City vehicle license fee to be paid to the City by the owner of a one- or two-wheeled trailer with a body length of not more than nine feet and a width not greater than the width of the motor vehicle to which it is attached at any time of operation, to be attached to the owner's own motor vehicle and used only for carrying property belonging to the owner of such trailer, not to exceed 1,000 pounds at any one time, shall be $6.50. Every trailer or semitrailer designed for use as living quarters for human beings shall be subject to a flat annual vehicle license fee of $6.50. No such trailer shall be operated, propelled or drawn over the City streets unless and until such vehicle license fee is paid, provided that this requirement does not apply to nonresidents if such trailer is properly licensed in such nonresident's home state.

(f) The City vehicle license fee to be paid by the owner of any motor vehicle, trailer or semitrailer, upon which well drilling machinery is attached and which is permanently used solely for transporting such machinery, shall be $6.50.

Sec. 26-980. Motor vehicles—Used car dealers.

(a) Every motor vehicle dealer engaged in the business of selling or offering for sale used motor vehicles taken in trade in the sale of new vehicles at a place of business other than the place of business where new motor vehicles are sold or offered for sale shall pay a license fee of $300.00 and a license tax equal to $0.36 per $100.00 of the gross receipts of the business in excess of $100,000.00.

(b) Every motor vehicle dealer engaged in the business of selling or offering for sale used or secondhand motor vehicles to others at retail only and not for resale, exclusively, and does not engage in the business of selling or offering for sale new motor vehicles shall pay a license fee of $300.00 and a license tax equal to $0.36 per $100.00 of the gross receipts of the business in excess of $100,000.00.

(c) Every motor vehicle dealer engaged in the business of selling or offering for sale new and used motor vehicles at the same place of business, whether taken in trade or purchased for resale, shall pay a license fee of $30.00 or a license tax equal to $0.36 per $100.00 of the gross receipts of the business, as provided in Section 26-871.

(d) When used motor vehicles are taken by dealers in trade as a part of the sale price of new or used vehicles, the sale price of such new or used vehicles, less the allowance made for such used vehicles, shall be considered as sales in computing gross receipts. When such used or secondhand vehicles are sold, the price received therefor shall be considered as sales in computing gross receipts.

(e) Licenses issued under this section and payment of the license taxes prescribed therefor shall not be construed to authorize the operation of motor vehicles upon the City streets, except for demonstration purposes only.

Sec. 26-981. Motor vehicles—For-hire and transportation of passengers.

(a) Every person engaged in the business of furnishing a vehicle for public hire with a chauffeur for operation on the City streets shall pay a license tax as follows:

(1) For each such vehicle up to and including three: $75.00.

(2) For each such vehicle over three, if of a seating capacity of four persons or less, in addition to the chauffeur: $30.00.

(3) For each such vehicle over three, if of a seating capacity of five but not more than eight persons, in addition to the chauffeur: $45.00.

(4) For each such vehicle over three, if of a seating capacity of nine or more persons, in addition to the chauffeur, except a sightseeing motor vehicle: $75.00.

(5) For passenger motor vehicles having a seating capacity of nine or more persons, in addition to the chauffeur, operated on the City streets for sightseeing purposes: $150.00.

(b) Every passenger motor vehicle operated on the City streets by taking on and letting off passengers in the same general manner as is done by street railways, for each such vehicle, shall pay a license tax as follows:

(1) If of a seating capacity of five persons or less, including the chauffeur or driver: $75.00.

(2) If from six to ten persons, inclusive, including the chauffeur or driver: $300.00.

(3) If from 11 to 16 persons, inclusive, including the chauffeur or driver: $525.00.

(4) If from 17 to 25 persons, inclusive, including the chauffeur or driver: $900.00.

(5) If for more than 25 persons, including the chauffeur or driver: $1,050.00.

(c) The license tax imposed by subsection (a) of this section shall not be construed to authorize the conduct of the business of hiring simply a seat in such vehicle, and the license tax imposed by subsection (b) of this section shall not be construed to authorize the conduct of the business of hiring such vehicles to one or more persons for their exclusive use and transportation to points within or without the City.

(d) The license taxes levied under this section shall not be in lieu of any other license tax levied under any other section, and the license taxes levied under Section 26-977 shall be levied and paid in addition to the taxes levied under this section.

(e) Every person engaged in the business of furnishing ambulance service, preparing bodies for burial, an embalmer, conducting funerals, or an undertaker and duly licensed as such under Section 26-989 shall be exempt from a license tax under this section with respect to every automobile that is used solely for the conduct of the business of the taxpayer licensed under Section 26-989.

(Code 1993, § 27-420; Code 2004, § 98-753; Code 2015, § 26-981)

Sec. 26-982. Motor vehicles—U-drive-it.

(a) Every person engaged in the business of furnishing for public hire without a chauffeur motor vehicles to be operated upon the City streets shall pay a license tax as follows:

(1) For one or more of such vehicles, not exceeding ten: $450.00.

(2) For each such vehicle in excess of ten: $30.00.

(b) The license taxes levied under this section shall not be in lieu of any other license tax levied under any other section, and the license taxes levied under Sections 26-977, 26-979 and 26-981, as the case may be, shall be levied and paid in addition to the taxes levied under this section.

(Code 1993, § 27-421; Code 2004, § 98-754; Code 2015, § 26-982)

Sec. 26-983. Pawnbrokers and pawnshops.

(a) Every natural person lending or advancing money or other things for profit on the pledge and possession of tangible personal property or other valuable things, other than securities or written or printed evidences of indebtedness or title, or dealing in the purchasing of personal property or other valuable thing on the condition of selling the property or other thing back to the seller at a stipulated price shall pay a license tax equal to $750.00 and $0.36 per $100.00 of the gross receipts of the business in excess of $100,000.00.

(b) Not more than 12 places in the City shall be licensed where the business of a pawnbroker, including a pawnbroker's sales store, may be conducted, and no license shall be granted to conduct a pawnshop or pawnbroker's sales store in the City, except to a natural person who is a qualified voter of the Commonwealth. No such license shall be granted to any such voter except upon a certificate of the Chief of Police and of the Circuit Court of the City or a judge thereof in vacation, which shall explicitly state whether the natural person applying therefor is a proper person to conduct such business and whether the place where the business is proposed to be conducted is a proper and suitable place and whether such applicant has theretofore complied with the laws governing such business, so far as the records of the Department of Police and of the Circuit Court show, if the applicant has theretofore engaged in such business. No license shall be granted to a natural person convicted of a felony or a crime involving moral turpitude within the last ten years. Prior to the issuance of a license, the applicant shall furnish the applicant's date of birth and a sworn statement or affirmation disclosing any criminal convictions or any pending criminal charges, whether within or without the Commonwealth. No license shall be granted to any natural person to operate or conduct more than two pawnshops or pawnbroker's sales stores in the City, provided that this shall not apply to any natural person who owned and was licensed to operate or conduct more than one pawnshop or pawnbroker's sales store in the City on January 1, 1948, but no license shall be granted after such date to any such person to operate or conduct any additional pawnshop or pawnbroker's sales store in excess of the number of pawnshops or pawnbroker's sales stores operated or conducted by any such person on January 1, 1948. If a properly licensed pawnbroker sells the pawnbroker's business, the Circuit Court of the City shall authorize the City to issue to the purchaser a new license for the same location if the purchaser has not been convicted of a felony or a crime involving moral turpitude in the last ten years. Prior to the issuance of the license, the purchaser shall furnish the purchaser's date of birth and any other information as may be required by the City.

(c) Every natural person to whom a license is to be granted under this section shall execute a bond with corporate surety in the penalty of $500.00 payable to the City in a form satisfactory to the City Attorney. The bond shall be conditioned that such person will indemnify and save harmless the City and all other persons from any and all damages to the City and to all other persons and property directly or indirectly resulting from the operation of such pawnshop or pawnbroker's store or in the conduct of such business. The bond shall provide that suit may be brought thereon by the City or by any person entitled to indemnity thereunder and shall contain the further conditions that the licensee will make a daily report to the Chief of Police in the manner prescribed by the Chief and give all information called for by the prescribed manner of reporting and that the licensee will make use of any "call system" that may be installed or maintained by the City. The prescribed manner of reporting shall require at least the following information:

(1) A full and complete list of all such articles bought, together with all marks, numbers, prints, letters and monograms on such articles;

(2) The name, address and date of birth of the seller of any such article;

(3) The seller's legible handwritten signature; and

(4) A current photograph in color of the seller in the format prescribed by the Chief of Police.

(d) Every natural person to whom a license is to be granted under this section shall execute a bond with corporate surety in the minimum amount of $50,000.00 to secure the payment of any judgment recovered against such person as a licensed pawnbroker. The bond shall provide that suit may be brought thereon by any person who recovers a judgment against the pawnbroker for the pawnbroker's misconduct if the execution issued upon such judgment is wholly or partially unsatisfied.

(Code 1993, § 27-423; Code 2004, § 98-756; Code 2015, § 26-983; Ord. No. 2019-156, § 1, 6-24-2019)

Sec. 26-985. Peddlers—Gasoline and oil.

(a) Every person engaged in the business of peddling gasoline, oil or petroleum products in the City and not maintaining a permanent storage plant in this City shall pay a license tax of $300.00 for each vehicle used in such business. The whole license tax assessed shall be paid in one sum at the time the license is issued, and the tax shall not be prorated or transferred.

(b) Each vehicle used in the conduct of the business shall be plainly marked with the name and street address of the person conducting the business.

(c) This section shall not be construed to permit the operation of vehicles upon the City streets without the payment of the license tax on such vehicles provided elsewhere in this article.

State law reference—Limitations on license tax on peddlers, Code of Virginia, § 58.1-3717.

Sec. 26-986. Peddlers—Hawkers and hucksters.

(a) Every person engaged in the business of carrying from place to place any goods, wares or merchandise and peddling, hawking, selling offering to sell or to barter the goods, wares or merchandise, with or without the use of vehicles, shall be deemed to be a peddler, hawker or huckster. Every person licensed under this section may peddle, hawk, sell or offer to sell or barter, with or without the use of vehicles, any personal property a merchant may sell, as provided elsewhere in this article, or such person may exchange the personal property for other articles. This section shall not apply to a peddler at wholesale or to those who sell or offer for sale in person or by their employees ice, wood, charcoal, meats, milk, butter, eggs, poultry, game, vegetables, fruits or other family supplies of a perishable nature or farm products grown or produced by them and not purchased by them for sale. A dairyman who uses upon the streets of the City one or more vehicles may sell and deliver from his vehicles, milk, butter, cream and eggs in the City without procuring a peddler's license.

(b) Every peddler, hawker and huckster engaged in the business of carrying from place to place any goods, wares or merchandise, except crabs, gasoline or oil, ice, wood, meat, milk, butter, eggs, poultry, fish, oysters, game, vegetables, fruits or other family supplies of a perishable nature, and selling, offering to sell or to barter the goods, wares or merchandise and every vendor operating from one or more assigned specific locations as provided in Section 6-482 shall pay a license tax of $300.00 when such person travels on foot or does business at one or more specific locations. When vehicles are used, every such person shall pay a license tax equal to $300.00 for the first vehicle and $50.00 for each additional vehicle used. A vendor, as defined in Section 6-453, shall pay an additional fee of $30.00 for each and every additional specific location assigned to such vendor. The whole license tax assessed in this subsection shall be paid in one sum at the time the license is issued, and the tax shall not be prorated or transferred.

(c) Every peddler, hawker, and huckster, whether a vehicle is used or not, engaged in the business of carrying from place to place meat, milk, butter, eggs, poultry, fish, oysters, game, vegetables, fruits or other family supplies of a perishable nature, not grown or produced by the peddler, and selling, offering to sell or to barter the product and every vendor, as defined in Section 6-453, doing business at one or more specific locations shall pay a license tax equal to $300.00. If more than one vehicle is used or if more than one specific location is assigned, such peddler

shall pay a license tax equal to $300.00 and $50.00 additional for each vehicle or specific location in excess of one so used. The whole license tax assessed by this subsection shall be paid in one sum at the time the license is issued, and the tax shall not be prorated or transferred.

(d) The Collector shall deliver to every person, other than a vendor, as defined in Section 6-453, paying the license tax prescribed by subsection (c) of this section who conducts business thereunder without the use of vehicles three buttons, and not more than three persons shall peddle, hawk, sell or offer to sell any of the goods, wares, merchandise or manufactured products upon the City streets under any one license issued thereunder; provided, however, vendors, as defined in Section 6-453, shall be subject to all terms and conditions set out in Chapter 6, Article X.

(e) Every peddler, hawker and huckster engaged in the business of carrying from place to place family supplies of a perishable nature not grown or produced by such person and groceries generally, including such articles as are customarily sold in grocery stores, other than alcoholic beverages, and selling, offering to sell or barter the supplies or groceries shall pay a license tax as set forth in this section for each vehicle so used.

(f) This section shall not be construed to permit the operation of vehicles upon the City streets without the payment of the license tax on such vehicles as provided elsewhere in this article.

(Code 1993, § 27-426; Code 2004, § 98-759; Code 2015, § 26-986; Ord. No. 2016-056, § 1, 5-13-2016)

State law reference—Limitations on license tax on peddlers, Code of Virginia, § 58.1-3717.

Sec. 26-987. Peddlers—Ice, wood and coal.

(a) Every person who shall carry or cause to be carried from place to place ice, wood or coal, not manufactured or produced by such person, and sells, offers to sell or to barter the ice, wood or coal, whether employed by a dealer, manufacturer or producer of such products or not, shall pay a license tax of $60.00. When more than one vehicle is used, there shall be paid an additional license tax of $60.00 for each vehicle more than one so used. The whole license tax assessed shall be paid in one sum at the time the license is issued, and the tax shall not be prorated or transferred.

(b) The Collector shall deliver to every person paying the license tax prescribed by this section three buttons, and not more than three persons shall peddle, hawk or sell or offer to sell ice, wood or coal upon the City streets under any one license issued under this section.

(c) This section shall not be construed to permit the operation of vehicles upon the City streets without the payment of the license tax on such vehicles as provided elsewhere in this article.

(d) Each vehicle used in the conduct of the business licensed by this section shall be plainly marked with the name, street address and post office address of the person conducting the business.

Sec. 26-988. Peddlers—Selling or offering to sell to licensed dealers or retailers.

(a) Every person, other than a distributor or vendor of motor vehicle fuels and petroleum products, a farmer, a dealer in forest products, a producer or manufacturer, who or which shall call and deliver at the same time, or offer to sell in the City, other than at a definite place of business, goods, wares, manufactured products or merchandise to licensed dealers or retailers shall pay a license tax of $500.00 for each vehicle so used in the conduct of such business. The whole of the license tax shall be paid in one sum at the time the license is issued and shall not be prorated or transferred.

(b) Every vehicle used in the business licensed by this section shall have conspicuously displayed thereon the name of the person using the vehicle, together with the person's post office address, and the license provided for in this section shall at all times be conspicuously displayed on each vehicle.

(Code 1993, § 27-428; Code 2004, § 98-761; Code 2015, § 26-988)

Sec. 26-992. Professional services—First and second mortgage companies.

(a) Every person engaged in the business of operating a first and second mortgage company or mortgage banking company having an office or place of business in the City shall pay a license fee of $30.00 or a license tax equal to $0.29 per $100.00 of gross receipts of such business, as provided in Section 26-871.

(b) For the purpose of computing the license tax levied by subsection (a) of this section, the following shall be excluded from the gross receipts of such businesses:

(1) Repayments of loan principal and proceeds from the sale of mortgages to investors;

(2) Interest income, other than from mortgage loans secured by property in the City;

(3) For mortgage loans originated outside of the City, gross origination fees, gross appraisal fees, gross commitment fees and other gross receipts associated with the origination of such loans; and

(4) Gross mortgage interest with respect to loans secured by property outside the City.

(c) Notwithstanding subsection (b) of this section, taxable gross receipts shall include gross fees from loan servicing activities conducted in the City and gains, net of annual losses, from the sale of mortgage loans to investors, in both cases regardless of the origin of the loan.

Sec. 26-993. Receiving station for laundry, cleaning, pressing, repairing or servicing.

Every person engaged in the business of operating a place for receiving or delivering articles to be laundered, cleaned, pressed, repaired or serviced elsewhere shall pay a license fee of $30.00 or a license tax equal to $0.36 per $100.00 of the gross receipts of the business, as provided in Section 26-871. However, no tax shall be assessable against the gross receipts under this section if the person operating such place is the same person as the person who engages in the business of doing the laundry, cleaning, pressing, repairing or servicing elsewhere and the gross receipts of the business are included in the gross receipts of the business of the one who does the laundry, cleaning, pressing, repairing or servicing for the purpose of a license tax by the City.

(Code 1993, § 27-434; Code 2004, § 98-767; Code 2015, § 26-993)

Sec. 26-994. Restaurants.

(a) Every person engaged in the business of operating a restaurant, as defined in Section 26-872, shall obtain a license for the privilege of doing business in the City and shall pay a license fee of $30.00 or a license tax equal to $0.36 per $100.00 of the gross receipts of the business, as provided in Section 26-871.

(b) Every license issued under this section authorizes the licensee to sell, offer for sale, cook or otherwise furnish for compensation, at retail only and not for resale, diet, food or refreshments of any kind at the house or place of business of the licensee for consumption therein. Each house or definite place of business is required to obtain a separate license.

Sec. 26-995. Scaffolding.

Every person engaged in the business of furnishing, leasing, renting, erecting or removing any or all kinds of equipment used as scaffolding or its accessories shall pay a license fee of $30.00 or a license tax equal to $0.30 per $100.00 of the gross receipts of the business, as provided in Section 26-871.

(Code 1993, § 27-436; Code 2004, § 98-769; Code 2015, § 26-995)

Sec. 26-996. Schools.

Every person engaged in the business or profession of teaching music, photography, ceramics, dancing, bridge, cooking, language, mathematics, history or any other academic or technical subject, sewing, stenography,

typewriting, stenotyping, secretarial work, sales or expression, or conducting an academic or business or professional or technical school or a nursery school or kindergarten, or teaching persons to operate motor vehicles shall pay a license fee of $30.00 or a license tax equal to $0.36 per $100.00 of the gross receipts of the business or profession, as provided in Section 26-871.

(Code 1993, § 27-437; Code 2004, § 98-770; Code 2015, § 26-996)

Sec. 26-997. Secondhand dealers.

(a) Every person engaged in the business of buying, selling, bartering or exchanging used or secondhand clothing, hats, shoes, any other wearing apparel, electronic equipment, cameras, power tools and computers intended to be resold for use as such shall be deemed a secondhand dealer, and every secondhand dealer shall be duly licensed as a merchant and shall also obtain a permit from the Chief of Police in accordance with Section 26-875. Every permit issued to a secondhand dealer shall authorize such dealer to sell or offer for sale used or secondhand clothing, hats, shoes, any other wearing apparel, electronic equipment, cameras, power tools and computers intended to be resold for use as such to others at retail only and not for resale. A separate permit shall be required for each definite place of business.

(b) Every secondhand dealer selling only goods obtained through donations to or purchased directly from an organization identified by the Internal Revenue Service as a Section 501(c)(3) organization shall be exempt from subsections (f) through (h) of this section.

(c) Every secondhand dealer who purchases secondhand or used merchandise exclusively from legitimate jobbers or wholesalers by invoice shall pay the retail merchant's license tax prescribed by Section 26-967 for the privilege of doing such business in the City. The requirements of Section 26-967 are hereby made a part of this subsection as if set out at length, and the requirements thereof shall apply to each secondhand dealer who shall comply therewith.

(d) Every secondhand dealer who does not purchase secondhand or used merchandise exclusively from legitimate jobbers or wholesalers by invoice shall pay the retail merchant's license tax prescribed by Section 26-967 and shall pay an additional license tax of $75.00 for the privilege of doing such business in the City. The requirements of Section 26-967 are hereby made a part of this subsection as if set out at length, and the requirements thereof apply to each secondhand dealer who shall comply therewith.

(e) No secondhand dealer shall at any time or under any circumstances buy goods, wares or merchandise from a minor.

(f) Every person licensed under this section shall keep a permanent book in which shall be legibly written in ink in English at the time of the transaction the following:

(1) The name of each person from whom such secondhand merchandise is purchased;

(2) The date when the merchandise is purchased and received;

(3) The residence or place of business of the person from whom such secondhand merchandise was purchased; and

(4) A full description of the secondhand merchandise.

(g) Every person licensed under this section shall furnish daily to the Chief of Police, in the manner prescribed by the Chief, a full account of each identifiable item purchased. Identifiable items shall include, but not necessarily be limited to, items with a serial number, any items with a special marking such as an engraved Social Security number, any items identified by brand name or model number, or both, or any one-of-a-kind item. The prescribed manner of reporting shall require at least the following information:

(1) A full and complete list of all such articles bought, together with all marks, numbers, prints, letters and monograms on such articles;

(2) The name, address and date of birth of the seller of any such article;

(3) The seller's legible handwritten signature; and

(4) A current photograph in color of the seller in the format prescribed by the Chief of Police.

(h) Every person licensed under this section shall retain in such person's possession, open to the inspection of the Chief of Police or any police officer of the City, all articles purchased or acquired by such person for at least 15 days before disposing of the articles.

Sec. 26-998. Slot machine operators.

Every person engaged in the business of repairing, selling, leasing, renting or otherwise furnishing slot machines to others or placing slot machines with others shall be deemed to be a slot machine operator. Every slot machine operator shall pay a license fee of $30.00 or a license tax equal to $0.36 per $100.00 of the gross receipts of the business, as provided in Section 26-871.

(Code 1993, § 27-439; Code 2004, § 98-772; Code 2015, § 26-998)

Sec. 26-999. Soft drinks, mineral and aerated water bottling.

Every person engaged in the business of manufacturing and bottling soft drinks, minerals or aerated water shall pay a license tax to be ascertained in the following manner:

(1) If the total gross receipts of such business during the preceding year did not exceed $200,000.00, such person shall pay the sum of $300.00.

(2) If the total gross receipts of such business were more than $200,000.00 and did not exceed $500,000.00, such person shall pay the sum of $450.00.

(3) If the total gross receipts of such business were more than $500,000.00 and did not exceed $1,000,000.00, such person shall pay the sum of $600.00.

(4) If the total gross receipts of such business were more than $1,000,000.00, such person shall pay the sum of $1,500.00.

(Code 1993, § 27-440; Code 2004, § 98-773; Code 2015, § 26-999)

Sec. 26-1000. Stock and bond brokers.

(a) Every person, other than a National bank or bank or trust company organized under the laws of the State or a duly licensed and practicing attorney at law, who engages in the business of dealing in investment securities or of buying or selling for others, on commission or for other compensation, shares in any company or corporation, bonds, notes or other evidences of debt shall pay a license fee of $30.00 or a license tax equal to $0.58 per $100.00, as provided in Section 26-871, of the gross fees, brokerage and commissions and of the net operating receipts of the business from underwriting commitments, without deduction for any operating or overhead expenses of the licensee and without any deduction from gross receipts on account of a loss in net operating receipts of the business from underwriting commitments.

(b) Gross receipts of a security broker or security dealer for license tax purposes under this article shall not include amounts received by the broker or dealer that arise from the sale or purchase of a security to the extent that such amounts are paid to an independent registered representative as a commission on any sale or purchase of a security. The broker or dealer claiming the exclusion shall identify on the person's license application each independent registered representative to whom the excluded receipts have been paid and, if applicable, the jurisdictions in the Commonwealth to which the independent registered representative is subject to business license taxes.

Sec. 26-1001. Stock investment advisory or principal underwriter.

(a) Every person engaged within the City in the business of acting as an investment adviser for any investment company registered under the Investment Company Act of 1940, 15 USC 80a-1 et seq., shall pay a license fee of $30.00 or a license tax equal to $0.36 per $100.00 of the gross receipts of its investment advisory business, as provided in Section 26-871.

(b) Every person engaged within the City in the business of acting as a principal underwriter for an investment company registered under the Investment Company Act of 1940 shall pay a license fee of $30.00 or a license tax, as provided in Section 26-871, equal to $0.36 per $100.00 of the gross sales charges imposed by such principal underwriter on its execution of purchase orders for shares in any investment company or for investment company contractual plans for such shares. In calculating gross sales charges under this subsection, deductions shall be allowed a principal underwriter for concessions retained by securities dealers who have originated any purchase order.

(c) The terms "investment adviser" and "principal underwriter" used in subsection (a) or (b) of this section shall have the meaning given those terms in Section 2(a) of the Investment Company Act of 1940, 15 USC 80a-2(a), and any person claiming to be engaged in any such business shall furnish the City, upon request, such documents as the City may reasonably request concerning the character of the business being conducted.

(d) Every person engaged within the City in the business of rendering investment advice to or acting as principal underwriter for an investment company registered under the Investment Company Act of 1940 shall be subject only to the license taxes set forth in subsections (a) and (b) of this section in lieu of all other license taxes otherwise imposed under any other section of this Code or City ordinances.

(e) Dividend disbursing, dividend reinvestment, transfer of stock, mailing and similar services, when provided by any person who has been issued the license required by this section for engaging in business as investment adviser, as principal underwriter, or as investment adviser and principal underwriter for any investment company registered under the Investment Company Act of 1940 shall be deemed to be rendered in the regular conduct of the business. However, such sums as may be collected by such investment adviser or principal underwriter for such services (dividend disbursing, etc.) shall be excluded in determining the gross proceeds for the purpose of computing the license tax to be paid.

(Code 1993, § 27-442; Code 2004, § 98-775; Code 2015, § 26-1001)

Sec. 26-1002. Stone cutting and setting.

(a) Every person engaged in the business of accepting orders or contracts, on cost-plus basis or otherwise, for cutting or setting building stone, tombstones, monuments or other like work shall pay a license fee of $30.00 or a license tax equal to $0.36 per $100.00 of the gross receipts of the business, as provided in Section 26-871.

(b) Every person proposing to do work in the City under this section for which a permit must be obtained from any department, bureau or officer of the City shall, upon making application for such permit, exhibit to the official the City license authorizing such licensee to engage in the business for the year in which the permit is applied for and shall furnish to the official who has authority to grant or award the permit a list of subcontractors at the time of applying for the permit. The person shall furnish such list in writing immediately upon awarding the subcontract or contracts, and such person shall not allow the work under any subcontract to proceed until the subcontractor shall have exhibited to such person the subcontractor's City license to do business in the City for the current year. Thereupon, it shall be the duty of the officer granting the permit to record the number of such license and the name of the contractor exhibiting the license, as well as the year for which the license is granted, in a properly bound book kept for that purpose and to index the license in the name of such contractor. It shall be unlawful for any such officer to grant any permit to any person unless and until the license shall be exhibited as required and recorded and indexed as prescribed in this subsection.

(c) The official shall at once furnish a list of all subcontractors to the City license inspector, whose duty it shall be to see that all necessary licenses are secured by such subcontractors.

(Code 1993, § 27-443; Code 2004, § 98-776; Code 2015, § 26-1002)

Sec. 26-1003. Storage warehouses; businesses of icing or precooling.

Every person engaged in the business of operating a warehouse or place for the storage of merchandise, tobacco, furniture or other goods, wares or materials; or a cold storage warehouse; or engaged in the business of icing or precooling shall, for each warehouse or place of storage or place where the person engages in the business of icing or precooling, pay a license fee of $30.00 or a license tax equal to $0.36 per $100.00 of the gross receipts of the business, as provided in Section 26-871.

(Code 1993, § 27-444; Code 2004, § 98-777; Code 2015, § 26-1003)

Sec. 26-1004. Telegraph companies.

(a) Every person engaged in the telegraph business, for the privilege of doing business in the City, but not including any business done to or from points without the State and not including any business done for the government of the United States, its officers or agents, shall pay an annual license tax for such privilege of $3,000.00.

(b) Nothing in this section shall be construed to affect, impair or repeal the rights of the City under the ordinances of the City Council requiring telephone or telegraph companies to pay to the City annual compensation for the use of its streets, parks and alleys in the erection of posts or poles therein and the stringing of wires thereon or constructing conduits along or under the streets and alleys and running wires therein.

(Code 1993, § 27-445; Code 2004, § 98-778; Code 2015, § 26-1004)

Sec. 26-1005. Telephone companies.

(a) Every person engaged in the telephone business, for the privilege of doing business in the City, shall pay an annual license tax for such privilege of three percent of the gross receipts from all local telephone service within the City, including, but not limited to, the following:

(1) Wire maintenance plan;

(2) Optional customer package plans;

(3) Sale of telephone equipment; and

(4) Rental of telephone equipment.

Such gross receipts shall be based on the business done exclusively in the City.

(b) Excluded from the basis of the business license tax shall be the gross receipts from the following:

(1) Business done to and from points without the State; and

(2) Any business done for the United States government, its officers or agents.

(c) Nothing in this section shall be construed to affect, impair or repeal the rights of the City under the ordinances of the City Council requiring telephone or telegraph companies to pay to the City annual compensation for the use of its streets, parks, and alleys in the erection of posts or poles therein and the stringing of wires thereon or constructing conduits along or under the streets and alleys and running wires therein.

ARTICLE XVII. SHORT-TERM RENTAL TAX*

***State law reference—**Short-term rental tax, Code of Virginia, § 58.1-3510.4 et seq.

Sec. 26-1256. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Certificate of registration means a certificate issued by the Director of Finance which indicates the person named on the certificate is qualified as a short-term rental business, as defined in Code of Virginia, § 58.1-3510.4, and authorized to collect the daily rental tax from its customers and remit those taxes collected to the City. The certificate is not assignable and is valid only for the person in whose name it is issued and the place of business designated.

Gross proceeds means the total amount charged to each person for the rental of short-term rental property, excluding any State and local sales tax paid pursuant to the Virginia Retail Sales and Use Tax Act, Code of Virginia, § 58.1-600 et seq.

Short-term rental business means a business in which a person engaged in that business would be considered to be a person engaged in the short-term rental business under the provisions of Code of Virginia, § 58.1-3510.4(B).

Short-term rental property has the meaning ascribed to the term "short-term rental property" by Code of Virginia, § 58.1-3510.4(A).

(Code 1993, § 27-500; Code 2004, § 98-1001; Code 2015, § 26-1271; Ord. No. 2010-36-42, § 1, 2-22-2010)

Cross reference—Definitions generally, § 1-2.

Sec. 26-1257. Levied; amount.

(a) Pursuant to Code of Virginia, § 58.1-3510.6(A), there is hereby levied on the gross proceeds arising from rentals of any person engaged in the short-term rental business as defined in Code of Virginia, § 58.1-3510.4(B)(1) a tax of one percent.

(b) Pursuant to Code of Virginia, § 58.1-3510.6(B), there is hereby levied on the gross proceeds arising from rentals of any person engaged in the short-term rental business as defined in Code of Virginia, § 58.1-3510.4(B)(2) a tax of 1 1/2 percent.

(c) The tax levied pursuant to subsections (a) and (b) of this section shall be in addition to the tax levied pursuant to Code of Virginia, § 58.1-605. The imposition and collection of a short-term rental property tax pursuant to this section with respect to rental property shall be in lieu of taxation of such rental property as tangible personal property in the same tax year.

(Code 1993, § 27-500(a); Code 2004, § 98-1002; Code 2015, § 26-1272; Ord. No. 2010-36-42, § 1, 2-22-2010)

Sec. 26-1258. Taxation of rental property that is not daily rental property.

Except for daily rental vehicles pursuant to Code of Virginia, § 58.1-3510 and short-term rental property, rental property shall be classified, assessed and taxed as tangible personal property.

(Code 1993, § 27-501; Code 2004, § 98-1003; Code 2015, § 26-1273; Ord. No. 2010-36-42, § 1, 2-22-2010)

State law reference—Similar provisions, Code of Virginia, § 58.1-3510.6(E).

Sec. 26-1259. Collection, return and remittance.

Every person engaged in the short-term rental business shall collect the rental tax from the lessee of the daily rental property at the time of the rental. The lessor of the daily rental property shall transmit a quarterly return to the Director of Finance, indicating the gross proceeds derived from the short-term rental business, and shall remit therewith the payment of such tax as is due for the quarter. The quarterly returns and payment of the tax shall be filed with the Director of Finance on or before April 15, July 15, October 15 and January 15 representing, respectively, the gross proceeds and taxes collected during the preceding quarters ending March 31, June 30, September 30 and December 31. The return shall be upon such forms and shall set forth such information as the Director of Finance may require, showing the amount of gross receipts and the tax required to be collected. The taxes required to be collected under this article shall be deemed to be held in trust by the person required to collect such taxes until remitted as required in this article.

(Code 1993, § 27-502; Code 2004, § 98-1004; Code 2015, § 26-1274; Ord. No. 2010-36-42, § 1, 2-22-2010)

State law reference—Similar provisions, Code of Virginia, § 58.1-3510.6(C).

Sec. 26-1260. Exclusions and exemptions.

No tax shall be collected or assessed on rentals by the Commonwealth, any political subdivision of the Commonwealth or the United States, or any rental of durable medical equipment as defined in Code of Virginia, § 58.1-609.10(10). Additionally, all exemptions applicable to the Virginia Retail Sales and Use Tax Act, Code of Virginia, § 58.1-600 et seq., shall apply mutatis mutandis to the short-term rental property tax.

(Code 1993, § 27-503; Code 2004, § 98-1005; Code 2015, § 26-1275; Ord. No. 2010-36-42, § 1, 2-22-2010)

State law reference—Similar provisions, Code of Virginia, § 58.1-3510.5(C).

Sec. 26-1261. Certificate of registration.

(a) Every person engaging in the short-term rental business shall file an application for a certificate of registration with the Director of Finance. The application shall be on a form prescribed by the Director of Finance and shall set forth the name under which the applicant intends to operate the rental business, the location of the business, the subdivision of Code of Virginia, § 58.1-3510.4(B) under which the business asserts that it is qualified and such other information as the Director of Finance may require.

(b) Each applicant shall sign the application as owner of the rental business. If the rental business is owned by an association, partnership or corporation, the application shall be signed by a member, partner, executive officer or other person specifically authorized by the association, partnership or corporation to sign.

(c) Upon approval of the application by the Director of Finance, a certificate of registration shall be issued. The certificate shall be conspicuously displayed at all times at the place of business for which it is issued.

(d) The certificate is not assignable and shall be valid only for the person in whose name it is issued and the place of business designated.

(e) A person who has not previously been engaged in the short-term rental business who applies for a certificate of registration pursuant to this section shall be eligible for registration upon such person's certification that such person anticipates meeting the requirements of a specific subdivision of Code of Virginia, § 58.1-3510.4(B), designated by the applicant at the time of application, during the year for which registration is sought.

(f) In the event the Director of Finance makes a written determination that a rental business previously certified as a short-term rental business pursuant to this article has failed to meet either of the tests set forth in Code of Virginia, § 58.1-3510.4(B) during a preceding tax year, such business shall lose its certification as a short-term rental business and shall be subject to the business personal property tax with respect to all rental property for the tax year in which such certification is lost and any subsequent tax years until such time as the rental business obtains recertification pursuant to this subsection. In the event that a rental business loses its certification as a short-term rental business pursuant to this subsection, such business shall not be required to refund to customers daily rental property taxes previously collected in good faith and shall not be subject to assessment for business personal property taxes with respect to rental property for tax years preceding the year in which the certification is lost unless the Director of Finance makes a written determination that the business obtained its certification by knowingly making materially false statements in its application, in which case the Director of Finance may assess the taxpayer the amount of the difference between short-term rental property taxes remitted by such business during the period in which the taxpayer wrongfully held certification and the business personal property taxes that would have been due during such period but for the certification obtained by the making of the materially false statements. Any such assessment, and any determination not to certify or to decertify a rental business as a short-term rental business as defined in this subsection, may be appealed pursuant to the procedures and requirements set forth in the Code of Virginia, § 58.1-3983.1 for appeals of local business taxes, which shall apply mutatis mutandis to such assessments and certification decisions.

(g) A rental business that has been decertified pursuant to the provisions of subsection (f) of this section shall be eligible for recertification for a subsequent tax year upon a showing that it has met one of the tests provided in Code of Virginia, § 58.1-3510.4(B) for at least ten months of operations during the present tax year.

(Code 1993, § 27-504; Code 2004, § 98-1006; Code 2015, § 26-1276; Ord. No. 2010-36-42, § 1, 2-22-2010)

State law reference—Similar provisions, Code of Virginia, § 58.1-3510.4.

ARTICLE XVIII. CIGARETTE TAX*

***State law reference**—Local excise tax on cigarette authorized, Code of Virginia, § 58.1-3849; local cigarette tax not prohibited, Code of Virginia, § 58.1-3830; local cigarette tax ordinances, Code of Virginia, § 58.1-3832.

Sec. 26-1276. Definitions.

The following words, terms, and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Cigarette means any slender roll of cut tobacco enclosed in paper and meant to be smoked.

Dealer means any manufacturer, jobber, wholesaler, or other person who supplies a seller with cigarettes.

Director means the Director of Finance or the designee thereof.

Package means any box, can, or other container of any cigarettes, regardless of the material from which such container is made, to which the internal revenue stamp of the United States government is required or was formerly required to be affixed and in which retail sales of such cigarettes are normally made or intended to be made.

Purchaser means any person to whom ownership of any cigarettes is transferred by a seller within the corporate limits of the City.

Sale means any act or transaction, regardless of the method or means employed, including the use of vending machines and other mechanical devices, whereby ownership of any cigarettes is transferred from the seller to any other person within the corporate limits of the City.

Seller means any person who transfers ownership of any cigarettes, or in whose place of business title to any cigarettes is transferred, within the corporate limits of the City, for any purpose other than resale.

Stamp means a small gummed piece of paper or decalcomania to be sold by the Director and to be affixed to every package of cigarettes sold to dealers or sellers in the City and any insignia or symbols printed by a meter machine upon any such package under the authorization of the Director.

(Code 2015, § 26-1277; Ord. No. 2019-059, § 1, 5-13-2019)

Sec. 26-1277. Levy and rate; penalty for nonpayment.

(a) *Levy and rate*. In addition to all other taxes of every kind now or hereinafter imposed by any other ordinance or law, there is hereby levied and imposed by the City upon the sale of each cigarette within the City a tax of $0.025 per cigarette. The seller and dealer shall pay the amount of such tax, if not previously paid, in the manner and at the time provided for in this article; provided, however, that the tax payable for each cigarette sold within the City only shall be paid once.

(b) *Penalty for nonpayment*. For any amount of the tax imposed herein found to be overdue and unpaid, there shall be a penalty for such late payment in the amount of ten percent, not to exceed an amount equal to ten percent per month, and interest of nine percent per year, upon any tax found to be overdue and unpaid.

(Code 2015, § 26-1278; Ord. No. 2019-059, § 1, 5-13-2019)

Sec. 26-1278. Method of payment.

(a) The tax imposed by this article shall be paid by affixing or causing to be affixed a stamp or stamps, of proper denominational or face value, to each package of cigarettes sold within the City, in the manner and at the time or times provided for in this article. Every dealer and seller in the City shall have the right to buy such stamps from the Director and to affix the same to packages of cigarettes as provided in this article.

(b) The Director is authorized to permit the payment of the tax levied and imposed by this article by the method of placing imprints of the stamps upon original packages by the use of meter machines, in lieu of the method of paying such tax by the purchase and affixing of gummed stamps, and to prescribe and enforce the necessary regulations setting forth the method to be employed and the conditions to be observed in the use of such meter machines.

(Code 2015, § 26-1279; Ord. No. 2019-059, § 1, 5-13-2019)

Sec. 26-1279. Discount for heat-applied cigarette tax stamps.

For the purpose of making stamps available for use, the Director shall prescribe, prepare, and sell stamps of such denominations and in such quantities as may be necessary for the payment of the tax imposed by this article. In the sale of such stamps, the Director shall allow a discount of four percent of the denominational or face value thereof to cover the costs which will be incurred in affixing the stamps to packages of cigarettes. In the event the printing by an authorized meter machine is used in lieu of gummed stamps, there shall be no discount given on the denominational or face value of the imprints of such stamps so printed by the meter machine.

(Code 2015, § 26-1279.1; Ord. No. 2020-006, § 1(26-1279.1), 1-27-2020)

Sec. 26-1280. Stamps generally; visibility of stamps or meter marking; altering design of stamps; use of dual die or stamp by wholesaler; refund for unused stamps.

(a) *Generally.* For the purpose of making stamps available for use, the Director shall prepare and sell stamps of such denominations and in such quantities as may be necessary for the payment of the taxes imposed by this article.

(b) *Visibility of stamps or meter markings.* Stamps or the printed markings of a meter machine shall be placed upon each package of cigarettes in such manner as to be readily visible to the purchaser.

(c) *Altering design of stamps.* The Director may, from time to time, and as often as the Director may deem necessary, provide for the issuance and exclusive use of stamps of a new design and forbid the use of stamps of any other design.

(d) *Use by wholesaler of dual die or stamp to evidence payment.* The Director may enter into an arrangement with the Virginia Department of Taxation under which any tobacco wholesaler who so desires may use a dual die or stamp to evidence the payment of both the tax levied by this article and the state tax on cigarettes.

(e) *Refund for unused stamps or meter imprints.* Any person who, after acquiring from the Director any stamps provided for in this article, ceases to be engaged in a business necessitating the use thereof or if any such stamps become mutilated and unfit for use other than by a violation of this article, such person shall be entitled to a refund of the purchase price of any stamps so acquired and not used by such person upon presenting such stamps to the Director and furnishing the Director with an affidavit showing, to the Director's satisfaction, that such stamps were acquired by such person and have not in any manner been used and the reason for requesting such refund. In the case of any authorized meter machine, if any imprints of such machine have been paid for but have not been used, such person shall, upon furnishing the Director with an affidavit, be entitled to a refund of the denominational or face amount thereof.

(Code 2015, § 26-1280; Ord. No. 2019-059, § 1, 5-13-2019)

Sec. 26-1281. Duties of dealers and sellers with respect to stamps.

(a) Every local dealer in cigarettes is hereby required, and it shall be such dealer's duty, to purchase such stamps from the Director as shall be necessary to pay the tax levied and imposed by this article and shall affix, or cause to be affixed, a stamp or stamps of the monetary value prescribed by this article to each package of cigarettes prior to delivering or furnishing such cigarettes to any seller. Nothing in this section shall preclude any dealer from using a stamp meter machine in lieu of gummed stamps to effectuate the provisions of this article.

(b) Every seller shall examine each package of cigarettes prior to exposing the same for sale for the purpose of ascertaining whether such package has the proper stamps affixed thereto or imprinted thereon as provided by this article. If, upon such examination, the seller discovers unstamped or improperly stamped packages of cigarettes, the seller, where such cigarettes were obtained from a local dealer, shall immediately notify such dealer, and, upon such notification, such dealer shall either affix to or imprint upon such unstamped or improperly stamped packages the proper amount of stamps or shall replace such packages with others to which stamps have been properly affixed or imprinted thereon.

(c) If a seller should obtain or acquire possession from any person, other than a local dealer, of any stamped or improperly stamped cigarettes, such seller shall, before selling or offering such cigarettes for sale in the City, purchase from the Director and affix or cause to be affixed to such packages of cigarettes the proper stamps, covering the tax imposed by this article.

(Code 2015, § 26-1281; Ord. No. 2019-059, § 1, 5-13-2019)

Sec. 26-1282. Seizure and disposal of unstamped cigarettes—Generally.

(a) If the Director discovers any cigarettes, in quantities of more than six cartons, within the City that are subject to the tax imposed by this article and upon which the tax has not been paid, upon which stamps have not been affixed, or evidence of such tax payment is not shown by the printed markings of an authorized meter machine as required by this article, the Director may seize and confiscate such cigarettes, which shall be deemed to be forfeited to the City, and may, after providing notice of such seizure to the known holders of property interests in such property in the manner set forth in subsection (b) of this section, provide for the sale of such forfeited cigarettes. No credit from such sale shall be allowed toward any tax or penalties and interest owed, nor shall such seizure and sale deemed to relieve any person from any fine or other penalty provided for the violation of the provisions of this article. All monies collected under the provisions of this section shall be paid to the City. The mere possession of untaxed cigarettes in quantities of not more than six cartons shall not be a violation of any provision of this article.

(b) All cigarettes seized and confiscated according to subsection (a) of this section shall be deemed to be forfeited to the City. The Director shall provide for notice of such seizure and confiscation to the known holders of property interests in the cigarettes. Such notice shall be given to known holders of property interests, if any, by certified mail and by written notice posted at the court house of the Circuit Court of the City of Richmond at least seven days before the date of sale. Such notice shall contain the time and place at which the sale is to occur and, as set forth in the rules and regulations prepared by the Director, procedures for administrative appeal, as well as affirmative defenses that may be asserted by such holders.

(Code 2015, § 26-1282; Ord. No. 2019-059, § 1, 5-13-2019)

Sec. 26-1283. Seizure and disposal of unstamped cigarettes—Cigarettes in transit.

(a) Cigarettes found in quantities of more than six cartons within the City shall be presumed for sale or use within the City and may be seized and confiscated by the Director if:

(1) Such cigarettes are in transit and are not accompanied by a bill of lading or other document indicating the true name and address of the seller or purchaser and the brands and quantity of cigarettes so transported, or are in transit and accompanied by a bill of lading or other document that is false or fraudulent, in whole or in part;

(2) Such cigarettes are in transit and are accompanied by a bill of lading or document indicating:

a. A consignee or purchaser in another state or the District of Columbia who is not authorized by the law of such other jurisdiction to receive or possess such cigarettes on which the taxes imposed by such other jurisdiction have not been paid, unless the tax of the state or district of destination has been paid and the said cigarettes bear the tax stamps of that jurisdiction; or

b. A consignee or purchaser in the Commonwealth of Virginia, but outside of the City, who does not possess a Virginia sales and use tax certificate, a Virginia retail tobacco license and, where applicable, both a business license and retail cigarette license issued by the local jurisdiction of destination; or

(3) Such cigarettes are not in transit, the tax imposed by this article has not been paid, and no approved arrangement for payment has been made, provided that this subdivision shall not apply to cigarettes in the possession of distributors or public warehouses that have filed notice and appropriate proof with the Director that those cigarettes are temporarily within the City and will be sent to consignees or purchasers outside the City in the normal course of business.

(b) Cigarettes seized and confiscated pursuant to this section shall be deemed to be forfeited to the City as contraband property, and the Director may provide for the sale of such forfeited cigarettes in the same manner as provided for the sale of cigarettes as set forth in Section 26-1282 and subject to the notice requirements set forth in Section 26-1286(b).

(Code 2015, § 26-1283; Ord. No. 2019-059, § 1, 5-13-2019)

Sec. 26-1284. Dealer's and seller's records; examination of records.

Every local dealer and seller shall maintain and keep, for a period of two years, such records, books, and invoices of cigarettes sold and delivered by such dealer or seller as may be required by the Director and shall make

all such records available for examination by the Director, upon demand, at all reasonable times. The Director may examine such records, books, invoices, and any and all cigarettes at any location where the same are, as applicable, placed, stored, sold, offered for sale, or displayed for sale by a local dealer or seller.

(Code 2015, § 26-1284; Ord. No. 2019-059, § 1, 5-13-2019)

Sec. 26-1285. Rules and regulations for enforcement and administration of article.

The Director shall prepare rules and regulations for the administration and enforcement of the provisions of this article. Such rules and regulations shall include the procedures for administrative appeal and the affirmative defenses that may be asserted by holders of property interests.

(Code 2015, § 26-1285; Ord. No. 2019-059, § 1, 5-13-2019)

Sec. 26-1286. Violations of article—Generally.

(a) Any person violating any of the provisions of this article shall be deemed guilty of a Class 1 misdemeanor. Conviction and punishment for such violation shall not relieve any person from the payment of any tax imposed by this article. In addition, any person who shall commit any fraudulent act or fail to perform any act for the purpose of evading the payment of any tax imposed by this article shall be required to pay a penalty in the amount of ten percent, and interest of nine percent per year, upon any tax found to be overdue and unpaid.

(b) In accordance with Section 1-16(c), each day that any violation of, or noncompliance with, any of the provisions of this article continues shall constitute a separate offense.

(Code 2015, § 26-1286; Ord. No. 2019-059, § 1, 5-13-2019)

Sec. 26-1287. Violations of article—Prohibited acts.

It shall be unlawful for any person:

(1) To perform any act or fail to perform any act for the purpose of evading the payment of any tax imposed by this article or of any part thereof; or for any dealer or seller, with the intent to violate any provision of this article, to fail or refuse to perform any of the duties imposed upon such dealer or seller under the provisions of this article or to fail or refuse to comply with requests made by the Director in accordance with this article or other applicable law.

(2) To falsely or fraudulently make, forge, alter, or counterfeit any stamp or the printed markings of any meter machine, to procure or cause to be made, forged, altered, or counterfeited any such stamp or printed markings of a meter machine, or knowingly and willfully to alter, publish, pass, or tender as true any false, altered, forged, or counterfeited stamp or stamps or printed markings of a meter machine.

(3) To sell any cigarettes upon which the tax imposed by this article has not been paid and upon which evidence of payment thereof is not shown on each package of cigarettes.

(4) To reuse or refill with cigarettes any package from which cigarettes, for which the tax imposed has been paid, have been removed.

(5) To remove from any package any stamp or the printed markings of a meter machine with the intent to use or cause such stamp or printed markings to be used after the same have been used, or to buy, sell, offer for sale, or give away, any used, removed, or restored stamps or printed markings of a meter machine, to any person, or to reuse any stamp or printed markings of a meter machine that has been used for evidence of the payment of any tax prescribed by this article, or, except as to the Director, to sell or offer to sell any stamp or printed markings of a meter machine provided for in this article.

State law reference—Vehicles and traffic generally, Code of Virginia, § 46.2-100 et seq.

ARTICLE I. IN GENERAL

Sec. 27-1. Official title.

This chapter shall be known as the Traffic Code of the City of Richmond and may be so cited.

(Code 1993, § 28-1; Code 2004, § 102-1; Code 2015, § 27-1)

Sec. 27-2. Adoption of State law by reference.

(a) Pursuant to the authority granted in Code of Virginia, § 46.2-1313, all of the provisions and requirements of the laws of the Commonwealth contained in Code of Virginia, Title 46.2 (Code of Virginia, § 46.2-100 et seq.); Code of Virginia, Title 16.1, Ch. 11, Art. 9 (Code of Virginia, § 16.1-278 et seq.); and Code of Virginia, Title 18.2, Ch. 7, Art. 2 (Code of Virginia, § 18.2-266 et seq.), and all future amendments to such laws, except those provisions and requirements the violation of which constitutes a felony and except those provisions and requirements which, by their very nature, can have no application to or within the City, are hereby adopted and incorporated into this section by reference and made applicable within the City.

(b) References to "highways of the State" or "Commonwealth" contained in such provisions and requirements hereby adopted shall be deemed to refer to the streets, highways and other public ways within the City. Such provisions and requirements are hereby adopted, mutatis mutandis, and made a part of this section as fully as though set forth at length herein, and it shall be unlawful for any person, within the City, to violate, or fail, neglect or refuse to comply with any provision of Code of Virginia, Title 46.2 (Code of Virginia, § 46.2-100 et seq.); Code of Virginia, Title 16.1, Ch. 11, Art. 9 (Code of Virginia, § 16.1-278 et seq.); and Code of Virginia, Title 18.2, Ch. 7, Art. 2 (Code of Virginia, § 18.2-266 et seq.), which is adopted by this section; provided that in no event shall the penalty imposed for the violation of any provision or requirement hereby adopted exceed the penalty imposed for a similar offense under Code of Virginia, Title 46.2 (Code of Virginia, § 46.2-100 et seq.); Code of Virginia, Title 16.1, Ch. 11, Art. 9 (Code of Virginia, § 16.1-278 et seq.); and Code of Virginia, Title 18.2, Ch. 7, Art. 2 (Code of Virginia, § 18.2-266 et seq.).

(c) All definitions of words and phrases contained in such provisions and requirements adopted in subsections (a) and (b) of this section shall apply to such words and phrases when used in this chapter unless clearly indicated to the contrary.

(Code 1993, § 28-2; Code 2004, § 102-2; Code 2015, § 27-2; Ord. No. 2004-263-248, § 1, 9-27-2004)

Sec. 27-3. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Chief means the Chief of Police of the Department of Police.

Commercial or delivery vehicle means a loaded or empty motor vehicle designed or regularly used for carrying freight, merchandise, or more than ten passengers, including buses.

Police officer means a law enforcement officer, as defined in Code of Virginia, Title 46.2 (Code of Virginia, § 46.2-100 et seq.).

(Code 1993, § 28-3; Code 2004, § 102-3; Code 2015, § 27-3)

Cross reference—Definitions generally, § 1-2.

Sec. 27-4. Disposition of fines and forfeitures.

All fines or forfeitures collected upon conviction or upon a forfeiture of bail of any person charged with a violation of any section of this chapter shall be paid into the City treasury.

(Code 1993, § 28-4; Code 2004, § 102-4; Code 2015, § 27-4)

Charter reference—Disposition of fines, § 2.04(g).

Sec. 27-5. Report of conviction sent to State.

The clerk of the court trying a person charged with an offense under this chapter shall keep a full record of every case. If such person is convicted or the person's bail is forfeited, an abstract of such record shall be sent promptly by such clerk to the State Department of Motor Vehicles.

(Code 1993, § 28-5; Code 2004, § 102-5; Code 2015, § 27-5)

Sec. 27-6. Form and certification of abstracts.

(a) Abstracts required by Section 27-5 shall be made upon forms prepared by the State Department of Motor Vehicles and shall include all necessary information as to the following:

(1) The parties to the case;

(2) The nature of the offense;

(3) The date of the hearing;

(4) The plea;

(5) The judgment;

(6) The amount of the fine or forfeiture, as the case may be; and

(7) The residence address or whereabouts of the defendant.

(b) Every such abstract shall be certified by the clerk as a true abstract of the records of the court.

(Code 1993, § 28-6; Code 2004, § 102-6; Code 2015, § 27-6)

Sec. 27-7. Applicability of chapter to vehicles regardless of ownership.

The sections of this chapter applicable to the drivers of vehicles upon the highways shall apply to the drivers of all vehicles regardless of ownership, subject to such specific exceptions as are set forth in this chapter.

(Code 1993, § 28-7; Code 2004, § 102-7; Code 2015, § 27-7)

State law reference—Similar provisions, Code of Virginia, § 46.2-801.

Sec. 27-8. Applicability of chapter to City property.

This chapter and the authority, powers and duties of the Chief of Police and police officers under this chapter shall extend and shall be applicable to and exercised and performed on any property or area owned or used by the City or leased or permitted by the City to be used by others.

(Code 1993, § 28-8; Code 2004, § 102-8; Code 2015, § 27-8)

Sec. 27-9. Reimbursement of expenses incurred in responding to DUI and other traffic accidents or incidents.

(a) A person convicted of violating any of the following provisions shall be liable in a separate civil action for reasonable expenses incurred by the City or by any volunteer rescue squad, or both, when providing an appropriate emergency response to any accident or incident related to such violation. Personal liability under this section for reasonable expenses of an appropriate emergency response shall not exceed $1,000.00 in the aggregate for a particular accident or incident occurring in the City.

(1) The provisions of Code of Virginia, § 18.2-51.4, 18.2-266 or 29.1-738 or a similar City ordinance, when such operation of a motor vehicle, engine, train or watercraft while so impaired is the proximate cause of the accident or incident;

(2) The provisions of Code of Virginia, Title. 46.2, Ch. 8, Art. 7 (Code of Virginia, § 46.2-852 et seq.), relating to reckless driving, when such reckless driving is the proximate cause of the accident or incident; and

(3) The provisions of Code of Virginia, § 46.2-894, relating to improperly leaving the scene of an accident.

(b) In determining "reasonable expenses," the City may bill a flat fee of $250.00 or a minute-by-minute accounting of the actual costs incurred. As used in this section, the term "appropriate emergency response" includes all costs of providing law enforcement, firefighting, rescue, and emergency medical services. The court may order as restitution the reasonable expenses incurred by the City for firefighting, rescue and emergency medical services.

(c) The Department of Police shall compile a report of the reasonable expenses of the appropriate emergency response for each accident or incident and forward that information to the Department of Finance for appropriate proceedings. The Department of Fire and Emergency Services shall have the same reporting requirements except for accidents or incidents for which restitution is sought.

(Code 2004, § 102-9; Code 2015, § 27-9; Ord. No. 2005-238-217, § 1, 10-10-2005)

State law reference—Authority for above section, Code of Virginia, § 15.2-1716.

Sec. 27-10. Video-monitoring system on school buses.

The School Board of the City of Richmond, Virginia is hereby authorized to install and operate a video-monitoring system, as defined by Code of Virginia, § 46.2-844, in or on the school buses operated by the School Board or to contract with a private vendor to do so on behalf of the School Board for the purpose of recording violations of Code of Virginia, § 46.2-844(A).

ARTICLE II. MISCELLANEOUS OFFENSES

Sec. 27-37. Boarding or alighting from vehicles.

No person shall board or alight from any vehicle while such vehicle is in motion.

(Code 1993, § 28-21; Code 2004, § 102-41; Code 2015, § 27-37)

State law reference—Boarding or alighting from buses, Code of Virginia, § 46.2-927.

Sec. 27-38. Unlawful riding; interference with driver's control.

(a) No person shall ride on any vehicle upon any portion thereof not designed or intended for the use of passengers. This section shall not apply to an employee engaged in the necessary discharge of a duty or to persons riding within truck bodies in space intended for merchandise.

(b) No passenger in a vehicle shall ride in such a position as to interfere with the driver's control over the driving mechanism of the vehicle. The Chief of Police may require the installation of such white markers in public transit vehicles designating places where passengers shall not stand or ride as are necessary to give the driver full visibility.

State law reference--Driving with driver's view obstructed or control impaired, Code of Virginia, § 46.2-855.

Sec. 27-39. Throwing or propelling parcels, bundles or other articles from moving vehicles.

It shall be unlawful for any person to throw or propel or cause to be thrown or propelled any parcel, bundle, package or any other article from any moving vehicle in, over or across any street, sidewalk, alley or other public place of the City.

(Code 1993, § 28-23; Code 2004, § 102-43; Code 2015, § 27-39)

Sec. 27-40. Automobile cruising.

(a) No person shall drive or permit a motor vehicle under his care, custody, or control to be driven past a traffic control point three or more times within a two-hour period from 6:00 p.m. to 4:00 a.m. Monday through Sunday, in or around a posted no cruising area so as to contribute to traffic congestion; obstruction of streets, sidewalks, parking lots, or public vehicular areas; impediment of access to shopping centers or other buildings open to the public; or interference with the use of property or conduct of business in the area adjacent thereto.

(b) At every point where a public street or alley becomes or provides ingress to a no-cruising area, there shall be posted a sign which designates "No-Cruising" areas and times.

(c) The term "traffic control point," as used in this section, means any point or points within the no-cruising area established by the local law enforcement agency for the purpose of monitoring cruising.

(d) No violations shall occur except upon the third passage past the same traffic control point within a two-hour period.

(e) No area shall be designated or posted as a no-cruising area except upon the passage of a resolution by the City Council specifically requiring such designation and posting for a particular area.

(f) This section shall not apply to in-service emergency vehicles, taxicabs for hire, buses, and other vehicles being used for business purposes.

(g) Where there is a violation of any provision of this section, a law enforcement officer shall charge such violation on the uniform traffic summons form. Any person violating this section shall, upon conviction, be subject to a fine of $25.00. Any person convicted of a second or subsequent violation of this section shall be punished by a fine of not less than $50.00 nor more than $100.00 for each succeeding violation. No assignment of demerit points shall be made under Code of Virginia, Title 46.2, Ch. 3, Art. 19 (Code of Virginia, § 46.2-489 et seq.) for any violation of this section.

(Code 1993, § 28-24.1; Code 2004, § 102-45; Code 2015, § 27-40; Ord. No. 2004-226-223, § 1, 8-4-2004)

State law reference—Regulation or prohibition of vehicular traffic on certain privately owned public parking areas and driveways, Code of Virginia, § 46.2-1219.1.

Sec. 27-41. Distracted driving.

(a) It is unlawful for any person, while driving a moving motor vehicle on the highways to hold a handheld personal communications device.

(b) The provisions of this section shall not apply to:

(1) The operator of any emergency vehicle while he is engaged in the performance of his official duties;

(2) An operator who is lawfully parked or stopped;

(3) Any person using a handheld personal communications device to report an emergency;

(4) The use of an amateur or a citizens band radio; or

(5) The operator of any Department of Transportation vehicle or vehicle operated pursuant to the Department of Transportation safety service patrol program or pursuant to a contract with the Department of Transportation for, or that includes, traffic incident management services as defined in Code of Virginia, § 46.2-920.1(B) during the performance of traffic incident management services.

(c) A violation of this section is a traffic infraction punishable, for a first offense, by a fine of $125.00 and, for a second or subsequent offense, by a fine of $250.00. If a violation of this section occurs in a highway work zone, it shall be punishable by a mandatory fine of $250.00.

(d) The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Emergency vehicle means:

(1) Any law enforcement vehicle operated by or under the direction of a Federal, State, or local law enforcement officer while engaged in the performance of official duties;

(2) Any regional detention center vehicle operated by or under the direction of a correctional officer responding to an emergency call or operating in an emergency situation;

(3) Any vehicle used to fight fire, including publicly owned state forest warden vehicles, when traveling in response to a fire alarm or emergency call;

(4) Any emergency medical services vehicle designed or used for the principal purpose of supplying resuscitation or emergency relief where human life is endangered;

(5) Any Department of Emergency Management vehicle or Office of Emergency Medical Services vehicle, when responding to an emergency call or operating in an emergency situation;

(6) Any Department of Corrections vehicle designated by the Director of the Department of Corrections, when (i) responding to an emergency call at a correctional facility, (ii) participating in a drug-related investigation, (iii) pursuing escapees from a correctional facility, or (iv) responding to a request for assistance from a law enforcement officer; and

(7) Any vehicle authorized to be equipped with alternating, blinking, or flashing red or red and white secondary warning lights pursuant to Code of Virginia, § 46.2-1029.2.

Highway work zone means a construction or maintenance area that is located on or beside a highway and is marked by appropriate warning signs with attached flashing lights or other traffic control devices indicating that work is in progress.

(Code 2015, § 27-40.1; Ord. No. 2019-288, § 1(27-40.1), 12-9-2019)

Editor's note—This section is not effective until January 1, 2021, as the acts that it tracks are not effective until that date.

Sec. 27-42. Penalty for violation.

It shall be unlawful for any person to violate any section of this chapter. Every person convicted of any such violation, for which no other penalty is provided, shall be guilty of a traffic infraction punishable by a fine of not more than $100.00.

(Code 1993, § 28-25; Code 2004, § 102-46; Code 2015, § 27-41)

State law reference—Similar provisions, Code of Virginia, § 46.2-113.

Secs. 27-43—27-70. Reserved.

ARTICLE III. TRAFFIC CONTROL SIGNS, SIGNALS AND MARKERS

Sec. 27-71. Authority of Chief of Police.

(a) The Chief of Police is hereby authorized and directed to:

(1) Make, promulgate and enforce rules and regulations to prohibit other than one-way vehicular traffic upon highways;

(2) Regulate the use of highways by processions or assemblages;

(3) Require all vehicles to come to a full stop at any highway intersection; and

(4) Repeal, amend or modify any rule or regulation made and promulgated under this chapter.

(b) The Chief is further authorized to erect and maintain such appropriate signs, markers, semaphores, signals or other devices as may be deemed necessary to enforce the rules and regulations made and promulgated to regulate and control vehicular traffic and travel upon highways by pedestrians and to execute the sections of this chapter. The Chief shall also have the authority to designate private driveways as either "entrances" or "exits." When the property owner or lessee is notified in writing of such designation, such owner or lessee shall install appropriate signs in accordance with specifications drawn by the City Traffic Engineer, and the drivers of all vehicles using such highways shall obey such signs.

(c) Unless otherwise provided, any person violating any rule or regulation made and promulgated by the

Chief to regulate and control vehicular traffic shall be punished in accordance with Section 27-42, and any person violating any rule or regulation made and promulgated by the Chief to regulate and control travel upon highways by pedestrians shall be punished upon conviction by a fine not exceeding that provided for a traffic violation, each such violation constituting a separate offense. However, no such rule or regulation shall be deemed to be violated if, at the time of the alleged violation, the designation, signal, semaphore, sign or other device placed in conformity with this section was missing, out of order, effaced, mutilated or defaced, so that an ordinarily observant person, under the named circumstances, would not be apprised of or aware of the existence of such rule or regulation.

State law reference—Regulation of pedestrians by signs, etc., Code of Virginia, § 46.2-935.

Sec. 27-72. Approval of barriers or signs.

No person, public utility or any City department shall erect or place any barrier or sign on any street or sidewalk, unless first authorized by the Chief or the City Traffic Engineer.

(Code 1993, § 28-72; Code 2004, § 102-82; Code 2015, § 27-72)

Sec. 27-73. Unlawful erection, maintenance or operation of certain devices, structures or lights.

(a) It shall be unlawful for any person to erect, maintain or operate any advertising device, structure or light on any property or highway in the City which:

(1) Is primarily designed for the purpose of distracting the attention of drivers of vehicles by flashing lights, movement of objects or emission of blatant sound;

(2) Is illuminated in such manner as to interfere with the vision of drivers of vehicles or pedestrians; or

(3) Resembles or is operated to resemble traffic control signals, lights or signs authorized to be erected, maintained or operated on the streets pursuant to this chapter or other provision of law. Every person who erects, maintains or operates any such device, structure or light shall remove it from such property or street or otherwise render it inoperative when ordered by the Chief to do so, and it shall be unlawful for any such person to fail, refuse or neglect to comply with the order of the Chief.

(b) It shall be unlawful for any person to erect, place, maintain or operate on any property or highway in the City any sign or device of any kind designed to regulate or control vehicular traffic on any highway or to warn operators of vehicles on any highway. Every such sign or device shall be removed by such person, when ordered by the Chief to do so, and it shall be unlawful for any such person to fail, refuse or neglect to do so when ordered. Nothing in this section shall be construed to amend, modify or repeal any of the sections of this article or other similar law or ordinance.

ARTICLE IV. INSPECTION, LICENSING AND REGISTRATION*

***State law reference—**Registration and licensing, Code of Virginia, § 46.2-600 et seq.; inspection and inspection stations, Code of Virginia, § 46.2-1157.

Sec. 27-105. Motor vehicle license tax.

(a) Pursuant to authority conferred in Code of Virginia, § 15.2-973, there is hereby imposed a license tax of $100.00 per year upon the owner of each motor vehicle located within the City, which motor vehicle does not display current license plates and which is not otherwise by law exempt from the display of such license plates as set out in subsection (b) of this section.

(b) This tax shall not apply to the following:

(1) Motor vehicles which are exempted from the requirements of displaying such license plates under Code of Virginia, Title 46.2, Ch. 6, Art. 6 (Code of Virginia, § 46.2-662 et seq.), or Code of Virginia, § 46.2-1554 or 46.2-1555;

(2) Motor vehicles which are in a public dump or landfill;

(3) Motor vehicles which are in an automobile graveyard as defined in Code of Virginia, § 33.2-804 or other applicable section of the Code of Virginia;

(4) Motor vehicles which are in the possession of a licensed junk dealer or licensed motor vehicle dealer;

(5) Motor vehicles which are being held or stored by or at the discretion of any governmental authority;

(6) Motor vehicles which are owned by a member of the Armed Forces on active duty;

(7) Motor vehicles which are regularly stored within a structure; or

(8) A vehicle placed on private property for a period not to exceed 60 days for the purpose of removing parts for the repair of another vehicle.

(Code 1993, § 28-91; Code 2004, § 102-121; Code 2015, § 27-105)

Cross reference—Taxation, Ch. 26.

Sec. 27-106. Operating vehicle without paying tax or displaying license decal.

(a) Every person operating or causing to be operated a vehicle upon the City streets without paying the license tax imposed in Section 27-105 and displaying thereon a decal, as provided for under Section 26-885, shall, upon conviction, be guilty of a Class 4 misdemeanor.

(b) Every person receiving written notice from a police officer or police support officer, such notice in a form approved by the Chief of Police, of violation of this section may waive the right to appear in court and be formally tried for the offense set forth in the written notice, and may appear in the Office of the Division of Collections of the Department of Finance. Upon proof of the proper purchase of the decal for the particular vehicle or upon the purchase of the required decal, such person may make voluntary payment in the amount of $100.00 by check, draft or money order to the cashier.

(Code 1993, § 28-92; Code 2004, § 102-122; Code 2015, § 27-106)

ARTICLE V. OPERATION OF VEHICLES GENERALLY

DIVISION 1. GENERALLY

Sec. 27-126. Parades, convoys and funeral processions.

Vehicles in parades, convoys and funeral processions shall be driven as near to the right-hand edge of the highway and as close to the vehicle ahead as is practicable and safe and shall be identified by such method or means as shall be designated by regulation adopted by the Chief. No driver of any vehicle not in such parade, convoy or funeral procession shall drive between the vehicles identified by such method or means as comprising a parade, convoy or funeral procession, except at intersections where traffic is controlled by traffic control signals or police officers.

(Code 1993, § 28-111; Code 2004, § 102-156; Code 2015, § 27-126; Ord. No. 2004-348-307, § 1, 11-10-2003)

State law reference—Right-of-way of United States forces, troops, National Guard, etc., Code of Virginia, § 46.2-827; right-of-way for funeral processions under police escort, Code of Virginia, § 46.2-828.

Sec. 27-127. Operation of electric personal assistive mobility devices, motorized skateboards or scooters, and electric power-assisted bicycles on public streets; safety equipment required.

(a) Every person 14 years of age or younger shall wear a protective helmet that at least meets the Consumer Product Safety Commission standard whenever riding or being carried on a bicycle, an electric personal assistive mobility device, a toy vehicle, or an electric power-assisted bicycle on any highway as defined in Code of Virginia, § 46.2-100, sidewalk, or public bicycle path.

(b) Violation of this section shall be punishable by a fine of $25.00. However, such fine shall be suspended:

(1) For first-time violators; and

(2) For violators who, subsequent to the violation but prior to imposition of the fine, purchase helmets of the type required by this section.

(Code 1993, § 28-112; Code 2004, § 102-157; Code 2015, § 27-127; Ord. No. 2006-207-229, § 2, 9-11-2006)

State law reference—Authority for above section, Code of Virginia, § 46.2-906.1.

Sec. 27-128. Operation of electric personal assistive mobility devices, motorized skateboards or scooters, motor-driven cycles and electric power-assisted bicycles on sidewalks and crosswalks where such operation is prohibited.

(a) It shall be unlawful for a person to operate an electric personal assistive mobility device, a motorized skateboard or scooter, motor-driven cycle or electric power-assisted bicycle, as defined in Code of Virginia, § 46.2-100, on a sidewalk or in a crosswalk where such operation is prohibited and where signs indicating such prohibition are conspicuously posted in the general area.

(b) Violation of this section shall be a civil penalty, punishable by a fine of not more than $50.00.

(Code 2004, § 102-157.1; Code 2015, § 27-128; Ord. No. 2006-207-229, § 3, 9-11-2006)

State law reference—Authority for above section, Code of Virginia, § 46.2-904.

Sec. 27-129. Blocking intersections.

No operator of a vehicle shall enter an intersection or a marked crosswalk unless there is sufficient space beyond such intersection or crosswalk in the direction in which such vehicle is proceeding to accommodate the vehicle without obstructing the passage of other vehicles or pedestrians, notwithstanding any traffic control signal indication to proceed.

(Code 1993, § 28-113; Code 2004, § 102-158; Code 2015, § 27-129)

Sec. 27-130. Driving, riding or walking over newly made pavements or freshly painted markings.

No person shall drive any vehicle, ride any animal or walk over any newly made pavement or freshly painted marking on any highway when a barrier or sign is in place warning persons not to drive over such pavement or marking or when a sign is in place stating that the street or any portion thereof is closed.

(Code 1993, § 28-114; Code 2004, § 102-159; Code 2015, § 27-130)

Sec. 27-131. Traffic signal enforcement program.

(a) *Establishment.* There is hereby established a traffic signal enforcement program pursuant to and in accordance with Code of Virginia, § 15.2-968.1. The program shall include the installation and operation of traffic light signal violation monitoring systems in a number up to the maximum number of traffic light signal violation monitoring systems permitted by State law. No traffic light signal violation monitoring system shall be implemented at an intersection until all prerequisites for the implementation of such traffic light signal violation monitoring system at such intersection have been fulfilled.

(b) *Implementation.* The Chief Administrative Officer shall:

(1) Have the authority to implement the provisions of this section;

(2) Promulgate the rules and regulations necessary to administer the traffic signal enforcement program in compliance with all requirements of Code of Virginia, § 15.2-968.1 and this section; and

(3) Be responsible for the compliance of all aspects of the traffic signal enforcement program with applicable State law.

(c) *Private contractor.* The City may enter into an agreement with a private entity for the installation and operation of traffic light signal violation monitoring systems and related services as permitted by Code of Virginia, § 15.2-968.1(I). However, any such agreement shall be:

(1) Procured only in accordance with the requirements of Chapter 21; and

(2) Subject to the restrictions imposed by Code of Virginia, § 15.2-968.1(I).

(d) *Penalties.*

(1) *For failure to comply with traffic light signal.* The operator of a vehicle shall be liable for a monetary penalty imposed pursuant to Code of Virginia, § 15.2-968.1 and this section if such vehicle is found, as evidenced by information obtained from a traffic light signal violation monitoring system, to have failed to comply with a traffic light signal within the City. No monetary penalty imposed under this section shall exceed $50.00, nor shall it include court costs.

(2) *For disclosure of personal information.* Any person who discloses personal information collected by a traffic light signal violation monitoring system in violation of the provisions of Code of Virginia, § 15.2-968.1(H) shall be subject to a civil penalty of $1,000.00.

(Code 2004, § 102-162; Code 2015, § 27-131; Ord. No. 2007-179-156, § 1, 6-25-2007)

Secs. 27-132—27-160. Reserved.

DIVISION 2. RECKLESS DRIVING, SPEEDING

Sec. 27-161. Temporary reduction of speed limits.

The Chief of Police is authorized to reduce, for a temporary period not to exceed 60 days, without engineering and traffic investigation, the speed limit on any portion of any highway on which work is being performed or where the highway is under construction or repair.

(Code 1993, § 28-131; Code 2004, § 102-186; Code 2015, § 27-161)

State law reference—Authority to alter speed limits, Code of Virginia, § 46.2-1300(A)(1).

Sec. 27-162. Special speed limitations on bridges, causeways or viaducts.

It shall be unlawful to drive any motor vehicle, trailer or semitrailer upon any public bridge, causeway or viaduct at a speed exceeding that indicated as a maximum by signs posted thereon or at its approach by or upon the authority of the Chief.

(Code 1993, § 28-132; Code 2004, § 102-187; Code 2015, § 27-162)

State law reference—Similar provisions, Code of Virginia, § 46.2-881.

Sec. 27-163. Enhanced speeding penalty on certain residential streets; signs.

(a) *Purpose.* The purpose of this section is to implement the enhanced speeding penalties authorized by Code of Virginia, § 46.2-878.2 for operation of a motor vehicle in excess of the maximum speed limit on certain residential streets.

(b) *Applicability.* The provisions of this section shall apply to all streets, highways and other public ways or portions thereof located within residential districts of the City as set forth in Chapter 30 for which:

(1) The City has determined that the 85th percentile speed on such street, highway or other public way or portion thereof is ten miles per hour greater than the posted speed limit;

(2) The City has received either a petition requesting the application of the provisions of this section containing the verifiable signatures of 67 percent of the residents living on such street, highway or other public way or portion thereof or a written request for the application of the provisions of this section to a specified street, highway or other public way or portion thereof signed by the Council member representing the Council district in which such street, highway or other public way or portion thereof is located;

(3) The City Council has adopted a resolution authorizing the placement of signs on such street, highway or other public way or portion thereof pursuant to this section; and

(4) The City has placed signs on such street, highway or other public way or portion thereof indicating the maximum speed limit along with the penalty prescribed in subsection (d) of this section pursuant to the normal criteria for the placement of speed limit signs used by the Department of Public Works.

(c) *Violation.* Operation of any motor vehicle in excess of a maximum speed limit established for a highway in a residence district of the City, when indicated by signs placed in accordance with the provisions of this section, shall be unlawful and shall constitute a violation of this section.

(d) *Penalty*. Violation of this section shall constitute a traffic infraction punishable by a fine of not more than $200.00, in addition to other penalties provided by law.

(Code 2004, § 102-188; Code 2015, § 27-163; Ord. No. 2004-144-157, § 1, 6-14-2004)

Secs. 27-164—27-194. Reserved.

ARTICLE VI. STOPPING, STANDING AND PARKING*

***State law reference—**Parking and stopping on highway, Code of Virginia, § 46.2-888 et seq.; local parking regulations, Code of Virginia, § 46.2-1220.

DIVISION 1. GENERALLY

Sec. 27-195. Appointment of persons to enforce certain parking regulations.

The Chief is authorized to put into effect the regulations contained in Sections 27-197, 27-208, 27-209, 27-214, 27-215 and 27-216 by the appointment of persons to enforce the sections in addition to the regular police officers of the City.

(Code 1993, § 28-247; Code 2004, § 102-277; Code 2015, § 27-195)

Sec. 27-196. Restricted and no parking areas generally.

(a) The Chief of Police is hereby authorized and directed to make, promulgate and enforce rules and regulations for the parking or stopping of vehicles upon the highways; to classify vehicles with reference to parking or stopping; to designate the time, place and manner in which such vehicles may be allowed to park or stop upon the highways; to designate areas for bus stops, taxistands and loading zones; and to revoke, alter or amend such rules and regulations at any time when, in the Chief's opinion, traffic conditions and the use of the highways require. It shall be the duty of the Chief, upon the promulgation of such regulations and before they shall become effective, to give such public notice thereof, by establishing and posting signs or otherwise as may be reasonably adequate to make clear to the operators of vehicles in no parking or restricted parking areas the existence, nature and requirements of such regulations. From and after the effective date of regulations imposed in any area by virtue of this section, it shall be unlawful for any person to stop or park any vehicle in any restricted or prohibited area otherwise than in accordance with these regulations.

(b) In any prosecution charging a violation of any such ordinance, regulation or rule, proof that the vehicle described in the complaint, summons or warrant was parked in violation of such ordinance, regulation or rule, together with proof that the defendant was at the time of such parking the registered owner of the vehicle, as required by Code of Virginia, Title 46.2, Ch. 6 (Code of Virginia, § 46.2-600 et seq.), shall constitute in evidence a prima facie presumption that such registered owner of the vehicle was the person who parked the vehicle at the place where and for the time during which such violation occurred.

(Code 1993, § 28-201; Code 2004, § 102-221; Code 2015, § 27-196)

State law reference—Parking violation presumption, Code of Virginia, § 46.2-1220.

Sec. 27-197. Parking prohibited in specified places.

(a) No person shall park a vehicle, except as may be permitted in accordance with Chapter 24, Article II, Division 5 or when necessary to avoid conflict with other traffic or in compliance with the directions of a police officer or traffic control device, in any of the following places:

(1) On a sidewalk.

(2) In front of a public or private driveway.

(3) Within an intersection.

(4) Within 15 feet of a fire hydrant.

(5) On a crosswalk.

(6) Within 20 feet of a crosswalk at an intersection.

(7) In front of a ramp leading to the crosswalk at an intersection or located at any other point along a curb,

constructed for use of persons with disabilities.

(8) Within 30 feet upon the approach to any flashing beacon, stop sign or traffic control signal located at the side of a roadway.

(9) Between a safety zone and the adjacent curb or within 30 feet of points on the curb immediately opposite the ends of a safety zone, unless a different length is indicated by official signs or markings.

(10) Within 50 feet of the nearest rail of a railroad grade crossing.

(11) Within 15 feet of the driveway entrance to any fire station and on the side of a street opposite the entrance to any fire station within 75 feet of the entrance when properly signposted.

(12) Alongside or opposite any street excavation or obstruction where such parking would obstruct traffic.

(13) On the roadway side of any vehicle parked at the edge or curb of a street.

(14) At any place where official signs prohibit parking or during street cleaning.

(15) At any place where an order, rule, or regulation issued under Section 2-428 prohibits or restricts parking.

(16) On a curb, or with any wheels off of the roadway and on the far side of the curb from the roadway.

(17) On a median.

(18) Within a bicycle lane. For purposes of this subdivision, the term "bicycle lane" has the meaning ascribed to that term in Code of Virginia, § 46.2-100.

(b) No person other than a police officer shall move a vehicle into any such prohibited area or away from a curb such distance as is unlawful; start or cause to be started the motor of any motor vehicle; or shift, change or move the levers, brake, starting device, gears or other mechanism of a parked motor vehicle to a position other than that in which it was left by the owner or driver thereof or attempt to do so.

(Code 1993, § 28-202; Code 2004, § 102-222; Code 2015, § 27-197; Ord. No. 2016-125, § 1, 5-23-2016; Ord. No. 2018-288, § 2, 1-28-2019; Ord. No. 2019-315, § 1, 12-9-2019)

State law reference—Parking in front of fire hydrant, near street corner, fire station, etc., Code of Virginia, § 46.2-1239.

Sec. 27-198. Parking on private property.

It shall be unlawful for any person to park or store a motor vehicle upon any land required by law to be provided for such purpose or otherwise set apart for parking or storage of motor vehicles, after having been forbidden to do so by the owner, lessee, custodian or other person lawfully in charge of such land, or after having been forbidden to do so by a sign posted on the premises at a place where it may be reasonably seen.

(Code 1993, § 28-203; Code 2004, § 102-223; Code 2015, § 27-198)

State law reference—Similar provisions, Code of Virginia, § 46.2-1215.

Sec. 27-199. Parking in fire lanes.

It shall be unlawful for any person to park a motor vehicle in any lane marked and designated as a fire lane within or adjacent to a parking area or parking lot that is open to the public and which lot is designed to accommodate 50 or more vehicles. Any police officer or parking meter attendant employed by the Department of Police may issue a summons, citation, or a written notice charging a person with violation of this section.

(Code 1993, § 28-204; Code 2004, § 102-224; Code 2015, § 27-199)

Sec. 27-200. Spaces reserved for persons with disabilities.

(a) Parking spaces reserved for persons with disabilities shall be identified by above-grade signs, as required under Code of Virginia, § 36-99.11, and failure to do so shall be unlawful.

(b) It shall be unlawful for a vehicle not displaying disabled parking license plates, an organizational removable windshield placard, a permanent removable windshield placard, or a temporary removable windshield placard issued under Code of Virginia, § 46.2-1241, or DV disabled parking license plates issued under Code of Virginia, § 46.2-739(B), to be parked in a parking space reserved for persons with disabilities that limit or impair their ability to walk or for a person who is not limited or impaired in his ability to walk to park a vehicle in a parking

space so designated except when transporting a person with such a disability in the vehicle.

(c) Any police officer or police support officer of the City may issue a citation or a summons charging a person parking in violation of this section or, if such person is not known, the registered owner of the motor vehicle parked in violation of this section, without the necessity of a warrant being obtained by the owner of the property upon which the parking space is located, if such designated parking place is located upon privately owned property, as authorized in Code of Virginia, Title 46.2, Ch. 12.1 (Code of Virginia, § 46.2-1240 et seq.).

(d) In any prosecution charging a violation of this section, proof that the vehicle described in the complaint, summons, parking ticket, citation or warrant was parked in violation of this section, together with proof that the defendant was at the time the registered owner of the vehicle, as required by Code of Virginia, Title 46.2, Ch. 12.1 (Code of Virginia, § 46.2-1240 et seq.), shall constitute in evidence a prima facie presumption that the registered owner was the person who committed the violation.

(e) Violation of this section shall be punishable by a fine of not more than $200.00; provided, however, any person receiving a citation may waive written appearance upon the voluntary payment of the sum of $200.00 to the cashier, Parking Violations Section, Finance Department, within five working days after receipt of such citation as printed in detail on the reply mail envelope attached to such citation.

(Code 1993, § 28-205; Code 2004, § 102-225; Code 2015, § 27-200; Ord. No. 2009-20-41, § 1, 3-23-2009; Ord. No. 2009-187-208, § 1, 11-23-2009)

State law reference—Parking for persons with disabilities, Code of Virginia, § 46.2-1240 et seq.

Sec. 27-201. Parking for disabled persons in time-restricted or metered spaces in certain areas.

As authorized by Code of Virginia, § 46.2-1245(C), the provisions of Code of Virginia, § 46.2-1245 shall not apply within the portion of the City bounded by Interstate 95 to the north and east, the Downtown Expressway to the south and Belvidere Street to the west.

(Code 2004, § 102-225.1; Code 2015, § 27-201; Ord. No. 2013-108-74, § 1, 5-28-2013; Ord. No. 2018-233, § 1, 1-28-2019)

Sec. 27-202. Parking in alleys.

No person shall park a vehicle in a public alley in such a manner as to leave available less than ten feet of the width of the alley for the free movement of vehicular traffic, and no person shall stop, stand or park a vehicle within a public or private alley in such a position as to block the driveway, drive, garage or any type entrance to any abutting property, where the owner of such abutting property has the right to use such alley as a means of access to and from a highway and cannot physically enter such person's property due to the parked vehicle.

(Code 1993, § 28-206; Code 2004, § 102-226; Code 2015, § 27-202)

Sec. 27-203. Parking of certain large vehicles.

(a) It shall be unlawful for the owner, operator or driver of any motor vehicle with an empty weight exceeding 6,500 pounds, any trailer, semitrailer or any motor home to park such or permit such to be parked on any street or in any alley that is along a primarily residential or mixed residential-commercial block. This subsection shall not apply to:

(1) Motor homes, motor vehicles, semitrailers or trailers which are:

   a. Being actively loaded or unloaded;

   b. Used by persons issued permits from the Chief of Police;

   c. Used by persons to whom the Department of Public Works has issued permits for work in the streets;

(2) Motor vehicles or trailers which are parked along a primarily residential or mixed residential-commercial block while the owner, operator or driver is engaged in the actual performance of contractual work at a nearby property; or

(3) Passenger cars or pickup trucks used exclusively for noncommercial purposes. Proof that a passenger car or pickup truck described in a complaint, summons or warrant has an empty weight exceeding 6,500 pounds shall constitute in evidence a prima facie presumption that such passenger car or pickup truck is

not used exclusively for noncommercial purposes.

(b) It shall be unlawful for the owner, operator or driver of any motor home, motor vehicle, semitrailer or trailer with an empty weight exceeding 6,500 pounds to park such or to permit such to be parked within 75 feet of an intersection in any part of the City.

(Code 2004, § 102-227; Code 2015, § 27-203; Ord. No. 2004-297-289, §§ 1, 2, 11-8-2004)

Sec. 27-204. Right to parallel parking space.

Whenever a driver of a vehicle pulls up parallel with a parked vehicle for the purpose of backing into the parking space behind such parked vehicle, such driver shall have the first privilege of using the parking space. No driver of any other vehicle shall drive a vehicle into such space or stop immediately behind the first vehicle in such a way as to block access to the parking space.

(Code 1993, § 28-208; Code 2004, § 102-228; Code 2015, § 27-204)

Sec. 27-205. Parking trucks beside railroad cars parked on public right-of-way.

It shall be unlawful to park any truck beside a railroad car parked on any public right-of-way, without a special permit from the Chief, which shall be issued only in cases of extreme hardship and physical necessity, for the purpose of loading or unloading.

(Code 1993, § 28-209; Code 2004, § 102-229; Code 2015, § 27-205)

Sec. 27-206. Parking vehicles on highways by parking lot operators.

It shall be unlawful and shall constitute a violation of this chapter for any person who operates a lot or place for the storage or parking of vehicles for others, whether compensated therefor or not, and for any agent or employee of such person to store, place or park any vehicle, after it has been delivered into any such person's care, custody or control, upon any highway or to order, cause or permit such to be done. Every such person and every such agent or employee who violates this section shall be punished as provided in Section 27-42.

(Code 1993, § 28-210; Code 2004, § 102-230; Code 2015, § 27-206)

Sec. 27-207. Restricted stopping or parking on highways where funerals conducted.

In order to alleviate hazardous traffic conditions incident to the conduct of funerals; to provide a means for the orderly interment of the dead; and to preserve the safety, peace, good order, comfort, convenience and welfare of the inhabitants of the City, the Chief shall, by appropriate rules and regulations of general application, restrict the parking or stopping of vehicles on the highways at places where funerals are conducted. Such rules and regulations shall designate the areas in the highways where such restrictions shall apply and shall prescribe the time when such restrictions shall be in effect. The Chief shall cause appropriate signs to be placed in such areas, which shall be of such character as to readily inform an ordinarily observant person of the existence of such rules and regulations. It shall be unlawful for any person to violate such rules and regulations and, upon conviction thereof, such person shall be punished as provided by Section 27-42.

(Code 1993, § 28-211; Code 2004, § 102-231; Code 2015, § 27-207)

Sec. 27-208. Parking for sale of vehicle.

It shall be unlawful for any person to park or place any automobile, truck, trailer or other vehicle upon or in any street, alley or parkway for the purpose of selling or offering the automobile, truck, trailer or other vehicle for sale or rent.

(Code 1993, § 28-212; Code 2004, § 102-232; Code 2015, § 27-208)

Sec. 27-209. Stopping for advertising purposes.

It shall be unlawful to stop a vehicle at any time upon the highway for the purpose of advertising any article of any kind or to display thereupon advertisements of any article or advertisement for the sale of the vehicle itself.

(Code 1993, § 28-213; Code 2004, § 102-233; Code 2015, § 27-209)

Sec. 27-210. Washing or greasing vehicle.

No person shall, for compensation, wash, polish or grease a vehicle upon a highway or sidewalk, nor shall the owner of a vehicle permit it to be washed, polished or greased for compensation upon a highway or sidewalk.

(Code 1993, § 28-214; Code 2004, § 102-234; Code 2015, § 27-210)

Sec. 27-211. Washing vehicles in public parks, parkways, playfields or playgrounds.

No person shall use any water in any public park, parkway, playfield or playground for washing vehicles. However, vehicles owned by the City may be washed in places in public parks set apart for the purpose in connection with the operation and maintenance thereof.

(Code 1993, § 28-215; Code 2004, § 102-235; Code 2015, § 27-211)

Sec. 27-212. Repairing motor vehicles.

No person, nor the owner or the person having the control of a motor vehicle shall repair or permit such motor vehicle to be repaired upon a highway, street, alley or sidewalk of the City. However, repairs of an emergency nature to enable the removal from a highway, street, alley or sidewalk of a disabled vehicle shall not be deemed a violation of this section.

(Code 1993, § 28-216; Code 2004, § 102-236; Code 2015, § 27-212)

Sec. 27-213. Angle parking.

Notwithstanding any other section of this chapter, the Chief may, when the public interest so requires, provide for angle parking on any street or portion thereof; provided, however, such streets are marked so as to apprise an ordinarily observant person of the regulation.

(Code 1993, § 28-217; Code 2004, § 102-237; Code 2015, § 27-213)

Sec. 27-214. General manner of using loading zones.

No person shall stop, stand or park a vehicle for any purpose or length of time longer than 30 minutes, other than for the expeditious unloading and delivery or pickup and loading of materials, in any place properly marked as a curb loading zone during hours when the provisions applicable to such zones are in effect.

(Code 1993, § 28-218; Code 2004, § 102-238; Code 2015, § 27-214)

Sec. 27-215. Use of loading zones by passenger vehicles.

The driver of a passenger vehicle may stop temporarily in a space marked as a curb loading zone for the purpose for and while actually engaged in loading or unloading passengers or bundles when such stopping does not interfere with any vehicle used for the transportation of materials which is waiting to enter or is about to enter such loading space.

(Code 1993, § 28-219; Code 2004, § 102-239; Code 2015, § 27-215)

Sec. 27-216. Manner of using bus stops and taxicab stands.

No person shall stop, stand or park a vehicle, other than a bus in a bus stop or other than a taxicab in a taxicab stand, when such stop or stand has been officially designated and appropriately signed. However, the driver of a passenger vehicle may temporarily stop therein for the purpose of and while actually engaged in the expeditious loading or unloading of passengers when such stopping does not interfere with any bus or taxicab waiting to enter or about to enter such zone.

(Code 1993, § 28-220; Code 2004, § 102-240; Code 2015, § 27-216)

Sec. 27-217. Barriers around places used for parking or storage of vehicles.

Whenever the Chief finds that, in providing, maintaining or operating places for the parking or storage of vehicles, the movement of vehicles to or from highways or both causes congestion therein or is hazardous to pedestrian or vehicular traffic on the highways abutting such places, the Chief shall require the persons providing, maintaining or operating such places to erect and thereafter maintain barriers at or near such places as shall be specified by the Chief to permanently and effectively prevent such congestion or hazards as long as such places are so provided, maintained, or operated. It shall be unlawful for any such person to fail, refuse or neglect to comply

with such requirements or orders of the Chief.

(Code 1993, § 28-221; Code 2004, § 102-241; Code 2015, § 27-217)

Sec. 27-218. Parking violations; written notices; issuance of warrant or summons; penalty for noncompliance.

(a) Every person receiving written notice of a parking violation, issued by a duly authorized law enforcement officer or agent of the City, may waive the right to appear and to be formally tried for the offense charged in the notice, upon payment of the fine set forth in subsection (b) of this section and specified in the notice. Payment shall be by check, draft or money order, and payment shall be made either:

(1) By presenting the notice and payment in person to the cashier, Parking Violations Section of the Department of Finance, within 15 days after the date on which the notice of a parking violation was issued; or

(2) By placing the notice and payment in the reply envelope to be provided with the notice, and mailing it to the cashier, Parking Violations Section of the Department of Finance.

If the notice and payment are mailed, the reply envelope must be postmarked within 15 days after the date on which the notice of a parking violation was issued.

(b) The following fines shall be imposed for parking violations when a person voluntarily waives the right to appear and be formally tried for the offense charged:

(1) Fine of $25.00.

a. Exceeding the time limit designated on signs, in violation of Section 27-196 or 27-244.

b. Violation of parking meter provisions, in violation of Section 27-245.

c. Parking improperly in a metered on-street parking space, in violation of Section 27-245(c).

d. Parking improperly in a metered off-street parking area, in violation of Section 27-245(d).

e. Parking oversized vehicles improperly in metered spaces, in violation of Section 27-245(e).

f. Parking in a metered or nonmetered parking space, in violation of Section 27-245(f).

g. Parking or stopping on the wrong side of the street, in violation of Code of Virginia, § 46.2-889.

h. Parking more than 18 inches from a curb, in violation of Section 27-221.

(2) Fine of $40.00.

a. Parking in any location in violation of Section 27-197, to include the following places:

1. On a sidewalk.

2. In front of a public or private driveway.

3. Within 15 feet of a fire hydrant.

4. Within 20 feet of a crosswalk at an intersection.

5. Within 30 feet upon the approach to any flashing beacon, stop sign or traffic control signal located at the side of a roadway.

6. Between a safety zone and the adjacent curb or within 30 feet of points on the curb immediately opposite the ends of a safety zone, unless a different length is indicated by official signs or markings.

7. Within 50 feet of the nearest rail of a railroad grade crossing.

8. Within 15 feet of the driveway entrance to any fire station and on the side of a street opposite the entrance to any fire station within 75 feet of the entrance when properly signposted.

9. Alongside or opposite any street excavation or obstruction where such parking would obstruct traffic.

10. On the roadway side of any vehicle parked at the edge or curb of a street.
11. At any place where official signs prohibit parking, or during street cleaning.
12. At any place where an order, rule, or regulation issued under Section 2-428 prohibits or restricts parking.
13. On a curb, or with any wheels off of the roadway and on the far side of the curb from the roadway.
14. On a median.

b. Parking in any lane marked and designated as a fire lane, within or adjacent to a parking area or parking lot that is open to the public and which is designed to accommodate 50 or more vehicles, in violation of Section 27-199.

c. Parking so as to block an alley or to block a driveway into an alley, in violation of Section 27-202.

(3) Fine of $55.00. Parking in excess of the time limit designated on signs in a restricted parking district established pursuant to Section 27-279 without a valid parking decal, temporary parking pass or visitor's parking pass for that restricted parking district issued pursuant to Section 27-280.

(4) Fine of $60.00.

a. Parking in a tow-away zone.

b. Parking in a bus zone or taxicab stand, in violation of Section 27-216.

c. Parking in a crosswalk.

d. Parking in an intersection.

e. Parking in a bicycle lane, in violation of Section 27-197.

(5) Fine of $120.00. Parking in violation of Section 27-203.

(6) Fine of $200.00.

a. Parking in handicap zone, in violation of Section 27-200.

b. Parking in front of a ramp constructed for use of handicapped persons, in violation of Section 27-197(a)(7).

(c) Whenever a reply envelope is used for transmitting any notice and payment by mail to the cashier, Parking Violations Section of the Department of Finance, the responsibility for ensuring receipt of the envelope by the cashier shall be that of the person who received the notice of a parking violation.

(d) Any person who receives a notice of parking violation and elects not to waive the right to appear and to be formally tried for the offense charged in the notice shall, within 15 days after the notice was issued, appear before the Clerk of the General District Court, Traffic Division, in order to have such person's case certified for trial. Upon trial and conviction of the offense charged in the notice, such person shall be fined the amount set forth in subsection (b) of this section and specified in the notice.

(e) If any person receives a notice of parking violation and neither submits timely payment of the specified fine in the manner set forth in subsection (a) of this section nor exercises in a timely manner the right to appear and to be formally tried in the manner set forth in subsection (d) of this section, on the 16th day after the date on which the notice of a parking violation was issued, such person shall be liable for the amount of the fine set forth in subsection (b) of this section plus a penalty in the amount of $10.00. Such person shall also pay an additional $10.00 penalty for each 30-day period thereafter until the amount of the fine and all penalties are paid in full. However, for any outstanding parking violation, regardless of when it was issued, the total amount of penalties shall not exceed the amount of the original fine. If the fine and penalty are not paid, the collector of City taxes or a duly designated representative may cause a summons to be issued or pursue any other collection action authorized by law.

(f) Any person who has received a notice of parking violation and who has failed to submit payment in a timely manner under subsection (a) or (e) of this section or who has failed in a timely manner to exercise the right provided under subsection (d) of this section shall, upon conviction, be subject to the penalties provided under law

for a traffic infraction.

Sec. 27-222. Parking of motorcycles by attachment to trees on City-owned property prohibited.

It shall be unlawful for any person to park any motorcycle in such a manner that such motorcycle is chained or otherwise attached to any tree on City-owned property. Any police officer may impound any motorcycle that is so parked.

(Code 2004, § 102-246.1; Code 2015, § 27-223; Ord. No. 2013-84-60, § 1, 4-22-2013)

Sec. 27-223. Attachment of mopeds to trees on City-owned property prohibited; impoundment.

It shall be unlawful for any person to attach any moped to any tree on City-owned property. Any police officer may impound any moped that is attached to any tree on City-owned property. If any such moped is not claimed by the owner within 30 days from the date it was impounded, in accordance with Section 27-390, it may be either donated to a charitable organization by the Chief of Police or sold by the Director of Procurement Services.

(Code 2004, § 102-247; Code 2015, § 27-224; Ord. No. 2013-84-60, § 1, 4-22-2013)

Sec. 27-224. Impoundment of mopeds.

(a) Any police officer may impound any moped that is inoperable due to missing or broken components necessary for operation and that is attached to posts, signs or other property on City-owned property for more than 72 hours. If any such moped is not claimed by the owner within 30 days from the date it was impounded, in accordance with Section 27-390, it may be either donated to a charitable organization by the Chief of Police or sold by the Director of Procurement Services.

(b) Any police officer may impound any moped in operating condition that is attached for more than ten days to posts, signs or other property on City-owned property. If any such moped is not claimed by the owner within 30 days from the date it was impounded, in accordance with Section 27-390, it may be either donated to a charitable

organization by the Chief of Police or sold by the Director of Procurement Services.

DIVISION 2. PARKING METERS*

***State law reference—**Authority of City to install, maintain, etc., parking meters, Code of Virginia, § 46.2-1220.

Sec. 27-244. Authority of Chief of Police.

Wherever parking meters have been installed and are maintained upon the highways of the City for the regulation of parking of vehicles thereon, the Chief shall determine the length of time in minutes or hours during which any vehicle may be parked on any such highway. The Chief shall make, promulgate and enforce rules and regulations as to the parking of vehicles on such highways, and it shall be unlawful for any person to park any vehicle on any such highway for a longer period of time than that fixed by the Chief or to violate any such rule or regulation made and promulgated by the Chief. Upon conviction thereof, every such person shall be punished as provided in Section 27-42.

(Code 1993, § 28-241; Code 2004, § 102-271; Code 2015, § 27-244)

Sec. 27-245. Installation of meters; charges; manner of parking.

(a) The City may cause a parking meter to be installed adjacent to a parking space along a highway, street or City-operated off-street parking facility for the purpose of restricting and regulating the time in which and for which the operator or person having a vehicle or motorcycle under the operator's or person's control may use such space. The mandatory charge for using such on-street and off-street parking spaces shall be $1.50 per hour. To acquire the maximum amount of parking time available from a meter, the motorist or motorcycle operator shall deposit coins or otherwise make payment in accordance with this section. The deposit of coins other than the exact amount shall obtain periods of time equal to that which might be acquired by depositing the next lowest denomination of coins indicated on the parking meter rate plate.

(b) No person shall permit a vehicle under such person's control to be parked in any parking meter space during the restricted and regulated time applicable to the parking meter zone in which such meter is located while the parking meter for the space indicates by signal that the lawful parking time has expired. This shall not apply during the act of parking or the necessary time which is required to immediately thereafter deposit the prescribed coins in or otherwise make payment for such meter.

(c) A metered on-street parking space is the area parallel and adjacent to the curb between parking meter posts. Only one vehicle or motorcycle shall be placed in each on-street metered parking space. Each vehicle shall be parked so that it is an equal distance between parking meter posts, except for motorcycles which may park perpendicular to the curb or roadway edge between parking meter posts. When a rear parking meter post does not exist, the vehicle shall be parked so that the front of the vehicle is adjacent to the front meter post.

(d) A metered off-street parking space is a public parking area located off the street in either a surface lot or a parking structure or a building. Motorists shall deposit monetary coins in or otherwise make payment for the parking meter associated with the off-street space. Only one vehicle or motorcycle shall be parked in each off-street metered parking space. Vehicles shall be properly parked either perpendicular or parallel or in any other position so designated by regulatory traffic signage whether a parking meter exists or not.

(e) Operators of oversized vehicles, such as large commercial trucks, limousines, recreational vehicles, with or without other vehicles or trailers in tow, or standard vehicles, with other vehicles or trailers in tow, shall pay the parking meter fees for all metered parking spaces either fully or partially occupied by such vehicles.

(f) No person shall permit a vehicle or motorcycle under the person's control to be parked for a time period longer than that specified on regulatory traffic signs or parking meters without either:

(1) Moving the vehicle a minimum of 500 feet from the parking space originally occupied; or

(2) Vacating the original parking space for a minimum time period of ten minutes.

(g) This section shall not apply to drivers of commercial or delivery vehicles who use a parking meter space

for the purpose of loading, unloading or making deliveries. However, such commercial or delivery vehicles shall not be parked for periods that exceed the maximum amount of parking time allowed for such parking meter space.

(Code 1993, § 28-242; Code 2004, § 102-272; Code 2015, § 27-245; Ord. No. 2013-99-99, §§ 1, 2, 5-28-2013; Ord. No. 2016-046, § 1, 5-13-2016; Ord. No. 2018-088, § 1, 5-14-2018)

Sec. 27-246. Extension of legal parking time.

It shall be unlawful for any person to deposit or cause to be deposited in a parking meter any coin for the purpose of extending the parking time beyond the time allowed under the rules and regulations promulgated by the Chief. Upon conviction of a violation of this section, the defendant shall be punished as provided in Section 27-42.

(Code 1993, § 28-243; Code 2004, § 102-273; Code 2015, § 27-246)

Sec. 27-247. Evidence of illegal parking.

Every vehicle parked on any highway at or near a meter on which the indicator does not register the deposit of the coin prescribed in Section 27-245 shall be prima facie evidence that it was parked in violation of this division.

(Code 1993, § 28-244; Code 2004, § 102-274; Code 2015, § 27-247)

Sec. 27-248. Overtime parking.

Whenever parking is limited to a specified length of time, it shall be a separate offense for each period in excess of that authorized that a vehicle is permitted to stand in the same parking space during the same day. However, no more than three violations for overtime parking shall be charged against the driver of a vehicle for permitting it to stand in the same parking place during the same day.

(Code 1993, § 28-245; Code 2004, § 102-275; Code 2015, § 27-248)

Sec. 27-249. Notice affixed on illegally parked vehicle; failure to respond to notice.

Whenever a motor vehicle without a driver is found parked or stopped in violation of this division, the officer finding such vehicle shall take its license number and any other information displayed on the vehicle which may identify its user and shall conspicuously affix to the vehicle a notice, in writing, on a form prescribed by the Chief, to the driver to answer to the charge against the driver within five working days at the time and place specified in the notice. If the driver does not appear in response to the notice, the cashier, Parking Violations Section of the Department of Finance, shall cause to be issued to the owner of the motor vehicle a summons to appear in the General District Court to show cause, if any, why the owner should not be dealt with according to law.

(Code 1993, § 28-246; Code 2004, § 102-276; Code 2015, § 27-249)

Sec. 27-250. Exceptions for certain vehicles used by members of State General Assembly.

No motor vehicle that bears a State license plate with the words "Delegate" or "Senator" or that bears a parking permit issued by the State with the words "Member of Virginia General Assembly" shall be subject to this division or to any rule or regulation promulgated under this division.

(Code 1993, § 28-248; Code 2004, § 102-278; Code 2015, § 27-250)

DIVISION 3. TEMPORARY RESTRICTION OF ACCESS TO METERED PARKING

Sec. 27-261. Definitions.

The following words, terms, and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Cover means any bag, sack, or other material placed on or over a meter that purports to restrict or has the effect of restricting access to the meter or use of a parking space that the meter regulates.

Director means the Director of Public Works or a subordinate thereof designated in writing by the Director of Public Works.

Event means an entertainment, film production, governmental, or recreational activity.

Meter means any parking meter or pay station installed in the right-of-way by the City.

Person has the meaning ascribed to that word by Section 1-2.

(Code 2015, § 27-261; Ord. No. 2016-304, § 1, 2-13-2017)

Sec. 27-262. Implementation.

The director may establish and, from time to time, modify rules, regulations, policies, and procedures to implement this division, provided such rules, regulations, policies, and procedures are consistent with this Code and any other applicable law.

(Code 2015, § 27-262; Ord. No. 2016-304, § 1, 2-13-2017)

Sec. 27-263. Prohibition.

It shall be unlawful for any person to place a cover on or over any meter without a permit obtained pursuant to this division.

(Code 2015, § 27-263; Ord. No. 2016-304, § 1, 2-13-2017)

Sec. 27-264. Permit.

Any person may apply for a permit by submitting a completed application form prescribed by the director. At the time the person submits the application form, the person shall pay a fee equal to 50 percent of the daily meter for each parking space included in the permit multiplied by the number of days for which the permit is sought. The permit will authorize such person to place a cover on or over a meter and to use a parking space regulated by that meter. A permit may include multiple meters and parking spaces. A permit provides no property interest in any parking space or any other part of the right-of-way.

(Code 2015, § 27-264; Ord. No. 2016-304, § 1, 2-13-2017)

Sec. 27-265. Permit—Issuance.

(a) The director shall issue the permit only if the director determines that:

(1) The person's application is complete and materially truthful.

(2) The person applying for the permit will use the parking space for an approved use as set forth in subsection (b) of this section.

(3) The proposed use of the parking spaces for which the person seeks the permit will not inconvenience the public in its use of the right-of-way.

(b) The following are approved uses:

(1) The person is engaged in construction, maintenance, repair, or utility work on property within one block of the parking space for which the permit is sought.

(2) The person is engaged in moving personal property from or to a property located on the block on which the parking space for which the permit is sought is situated.

(3) The person is organizing or controls an event occurring on property within one block of the parking space for which the permit is sought.

(Code 2015, § 27-265(1); Ord. No. 2016-304, § 1, 2-13-2017)

Sec. 27-266. Permit —Revocation.

The director may revoke the permit upon written notice to the person who holds the permit if the director determines any of the following:

(1) The permit was issued in error.

(2) The person's use of the permit is having unanticipated adverse effects on pedestrian or vehicular traffic.

(3) The person has allowed the parking of vehicles unrelated to the approved use for which the permit was issued in the parking spaces to which the permit applies.

In the case of a revocation pursuant to subsections (1) and (2) of this section, the City shall refund the portion of the fees paid for the permit attributable to the number of days for which the permit could not be used due to the revocation. In the case of a revocation pursuant to subsection (3) of this section, the City shall not refund any fees paid for the permit.

(Code 2015, § 27-265(2); Ord. No. 2016-304, § 1, 2-13-2017)

Sec. 27-267. Hearing.

A person who applied for or holds a permit and who is aggrieved by the decision of the City, its officers, or its employees with respect to a permit application, revocation, or other action under this division shall, upon written request, be entitled to a hearing to be conducted by the Chief Administrative Officer, who shall establish rules for hearings. The decision of the Chief Administrative Officer shall be final.

(Code 2015, § 27-266; Ord. No. 2016-304, § 1, 2-13-2017)

Secs. 27-268—27-278. Reserved.

DIVISION 4. RESIDENTIAL RESTRICTED PARKING DISTRICTS

Sec. 27-279. Criteria for establishment.

(a) The City Council may establish, change or terminate residential restricted parking districts within the City pursuant to the following criteria. Upon receiving an application from a neighborhood association or civic association for the establishment of a residential restricted parking district, the Director of Public Works shall administer the application process. The application for the establishment of a new residential restricted parking district shall include all of the following information:

(1) Written documentation that outlines the proposed parking district, which should be a minimum of ten contiguous block faces;

(2) Written documentation from a majority of the affected associations representing the properties within the proposed district and petitions from a majority of the property owners within the proposed district supporting the creation of the outlined parking district; provided, however, that, where written documentation is submitted indicating that fewer than 60 percent of the properties within the proposed district are owner-occupied, then such approval shall be required from a majority of the associations and a majority of the occupants of the properties in such proposed district rather than from a majority of the property owners in the proposed district; and

(3) Written documentation that the proposed district is residential and that other land uses, either within the district or adjacent to the district, are impacting the available on-street and off-street parking for use by the district residents.

(b) Upon receipt and verification of the information required in the application pursuant to subsection (a) of this section, the Director of Public Works shall make a determination as to whether:

(1) At least 75 percent of the curb parking spaces in the defined area of the proposed residential restricted parking district are utilized during peak periods; and

(2) At least 35 percent of the curb parking spaces in the defined area of the proposed residential restricted parking district are utilized by persons who do not reside within the district who are parked for two or more hours.

If the Director of Public Works determines that these two criteria are met, the Director shall prepare an ordinance to establish a residential restricted parking district. The Director shall make the required determination and, if applicable, prepare the required ordinance within 90 days of receipt of a complete application. Following approval of a district, the Director of Public Works shall develop an implementation plan and administer the implementation of the issuance of the permits as prescribed in the ordinance that establishes the district within 90 days of the adoption of the ordinance to residents of the district. The Director of Public Works shall cause the parking regulations in the district to be changed to reflect the change in restricted parking.

(c) Once approved, 12 months must elapse before any new application to make significant modification to

or terminate a residential restricted parking district will be considered. Upon receiving an application to modify an existing residential restricted parking district meeting the requirements of subsection (a) of this section and determining that the two criteria set forth in subsection (b) of this section are met, the Director of Public Works may modify the boundary for existing residential parking permit districts. Applications to modify the Carver Residential Restricted Parking District must be received by September 30, and modifications to the district based on applications not received by this deadline will not be effective until the second January 1 following that deadline. Applications to modify the Fan Residential Restricted Parking District must be received by March 31, and modifications to the district based on applications not received by this deadline will not be effective until the second July 1 following that deadline.

(Code 1993, § 28-263; Code 2004, § 102-301; Code 2015, § 27-279; Ord. No. 2004-179-175, § 1, 6-28-2004; Ord. No. 2007-300-262, § 1, 11-26-2007; Ord. No. 2010-93-79, § 1, 5-10-2010; Ord. No. 2014-66-116, § 3, 5-27-2014)

Sec. 27-280. Parking permits, fees; violation and penalties.

(a) For the purpose of this section, the term "resident" shall be defined as the record owner or renter of a property located within a residential restricted parking district and members of the owner's or renter's immediate family:

(1) Who are licensed drivers; and

(2) Whose domicile is the address for which they are seeking to obtain the parking permit.

(b) Residents may purchase a parking permit for use in a restricted parking district of the City issued under such rules, regulations and orders as may be promulgated by the Director of Public Works pursuant to Section 2-428. The annual fee for the permit shall be $25.00. The City shall sell parking permits at City Hall at a location at which the Department of Finance collects payments.

(1) Upon receipt of a written request addressed to the Director of Finance from a neighborhood association or civic association representing all or part of a residential restricted parking district for the City to sell parking permits at one or more locations other than City Hall, the Director of Finance may approve the sale of parking permits at such location or locations, taking into consideration such factors as staffing, available resources, security and other factors involved in and important to the sale of parking permits at such location or locations. The association making the request shall:

a. Arrange for the sales;

b. Be responsible for all costs associated with the sales; and

c. Provide notice of the sales to the residents of the district.

(2) The Director of Finance may require the association to execute an agreement with the City setting forth the conditions under which the Director will approve such a sale as a condition of approving such a sale. The City shall publicize the sale at such location or locations through releases to such media outlets as the City may customarily use to provide information to the public. The fees collected for parking permits and temporary parking passes shall be used by the City in defraying the costs associated with administering restricted parking districts. Parking permits shall be issued on an annual basis as follows:

a. Parking permits for the Fan Residential Restricted Parking District shall be issued for the period commencing at 12:01 a.m. July 1 and expiring at 12:00 midnight June 30 of the following year, and all permits, regardless of the date of issue, other than temporary permits issued under subsection (c) of this section, shall expire at 12:00 midnight on the next June 30 after issuance.

b. Parking permits for the Carver Residential Restricted Parking District shall be issued for the period commencing at 12:01 a.m. January 1 and expiring at 12:00 midnight December 31 of the next calendar year, and all permits, regardless of the date of issue, other than temporary permits issued under subsection (c) of this section, shall expire at 12:00 midnight on December 31 of the calendar year in which they are issued.

(c) All parking permits issued pursuant to this section shall be displayed on all vehicles and motorcycles in such manner as prescribed by the Director of Public Works. All permits must be displayed on the vehicle for which it is purchased no later than the first day of the annual period for which the permit is issued.

(d) The Director of Public Works shall issue temporary parking passes, for a fee of $10.00 per parking pass, to those owning a valid parking permit in a restricted parking district for the sole use of guests of such permit holders. Such temporary parking passes shall be good for a period not exceeding ten days. In addition, the Director of Public Works may issue up to two annual visitor's parking passes per house or building address only to resident property owners who own a valid permit for a fee of $35.00 for each parking pass. Such resident property owners must purchase the annual visitor's parking passes at the same time they purchase the parking permit. No replacement annual visitor passes shall be provided or issued by the City.

(e) Any person convicted of violating this section, by parking in excess of time limits prescribed, shall be punished by a fine issued in accordance with Section 27-218.

(f) Any person who purchases any parking permit under false pretenses, including purchasing a permit for a person who:

(1) Is not qualified to purchase or use the permit;

(2) Allows use by another person of a lawfully acquired permit;

(3) Attaches and uses a permit on a vehicle for which the permit was not issued; or

(4) Attempts to resell, rent or otherwise trade a temporary parking permit or annual visitors pass in any manner whatsoever;

shall be guilty of a Class 4 misdemeanor and, upon conviction thereof, shall be subject to a fine not to exceed $100.00.

(g) Permits purchased pursuant to this section shall only be issued for vehicles registered with the State Department of Motor Vehicles, if required by law. If the State Department of Motor Vehicles requires a vehicle to be registered with the City, all City taxes and fees must be paid prior to the issuance of a parking permit for such vehicle. However, in addition to the vehicle's registration, all renters must provide the Director of Finance with a valid written lease for property located within a district in order to qualify for a resident permit.

Sec. 27-281. Special parking districts program—Established, purpose, goals.

(a) *Established.* There is hereby established a special parking districts program to provide for the expenditure of funds derived from certain parking fines imposed pursuant to Section 27-218(b)(3). The Director of Public Works shall administer the special parking districts program.

(b) *Purpose and goals.* The purpose of this section through Section 27-284 is to set forth the general provisions pursuant to which the Director of Public Works shall administer the special parking districts program. The goals of the program are to ensure proper funding for the permitting process established pursuant to Sections 27-279 and 27-280 for residential restricted parking districts and to improve resident and visitor parking conditions in such districts. The parameters set forth in this section through Section 27-284 shall apply to the program.

(Code 2004, § 102-303; Code 2015, § 27-281; Ord. No. 2011-78-62, § 1, 4-25-2011; Ord. No. 2013-81-69, § 1, 4-22-2013)

Sec. 27-282. Special parking districts program—Permitted expenditures from fund.

(a) There shall be no expenditure from the Special Parking Districts Special Fund except expenditures for the services and activities set forth in subsection (b) of this section used for residential restricted parking districts established pursuant to Section 27-279.

(b) The following services and activities in residential restricted parking districts may be funded by the Special Parking Districts Special Fund:

(1) Providing clearly marked crosswalks.

(2) Providing off-duty police patrols for the purpose of responding to reports of loud noise and other disturbances associated with celebrations and festivities.

(3) Maintaining and improving safety and cleanliness.

(Code 2004, § 102-304; Code 2015, § 27-282; Ord. No. 2011-78-62, § 1, 4-25-2011)

Sec. 27-283. Special parking districts program—Performance measurements.

(a) The Director of Public Works shall conduct a study annually to determine if the program has successfully achieved the goals set forth in Section 27-281 and submit a report of the results of such study to the City Council by no later than September 1 of each year. The report shall include:

(1) Details concerning expenditures from the Special Parking Districts Special Fund;

(2) The sufficiency of the fund to achieve the goals set forth in Section 27-281 and for the services and activities for which monies from the Special Parking Districts Special Fund may be expended in accordance with Section 27-282;

(3) The results of the surveys conducted in accordance with Section 27-284; and

(4) Any recommendations for improvement of the program.

(b) The Director of Public Works shall monitor the use of the Special Parking Districts Special Fund to ensure that there is sufficient funding for the permit process established pursuant to Sections 27-279 and 27-280 for residential restricted parking districts and for the services and activities for which the Special Parking Districts Special Fund may be expended and to ensure that the proceeds from the Special Parking Districts Special Fund are properly allocated in accordance with this Code and other applicable law. In addition, the Director of Public Works shall consider the results of the surveys conducted in accordance with Section 27-284.

(Code 2004, § 102-305; Code 2015, § 27-283; Ord. No. 2011-78-62, § 1, 4-25-2011; Ord. No. 2013-81-69, § 1, 4-22-2013; Ord. No. 2020-201, § 1(27-283), 9-28-2020)

Sec. 27-284. Special parking districts program—Administration.

(a) *Appointment.* The Director of Public Works shall appoint a designee, who may be an employee of the Department of Public Works with other duties, for the purpose of determining if the program has successfully achieved the goals set forth in Section 27-281.

(b) *Designee duties.* The designee appointed pursuant to subsection (a) of this section shall serve as a liaison between the City and the communities served by the special parking districts program to address any concerns related to the special parking districts program and shall monitor pending applications for establishment of a residential restricted parking district pursuant to Section 27-279. The designee shall also conduct a survey of neighborhood groups affected by the special parking districts program administered in accordance with Sections 27-281 through 27-284 for the purpose of determining if the program has successfully achieved the goals set forth in Section 27-281 and submit a report to the Director of Public Works concerning the survey results and any pending applications for establishment of a residential restricted parking district pursuant to Section 27-279.

DIVISION 5. TOWING OF VEHICLES FROM PRIVATE PROPERTY

Sec. 27-302. Towing and storage fees.

(a) The maximum fee that may be charged for removing or towing passenger cars, trailers and other vehicles of less than 10,000 pounds gross weight from private property, at the request of the owner of the property and without the permission of the owner of such a vehicle is $135.00. For towing a vehicle between 7:00 p.m. and 8:00 a.m. or on any Saturday, Sunday, or holiday, an additional fee of no more than $25.00 per vehicle towed may be charged.

(b) The maximum fee that may be charged for the storage of such passenger cars, trailers and other vehicles is $45.00 per 24-hour period. However, no fee for the storage of such passenger cars, trailers and other vehicles may be charged for the first 24-hour period.

(c) The maximum fee that may be charged for vehicles released at the scene or as a "drop fee" is $40.00. This fee may only be charged when the person conducting the towing has already hooked up the vehicle but has not

yet removed the vehicle from private property and the vehicle's owner or vehicle owner's agent arrives to claim the vehicle and pay this fee. The person conducting the towing must release the vehicle to the vehicle's owner or the vehicle owner's agent in return for the payment of this fee.

(d) The maximum fee that may be charged for administrative fees is $50.00. This fee may only be charged when the vehicle has been left in the tow lot over 72 hours.

(e) An after-hours release fee, not to exceed $35.00, may be charged for vehicles released between 7:00 p.m. and 8:00 a.m. No other fees, liens or towing, storing or administrative costs may be charged.

(f) Any person violating the provisions of this section shall be guilty of a Class 1 misdemeanor.

(Code 1993, § 28-270; Code 2004, § 102-326; Code 2015, § 27-302; Ord. No. 2009-227-223, § 1, 12-14-2009; Ord. No. 2017-198, § 1, 11-13-2017)

Sec. 27-303. Signs.

(a) No fee for the removal, towing, immobilization or storage or of any sort may be charged to the owner of a motor vehicle or trailer which was removed or immobilized from a privately owned parking area or lot at the request of the owner, operator or lessee of the parking area and without the permission of the vehicle's owner, unless signs are posted which meet the criteria in this section. Signs shall be posted at locations clearly visible from the parking area and where they can be read during hours of limited visibility. Signs must contain the following or substantially similar wording:

PRIVATE PARKING

(Name of owner, lessee or agent of the private property)

AUTHORIZED PARKING ONLY

TOWING ENFORCED BY

(Name of towing firm)

CALL (Towing firm telephone number)

FOR LOCATION AND INFORMATION

CONCERNING RETURN OF VEHICLE

Signs must also be at least 36 inches in width and 30 inches in height. Lettering for the top three lines shall be at least three inches in height and for all other lines at least one inch in height. All signs shall comply with Chapter 30 which pertains to zoning.

(b) Any individual or business entity which removes a motor vehicle as described in subsection (a) of this section shall post signs at its main place of business and at any other location where towed vehicles may be reclaimed conspicuously indicating the maximum towing, storage and administrative charges allowed under Section 27-302 as well as the business telephone number of the City official responsible for handling consumer complaints relating to the removal of trespassing vehicles from private property. The Chief of Police shall publish, on the City's website and by any other appropriate means as the Chief of Police may determine, the business telephone number of the City official responsible for handling consumer complaints relating to the removal of trespassing vehicles from private property.

(c) Any person violating the provisions of this section shall be guilty of a Class 1 misdemeanor.

(Code 1993, § 28-271; Code 2004, § 102-327; Code 2015, § 27-303; Ord. No. 2009-227-223, § 1, 12-14-2009)

Sec. 27-304. Removing motor vehicle from private property without permission.

It shall be unlawful for any person to remove, immobilize or tow a motor vehicle or trailer from private property or to direct another person to remove, immobilize or tow a motor vehicle or trailer from private property without first obtaining the permission of the owner of the motor vehicle or trailer; the owner, lessee, custodian or other person lawfully in charge of the private property; or a law enforcement officer. Any person violating the provisions of this section shall be guilty of a Class 1 misdemeanor.

(Code 1993, § 28-272; Code 2004, § 102-328; Code 2015, § 27-304; Ord. No. 2009-227-223, § 1, 12-14-2009)

ARTICLE VII. ABANDONED, UNATTENDED AND INOPERATIVE VEHICLES*

***Cross reference—**Nuisances, § 11-51 et seq.

State law reference—Abandoned, immobilized, unattended and trespassing vehicles, Code of Virginia, § 46.2-1200 et seq.

Sec. 27-327. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Abandoned motor vehicle means a motor vehicle, trailer, or semitrailer or part of a motor vehicle, trailer, or semitrailer that:

(1) Is inoperable and is left unattended on public property, other than an interstate highway or primary highway, for more than 48 hours;

(2) Has remained illegally on public property for more than 48 hours;

(3) Has remained for more than 48 hours on private property without the consent of the property's owner, regardless of whether it was brought onto the private property with the consent of the owner or person in control of the private property;

(4) Is inoperable, left unattended, or both on an interstate highway; or

(5) Is inoperable, left unattended, or both on the shoulder of a primary highway.

Inoperable abandoned motor vehicle means an abandoned motor vehicle which is inoperable and which the fair market value, as determined by the locality's official responsible for assessing motor vehicles under Code of Virginia, § 58.1-3503, is less than the cost of its restoration to an operable condition.

Inoperable motor vehicle means any motor vehicle, trailer or semitrailer:

(1) That is not in operating condition;

(2) For a period of 60 days or longer has been partially or totally disassembled by the removal of tires and wheels, the engine, or other essential parts required for operation of the vehicle; or

(3) On which there are displayed neither valid license plates nor a valid inspection decal. However, the term "inoperable motor vehicle" does not apply to any motor vehicle which is on the premises of a licensed business which on June 26, 1970, was regularly engaged in business as an automobile dealer, salvage dealer or scrap processor.

Owner of record and *persons having security interests of record* mean per the records of the State Department of Motor Vehicles.

Shielded or *screened* means hidden from sight, from any ground level location, by vegetation or fences.

Unattended motor vehicle means any motor vehicle, trailer, semitrailer, or part of a motor vehicle, trailer, or semitrailer that is:

(1) Left unattended on a public highway or other public property and constitutes a traffic hazard;

(2) Illegally parked;

(3) Left unattended for more than ten days on public property;

(4) Left unattended for more than 72 hours on private property without the permission of the property owner, lessee, or occupant; or

(5) Immobilized on a public roadway by weather conditions or other emergency situations.

Sec. 27-328. Offenses relating to motor vehicles on private property.

(a) It shall be unlawful for any person to keep an inoperable motor vehicle on any property zoned for residential or commercial or agricultural purposes, except within a fully enclosed building or structure or otherwise shielded or screened from view.

(b) Any person violating this section shall be guilty of a Class 1 misdemeanor. A separate offense shall be deemed committed for each motor vehicle, trailer, semitrailer, or part of a motor vehicle, trailer or semitrailer that is in violation of this section.

Sec. 27-329. Offenses relating to inoperable motor vehicles on streets and other public property.

(a) It shall be unlawful for an owner, operator, driver or person in control to leave an inoperable motor vehicle, motor home, trailer or semitrailer unattended on any public property, including on any street or roadway or in any alley, for more than 48 hours.

(b) Any person violating this section shall be guilty of a Class 1 misdemeanor.

(c) In any prosecution charging a violation of this section, proof that the motor vehicle, motor home, trailer or semitrailer described in the complaint, warrant or summons was left unattended in violation of this section, together with proof that the defendant was at the time the registered owner thereof, shall constitute in evidence a prima facie presumption that the registered owner of the vehicle was the person who committed the violation.

Sec. 27-330. Procedures for impounding and immobilizing motor vehicles.

(a) *Abandoned and inoperable abandoned motor vehicles.* The City may cause abandoned motor vehicles and inoperable abandoned motor vehicles to be removed to the vehicle compound for safekeeping.

(b) *Unattended motor vehicles.* The City may cause unattended motor vehicles to be removed by or under the direction of a law enforcement officer to the vehicle compound for safekeeping. However, unattended motor vehicles shall not be removed from private property without the owner, lessee, or occupant of the premises providing to the City both a written request that the unattended motor vehicle be removed and the owner's, lessee's, or occupant's agreement to indemnify the City against any loss or expense incurred by reason of removal, storage, or sale thereof. The City shall not cause unattended motor vehicles to be removed from private property which is normally open to the public for parking unless there is posted at such places signs warning that vehicles left on the property for more than 72 hours will be towed or removed at the vehicle owner's expense.

(c) *Motor vehicles with three or more unpaid parking violation notices.*

(1) The City may cause any motor vehicle parked on the public highways or public grounds against which there are three or more unpaid or otherwise unsettled parking violation notices to be either immobilized or removed to the vehicle compound for safekeeping. The removal or immobilization of the vehicle shall be by or under the direction of an officer or employee of the Department of Police. No such vehicle parked on private property may be removed or immobilized unless written authorization to enforce this section has been given by the owner of the property or an association of owners formed pursuant to the Virginia Condominium Act (Code of Virginia, § 55.1-1900 et seq.) or the Horizontal Property Act (Code of Virginia, § 55.1-2000 et seq.), and the City has provided written assurance to the owner of the property that he will be held harmless from all loss, damage, or expense, including costs and attorney's fees, that

may be incurred as a result of the towing or otherwise of any motor vehicle pursuant to this section.

(2) It shall be the duty of the law enforcement personnel removing or immobilizing the motor vehicle or under whose direction such vehicle is removed or immobilized, to inform as soon as practicable the owner of the removed or immobilized vehicle of the nature and circumstances of the prior unsettled parking violation notices for which the vehicle was removed or immobilized.

(3) When a vehicle is immobilized pursuant to this section, there shall be placed on the vehicle, in a conspicuous manner, a notice warning that the vehicle has been immobilized and that any attempt to move the vehicle might damage it. For at least 24 hours from the time of immobilization, the owner of an immobilized motor vehicle, or other person acting on his behalf, shall be permitted to secure the release of the vehicle by payment of the outstanding parking violation notices for which the vehicle was immobilized and by payment of all costs incidental to the immobilization. After at least 24 hours have passed, and the owner of an immobilized vehicle or person acting on his behalf has not secured the release of the vehicle, law enforcement personnel may direct that the vehicle be removed to the vehicle compound for safekeeping.

(d) *Inoperable motor vehicles.* In addition to the penalty prescribed in Section 27-328, the City may cause the owner or occupant of any parcel of land found to contain an inoperable motor vehicle which is not in a fully enclosed building or structure, whether or not such inoperable motor vehicle is shielded or screened from view, to be given notice that the inoperable motor vehicle constitutes a nuisance and that the City will cause the vehicle to be removed unless the vehicle is placed within a fully enclosed building or structure or removed from the property within 48 hours or within some longer time period stated in the notice. If the owner or occupant fails to comply with the notice and abate the nuisance within the specified time, the City or its agents shall cause such vehicle to be removed to the vehicle compound.

(Code 1993, § 28-318; Code 2004, § 102-363; Code 2015, § 27-330; Ord. No. 2005-115-63, § 1, 5-9-2005; Ord. No. 2006-328-2007-10, § 1, 1-8-2007)

State law reference—Authority to restrict keeping of inoperable motor vehicles, etc., on residential or commercial property, removal of such vehicles, Code of Virginia, § 15.2-904; definitions, Code of Virginia, § 46.2-1200; removal and disposition of unattended or immobile vehicles, ordinances in counties, cities and towns, Code of Virginia, § 46.2-1213; prohibition against leaving a motor vehicle on the private property of any other person without the consent of that other person, Code of Virginia, § 46.2-1215; removal or immobilization of motor vehicles against which there are outstanding parking violations, Code of Virginia, § 46.2-1216; unattended or immobile vehicles, Code of Virginia, § 46.2-1209; removal of vehicles obstructing movement from driveways, etc., Code of Virginia, § 46.2-1211.

Sec. 27-331. Notice of impounded motor vehicles.

(a) When, pursuant to Section 27-330, an abandoned motor vehicle, unattended motor vehicle, inoperable motor vehicle or motor vehicle against which there are three or more unpaid or otherwise unsettled parking violation notices has been impounded pursuant to Section 27-330, the City or its designees shall provide notice of such impoundment as required by this section.

(b) As promptly as possible after impoundment, the law enforcement officer or other City employee or agent under whose direction the unattended vehicle was removed shall report the impoundment to the Chief of Police.

(c) Within 15 days after a motor vehicle is impounded under this section, the person in charge of the vehicle compound shall notify, by registered or certified mail, return receipt requested, the owner of record of the motor vehicle and all persons having security interests in the vehicle of record that the vehicle has been taken into custody. The notice shall state the year, make, model and the vehicle identification number of the motor vehicle; shall set forth the location of the facility where it is being held; and shall inform the owner and any persons having security interests of their right to reclaim the motor vehicle within 15 days after the date of the notice upon payment of all towing, preservation and storage charges resulting from placing the vehicle in custody. The notice shall also state that the failure of the owner or persons having security interests to reclaim the vehicle within the time provided shall constitute both a waiver by the owner and all persons having any security interests of all right, title and interest in the vehicle and consent to the sale of the motor vehicle at a public auction. If the vehicle was impounded because of three or more unsettled parking violation notices, the notice shall also state the nature and circumstances of the unsettled parking violations for which the vehicle was impounded.

(d) If records of the State Department of Motor Vehicles contain no address for the owner or no address of any person shown by such records to have a security interest or if the identity and addresses of the owner and all persons having security interests cannot be determined with reasonable certainty, notice by publication once in a newspaper of general circulation in the City shall be sufficient to meet all requirements of notice to any such person. Such notice by publication may contain multiple listings of motor vehicles. Any such notice by publication shall be within the time requirements and shall have the same contents as for notice by mail prescribed in subsection (c) of this section.

(Code 1993, § 28-319; Code 2004, § 102-364; Code 2015, § 27-331)

State law reference—Notice to owner of vehicle taken into custody, Code of Virginia, § 46.2-1202; removal and disposition of unattended or immobile vehicles, ordinances in counties, cities and towns, Code of Virginia, § 46.2-1213; removal or immobilization of motor vehicles against which there are outstanding parking violations, Code of Virginia, § 46.2-1216.

Sec. 27-332. Disposition of impounded motor vehicles.

(a) If no owner or lienholder of a motor vehicle impounded pursuant to Section 27-330 can be located following the procedures in Section 27-331 or if no owner or lienholder pays all costs incidental to its removal and storage and locating the owner, including the payment of any outstanding parking violation notices and any costs incidental to immobilization for a vehicle which was impounded for three or more unsettled parking violation notices, the City or its authorized agent shall, notwithstanding Code of Virginia, § 46.2-617, sell it at public auction.

(b) Auction of motor vehicles pursuant to this section shall occur no earlier than 16 days after notice was provided pursuant to Section 27-331. However, auctions of unattended motor vehicles removed from private property shall occur no earlier than 61 days after such vehicles were impounded or 16 days after notice was provided pursuant to Section 27-331, whichever date occurs later.

(c) Any personal property found in such motor vehicles may be sold incident to the sale of the vehicle as authorized in this section.

(d) The purchaser of such motor vehicles shall take title to the motor vehicle free of all liens and claims of ownership of others; shall receive a sales receipt at the auction; and shall be entitled, upon application to the State Department of Motor Vehicles, to receive a certificate of title and registration card for the vehicle. The sales receipt from the sale shall be sufficient title only for purposes of transferring the vehicle to a demolisher for demolition, wrecking, or dismantling, and in that case, no further titling of the vehicle shall be necessary.

(e) The City or its authorized agent shall reimburse itself from the proceeds of any auction authorized in this section for the expenses of the auction; the cost of removing, preserving, and storing the motor vehicle which resulted from placing it in custody; and all notice and publication costs incurred pursuant to Section 27-331. Any remainder from the proceeds of an auction shall be held for the owner of the motor vehicle or any person having security interests in the motor vehicle, as their interests may appear, for 90 days and then shall be deposited into the City treasury.

(f) In addition to the sale as outlined in this section, the cost of removal and disposal for inoperable motor vehicles shall be chargeable to the owner of the motor vehicle or the owner of the premises from which it was removed and may be collected by the City as taxes and levies are collected, and every cost authorized by this section assessed against the owner of the premises shall constitute a lien against the property from which the vehicle was removed, the lien to continue until actual payment of cost has been made to the City.

(g) After the sale at auction of any unattended motor vehicle, the City or its authorized agent shall notify the State Department of Motor Vehicles of the disposition of the unattended motor vehicle.

Sec. 27-333. Notice and disposition of inoperable abandoned motor vehicles.

(a) Notwithstanding any other section of this article, the City may dispose of any inoperable abandoned motor vehicle which has been taken into custody pursuant to Section 27-330(a) by sending it to a demolisher, without following the title or notification procedures required by Section 27-331.

(b) When a motor vehicle is disposed of as provided for in subsection (a) of this section, the Chief of Police shall certify this fact to and claim reimbursement from the State Department of Motor Vehicles pursuant to Code of Virginia, § 46.2-1207.

ARTICLE VIII. SIZE AND WEIGHT OF VEHICLES*

***State law reference—**Vehicle size, weight and load, Code of Virginia, § 46.2-1101 et seq.

Sec. 27-355. Decrease of weight and load limits.

The Mayor may make, promulgate and enforce rules and regulations decreasing the weight and load limit specified in Code of Virginia, Title 46.2, Ch. 10, Art. 17 (Code of Virginia, § 46.2-1122 et seq.) for a total period not to exceed 90 days in any calendar year, when operation over highways by reason of deterioration, rain, snow or other climatic conditions will seriously damage such highways unless such weights are reduced. The Chief Administrative Officer shall cause to be erected signs stating the weight specified in such rule or regulation at each end of the section of the highway affected, and no such rule or regulation shall be effective until such signs are erected. Any person violating such rules and regulations shall be punished as provided in Section 27-42.

State law reference—Similar provisions, Code of Virginia, § 46.2-1104.

Sec. 27-356. Permits for vehicles of excessive size and weight.

(a) The Chief of Police may, upon application in writing and good cause being shown therefor, issue a special permit, in writing, authorizing the applicant to operate or move a vehicle upon the highways of a size or weight exceeding the maximum specified in this chapter. Each such permit may designate the route to be traversed and contain any other restrictions or conditions deemed necessary by the Chief respecting liability for damage to the highways and other public or private property on or near the highways. The duration of each permit shall be for such length of time as is necessary to accomplish the purposes and objectives of the applicant, whether one or more vehicles are operated or moved upon the highways in furtherance thereof, but shall expire in any event one year after the date of issuance thereof.

(b) Special permits to operate or move a vehicle upon the highways of a weight exceeding the maximum specified in this chapter shall be granted without costs where the vehicle is hauling or carrying containerized cargo in a sealed, seagoing container bound to or from a State seaport and has been or will be transported by marine shipment, provided the single axle weight does not exceed 20,000 pounds, the tandem axle weight does not exceed 34,000 pounds and the gross weight does not exceed 78,000 pounds and provided the contents of such seagoing container are not changed from the time it is loaded by the consignor or agents to the time it is delivered to the consignee or agents. Cargo moving in vehicles conforming to specifications shown in this subsection but exceeding axle and gross weight limitations shown in this subsection shall be considered irreducible and eligible for permits under regulations of the Commonwealth Transportation Board. The requirement of this subsection that the container be bound to or from a seaport in the State need not be met if the cargo in the container is destined for a seaport outside the State and consists wholly of farm products grown in that part of the State separated from the larger part of the State by the Chesapeake Bay.

(c) The Chief, upon application in writing made by the owner or operator of three-axle vehicles used exclusively for the mixing of concrete in transit or at a project site or for transporting necessary components in a compartmentalized vehicle to produce concrete immediately upon arrival at the project site and having a gross

weight not exceeding 60,000 pounds, a single-axle weight not exceeding 20,000 pounds and a tandem-axle weight not exceeding 40,000 pounds, shall issue to such owner or operator, without cost, a permit in writing authorizing the operation of such vehicles upon the highways. No such permit shall be issued authorizing the operation of the vehicles enumerated in this subsection for a distance of more than 25 miles from a batching plant; however, the permit shall not designate the route to be traversed nor contain restrictions or conditions not applicable to other vehicles in their general use of the highways. Each vehicle, when loaded according to the provisions of a permit issued under this section, shall be operated at a reduced speed. The reduced speed limit is to be ten miles per hour slower than the legal speed limit in 55, 45 and 35 mile-per-hour speed limit zones. No permit issued under this section providing for a single-axle weight in excess of 20,000 pounds or for a tandem-axle weight in excess of 34,000 pounds shall be issued to include travel on the Federal interstate system of highways.

(d) The Chief, upon application in writing made by the owner or operator of vehicles used exclusively for the hauling of coal from a mine or other place of production to a preparation plant, loading dock or railroad, shall issue to such owner or operator, without cost, a permit in writing authorizing those vehicles to operate with gross weights in excess of that established in Code of Virginia, § 46.2-1122 et seq., on the conditions set forth in this subsection. Vehicles with three axles may have a maximum gross weight, when loaded, of no more than 60,000 pounds, a single-axle weight not exceeding 24,000 pounds and a tandem-axle weight not exceeding 45,000 pounds. Vehicles with four axles may have a maximum gross weight, when loaded, of no more than 70,000 pounds, a single-axle weight not exceeding 24,000 pounds, and a tri-axle weight not exceeding 50,000 pounds. Vehicles with five axles having no less than 35 feet of axle space between extreme axles may have a maximum gross weight, when loaded, of no more than 90,000 pounds, a single-axle weight not exceeding 20,000 pounds, and a tandem-axle weight not exceeding 40,000 pounds. In addition, as of July 1, 1979, any vehicle permitted by this subsection the load of which rises above the top of the bed of such vehicle, not including extensions of the bed, shall be in violation of this section. As of April 1, 1980, all vehicles to qualify for a valid permit under this subsection must be identified by their bed size in cubic feet and modified, where required, to permit visual inspection in the manner provided in this subsection, and as of that date any existing permit not issued in such manner shall be invalid. However, as of July 1, 1979, any vehicle owner or operator who so desires may obtain a permit in accordance with the conditions established for permits as of April 1, 1980, and shall thereby be subject to the provisions of this section applicable to vehicles with such permits. As of April 1, 1980, three-axle vehicles shall not carry loads in excess of the maximum bed size in cubic feet for such vehicle which shall be computed by a formula of 60,000 pounds less the weight of the truck empty divided by the average weight of coal which is established to be 52 pounds per cubic foot. Four-axle vehicles shall not carry loads in excess of the maximum bed size in cubic feet for such vehicle which shall be computed by a formula of 70,000 pounds less the weight of the truck empty divided by the average weight of coal which is established to be 52 pounds per cubic foot. For the purposes of this subsection, the term "bed" shall mean that part of the vehicle utilized to contain coal while hauling, and bed size shall be measured by its interior dimensions with volume expressed in cubic feet. In order to ensure compliance with this subsection by visual inspection, if the actual bed size of the vehicle exceeds the maximum as provided above, the owner or operator shall be required to paint a horizontal line two inches wide on the sides of the outside of the bed of the vehicle which is clearly visible to indicate the uppermost limit of the maximum bed size applicable to the vehicle as provided in this subsection. In addition, one slotted hole two inches high and six inches long on each side of the bed shall be cut in the center of the bed and at the top of the painted line. As of July 1, 1979, any vehicle not in compliance with this subsection shall be in violation of this subsection, and the owner or operator, or both, shall be subject to a penalty of $250.00 for the first offense, $500.00 for a second offense within a 12-month period, and $1,000.00 and revocation of the permit for a third offense within a 12-month period from the first offense. If the bed of any vehicle which has received a permit under this subsection is enlarged beyond the maximum bed size for which its permit was granted or if the line or holes required are altered so that the vehicle exceeds the bed size for which its permit was granted, the owner or operator, or both, shall be subject to a penalty of $1,000.00 for each offense and revocation of the permit. Upon revocation, a permit shall not be reissued for six months. Any vehicle with a valid permit issued pursuant to the conditions required for a permit as of April 1, 1980, when such vehicles are carrying loads which do not rise above the top of the bed or the line indicating the bed's maximum size in cubic feet, if applicable, it shall be, in the absence of proof to the contrary, prima facie evidence that the load is within the applicable weight limits. If any vehicle is stopped by enforcement officials for carrying a load rising above the top of the bed or the line indicating the bed's maximum size in cubic feet, if applicable, the operator of the vehicle shall be permitted to shift the load within the bed to determine if the load can be contained in the bed without rising above its top or above the

line. No such permit shall be valid for the operation of any such vehicle for a distance of more than 35 miles from such preparation plant, loading dock or railroad. However, no permit issued under this section providing for a single-axle weight in excess of 20,000 pounds or a tandem-axle weight in excess of 34,000 pounds shall be issued to include travel on the Federal interstate system of highways.

(e) Upon the application in writing of any county which has withdrawn its roads from the secondary system of State highways and which owns or operates three-axle refuse collection trucks, a single-axle weight not exceeding 20,000 pounds, and a tandem-axle weight not exceeding 36,000 pounds, the Chief shall issue to such county, without cost, a permit in writing authorizing the operation of such vehicles upon the highways. Permits may be issued only for the operation of the four refuse collection trucks which the county owned or had ordered prior to March 1, 1968. No such permit shall designate the route to be traversed nor contain restrictions or conditions not applicable to other vehicles in their general use of the highways. No permit issued under this section providing for a single-axle weight in excess of 20,000 pounds or a tandem-axle weight in excess of 34,000 pounds shall be issued to include travel on the Federal interstate system of highways.

(f) The Chief, upon application in writing made by the owners or operators of motor vehicles not exceeding the axle and gross weight limitations as set forth in Code of Virginia, § 46.2-1122 et seq., shall issue, without cost, a permit authorizing the operation of such motor vehicles on the highways of this City to transport items arriving at a State port by ship from overseas points of origin and consigned to an assembly plant in this State. The Chief may designate the routes such permittees must use from the port to the assembly plant.

(g) Every such permit shall be carried in the vehicle to which it refers and shall be open to inspection by any officer, and it shall be a misdemeanor for any person to violate any of the terms or conditions of such special permit.

(h) However, the City, upon application in writing made by the owner or operator of a three-axle passenger bus, consisting of two sections joined together by an articulated joint with the trailer being equipped with a mechanically steered rear axle and having a gross weight not exceeding 60,000 pounds, a single-axle weight not exceeding 25,000 pounds and a width not to exceed 102 inches, shall issue to such owner or operator, without cost, a permit in writing authorizing the operation of such vehicle upon the highway. No permit issued under this section providing for a single axle weight in excess of 20,000 pounds or for a tandem axle weight in excess of 34,000 pounds shall be issued to include travel on the Federal interstate system of highways.

(i) Except as otherwise provided in this section, for each such permit so issued, a fee of $25.00 shall be paid to the City to defray the cost incident to the issuance of such permit, provided that no fee shall be charged for the issuance of a permit to operate or move a motor vehicle by continuous passage through the City, between points of origin and destination beyond the corporate limits thereof, upon a highway designated as a Federal or State highway route when the movement of the vehicle is confined exclusively to such route and there is no deviation therefrom.

Sec. 27-357. Permit for transportation of certain manufactured homes in City.

(a) Whenever any permit has been issued by the Commissioner of the Department of Motor Vehicles, pursuant to Code of Virginia, § 46.2-653, for the transportation of any manufactured home described in such section, an additional permit shall be required from the Chief of Police for the transportation of such mobile home or house trailer in or through the City.

(b) The Chief may prescribe the route over which any manufactured home, for the transportation of which a permit has been issued by the Commissioner pursuant to Code of Virginia, § 46.2-653, may be transported in or through the City, and no such manufactured home shall be transported through the City except along such prescribed route.

(c) No special permit shall be issued pursuant to this section covering any manufactured home which is subject to a license.

(Code 1993, § 28-333; Code 2004, § 102-403; Code 2015, § 27-357)

Sec. 27-358. Weight limits for any vehicle or combination of vehicles.

In accordance with Code of Virginia, § 46.2-1138.1, the weight limits established by Code of Virginia, §§

46.2-1123 through 46.2-1127, shall apply to any vehicle or combination of vehicles passing over any roads under the jurisdiction of the City.

(Code 2015, § 27-358; Ord. No. 2019-008, § 1, 1-28-2019)

Sec. 27-359. Liquidated damages for violation of weight limits for certain vehicles.

Upon a finding of a violation of any weight limit imposed on any vehicle or combination of vehicles by Section 27-358, the court shall assess the owner, operator or other person causing the operation of such overweight vehicle at the applicable rate and amount established in Code of Virginia, § 46.2-1135. Such assessment shall be entered by the court as a judgement for the City. The entry of such judgment shall constitute a lien upon the overweight vehicles. The sums for any violation of Section 27-358 shall be paid into the treasury of the City, and allocated to the fund appropriated by the City for the construction and maintenance of such roads under the City's jurisdiction.

ARTICLE IX. BICYCLES*

***State law reference—**Bicycles, Code of Virginia, § 46.2-903 et seq.

Sec. 27-388. Removal, destruction or mutilation of serial number.

No person shall willfully remove, destroy, mutilate or alter the serial number on any bicycle or knowingly possess a bicycle, the serial number of which has been removed, destroyed, mutilated or altered. If a person has or acquires a bicycle not bearing a legible serial number placed thereon by the manufacturer, such person shall immediately report the lack of a legible serial number to the Chief of Police, who may designate a serial number therefor and direct that such number be placed on the bicycle.

(Code 1993, § 28-352; Code 2004, § 102-437; Code 2015, § 27-388)

Sec. 27-389. Report of receipt of used bicycles or parts for resale.

Any person who receives for resale a used bicycle or used bicycle parts shall report such receipt to the Chief of Police within 24 hours thereafter and shall not sell such bicycle or parts within five days from such receipt, unless authorized to do so by the Chief of Police.

(Code 1993, § 28-353; Code 2004, § 102-438; Code 2015, § 27-389)

Sec. 27-390. Impoundment.

(a) Any police officer may impound a bicycle which is attached to any tree on City-owned property, abandoned or which is parked in such a manner as to create a traffic hazard. The owner of a bicycle impounded by the police or the owner's agent may claim it at the place it is held and, upon proof of ownership, obtain possession thereof without the payment of any fee or charge on account of the impoundment. The Chief of Police shall use due diligence to ascertain the name and address of the owner of an impounded bicycle and notify the owner that it is being held. If a bicycle is not claimed by the owner within 30 days from the date it was impounded, it may be either donated to a charitable organization by the Chief of Police or sold by the Director of Procurement Services. Every such sale, whenever practicable, shall be made on the basis of competitive bids after the public notice required for the sale of tangible personal property owned by the City, and when there has been competitive bidding such sale shall be made to the highest or best responsible bidder. The Director of Procurement Services shall have authority to reject any or all bids and to order new bidding or, with the approval of the Chief Administrative Officer, make the sale to any person, whether a former bidder or not, without further bidding. The proceeds of such sales shall be paid into the City treasury. The cost of impounding, removal, storage, investigation as to ownership, notice and sale shall be paid out of the proceeds of such sale, and the balance of such funds shall be held for the owner of such bicycle at the time of its impoundment for a period of 60 days. The balance of the proceeds of sale shall thereafter be deposited in the City treasury. If, within three years after the date of sale of such bicycle, the ownership thereof at the time of its impoundment is established to the satisfaction of the Chief Administrative Officer, such owner shall be paid the balance of the proceeds from the sale, without payment of interest or other charge. No claim shall be made nor any suit, action or proceeding be instituted for the recovery of such proceeds after three years from the date of sale.

(b) Any bicycle found and delivered to the police by a private person which thereafter remains unclaimed for 30 days after the final date of publication as required in this section may be donated to a charitable organization or given to the finder; however, the location and description of the bicycle shall be published, at least once a week for two consecutive weeks, in a newspaper of general circulation within the City. Such notice shall be published in a form to be approved by the Chief of Police. If the bicycle is given to the finder, the finder of the bicycle shall be responsible for the publication of such notice and any cost associated therewith. Prior to release of the bicycle, the finder shall present verification of compliance with the publication requirements, as set forth in this section. If a license plate or tag is affixed to a found bicycle, the Chief of Police shall use due diligence to notify the owner that it is being held.

(Code 1993, § 28-354; Code 2004, § 102-439; Code 2015, § 27-390; Ord. No. 2004-360-330, § 1, 12-13-2004; Ord. No. 2007-152-105, § 1, 5-29-2007; Ord. No. 2010-21-67, § 2, 4-26-2010; Ord. No. 2013-88-62, § 1, 4-22-2013)

Sec. 27-391. Disposition of fees collected under article.

All fees collected under this article shall be paid into the City treasury.

Sec. 27-392. Attachment of bicycles to trees on City-owned property prohibited; impoundment.

It shall be unlawful for any person to attach any bicycle to any tree on City-owned property.

(Code 2004, § 102-441; Code 2015, § 27-392; Ord. No. 2013-88-62, § 2, 4-22-2013)

Sec. 27-393. Impoundment of bicycles.

(a) Any police officer may impound any bicycle that is inoperable due to missing or broken components necessary for operation and that is attached to posts, signs or other property on City-owned property for more than 72 hours. If any such bicycle is not claimed by the owner within 30 days from the date it was impounded, in accordance with Section 27-390, it may be either donated to a charitable organization by the Chief of Police or sold by the Director of Procurement Services.

(b) Any police officer may impound any bicycle in operating condition that is attached for more than ten days to posts, signs or other property on City-owned property. If any such bicycle is not claimed by the owner within 30 days from the date it was impounded, in accordance with Section 27-390, it may be either donated to a charitable organization by the Chief of Police or sold by the Director of Procurement Services.

(Code 2004, § 102-442; Code 2015, § 27-393; Ord. No. 2013-88-62, § 2, 4-22-2013)

ARTICLE X. ASSEMBLIES, DEMONSTRATIONS AND PARADES

Sec. 27-415. Purpose.

Pursuant to the authority granted to the City by the Code of Virginia and its general police powers, the City has adopted the following sections in order to provide for the public health, safety and general welfare in the City, to ensure the free and safe passage of pedestrians and vehicles on the public rights-of-way, and to ensure the safe and unimpaired use and enjoyment of public property in places open to the general public and otherwise to regulate and control the time, place and manner of activities that would otherwise threaten or impair the public health, safety, and welfare in the City while also encouraging the exercise of the rights to free speech and assembly in the City.

(Code 2004, § 102-500; Code 2015, § 27-415; Ord. No. 2003-348-307, § 2(28-400), 11-10-2003)

Sec. 27-416. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Parade means any march, procession or motorcade consisting of people, animals, or vehicles, or a combination thereof upon the streets, sidewalks or other public areas within the City that interferes with or has a tendency to interfere with the normal flow or regulation of pedestrian or vehicular traffic upon the streets, sidewalks, or other public property.

Public assembly means any meeting, demonstration, picket line, rally or gathering of more than ten people for a common purpose as a result of prior planning that interferes with or has a tendency to interfere with the normal flow or regulation of pedestrian or vehicular traffic upon the streets, sidewalks, or other public property within the City or that interferes with or has a tendency to interfere with the normal use of any public property in a place open to the general public.

Spontaneous event means an unplanned or unannounced coming together of people, animals or vehicles in a parade or public assembly which was not contemplated beforehand by any participant therein and which is caused by or in response to unforeseen circumstances or events occasioned by news or affairs first coming into public knowledge within 15 days of such parade or public assembly.

(Code 2004, § 102-501; Code 2015, § 27-416; Ord. No. 2003-348-307, § 2(28-401), 11-10-2003)

Cross reference—Definitions generally, § 1-2.

Sec. 27-417. Permit required.

(a) It shall be unlawful for any person to conduct or participate in a marathon and walking or physical endurance contest or exhibition, public assembly, demonstration or parade on the public streets, sidewalks, or other public property of the City in a place open to the general public for which a written permit has not been issued in accordance with the provisions of this article.

(b) The provisions of this section shall not apply to:

(1) Spontaneous events;

(2) Recreational activities, including jogging or walking, that do not require closing public streets or other public rights-of-way and that do not interfere with or have a tendency to interfere with the normal use of any public property in a place open to the general public;

(3) Door-to-door advocacy, including canvassing, pamphleteering, religious or political proselytizing and the distribution of written materials, and similar activities that do not interfere with or have a tendency to interfere with the free passage of pedestrians and vehicles on the public rights-of-way or the normal use of any public property in a place open to the general public;

(4) Door-to-door sales of goods or services, and similar activities that do not interfere with or have a tendency to interfere with the free passage of pedestrians and vehicles on the public rights-of-way or the normal use of any public property in a place open to the general public; provided, however, that any persons or organizations engaging in such activities shall comply with any other applicable requirements of this Code;

(5) Funeral processions;

(6) Students going to and from school classes or participating in educational activities, provided that such conduct is under the immediate direction and supervision of the proper school authorities;

(7) The United States Army, Navy, Air Force and Coast Guard, the military forces of the State and the police and fire divisions of the City;

(8) Governmental agencies acting within the scope of their functions; or

(9) Park and recreation areas that are regulated by the City's Department of Parks, Recreation and Community Facilities.

(c) Permits may be granted if they are requested by individuals or organizations who desire to have a permit, even though the permit is not required under this section.

(Code 2004, § 102-502; Code 2015, § 27-417; Ord. No. 2003-348-307, § 2(28-402), 11-10-2003)

Sec. 27-418. Application.

(a) Any person desiring to conduct a marathon and walking or physical endurance contest or exhibition, parade or public assembly shall make written application to the Chief of Police, or his designee, at least 15 days prior to such parade or public assembly. Such application shall set forth the following information:

(1) The name, address and telephone number of the person requesting the permit;

(2) The name and address of any organization or group the applicant is representing;

(3) The name, address and telephone number of the person who will act as the parade or public assembly leader or chairperson and who will be responsible for the conduct of the parade or public assembly;

(4) The type of public assembly, including a description of the activities planned during the event;

(5) The date and time (start and ending) of the parade or public assembly;

(6) If an assembly, the specific location or locations of the assembly;

(7) If a parade, the specific assembly and dispersal locations, the specific route, and the plans, if any, for assembly and dispersal;

(8) The approximate number of people who, and animals and vehicles which will constitute such parade or public assembly and the type of animals and a description of the vehicles;

(9) A statement as to whether the parade or public assembly will occupy all or only a portion of the width of the streets or sidewalks or other public rights-of-way proposed to be traversed or used;

(10) A description of any recording equipment, sound amplification equipment, banners, signs, or other attention-getting devices to be used in connection with the parade or public assembly; and

(11) Such other information as the Chief of Police, or his designee, may deem reasonably necessary in order to properly provide for traffic control, street and property maintenance, administrative arrangements, police and fire protection, and for the protection of public health, safety and welfare.

(b) The Chief of Police, or his designee, shall not issue the permit if any information supplied by the applicant is false or intentionally misleading.

(c) The Chief of Police, or his designee, shall have the authority to and shall make reasonable efforts to consider an application hereunder which is filed less than 15 days before the date the parade or assembly is proposed to be conducted if, after due consideration of the date, time, place and nature of the marathon and walking or physical endurance contest or exhibition, parade or public assembly, the anticipated number of participants and the City services required in connection with the event, and where good cause is otherwise shown, the Chief of Police, or his designee, determines that the waiver of the permit application deadline will not present an undue hazard to public safety.

(Code 2004, § 102-503; Code 2015, § 27-418; Ord. No. 2003-348-307, § 2(28-403), 11-10-2003)

Sec. 27-419. Issuance or denial of permit.

(a) The Chief of Police, or his designee, shall issue the permit within five days of receipt of the completed application, and in any event prior to the scheduled parade or public assembly, if the proposed marathon and walking or physical endurance contest or exhibition, parade or public assembly will not endanger the public health, welfare or safety, after applying the following criteria and finding that:

(1) The time, duration, route and size of the parade or assembly will not unreasonably interrupt the safe and orderly movement of vehicular or pedestrian traffic or the normal use of public property in a place open to the general public;

(2) The parade or assembly is not of such a nature that it will require diversion of so great a number of police and fire personnel to properly police the line of movement in the areas contiguous thereto so as to impair the normal protection of the remainder of the City;

(3) The applicant has, where appropriate, designated monitors sufficient to control the orderly conduct of the parade or assembly in conformity with such permit;

(4) The applicant has, where appropriate, agreed to be responsible for having appropriate traffic control devices installed in accordance with the Uniform Manual on Traffic Control Devices to close roadways to vehicular traffic sufficient to control the orderly conduct of the parade or assembly in conformity with such permit;

(5) The conduct of the parade or assembly will not unduly interfere with the proper fire and police protection of, or ambulance service to, the remainder of the City, or unreasonably disrupt other public services and protection normally provided to the City;

(6) The parade or assembly will not interfere with another parade or assembly for which a permit has been granted; and

(7) The parade or assembly proposed will not violate, and will conform with all applicable State regulations and laws governing the proposed event.

(b) For marathons and walking or physical endurance contests or exhibitions, parades or public assemblies held on a regular or recurring basis at the same location, an application for an annual permit covering all such parades or assemblies during the calendar year may be filed with the Chief of Police, or his designee, at least 15 and not more than 60 days before the date and time at which the first such parade or public assembly is proposed to commence. The Chief of Police, or his designee, may and shall make reasonable efforts to consider an application hereunder which is filed less than 15 days before the date and time at which the first parade or assembly is proposed to commence, after due consideration of the factors specified in Section 27-418(c).

(c) If the Chief of Police, or his designee, denies an application, he shall promptly attempt to call and shall promptly mail to the applicant a notice of his action, stating the reasons for his denial of the permit and notifying the applicant of his right to appeal the denial pursuant to Section 27-423.

(d) If two or more applications are submitted requesting a permit under this article for a parade or assembly to be used at the same time and place, the application first filed shall be granted if it meets the requirements of this article.

(e) Nothing in this article shall permit the Chief of Police, or his designee, to deny a permit based upon political, social or religious grounds or reasons or based upon the content of the views expressed. Denial of a permit on such grounds is prohibited.

(Code 2004, § 102-504; Code 2015, § 27-419; Ord. No. 2003-348-307, § 2(28-404), 11-10-2003)

Sec. 27-420. Alternative permit.

The Chief of Police, or his designee, in denying a permit for a marathon and walking or physical endurance contest or exhibition, parade or public assembly shall be empowered to authorize the conduct of the parade or assembly on a date, at a time, at a place, or over a route different from that proposed by the applicant. An applicant desiring to accept an alternate permit shall file a written notice of acceptance with the Chief of Police, or his designee. An alternate permit shall conform to the requirements of and shall have the effect of a permit under this article.

(Code 2004, § 102-505; Code 2015, § 27-420; Ord. No. 2003-348-307, § 2(28-405), 11-10-2003)

Sec. 27-421. Compliance with directions and conditions.

Every person to whom a permit is issued under this article shall substantially comply with all permit terms and conditions and with all applicable laws and ordinances. The marathon and walking or physical endurance contest or exhibition, parade or assembly chairperson or other person heading or leading the marathon and walking or physical endurance contest or exhibition, parade or assembly shall carry the permit upon his person during the conduct of the parade or assembly and show the permit when requested to do so.

(Code 2004, § 102-506; Code 2015, § 27-421; Ord. No. 2003-348-307, § 2(28-406), 11-10-2003)

Sec. 27-422. Revocation of permit.

The Chief of Police, or his designee, shall have the authority to revoke any permit issued pursuant to this article if any information supplied by the applicant is discovered to be false or intentionally misleading, if any term, condition, restriction or limitation of the permit has been substantially violated or if there is any continued violation of the terms, conditions, restrictions or limitations of the permit after the applicant or anyone acting in concert with him is notified of a violation of the permit by an appropriate law enforcement official.

(Code 2004, § 102-507; Code 2015, § 27-422; Ord. No. 2003-348-307, § 2(28-407), 11-10-2003)

Sec. 27-423. Appeal.

(a) Any person aggrieved by the refusal of the Chief of Police, or his designee, to grant a permit or by the revocation of a permit after one has been issued, may, but is not required to, appeal the denial to the Chief Administrative Officer, or his designee, by filing with the Chief Administrative Officer's Office, within five working days after the date of denial or revocation, a written notice of the appeal setting for the grounds therefor. The Chief Administrative Officer, or his designee, shall act upon the appeal within five working days after its receipt.

(b) The decision of the Chief of Police, or his designee, or the Chief Administrative Officer, or his designee, may be appealed to the Circuit Court of the City of Richmond, in accordance with State law.

(c) In any appeal under this section, the City shall have the burden of demonstrating that the denial of the permit was justified under Section 27-419.

(d) The City shall meet all deadlines set by the court and by applicable statutes and court rules, and shall otherwise seek to ensure that the appeal, including any motion for preliminary relief, is decided as expeditiously as possible.

(Code 2004, § 102-508; Code 2015, § 27-423; Ord. No. 2003-348-307, § 2(28-408), 11-10-2003; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 27-424. Public conduct during marathons and walking or physical endurance contest or exhibitions parades, demonstrations and assemblies.

(a) *Interference.* No person shall unreasonably hamper, obstruct, impede or interfere with any marathon and walking or physical endurance contest or exhibition, parade, demonstration or assembly or with any person, vehicle or animal participating or used in a parade, demonstration or assembly for which a written permit has been issued in accordance with the provisions of this article.

(b) *Driving through parades.* No driver of a vehicle shall drive between the vehicles, persons or animals comprising a marathon and walking or physical endurance contest or exhibition, parade, demonstration or assembly except when otherwise directed by a police officer. This shall not apply to authorized emergency vehicles such as fire apparatus, ambulances and police vehicles.

(c) *Parking on parade, demonstration or assembly route.* The Chief of Police, or his designee, shall have the authority, when reasonably necessary, to prohibit or restrict the parking of vehicles along the public streets or public rights-of-way constituting a part of the route of a marathon and walking or physical endurance contest or exhibition, parade, demonstration or assembly. The Chief of Police, or his designee, shall ensure that signs are posted to such effect, and it shall be unlawful for any person to park or leave unattended any vehicle in violation thereof. No person shall be liable for parking on a street unposted in violation of this article.

(Code 2004, § 102-509; Code 2015, § 27-424; Ord. No. 2003-348-307, § 2(28-409), 11-10-2003)

ARTICLE II. DIRECTOR OF PUBLIC UTILITIES*

***Cross reference—**Officers and employees, § 2-57 et seq.

Sec. 28-25. Management and control of Department; appointment and removal of officers and employees.

The Director shall have general management and control of the several divisions and other units of the Department of Public Utilities. The Director shall appoint and remove all officers and employees of the Department.

(Code 1993, § 29-41; Code 2004, § 106-31; Code 2015, § 28-25)

Sec. 28-26. Adoption of rules and regulations.

(a) The Director shall have the power to make reasonable rules and regulations not inconsistent with this chapter or other provisions of law or applicable ordinances, as deemed necessary to ensure the proper management, conduct, operation and control of the gas, wastewater, water, stormwater and electric utilities. The rules and regulations shall conform to reasonable standards adopted or approved for the management, conduct, operations and control of gas, wastewater, water, stormwater and electric utilities and may be altered or amended from time to time by the Director when the Director deems it necessary to do so for the proper management, conduct, operation and control of the utilities. No rule or regulation made by the Director pursuant to this section or any alteration or amendment thereof shall become effective or have the force and effect of law unless the Director shall:

(1) Make such rule or regulation or any alteration or amendment thereof in convenient form, available for public inspection in the Director's Office at least ten days before such rule or regulation or alteration or amendment thereof is to become effective.

(2) Publish a notice in a newspaper of general circulation published in the City declaring the Director's intention to make and adopt such rule or regulation or alteration or amendment thereof and informing the public that the Director will hold a hearing at which any person may appear and be heard for or against the adoption of such rule or regulation or alteration or amendment thereof, on a day and at a time to be specified in the notice after the expiration of at least ten days from the day of the publication thereof.

(3) Hold the public hearing on the day and at the time specified in such notice and hear all persons appearing for or against the adoption of such rule or regulation or alteration or amendment thereof.

(4) File a true copy of such rule or regulation or alteration or amendment thereof adopted by the Director after such public hearing in the Director's Office.

(b) It shall be unlawful for any person to fail, refuse or neglect to comply with or violate any rule or regulation made, adopted and filed pursuant to this section or any alteration or amendment thereof.

(Code 1993, § 29-48; Code 2004, § 106-32; Code 2015, § 28-26; Ord. No. 2009-60-83, § 2, 5-26-2009)

Sec. 28-27. Credits to customers.

The Director may establish a customer incentive program to provide monetary payments in the form of credits on customers' utility bills to encourage their participation in various product and service satisfaction surveys and data collection activities. The credit payments shall not exceed $5.00 per customer per activity, and the total amount paid under the customer response incentive program shall not exceed $10,000.00 per fiscal year.

(Code 1993, § 29-50; Code 2004, § 106-33; Code 2015, § 28-27)

Sec. 28-28. MetroCare heating assistance program.

The Director may establish the MetroCare heating assistance program whereby the Department of Public Utilities will accept tax deductible donations from its customers and engage a nonprofit agency to disburse such funds to individuals within the Department of Public Utilities' service territory who need financial assistance paying their heating bills. Pursuant to Section 28-26, the Director may also establish appropriate rules and regulations regarding the eligibility criteria for the award of financial assistance and the accounting, audit and control measures to monitor the disbursement of funds by the nonprofit agency.

(Code 1993, § 29-51; Code 2004, § 106-34; Code 2015, § 28-28)

Sec. 28-29. Number of service connections.

The number of gas, water and wastewater service connections to premises used for any purpose shall be prescribed by the Director in the rules and regulations adopted pursuant to Section 28-26.

(Code 1993, § 29-59; Code 2004, § 106-35; Code 2015, § 28-29)

Sec. 28-30. Limitation on construction of chapter.

Nothing in this chapter shall be construed to relieve or release any liability already incurred under other sections of this Code, to interfere with or destroy the rights and privileges secured to any person by other ordinances or franchises granted by the City.

(Code 1993, § 29-383; Code 2004, § 106-36; Code 2015, § 28-30)

Sec. 28-31. Rate stabilization funds.

(a) The Director shall include a rate stabilization fund within the accounting system of each utility operated by the Department of Public Utilities. If revenues of a utility exceed those needed to meet bond covenant requirements and a reasonable rate of return for the utility, the Director shall credit any such excess amounts to the utility's rate stabilization fund and shall debit such amounts to an operating expense account.

(b) The Director may use any amounts in a utility's rate stabilization fund for any fiscal year until the City's financial records are closed and the annual audit is completed for such year, by:

(1) Directing that all or any portion of the fund be included as a reduction of current year expenses for such year; or

(2) Proposing that all or any portion of such fund be included as part of the budget submissions of the Department of Public Utilities before the beginning of the fiscal year.

(c) The purpose of the rate stabilization funds shall be to eliminate or mitigate and smooth, in accordance with prudent financial planning, any rate increases that otherwise might be needed, from year to year, by increasing the rate stabilization fund amounts in years when revenues exceed those needed to meet bond covenant requirements and reasonable rates of return; and, to the extent prudent and possible, by using any such rate stabilization fund amounts instead of rate increases in years when revenues are or are projected to be insufficient to meet bond covenant requirements, reasonable rates of return, or budgeted net income.

(Code 1993, § 29-3; Code 2004, § 106-37; Code 2015, § 28-31)

Secs. 28-32—28-50. Reserved.

ARTICLE III. CUSTOMER SERVICE AND BILLING*

***Charter reference—**Utility billing, § 13.06(a).

Sec. 28-51. Billing and collecting of charges; date bills rendered; failure to receive bills; improper billing; fire hydrant rentals; combining statements.

(a) In accordance with any applicable regulations issued pursuant to Section 28-922(d)(3), the Department of Public Utilities shall bill for and collect on behalf of each utility not only charges due from domestic, commercial and industrial users of its services, but similar charges against the City and each department, board, commission, office and agency thereof, including the School Board and each other utility. Bills for service may be rendered monthly, bimonthly, quarterly or on a schedule as determined by the Director, unless otherwise specified in this chapter. For billing purposes, the stormwater utility total annual charge for a given account and fiscal year shall be divided in equal billings, as appropriate, to match the applicable billing schedule. Meters will be read, for billing purposes, either monthly or bimonthly, as elected by the Director, and readings will be made, as near as practicable, every 30 days for those meters read monthly and every 60 days for those read bimonthly. Bills rendered during the months between the regular bimonthly meter reading dates will be estimated from the best information available. When the Director is unable to read a meter after reasonable effort or due to circumstances beyond control, the customer's bill shall be estimated from the best information available and the billing adjusted when the meter is read. Failure to receive a bill shall not exempt a customer from liability for payment of bills or from this chapter. It shall be the responsibility of the owner, occupant or consumer to notify the department of failure to receive a bill for any reason and to advise the Department whenever it is suspected that charges for gas, stormwater, water, or

wastewater or any combination used, consumed or wasted are improperly billed. The correct charges for gas, stormwater, water or wastewater or any combination used, consumed or wasted which have not been billed or which have been billed improperly shall be determined at the discretion of the Director from meter readings, from prior average consumption for a period as long as deemed advisable, or from the best information available to establish such charges. The rates to be charged the City and its departments, boards, commissions, offices and agencies, as provided in this subsection, for water and gas and wastewater shall be the same as those charged to other customers, except that the charges to be made for the use of water for public fire protection shall be in the form of an annual rental, to be paid by the Department of Fire and Emergency Services, for each fire hydrant based on the proportion of the valuation of the water utility properly allocable to fire protection.

(b) For billing purposes, the Director may combine a customer's billings for water, wastewater, stormwater, gas services and other billings and may establish the order in which payments will be applied to the different charges. The consolidated bill shall clearly set forth the charges assessed for each service, and the Director shall treat the charges assessed for each service as a separate bill for purposes of determining whether a customer's individual residential water service may be discontinued pursuant to Section 28-57(b) and whether a customer's individual residential gas service may be discontinued pursuant to Section 28-58.

(c) Any gas, water, wastewater or other monthly service charge, monthly minimum charge or monthly customer charge established pursuant to this chapter shall be billed each month, except that, if the billing period is less than 15 days, such charge shall be prorated by dividing the published charge by 30 days, times the number of days of service for that month. The Director shall promulgate rules and regulations pursuant to Section 28-26 to identify which monthly utility charges established pursuant to this chapter shall be subject to prorating pursuant to this section.

(Code 1993, § 29-181; Code 2004, § 106-71; Code 2015, § 28-51; Ord. No. 2009-60-83, § 2, 5-26-2009; Ord. No. 2013-139-136, § 2, 7-22-2013)

Sec. 28-52. Notice for connection by user.

Owners, occupants or consumers desiring to apply for gas service, water service, wastewater service or any combination to any premises under contracts that may be terminated at the will of the parties thereto shall apply to the Department of Public Utilities for such service at least three days prior to the time such service is desired.

(Code 1993, § 29-182; Code 2004, § 106-72; Code 2015, § 28-52)

Sec. 28-53. Notice of disconnection by user.

Owners, occupants or consumers desiring to discontinue the supply of gas or water or both to any premises under contracts that may be terminated at the will of the parties thereto shall give notice to that effect at least five days prior to the time discontinuance of such service is desired. All gas or water, or both, used, consumed or wasted on such premises, including the five-day period subsequent to the receipt of such notice, unless cut off before the expiration of the five-day period, shall be paid for by the person having the contract with the City.

(Code 1993, § 29-183; Code 2004, § 106-73; Code 2015, § 28-53)

Sec. 28-54. Deposit; refund when account satisfactory.

Except as otherwise provided by the Code of Virginia, Title 15.2, Ch. 21, Art. 2 (Code of Virginia, § 15.2-2109 et seq.), the Director may require a deposit in advance by any owner, occupant or consumer of an amount deemed adequate to secure the payment of sums that may become due on account of gas or water, or both, used, consumed or wasted, provided that the Director may refund the deposit so made to every customer who is not in default in the payment of charges for gas or water consumed and whose payment record for gas and water consumed has been good for a period of one year or more or to each customer with less than one year's service who requests that the customer's service be finalized. The Director is authorized to pay interest on all gas and water customer deposits. The rate shall be set by the Director on July 1 of each fiscal year and shall be determined by dividing the actual interest income earned on utilities operating cash by average utilities operating cash for the preceding fiscal year, provided that in no event shall interest paid on deposits exceed eight percent. The rate in effect when the deposit is refunded shall be the rate used to compute the amount of interest paid to the customer for the entire term that the City held the deposit. Interest will not be allowed for deposits held less than six months. If at any time satisfactory payment record is not maintained by any customer using gas or water, the Director may again require

such deposit, and the Director may refuse such service until the account is brought to a current status and the deposit is again made.

(Code 1993, § 29-184; Code 2004, § 106-74; Code 2015, § 28-54; Ord. No. 2017-098, § 1, 5-22-2017)

State law reference--Fees and charges for water and sewer services provided to a tenant or lessee of the property owner, Code of Virginia, § 15.2-2119.4.

Sec. 28-55. Form of bill; place of payment.

Bills for gas, stormwater, water and wastewater service furnished shall be rendered on schedules prescribed by the Director and shall be paid at the central office or at such substations as the Director may deem advisable to establish, which substations the Director is hereby authorized to establish, or may be mailed to the Department of Public Utilities in the self-addressed remittance envelopes furnished with the bills.

(Code 1993, § 29-185; Code 2004, § 106-75; Code 2015, § 28-55; Ord. No. 2013-139-136, § 2, 7-22-2013)

Sec. 28-56. Time of payment.

Bills for gas, stormwater, water or wastewater service or any combination used, consumed or wasted by owners, occupants or consumers shall become due upon presentation.

(Code 1993, § 29-186; Code 2004, § 106-76; Code 2015, § 28-56; Ord. No. 2013-139-136, § 2, 7-22-2013)

Sec. 28-57. Disconnection for nonpayment; notice.

(a) When a bill for gas service charges other than for individual residential gas service billed under the RS rate schedule as specifically provided, remains unpaid for at least 30 days after the date appearing on the bill, the supply of gas may be stopped to the premises in respect to which the default exists, so long as the premises are occupied by the owner, occupant or consumer who is in default on account of nonpayment of any such bill or so long as the owner who is liable therefor is in such default, and the Director may proceed to collect the bill or portion thereof in any manner or by any process allowed by law. However, in no case shall the supply of gas be stopped or proceedings be taken to collect the bill until ten days after a written notice has been mailed to the owner, occupant or consumer who is in default on account of nonpayment of any such bill. The Director may refuse to provide or may discontinue gas service to any premises, other than for individual gas service billed under the RS rate schedule as specifically provided, until all indebtedness is paid in full or secured to the satisfaction of the Director.

(b) When a bill for water service or wastewater service or any portion thereof remains unpaid for at least 60 days after the date appearing on such bill, the supply of water service or wastewater service, or both, may be stopped to such premises in respect to which such default exists, so long as such premises are occupied by the owner, occupant or consumer who is in default on account of nonpayment of any such bill, and the Director may proceed to collect the bill or portion thereof in any manner or by any process allowed by law. However, in no case shall the supply of water service or wastewater service, or both, be stopped or proceedings be taken to collect the bill until ten days after a written notice has been mailed to the owner, occupant or consumer who is in default on account of nonpayment of any such bill. The Director may refuse to provide or may discontinue water service or wastewater service, or both, to any other premises of the owner, occupant, or consumer who is in default until all indebtedness is paid in full or secured to the satisfaction of the Director.

(Code 1993, § 29-187; Code 2004, § 106-77; Code 2015, § 28-57; Ord. No. 2016-166, § 1, 6-27-2016)

Sec. 28-58. Gas service to residential customers billed under RS rate schedule; disconnection for nonpayment; notice.

When a bill for gas service charges or any portion thereof rendered to a customer for service provided at such customer's individual residence, billed under the RS rate schedule, remains unpaid for 30 days after the date appearing on the bill, the supply of gas may be stopped to such individual residential premises in respect to which the default exists, so long as the premises are occupied by the owner, occupant or consumer who is in default on account of nonpayment of any such bill or so long as the owner who is liable therefor is in such default, and the Director may proceed to collect the bill or portion thereof in any manner or by any process allowed by law. However, in no case shall the supply of gas to such individual residence be stopped or proceedings taken to collect the bill until ten days after a written notice has been mailed to the owner, occupant or consumer who is in default on account of nonpayment of any such bill. The Director may refuse to provide or may discontinue gas service to any other

such residential premises until all indebtedness is paid in full or secured to the satisfaction of the Director.

(Code 1993, § 29-188; Code 2004, § 106-78; Code 2015, § 28-58)

Sec. 28-59. Charge for reconnection of gas and water meters; charge for restoration.

(a) When the supply of gas or water, or both, shall be stopped to any premises for nonpayment of the bill therefor, the entire amount of the bill shall become due and payable immediately, including charges for stormwater and wastewater services and other City fees, and the owner or occupant of such premises or the consumer thereof shall pay the entire amount of the bill or make arrangements with and satisfactory to the Director for the payment of any such bill and a service reconnection charge as set forth in this subsection before such service is restored.

Service reconnection charges:	
For gas service	$35.00
For water service	$35.00
For both gas and water service	$70.00

(b) When the supply of gas or water, or both, has been stopped for nonpayment of a bill, and the gas or water meter, or both, have been removed from service lines, the entire amount of the bill shall become due and payable immediately, including charges for stormwater and wastewater services and other City fees, and the owner, occupant or consumer in default shall pay a service restoration charge as set forth in this subsection before such service may be restored.

Service restoration charges:	
For gas service	$35.00
For water service	$35.00
For both gas and water service	$70.00

(c) A service technician who has been dispatched to a location to either disconnect gas or water service or to remove a gas or water meter may accept from the owner, occupant or consumer in default payment of the entire past due amount. However, in order to avoid such service disconnection or meter removal, the owner, occupant or consumer shall also be charged and pay a fee of $35.00 for each service scheduled for disconnection for the acceptance of the late payment by the service technician.

(d) When the entire amount of a bill has been paid, together with the appropriate restoration service charge, or satisfactory arrangements are made for the payment of such bill, the service will be restored in the regular course of business on a succeeding workday. Restoration of such service shall not be required on the same day the bill and restoration charge are paid.

(Code 1993, § 29-189; Code 2004, § 106-79; Code 2015, § 28-59; Ord. No. 2013-139-136, § 2, 7-22-2013)

Sec. 28-60. Charge for waste; refund.

(a) Customers shall be charged for all water and gas that passes through their respective water and gas meters, whether the water and gas is used, consumed or wasted. However, upon a customer's written request, the Director shall refund to the customer a portion of any monthly water and wastewater charges that reflect excess water use if the customer satisfies the Director that the customer:

(1) Did not willfully or negligently cause or allow excess water use, or the cause of the excess water use is unknown;

(2) Has not beneficially used excess water; and

(3) Has acted diligently and reasonably to limit the amount of water wasted and to prevent additional waste.

(b) The Director shall promulgate rules pursuant to Section 28-26 to implement this section. Among other things, the rules:

(1) Shall establish guidelines for determining whether a customer's water and wastewater bills reflect excess water use;

(2) May set forth the maximum number of times a customer may request and receive a refund during any specific time period; and

(3) May limit the portion or amount of the customer's excess water or wastewater charges that can be refunded.

(Code 1993, § 29-190; Code 2004, § 106-80; Code 2015, § 28-60)

Sec. 28-61. Charges based on average consumption when gas or water meter fails to record.

If a gas or water meter fails to register or record properly the quantity of gas or water used, consumed or wasted on any premises for any cause and the owner or occupant of such premises or the consumer thereof has received the usual or necessary supply of gas or water during the time of such failure, the Director may charge such owner, occupant or consumer for such quantity of gas or water used, consumed or wasted as is shown to be the average amount of gas or water used, consumed or wasted on such premises for the preceding six months or for a longer period if deemed proper by the Director. Whenever this information is not available, the amount to be charged shall be determined by the Director from the best information available.

(Code 1993, § 29-191; Code 2004, § 106-81; Code 2015, § 28-61)

Sec. 28-62. Wastewater charges based on average consumption when meter fails to record.

If a meter fails to register or record properly the quantity of water used or sewage waste and the owner or occupant of such premises has received the usual or necessary sewer service during the time of such failure, the Director may charge such owner or occupant for such service as is shown to be the average amount used on such premises for the preceding six months or for a period deemed proper by the Director.

(Code 1993, § 29-340; Code 2004, § 106-82; Code 2015, § 28-62)

Sec. 28-63. Charge for meter reread.

Upon a customer's request, the Department, during any 12-calendar-month period, will perform one additional reading of the customer's gas meter and one additional reading of the customer's water meter, at no additional charge to the customer. The customer shall pay the Director a fee of $20.00 for any additional requested readings during the 12-month period, provided that no fee shall be assessed for an additional reading if the Director determines that the original reading is inaccurate.

(Code 1993, § 29-191.1; Code 2004, § 106-83; Code 2015, § 28-63)

Sec. 28-64. Permitting lawful inspection, repairs and compliance.

Every person in or on any premises supplied with gas, stormwater, water or wastewater service or any combination and the owner or occupant thereof shall permit any authorized agent or employee of the City exhibiting proper credentials to enter upon such premises at any and all times:

(1) To examine the service connection, meter or other gas or water equipment or appliances or pipes and connections in place for wastewater discharge;

(2) To examine best management practices or stormwater credits;

(3) To remove or repair the connection, meter, other equipment or appliances or pipes and connections; or

(4) For the purpose of ascertaining whether or not the provisions of law or rules or regulations of the Director are being complied with or violated.

(Code 1993, § 29-192; Code 2004, § 106-84; Code 2015, § 28-64; Ord. No. 2013-139-136, § 2, 7-22-2013)

Sec. 28-65. Interest charge on unpaid balances; delinquencies.

(a) There is hereby established and imposed an interest charge on unpaid balances of statements tendered for water, wastewater, stormwater and gas purchased from the Department. If a statement tendered for water, wastewater, stormwater or gas due and payable to the City remains unpaid as of the due date specified in such statement, which shall be as close to 30 days as is practicable from the date of such statement, such payment is delinquent and immediately becomes subject to an interest charge of 0.83 percent of the unpaid balance. For each billing period subsequent to the date upon which the initial interest charge is imposed and becomes payable, the unpaid balance shall become subject to an additional interest charge of 0.83 percent. However, for any residential customer who either has an existing special agreement or makes a special agreement with the Department and who is in compliance with such special agreement, there will be no interest charge. For any residential customer, the Department may, in its discretion and for good cause shown, waive an interest charge. The Department shall promulgate regulations in accordance with Section 28-26 for the implementation of this subsection.

(b) So long as any person who has executed a budget plan agreement with the Department keeps all required budget plan payments current, no interest charge shall be imposed because charges exceed those estimated for the budget plan agreement; however, a budget plan customer who fails to pay the required monthly charges or to pay the account in full at the time the budget account customer has agreed to pay such account in full shall then be subject to the imposition of a monthly interest charge of 0.83 percent on the unpaid balance.

(c) The interest charges provided for in this section shall in no way limit or be limited by the Department's remedies, including, but not limited to, discontinuation of service, for a customer's failure to pay for utility services in full and when due.

(Code 1993, § 29-193; Code 2004, § 106-85; Code 2015, § 28-65; Ord. No. 2009-60-83, § 2, 5-26-2009)

Sec. 28-66. Charges for service to constitute lien; enforcement.

(a) All fees, charges, and assessments for gas, stormwater, water and wastewater services shall be a lien on the real estate served by the gas, stormwater, water and wastewater systems. Where residential real estate is involved, no lien shall attach unless:

(1) The user of the gas, stormwater, water or wastewater service is also the owner of the real estate; or

(2) The owner of the real estate negotiated or executed the agreement by which such gas, stormwater, water or wastewater service was provided to the property.

(b) The Director may periodically certify unpaid charges, including penalties and interest, to the Clerk of the Circuit Court, who shall docket the property that received the utility service in the appropriate lien book. No unpaid charges for gas, stormwater, water or wastewater service shall be certified and no lien shall be docketed related thereto until all or any portion of the unpaid service account has been outstanding for a period of at least 90 days.

(Code 1993, § 29-194; Code 2004, § 106-86; Code 2015, § 28-66; Ord. No. 2013-139-136, § 2, 7-22-2013)

Sec. 28-67. Fee or service charge for returned check or draft.

A fee or service charge in the maximum allowed as permitted by Code of Virginia, § 15.2-106, is hereby imposed upon and shall be collected from each person or other entity, regardless of form or nature, uttering, publishing or passing to the City, in payment of any bill or statement tendered for services or commodities provided by the City or as a deposit required for obtaining such service or commodities from a City-owned or -operated utility, a check or draft, if such check or draft shall be returned to the City because of insufficient funds in the account upon which drawn, because there is no such account, or because the account upon which drawn has been closed prior to the time such check or draft is presented for payment.

(Code 1993, § 29-2; Code 2004, § 106-87; Code 2015, § 28-67; Ord. No. 2008-164-153, § 1, 6-23-2008)

Cross reference—Service fee or charge for returned check or draft issued to City, § 12-4.

Sec. 28-68. Special or customized billing formats; reports and bill management services.

(a) Upon a customer's request, the Department may provide the customer with specialized or customized billing formats and reports and with energy and consumption management services. The customer shall pay the Director a fee as set forth in this subsection for monthly reporting and bill management services; for programming and other technical services; and for data entry, account analysis and report development services; plus cost for

materials.

For monthly reporting and bill management services, per hour	$50.00
For programming and other technical services, per hour	$90.00
For data entry, account analysis and report development services, per hour	$30.00

(b) The Department's services provided pursuant to this section shall be subject to rules and regulations promulgated by the Director pursuant to Section 28-26. The rules and regulations may specify, among other things, customer eligibility criteria for the services authorized by this section. The Department's services provided pursuant to this section and the rules and regulations promulgated to implement the program shall be consistent with the City's authority to operate its utilities and with industry practice for regulated utilities.

(Code 1993, § 29-87; Code 2004, § 106-88; Code 2015, § 28-68)

Sec. 28-69. Special account for receipt of funds; distribution of funds.

A special fund or account shall be established by the Director of Finance into which shall be paid or credited all sums required by this chapter to be paid to the City by the owners of premises when such sums are paid or collected as provided in this chapter. There shall be drawn from such special fund or account annually all funds necessary to restore to the accounts from which funds were drawn to defray the cost of doing the work required by this chapter to be paid for by the owners of premises.

(Code 1993, § 29-20; Code 2004, § 106-89; Code 2015, § 28-69)

Sec. 28-70. Public utilities, access and easements on locality's land.

(a) Whenever any property situated in the City contiguous to its corporate limits is used for dwelling purposes or is restricted in its use by the City's comprehensive zoning plan for such purposes and any property contiguous thereto situated in a locality is permitted to be used for commercial, shopping, business or industrial purposes:

(1) No sewer, gas or water or electric wire, pole or conduit shall be installed, maintained or operated by the City nor shall sewage disposal, gas, water or electric service be furnished by the City to or for such property situated in the locality or otherwise in connection with the use thereof, unless authorized by the City Council by ordinance, anything in this Code or other provision of law to the contrary notwithstanding.

(2) No street, alley, road or other means of access to or from the property situated in the locality shall be opened, constructed or maintained by the City through any property in the City, unless authorized by the City Council by ordinance.

(3) No land or easement in lands shall be acquired or the dedication thereof shall be accepted by the City, either independently or as a part of a plan of subdivision of land or otherwise, for the purpose of providing such services or means of access, unless authorized by the City Council by ordinance, anything in this Code or other provision of law to the contrary notwithstanding.

(4) Whenever property in a locality is separated from property in the City by a street, alley, road or other means of access, such property shall be deemed to be contiguous for the purposes of this section.

(b) Nothing contained in this section shall be construed to affect any existing contract or deed relating to the subject matter of subsections (a)(1), (2) and (3) of this section.

(Code 1993, § 29-1; Code 2004, § 106-90; Code 2015, § 28-70)

Charter reference—Powers of City relating to public works and utilities, § 2.03.

Sec. 28-71. Authority of City to require alteration or removal of existing work and equipment.

Whenever public improvements such as the paving, repaving, widening or relocation of streets; the installation or changing of sewers, pipes, cables, wires, conduits; and other work or equipment belonging to the City shall make

it necessary to move, alter or remove existing work and equipment, either permanently or temporarily, the owner of the work or equipment shall proceed to make the necessary changes promptly and at the owner's expense.

(Code 1993, § 29-395; Code 2004, § 106-91; Code 2015, § 28-71)

Sec. 28-72. Duty of building owners to make City water and sewer service connections; duty of owner or tenant to apply for water service.

Owners and tenants of premises with occupied buildings thereon shall comply with the following applicable requirements:

(1) The owner of a premises with a newly constructed or an existing building thereon shall apply to the Department of Public Utilities for a water service connection and a sewer service connection prior to occupancy of the building, provided that an individual water supply or an individual sewage disposal system approved by the Director of Public Health may be used if the Department of Public Utilities cannot provide water or sewer service.

(2) Unless otherwise authorized in accordance with rules and regulations made pursuant to Section 28-26, the occupants of all buildings to which a City water connection has been made shall use City water to flush all toilets and to carry all wastewater and sewage into the City sewer system or individual sewage disposal system. Any rules and regulations proposed by the Director pursuant to this subsection shall take into account, inter alia, consultations with the City's Bureau of Permits and Inspections, the Virginia Department of Health, the Virginia Department of Environmental Quality, and other appropriate regulatory agencies of the Commonwealth.

(3) An application to the Department of Public Utilities to provide water service may be made by the owner or tenant of the premises. However, an application to provide water service on one meter to two or more dwelling units may be made only by the owner or agent. The owner or agent shall be required to furnish City water to tenants when one water meter serves two or more dwelling units.

(4) If water service to an occupied building is terminated by the Department of Public Utilities as a result of a delinquent water or wastewater bill, a notice may be served by the District Health Department upon the person in whose name the bill is listed requiring that satisfactory arrangements be made with the Department of Public Utilities for payment of the delinquent bill and restoration of water service. Service of the notice shall be made by mailing the notice to the last known post office address of the person in whose name the bill is listed, by serving the notice in person on the person in whose name the bill is listed, or by serving the notice upon a responsible person above the age of 16 years who is an occupant of the building in which the person in whose name the bill is listed lives or works. If compliance with the notice does not occur within the prescribed time or acceptable arrangements for compliance are not made with the District Health Department, the person in whose name the bill is listed may be summoned to court.

(5) Notwithstanding the requirements of subsections (1) and (2) of this section, owners of premises in which another water supply and sewage disposal system, approved by the District Health Director, was installed and used prior to January 1, 1970, shall not be required to connect to the City water and sewer systems as long as the quality of the water and the maintenance and operation of the sewage disposal system are not detrimental to public health and safety.

(6) The owner of a premises in the City may drill a well and use the water for drinking purposes only, provided the well and the water are approved by the District Health Director. Dug wells shall not be permitted in the City.

(Code 1993, § 29-58; Code 2004, § 106-92; Code 2015, § 28-72; Ord. No. 2015-203-193, § 1, 9-28-2015)

Sec. 28-73. Title to facilities.

Title to all gas, stormwater, water and wastewater/sewer mains, service connections and meters located in streets and alleys within and without the City, for which the City has the duty of operation and maintenance, shall vest in the City, regardless of who shall pay the cost thereof.

(Code 1993, § 29-21; Code 2004, § 106-93; Code 2015, § 28-73; Ord. No. 2013-139-136, § 2, 7-22-2013)

ARTICLE IV. GAS

DIVISION 1. GENERALLY

Sec. 28-105. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Commodity charge and *purchased gas cost charge* mean the total cost the utility pays to purchase, store and transport the gas to the City gate. The City does not make a profit from the commodity charge.

Degree day heating means a measure of the coldness of the weather experienced, based on the extent to which the daily mean temperature falls below 65 degrees Fahrenheit.

Gas interruption means any curtailment, interruption or discontinuance of gas deliveries to customers.

Natural gas means a naturally occurring mixture of hydrocarbon and nonhydrocarbon gases found in porous geological formations beneath the earth's surface, often in association with petroleum. The principal constituent is methane, CH_4.

Storage gas means gas purchased during the months of April through October and held in underground storage facilities. This gas is withdrawn from storage for use during the high demand winter months.

(Code 2004, § 106-121; Code 2015, § 28-105)

Cross reference—Definitions generally, § 1-2.

Sec. 28-106. Weather normalization clause.

(a) The accounting system of the gas utility shall include a weather normalization clause for adjustment of revenues that are greater than or less than the revenues required to cover authorized expenses and the authorized rate of return, because of colder or warmer than normal weather.

(b) The Director shall calculate a proposed weather normalization clause adjustment for each fiscal year and shall forward such calculated adjustment to the Chief Administrative Officer. Such adjustments shall be subject to the approval of the City Council. The director shall record any weather normalization clause adjustment approved by the City Council as an accounts receivable or accounts payable for the gas utility with a corresponding adjustment to gas utility revenues for the purpose of complying with generally accepted accounting principles.

(c) The Director shall adopt regulations in accordance with Section 28-26 to implement the requirements of this section in a manner comparable to implementation of other weather normalization clauses in the gas utility industry.

(Code 1993, § 29-4; Code 2004, § 106-122; Code 2015, § 28-106; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 28-107. Limitation of City liability for failure of gas supply.

The City shall not be liable to any consumer or other person for damages which may be occasioned to such consumer or person or the property thereof because of the failure of the supply of gas in reaching the premises of such consumer in whole or in part.

(Code 1993, § 29-17; Code 2004, § 106-123; Code 2015, § 28-107)

Sec. 28-108. Billing and payment of estimated costs for construction, alteration or repair of mains, connections or meters.

Upon the application of owners or occupants of premises for the construction, installation, extension, enlargement, alteration or repair of any gas main, service connection or meter for which owners or occupants of premises are required by this article to pay, the Director shall calculate the estimated cost of such construction, installation, extension, enlargement, alteration or repair and of the restoration of paving disturbed on account thereof, which shall include the estimated cost of materials furnished and other expenses incurred by the City in performing such work using the construction schedule developed by the Director. The Director shall bill the

estimated costs to the owner or occupant, and the owner or occupant so billed shall pay the City the billed amount. The owner or occupant may elect to make installment payments as specified in the rules and regulations adopted pursuant to Section 28-26.

(Code 1993, § 29-19; Code 2004, § 106-124; Code 2015, § 28-108)

Sec. 28-109. Permit required for addition or alteration of fixture, appliance or equipment.

No plumber or other person shall make any addition to or alteration of any fixture, appliance or equipment connected directly or indirectly with the gas distribution system without first having received a written permit from the Director to do so.

(Code 1993, § 29-23; Code 2004, § 106-125; Code 2015, § 28-109)

Sec. 28-110. Construction or extension of mains or services; incentive programs.

(a) The Director shall determine when gas mains or services are to be constructed or extended within or without the corporate City limits. Upon application of an owner or occupant for such an extension, the estimated net revenue reasonably expected to accrue to the City from such construction in each specific instance and the estimated cost of making the extension shall be calculated by the Director using the construction schedule developed by the Director. The Director annually shall determine construction costs and annually shall develop and publish a schedule of fees. The Director shall review market conditions at least annually and establish a period of time for the calculation of estimated revenue. If the estimated net revenue for such period is equal to or exceeds the estimated cost of the extension, the extension may be made at the expense of the City. If the estimated net revenue is less than the estimated cost of the extension, the Director may enter into an agreement to construct the extension, provided that the owner or occupant of premises to be served thereby shall deposit with the Director a sum of money equal to the amount by which the estimated cost of such construction or extension exceeds the estimated net revenue reasonably to be expected during the applicable period. Such sums shall be paid into and held in a special account of the gas utility, upon the terms and conditions set out in Sections 28-111 and 28-112. The Director shall bill the fee to the owner or occupant, and the owner or occupant so billed shall pay the City the billed amount. The Director may receive installment payments as specified in the rules and regulations adopted pursuant to Section 28-26.

(b) The Director may extend gas mains or services in areas where, in the Director's opinion, potential development will provide future profitable gas sales and where the requirements set forth in subsection (a) of this section are not applicable due to the method of development of the property. The Director may enter into agreements to construct such extensions in order to protect the utility's revenue requirements.

(c) The Director may implement an incentive rebate program for energy audits, the installation of energy efficient natural gas equipment, insulation and other conservation measures. All existing gas utility customers who are located on existing gas mains shall be eligible for the program. The incentive rebate program shall be contingent on the availability of funding. The Director shall promulgate rules and regulations pursuant to Section 28-26 to implement the incentive rebate program in accordance with this subsection.

(d) The Director shall implement a gas air conditioning incentive program for the installation and operation of gas air conditioning equipment. Pursuant to the program, the Director may enter into agreements to make capital contributions toward the initial installation of gas air conditioning equipment or the initial conversion of air conditioning equipment to gas fuel. The Director may recover capital contributions made pursuant to the program through surcharges to the customer's gas utility bill. The program's capital contributions shall be funded from monies budgeted for gas main extensions. The Director shall promulgate rules and regulations pursuant to Section 28-26 to implement the program in accordance with this subsection. Such rules and regulations and any agreement entered into pursuant to this subsection shall meet the following requirements:

(1) The gas air conditioning incentive program shall be implemented in a manner to safeguard the program's cost justification and shall result in a reasonable rate of return to the gas utility over the life of the gas air conditioning equipment.

(2) The gas air conditioning incentive program shall be implemented in a manner to minimize the potential for placing private businesses at an undue competitive disadvantage.

(3) The capital contributions advanced by the gas utility pursuant to the gas air conditioning incentive

program shall be adequately secured.

(4) The gas air conditioning incentive program shall be implemented in a nondiscriminatory manner.

(e) The Director shall implement a load management incentive program to retain or obtain loads that promote more efficient use of gas supply and distribution of resources. Pursuant to the program, the Director may enter into agreements to make capital contributions toward the initial installation of efficient gas fired heating or air conditioning equipment or the conversion of existing gas fired heating or air conditioning equipment to more efficient gas fired heating or air conditioning equipment, in applications serving multifamily residential facilities. The Director shall enter into any such agreement only if the Director documents and certifies that the incentive is required in order to retain or obtain the targeted load. The program's capital contributions shall be funded from monies budgeted for gas main extensions. The Director shall promulgate rules and regulations pursuant to Section 28-26 to implement the program in accordance with this subsection. Such rules and regulations shall establish the maximum capital expenditures allowed per qualifying multifamily residential facility and per dwelling unit and shall meet the following requirements:

(1) The load management incentive program shall be implemented in a manner to safeguard the program's cost justification and shall result in a reasonable rate of return to the gas utility over the life of the gas equipment.

(2) The load management incentive program shall be implemented in a manner to improve the gas utility's load factor, to prevent a deterioration of the gas utility's load factor, or to absorb unused capacity or maintain existing loads for the purpose of reducing unit costs.

(3) The capital contributions advanced by the gas utility pursuant to the load management incentive program shall be adequately secured.

(4) The load management incentive program shall be implemented in a manner to minimize the potential for placing private businesses at an undue competitive disadvantage.

(5) The load management incentive program shall apply only to equipment that has energy efficiency ratings which meet or exceed Federal and State standards.

(Code 1993, § 29-26; Code 2004, § 106-126; Code 2015, § 28-110; Ord. No. 2010-225-210, § 1, 11-22-2010; Ord. No. 2014-16-25, § 1, 2-24-2014)

Sec. 28-111. Credit for money paid by customers hooked onto extension.

For such period as may have been calculated and determined as applicable for a particular extension of gas mains or services, after the installation of the extension, the party with whom the contract has been executed shall annually receive credit for all sums paid to the City for gas used by the original and any other customers that may during such period hook onto the extension in excess of the estimated gross revenue. Such credit shall be refunded to the applicant for such extension. No refund shall exceed in the aggregate the sum held in such special account, and the City shall not pay interest on such funds or any part thereof.

(Code 1993, § 29-27; Code 2004, § 106-127; Code 2015, § 28-111)

Sec. 28-112. Disposition of excess revenues from extensions.

If, upon the expiration of the applicable period of extension referred to in Section 28-111, there remains a credit balance of funds in excess of sums so returned or to be returned in accordance with the agreement applicable to such extension, such balance and any interest that may have accrued thereon shall become the absolute property of the City and shall then be paid into the Gas Renewal Fund.

(Code 1993, § 29-28; Code 2004, § 106-128; Code 2015, § 28-112)

Sec. 28-113. Records of distribution systems, mains, facilities and connections.

The Director shall keep on file suitable records showing the size and location of the gas distribution systems, mains, facilities and equipment, and of all service connections.

(Code 1993, § 29-42; Code 2004, § 106-129; Code 2015, § 28-113)

Sec. 28-114. Construction of distribution systems.

The Director shall construct mains for the transmission and distribution of gas and shall make extensions, replacements and enlargements of the systems as they become necessary and as funds for such purposes are made available.

(Code 1993, § 29-43; Code 2004, § 106-130; Code 2015, § 28-114)

Sec. 28-115. Sale of gas.

The Director is authorized to sell and deliver gas to consumers within and without the corporate City limits at rates prescribed by the City Council therefor and in accordance with and subject to this article and other applicable laws and ordinances and rules and regulations lawfully made and promulgated by the Director pertaining thereto.

(Code 1993, § 29-44; Code 2004, § 106-131; Code 2015, § 28-115)

Sec. 28-116. Discontinuance of service.

The Director may at any time cut off the supply of gas through mains or connections thereto within or without the corporate City limits when such action is deemed necessary.

(Code 1993, § 29-47; Code 2004, § 106-132; Code 2015, § 28-116)

Secs. 28-117—28-145. Reserved.

DIVISION 2. SERVICE CONNECTIONS, PIPES AND METERS

Sec. 28-146. Approval of gas pipe materials by Director.

All gas pipes installed on or to premises shall be of materials approved by the Director.

(Code 1993, § 29-56; Code 2004, § 106-156; Code 2015, § 28-146)

Sec. 28-147. Owner's responsibility for damage; disconnection for nonpayment.

Owners and occupants of premises connected directly or indirectly with the gas distribution system shall be responsible for all damages to service connections, meters and equipment occasioned thereto by the negligence of such owners and occupants, their agents, servants and employees. The Director shall investigate and determine the responsibility for damages to such connections, meters and equipment, shall make or cause to be made necessary renewals or repairs thereto and shall collect the cost of them from owners or occupants responsible therefor. If such cost and expense is not paid within 30 days after presentation of a bill therefor, the Director shall cause the supply of gas to be stopped, and the service stopped shall not thereafter be furnished to such premises for such owner or occupant until such cost and expense shall have been paid.

(Code 1993, § 29-60; Code 2004, § 106-157; Code 2015, § 28-147)

Sec. 28-148. Size, character and arrangement of connections.

The Director shall determine the size, the character and the arrangement of all gas connections installed within or without the City.

(Code 1993, § 29-65; Code 2004, § 106-158; Code 2015, § 28-148)

Sec. 28-149. Application for connection.

Application for gas connections shall be made to the Director on forms provided by owners of premises to be served or by the occupants thereof through licensed plumbers, unless otherwise authorized in Chapter 5 which pertains to buildings and building regulations. No gas shall be connected until the Director shall approve such application.

(Code 1993, § 29-67; Code 2004, § 106-159; Code 2015, § 28-149)

Sec. 28-150. Disconnection of meter or change or alteration of connection without permission.

No gas meter shall be disconnected from a service connection, moved or disturbed in any manner by any person nor shall any service connection be changed or altered in any manner without the written permission of the Director.

(Code 1993, § 29-68; Code 2004, § 106-160; Code 2015, § 28-150)

Sec. 28-151. Service establishment charges.

When application for establishment of service is made for gas service for an existing or for a new structure, the owner, occupant or consumer, in order to defray the cost incurred in the establishment of such service, shall be charged and shall pay to the Director a service establishment charge of $35.00 for gas service. Such charge shall be made and shall be paid each time such owner, occupant or consumer may have gas service established at a location, unless such charge is waived by the Director under guidelines promulgated by the Director as authorized in Section 28-26. If the customer requests same-day service to connect or reconnect gas service at a location, the customer shall pay to the Director a fee of $35.00 in addition to any other charges assessed pursuant to this section or otherwise by this chapter.

(Code 1993, § 29-69; Code 2004, § 106-161; Code 2015, § 28-151)

Sec. 28-152. Installation of service pipes and meters.

The Director shall, with the consent of owners or occupants of premises and at the expense of the City, lay gas service pipes to points of connection with service meters to serve premises subject to such limitations as to size, length and cost as the Director may establish in accordance with the procedure of Section 28-26. The City shall not be liable for any injury or damages to persons or premises incidental to, arising out of or resulting from the installation, operation or maintenance of such service pipes or meters.

(Code 1993, § 29-70; Code 2004, § 106-162; Code 2015, § 28-152)

Sec. 28-153. Maintenance of service pipes.

The Director shall, at the expense of the City, maintain gas service pipes to points of connection with service meters but shall not be required to do any extensive or expensive cutting of walls, driveways, floors or appurtenances of buildings.

(Code 1993, § 29-71; Code 2004, § 106-163; Code 2015, § 28-153)

Sec. 28-154. Installation and maintenance of meters.

For each separate gas service connection, the City shall furnish, install and maintain at its cost and expense, except as otherwise provided in Section 28-147, a service meter to measure the quantity of gas used, consumed or wasted on the premises served.

(Code 1993, § 29-80; Code 2004, § 106-164; Code 2015, § 28-154)

Sec. 28-155. Location of meter provided by owner.

The owner shall provide without cost to the City a place for the installation and maintenance of the gas service meter, which shall be satisfactory to and approved by the Director.

(Code 1993, § 29-81; Code 2004, § 106-165; Code 2015, § 28-155)

Sec. 28-156. Relocation of meter.

Upon the written request of the owner or occupant of premises to move a gas service meter from one place to another or should a change in the use of a premises or structural alteration therein render a place in which such meter is installed unsatisfactory to the Director, the gas service meter shall be moved to another place satisfactory to the Director. The costs to be paid by the owner or occupant for moving a gas service meter shall be established by the Director.

(Code 1993, § 29-82; Code 2004, § 106-166; Code 2015, § 28-156)

Sec. 28-157. Termination of pipes connecting with meter.

All pipes for the connection of all gas meters shall be terminated at the place approved therefor by the Director and in a manner satisfactory to the Director.

(Code 1993, § 29-83; Code 2004, § 106-167; Code 2015, § 28-157)

Secs. 28-158—28-182. Reserved.

DIVISION 3. RATES

Sec. 28-183. Scope.

Natural gas or natural gas combined with any other gas shall be supplied to consumers in accordance with the schedules of rates and upon the terms and conditions set forth in this division, and consumers shall be charged and shall pay for all natural gas or natural gas combined with other gas supplied at the rates prescribed in such schedules.

(Code 1993, § 29-230; Code 2004, § 106-191; Code 2015, § 28-183)

Sec. 28-184. Deposit and contract required.

No gas shall be supplied to any consumer until the consumer shall have made the cash deposit or provided other security determined by the director under Section 28-54, if required, and signed a written contract with the City, when required by the Director, in which the consumer shall promise to pay for all gas used, consumed or wasted on premises therein to be specified at the rates and upon the terms and conditions therefor prescribed by the City Council from time to time. Every consumer shall observe, comply with and be bound by all ordinances, rules, regulations, terms and conditions prescribed for and relating to the use of gas while receiving the service.

(Code 1993, § 29-231; Code 2004, § 106-192; Code 2015, § 28-184)

Sec. 28-185. Establishment of standards for pressures, quantities and quality.

The Director shall establish and record standards of pressures, quantities and quality of gas to be delivered to consumers, which from time to time may be amended, modified or changed whenever the Director deems it necessary or proper to do so, pursuant to Section 28-26.

(Code 1993, § 29-232; Code 2004, § 106-193; Code 2015, § 28-185)

Sec. 28-186. Lighting of heating unit pilot.

A fee of $35.00 shall be charged and paid into the gas utility of the City for lighting a gas heating unit pilot. No fee shall be charged for service for lighting of a heating unit pilot during the period of August 15 through October 31 of any year. Any fee so charged will be credited on the statement for the billing cycle commencing next after such service is provided.

(Code 1993, § 29-84; Code 2004, § 106-194; Code 2015, § 28-186)

Sec. 28-187. Appliance and fixture inspection.

(a) Upon a customer's request, the Department shall inspect the customer's gas appliances, fixtures and piping to ensure that the equipment is working properly and shall perform requested minor adjustments and repairs on the equipment if so requested by the customer. The customer shall pay the Director a fee of $35.00 per hour for labor for such service, with a minimum fee of $35.00, plus costs for materials.

(b) The Department's services provided pursuant to this section shall be subject to rules and regulations promulgated by the Director pursuant to Section 28-26. The Department's services provided pursuant to this section and the rules and regulations promulgated to implement the program shall be consistent with the City's authority to operate its gas utility and with industry practice for regulated gas utilities.

(Code 1993, § 29-85; Code 2004, § 106-195; Code 2015, § 28-187)

Sec. 28-188. Application for change of rate; approval of Director.

A consumer using gas under one of the schedules of rates for gas prescribed by the City Council may apply to the Director in writing for a supply of gas under one or more of the other schedules of rates prescribed in this division. Upon certification of the Director that the consumer is entitled to the benefit of such other rates under this division, gas may be supplied to the consumer at the other rates. However, the other rates shall not be applied to gas used, consumed or wasted on premises of the consumer until after the first regularly scheduled reading of meters in the district in which the premises of the consumer are situated following the certification of the application by the Director.

(Code 1993, § 29-233; Code 2004, § 106-197; Code 2015, § 28-188)

Sec. 28-189. City not required to recommend favorable rates.

Nothing in this article shall be construed to impose upon the City, the Director or any other of its agents and

employees the duty to give notice of or to recommend to a consumer the most favorable rates to which the consumer may be entitled for the supply of gas. No refund shall be made to a consumer of any sum representing the difference between the amount paid at a higher rate and the amount the consumer would have paid at a lower rate.

(Code 1993, § 29-234; Code 2004, § 106-198; Code 2015, § 28-189)

Sec. 28-190. Separate billing for each meter; billing for unmetered gas.

(a) The quantity of gas used, consumed or wasted as measured by every gas service meter shall be separately billed, and the quantities used, consumed or wasted as indicated by separate service meters shall not be combined for the purpose of applying rates applicable to the aggregate amount. However, when more than one service meter is used to supply one or more premises that are continuously adjacent to each other and owned or leased by the same person, whether or not separated by a public street, and in which gas is supplied by the owner to the occupants without making a direct charge therefor or for the owner's sole use, the readings of the several service meters may be combined for the purpose of applying rates applicable thereto.

(b) The quantity of gas used or consumed for providing ornamental gas lighting which is not metered or measured shall be billed in accordance with the rate schedules adopted by Section 28-200.

(Code 1993, § 29-235; Code 2004, § 106-199; Code 2015, § 28-190)

Sec. 28-191. Residential gas service (schedule RS).

The following rates and charges shall apply for gas provided for residential purposes in individual residences, owner-occupied duplexes or nonprofit facilities that provide transitional housing for residential use on a regular basis by homeless persons (other than residences qualifying for "residential gas peaking service"):

SCHEDULE RS

(1) *Application.* This section shall apply to use of service for residential purposes in individual residences, owner-occupied duplexes or nonprofit facilities that provide transitional housing for residential use on a regular basis by homeless persons served by one meter at locations within the service area where service is available.

(2) *Monthly rate.*

a. Monthly rates for gas under schedule RS shall be as follows:

Monthly rates for gas under Schedule RS:			
1	Customer charge (readiness to serve), per month		$13.87
2	Distribution charge:		
	(i)	First 50,000 cubic feet per month per Mcf (1,000 cubic feet)	$5.90
	(ii)	For all additional cubic feet per month, per Mcf	$5.90
	(iii)	Purchased gas cost (per 1,000 cubic feet)	As set by Director pursuant to Section 28-191(2)

b. This charge is for the costs associated with purchased gas or any gas used as a substitute for or supplement to purchased gas and is subject to monthly adjustments per thousand cubic feet for increases or decreases for any such cost. The Director of Public Utilities shall calculate the cost of natural gas each month and prepare a pro forma forecast of total gas commodity cost recovery balance for the end of the current fiscal year. The Director of Public Utilities may increase or decrease the purchased gas cost rate during the subsequent month to recover the cost of purchased gas by the end of the fiscal year. The Director of Public Utilities shall promptly notify the Chief Administrative Officer of changes to purchase gas cost rates. In addition, adjustments applicable under the weather normalization clause shall be as set forth in Section 28-106.

(3) *Minimum charge.* The monthly minimum charge shall be $13.87.

(4) *Utility tax.* Bills rendered under this schedule shall be subject to any applicable utility tax.

(5) *Term of contracts.* Contracts for gas service made under this schedule shall be cancellable at any time. A customer cannot resume service within one month at the same location without paying the prescribed charges during the intervening period in accordance with this section.

(6) *Special provisions.*

a. *Equal monthly and levelized payment plans.* A customer may have the option, with the consent of the Director of Public Utilities, of paying for service taken under this schedule for a limited period in equal monthly or levelized amounts based on the application of the rate to the estimated usage during the period. The Director of Public Utilities shall establish rules and regulations for administering these plans in accordance with Section 28-26. At the discontinuance of service, the customer shall pay or be given credit for the difference between the amount paid and the charges for the actual usages under this rate. This payment or refund shall be made under such arrangements as may be agreed upon by the customer and the Director of Public Utilities.

b. *Discontinuance of service.* A customer who uses gas in accordance with this schedule for space heating exclusively, may discontinue such use. After such use is discontinued, if the customer requests that the service be restored, a charge of $35.00 shall be paid for restoring the service if the request is made within 12 months from the date the service is discontinued.

Sec. 28-192. Residential gas peaking service (schedule RPS).

The following rates and charges shall apply when the City furnishes gas for residential purposes to customers eligible for "residential gas peaking service":

SCHEDULE RPS

(1) *Application.* This section shall apply to the use of service for residential purposes in individual residences at locations within the service area where service is available and the customer has an electric heat pump installed in such a manner that the gas heating equipment is used for peaking or supplementary purposes.

(2) *Monthly rate.*

a. Monthly rates under schedule RPS shall be as follows:

Monthly rates for gas under the Schedule RPS:			
1.	Customer charge (readiness to serve), per month		$13.87
2.	System charge:		
	(i)	First 50,000 cubic feet per month, per Mcf	$5.90
	(ii)	For all additional cubic feet per month, per Mcf	$5.90
3.	Gas commodity charge, per 1,000 cubic feet		As set by Director pursuant to Section 28-192(2)

b. This charge is for the costs associated with purchased gas or any gas used as a substitute for or supplement to purchased gas, and is subject to monthly adjustments per thousand cubic feet for increases or decreases for any such cost. The Director of Public Utilities shall calculate the cost of

natural gas each month and prepare a pro forma forecast of total gas commodity cost recovery balance for the end of the current fiscal year. The Director of Public Utilities may increase or decrease the purchased gas cost rate during the subsequent month to recover the cost of purchased gas by the end of the fiscal year. The Director of Public Utilities shall promptly notify the Chief Administrative Officer of changes to purchase gas cost rates. In addition, adjustments applicable under the weather normalization clause shall be as set forth in Section 28-106.

(3) *Minimum charge.* The minimum charge for gas under Schedule RPS shall be $13.87 per month.

(4) *Utility tax.* Bills rendered under this section shall be subject to any applicable utility tax.

(5) *Term of contracts.* Contracts for gas service made under this section shall be cancelable at any time, provided that a customer cannot resume service within one month at the same location without paying the prescribed charges during the intervening period in accordance with this section.

(Code 2004, § 106-200.1; Code 2015, § 28-192; Ord. No. 2004-95-124, § 1, 5-24-2004; Ord. No. 2004-360-330, § 1, 12-13-2004; Ord. No. 2005-102-110, § 1, 5-31-2005; Ord. Sec. 28-193. General gas service (schedule GS).

The following rates and charges shall apply to service provided locations subject to billing at the rate for general gas service:

SCHEDULE GS

(1) *Application.* This section shall apply to the use of service for all purposes in other than individual residences, owner-occupied duplexes or nonprofit facilities that provide transitional housing for residential use on a regular basis by homeless persons served by one meter at locations within the service area where service is available.

(2) *Monthly rate.*

a. Monthly rates under schedule GS shall be as follows:

Monthly rates for gas under the Schedule for Small Commercial Gas Sales (GS):			
1.	Customer charge (readiness to serve), per month		$16.38
2.	Distribution charge:		
	(i)	First 50,000 cubic feet per month, per Mcf	$5.33
	(ii)	For all additional cubic feet per month, per Mcf	$5.33
3.	Purchased gas cost (per 1,000 cubic feet)		As set by Director pursuant to Section 28-193(2)

b. This charge is for the costs associated with purchased gas or any gas used as a substitute for or supplement to purchased gas and is subject to increases or decreases for any such cost. The Director of Public Utilities shall calculate the cost of natural gas each month and prepare a pro forma forecast of total gas commodity cost recovery balance for the end of the current fiscal year. The Director of Public Utilities may increase or decrease the purchased gas cost rate during the subsequent month to recover the cost of purchased gas by the end of the fiscal year. The Director of Public Utilities shall promptly notify the Chief Administrative Officer of changes to purchase gas cost rates. In addition, adjustments applicable under the weather normalization clause shall be as set forth in

Section 28-106.

(3) *Minimum charge.* The minimum charge for gas under the Schedule for Small Commercial Gas Sales (GS) shall be $16.38 per month.

(4) *Utility tax.* Bills rendered under this schedule shall be subject to any applicable utility tax.

(5) *Term of contracts.* Contracts for gas service made under this schedule shall be cancellable at any time, provided that a customer cannot resume service within one month at the same location without paying the prescribed charges during the intervening period in accordance with this schedule.

(6) *Special provisions.*

a. *Discontinuance of service.* A customer who uses gas in accordance with this schedule for space heating exclusively, may discontinue such use. After such use is discontinued, if the customer requests that the service be restored, a charge of $35.00 shall be paid for restoring the service if the request is made within 12 months from the date the service is discontinued.

b. *Equal monthly and levelized payment plans.* A customer may have the option, with the consent of the Director, of paying for service taken under this schedule for a limited period in equal monthly or levelized amounts based on the application of the rate to the estimated usage during the period. The Director shall establish rules and regulations for administering these plans in accordance with Section 28-26. At the discontinuance of service, the customer shall pay or be given credit for the difference between the amount paid and the charges for the actual usages under this rate. This payment or refund shall be made under such arrangement as may be agreed upon by the customer and the Director.

Sec. 28-194. Large volume general gas service (schedule CIS).

The following rates and charges shall apply for gas furnished to customers qualifying for large volume general gas service:

SCHEDULE CIS

(1) *Application.* This section shall apply to the use of service for all purposes at locations within the service area where service is available.

(2) *Monthly rate.*

a. Monthly rates under schedule CIS shall be as follows:

Monthly rates for gas used under Schedule CIS:		
1.	Customer charge (readiness to serve), per month	$142.41
2.	Demand charge (per month), per 1,000 cubic feet (Mcf)	$14.04
3.	Distribution charge, per Mcf	$3.15
4.	Purchased gas cost (per 1,000 cubic feet)	As set by Director pursuant to Section 28-194(2)

b. This charge is for the costs associated with purchased gas or any gas used as a substitute for or supplement to purchased gas and is subject to monthly adjustments per thousand cubic feet for

increases or decreases for any such cost. The Director of Public Utilities shall calculate the cost of natural gas each month and prepare a pro forma forecast of total gas commodity cost recovery balance for the end of the current fiscal year. The Director of Public Utilities may increase or decrease the purchased gas cost rate during the subsequent month to recover the cost of purchased gas by the end of the fiscal year. The Director of Public Utilities shall promptly notify the Chief Administrative Officer of changes to purchase gas cost rates. In addition, adjustments applicable under the weather normalization clause shall be as set forth in Section 28-106.

(3) *Determination of demand.* The demand may, at the option of the Director of Public Utilities, be determined either by measurement or by estimate.

a. *By measurement.* The demand in any month shall be the highest use of gas in Mcf in any period of 24 consecutive hours as measured by a demand meter.

b. *By estimate.* The demand in any month shall be taken as 1/20 of the Mcf used in such month.

(4) *Billing demand.* The demand in any month shall be the higher of:

a. The demand as determined in such month by measurement or by estimate.

b. The highest billing demand in any of the preceding months of November through April.

For new customers or customers transferring from another rate schedule the highest billing demand in subsection (4)b of this section may, at the option of the Director of Public Utilities, be estimated based on the proposed use of service.

(5) *Utility tax.* Bills rendered under this section shall be subject to any applicable utility tax.

(6) *Term of contracts.* Contracts for gas service made under this schedule shall be one year and may automatically be renewed from year to year unless cancelled by the customer or the Director of Public Utilities upon 30 days' written notice to that effect. Such notice must be given before the beginning of any contract year.

(7) Special provisions.

a. *Restricted use.* The use of gas by customers under this schedule may be restricted by the Director of Public Utilities whenever necessary to supply customers under schedules RS and GS.

Sec. 28-195. Transportation service (schedule TS).

(a) *Scope.* The gas rates, terms and conditions in this section shall apply to customers provided transportation service under schedule TS.

(b) *Applicability.* Gas service under schedule TS is applicable as follows:

(1) This rate schedule is available throughout the service territory served by the City to all gas owned by a nonresidential customer that is transported to and on the City's gas distribution system. This service is applicable only to customers that take in excess of 12,000 Mcf over a consecutive 12-month period at the delivery point set forth in the service agreement for transportation between the City and the customer (referred to as the "service agreement"). The customer must deliver its gas to the receipt point approved by the City and set forth in the service agreement. Once the City has received the customer's gas at the receipt point, the City will transport the gas, minus the lost and unaccounted for adjustment determined under subsection (g)(2) of this section to the delivery point. This service is available only to those customers who execute a service agreement for the service provided in this section.

(2) Daily balancing service is mandatory for all customers under this rate schedule.

(3) This service requires the installation and use of telemetering equipment at the delivery point. The City shall install, own, and maintain the telemetering and other equipment at the delivery point necessary to

transmit the telemetering information to the City. The customer shall provide the dedicated telephone line necessary for the reliable operation of the telemetering equipment and the transmission of the telemetering information. The City will meter the customer's takes of gas at the delivery point. The customer shall pay for the installation of electronic measurement equipment if measurement equipment is not so equipped. Payment will be required prior to initiation of transportation service.

(c) *Character of service.* The City shall be obligated to deliver gas to the delivery point up to the lesser of the customer's transportation maximum daily quantity (TMDQ) and the daily volume of gas received by the City from the customer at the receipt, point minus the lost and unaccounted for adjustment determined under subsection (g)(2) of this section.

(d) *Service agreement.* A service agreement shall be provided in accordance with the following:

(1) The customer shall execute a service agreement with the City which specifies the TMDQ, the receipt point, the delivery point, and the pressure at the delivery point. The service agreement shall be in the form as attached to this rate schedule on file in the City offices.

(2) The service agreement shall have an initial term of one year and then shall continue in effect for additional terms of one year until terminated by the customer or the City upon at least 30 days' written notice given prior to the end of the initial term or of any additional term.

(3) If a customer takes gas from the City under this rate schedule at more than one delivery point, these delivery points will be included in one service agreement and will be treated as a single delivery point for purposes of the customer charge, the distribution charge, the daily and monthly imbalances and imbalance charges, the TMDQ, and meeting the minimum take requirement to qualify for service under this rate schedule.

(e) *Transportation maximum daily quantity (TMDQ).* After consulting with a customer, the City will assign the customer a TMDQ. This TMDQ will remain in effect for the term of the service agreement unless modified by written agreement of the City and the customer.

(f) *Rates and charges for transportation service.* The customer shall pay the rates and charges each month for gas for transportation service under schedule TS as follows:

Gas rates and charges each month for transportation service under Schedule TS. These amounts do not include the cost of gas received at the receipt point for the customer:			
(1)	Customer charge, per month		$757.58
(2)	Distribution charge:		
	a.	For the amount taken up to 1,500 Mcf, per Mcf	$1.91
	b.	For amounts taken from 1,501 Mcf to 11,500 Mcf, per Mcf	$0.99
	c.	For the amount taken over 11,500 Mcf, per Mcf	$0.70
(3)	Charge for daily imbalance in excess of ten percent, per Mcf		$0.58

(g) *Receipt and delivery.* Receipt and delivery shall be in accordance with the following:

(1) The receipt point shall be at a pipeline City gate station as assigned by the City and as specified in the service agreement.

(2) The City shall retain a percentage of volumes delivered to the receipt point for a lost and unaccounted for adjustment, and the City shall be obligated to deliver at the delivery point only the remainder of the volumes received. As of the effective date of this rate schedule, the percentage of volumes retained shall be 2 1/2 percent.

(h) *Load balancing.* Load balancing shall be in accordance with the following:

(1) The City shall provide the customer with daily balancing service within the parameters set forth in this

subsection.

(2) The customer shall provide the City with good faith, nonbinding nominations when requested by the City.

(3) The customer's daily imbalance shall be equal to the difference between:

a. The volume of gas actually delivered on a day to the receipt point by or on behalf of the customer, minus the lost and unaccounted for adjustment determined under subsection (g)(2) of this section (net daily receipts); and

b. The customer's actual usage as determined from daily meter readings at the delivery point (daily deliveries).

A daily underdelivery shall be deemed to occur whenever net daily receipts are less than daily deliveries. A daily overdelivery shall be deemed to occur whenever net daily receipts are greater than daily deliveries.

(4) The City's charge for daily imbalances is set forth in subsection (f) of this section and shall apply to daily deliveries in excess of 110 percent of net daily receipts or the volume by which daily deliveries are below 90 percent of net daily receipts. The imbalance charge is in addition to and not in lieu of other transportation charges established by this rate schedule.

(5) Failure of the customer's transportation gas to arrive at the City gate shall result in one of two possibilities. If enough system supply is available, the customer shall purchase all gas in excess of the customer's net daily receipts at the sum of the customer's distribution charge, the balancing charge as set forth in subsection (f) of this section and the greater of either the City WACOG or 105 percent of the highest Transco Zone 6 (non-New York) price for the current month. If enough system supply is not available, the customer shall purchase all gas in excess of the customer's net daily receipts at the sum of the customer's distribution charge, the balancing charge as set forth in subsection (f) of this section, the peak shaving price and the storage capacity price.

(6) When the customer's daily deliveries exceed the actual usage at the delivery point, the City shall purchase these "overtendered" quantities at the lower of the City WACOG or 95 percent of the Transco Zone 6 (non-New York) price for the current month.

(7) If on any day the daily imbalance, as set forth in subsection (h)(3) of this section, exceeds ten percent, the customer shall pay a pro rata share of any upstream gas pipeline penalties incurred based upon the customer's daily imbalance in the same direction as the imbalance for which the penalty was incurred.

(i) *Utility tax.* All bills rendered under this rate schedule shall be subject to any applicable utility tax.

(j) *Force majeure.* If either the City or the customer is rendered unable, either wholly or in part, to carry out its obligations under this section because of a force majeure, the obligations of the party affected by such force majeure, other than the obligation to make payments under this section, shall be suspended during the continuance of any inability so caused, but for no longer period. Such force majeure shall, insofar as possible, be remedied with all reasonable dispatch. The term "force majeure," as used in this subsection, shall include acts of God; strikes; lockouts; wars; riots; insurrections; terrorism; epidemics; landslides; lightning; earthquakes; fires; storms; floods; washouts; interruptions by government or court orders; civil disturbances; explosions; breakage, freezing, or accident to lines of pipe or facilities; failure of interstate or intrastate pipeline transportation, but only if caused by an event constituting force majeure curtailment or discontinuation by such pipeline of transportation or other services; and any other cause, whether of the kind defined in this subsection or otherwise, not within the control of the party claiming suspension and which, by the exercise of reasonable foresight, such party is unable to avoid and, by the exercise of due diligence, such party is unable to overcome.

Sec. 28-196. Transportation service (schedule TS2).

(a) *Scope.* The rates, terms and conditions in this section shall apply to gas customers provided transportation service under schedule TS2.

(b) *Applicability.* Gas service under schedule TS2 is applicable as follows:

(1) Service is available throughout the service territory served by the City to all gas owned by a customer that is transported to and on the City's gas distribution system. This service is applicable only to customers that, at the delivery point set forth in the service agreement for transportation (TS2) between the City and the customer (referred to as the "service agreement"), take in excess of 60,000 Mcf per year and receive service from a six-inch or larger diameter gas main. The customer must deliver its gas to the receipt point approved by the City and set forth in the service agreement. Once the City has received the customer's gas at the receipt point, the City shall transport the gas, minus the lost and unaccounted for adjustment determined under subsection (g)(3) of this section to the delivery point. This service is available only to those customers who execute a service agreement for the service provided in this section.

(2) Daily balancing service is mandatory for all customers under this rate schedule.

(3) This service requires the installation and use of telemetering equipment at the delivery point. The City shall install, own, and maintain the telemetering and other equipment at the delivery point necessary to transmit the telemetering information to the City. The customer shall provide the dedicated telephone line necessary for the reliable operation of the telemetering equipment and the transmission of the telemetering information. The City shall meter the customer's takes of gas at the delivery point. The customer shall pay for the installation of electronic measurement equipment if measurement equipment is not so equipped. Payment shall be required prior to initiation of transportation service.

(c) *Character of service.* The City shall be obligated to deliver gas to the delivery point up to the lesser of the customer's transportation maximum daily quantity (TMDQ) and the daily volume of gas received by the City from the customer at the receipt point minus the lost and unaccounted for adjustment determined under subsection (g)(3) of this section.

(d) *Service agreement.* A service agreement shall be provided in accordance with the following:

(1) The customer shall execute a service agreement with the City which specifies the TMDQ, the receipt point, the delivery point, and the pressure at the delivery point. The service agreement shall be in the form as attached to this rate schedule on file in the City offices.

(2) The service agreement shall have an initial term of one year and then shall continue in effect for additional terms of one year until terminated by the customer or the City upon at least 30 days' written notice given prior to the end of the initial term or of any additional term.

(3) If a customer takes gas from the City under this rate schedule at more than one delivery point, these delivery points shall be included in one service agreement and shall be treated as a single delivery point for purposes of the customer charge, the distribution charge, the daily imbalances and imbalance charges, the TMDQ, and meeting the minimum take requirement to qualify for service under this rate schedule.

(e) *Transportation maximum daily quantity (TMDQ).* After consulting with a customer, the City shall assign the customer a TMDQ. This TMDQ shall remain in effect for the term of the service agreement unless modified by written agreement of the City and the customer.

(f) *Rates and charges for transportation service.* Rates and charges for transportation service shall be as follows:

Gas rates and charges for transportation service under Schedule TS2. These amounts do not include the cost of gas received at the receipt point for the customer:		
(1)	Customer charge per month	$757.58
(2)	Distribution charge, per Mcf	$0.67
(3)	Charge for daily imbalance in excess of ten percent, per Mcf	$0.58

(g) *Receipt and delivery.* Receipt and delivery shall be in accordance with the following:

(1) The customer shall be responsible for securing delivery of customer-owned gas to the receipt point.

(2) The receipt point shall be at a pipeline City gate station as assigned by the City and as specified in the service agreement.

(3) The City shall retain a percentage of volumes delivered to the receipt point for a lost and unaccounted for adjustment, and the City shall be obligated to deliver at the delivery point only the remainder of the volumes received. As of the effective date of this rate schedule, the percentage of volumes retained shall be 2 1/2 percent.

(h) *Load balancing.* Load balancing shall be in accordance with the following:

(1) The City shall provide the customer with daily balancing services within the parameters set forth in this section.

(2) The customer shall provide the City with good faith, nonbinding nominations when requested by the City.

(3) The customer's daily imbalance shall be equal to the difference between:

a. The volume of gas actually delivered on a day to the receipt point by or on behalf of the customer minus the lost and unaccounted for adjustment determined under subsection (g)(3) of this section ("net daily receipts"); and

b. The customer's actual usage as determined from daily meter readings at the delivery point ("daily deliveries").

A daily underdelivery shall be deemed to occur whenever net daily receipts are less than daily deliveries. A daily overdelivery shall be deemed to occur whenever net daily receipts are greater than daily deliveries.

(4) The City's charges for daily imbalances are set forth in subsection (f) of this section and shall apply to daily deliveries. The imbalance charges are in addition to and not in lieu of other transportation charges established by this rate schedule.

(5) Failure of the customer's transportation gas to arrive at the City gate will result in one of two possibilities. If enough system supply is available, the customer will purchase all gas in excess of the customer's receipts at the sum of the customer's delivery price, balancing charge as set forth in subsection (f) of this section and the greater of either the City WACOG or 105 percent of the highest Transco Zone 6 (non-New York) price for the current month. If enough system supply is not available, the customer will purchase all gas in excess of the customer's receipts at the sum of the customer's delivery price, balancing charge as set forth in subsection (f) of this section, the peak shaving price and the storage capacity price.

(6) When the customer's daily deliveries exceed the actual usage at the delivery point, the City will purchase these "overtendered" quantities at the lower of the City WACOG or 95 percent of the Transco Zone 6 (non-New York) price for the current month.

(7) If on any day the daily imbalance, as set forth in subsection (h)(3) of this section, exceeds ten percent, the customer pays a pro rata share of any interstate gas pipeline penalties incurred based upon the customer's daily imbalance in the same direction as the imbalance for which the penalty was incurred.

(i) *Utility tax.* Bills rendered under this schedule shall be subject to any applicable utility tax.

(j) *Force majeure.* If either the City or the customer is rendered unable, either wholly or in part, to carry out its obligations under this section because of a force majeure, the obligations of the party affected by such force majeure, other than the obligation to make payments under this section, shall be suspended during the continuance of any inability so caused, but for no longer period. Such force majeure shall, insofar as possible, be remedied with all reasonable dispatch. The term "force majeure," as used in this subsection, shall include: acts of God; strikes; lockouts; wars; riots; insurrections; terrorism; epidemics; landslides; lightning; earthquakes; fires; storms; floods;

washouts; interruptions by government or court orders; civil disturbances; explosions; breakage, freezing, or accident to lines of pipe or facilities; failure of interstate or intrastate pipeline transportation, but only if caused by an event constituting force majeure curtailment or discontinuation by such pipeline of transportation or other services; and any other cause, whether of the kind defined in this subsection or otherwise, not within the control of the party claiming suspension and which, by the exercise of reasonable foresight, such party is unable to avoid and, by the exercise of due diligence, such party is unable to overcome.

Sec. 28-197. Propane-air gas service (schedule PA).

(a) *Scope.* The rates and charges in this section shall apply for use of the City's processing and distribution system in the processing and delivery of propane-air mixture under schedule PA.

(b) *Applicability.* This service shall be available to any industrial or commercial customer located on the City's distribution system for the processing and delivery of propane-air mixture in the City's facilities:

(1) To the extent that the City has adequate excess capacity available for production and capability for introduction into its distribution system.

(2) When the City has executed a service agreement with a customer wherein the City agrees to produce propane-air mixture for the customer's account when requested from propane feedstock of the customer delivered into the City's storage tank.

(3) All production will be on a best efforts basis and subject to the needs of the City's gas customers.

(c) *Rate.* The monthly charge for production and delivery shall be the estimated cost of production, plus a transportation charge and other related charges. Such monthly charge will be subject to adjustment, plus or minus, at the end of the service agreement period.

(d) *Determination of deliveries.* The volume of gas considered delivered for a customer's account pursuant to this rate schedule shall be the actual volume in 100 cubic feet (ccf) produced less an adjustment thereof to cover unaccounted for gas.

(e) *Utility tax.* Bills rendered under this section shall be subject to any applicable utility tax.

(Code 1993, § 29-242; Code 2004, § 106-205; Code 2015, § 28-197)

Sec. 28-198. Municipal gas service (schedule MGS).

The following rate and charges shall apply for gas provided to buildings, structures or facilities used by the City and for which the City purchases gas:

SCHEDULE MGS

(1) *Application.* This section shall apply to use of service for all purposes in buildings, structures or facilities used by the City where service is available.

(2) *Monthly rate.* Monthly system charge shall be $4.95 per 1,000 cubic feet (Mcf).

(3) *Gas commodity charge.* Gas commodity charge per 1,000 cubic feet shall be as determined by the Director pursuant to this subsection. This charge is for the costs associated with purchased gas or any gas used as a substitute for or supplement to purchased gas and is subject to monthly adjustments per thousand cubic feet for increases or decreases for any such cost. The Director of Public Utilities shall calculate the cost of natural gas each month and prepare a pro forma forecast of total gas commodity cost recovery balance for the end of the current fiscal year. The Director of Public Utilities may increase or decrease the purchased gas cost rate during the subsequent month to recover the cost of purchased gas by the end of the fiscal year. The Director of Public Utilities shall promptly notify the Chief Administrative Officer of changes to purchase gas cost rates. In addition, adjustments applicable under the weather normalization clause shall be as set forth in Section 28-106.

(Code 1993, § 29-243; Code 2004, § 106-206; Code 2015, § 28-198; Ord. No. 2004-95-124, § 1, 5-24-2004; Ord. No. 2004-360-330, § 1, 12-13-2004; Ord. No. 2005-102-110, § 1, 5-31-2005; Ord. No. 2012-50-65, § 1, 5-14-2012; Ord. No. 2013-53-85, § 1, 5-28-2013; Ord. No. 2014-63-113, § 1, 5-27-2014; Ord. No. 2015-71-102, § 1, 5-15-2015; Ord. No. 2016-071, § 1, 5-13-2016; Ord. No. 2017-059, § 1, 5-15-2017; Ord. No. 2018-091, § 1, 5-14-2018; Ord. No. 2019-068, § 1, 5-13-2019)

Sec. 28-199. Flexibly priced interruptible gas service (schedule FS).

(a) *Scope.* The rates, terms and conditions in this section shall apply to customers provided flexibly priced interruptible gas sales service under schedule FS.

(b) *Applicability.* Gas service shall be supplied for any user having gas facilities with a consuming capacity of 3,000,000 Btu per hour or more at locations within the service area where facilities are available to supply the amount of gas requested by the customer, subject to the following conditions:

(1) The customer has installed and in regular use equipment, which shall be described in the contract, having a gas consuming capacity of not less than 3,000,000 Btu per hour and agrees to use the gas supplied under this section only in the operation of such equipment.

(2) Gas delivered under this section shall be separately metered and shall not be used interchangeably with gas supplied under any other schedule.

(3) The maximum daily quantity of gas to be delivered under this section, expressed in cubic feet, shall be specified in the contract and may be increased only by the execution of a new contract.

(4) The customer has standby equipment installed and maintained in operating condition and a fuel supply adequate for its operations when gas service is interrupted.

(5) This service requires the installation and use of telemetering equipment at the delivery point. The City shall install, own and maintain the telemetering and other equipment necessary to transmit the telemetering information to the City. The customer shall provide a telephone line necessary for the reliable operation of the telemetering equipment and the transmission of the telemetering information. Customers who do not provide the City a phone line will be charged a monthly surcharge for alternative communications equipment. This equipment will be owned and maintained by the City.

A day shall be a period of 24 consecutive hours, beginning as near as practical at 8:00 a.m. or as otherwise agreed upon by the customer and the Director.

(c) *Monthly commodity rate.* The Director shall establish by regulation procedures for setting a flexibly based monthly commodity charge for interruptible sales service for each category of alternative fuel, including, but not limited to, no. 2 oil, no. 4 oil, no. 6 oil and propane. In establishing such procedures and in setting the commodity charge, the Director shall consider the cost of the alternative fuel, the cost of gas necessary to supply customers under this schedule and the competitive advantages and disadvantages of gas. The Director may adjust the commodity charge monthly and shall keep available for public inspection the currently effective commodity charge in each alternative fuel category. The commodity charge shall be subject to the following price floor and ceiling. The commodity charge shall not be less than the cost of gas purchased by the Department for sale to customers receiving this service, plus the amount of $0.10 per Mcf. The commodity charge shall be no higher than the sum of:

(1) The average distribution charge for the quantities consumed under rate schedule CIS fixed rate, nontemporary purchase;

(2) The average cost per Mcf of the CIS demand charge calculated at a 100 percent load factor; plus

(3) The purchased gas charge.

In no case shall the commodity charge be less than the cost of gas plus the amount set forth in subsection (c) of this section.

(d) *Minimum monthly charge.* The minimum monthly charge for gas under schedule FS shall be as follows:

(1) For customers having facilities with a consuming capacity of 3,000,000 Btu per hour or more, and not

having installed no. 6 oil alternate fuel capability, each monthly bill for gas shall not be less than $476.19, except in months when the City delivers less than 50 Mcf as provided in this subsection. When less than 50 Mcf of gas is delivered in any month by reason of interruption or curtailment of service by the City, the monthly bill shall be computed on the basis of actual gas delivered at the monthly rate as set forth in this subsection. The term "month," as used in this subsection, shall be deemed to mean the period between any two consecutive readings of meters by the City, such readings to be made as near as practicable every 30 days.

(2) For customers having gas facilities with a consuming capacity of 3,000,000 Btu per hour and having installed no. 6 oil alternate fuel capability, each monthly bill shall be not less than $1,032.13, except in months when the City delivers less than 150 Mcf as provided in this subsection. When less than 150 Mcf of gas is delivered in any month by reason of interruption or curtailment of service by the City, the monthly bill shall be computed on the basis of actual gas delivered at the monthly commodity rate per Mcf as set forth in this subsection. The term "month," as used in this subsection, shall be deemed to mean the period between any two consecutive readings of meters by the City, such readings to be made as near as practicable every 30 days.

(e) *Utility tax.* Bills rendered under this schedule shall be subject to any applicable utility tax.

(f) *Term of contracts.* Contracts for gas service made under this schedule shall be for one year and may automatically be renewed from year to year unless cancelled by the customer or the Director upon 30 days' written notice to that effect given before the beginning of any contract year.

(g) *Special provisions.* Special provisions for discontinuance of use and unauthorized use of gas shall be as follows:

(1) *Discontinuance of use at request of Director.* A customer may use gas at any time, provided that the customer shall curtail or discontinue the use of service when requested by the Director, in the Director's sole discretion, on 30 minutes' notice.

(2) *Unauthorized use of gas.* All gas taken by a customer on any day during a period of interruption without the express permission of the Director and all gas taken by a customer on any day during a curtailment period in excess of the volume of gas authorized by the Director shall be paid for by the customer at the rate of $27.50 per Mcf, in addition to all other charges payable under this rate schedule. The Director may waive any such additional charges for unauthorized use of gas if the City's cost of gas is not affected by such unauthorized use by the customer.

(Code 1993, § 29-244; Code 2004, § 106-207; Code 2015, § 28-199; Ord. No. 2011-57-84, § 1, 5-23-2011; Ord. No. 2015-71-102, § 1, 5-15-2015; Ord. No. 2019-191, § 1, 7-22-2019)

Sec. 28-200. Unmetered gaslight service (schedule GL).

The following rates and charges shall apply for providing gas for ornamental gas lights having a manufacturer's rated gas consuming capacity of 1,400 cubic feet per month or less:

SCHEDULE GL

(1) *Application.* Unmetered gas service under this schedule may be furnished to all customers within the service area who have installed ornamental gas lights having a manufacturer's rated gas consuming capacity of 1,400 cubic feet per month or less when the Director determines that such service is available at places where such lights are installed.

(2) *Monthly rate.* Monthly system charge shall be $4.74 per 1,000 cubic feet.

(3) *Gas commodity charge.* Gas commodity charge per 1,000 cubic feet shall be as determined by the Director pursuant to this subsection. This charge is for the costs associated with purchased gas or any gas used as a substitute for or supplement to purchased gas and is subject to monthly adjustments per thousand cubic feet for increases or decreases for any such cost. The Director of Public Utilities shall calculate the cost of natural gas each month and prepare a pro forma forecast of total gas commodity cost recovery balance for the end of the current fiscal year. The Director of Public Utilities may increase or decrease the purchased gas cost rate during the subsequent month to recover the cost of purchased gas

by the end of the fiscal year. The Director of Public Utilities shall promptly notify the Chief Administrative Officer of changes to purchase gas cost rates. In addition, adjustments applicable under the weather normalization clause shall be as set forth in Section 28-106.

(4) *Minimum charge.* The minimum charge shall be $14.45 per month for each gaslight.

(5) *Utility tax.* Bills rendered under this schedule shall be subject to any applicable utility tax.

(6) *Term of contracts.* Contracts for gas service made under this schedule shall be cancellable at any time.

Sec. 28-201. Gas air conditioning service (schedule AC).

(a) *Scope.* The rates, terms and conditions in this section shall apply to customers provided gas air conditioning service under schedule AC.

(b) *Applicability.* This rate schedule shall be applicable throughout the service territory for all customers for air conditioning equipment from April through October.

(c) *Monthly rate.* The monthly rate shall be the weighted average commodity cost of gas plus $0.10 per Mcf, April through October.

(d) *Special provisions.* Special provisions for billing and metering shall be as follows:

(1) This service is only available during April through October. Any gas taken after the last billing (cycle 21) for October and before the first billing (cycle 1) for April will be billed at the then-current rate per Mcf established under the applicable schedule GASC or schedule CIS (fixed rate).

(2) This service must be separately metered.

(e) *Utility tax.* Bills rendered under this schedule shall be subject to any applicable utility tax.

(Code 1993, § 29-248; Code 2004, § 106-209; Code 2015, § 28-201)

Sec. 28-202. Large volume gas sales service (schedule LVS).

(a) *Scope.* The rates, terms, and conditions in this section shall apply to customers provided firm, nonresidential large volume gas sales service under schedule LVS.

(b) *Applicability.* Service is available throughout the service territory served by the City to all firm, nonresidential gas sales customers that take in excess of 12,000 Mcf of gas over a consecutive 12-month period. This service requires the installation and use of telemetering equipment at the delivery point. The City shall install, own and maintain the telemetering and other equipment necessary to transmit the telemetering information to the City. The customer shall provide a telephone line necessary for the reliable operation of the telemetering equipment and the transmission of the telemetering information. Customers who do not provide the City a phone line will be charged a monthly surcharge for alternative communications equipment. This equipment will be owned and maintained by the City.

(c) *Monthly rates and charges.* The customer shall pay the rates and charges for gas under the schedule for large volume gas sales service (LVS), per month, as follows:

Monthly rates and charges for large volume gas sales service under Schedule LVS:			
(1)	Customer charge, per month		$689.23
(2)	Demand charge, per Mcf of billing demand		$14.04
(3)	Distribution charge:		
	a.	For the amount taken up to 1,500 Mcf, per Mcf	$1.91
	b.	For amounts taken from 1,501 Mcf to 11,500 Mcf, per Mcf	$0.99

	c.	For the amount taken over 11,500 Mcf, per Mcf	$0.70
(4)	Purchased gas cost, for large volume of gas sales service under Schedule LVS, determined per month. Purchase gas cost charge (weighted average commodity cost of gas (WACCOG)), includes all commodity charges, surcharges, tracking adjustments, and other non-fixed charges of pipelines and gas supplies incurred by the City. The charge also includes gas bought by the City at a fixed cost to serve a customer or group of customers approved by the Director. Any agreement to fix such costs shall be specified in the service agreement (addendum)		

(d) *Determination of demand.* The demand may, at the option of the Director, be determined either by measurement, by estimate or by agreement in accordance with the following:

(1) *By measurement.* The demand in any month shall be the highest use of gas in Mcf in any period of 24 consecutive hours as measured by the demand meter.

(2) *By estimate.* The demand in any month shall be taken as 1/20 of the Mcfs used in such month.

(3) *By agreement.* At a level to recover the upstream demand charges used to serve the customer. Such level shall be specified in the service agreement. Customer usage above this firm daily demand level shall be regarded as interruptible and will be subject to the terms in Section 28-199(g), which pertains to flexibly priced interruptible gas sales service.

(e) *Billing demand.* The billing demand in any month shall be the higher of:

(1) The demand as determined in such month under subsection (d) of this section; or

(2) The highest billing demand in any of the preceding months of November through April; provided, however, that for new customers or customers transferring from another rate schedule, the highest billing demand may, at the Director's option, be estimated based on the proposed use of the service under this rate schedule.

(f) *Utility tax.* All bills rendered under this rate schedule shall be subject to any applicable utility tax.

(g) *Service agreement.* If a customer takes gas from the City under this rate schedule at more than one delivery point and if all such delivery points are located at one plant or facility or are located at physically contiguous plants or facilities, these delivery points will be included in one service agreement and will be treated as a single delivery point for purposes of the customer charge, the distribution charge, and meeting the minimum take requirement to qualify for service under this rate schedule. In all other instances, each delivery point will require a separate service agreement and will be treated as a separate customer for all purposes.

(h) *Force majeure.* If either the City or the customer is rendered unable, either wholly or in part, to carry out its obligations under this section because of a force majeure, the obligations of the party affected by such force majeure, other than the obligation to make payments under this section, shall be suspended during the continuance of any inability so caused, but for no longer period. Such force majeure shall, insofar as possible, be remedied with all reasonable dispatch. The term "force majeure," as used in this subsection, shall include acts of God; strikes; lockouts; wars; riots; insurrections; epidemics; landslides; lightning; earthquakes; fires; storms; floods; washouts; interruptions by government or court orders; civil disturbances; explosions; breakage, freezing, or accident to lines of pipe or facilities; failure of interstate or intrastate pipeline transportation, but only if caused by an event constituting force majeure curtailment or discontinuation by such pipeline of transportation or other services; and any other cause, whether of the kind defined in this subsection or otherwise, not within the control of the party claiming suspension and which, by the exercise of reasonable foresight, such party is unable to avoid and, by the exercise of due diligence, such party is unable to overcome.

(Code 1993, § 29-249; Code 2004, § 106-210; Code 2015, § 28-202; Ord. No. 2009-57-80, 5-26-2009; Ord. No. 2010-82-95, § 1, 5-24-2010; Ord. No. 2011-57-84, § 1, 5-23-2011; Ord. Sec. 28-203. Large volume, high load factor, gas sales services (schedule LVS-2).

(a) *Scope.* The rates, terms and conditions in this section shall apply to customers who are provided large volume, high load factor firm, and gas sales services under schedule LVS-2.

(b) *Availability.* Service is available throughout the service territory served by the City to all gas sales nonresidential customers that take in excess of 60,000 Mcf per year of gas.

(c) *Monthly rates and charges.* The customer shall pay the rates and charges for gas under the schedule for large volume, high factor, gas sales services (LVS-2), per month, as follows:

Monthly rates and charges for large volume, high load factor, gas sales services under Schedule LVS-2:		
(1)	Customer charge, per month	$689.23
(2)	Demand charge, if applicable, per Mcf of billing demand	$14.04
(3)	Distribution charge, all gas, per Mcf	$0.67
(4)	Purchased gas cost, for high load factor gas sales service under Schedule LVS-2, per month. Purchase gas cost charge (weighted average commodity cost of gas (WACCOG)), includes all commodity charges, surcharges, tracking adjustments and other nonfixed charges of pipelines and gas supplies incurred by the City. The charge also includes gas bought by the City at a fixed cost to serve a customer or group of customers approved by the Director. Any agreement to fix such costs shall be specified in the service agreement (addendum)	

(d) *Determination of demand.* The demand may, at the option of the Director, be determined by measurement, by estimate or by agreement with the Director in accordance with the following:

(1) *By measurement.* The demand in any month shall be the highest use of gas in Mcf in any period of 24 consecutive hours as measured by the demand meter.

(2) *By estimate.* The demand in any month shall be taken as 1/20 or 1/30 of the Mcfs used in such month.

(3) *By agreement.* At a level to recover the upstream demand charges used to serve the customer. Such level shall be specified in the service agreement. Customer usage above this firm daily demand level shall be regarded as interruptible and will be subject to the terms in Section 28-199(g), which pertains to flexibly priced interruptible gas sales service.

(e) *Billing demand.* The billing demand in any month shall be the higher of:

(1) The demand as determined in such month under subsection (d) of this section; or

(2) The highest billing demand in any of the preceding months of November through April; provided, however, that for new customers or customers transferring from another rate schedule, the highest billing demand may, at the option of the Director, be estimated based on the proposed use of service under this rate schedule.

(f) *Utility tax.* All bills rendered under this schedule shall be subject to any applicable utility tax.

(g) *Service agreement.* The customer shall execute a service agreement with the City in the form attached to this rate schedule on file in City offices and in accordance with the following:

(1) Service agreements for gas service made under this schedule shall be one year and may automatically be renewed from year to year unless canceled by the customer or the Director upon 30 days' written notice to that effect. Such notice must be given before the beginning of any contract year.

(2) If a customer takes gas from the City under this rate schedule at more than one delivery point and if all such delivery points are located at one plant or facility or are located at physically contiguous plants or facilities, these delivery points will be included in one service agreement and will be treated as a single delivery point for purposes of the customer charge, the distribution charge, and meeting the minimum

take requirement to qualify for service under this rate schedule. In all other instances, each delivery point will require a separate service agreement and will be treated as a separate customer for all purposes.

(3) This service requires the installation and use of telemetering equipment at the delivery point. The City shall install, own and maintain the telemetering and other equipment necessary to transmit the telemetering information to the City. The customer shall provide a telephone line necessary for the reliable operation of the telemetering equipment and the transmission of the telemetering information. Customers who do not provide the City a phone line will be charged a monthly surcharge for alternative communications equipment. This equipment will be owned and maintained by the City.

(h) *Force majeure.* If either the City or the customer is rendered unable, either wholly or in part, to carry out its obligations under this section because of a force majeure, the obligations of the party affected by such force majeure, other than the obligation to make payments under this section, shall be suspended during the continuance of any inability so caused, but for no longer period. Such force majeure shall, insofar as possible, be remedied with all reasonable dispatch. The term "force majeure," as used in this subsection, shall include acts of God; strikes; lockouts; wars; riots; insurrections; epidemics; landslides; lightning; earthquakes; fires; storms; floods; washouts; interruptions by government or court orders; civil disturbances; explosions; breakage, freezing, or accident to lines of pipe or facilities; failure of interstate or intrastate pipeline transportation, but only if caused by an event constituting force majeure curtailment or discontinuation of such pipeline of transportation or other services; and any other cause, whether of the kind defined in this subsection or otherwise, not within the control of the party claiming suspension and which, by the exercise of reasonable foresight, such party is unable to avoid and, by the exercise of due diligence, such party is unable to overcome.

Sec. 28-204. Natural gas vehicle gas service.

(a) *Application.* This section shall apply to use of service for all natural gas vehicle refueling facilities where service is available. Such service shall be separately metered.

(b) *Monthly rate.* The monthly system charge is $1.87 per 1,000 cubic feet (Mcf).

(c) *Gas commodity charge.* Gas commodity charge per 1,000 cubic feet is as determined by the Director pursuant to this subsection, plus $0.34 for the 100 percent load factor demand charge as shown in Section 28-202 for large volume gas service. This charge is for the costs associated with purchased gas or any gas used as a substitute for or supplement to purchased gas and is subject to monthly adjustments per thousand cubic feet for increases or decreases for any such cost. The Director of Public Utilities shall calculate the cost of natural gas each month and prepare a pro forma forecast of total gas commodity cost recovery balance for the end of the current fiscal year. The Director of Public Utilities may increase or decrease the purchased gas cost rate during the subsequent month to recover the cost of purchased gas by the end of the fiscal year. The Director of Public Utilities shall promptly notify the Chief Administrative Officer of changes to purchase gas cost rates. In addition, adjustments applicable under the weather normalization clause shall be as set forth in Section 28-106.

DIVISION 1. GENERALLY

Sec. 28-232. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Capacity charge means a charge assessed a new customer, which charge allows the new customer to pay costs associated with existing water utility assets. The capacity charge is calculated using the rate base of water utility assets that provide customers with capacity service divided by the capacity of the water treatment plant.

Detector check (DC) device means an apparatus the sole purpose of which is the detection of leakage or unauthorized use of water on a private fire protection system. It is not used for billing purposes.

Main means the pipe in a street extending parallel or nearly parallel to the line of property abutting thereon through which gas or water is conveyed or distributed.

Private fire protection system means water mains, pipes, hydrants, sprinklers and other facilities on private premises within or without the corporate City limits.

Public fire protection system means water mains, pipes, hydrants and other facilities in a street used in whole or in part for the protection of premises from fire.

Service charge means the readiness to serve the customer water regardless of consumption.

Service installation charge means a charge assessed a new customer, which charge recovers the City's cost associated with a plan review, connection to the water main, installation of a water service line, water meter, inspection, restoration of street paving and sidewalk and setting up a new customer account.

Volume charge means the charge assessed a customer based on the amount of water a customer consumes.

Water service means the meter, facilities and equipment required to furnish service from the meter to the premises and the billing for services supplied through the meter, facilities and equipment to the consumer.

Water service connection means facilities and equipment in the street area between the main and the property line used to supply water to any premises.

(Code 1993, § 29-16; Code 2004, § 106-241; Code 2015, § 28-232; Ord. No. 2008-99-127, § 3, 5-27-2008)

Cross reference—Definitions generally, § 1-2.

Sec. 28-233. Sale of water.

The Director is authorized to sell and deliver water to consumers within the corporate City limits and without the corporate City limits when authorized by the City Council, at rates prescribed by the City Council therefor, and in accordance with and subject to this article and other applicable laws and ordinances and rules and regulations lawfully made and promulgated by the Director pertaining thereto.

(Code 1993, § 29-45; Code 2004, § 106-242; Code 2015, § 28-233)

Sec. 28-234. Supply generally.

Water shall be supplied to consumers in accordance with the schedules of rates contained in this article and upon the terms and conditions set forth in this article, and consumers shall be charged and shall pay for all water supplied at the rates prescribed in the schedules.

(Code 1993, § 29-211; Code 2004, § 106-243; Code 2015, § 28-234)

Sec. 28-235. Deposit and contract required.

No water shall be supplied to any consumer until the consumer shall have made the cash deposit or provided other security determined by the Director under Section 28-54, if required, and has signed a written contract with the City, when required by the Director, in which the consumer shall promise to pay for all water used, consumed or wasted on premises therein to be specified or through portable meters at the rates and upon the terms and conditions therefor prescribed by the City Council from time to time. Every consumer shall observe, comply with and be bound by all ordinances, rules, regulations, terms and conditions prescribed for and relating to the use of

water while receiving the service.

(Code 1993, § 29-215; Code 2004, § 106-244; Code 2015, § 28-235)

Sec. 28-236. Separate bill for each meter; collective reading of several meters.

The quantity of water used, consumed or wasted as measured by every water service meter shall be separately billed, and the quantities of water used, consumed or wasted as indicated by separate service meter shall be separately billed. The quantities of water used, consumed or wasted as indicated by a separate service meter shall not be combined for the purpose of applying rates applicable to the aggregate amount. However, when more than one service meter is used to supply one or more premises that are continuously adjacent to each other and owned or leased by the same person, whether or not separated by a public street, and in which water is supplied by the owner to the occupants without making a direct charge therefor or for the owner's sole use, the readings of the several service meters may be combined for the purpose of applying rates applicable thereto.

(Code 1993, § 29-213; Code 2004, § 106-245; Code 2015, § 28-236)

Sec. 28-237. Establishment of standards by Director.

The Director shall establish and record standards of pressures, quantities and quality of water to be delivered to consumers in the corporate City limits, which from time to time may be amended, modified or changed whenever the Director deems it necessary or proper to do so, pursuant to Section 28-26.

(Code 1993, § 29-216; Code 2004, § 106-246; Code 2015, § 28-237)

Sec. 28-238. Records of distribution systems, mains, facilities and equipment, and service connections.

The Director shall keep on file suitable records showing the size and location of the water distribution systems, mains, facilities and equipment, and all service connections.

(Code 1993, § 29-42; Code 2004, § 106-247; Code 2015, § 28-238)

Sec. 28-239. Construction of distribution systems.

The Director shall issue a regulation pursuant to Section 28-26 establishing how mains for the transmission and distribution of water, extensions, replacements and enlargements of the systems will be constructed and how such mains, extensions, replacements and enlargements will be paid for.

(Code 1993, § 29-43; Code 2004, § 106-248; Code 2015, § 28-239; Ord. No. 2008-99-127, § 3, 5-27-2008)

Sec. 28-240. Determination of time for construction of mains; easements, size and character of mains.

The Director shall determine when water mains shall be constructed in streets or easements and the character and size of the mains. Mains shall be installed in easements only when, in the opinion of the Director, there is no other practical method of conveying water from facilities in public streets, alleys and other public ways or places.

(Code 1993, § 29-46; Code 2004, § 106-249; Code 2015, § 28-240)

Sec. 28-241. Discontinuance of service.

The Director may at any time cut off the supply of water through mains or connections thereto within or without the corporate City limits when such action is deemed necessary.

(Code 1993, § 29-47; Code 2004, § 106-250; Code 2015, § 28-241)

Sec. 28-242. Limitation of City liability for failure of supply.

The City shall not be liable to any consumer or other person for damages which may be occasioned to such consumer or person or the property thereof because of the failure of the supply of water in reaching the premises of such consumer in whole or in part.

(Code 1993, § 29-17; Code 2004, § 106-251; Code 2015, § 28-242)

Sec. 28-243. Water use requirements differing from established standards; changing quality of water.

Should a consumer require the use of water under conditions other than those established as standards by the Director, such extra services shall be provided by the consumer at the consumer's cost and expense. However, when

the consumer desires to change the quality of water after it is delivered and, in the opinion of the Director, such water as changed may be available for human consumption, the method of the treatment of the water delivered and the treatment plant used in the process of changing its quality shall be approved by the Director before such change is commenced or continued.

(Code 1993, § 29-217; Code 2004, § 106-252; Code 2015, § 28-243)

Sec. 28-244. Quantity, pressure and quality of water delivered outside City.

The City shall not be required to deliver water to consumers beyond the corporate City limits in greater quantities, pressures or quality than as such exist in the mains supplying such consumers at the time and place of delivery, unless otherwise specifically provided in contracts between the City and the consumer.

(Code 1993, § 29-212; Code 2004, § 106-253; Code 2015, § 28-244)

Sec. 28-245. Resale of water by Henrico County.

The County of Henrico is hereby permitted to sell water purchased from the City under contracts entered into by the County and the City to privately owned water companies for resale during emergencies found to exist by and with the approval of the Mayor.

(Code 1993, § 29-18; Code 2004, § 106-254; Code 2015, § 28-245; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 28-246. Sampling incentive program.

The Director may establish a sampling incentive program to provide monetary payments to residential water customers to encourage their voluntary participation in water sampling programs undertaken by the Department. Only residential water customers shall be eligible for such payments. The payments shall not exceed $10.00 per residential water customer per month, and the total amount paid pursuant to the sampling incentive program shall not exceed $15,000.00 per fiscal year.

(Code 1993, § 29-49; Code 2004, § 106-255; Code 2015, § 28-246)

DIVISION 2. DISCOUNTED WATER AND SEWER FEES AND CHARGES FOR LOW-INCOME CUSTOMERS (METROCARE WATER ASSISTANCE PROGRAM)*

***State law reference—**Discounted water and sewer fees and charges for low-income customers authorized, Code of Virginia, § 15.2-2119.2.

Sec. 28-271. Established.

As authorized by Code of Virginia, § 15.2-2119.2, there is hereby established a MetroCare water assistance program for the purpose of providing discounted water and sewer fees and charges for low-income customers. For purposes of this division, the term "program" means the MetroCare water assistance program for which this section provides. The Director is hereby authorized to provide such discounted water and sewer fees and charges to water utility and wastewater utility customers of the City meeting the requirements of this division.

(Code 2004, § 106-260; Code 2015, § 28-271; Ord. No. 2014-152-146, § 1, 9-8-2014)

Sec. 28-272. Rules, regulations and guidelines.

Pursuant to Section 28-26, the Director shall adopt rules, regulations and guidelines to implement the program and may amend such rules, regulations and guidelines from time to time, as the Director may deem necessary.

(Code 2004, § 106-261; Code 2015, § 28-272; Ord. No. 2014-152-146, § 1, 9-8-2014)

Sec. 28-273. Program eligibility; application; manner of discounting fees.

(a) *Program eligibility.* To be eligible for discounted water utility or wastewater utility fees through the program, a person shall be a water utility or wastewater utility customer of the City, with the associated utility services bill in such customer's name, and shall have a total gross monthly household income adjusted for family size that is at or below 225 percent of the Federal Poverty Guidelines as published by the U.S. Department of Health and Human Services.

(b) *Application.* To participate in the program, a water utility or wastewater utility customer of the City shall apply to the Director on a form to be provided by the Director, with such documents in support of the application as the Director may require in accordance with applicable law, to determine such customer's eligibility for the program and to fulfill the requirements of this division. The Director shall either approve or deny each application received based on the information contained in the application and in any supporting documents. The Director shall establish within the rules, regulations and guidelines adopted in accordance with Section 28-272 the period for which approvals are effective and may establish within such rules, regulations and guidelines a minimum waiting period for resubmitting an application following any denial of an application. The Director may revoke an approved application in the event that the Director determines that the customer no longer meets the minimum eligibility requirements set forth in this section.

(c) *Manner of discounting fees.* The discounted fees provided pursuant to this division shall consist of credits applied against the approved customer's City water utility or wastewater utility service account. Such credits shall not be applied against utility account deposits or in connection with a bill dated more than one calendar year prior to the customer's application. The Director shall establish within the rules, regulations and guidelines adopted in accordance with Section 28-272 the method of calculating the amount of discount provided to an approved customer based on the level of the customer's need, and shall establish within such rules, regulations and guidelines the priority of assistance to each approved customer, based on the order in which the customer's application has been received, such that applications received first in time shall be given priority, and the customer's need, such that customers the farthest below 225 percent of the Federal Poverty Guidelines as published by the United States Department of Health and Human Services shall be given priority. The Director shall uniformly apply such calculations, which the Director may modify from time to time to maximize the funding available for the program. The amount of assistance provided pursuant to the program shall be limited to available funding.

(Code 2004, § 106-262; Code 2015, § 28-273; Ord. No. 2014-152-146, § 1, 9-8-2014)

Sec. 28-274. Third party assistance.

In accordance with applicable law, the Director may contract with one or more qualified third party organizations to assist in administering the program.

(Code 2004, § 106-263; Code 2015, § 28-274; Ord. No. 2014-152-146, § 1, 9-8-2014)

Sec. 28-275. Use of water utility and wastewater utility funds.

The program shall be implemented through use of funds derived from grants and other funding sources as permitted by law; provided, however, that funds of the City used for utility operating expenses, except for incidental expenses required to administer the program and to provide limited marketing support for the program and the City's water utility and wastewater utility, shall not be used for the program.

(Code 2004, § 106-264; Code 2015, § 28-275; Ord. No. 2014-152-146, § 1, 9-8-2014)

DIVISION 3. METROCARE WATER CONSERVATION PROGRAM*

***State law reference—**Financial assistance to customers for plumbing repairs and the replacement of water-inefficient appliances, authorized, Code of Virginia, § 15.2-2119.3.

Sec. 28-299. Established.

As authorized by Code of Virginia, § 15.2-2119.3, there is hereby established a MetroCare water conservation program for the purpose of providing financial assistance to customers for plumbing repairs and the replacement of water-inefficient appliances. For purposes of this division, the word "program" means the MetroCare water conservation program for which this section provides. The Director is hereby authorized to provide such financial assistance to water utility and wastewater utility customers of the City meeting the requirements of this division.

(Code 2004, § 106-265; Code 2015, § 28-299; Ord. No. 2014-152-146, § 1, 9-8-2014)

Sec. 28-300. Rules and regulations and guidelines.

Pursuant to Section 28-26, the Director shall adopt rules, regulations and guidelines to implement the program

and may amend such rules, regulations and guidelines from time to time, as the Director may deem necessary.

(Code 2004, § 106-266; Code 2015, § 28-300; Ord. No. 2014-152-146, § 1, 9-8-2014)

Sec. 28-301. Program eligibility; application; manner of discounting fees; conservation goals.

(a) *Program eligibility.* To be eligible for the financial assistance for which this division provides, a person shall be a water utility or wastewater utility customer of the City, with the associated utility services bill in such customer's name, and shall own and occupy the premises for which such financial assistance is requested.

(b) *Application.* To participate in the program, a water utility or wastewater utility customer of the City shall apply to the Director on a form to be provided by the Director, with such documents in support of the application as the Director may require in accordance with applicable law to determine such customer's eligibility for the program and to fulfill the requirements of this division. The Director shall either approve or deny each application received based on the information contained in the application and in any supporting documents. The Director shall establish within the rules, regulations and guidelines adopted in accordance with Section 28-300 the period for which approvals are effective and may establish within such rules, regulations and guidelines a minimum waiting period for resubmitting an application following any denial of an application. The Director may revoke an approved application in the event that the Director determines that the customer no longer meets the minimum eligibility requirements.

(c) *Form of financial assistance.* Financial assistance provided pursuant to this division shall advance the program conservation goals set by the Director and may consist of water audits, direct repair and replacement of plumbing and qualified water-using appliances, and grants intended to provide for repair and replacement of plumbing and qualified water-using appliances. The Director shall establish within the rules, regulations and guidelines adopted in accordance with Section 28-300 the method of determining the amount of financial assistance provided to an approved customer based on the level of conservation need, with consideration of whether or not the customer's utility account is in good standing. The Director shall uniformly apply such methodology, which the Director may modify from time to time to maximize the funding available for the program. The Director shall establish the priority of financial assistance provided to each customer meeting the requirements of the program in accordance with this division, based on the order in which the customer's application has been received, such that applications received first in time shall be given priority, and the conservation need, such that customers with the greatest conservation need shall be given priority. For purposes of this section, the term "conservation need" means the degree to which repair or replacement of water-inefficient appliances and plumbing is expected to ensure more:

(1) Sustainable operation of the City's water utility and wastewater utility facilities;

(2) Sustainable use of the natural resources upon which the utilities rely; and

(3) Affordable utility costs for customers.

The amount of financial assistance provided pursuant to the program shall be limited to available funding.

(d) *Conservation goals.* The Director shall establish within the rules, regulations and guidelines adopted in accordance with Section 28-300 the program's conservation goals and measure the progress of such goals.

(Code 2004, § 106-267; Code 2015, § 28-301; Ord. No. 2014-152-146, § 1, 9-8-2014)

Sec. 28-302. Third party assistance.

In accordance with applicable law, the Director may contract with one or more qualified third party organizations to assist in administering the program.

(Code 2004, § 106-268; Code 2015, § 28-302; Ord. No. 2014-152-146, § 1, 9-8-2014)

Sec. 28-303. Use of water utility and wastewater utility funds.

The program shall be implemented through use of funds derived from grants and other funding sources as permitted by law; provided, however, that funds of the City used for utility operating expenses, except for incidental expenses required to administer the program and to provide limited marketing support for the program and the City's water utility and wastewater utility, shall not be used for the program.

(Code 2004, § 106-269; Code 2015, § 28-303; Ord. No. 2014-152-146, § 1, 9-8-2014)

Secs. 28-304—28-324. Reserved.

DIVISION 4. WATER RATES AND OTHER REGULATIONS RELATING THERETO*

***State law reference—**Fees and charges for water and sewer services authorized, Code of Virginia, § 15.2-2119.

Sec. 28-325. Water service account establishment charges.

When application for establishment of a water service account is made for an existing or for a new structure, the owner, occupant or consumer, in order to defray the cost incurred in the establishment of such service, shall be charged and shall pay to the Director a service establishment charge of $35.00 for water service. The charge shall be made and shall be paid each time such owner, occupant or consumer may have water service established at a location, unless the charge is waived by the Director under guidelines promulgated by the Director as authorized in Section 28-26. If the customer requests same-day service to connect or reconnect water service at a location, the customer shall pay to the Director a fee of $35.00, in addition to any other charges assessed pursuant to this section or otherwise by this chapter.

(Code 1993, § 29-69; Code 2004, § 106-281; Code 2015, § 28-325)

Sec. 28-326. Residential water service.

(a) *Application.* This section shall apply to the use of service for residential purposes in individual residences, owner-occupied duplexes or nonprofit facilities that provide transitional housing for residential use on a regular basis by homeless persons where service is available.

(b) *Minimum charge for water.* The monthly minimum charge is the service charge.

(c) *Service charges (readiness to serve).* Monthly water service charges shall be as set forth in this subsection. Each residential water service customer shall pay the service charge determined by meter size, unless the customer is eligible to receive a discount to the service charge for installing fire suppression equipment. The service charges set forth in this subsection shall be paid in addition to the charges for the quantity of water which passes through the meters. The Director shall, pursuant to Section 28-26, issue rules and regulations to establish the parameters for such a discount.

Meter Size (inches)	
5/8	$15.14
3/4	$21.51
1	$34.23
1 1/2	$66.02
2	$104.18
3	$205.93
4	$320.40
6	$638.38
8	$1,019.96
10	$1,465.13

(d) *Volume charge.* Monthly charges for the quantity of water which passes through the meters shall be as follows:

Quantity (ccf):	*Charge Per 100 Cubic Feet (ccf)*
Single-Family Residential Tier 1 0—4	$2.68

Single-Family Residential Tier 2 more than 4	$5.31
Multifamily Residential	$4.48

(e) *Term of contracts.* Contracts for water service for customers within the corporate City limits under this schedule shall be cancelable at any time, provided that such a consumer cannot resume service within one month at the same location without paying the prescribed service charges and charges for water supplied during the intervening period in accordance with this schedule. Contracts for water service for customers not within the corporate City limits shall be cancelable as discussed hereinafter in this chapter.

(f) *Special provisions (cost of water adjustment).*

(1) *Cost adjustment clause.* The charge specified in the monthly volume charge may be subject to an adjustment per 100 ccf for increases or decreases in the costs associated with the cost of electric energy, water treatment chemicals and purchased water.

(2) *Residential water service charges for meters having a capacity greater than five-eighths inch; special provision.* The monthly service charge for each residential water customer, with service established on or before the adoption of the ordinance from which this subsection is derived and having a water meter capacity greater than five-eighths inch, shall be equal to the monthly service charge for a five-eighths inch meter size as set forth in this section. The monthly service charge for each residential water customer, with service established after the adoption of the ordinance from which this subsection is derived and having a water meter capacity greater than five-eighths inch, shall be based upon the meter capacity as set forth in this section.

DIVISION 5. WATER SERVICE OUTSIDE CITY

Sec. 28-349. Statement of policy.

(a) The City will grant the right to use water from its distribution system originating on property divided by the corporate limits or situated wholly beyond the corporate limits but adjacent thereto, to which it is practical to extend such service to the following, which shall be referred to in this division as "grantee":

(1) A locality.

(2) An owner or lessee of property to which the services or either of them can be practically extended.

(b) Consideration should be given to the grantee only if there is an active approved cross connection program to protect the City water supply.

(Code 1993, § 29-126; Code 2004, § 106-306; Code 2015, § 28-349)

Sec. 28-350. Determination of practicality of extension of services.

The Chief Administrative Officer shall determine whether it is practical to extend the services referred to in this division.

(Code 1993, § 29-127; Code 2004, § 106-307; Code 2015, § 28-350; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 28-351. Granting of rights.

The rights to water service outside the City shall be granted under the following described contracts:

(1) Individual contract, which shall be a contract between the City and owner or lessee for services to premises located in the locality.

(2) Locality contract, which shall be a contract between the City and another locality or authority created for and operating in conjunction with a locality in supplying such services.

(Code 1993, § 29-128; Code 2004, § 106-308; Code 2015, § 28-351)

Sec. 28-352. Uniformity of contracts; general terms and provisions.

Every contract referred to in Section 28-351 shall be uniform as to each class of user of water service and shall contain the terms, conditions and provisions applicable thereto set out in this division.

(Code 1993, § 29-129; Code 2004, § 106-309; Code 2015, § 28-352)

Sec. 28-353. Authority to negotiate locality contracts.

The Chief Administrative Officer is authorized to enter into new or to renegotiate existing contracts regulated by this division for and on behalf of the City or may delegate the authority to do so to the head of the appropriate department.

(Code 1993, § 29-130; Code 2004, § 106-310; Code 2015, § 28-353; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 28-354. Terms, conditions and provisions of contracts.

Individual contracts entered into pursuant to this division shall contain the following terms, conditions and provisions:

(1) The grantee shall have an approved cross connection program.

(2) Water service shall be supplied to existing areas and new subdivisions when all prevailing subdivision laws have been complied with, at rates fixed by the City Council, which may be changed or modified at any time and from time to time by the City Council.

(3) a. If a demand or special charge other than the charges set forth in subsection (3)b of this section is prescribed by the Council for services supplied within the City, a charge is to be prescribed by the City Council for similar services supplied under the contracts, which may be changed or modified at any time or from time to time by the City Council.

b. Service charges shall be made for all private fire protection connections in the locality in accordance with the applicable rate schedule.

(4) The grantee of such rights shall be responsible for the payment of all charges made for such services. Upon the failure, refusal or neglect of the grantee to pay such charges, the services shall be cut off after giving the grantee the same written notice to that effect as is given consumers in the City before such services are cut off.

(5) The grantee shall agree to indemnify, keep and hold the City free and harmless from liability on account of injury or damages to the grantee or to any other person or property directly or indirectly resulting from the failure of the City to supply such services in whole or in part. If suit shall be brought against the City, either independently or jointly with the grantee on account thereof, the grantee will defend the City in any such suit at the cost of the grantee. If a final judgment is obtained against the City, either independently or jointly with the grantee, the grantee will pay such judgment with all costs and hold the City harmless therefrom.

(6) The location, character and size of the extensions and the plans and specifications for such connections and extensions and the materials used in the installation, replacement, maintenance and repair of the extensions and connections shall be as specified by the Chief Administrative Officer whose approval must be obtained, or the Chief Administrative Officer may delegate authority to the appropriate department head, and the connections and extensions shall be installed at such points as shall be approved

by the department head.

(7) The City shall have the right to make or permit additional extensions of and connections to all extensions after their construction.

(8) The quality and pressure of water delivered shall be that in the main from which the water is supplied at the point and time of delivery.

(9) Water shall not be delivered to any one connection at a rate in excess of 100 gallons per minute without the written approval of the Chief Administrative Officer.

(10) All individual contracts for water service shall provide that neither the grantee nor those claiming under the grantee shall resell water supplied by the City.

(Code 1993, §§ 29-141, 29-142, 29-151; Code 2004, § 106-311; Code 2015, § 28-354; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 28-355. Resident and nonresident users.

When a service connection for water service is made to a lot divided by the corporation line of the City, such lot shall be deemed to be within the corporate City limits if the portion of real estate taxes on land and improvements or improvements that may be placed thereon paid to the City is equal to or greater than the portion of real estate taxes on land and improvements or improvements that may be placed thereon paid to the locality, and all laws, ordinances, resolutions, rules and regulations governing water service in the City shall apply thereto. When a service connection for water service is made to any other lot divided by the corporation line of the City, such lot shall be deemed to be without the corporate City limits, and all laws, ordinances, resolutions, rules and regulations governing water service without the City shall apply thereto.

(Code 1993, § 29-152; Code 2004, § 106-312; Code 2015, § 28-355)

Sec. 28-356. Suspension of service and termination of contracts.

(a) Individual water service may be suspended by the Chief Administrative Officer at any time whenever:

(1) The use of water is excessive or interferes with or impairs the maintenance or operation of the City's production and distribution system;

(2) A possible contamination to the potable drinking water system could exist;

(3) The grantee fails, refuses or neglects to observe and comply with the terms and conditions of the contract or all laws, ordinances, resolutions, rules and regulations governing water service;

(4) Water is or may be required for the use of consumers in the City; or

(5) The locality undertakes to supply such services.

(b) Individual water service may be suspended by the Chief Administrative Officer at any time without notice whenever an emergency exists.

(c) Individual water service contracts may be terminated by either party thereto upon giving written notice to that effect to the other party 12 months prior to the date of termination. The notice on the part of the City shall be given by the Chief Administrative Officer whenever, in the Chief Administrative Officer's judgment or that of the Mayor or the Council, such contracts should be terminated.

(Code 1993, § 29-154; Code 2004, § 106-313; Code 2015, § 28-356; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 28-357. Assignment of individual contracts.

The grantee under an individual contract pursuant to this division may assign such contracts and rights, benefits, privileges, duties and obligations inured, received, imposed and assumed thereby to the tenants of the property receiving water service or to another owner thereof, except the right to reimbursement by the City shall not be assigned.

(Code 1993, § 29-155; Code 2004, § 106-314; Code 2015, § 28-357)

Secs. 28-358—28-387. Reserved.

DIVISION 6. WATER SERVICE CONNECTIONS, PIPES AND METERS

Sec. 28-388. Duties of owners and tenants.

Owners and tenants of premises with occupied buildings thereon shall comply with the following applicable requirements:

(1) The owner of a premises with a newly constructed or an existing building thereon shall apply to the Department of Public Utilities for a water service connection prior to occupancy of the building, provided that an individual water supply approved by the District Health Director may be used if the Department of Public Utilities cannot provide water service.

(2) Unless otherwise authorized in accordance with rules and regulations made pursuant to Section 28-26, the occupants of all buildings to which a City water connection has been made shall use City water to flush all toilets and to carry all wastewater and sewage into the City sewer system or individual sewage disposal system. Any rules and regulations proposed by the Director pursuant to this subsection shall take into account, inter alia, consultations with the City's Bureau of Permits and Inspections, the Virginia Department of Health, the Virginia Department of Environmental Quality, and other appropriate regulatory agencies of the Commonwealth.

(3) An application to the Department of Public Utilities to provide water service may be made by the owner or tenant of the premises, except that an application to provide water service on one meter to two or more dwelling units may be made only by the owner or agent. The owner or agent shall be required to furnish City water to tenants when one water meter serves two or more dwelling units.

(4) If water service to an occupied building is terminated by the Department of Public Utilities as a result of a delinquent water or sewer bill, a notice may be served by the District Health Department upon the person in whose name the bill is listed requiring that satisfactory arrangements be made with the Department of Public Utilities for payment of the delinquent bill and restoration of water service. Service of the notice shall be made by mailing the notice to the last known post office address of the person in whose name the bill is listed, by serving the notice in person on the person in whose name the bill is listed, or by serving the notice upon a responsible person above the age of 16 years who is an occupant of the building in which the person in whose name the bill is listed lives or works. If compliance with the notice does not occur within the prescribed time or acceptable arrangements for compliance are not made with the District Health Department, the person in whose name the bill is listed may be summoned to court.

(5) Notwithstanding the requirements of subsections (1) and (2) of this section, owners of premises in which another water supply system, approved by the Director of Public Health, was installed and used prior to January 1, 1970, shall not be required to connect to the City water system as long as the quality of the water is not detrimental to public health and safety.

(6) The owner of a premises in the City may drill a well and use the water for drinking purposes only, provided the well and the water are approved by the District Health Director. There shall be no interconnections between the well and the City water supply. Dug wells shall not be permitted in the City.

(Code 1993, § 29-58; Code 2004, § 106-336; Code 2015, § 28-388; Ord. No. 2015-203-193, § 1, 9-28-2015)

Sec. 28-389. Owner's responsibility for damage; disconnection for nonpayment.

Owners and occupants of premises connected directly or indirectly with the water system shall be responsible for all damages to service connections, meters and equipment occasioned thereto by the negligence of such owners and occupants and their agents, servants and employees. The Director shall investigate and determine the responsibility for damages to such connections, meters and equipment; shall make or cause to be made necessary renewals or repairs thereto; and shall collect the cost of them from owners or occupants responsible therefor. If such cost and expense are not paid within 30 days after presentation of a bill therefor, the Director shall cause the supply of water to be stopped, and the service stopped shall not thereafter be furnished to such premises for such owner or occupant until such cost and expense shall have been paid.

(Code 1993, § 29-60; Code 2004, § 106-337; Code 2015, § 28-389)

Sec. 28-390. Application for service connection.

Application for water service connections shall be made to the Director on forms provided by owners of premises to be served or by the occupants thereof through licensed plumbers, unless otherwise authorized in Chapter 5 pertaining to buildings and building regulations, and no water service shall be connected until the Director shall approve such application.

(Code 1993, § 29-67; Code 2004, § 106-338; Code 2015, § 28-390)

Sec. 28-391. Disconnection of meter without permission.

No water meter shall be disconnected from a service connection, moved or disturbed in any manner by any person nor shall any service connection be changed or altered in any manner without the written permission of the Director.

(Code 1993, § 29-68; Code 2004, § 106-339; Code 2015, § 28-391)

Sec. 28-392. Stopcocks and valves.

Stopcocks or valves shall be provided near the entrance of water service pipes into premises served by means of which all water may be shut off therefrom, which shall be easily and readily accessible at all times and shall be adequately protected from injury and freezing. All water fixtures, equipment and appliances shall be provided with separate valves or stopcocks, except that groups of fixtures in single rooms not separated by partitions may be controlled by single valves.

(Code 1993, § 29-29; Code 2004, § 106-340; Code 2015, § 28-392)

Sec. 28-393. Cutoff valve and valve box.

As a part of each water service connection, there shall be a cutoff valve at the main. For a service connection nominally three inches in diameter or larger, there shall be provided a suitable valve box for access to the cutoff valve without excavation.

(Code 1993, § 29-57; Code 2004, § 106-341; Code 2015, § 28-393)

Sec. 28-394. Costs of original connections and maintenance.

(a) In making installations of water service connections in the City, the Director shall furnish all necessary materials and shall have the service installed, the cost of which shall be paid as follows:

(1) The owner or occupant of the premises to be served shall be responsible to pay the connection charge set forth below based upon water meter size. The Director shall issue regulations pursuant to Section 28-26 to establish how the connection charges will be set for the owner or occupant of a premises to be served by multiple water meters with a shared water service connection. The Director may receive installment payment for the connection charge as outlined in the rules and regulations adopted pursuant to Section 28-26.

Connection Charges (Water)			
Meter Size (inches)	*Service Installation Charge*	*Capacity Charge*	*Total Connection Charge*
5/8	$5,000.00	$650.00	$5,650.00
3/4	$5,050.00	$950.00	$6,000.00
1	$5,200.00	$1,600.00	$6,800.00

6	$22,800.00	$31,200.00	$54,000.00
8	$27,700.00	$49,950.00	$77,650.00

(2) The entire cost of maintaining existing water service connections and meters, except as otherwise provided in Section 28-389, shall be paid by the City. However, whenever an existing water service connection is replaced at the request of the owner with one of greater capacity, the Director may require the owner or occupant to pay the full connection charge based upon the size of the new meter size. Whenever an existing water service connection is replaced at the request of the owner with one of lesser capacity, the owner or occupant shall receive no refund for any connection charges originally paid. The customer shall pay for the cost of meters as required in Section 28-400.

(b) The Director may allow, at the Director's discretion and on a case-by-case basis, an owner or occupant to construct the water service connection. The City will remain responsible, however, for providing water meters, inspection services and making the final connection to the water main. In such case, the owner or occupant will be responsible for paying any costs incurred by the City, including, but not limited to, the costs of inspection, the cost associated with labor and materials for providing a tap, or connection, to the existing main, water meters and the capacity charge listed in this section.

(c) In making installations of fireline service connections in the City, the Director shall furnish all necessary materials and shall have the service installed. The owner or occupant of the premises to be served shall be responsible to pay the connection charge set forth below based upon the meter size.

Sec. 28-395. Calculation of installation cost of connections; fees.

Upon receipt of an application for a water service connection made in the manner specified in Section 28-390 and for which the owner or occupant of premises to be served is required to pay pursuant to Section 28-394 or otherwise, the Director shall impose the fee for installing the connection pursuant to the table below. The charges set forth in the table below shall be set by the Council and derived from the Department's cost of service and rate study. The Director shall determine fees with each new cost of service and rate study performed. The Director shall have the authority to adjust connection fees between cost of service studies to reflect increases in the cost during the interim period.

Sec. 28-396. Connections outside City.

(a) When water is permitted to be used on property beyond the corporate City limits, the owner or occupant of the premises served shall furnish the City with the necessary authority from the locality to do or have any work required to be done by the City done prior to the installation and shall pay all of the cost and expense incurred by the City in extending service. Applications for such water service shall be made in accordance with Section 28-390.

(b) The owner or occupant shall obtain all permits for the installation of the service and meters, and the City shall furnish and install all of the service, including the meter from the main to the property line, at the expense of the applicant who shall excavate the trench, backfill, repave and maintain the surface as required by the locality and relieve the City of any liability therefor during and after its construction.

(c) Fees for connections outside the City shall be paid to the City as follows:

(Code 1993, § 29-64; Code 2004, § 106-345; Code 2015, § 28-396; Ord. No. 2008-99-127, § 6, 5-27-2008; Ord. No. 2008-99-127, § 3, 5-27-2008; Ord. No. 2011-59-85, § 1, 5-23-2011)

Sec. 28-397. Size, character and arrangement of connections.

The Director shall determine the size, character and the arrangement of all water service connections installed within or without the City.

(Code 1993, § 29-65; Code 2004, § 106-346; Code 2015, § 28-397)

Sec. 28-398. Prevention of cross connection or backflow.

(a) The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Backflow means the flow of water or other liquids, materials or substances into the pipes or into other facilities of the City's water distribution system from any source other than the City's normal sources of water, meeting standards for use and consumption of water, or from any alternate source of water meeting such standards which might be utilized by the City for the purpose of supplying water to the customers served by the water distribution system of the City.

Cross connection means any connection or structural arrangement, direct or indirect, to the City's water distribution system whereby a backflow can occur.

(b) To protect and ensure that the water distribution system of the City is pure and safe for public consumption as mandated by applicable State law and regulations, if any service connection for the supply of water to property from the water distribution system of the City may cause or result in a cross connection to the City's water distribution system, the Director is authorized to require the abatement or control of such cross connection or possible cross connection in accordance with regulations to be promulgated by the Director authorized in this section.

(c) The Director shall promulgate rules and regulations pursuant to Section 28-26 in order to prevent and control cross connection and backflow. Such rules and regulations shall be consistent with applicable State law and regulations and may provide for the termination of water service where necessary to protect the health of the citizens or where an owner or occupant of premises refuses to comply with the regulations.

(Code 1993, § 29-66; Code 2004, § 106-347; Code 2015, § 28-398)

Sec. 28-399. Depth and materials for water pipes.

All water service pipes installed underground shall be laid not less than two feet below the surface. All water service pipes located between the property line and the cutoff valve at the building shall be of materials that conform with Chapter 5.

(Code 1993, § 29-72; Code 2004, § 106-348; Code 2015, § 28-399)

Sec. 28-400. Cost, title and maintenance of meters.

Service meters used for an original or enlargement of a water service connection shall be paid for by the owner or occupant of the premises served. Title to all service meters installed shall remain or vest in the City. Credit for existing meters shall be given in accordance with Section 28-402. The City shall maintain, repair or replace existing service meters at its cost and expense, except as otherwise provided in Section 28-389.

(Code 1993, § 29-73; Code 2004, § 106-349; Code 2015, § 28-400)

Sec. 28-401. Meters required for each service.

For each separate water service connection, the City shall furnish, install at the expense of the owner and maintain at the expense of the City a service meter to measure the quantity of water used, consumed or wasted on the premises served. However, water connections used exclusively for private fire protection shall be installed in accordance with Section 28-457.

(Code 1993, § 29-74; Code 2004, § 106-350; Code 2015, § 28-401)

Sec. 28-402. Credit for existing meter or substitution.

Credit for existing service meters allowed the applicant shall be under the following conditions:

(1) When a service smaller than three-quarter-inch nominal diameter is replaced with one of three-quarter-inch nominal diameter in the same location, the City shall bear the entire cost.

(2) When a service is replaced in a new location with a larger pipe but using the same size meter or when a service of three-quarter-inch nominal diameter or larger is replaced in the same location with a larger pipe but using the same size meter, the customer shall pay the prevailing standard charge for a water

service connection, less the current cost of a new meter of the same size.

(3) When a meter is enlarged in the same location without change of pipe size, the customer shall pay the City the difference in the current cost of the two meters and all labor and construction costs necessary to permit the use of the larger size meter.

(4) When a meter is enlarged in a new location without change of pipe size or when both the meter and pipe size are enlarged either in the same or a new location, the customer shall pay the prevailing standard charge for a water service connection, less the current cost of a new meter of the original size.

(5) When a meter is replaced with one of less cost to the City, no refund shall be made.

(6) If a new service replaces two or more old services, credit shall be allowed for one of the old meters, but the credit for the old meter shall not exceed the cost of the new meter.

(Code 1993, § 29-75; Code 2004, § 106-351; Code 2015, § 28-402)

Sec. 28-403. Meter boxes required; cost of constructing and maintaining boxes.

All water meters installed outside of buildings, whether on private or public property, shall be installed in boxes or vaults of such size and materials as the Director shall prescribe, and the cost of constructing or installing such boxes or vaults shall be paid by the owner or occupant of the premises served. If such boxes or vaults are located on private property, the cost of their maintenance shall be at the expense of the owner or occupant of the premises served.

(Code 1993, § 29-76; Code 2004, § 106-352; Code 2015, § 28-403)

Sec. 28-404. Inside meter location.

On premises where no place for any outside water meter is available, the owner or occupant of such premises shall provide, without cost to the City, a place within the building for the water service meter or detecting device, which shall be contiguous or adjacent to the entrance of the service connection upon the premises and shall be satisfactory to and approved by the Director. The owner or occupant must allow the City access to the meter for the purpose of reading or maintaining it.

(Code 1993, § 29-77; Code 2004, § 106-353; Code 2015, § 28-404)

Sec. 28-405. Meter relocation.

Upon the written request of the owner or occupant to move a water service meter or detecting device from one place to another or should a change in the use of a premises or structural alteration therein render a place in which such meter or device is installed to be unsatisfactory to the Director, the water service meter or detecting device shall be moved to another place that is satisfactory to the Director. The entire cost of providing such other place and the moving and installation of the meter or device therein and the changes in pipes occasioned thereby shall be paid by the owner or occupant of the premises served.

(Code 1993, § 29-78; Code 2004, § 106-354; Code 2015, § 28-405)

Sec. 28-406. Termination of meter connection pipes.

All pipes for the connection of all water meters or detecting devices shall be terminated at the place approved therefor by the Director in a manner satisfactory to the Director.

(Code 1993, § 29-79; Code 2004, § 106-355; Code 2015, § 28-406)

Secs. 28-407—28-425. Reserved.

DIVISION 7. PORTABLE WATER METERS

Sec. 28-426. Conditions when permitted.

When, in the opinion of the Director, it is impracticable to use water from the distribution system through meters in fixed locations, the Director may permit the use of water from the system through portable meters upon the terms and conditions contained in this division, which shall be in addition to those imposed elsewhere in this article or in any other ordinance adopted by the Council or otherwise imposed by law.

(Code 1993, § 29-91; Code 2004, § 106-381; Code 2015, § 28-426)

Sec. 28-427. Furnished by Department; backflow device required.

(a) No portable water meters shall be used except those furnished by the Department.

(b) No portable meter shall be used without an approved, attached backflow device.

(Code 1993, § 29-92; Code 2004, § 106-382; Code 2015, § 28-427)

Sec. 28-428. Furnished only to user.

No portable water meter shall be furnished to any person unless such person is the actual user of the water to be supplied through such meter.

(Code 1993, § 29-93; Code 2004, § 106-383; Code 2015, § 28-428)

Sec. 28-429. Location restricted.

Portable water meters shall be used only within the City and in such territory adjacent thereto in which water used is supplied by the City and is not paid for by the adjoining locality under a contract with the City.

(Code 1993, § 29-94; Code 2004, § 106-384; Code 2015, § 28-429)

Sec. 28-430. Water charges.

Every consumer of water through a portable meter shall pay for all water used or wasted at the rates established under the existing commercial water service rate established in Section 28-327(d) adopted by the Council or which may be fixed by the Council.

(Code 1993, § 29-95; Code 2004, § 106-385; Code 2015, § 28-430)

Sec. 28-431. Payment of damages.

Every water consumer shall pay promptly to the City upon bills rendered therefor all costs incurred in repairing any damage to a portable water meter while in the consumer's possession and all costs incurred in repairing any damage to any fire hydrants, pipe or other property of the City caused by the use of such portable meter by the consumer or agents or employees of the consumer.

(Code 1993, § 29-96; Code 2004, § 106-386; Code 2015, § 28-431)

Sec. 28-432. Monthly return; conditions for extension of time.

All portable water meters in possession of consumers shall be returned to the Department at the end of each month at a place designated by the Director on the days and within the hours such place is open for business. Should continued use of a portable meter be desired, a meter may be furnished to such consumer on condition that such consumer is not delinquent in the payment of any charges for water used or wasted or in the payment of any damages to any portable meter theretofore furnished or to any fire hydrants, pipe or other property of the City and upon payment of the charge prescribed therefor.

(Code 1993, § 29-97; Code 2004, § 106-387; Code 2015, § 28-432)

Sec. 28-433. Charge for late return.

Should a consumer fail or refuse to return a portable water meter furnished to such consumer within two working days after the first day of each month, such consumer shall pay to the City a fee of $20.00 for each day or fraction thereof in excess of two working days such meter is not in the possession of the Department at the place designated by the Director for the return thereof.

(Code 1993, § 29-98; Code 2004, § 106-388; Code 2015, § 28-433)

Sec. 28-434. Painting for identification.

All portable water meters furnished by the City under this division shall be distinctly painted such color and design as shall be approved by the Director so that they may be readily identified as authorized for portable use only.

(Code 1993, § 29-99; Code 2004, § 106-389; Code 2015, § 28-434)

Sec. 28-435. Refund for inaccuracies; exchange of damaged meter.

The sections of this article relating to refunds for excess water passing through faulty registering meters shall not apply to water used or water wasted through portable meters. Consumers who use portable meters shall assume the risk of the working condition and accuracy or inaccuracy of portable meters furnished to them. Should a portable meter become damaged or fail to register while in the possession of a consumer, its use thereafter shall be unauthorized and unlawful, and it shall be the duty of such consumer to promptly return such a meter to the Department for exchange, without cost, except for repairs to the meter.

(Code 1993, § 29-100; Code 2004, § 106-390; Code 2015, § 28-435)

Secs. 28-436—28-453. Reserved.

DIVISION 8. PRIVATE FIRE PROTECTION SYSTEMS

Sec. 28-454. Permitted under certain conditions.

The supply of water to a private fire protection system shall be permitted only in such locations and through service connections of sufficiently limited size that, in the opinion of the Director, the maximum demand created by a private fire protection system shall not seriously reduce the normal pressures or quantity of water available for the public fire protection system in the vicinity. The Director may have installed new or enlarged mains in the public fire protection system that are necessary to properly supply the increased demand created by a private fire protection system, the cost of which shall be paid as specified in Sections 28-455 and 28-456.

(Code 1993, § 29-111; Code 2004, § 106-411; Code 2015, § 28-454)

Sec. 28-455. Payment of costs when equal to similar districts in the City.

If, in the opinion of the Director, the existing water system provides public fire protection in the vicinity of premises proposed to be served with water for private fire protection that is the equal of or better than the average of similar districts of the City, the entire cost of such new or enlarged mains in the public fire protection system shall be paid for by the owner of property proposed to be served or the occupant thereof.

(Code 1993, § 29-112; Code 2004, § 106-412; Code 2015, § 28-455)

Sec. 28-456. Payment of costs when less than in similar districts in City.

If, in the opinion of the Director, the existing water system provides public fire protection in the vicinity of premises proposed to be served with water for private fire protection that is less than the average of similar districts of the City, the Director may increase the public fire protection system, to the average of that in similar districts of the City, if funds for such purposes are available, at the City's expense, provided that the owner of property proposed to be served or the occupant thereof shall pay any increase in costs of such enlargement or new mains determined by the Director to be made necessary to properly provide for the added maximum demand that may be created by the private fire protection system.

(Code 1993, § 29-113; Code 2004, § 106-413; Code 2015, § 28-456)

Sec. 28-457. Service connections.

Service connections used exclusively for private fire protection within or without the City shall be equipped with devices approved by the Director located in the service lines, which will indicate the use of any water passing through such service lines. These devices shall be furnished and installed by the City at the cost and expense of the owner or occupants of premises served.

(Code 1993, § 29-114; Code 2004, § 106-414; Code 2015, § 28-457)

Sec. 28-458. Charges for water for fire protection.

No charge shall be made for water used for testing private fire protection systems or equipment or for the extinguishment of fire when services are installed with detecting devices in accordance with Section 28-457. The owners or occupants of such property shall pay for fire protection service at the rates prescribed in this section. Should water in such systems be wasted or used for any purpose other than for testing such systems or equipment or for the extinguishment of fire, the Director may immediately require the private fire protection system to be

metered at the entire cost and expense of the owners or occupants of premises served, and after the meters have been installed the owners or occupants of premises served shall pay for all water used on such premises at the appropriate class rate, including water used for testing such systems or equipment and for the extinguishment of fire. In addition, any property with direct fireline service that remains in service after the water meter for such property is removed shall be responsible to pay a minimum monthly service charge as follows:

Meter Size (inches)	
5/8	$7.84
3/4	$7.84
1	$7.84
1 1/2	$7.84
2	$12.52
3	$25.05
4	$39.13
6	$78.25
8	$125.21
10	$179.97
12	$338.05

DIVISION 9. POLLUTION OF WATER SUPPLY

Sec. 28-485. Enforcement; authority of Board of Health.

The enforcement of this division, so far as designed and intended to prevent the pollution of the City water supply, shall be entrusted to the District Health Director, under rules and regulations to be adopted by the Board of Health, and the Board is hereby authorized and directed to adopt such further rules and regulations as may be necessary to carry out the powers conferred on it in this division, not, however, in violation of the Charter, this Code or other City ordinances.

(Code 1993, § 29-266; Code 2004, § 106-441; Code 2015, § 28-485)

Cross reference--Functions, powers and duties of District Health Department and District Health Director, § 15-1.

Sec. 28-486. Discharge of offensive matters in certain streams and canals.

It shall be unlawful for any person to throw or discharge any filth, offensive or deleterious matter or liquid into the water of the James River or any branch or stream flowing into it or in any canal from which the water supply of the City is or may be obtained.

(Code 1993, § 29-256; Code 2004, § 106-442; Code 2015, § 28-486)

Sec. 28-487. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Feeder means a designation of the canal which takes water from the James River at Bosher's Dam and conveys

the water to the water purification plant, together with any and all settling basins, storage basins, flumes, reservoirs, basins or tanks used in connection with the water supply of the City.

(Code 1993, § 29-257; Code 2004, § 106-443; Code 2015, § 28-487)

Cross reference—Definitions generally, § 1-2.

Sec. 28-488. Privies.

It shall be the duty of all owners of houses within the watershed of the feeder which supplies water to the water treatment plant or on the watershed of any stream tributary thereto (that is to say, within the watershed drained by the feeder, Tuckahoe Creek, Upper Westham Creek, Lower Westham Creek, and other streams tributary to such creeks and other creeks flowing into the feeder), when the houses are not supplied with such sewage disposal facilities that will not pollute such water supply, to provide such houses with privies. No such facility shall be located within less than 200 feet of the feeder; within less than 200 feet of any of the streams tributary thereto; nor within less than 50 feet of any ravine, gully or ditch which carries or is likely to carry water into the feeder or into the streams after heavy rains. It shall be the duty of the tenant or occupant of any such house to have all deposits in the privies removed at least once a month by the contractor for the removal of night soil, if there is such contractor; if there is no such contractor, such deposits shall be removed by the tenant or occupant at least once a month and buried not less than two feet under the surface of the ground and at a point not less than 100 feet from the feeder or from any of the streams tributary thereto. The tenant or occupant of such house shall keep the privy clean at all times.

(Code 1993, § 29-258; Code 2004, § 106-444; Code 2015, § 28-488)

Sec. 28-489. Trespass in feeder and tributaries.

It shall be unlawful for any person to trespass in the feeder at any point between Bosher's Dam and the water treatment plant or in any stream that flows into the feeder between such points.

(Code 1993, § 29-260; Code 2004, § 106-445; Code 2015, § 28-489)

Sec. 28-490. Septic tank systems.

It shall be the duty of the owner of any house on the watershed of the feeder or of any of the streams tributary thereto, when the house is provided with a domestic water service, to install and maintain some approved system for the disposal of all sewage from such house, preferably the system known as the septic tank system, followed by subsoil distribution of the septic tank effluent.

(Code 1993, § 29-263; Code 2004, § 106-446; Code 2015, § 28-490)

Sec. 28-491. Discharge of chemical, biological and radiological material on ground surface.

It shall be unlawful to discharge or cause or permit to be discharged, onto the surface of the ground on the watershed, any chemical, biological or radiological material within 200 feet from the feeder or from any stream tributary thereto.

(Code 1993, § 29-264; Code 2004, § 106-447; Code 2015, § 28-491)

Secs. 28-492—28-520. Reserved.

DIVISION 10. FLUORIDE TREATMENT OF WATER

Sec. 28-521. Records.

The Department of Public Utilities shall keep daily records as required by the State Department of Health showing the number of gallons of water treated and the fluoride ion concentration in the water after treatment.

(Code 1993, § 29-276; Code 2004, § 106-471; Code 2015, § 28-521)

Sec. 28-522. State standards and rules.

The Department of Public Utilities will follow State Department of Health standards and rules related to the addition of fluoride in the City's drinking water supply.

(Code 1993, § 29-277; Code 2004, § 106-472; Code 2015, § 28-522)

Sec. 28-523. General supervision.

The District Health Department shall have general supervision of the treatment of the water supply with fluoride, and the Department of Public Utilities shall furnish to the District Health Department copies of the records required to be kept by Section 28-521 when requested by that department.

(Code 1993, § 29-278; Code 2004, § 106-473; Code 2015, § 28-523)

Sec. 28-524. Surveys and research.

The Department of Public Utilities shall conduct such surveys and research as necessary to determine effects of treating water with fluoride and shall solicit the assistance of educational and scientific institutions in conducting such surveys and research where needed.

(Code 1993, § 29-279; Code 2004, § 106-474; Code 2015, § 28-523)

Secs. 28-525—28-541. Reserved.

DIVISION 11. WATER CONSERVATION

Sec. 28-542. Purpose; enforcement; exemptions.

(a) *Purpose.* The purpose of this division is to establish water conservation reduction measures to be imposed when the State water protection permit issued to the City by the State Department of Environmental Quality for water withdrawn from the James River requires water conservation measures to be in effect for public water supply use or when the Governor of the Commonwealth or other State or Federal authority, pursuant to applicable law, declares an emergency, impose mandatory water conservation measures, and authorize the City to enforce such measures.

(b) *State or Federal measures.* Should the Governor or other State or Federal authority, pursuant to applicable law, declare an emergency, impose mandatory water conservation measures, and authorize the City to enforce such measures, the City shall enforce those measures pursuant to this division to the extent that such measures impose greater restrictions on the use of water than those then in effect pursuant to this division. Except where such State or Federal water conservation measures impose greater restrictions, any water conservation measures imposed by this division shall remain in effect as provided in this division.

(c) *Exemptions.*

(1) This division shall not apply to any governmental activity, institution, business, residence, or industry when it has been determined by the Chief Administrative Officer that an exemption is necessary for the following:

   a. The public health, safety and welfare;

   b. The prevention of severe economic hardship or the substantial loss of employment; or

   c. The health of any person.

(2) Recycled water and water supplied from public or private groundwater sources shall also be exempt from this division.

(Code 1993, § 29-280; Code 2004, § 106-496; Code 2015, § 28-542; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 28-543. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Bucket means a bucket or other container holding five gallons or less when used singly by one person.

Established landscape means landscape plants existing in an area after such period of time as to accomplish an establishment and maintenance of growth.

Fountain means a water display where water is sprayed strictly for ornamental purposes.

Golf course means an irrigated and landscaped playing area made up of greens, tees, fairways, roughs and

related areas used for the playing of golf.

Handheld hose means a hose attended by one person and fitted with a manual or automatic shutoff nozzle.

Landscape plant means any member of the kingdom plantae, including any tree, shrub, vine, herb, flower, succulent, ground cover or grass species that grows or has been planted outdoors.

New landscape means any landscape made up of plants or seeds planted in or transplanted to an area within such period of time as to accomplish a reasonable establishment and maintenance of growth.

Paved areas means streets, sidewalks, driveways, patios, parking lots, and other surface areas covered with brick, paving, tile or other material through which water cannot pass.

Recycled water means water originally potable but circulated for reuse after delivery from the public water system.

Swimming pool means any structure, basin, chamber or tank, including hot tubs, containing an artificial body of water for swimming, diving or recreational bathing and having a depth of two feet or more at any point.

Vegetable garden means any noncommercial vegetable garden planted primarily for household use. The term "noncommercial," as used in this definition, includes the incidental direct sale of produce from such a vegetable garden to the public.

(Code 1993, § 29-281; Code 2004, § 106-497; Code 2015, § 28-543)

Cross reference—Definitions generally, § 1-2.

Sec. 28-544. Declaration of conservation measures.

The Chief Administrative Officer shall declare the imposition of either voluntary or mandatory water conservation measures whenever the City is experiencing a water supply emergency or the need to avert a water supply emergency. Such emergency or need to avert an emergency shall be deemed to exist whenever the flows in the James River drop to levels that require the limitation of withdrawals by the State water protection permit issued to the City or when the Governor or other State or Federal authority, pursuant to applicable law, declares an emergency, imposes mandatory water conservation measures, and authorizes the City to enforce such measures. Notices of the implementation and termination of the water conservation measures shall be publicly announced and published in a daily newspaper for at least one day. The implementation or termination of the measures shall become effective immediately upon publication of the respective notice.

(Code 1993, § 29-282; Code 2004, § 106-498; Code 2015, § 28-544; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 28-545. Voluntary conservation measures.

When voluntary water conservation measures are in effect, the Chief Administrative Officer shall request the general public, businesses and public agencies in the City to implement and comply with the following water use reduction measures:

(1) *Fountains.* Reduce operation to hours between 8:00 p.m. and 10:00 a.m., except that operation may be unrestricted on any two days during a week at the option of the operator or owner.

(2) *Paved areas.* Reduce washing to any hours during any two days in a week. Washing paved areas for immediate health and safety is exempted.

(3) *Swimming pools.* Reduce filling and replenishing to levels required to maintain health and safety.

(4) *Vegetable gardens.* Reduce watering to hours between 8:00 p.m. and 10:00 a.m., except that watering may be unrestricted on any two days during a week at the option of the owner. Watering by bucket is unrestricted.

(5) *Vehicle washing.* Reduce noncommercial washing of mobile equipment to any hours during any two days in a week using a handheld hose having a positive (i.e., automatic) shutoff nozzle. Commercial mobile equipment washing businesses are exempt.

(6) *Restaurants.* No restrictions.

(7) *Public utilities.* Reduce scheduled sewer and hydrant flushing by 50 percent. Flushing to meet immediate

health and safety requirements is exempt.

(8) *Established landscape.* Reduce watering as follows:

a. Odd property addresses (by last digit of address number): water unrestricted only on Tuesdays, Thursdays and Saturdays.

b. Even property addresses (by last digit of address number) and locations with no address number: water unrestricted only on Wednesdays, Fridays and Sundays.

c. Watering prohibited on Mondays.

d. Watering by bucket is unrestricted.

(9) *New landscape.* Water unrestricted during the first ten days after planting and shall conform to subsection (8) of this section after the first ten days.

(10) *Golf courses.* Reduce watering to hours between 8:00 p.m. and 10:00 a.m., except that watering of greens is unrestricted.

(Code 1993, § 29-283; Code 2004, § 106-499; Code 2015, § 28-545; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 28-546. Mandatory conservation measures.

When mandatory water conservation measures are in effect, the general public, businesses and public agencies shall comply with the following water use restrictions:

(1) *Fountains.* Operation prohibited.

(2) *Paved areas.* Washing prohibited except for immediate health and safety requirements.

(3) *Swimming pools.* Reduce filling and replenishing to levels to maintain health and safety.

(4) *Vegetable gardens.* Restrict watering as follows:

a. Odd property addresses (by last digit of address number): water only on Tuesdays, Thursdays and Saturdays.

b. Even property addresses (by last digit of address number) and locations with no address number: water only on Wednesdays, Fridays and Sundays.

c. Watering prohibited on Mondays.

d. Watering by bucket is unrestricted.

(5) *Vehicle washing.* Reduce noncommercial washing of mobile equipment to any hours one day a week using a handheld hose having a positive (i.e., automatic) shutoff nozzle. Commercial mobile equipment washing businesses are exempt.

(6) *Restaurants.* Serve water to customers only upon request.

(7) *Public utilities.* Conduct sewer and hydrant flushing only to the extent required to meet immediate health and safety needs.

(8) *Established landscape.* Restrict watering as follows:

a. Odd property addresses (by last digit of address number): water only on Tuesdays, Thursdays and Saturdays.

b. Even property addresses (by last digit of address number) and locations with no address number: water only on Wednesdays, Fridays and Sundays.

c. Watering prohibited on Mondays.

d. Watering by bucket is unrestricted.

(9) *New landscape.* Water unrestricted during the first ten days after planting and shall conform to subsection (8) of this section after the first ten days.

(10) *Golf courses.* Restrict watering as follows:

a. Watering restricted to six days per week between the hours of 8:00 p.m. and 4:00 a.m.

b. Watering by handheld hose (one-inch diameter maximum) is permitted any time between the hours of 4:00 a.m. and 8:00 p.m.

c. Watering of greens is unrestricted.

(Code 1993, § 29-284; Code 2004, § 106-500; Code 2015, § 28-546)

Sec. 28-547. Violation; evidentiary presumptions; penalty; appeals.

(a) *Violation.* It shall be a violation of this division for any person to intentionally, knowingly, recklessly or negligently use, cause the use of or permit the use of water in violation of any of the mandatory sections of this division.

(b) *Evidentiary presumptions.* For purposes of this division, when water has been used in a manner contrary to a mandatory section of this division, it shall be presumed that the person in whose name a water meter connection is registered with the Department has knowingly used, caused the use of or permitted the use of water in such a contrary manner. Proof that a particular premises had a water meter connection registered in the name of the defendant cited in a criminal complaint filed pursuant to this division shall constitute in evidence a prima facie presumption that the defendant is the person who used, caused the use of or permitted the use of water in a manner contrary to any mandatory section of this division.

(c) *Penalty for violation.* Any person convicted of violating any of the sections of this division shall be guilty of a Class 3 misdemeanor. In lieu of conviction and punishment, the person on the first offense will receive a written warning. On the second offense, the person will be assessed as a civil penalty a water bill surcharge fee of $50.00 per violation for a residential account and $100.00 per violation for an institutional/commercial/industrial account. On the third and any subsequent offense, the person will be assessed as a civil penalty a water bill surcharge fee of $100.00 per violation for a residential account and $200.00 per violation for an institutional/commercial/industrial account. In addition, the Department may suspend the service of any person violating any of the mandatory water use restrictions.

(d) *Appeals.* The person shall have the right to appeal to the Chief Administrative Officer upon receiving written notice of any violation or intent to discontinue service. The Chief Administrative Officer shall notify the person in writing of the time and place for the hearing of the appeal within a reasonable time prior to such hearing, which hearing shall occur no more than 15 business days after the Chief Administrative Officer receives written notice of such appeal. The Chief Administrative Officer shall notify the person in writing of the Chief Administrative Officer's final decision no more than 15 business days after the hearing.

(Code 1993, § 29-285; Code 2004, § 106-501; Code 2015, § 28-547; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 28-548. Enforcement.

The Director of Public Utilities is authorized to designate qualified personnel of the Department of Public Utilities to enforce this division in the manner and to the extent allowed by the law, including the filing of notices of violations of this division and the filing of complaints with the Department of Police for such violations.

(Code 1993, § 29-286; Code 2004, § 106-502; Code 2015, § 28-548)

Sec. 28-549. Additional charge for water use during conservation periods.

During any period when mandatory or voluntary water conservation measures are in place in the City, any customer who uses more than 140 percent of the amount of water used on a monthly average basis during the previous winter period (defined to include December to February), shall be required to pay a higher rate for water per ccf, as stated below, for each additional ccf used above that historic level. The Director will not charge the water rate if the person using more than 140 percent of the monthly average water usage, as defined above, used any portion of the water for fighting a fire. The Director will only charge the higher ccf rate for those additional volumes above the calculated levels.

Additional charge for water use during conservation period (per ccf), by customer class and volume:

ARTICLE VI. WASTEWATER, SEWERS AND COLLECTION SYSTEMS*

***Cross reference—**Sewer systems for subdivisions, § 25-258.

DIVISION 1. GENERALLY

Sec. 28-577. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Act and *the Act* mean the Federal Water Pollution Control Act, also known as the Clean Water Act, as amended, 33 USC 1251 et seq.

Approval authority means the Virginia Department of Environmental Quality.

Authorized representative of the industrial user means as follows:

(1) If the industrial user is a corporation, an authorized representative means:

a. The president, secretary, treasurer, or a vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy-making or decision-making functions for the corporation; or

b. The manager of one or more manufacturing, production, or operation facilities employing more than 250 persons or having gross annual sales or expenditures exceeding $25,000,000.00, in second-quarter 1980 dollars, if authority to sign documents has been assigned or delegated to the manager in accordance with corporate procedures.

(2) If the industrial user is a partnership, association, or sole proprietorship, an authorized representative means a general partner or the proprietor.

(3) If the individual user is representing Federal, State or local governments or an agent thereof, an authorized representative means the Director or highest official appointed or designated to oversee the operation and performance of the activities of the government facility.

The individuals described in subsections (1) through (3) of this definition may designate another authorized representative if the authorization is in writing; specifies the individual or position responsible for the overall operation of the facility from which the discharge originates or having overall responsibility for environmental matters for the company; and is submitted to the City.

Biochemical oxygen demand (BOD) means the quantity of oxygen utilized during a specific incubation period (under standard laboratory procedure, five days, at 20 degrees Celsius) for the biochemical degradation of organic material and the oxygen used to oxidize inorganic material such as sulfides and ferrous iron, the result expressed in terms of mass and concentration (milligrams per liter (mg/L)), measured by the test procedure specified in 40 CFR 136.

Building sewer means the pipe which receives sanitary sewage from inside the walls of a building and which carries the wastes through the walls to the service connection.

Capacity charge means a charge assessed a new customer, which charge allows the new customer to pay costs associated with existing major wastewater utility assets. The capacity charge is calculated using the rate base of major wastewater utility assets that provide customers with capacity service divided by the dry weather flow capacity of the wastewater treatment plant.

Categorical pretreatment standards means any regulation containing pollutant discharge limits promulgated by the U.S. Environmental Protection Agency in accordance with Section 307(b) and (c) of the Clean Water Act that applies to a specific category of users and that appears in 40 CFR 425—471.

CFR means Code of Federal Regulations.

Clean Water Act (CWA) means the Federal Water Pollution Control Act, also known as the Clean Water Act, as amended, 33 USC 1251 et seq.

Combined sewer means a sewer designed to carry both sanitary sewage and stormwater.

Combined sewer connection means a pipe wholly within the public right-of-way or easement conveying either sanitary sewage from a building or facility or stormwater to a combined sewer, not including the physical connection between the pipe within the right-of-way or easement and the pipe on private property.

Combined sewer extension means the construction of a combined sewer main, to be used for the conveyance of both stormwater and sanitary sewage.

Composite sample means a sample resulting from the combination of individual wastewater samples taken at selected intervals based on an increment of either flow or time.

Control authority means the City.

Cooling water means the water discharged from any use, such as air conditioning, cooling or refrigeration, or to which the only pollutant added is heat.

Discharge means any release, spill, leak, pumping, pouring, emitting, emptying, disposing, or dumping into the municipal wastewater system.

Dwelling unit means a room or rooms in which kitchen facilities are provided, located in a building or structure, used or intended to be used by a family or household as a home, residence or sleeping place of the family or household.

EPA means the United States Environmental Protection Agency.

General prohibitions means any pollutant which causes pass through or interference. These prohibitions apply to any user introducing pollutants into the publicly owned treatment works.

Grab sample means a sample which is taken from a wastestream on a one-time basis without regard to flow in the wastestream and without consideration of time.

Half-life means the period in which the rate of radioactive emission by a pure sample falls by a factor of two among known radioactive isotopes. Half-lives range from about ten to seven seconds to 1,016 years.

Hazardous substance means any substance classified as a "hazardous substance" pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), 42 USC 9601 et seq., and any regulations promulgated thereunder.

Hazardous waste means any waste identified in 40 CFR 261 or 9VAC20-60-261.

Household waste means the discharge from any fixture, appliance or appurtenance in connection with a plumbing system.

Interference means a discharge which, alone or in conjunction with a discharge from other sources, both:

(1) Inhibits or disrupts the publicly owned treatment works, its treatment processes or operations, or its sludge processes, uses or disposal; and therefor

(2) Is a cause of a violation of any requirement of the City's VPDES permit, including any increase in the magnitude or duration of a violation, or of the prevention of sludge disposal in compliance with the applicable State or Federal laws or regulations.

Local limits means technically based limits established by the City to implement general and specific prohibited standards and to protect against pass through and interference.

Medical wastes means isolation wastes, infectious agents, human blood and blood products, pathological wastes, body parts, contaminated bedding, surgical wastes, potentially contaminated laboratory wastes, dialysis wastes, embalming fluids or other waste materials associated with the medical profession.

New source means a facility from which there is or could be a discharge of pollutants, construction of which began after the publication of the proposed pretreatment standards pursuant to Section 307(c) of the Clean Water Act which will apply to the facility if the standards are promulgated.

Noncontact cooling water means water used for cooling which does not come into direct contact with any raw material, intermediate product, waste product, or finished product.

Occupant means a person who is in control or actual possession of or actually occupies a dwelling unit.

Operator means an owner, occupant or agent having charge, care, management or control of real property or of a facility located on real property discharging to the wastewater system.

Owner means a person who holds legal title to real property or a dwelling unit or an agent having charge, care, management, or control of real property or a dwelling unit.

Pass through means a discharge which exits the City's publicly owned treatment works into waters of the United States in quantities or concentrations which, alone or in conjunction with a discharge from other sources, is a cause of a violation of any requirement of the publicly owned treatment works VPDES permit, including any increase in the magnitude or duration of a violation.

Peak flow means the highest instantaneous flow reading for a given time period.

Person means any individual, partnership, copartnership, firm, company, corporation, association, joint stock company, trust, estate, governmental entity, or any other legal entity; or their legal representatives, agents, or assigns. This definition includes all Federal, State, and local government entities.

pH means the acidity or alkalinity of a substance, expressed in standard units with 7.0 being neutral, measured by the test procedure specified in 40 CFR 136.

Plumbing fixtures means facilities as defined in the plumbing fixture schedule adopted by the City Council.

Pretreatment means the reduction of the amount of pollutants, the elimination of pollutants, or the alteration of the nature of pollutant properties in wastewater prior to or in lieu of introducing such pollutants into the publicly owned treatment works. This reduction or alteration can be obtained by:

(1) Physical, chemical, or biological processes;

(2) Process changes;

(3) Waste minimization;

(4) Pollution prevention; or

(5) Other means, except by diluting the concentration of the pollutants unless allowed by an applicable pretreatment standard.

Pretreatment standard means any requirement pursuant to this article; regulations of the department; or pretreatment permits, categorical standards and local units.

Prohibited discharge means the discharge into the publicly owned treatment works of a prohibited substance, as defined in this section.

Prohibited substance means any of the following:

(1) Material which creates or may create a fire or explosion hazard at any point in the City's wastewater system, including, but not limited to, wastestreams with a closed cup flashpoint of less than 140 degrees Fahrenheit or 60 degrees Celsius, using test methods specified in 40 CFR 261.21.

(2) Material which has a pH below 5.0, unless specifically approved by the Director based on a finding that the publicly owned treatment works will accommodate such material, or which would or will cause corrosive structural damage to any part of the wastewater system.

(3) Solid or viscous matter, including, but not limited to, oil and grease, in an amount which may cause obstruction or interference in the wastewater system.

(4) Material, including oxygen demanding matter, that, by its constituents, character, volume, strength or any combination thereof, may cause or contribute to an interference with the normal operation of the City's wastewater system.

(5) Heat in an amount that would inhibit biological activity or cause wastewater treatment plant influent temperature to exceed 40 degrees Celsius (104 degrees Fahrenheit).

(6) Petroleum oil, nonbiodegradable cutting oil, or products of mineral oil origin in an amount that would cause or could cause interference or pass through.

(7) Matter that would or could result in the presence of toxic gases, vapors, or fumes at any point in the wastewater system in a quantity or concentration that could cause worker health and safety problems.

(8) Radioactive waste or isotopes of such half-life or concentration that does not comply with regulations or permits issued by the appropriate authority having control over their use or which may cause damage or hazard to the wastewater system or personnel operation of the wastewater system or pass through the system into the environment.

(9) Trucked or hauled matter, except at discharge points designated by the Director.

Publicly owned treatment works means a treatment works, as defined by Section 212 of the CWA (33 USC 1292), which is owned by the City's wastewater system.

Radioactive materials means materials that possess by some elements, such as uranium, or isotopes, such as carbon 14, the characteristic of spontaneously emitting energetic particles (electrons or alpha particles) by the disintegration of their atomic nuclei.

Sanitary sewage means all waste, refuse, liquids and other material entering a sanitary sewer or combined sewer, exclusive of stormwater.

Sanitary sewer means a pipe designed to receive and convey sanitary sewage, exclusively.

Sanitary sewer connection means a pipe wholly within a public right-of-way or easement conveying waste, refuse liquids and other materials from a building to a sanitary or combined sewer main, but not including the physical connection between the pipe within the right-of-way or easement and the pipe on private property.

Sanitary sewer extension means the construction of a sanitary sewer main, to be used for the conveyance of sanitary sewage exclusively.

Self-monitoring means any sampling, analytical testing, readings, etc., conducted by a user subject to a wastewater discharge permit.

Service charge means the monthly charge billed to a customer, regardless of consumption, which charge shall recover customer service, sewer main maintenance and combined sewer improvement costs.

Service installation charge means a charge assessed a new customer, which charge recovers the City's costs associated with a plan review, inspection and setting up a new customer account.

Sewage means refuse liquids or waste matter carried off by sewers; wastewater.

Sewage disposal system means all City facilities for collecting, pumping, treating and disposing of sewage.

Sewer means facilities designed to carry sewage.

Sewer main means the pipe in a street extending parallel or nearly parallel to the line of property abutting thereon through which wastewater is conveyed for treatment.

Sewer service means the collection, transportation, pumping, treatment and disposal of sewage, as evidenced by any sanitary sewage or wastewater connection from any premises to the sewer system of the City; wastewater system.

Sewer system means the systems owned, maintained or operated by the City for the purpose of collecting and conveying sanitary sewage, or stormwater or any combination thereof; wastewater system.

Sewerage means the removal and disposal of sewage by sewers.

Significant industrial user (SIU) means:

(1) A user that is subject to categorical pretreatment standards; or

(2) A user that:

a. Discharges an average of 25,000 gallons per day (gpd) or more of process wastewater, excluding sanitary, noncontact cooling water, and boiler blowdown wastewater;

b. Contributes a process wastestream making up five percent or more of the average dry weather hydraulic or organic capacity of the publicly owned treatment works treatment plant; or

c. Is designated as such by the City on the basis that it has a reasonable potential for adversely affecting the publicly owned treatment works' operation or for violating any pretreatment standard or requirement.

However, upon finding that a user meeting the criteria in subsection (2) of this definition has no reasonable potential for adversely affecting the publicly owned treatment works' operation or for violating any pretreatment standard or requirement, the City may at any time, on its own initiative or in response to a petition received from the user and in accordance with procedures in 40 CFR 403.8(f)(6), determine that such user should not be considered a significant industrial user.

Significant noncompliance (SNC) means a pretreatment permit or other noncompliance as defined 40 CFR 403.8(f)(2)(vii) or 9VAC25-31-800.F.2.g.

Slug load and *slug loading* mean any discharge at a flow rate or concentration which could cause a violation of this article or the Department's pretreatment rules and regulations.

Soluble biochemical oxygen demand (SBOD) means the result measured by the BOD test procedure specified in 40 CFR 136 after the sample is filtered (vacuum of 25 mmHg) through a 0.45 μm pore size filter.

Standard Industrial Classification (SIC) Code means a classification pursuant to the Standard Industrial Classification Manual issued by the U.S. Office of Management and Budget.

Storm sewer means a pipe designed to receive and convey stormwater, surface water and subsurface water, exclusively.

Storm sewer connection means a pipe wholly within a public right-of-way or easement conveying stormwater from real property to a storm or combined sewer, not including the physical connection between the pipe within the right-of-way or easement and the pipe on private property.

Stormwater means naturally occurring precipitation, surface water, subsurface water or any combination thereof.

Strong wastewater and *strong sewage* mean wastes containing more than 275 milligrams per liter of suspended solids or more than 250 milligrams per liter of BOD or other characteristics in concentrations not normally found in sanitary sewage.

Suspended solids (SS) means the total suspended matter that floats on the surface of or is suspended in water, wastewater, or other liquid and which is removable by laboratory filtering, measured by the test procedure specified in 40 CFR 136.

User means the owner or operator of any of the following:

(1) Any source, within or without the City's corporate limits, that discharges material directly or indirectly to the sewer system.

(2) Any source that discharges hauled material to the sewer system through receiving facilities designated by the Director.

(3) Any source that discharges material to the wastewater treatment plant through a dedicated pipe.

UST means underground storage tank.

Violation means any violation of any section of this article, any rule or regulation promulgated pursuant to this article, any order issued pursuant to this article, or any provision of a pretreatment permit issued pursuant to this article.

Volume charge means the charge assessed a customer to recover all costs associated with the wastewater utility that are not recovered in the service charge.

VPDES means the Virginia Pollutant Discharge Elimination System Permit Program, as administered by the Commonwealth of Virginia.

Wastewater means all water-carried and liquid wastes carried from residences, commercial establishments, institutions, industrial establishments, and other premises, together with such stormwaters as may be present.

Wastewater system means the systems owned, maintained or operated by the City for the purpose of collecting and conveying sanitary sewage or stormwater.

(Code 1993, §§ 29-291, 29-325; Code 2004, § 106-531; Code 2015, § 28-577; Ord. No. 2008-98-126, § 2, 5-27-2008; Ord. No. 2014-215-196, § 1, 10-27-2014)

Cross reference—Definitions generally, § 1-2.

Sec. 28-578. Limitation of City's liability for failure of supply of wastewater services.

The City shall not be liable to any consumer or other person for damages which may be occasioned to such consumer or person or the property thereof because of the failure of the supply of wastewater services to the premises of such consumer, in whole or in part.

(Code 1993, § 29-17; Code 2004, § 106-532; Code 2015, § 28-578)

Sec. 28-579. Meters for wastewater.

Whenever any user considers that significant quantities of water used are not returned to the wastewater system, such user may request that the billings be based upon metered wastewater quantities. If approved by the Director, such user may then provide and maintain at the user's own expense a meter acceptable to the Director for the measurement of the quantities of wastewater. The meter shall be accessible for inspection by the Director at all times and shall be maintained to produce an accurate record of the true quantities of wastewater discharged to the wastewater system.

(Code 1993, § 29-342; Code 2004, § 106-533; Code 2015, § 28-579)

Sec. 28-580. Billing for wastewater use in certain cases.

Whenever any wastewater customer uses significant quantities of metered water that are not returned to the wastewater system, the customer may request that the wastewater billings be based on submeters that, in the Director's discretion, accurately measure the amount of water that is not returned to the wastewater system. The Director shall promulgate rules and regulations pursuant to Section 28-26 to implement the requirements of this section.

(Code 1993, § 29-343; Code 2004, § 106-534; Code 2015, § 28-580)

Sec. 28-581. Violations.

A violation of any section of this article, any rule or regulation promulgated pursuant to Division 4 of this article, any order pursuant to Division 3 or 4 of this article, or any provision of a pretreatment permit issued pursuant to Division 5 of this article shall constitute a misdemeanor and shall be punishable as a Class 1 misdemeanor. Each violation of each requirement shall constitute a separate offense.

(Code 2004, § 106-535; Code 2015, § 28-581)

Sec. 28-582. Discontinuance of service.

The Director may at any time terminate wastewater service within or without the corporate City limits when such action is deemed necessary.

(Code 1993, § 29-47; Code 2004, § 106-536; Code 2015, § 28-582)

Sec. 28-583. Interjurisdictional agreements.

The Director is authorized to enter on behalf of the City interjurisdictional agreements with other political jurisdictions which may discharge wastes to the sewer system of the City or whose sewer systems may receive wastes from the sewer system of the City. Such interjurisdictional agreements shall apply or allow the application of Divisions 3 through 6 of this article or the pretreatment requirements of other jurisdictions on an equitable interjurisdictional basis and in order to comply with applicable provisions of Federal and State law.

(Code 2004, § 106-537; Code 2015, § 28-583)

Sec. 28-584. Statement of policy.

The City will grant the right to discharge wastewater into its wastewater system originating on property divided

by the corporate limits or situated wholly beyond the corporate limits but adjacent thereto, to which it is practical to extend such service to the following, which shall be referred to as "grantee":

(1) A locality.

(2) An authority created for and operating in conjunction with a locality in supplying such services.

(3) An owner or lessee of property to which the service can be practically extended.

(Code 1993, § 29-126; Code 2004, § 106-538; Code 2015, § 28-584)

Sec. 28-585. Determination of practicality of extension of services.

The Chief Administrative Officer shall determine whether it is practical to extend the services referred to in this article.

(Code 1993, § 29-127; Code 2004, § 106-539; Code 2015, § 28-585; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 28-586. Granting of rights.

The rights to wastewater service outside the City shall be granted under the following described contracts:

(1) Individual contract, which shall be a contract between the City and owner or lessee for services to premises located in the locality.

(2) Locality contract, which shall be a contract between the City and a locality.

(Code 1993, § 29-128; Code 2004, § 106-540; Code 2015, § 28-586)

Sec. 28-587. Uniformity of individual contracts; general terms and provisions.

Every contract referred to in Section 28-586 shall be uniform as to each class of user of wastewater service and shall contain the terms, conditions and provisions applicable thereto set out in this article.

(Code 1993, § 29-129; Code 2004, § 106-541; Code 2015, § 28-587)

Sec. 28-588. Authority to negotiate locality contracts.

The Chief Administrative Officer is authorized to enter into new or to renegotiate existing contracts regulated by this article for and on behalf of the City or may delegate the authority to do so to the head of the appropriate department.

(Code 1993, § 29-130; Code 2004, § 106-542; Code 2015, § 28-588; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 28-589. Terms, conditions and provisions of contracts.

Individual contracts entered into pursuant to this article shall contain the following terms, conditions and provisions:

(1) The wastewater service shall be supplied to existing areas and new subdivisions when all prevailing subdivision laws have been complied with, at rates fixed by the City Council, which may be changed or modified at any time and from time to time by the City Council.

(2) If a demand or special charge other than the charges set forth in subsection (3) of this section is prescribed by the Council for services supplied within the City, a charge is to be prescribed by the City Council for similar services supplied under the contracts, which may be changed or modified at any time or from time to time by the City Council.

(3) The grantee of such rights shall be responsible for the payment of all charges made for such services. Upon the failure, refusal or neglect of the grantee to pay such charges, the services shall be cut off after giving the grantee the same written notice to that effect as is given consumers in the City before such services are cut off.

(4) The grantee shall agree to indemnify, keep and hold the City free and harmless from liability on account of injury or damages to the grantee or to any other person or property directly or indirectly resulting from the failure of the City to supply such services in whole or in part. If suit shall be brought against the City, either independently or jointly with the grantee on account thereof, the grantee will defend the City in

any such suit at the cost of the grantee. If a final judgment is obtained against the City, either independently or jointly with the grantee, the grantee will pay such judgment with all costs and hold the City harmless therefrom.

(5) The location, character and size of the extensions and the plans and specifications for such connections and extensions and the materials used in the installation, replacement, maintenance and repair of the extensions and connections shall be as specified by the Chief Administrative Officer whose approval must be obtained, or the Chief Administrative Officer may delegate authority to the appropriate department head, and the connections and extensions shall be installed at such points as shall be approved by the department head.

(6) The City shall have the right to make or permit additional extensions of and connections to all extensions after their construction.

(Code 1993, § 29-141; Code 2004, § 106-543; Code 2015, § 28-589; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 28-590. Discharge of certain types of waste prohibited.

All individual contracts for wastewater service under this article shall provide that:

(1) The grantee will not discharge, cause to be discharged or permit to be discharged into the City's wastewater system any of the following waters, wastes or effluent:

a. Any liquid or vapor having a temperature higher than 150 degrees Fahrenheit;

b. Any water or waste which contains more than 100 parts per million by weight of fat, oil or grease;

c. Any flammable or explosive liquid, solid or gas;

d. Any raw garbage, ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, paunch manure or any other solid or viscous substance that causes obstruction of the flow in sewers or interferes with the operation of the City's wastewater system;

e. Any water or waste having a concentration of acidity and alkalinity of less than pH 5.5 or more than pH 9.0 or having any other corrosive property that causes or is likely to cause damage or injury or that constitutes or is likely to constitute a hazard to structures, equipment or personnel employed in the operation of the City's wastewater system;

f. Any water or waste containing a toxic poisonous substance that injures or is likely to injure or interferes with or is likely to interfere with any sewage treatment process or constitutes or is likely to constitute a hazard to persons or animals or creates or is likely to create any hazard in the waters receiving the effluent of the main sewage treatment plant;

g. Any noxious or malodorous gas or substance that creates a public nuisance; or

h. Stormwater sewage or surface or subsurface water.

(2) If the City finds that any of the waters, wastes or effluent set forth in subsection (1) of this section are being discharged into the City's wastewater system, the grantee will cause such discharge to be discontinued or will provide and install such facilities, devices and equipment as are necessary to prevent the consequences resulting from the discharge of such waters, wastes or effluent into the City's wastewater system. The character and capacity of such facilities, devices and equipment shall be of such standard as shall be prescribed by the City and shall be installed in such place as will be readily and easily accessible for observation, maintenance, operation, sampling, cleaning and inspection. The cost of providing, installing, maintaining, cleaning and operating such facilities, devices and equipment shall be borne by the grantee. If the grantee fails, refuses or neglects to provide, install, maintain, clean or operate such facilities, devices and equipment or fails, refuses or neglects to do so in a proper and efficient manner, the grantee will pay to the City such charges as the City may prescribe for treating the effluent discharged by the grantee into the City's wastewater system to prevent the consequences resulting from the discharge of such waters, wastes or effluent into the City's wastewater system.

(3) All measurements, tests and analyses of the characteristics of such waters, wastes or effluent shall be determined in accordance with the latest edition of Standard Methods for the Examination of Water and

Wastewater, as prepared, approved and published jointly by the American Public Health Association and the American Water Works Association, when applicable.

(4) The City will treat and dispose of the sanitary sewage so conveyed to and discharged into the City's wastewater system in the same manner and to the same extent or degree as it treats and disposes of all other sewage.

(5) The appropriate City agency shall have the right to inspect all services at any time, and any violation of the provisions contained in this section shall be deemed sufficient cause to discontinue such services.

(6) Sewage shall not be discharged at any rate greater than 100 gallons per minute into one connection, without the written approval of the Chief Administrative Officer.

(7) The installation of wastewater service connections between the property line and the building shall be installed according to the City's plans and specifications.

(Code 1993, § 29-143; Code 2004, § 106-544; Code 2015, § 28-590; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 28-591. Resident and nonresident users.

When a service connection for wastewater service is made to a lot divided by the corporation line of the City, such lot shall be deemed to be within the corporate City limits if the portion of real estate taxes on land and improvements or improvements that may be placed thereon paid to the City is equal to or greater than the portion of real estate taxes on land and improvements or improvements that may be placed thereon paid to the locality, and all laws, ordinances, resolutions, rules and regulations governing wastewater services in the City shall apply thereto. When a service connection for wastewater service is made to any other lot divided by the corporation line of the City, such lot shall be deemed to be without the corporate City limits, and all laws, ordinances, resolutions, rules and regulations governing wastewater services without the City shall apply thereto.

(Code 1993, § 29-152; Code 2004, § 106-545; Code 2015, § 28-591)

Sec. 28-592. Payment of costs of extending sanitary sewer lines; connection fees.

The entire cost, including engineering and inspection costs, of constructing a sanitary sewer extension and connections within and without the corporate City limits shall be paid by the grantee subject to the following terms and conditions:

(1) The responsibility for and the entire cost, including engineering and inspection costs, of maintaining or repairing a City-owned sanitary sewer extension within and without the corporate City limits shall be that of and shall be paid by the City.

(2) Title to a sanitary sewer extension within the corporate City limits shall vest in the City upon completion of the construction of the extension, unless the Director of Public Utilities determines that the sewer extension shall remain private. Title to a sanitary sewer extension without the corporate City limits shall vest in the City upon completion of the construction of the extension if the Director agrees in writing that the City will accept the extension, and if the acceptance is lawful in light of other requirements of law regarding neighboring jurisdictions.

(3) If the City's plans call for a pipe larger than that required to serve the needs of the grantee, the City will bear the additional cost for a sanitary sewer larger than that required to serve the grantee, provided funds are available therefor. There will be no combined sewer extensions permitted within or without the corporate City limits, however this requirement shall not prevent the connection of new sanitary sewers to existing combined sewers for the purpose of conveying sanitary sewage to the City's treatment plant.

(4) The applicant shall secure from the governing body of the locality into which the sanitary sewer is to be extended a written statement to the effect that:

a. The locality does not desire to make such extension;

b. The locality authorizes the construction of such extension; and

c. The locality authorizes the City or the grantee to maintain such extension.

(5) If a grantee to be served by a City-owned sanitary sewer extension does not receive water service from

the City, the grantee shall nonetheless be responsible for paying the appropriate rate for wastewater service.

(6) The owner of property on which is or will be constructed a building or structure in which plumbing fixtures are or will be installed shall make application to the Director for each connection to discharge sewage. The fee for adding a sewer connection to a sanitary sewer main or a combined sewer main will be as provided below except as provided in subsection (9) of this section. If making a stormwater connection, applicable fees shall apply. Construction of sanitary sewer facilities shall be the responsibility of the property owner or customer. The Director may approve the connection provided such sanitary or combined sewer facilities are available in sufficient capacity and grade to serve the property. No new connection shall be made to the combined sewers where the connection would cause overflows during dry weather conditions. The Director may reject any connection to a combined sewer main at the Director's discretion.

Connection Charges (sewer)			
Meter Size (inches)	*Service Installation Charge*	*Capacity Charge*	*Total Connection Charge*
5/8	$200.00	$1,250.00	$1,450.00
3/4	$200.00	$1,850.00	$2,050.00
1	$200.00	$3,100.00	$3,300.00
1 1/2	$200.00	$6,150.00	$6,350.00
2	$200.00	$9,800.00	$10,000.00
3	$250.00	$18,400.00	$18,650.00

8	$300.00	$98,000.00	$98,300.00

(7) Whenever an existing sanitary or combined sewer connection is replaced at the request of the grantee, and the grantee increases the size of the water meter, the Director may require the owner or occupant to pay the full sewer connection charge set forth below based upon the size of the new meter size. Whenever an existing sanitary or combined sewer service connection is replaced at the request of the owner with one of lesser capacity, the owner or occupant shall receive no refund for any connection charges originally paid.

8	$300.00	$98,000.00	$98,300.00

(8) Owners of buildings or structures who paid the County of Chesterfield a sewer connection fee prior to January 1, 1970, and who have not connected to the wastewater system may connect to the existing wastewater service line at their property line after obtaining the required plumbing permit without the payment of any additional wastewater service connection fee. If a new service line is required or desired, the provisions of this section, as applicable, shall apply.

(9) With regard to commercial or industrial accounts for which the sewer flow differs from the metered water flow, the water meter size used to determine the total connection charge set forth in this section shall be adjusted as provided in this subsection for the purpose of better reflecting the actual cost of service. To qualify for an adjustment of the water meter size used to determine the total connection charge, the owner or customer shall (i) submit an engineering analysis that, in compliance with the Department's regulations, projects by how much flows that will be discharged to the City's wastewater system will be less than the flows upon which the total connection charges set forth in this section and (ii) thereafter measure its wastewater flows with a sewage flow meter, installed and paid for by the owner or customer, that complies with and is operated and maintained in compliance with the Department's regulations. Any adjustment to the water meter size shall be in direct proportion to the reduction in wastewater flows projected in the engineering analysis. The total connection charge shall be determined based on the adjusted water meter size instead of the actual water meter size. If after a total connection charge based on an adjusted water meter size has been paid, the Department determines, based on flow meter measurements or otherwise, that the adjusted water meter size used to determine the total connection charge does not properly reflect the wastewater flows projected in the engineering analysis, the Department shall assess the owner or customer an amount equal to the difference between the total connection charge based on the actual water meter size and the total connection charge actually paid by the owner or customer. The Director shall adopt rules and regulations pursuant to Section 28-26 to implement the provisions of this subsection.

(Code 1993, § 29-153; Code 2004, § 106-546; Code 2015, § 28-592; Ord. No. 2007-245-204, § 1, 9-24-2007; Ord. No. 2008-98-126, §§ 2, 5, 5-27-2008; Ord. No. 2011-75-98, § 1, 5-23-2011; Ord. No. 2016-256, § 1, 11-14-2016)

Sec. 28-593. Suspension of service and termination of contracts.

(a) Individual wastewater service may be suspended by the Chief Administrative Officer at any time whenever:

(1) The use of water is excessive or interferes with or impairs the maintenance or operation of the City's production and distribution system;

(2) The volume of wastewater discharged into the City's wastewater system or facilities overcharges or is likely to overcharge such system or facilities;

(3) The grantee fails, refuses or neglects to observe and comply with the terms and conditions of the contract or all laws, ordinances, resolutions, rules and regulations governing wastewater services;

(4) Water is or may be required for the use of consumers in the City or the City's wastewater system or facilities are or may be required to provide wastewater disposal service to residents of the City; or

(5) The locality undertakes to supply such services.

(b) Individual wastewater service may be suspended by the Mayor or Chief Administrative Officer at any time without notice whenever an emergency exists.

(c) Individual wastewater service contracts may be terminated by either party thereto upon giving written notice to that effect to the other party 12 months prior to the date of termination. The notice on the part of the City shall be given by the Chief Administrative Officer whenever, in the Mayor's or Chief Administrative Officer's judgment or that of the Council, such contracts should be terminated.

(Code 1993, § 29-154; Code 2004, § 106-547; Code 2015, § 28-593; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 28-594. Assignment of individual contracts.

The grantee under an individual contract pursuant to this division may assign such contracts and rights, benefits, privileges, duties and obligations inured, received, imposed and assumed thereby to the tenants of the property receiving wastewater service or to another owner thereof, except the right to reimbursement by the City under Section 28-592(9) shall not be assigned.

(Code 1993, § 29-155; Code 2004, § 106-548; Code 2015, § 28-594)

Sec. 28-595. Determination of time for construction of mains; size and character of mains.

The Director shall determine when sewer mains shall be constructed in streets or easements and the character and size of the mains. Mains shall be installed in easements only when, in the opinion of the Director, there is no other practical method of conveying wastewater.

DIVISION 2. WASTEWATER RATES AND OTHER REGULATIONS RELATING THERETO*

***State law reference—**Fees and charges for water and sewer services, Code of Virginia, § 15.2-2119.

Subdivision I. In General

Secs. 28-624—28-649. Reserved.

Subdivision II. Rates Within City

Sec. 28-650. Residential wastewater service.

(a) *Application.* This section shall apply to disposal of wastewater discharged into the City's wastewater system from individual residences, owner-occupied duplexes or nonprofit facilities that provide transitional housing for residential use on a regular basis by homeless persons that have a connection to the City's wastewater system.

(b) *Monthly minimum charge.* The monthly minimum charge is the service charge.

(c) *Monthly service charge and service charges for wastewater meters.* The monthly service charge shall be as set forth below. Each residential wastewater service customer shall pay the service charge determined by the size of the customer's water meter, unless the customer is eligible to receive a discount to the service charge for installing fire suppression equipment. The Director, pursuant to Section 28-26, shall issue rules and regulations to establish the parameters for such a discount. The service charges for wastewater meters shall be estimated in accordance with a procedure approved by the Director of Public Utilities.

(1)	Monthly service charges based on the size of each water meter located on the users' premises, excluding fire line, product water and wastewater meters:	
	Meter size (inches)	
	5/8	$18.21
	3/4	$25.98
	1	$41.53
	1 1/2	$80.41
	2	$127.05
	3	$251.44
	4	$391.38
	6	$780.10
	8	$1,246.56

	10	$1,790.77
(2)	Service charges for customers who receive fire line service and general water service through the same meter, based on the size of each such water meter located on the users' premises, excluding product water and wastewater meters:	
	Domestic and fire line meter size (inches)	
	10	$780.10
	8	$391.38
	6	$251.44
	4	$127.05
	3	$127.05

(d) *Monthly volume charge.* The monthly volume charge for the quantity of water which passes through the meters for residential wastewater service for the months of December through February shall be $7.295 per 100 cubic feet (ccf) of water delivered as recorded on the customer's water meter. The monthly volume charge for the quantity of water which passes through the meters for residential wastewater service for the months of March through November shall be $7.295 per 100 cubic feet (ccf) of water based upon:

(1) The cubic feet of water delivered as recorded on the customer's water meter in such months; or

(2) The average monthly use as billed during the preceding months of December through February;

whichever is lower.

(e) *Special provisions.*

(1) *Private water supply (unmetered service).* Whenever any user obtains all or part of the user's water supply from an unmetered source other than the water distribution system of the City (i.e., a private well), such user will be billed a flat service charge of $65.60 per month.

(2) *Public water supply (metered service).* Whenever any user obtains all or part of the user's water supply from a public water supply that meters the customer, other than the water distribution system of the City, the quantity of wastewater service used by the customer may be determined either from metered water consumption or from a wastewater meter. If the wastewater usage to be billed by the City is based upon a reading of a water meter by another public body, the wastewater customer will be billed on a schedule based upon the availability of water consumption data. However, regardless of the schedule or frequency of billing, the customer will be responsible to pay the same rates as any other residential wastewater customer. For verification purposes, all water meters serving a customer receiving wastewater service under this section shall be open to inspection by the Director.

(3) *Cost adjustment clause.* The charge specified in the monthly charge may be subject to an adjustment in the rate per 100 cubic feet for increases or decreases in the cost associated with electric energy and chemicals.

(4) *No facilities physically connected to wastewater system.* The minimum monthly charge as hereinbefore set forth shall be paid by all users who have obtained a wastewater connection but have not made a physical connection to the City's wastewater system.

(5) *Residential wastewater service charges for meters having a capacity greater than five-eighths inch; special provision.* The monthly service charge for each residential wastewater customer, with service established on or before the adoption of the ordinance from which this subsection is derived and having a water meter capacity greater than five-eighths inch, shall be equal to the monthly service charge for a five-eighths inch meter size as set forth in this section. The monthly service charge for each residential wastewater customer, with service established after the adoption of the ordinance from which this subsection is derived and having a water meter capacity greater than five-eighths inch, shall be based

upon the meter capacity as set forth in this section.

Sec. 28-651. Charges for disposal of sewage and wastewater—Commercial service.

(a) *Application.* This section shall apply to the disposal of wastewater discharged into the City's wastewater system from places of business, such as hotels, restaurants, office buildings, commercial businesses or other places of commerce or multifamily residences and that have a connection to the City's wastewater system; provided, however, that this schedule shall not apply to contracts heretofore or hereafter entered into between the City and a county.

(b) *Monthly minimum charge.* The monthly minimum charge is the service charge below, determined by the size of a customer's water meter.

(c) *Monthly service charge.* The monthly service charge is as shown below, and dependent on the existence, or lack thereof, of fire line service.

(1) *Determination of service charge for customers who receive fire line service through a separate meter or who do not receive fire line service.* The service charge will be based on the size of each water meter located on users' premises, excluding fire line, product water and wastewater meters, as follows:

Meter Size (inches)	
5/8	$18.21
3/4	$25.98
1	$41.53
1 1/2	$80.41
2	$127.05
3	$251.44
4	$391.38
6	$780.10
8	$1,246.56
10	$1,790.77

(2) *Determination of service charge for customers who receive fire line service and general water service through the same meter.* The service charge will be based on the size of each such water meter located on users' premises, excluding product water and wastewater meters, as follows:

Domestic and Fire Line Meter Size (inches)	
10	$780.10
8	$391.38
6	$251.44
4	$127.05

3	$127.05

(3) *Service charges for wastewater meters.* The service charge for wastewater meters shall be estimated in accordance with a procedure approved by the Director of Public Utilities.

(d) *Monthly volume charge.* Monthly quantity charge shall be $7.295 per 100 cubic feet of water delivered as recorded on water meters or wastewater meters.

(e) *Special provisions.*

(1) *Private water supply.* Whenever any user obtains all or part of the user's water supply from sources other than the water distribution system of the City, the quantities of wastewater may be determined either from the total metered water consumption, both City and private supplies, or from the metered quantities of wastewater discharged to the wastewater system. All meters on private water supplies and all wastewater meters shall be provided and maintained to produce an accurate record of the true quantities of water and wastewater discharged to the wastewater system. All costs of meter installation, calibration and maintenance shall be borne by the user at the user's own expense. The type of meters shall be acceptable to the Director of Public Utilities, and the meters shall be accessible at all times for inspection by the Director.

(2) *Strong wastewater charge.* In addition to the foregoing charges, the monthly charges shall apply for the treatment of strong wastewater discharged into the City's wastewater system as follows:

a.	Suspended solids in excess of 275 milligrams per liter when the concentrations of suspended solids exceed 275 milligrams per liter, per pound	$0.2247
b.	BOD of those concentrations of BOD in excess of 250 milligrams per liter, when the concentrations of BOD exceed 250 milligrams per liter, per pound; provided, however, for places of business classified in either Industry 312120 or Industry 312130 pursuant to the North American Industry Classification System (NAICS), the mass used for calculating the charge shall be computed by subtracting SBOD from BOD and using the difference	$0.2763
c.	Total nitrogen in excess of 30 milligrams per liter, when the concentrations of total nitrogen exceed 30 milligrams per liter, per pound	$0.9690
d.	Total phosphorous in excess of 12 milligrams per liter, when the concentrations of total phosphorous exceed 12 milligrams per liter, per pound	$1.2403

(3) *Cost adjustment clause.* The charge specified in the monthly volume charge may be subject to an adjustment in the rate per 100 cubic feet for increases or decreases in the cost associated with electric energy and chemicals.

Sec. 28-652. Charges for disposal of sewage and wastewater—Industrial service.

(a) *Application.* This section shall apply to the disposal of wastewater discharged into the City's wastewater system from places that are primarily manufacturers or processors of materials, and that have a connection to the City's wastewater system; provided, however, that this schedule shall not apply to contracts heretofore or hereafter entered into between the City and a county.

(b) *Monthly minimum charge.* The monthly minimum charge is the service charge below, determined by the

size of a customer's water meter.

(c) *Monthly service charge.* The monthly service charge is as shown below by meter size, and dependent on the existence, or lack thereof, of fire line service.

(1) *Determination of service charge for customers who receive fire line service through a separate meter or who do not receive fire line service.* The service charge will be based on the size of each water meter located on users' premises, excluding fire line, product water and wastewater meters, as follows:

Meter Size (inches)	
5/8	$18.21
3/4	$25.98
1	$41.53
1 1/2	$80.41
2	$127.05
3	$251.44
4	$391.38
6	$780.10
8	$1,246.56
10	$1,790.77
12	$2,749.77

(2) *Determination of service charge for customers who receive fire line service and general water service through the same meter.* The service charge will be based on the size of each such water meter located on users' premises, excluding product water and wastewater meters, as follows:

Domestic and Fire Line Meter Size (inches)	
10	$780.10
8	$391.38
6	$251.44
4	$127.05
3	$127.05

(3) *Service charges for wastewater meters.* The service charge for wastewater meters shall be estimated in accordance with a procedure approved by the Director of Public Utilities.

(d) *Monthly volume charge.* The monthly volume charge shall be $7.295 per 100 cubic feet of water delivered as recorded on water meters or wastewater meters.

(e) Special provisions.

(1) *Private water supply.* Whenever any user obtains all or part of the user's water supply from sources other than the water distribution system of the City, the quantities of wastewater may be determined either from the total metered water consumption, both City and private supplies, or from the metered quantities of wastewater discharged to the wastewater system. All meters on private water supplies and all

wastewater meters shall be provided and maintained to produce an accurate record of the true quantities of water and wastewater discharged to the wastewater system. All costs of meter installation, calibration and maintenance shall be borne by the user at the user's own expense. The type of meters shall be acceptable to the Director of Public Utilities, and the meters shall be accessible at all times for inspection by the Director.

(2) *Strong wastewater charge.* In addition to the foregoing charges, the monthly charges shall apply for the treatment of strong wastewater discharged into the City's wastewater system as follows:

a.	Suspended solids in excess of 275 milligrams per liter when the concentrations of suspended solids exceed 275 milligrams per liter, per pound	$0.2247
b.	BOD of those concentrations of BOD in excess of 250 milligrams per liter, when the concentrations of BOD exceed 250 milligrams per liter, per pound	$0.2763
c.	Total nitrogen in excess of 30 milligrams per liter, when the concentrations of total nitrogen exceed 30 milligrams per liter, per pound	$0.9690
d.	Total phosphorous in excess of 12 milligrams per liter, when the concentrations of total phosphorous exceed 12 milligrams per liter, per pound	$1.2403

(3) *Cost adjustment clause.* The charge specified in the monthly volume charge may be subject to an adjustment in the rate per 100 cubic feet for increases or decreases in the cost associated with electric energy and chemicals.

Sec. 28-653. Charges for disposal of sewage and wastewater—State and Federal service.

(a) *Application.* This section shall apply to the disposal of wastewater discharged into the City's wastewater system from State or Federal agencies and departments or authorities, and that have a connection to the City's wastewater system; provided, however, that this schedule shall not apply to contracts heretofore or hereafter entered into between the City and any adjoining county.

(b) *Monthly minimum charge.* The monthly minimum charge is the service charge below, determined by the size of a customer's water meter.

(c) *Monthly service charge.* The monthly service charge is as shown below by meter size, and dependent on the existence, or lack thereof, of fire line service.

(1) *Determination of service charge for customers who receive fire line service through a separate meter or who do not receive fire line service.* The service charge will be based on the size of each water meter located on users' premises, excluding fire line, product water and wastewater meters, as follows:

Meter Size (inches)	
5/8	$18.21
3/4	$25.98
1	$41.53
1 1/2	$80.41
2	$127.05

3	$251.44
4	$391.38
6	$780.10
8	$1,246.56
10	$1,790.77
12	$2,749.77

(2) *Determination of service charge for customers who receive fire line service and general water service through the same meter.* The service charge will be based on the size of each such water meter located on users' premises, excluding product water and wastewater meters, as follows:

Domestic and Fire Line Meter Size (inches)	
10	$780.10
8	$391.38
6	$251.44
4	$127.05
3	$127.05

(3) *Service charges for wastewater meters.* The service charge for wastewater meters shall be estimated in accordance with a procedure approved by the Director of Public Utilities.

(d) *Monthly volume charge.* The monthly volume charge shall be $7.295 per 100 cubic feet of water delivered as recorded on water meters or wastewater meters.

(e) *Special provisions.*

(1) *Private water supply.* Whenever any user obtains all or part of the user's water supply from sources other than the water distribution system of the City, the quantities of wastewater may be determined either from the total metered water consumption, both City and private supplies, or from the metered quantities of wastewater discharged to the wastewater system. All meters on private water supplies and all wastewater meters shall be provided and maintained to produce an accurate record of the true quantities of water and wastewater discharged to the wastewater system. All costs of meter installation, calibration and maintenance shall be borne by the user at the user's own expense. The type of meters shall be acceptable to the Director of Public Utilities, and the meters shall be accessible at all times for inspection by the Director.

(2) *Strong wastewater charge.* In addition to the foregoing charges, the monthly charges shall apply for the treatment of strong wastewater discharged into the City's wastewater system as follows:

a.	Suspended solids in excess of 275 milligrams per liter when the concentrations of suspended solids exceed 275 milligrams per liter, per pound	$0.2247
b.	BOD of those concentrations of BOD in excess of 250 milligrams per liter, when the concentrations of BOD exceed 250 milligrams per liter, per pound	$0.2763
c.	Total nitrogen in excess of 30 milligrams per liter, when the concentrations of total nitrogen exceed 30 milligrams per liter, per pound	$0.9690

d.	Total phosphorous in excess of 12 milligrams per liter, when the concentrations of total phosphorous exceed 12 milligrams per liter, per pound	$1.2403

(3) *Cost adjustment clause.* The charge specified in the monthly quantity charge may be subject to an adjustment in the rate per 100 cubic feet for increases or decreases in the cost associated with electric energy and chemicals.

(Code 2004, § 106-589; Code 2015, § 28-653; Ord. No. 2008-98-126, §§ 1, 5, 5-27-2008; Ord. No. 2009-59-82, § 1, 5-26-2009; Ord. No. 2010-86-99, § 1, 5-24-2010; Ord. Sec. 28-654. Charges for disposal of sewage and wastewater—Municipal service.

(a) *Application.* This section shall apply to the disposal of wastewater discharged into the City's wastewater system from governments that are not Federal or State agencies or departments or authorities, and that have a connection to the City's wastewater system; provided, however, that this schedule shall not apply to contracts heretofore or hereinafter entered into between the City and a county.

(b) *Monthly minimum charge.* The monthly minimum charge is the service charge below, determined by the size of a customer's water meter.

(c) *Monthly service charge.* The monthly service charge is as shown below by meter size, and dependent on the existence, or lack thereof, of fire line service.

(1) *Determination of service charge for customers who receive fire line service through a separate meter or who do not receive fire line service.* The service charge will be based on the size of each water meter located on users' premises, excluding fire line, product water and wastewater meters, as follows:

Subdivision III. Wastewater Treatment Service Outside City

Sec. 28-682. Wastewater service through sewers connected to City's wastewater system.

Wastewater treatment service shall be supplied to occupants of property situated beyond the corporate City

limits through sewers or sewer systems located in the City or through sewers or sewer systems beyond the corporate City limits which are connected with those in the City, in accordance with the schedules of charges set out in subdivision II of this division and upon the terms and conditions set forth in this subdivision, and the owners or occupants of such property shall be charged and shall pay for such service at the charges or rates prescribed in such schedules, except as provided for in the City's wholesale wastewater contracts.

(Code 1993, § 29-351; Code 2004, § 106-606; Code 2015, § 28-682; Ord. No. 2008-98-126, § 2, 5-27-2008)

Sec. 28-683. Sewer service for property outside corporate limits.

(a) *Applicability.* The schedule of charges set out in subdivision II of this division shall apply to the disposal of sanitary sewage originating on property situated beyond the corporate City limits, through the sewers or sewer systems referenced in Section 28-682, used for residential, commercial, industrial, or governmental purposes.

(b) *Service charge for individual contracts.* The charge or rate applicable to contracts made with residential, commercial, industrial, or governmental customers shall be computed pursuant to subdivision II of this division, which charge or rate may be increased or decreased at any time and from time to time by the City Council.

(c) *Service charge for locality contract.* The charge or rate applicable to contracts made with a locality for supplying such service to residential owners or occupants of dwellings or to other users shall be in accordance with the provisions of the appropriate existing contract.

(d) *Payment.* The charges prescribed for service to a locality shall be payable by such locality in accordance with the provisions of the appropriate existing contract.

(e) *Availability.* Sewage disposal service shall not be available for any property unless a water service is available and water is used on such property and the quantity of water used thereon is measured through a meter of such make, size and character which is installed at such place and in such a manner and with such materials as shall be approved by the Director, unless the water is obtained from a private well located on the property.

(Code 1993, § 29-352; Code 2004, § 106-607; Code 2015, § 28-683; Ord. No. 2008-98-126, § 2, 5-27-2008)

Secs. 28-684—28-709. Reserved.

DIVISION 3. SEWERS AND DRAINS

Sec. 28-710. Duties of owners and tenants.

Owners and tenants of premises with occupied buildings thereon shall comply with the following applicable requirements:

(1) The owner of a premises with a newly constructed or an existing building thereon shall apply to the Department for a wastewater service connection prior to occupancy of the building; however, an individual wastewater disposal system approved by the Director of Public Health may be used if the department of public utilities cannot provide wastewater service.

(2) Unless otherwise authorized in accordance with rules and regulations made pursuant to Section 28-26, the occupants of all buildings to which a City water connection has been made shall use City water to flush all toilets and to carry all wastewater into the City wastewater system or individual wastewater disposal system. Any rules and regulations proposed by the Director pursuant to this subsection shall take into account, inter alia, consultations with the City's Bureau of Permits and Inspections, the Virginia Department of Health, the Virginia Department of Environmental Quality, and other appropriate regulatory agencies of the Commonwealth.

(3) If wastewater service to an occupied building is terminated by the Department as a result of a delinquent water or sewer bill, a notice may be served by the Department of Public Health upon the person in whose name the bill is listed requiring that satisfactory arrangements be made with the Department of Public Utilities for payment of the delinquent bill and restoration of water service. Service of the notice shall be made by mailing the notice to the last known post office address of the person in whose name the bill is listed, by serving the notice in person on the person in whose name the bill is listed, or by serving the notice upon a responsible person above the age of 16 years who is an occupant of the building in which the person in whose name the bill is listed lives or works. If compliance with the notice does not occur

within the prescribed time or acceptable arrangements for compliance are not made with the District Health Department, the person in whose name the bill is listed may be summoned to court.

(4) Notwithstanding the requirements of subsections (1) and (2) of this section, owners of premises in which another wastewater disposal system, approved by the District Health Director, was installed and used prior to January 1, 1970, shall not be required to connect to the City wastewater systems as long as the maintenance and operation of the wastewater disposal system is not detrimental to public health and safety.

(Code 1993, § 29-58; Code 2004, § 106-631; Code 2015, § 28-710; Ord. No. 2015-203-193, § 1, 9-28-2015)

Sec. 28-711. Application for service connections.

Application for wastewater service connections shall be made by owners of premises to be served or by the occupants thereof through licensed plumbers, unless otherwise authorized in Chapter 5 which pertains to buildings and building regulations, to the Director on forms provided, and no wastewater service shall be connected until the Director shall approve such application.

(Code 1993, § 29-67; Code 2004, § 106-632; Code 2015, § 28-711)

Sec. 28-712. Payment of additional fee upon change in zoning classification, use of property or intensification of existing use.

The owner of property who has an existing, previously paid connection to either sanitary sewer or combined sewer available to the property and who obtains a change in the zoning classification or changes the use of the subject property or increases the intensity of an existing use may utilize the existing connection. The Director may reject the reuse of an existing combined sewer connection at the Director's discretion. Use of a sanitary sewer connection will be approved provided such sanitary or combined sewer facilities are available in sufficient capacity and grade. If an owner has previously paid the connection fee and if the change in zoning or use or intensity of use requires an upgraded water meter, the owner will be required to pay the difference in the existing sewer connection fee based upon the size of the original water meter and the upgraded water meter. Allowance of a credit for a connection fee previously paid shall not constitute an authorization for the payment of a refund of any part of a connection fee previously paid for an existing connection or privilege to connect in the future.

(Code 1993, § 29-294; Code 2004, § 106-635; Code 2015, § 28-712; Ord. No. 2008-98-126, § 2, 5-27-2008)

Sec. 28-713. Fees for City to unstop sewer on private property.

(a) When the City is requested or required to unstop a sewer line on private property the fees set forth below shall be imposed. The property owner is responsible for the physical connection between the pipes within the right-of-way or easement and all pipes on private property.

(1)	During regular working hours, per hour	$40.00
	Minimum fee	$70.00
(2)	After regular working hours, per hour	$60.00
	Minimum fee	$170.00

(b) The Director may enter private property to unstop a sewer located on the property without the property owner's permission if the stoppage threatens the public health, safety, or welfare, including the environment, or the City wastewater system. The owner of the property upon which the sewer is located shall be subject to the same fees as required in this section in addition to any other applicable fees and costs.

(Code 1993, § 29-296; Code 2004, § 106-637; Code 2015, § 28-713)

Sec. 28-714. Responsibility for damage; disconnection for nonpayment.

Owners and occupants of premises connected directly or indirectly with the wastewater collection system shall be responsible for all damages to service connections, meters and equipment occasioned thereto by the negligence

of such owners and occupants and their agents, servants and employees. The Director shall investigate and determine the responsibility for damages to such connections, meters and equipment and shall make or cause to be made necessary renewals or repairs thereto and shall collect the cost of them from owners or occupants responsible therefor. If such cost and expense is not paid within 30 days after presentation of a bill therefor, the Director shall cause the supply of water and/or wastewater service to be stopped, and the service stopped shall not thereafter be furnished to such premises for such owner or occupant until such cost and expense shall have been paid.

(Code 1993, § 29-60; Code 2004, § 106-638; Code 2015, § 28-714)

Secs. 28-715—28-741. Reserved.

DIVISION 4. DISCHARGE OF WASTES INTO SEWERS

Sec. 28-742. Discharge of industrial wastes into feeder or tributaries.

It shall be unlawful for any person to discharge or to cause or permit to be discharged into the feeder or into any stream tributary thereto or on the surface of the ground in such place that it will be washed into the feeder or stream or is likely to be washed into the feeder or stream the washing of any ore or coal or other waste product from any mine, waste liquor from any tannery, or solid or liquid waste from any industry whatsoever, except under such conditions as may be approved by the District Health Director.

(Code 1993, § 29-261; Code 2004, § 106-661; Code 2015, § 28-742)

Sec. 28-743. Unlawful discharge of prohibited substances into wastewater system.

(a) The term "firm," as used in this section, includes, but is not limited to, major garages, automobile repair shops, automobile service stations, cleaning and dyeing plants or any other establishment used for similar purposes.

(b) It shall be unlawful for any firm or person to discharge any prohibited substance into any sewer in the City. Neither shall any firm nor person deposit any prohibited substance upon any street or alley drained by the wastewater system of the City.

(c) For the purpose of complying with State or Federal laws or regulations, if the City is required to obtain a permit or take corrective action as a result, in whole or in part, of a prohibited discharge by any firm or person, the Director, the Director of Public Works, the Chief of Fire and Emergency Services, the District Health Director, or any of them shall give notice to the person or firm responsible for such prohibited discharge requiring that, within 30 days or such other reasonable time as the Director or any of them shall specify, the responsible person or firm shall remove the prohibited substance from and/or prohibit the entry of the prohibited substance into the wastewater system.

(d) The notice shall be deemed to have been delivered when sent by certified mail, postage prepaid, to the owner of the property at the best address obtainable from public records. Should an owner so notified fail to take necessary and adequate corrective action within the time period specified, the Directors or any of them shall plug the connection to the wastewater system or take action to prevent the prohibited substance from running off the property. The cost of any such action shall be billed to and payable by such owner.

(e) The Director is authorized to order any firm or person responsible for an actual or threatened discharge of a prohibited substance to the wastewater system to abate the discharge or the conditions resulting in the threatened discharge; to contain, remove, and properly dispose of the prohibited substance; and to take any other corrective actions determined by the Director to be reasonably necessary under the circumstances to protect the public health, safety, or welfare and the environment and the wastewater system. It shall be unlawful for any party receiving an order pursuant to this subsection to fail to comply with the order.

(Code 1993, § 29-311; Code 2004, § 106-662; Code 2015, § 28-743)

Sec. 28-744. Strong wastewater generally.

(a) The City will provide wastewater service to users having strong wastewater, provided the wastewater is amenable to treatment and is not of a nature otherwise prohibited, all in accordance with this article.

(b) Wastes containing more than 275 milligrams per liter of suspended solids or more than 250 milligrams per liter of BOD or other characteristics in concentrations not normally found in sanitary sewage shall be considered

strong wastewaters.

(Code 1993, § 29-328; Code 2004, § 106-663; Code 2015, § 28-744)

Sec. 28-745. Control of strong wastewater discharges.

(a) Notwithstanding Section 28-744, if any wastewater is discharged or is proposed to be discharged within or without the corporate City limits to the public wastewater system, which wastewater, in the judgment of the Director, may have a deleterious effect upon the wastewater works, processes, equipment or receiving waters or which otherwise creates a hazard to health or constitutes a public nuisance, the Director may:

(1) Reject the wastewater;

(2) Require or permit pretreatment to an acceptable condition for discharge to the public wastewater system;

(3) Require control over the quantities and rates of discharge; or

(4) Permit the user to provide full treatment of the wastewater and discharge the effluent to an adjacent receiving waterway.

(b) If the Director permits the pretreatment or equalization or full treatment of wastewater, the design and installation of the plants and equipment shall be subject to the review and approval of the Director and subject to the requirements of all applicable codes, ordinances and laws.

(Code 1993, § 29-329; Code 2004, § 106-664; Code 2015, § 28-745)

Sec. 28-746. Control manholes.

(a) When required by the Director, the owner of any property serviced by a building sewer carrying strong wastewater shall install a suitable control manhole, together with such necessary meters and other appurtenances in the building sewer to facilitate observation, sampling and measurement of the wastes. Such manhole, when required, shall be accessibly and safely located and shall be constructed in accordance with plans approved by the Director. The manhole, together with such meters and other appurtenances, shall be installed by the owner at the owner's expense and shall be maintained by the owner so as to be safe and accessible at all times.

(b) The owner of property served by more than one building sewer may, at the owner's option, revise the building sewers to connect to the wastewater system through a single building sewer. One control manhole shall then be constructed, when required, on the single connection.

(Code 1993, § 29-330; Code 2004, § 106-665; Code 2015, § 28-746)

Sec. 28-747. Users having strong wastewaters not connected to wastewater system.

(a) Users having strong wastewaters not connected to the wastewater system shall construct building sewers at their own expense and apply for sewer connections and become connected to the wastewater system or shall advise the Director that separate wastewater treatment and disposal facilities will be provided at the expense of the user. The information submitted to the Director shall include information on the kinds of treatment works proposed and a time schedule for the construction of the necessary facilities.

(b) The design, construction and operation of any private wastewater disposal facilities and the time schedule for the construction of such facilities shall be subject to the approval of the Director of Public Works.

(c) Such users having more than one point of waste discharge shall construct building sewers, at their own expense, to combine the waste discharges into the minimum practical number of connections.

(d) When required by the Director, the owner of any property proposed to be connected to the wastewater system shall construct on each new building sewer a suitable control manhole, together with such necessary meters and other appurtenances in the building sewer to facilitate observation, sampling and measurement of the wastes. Each manhole shall be accessibly and safely located and shall be constructed in accordance with plans approved by the Director. Each manhole shall be installed by the owner at the owner's expense and shall be maintained by the owner so as to be safe and accessible at all times.

(Code 1993, § 29-331; Code 2004, § 106-666; Code 2015, § 28-747)

Sec. 28-748. Program for sampling and analysis of wastewater.

(a) All measurements, tests and analyses of the characteristics of waters and wastes shall be determined at the control manhole provided or upon suitable samples taken at such control manhole. If no special manhole has been required, the control manhole shall be considered to be the nearest downstream manhole in the public sewer to the point at which the building sewer is connected. Sampling shall be carried out by customarily accepted methods to reflect the effect of constituents upon the wastewater works and to determine the existence of hazards to health and property.

(b) Determinations of the concentrations of BOD and suspended solids and other waste characteristics shall be made in accordance with the latest edition of Standard Methods for the Examination of Water and Wastewater, prepared by the American Public Health Association, the American Water Works Association and the Water Environment Federation or in accordance with such other recognized and analytical methods acceptable to the State Water Control Board and the State Department of Health.

(c) Waste discharges of users having strong wastewaters shall be sampled by the Director once each calendar quarter or such other period as the Director may determine for the length of time, as determined by the Director, to be necessary to establish the characteristics of the wastewaters.

(d) The results of the analysis of the quarterly samples shall be used to determine the concentrations of suspended solids or BOD for the computation of charges.

(Code 1993, § 29-332; Code 2004, § 106-667; Code 2015, § 28-748)

Sec. 28-749. Permit required to place materials on or near open sewers or watercourses used as sewers.

It shall be unlawful for any person to place, store or deposit, on, along or within 30 feet of the sides of any open sewer or watercourse used as a sewer within the City, any lumber, waste building material, excavated material or other material or debris or otherwise make such deposit in a place where such material is likely to be washed or carried into such sewer in times of flood or overflow, without first obtaining from the Commissioner of Buildings a permit to do so, after the Commissioner of Buildings shall have approved a plan by which such material shall be secured so that it may not be washed into such sewer in times of flood or overflow along the banks of such sewer or watercourse.

(Code 1993, § 29-312; Code 2004, § 106-668; Code 2015, § 28-749)

Sec. 28-750. Regulations for chemical and other characteristics of waste.

(a) When the City is required, for the purpose of complying with either Federal or State laws or regulations which may have been or may be promulgated in pursuance to such Federal or State laws, to furnish to either the United States or to the Commonwealth, or to both, information regarding the chemical and other characteristics of waste discharged into the wastewater system of the City, whether discharged directly or indirectly, the Directors of the Departments of Public Utilities and Public Works shall jointly promulgate regulations regarding persons discharging waste from any source, whether discharged directly or indirectly into the wastewater system of the City, requiring such persons to determine and to furnish to the City the information regarding the waste required by Federal or State law or by Federal or State regulations. The regulations promulgated by the Directors pursuant to this section may incorporate in whole or in relevant part any Federal or State law or Federal or State regulations, and such regulations promulgated by the Directors may make further provision for the orderly and expeditious collection and furnishing of the information so required. Regulations promulgated pursuant to this section shall be made in accordance with Section 28-26(a). Any such regulations shall be available for public inspection in both the offices of the Director of Public Utilities and the Director of Public Works. Such regulations shall be promulgated pursuant to a single notice published as required by law informing the public of the hearing upon any proposed regulation and the adoption and filing of any regulation which may be promulgated pursuant to this section.

(b) Violations of regulations promulgated pursuant to this section shall constitute a misdemeanor, and, upon conviction for violation of such regulations punishment of a person convicted, shall be as provided in Section 1-16.

(Code 1993, § 29-318; Code 2004, § 106-670; Code 2015, § 28-750)

Secs. 28-751—28-768. Reserved.

DIVISION 5. PRETREATMENT

Sec. 28-769. Incorporations by reference.

(a) Where this division incorporates provisions of State or Federal law by reference, the City determines that State or Federal law requires the substance of those provisions, respectively, and that the City is required to enact provisions that are no less stringent or no less extensive in scope of coverage than such provisions incorporated by reference. If there is a conflict among any of the standards, the most stringent standard shall apply, unless the conflict can otherwise be resolved without violating an applicable law or regulation.

(b) All pretreatment regulation shall be in accordance with 40 CFR 400—699.

(Code 2004, § 106-691; Code 2015, § 28-769)

Sec. 28-770. Required for discharge into wastewater system; rules; permits.

(a) The term "industrial user," for purposes of this section, is defined to include any nondomestic source.

(b) It shall be unlawful for any industrial user, located within or without the corporate City limits, to discharge or cause to be discharged, in any manner, directly or indirectly, into the sewers of the City, whether located within or without the corporate limits thereof, any liquid or matter which:

(1) Is not susceptible to treatment by the City's wastewater system;

(2) Passes through the City's wastewater system;

(3) Interferes with the normal operation of the City's wastewater system;

(4) Would render the operation of the City's wastewater system unlawful;

(5) Would overcharge or could overcharge the sewers or would harm or could harm the wastewater system;

(6) Would interfere or could interfere with the use, reuse, or recycling of products, byproducts, or waste materials resulting from the operation of the wastewater system and including, but not limited to, sludge; or

(7) Would be detrimental or could be detrimental to the public health, safety or welfare, the environment, or navigation; would interfere or could interfere with the beneficial uses of receiving waters; or would result or could result in the exceeding of any applicable State water quality standard, sludge standard, or national ambient air quality standard.

(c) It shall be unlawful for any industrial user, located within or without the corporate City limits, to discharge or cause to be discharged, in any manner, directly or indirectly, into the sewers of the City, whether located within or without the corporate limits thereof, any liquid or matter without a wastewater discharge permit issued by the Director if such discharges require control or treatment by the industrial user in order to:

(1) Make or render the discharges susceptible to treatment by the City's wastewater system;

(2) Prevent the pass through of such discharges through the City's wastewater system;

(3) Prevent interference by such discharges with the normal operation of the City's wastewater system; or

(4) Continue the lawful operation of the City's wastewater system.

(d) In order to implement and enforce this wastewater discharge permit requirement, the Director is authorized and empowered to promulgate rules and regulations as authorized in and in the manner provided in Section 28-26 which shall then have the force and effect of law. In establishing rules and regulations, the Director may incorporate, in whole or in part, any Federal or State law or regulations enacted pursuant to the Federal Water Pollution Control Act, more commonly referred to as the Clean Water Act, 33 USC 1251 et seq. The Director is further authorized and empowered to require recordkeeping, reporting, monitoring and installation of necessary technological equipment; and to make and carry out inspections, monitoring and surveillance.

(e) The Director shall issue a wastewater discharge permit to such industrial user only when such person has complied with the applicable effluent standards and rules and regulations promulgated pursuant to this section or agrees to comply with the effluent standards and schedules issued by the Director as well as the rules and regulations promulgated pursuant to this section. The wastewater discharge permit, once issued by the Director, may be revoked when:

(1) The industrial user is no longer in compliance with either the applicable effluent standards or the rules and regulations promulgated pursuant to this section;

(2) The discharges by the industrial user reasonably threaten the health or welfare of the public;

(3) The discharges by the industrial user reasonably present a danger to the environment; or

(4) The discharges by the industrial user interfere with the normal operation of the City's wastewater system or threaten the lawful operation of the City's wastewater system.

(f) The Director shall give written notice to the offending party of any violation of this section or rules and regulations promulgated pursuant to this section at least five days before commencing redress or remedial action or criminal prosecution, unless the discharge poses an immediate threat to the health or welfare of the public, the environment, or the wastewater system, in which event the Director may proceed with immediate corrective action. A violation of this section or the rules and regulations promulgated pursuant to this section shall constitute a misdemeanor and shall be punishable as provided in Section 1-16 as a Class 1 misdemeanor. Additionally, to remedy a violation, the Director may:

(1) Seek equitable relief in a court of law;

(2) Disconnect all wastewater connections of the industrial user from City-owned sewer lines and plug the lines used by such industrial user to discharge any liquid or matter in violation of this section or its rules and regulations; or

(3) Discontinue water service if it is provided by the City to the industrial user.

(g) If any liquid or matter is discharged by any industrial user in violation of this section and results in any damage to any sewer or any part of the City's wastewater system or affects the nature or quality of the sludge from the City's wastewater treatment plant so as to increase the cost of the safe removal and disposal of the sludge, the City may recover from the industrial user the cost of repairs or the increased cost of removal incurred by the City.

(Code 1993, § 29-316; Code 2004, § 106-692; Code 2015, § 28-770)

Sec. 28-771. Discharge of prohibited, industrial or other wastes into sewers.

Notwithstanding Section 28-770, it shall be unlawful for the owner or operator of any industrial plant or enterprise, located within or without the corporate City limits, to discharge or cause to be discharged, in any manner, directly or indirectly, into the sewers of the City, whether located within or without the corporate limits thereof, any prohibited discharge as defined in Section 28-577 or any water used in industrial processes or any industrial waste or liquid or other matter which injures or is likely to injure the sewers; overcharges or is likely to overcharge the sewers; or is detrimental or is likely to become detrimental to navigation, public health, safety or welfare.

(Code 1993, § 29-314; Code 2004, § 106-693; Code 2015, § 28-771)

Sec. 28-772. Specific prohibited discharges.

(a) The term "industrial user," for purposes of this section, is defined to include any nondomestic source.

(b) No industrial user of the City's wastewater system shall discharge or cause to be discharged into such system the following liquids or materials:

(1) Any material which creates or may create a fire or explosion hazard at any point in the City's wastewater system, including, but not limited to, wastestreams with a closed cup flashpoint of less than 140 degrees Fahrenheit or 60 degrees Celsius, using test methods specified in 40 CFR 261.21.

(2) Any material which has a pH below 5.0, unless specifically approved by the Director based on a finding that the publicly owned treatment works will accommodate such material, or which would cause corrosive structural damage to any part of the wastewater system.

(3) Any solids or viscous matter, including, but not limited to, oil and grease, in an amount which may cause obstruction or interference in the wastewater system.

(4) Any material, including oxygen demanding matter, that, by its constituents, character, volume, strength or any combination thereof, may cause or contribute to an interference with the normal operation of the City's wastewater system.

(5) Heat in an amount that would inhibit biological activity or cause wastewater treatment plant influent temperature to exceed 40 degrees Celsius (104 degrees Fahrenheit).

(6) Petroleum oil, nonbiodegradable cutting oil, or products of mineral oil origin in amounts that would or could cause interference or pass through.

(7) Matter that would or could result in the presence of toxic gases, vapors, or fumes at any point in the wastewater system in a quantity or concentration that could cause worker health and safety problems.

(8) Any radioactive waste or isotopes of such half-life or concentration that does not comply with regulations or permits issued by the appropriate authority having control over their use or which may cause damage or hazard to the wastewater system or personnel operation of the wastewater system or pass through the system into the environment.

(9) Any trucked or hauled matter, except at discharge points designated by the Director.

(Code 1993, § 29-315; Code 2004, § 106-694; Code 2015, § 28-772)

Sec. 28-773. Pretreatment permit requirements.

(a) The following users are required to have a pretreatment permit pursuant to this division:

(1) Any user subject to categorical pretreatment standards;

(2) Any user that:

a. Discharges an average of 25,000 gallons of process wastewater per day, excluding sanitary, noncontact cooling water, and boiler blowdown wastewater;

b. Contributes a process wastestream making up five percent or more of the average dry weather hydraulic or organic capacity of the wastewater system; or

c. The Director determines has a reasonable potential for adversely affecting the wastewater system's operations or violating any pretreatment standard or requirement.

(3) Any user that discharges hauled wastes to the wastewater system; or

(4) Any user that, although not a significant industrial user, the Director determines discharges or may discharge wastewaters which, either individually or cumulatively with other users, require control of the discharge of wastewaters to the wastewater system for wastewater system operation, maintenance, or other purposes; or require cataloging, monitoring or sampling and analyses to ensure their compliance with this division.

(b) It shall be unlawful for any user required to have a pretreatment permit to discharge, cause to be discharged, or allow to be discharged in any manner, directly or indirectly, into the wastewater system, any liquid or matter without a pretreatment permit issued by the Director.

(c) The pretreatment permit shall contain any additional conditions determined by the Director to be required for compliance with this article, any rules and regulations promulgated pursuant to Section 28-26, any Federal or State law or regulations enacted pursuant to the Clean Water Act or the State Water Control Law, Code of Virginia, § 62.1-44.2 et seq. If a conflict occurs between any permit condition, any other requirement of this article, any rule or regulation adopted pursuant to this article, or any applicable Federal or State requirement, the more stringent provision shall prevail and shall be enforceable under this article. The Director is further authorized and empowered to include as permit requirements recordkeeping; reporting; compliance with specific effluent standards; monitoring; sampling; analysis; installation of monitoring facilities; installation and use of other technological equipment necessary for compliance with this article; and the use of best management practices for the reasonable reduction of the volume, strength and toxicity of wastes discharged to the wastewater system.

(Code 2004, § 106-695; Code 2015, § 28-773)

Sec. 28-774. Pretreatment permit application and issuance.

(a) The Director shall issue a pretreatment permit to a user pursuant to this division only when the user has:

(1) Submitted to the Director a completed pretreatment permit application, signed by an owner or responsible

corporate officer certifying the accuracy of the information submitted;

(2) Completed and submitted to the Director a baseline monitoring report (BMR) if the user is a categorical user as defined pursuant to the categorical pretreatment standards or if the Director has requested submission of a BMR;

(3) Agreed to comply with the effluent standards and schedules established by the Director as well as the rules and regulations promulgated pursuant to this article; and

(4) Paid any applicable pretreatment permit fee set forth in this division.

(b) The pretreatment permit shall be valid for a period of time established by the Director, but such time shall not exceed five years.

(c) The Director may establish by rule a group pretreatment permit with special requirements for any group of users that, collectively, in the Director's judgment, have adequately similar discharge characteristics so that a group pretreatment permit with uniform limitations and conditions will fulfill the requirements of this article. The Director may establish, as a condition of the group permit requirements for permit applications, sampling and analysis, controls, inspections, and reporting and such other requirements as may be necessary to comply with this article. Notwithstanding the foregoing, the Director may modify the group pretreatment permit requirements as they may apply to any individual user in a group as necessary to require compliance with this division or may require that any user apply for and obtain an individual pretreatment permit pursuant to this section.

(Code 2004, § 106-696; Code 2015, § 28-774)

Sec. 28-775. Permit required to discharge prohibited, industrial or other wastes into sewers.

(a) The owner or operator of any industrial plant or enterprise located within or without the corporate City limits, before discharging any water used in industrial processes, any industrial waste or liquid or other matter, in any manner, directly or indirectly, into the wastewater system of the City, whether located within or without the corporate limits thereof, shall apply to the Director of Public Works for a permit to do so and shall furnish to the Director such information in such manner and form as the Director may require relative thereto. The Director shall grant the permit when satisfied that the water, industrial waste or liquid or other matter will not injure or is not likely to injure the wastewater system; will not overcharge or is not likely to overcharge the wastewater system; and will not be detrimental or is not likely to become detrimental to navigation or public health, safety or welfare.

(b) Any person aggrieved by the refusal of the Director of Public Works to issue the permit referred to in this section shall have the right of appeal to the City Council from the decision of the Director.

(Code 1993, § 29-317; Code 2004, § 106-697; Code 2015, § 28-775)

Sec. 28-776. Pretreatment permit revocation and modification.

The Director may revoke or modify a pretreatment permit issued pursuant to this division when:

(1) The user violates or no longer is in compliance with the requirements of this article, including, but not limited to, applicable effluent standards, the rules and regulations promulgated pursuant to this division, any order issued pursuant to this division, or the user's pretreatment permit;

(2) The user's discharge threatens the public health, safety or welfare, including, but not limited to, the health, safety or welfare of City employees;

(3) The user's discharge presents a danger to the environment; or

(4) The user's discharge interferes with the normal operation of the wastewater system or threatens the lawful operation of the wastewater system.

(Code 2004, § 106-698; Code 2015, § 28-776)

Sec. 28-777. Notice of violation; remedies.

The Director shall give written notice of violation of this division to the offending party at least five days before commencing redress or remedial action or criminal prosecution unless an immediate threat exists to the public health, safety or welfare; the environment; or the wastewater system, in which event the Director may

proceed with immediate corrective action. In order to remedy a violation, the Director may:

(1) Order the user to remedy the violation and to take such actions necessary to comply with the requirements of this article, the rules and regulations promulgated pursuant to this division, an order issued pursuant to this division, or an applicable pretreatment permit. The Director may include a compliance schedule as part of the order. The Director, in the Director's discretion, may issue the order unilaterally or with the user's consent;

(2) Seek equitable relief in a civil court of law;

(3) Disconnect, at the user's expense, any or all wastewater connections of the user from City-owned sewers and plug the sewers used by the user to discharge any liquid or matter giving rise to the violation;

(4) Discontinue water service if the City provides it to the user;

(5) Initiate criminal enforcement pursuant to Section 28-581 or other legal authority; or

(6) Take any other appropriate action to remedy the violation.

(Code 2004, § 106-699; Code 2015, § 28-777)

Sec. 28-778. Opportunity for hearing.

The Director shall provide the affected user an opportunity for a hearing whenever the director proposes to revoke or to modify a pretreatment permit, to issue a unilateral order, to disconnect a wastewater connection or to plug a sewer line, or to discontinue water service pursuant to this division. The Director shall provide the opportunity for a hearing prior to taking the action proposed by the Director unless an immediate threat exists to the public health, safety or welfare; the environment; or the wastewater system, in which event the Director may proceed with immediate action and provide an opportunity for a hearing as soon as is practicable. Unless a user requests a hearing within a reasonable time established by the Director, the user shall be deemed to have waived the opportunity for a hearing.

(Code 2004, § 106-700; Code 2015, § 28-778)

Sec. 28-779. Recovery of costs.

The City may recover from any user all direct and indirect costs incurred by the City as a result of any damage to the wastewater system by such user or any violation by the user of this article or a pretreatment permit. Costs recoverable by the City include, but are not limited to, costs for repair of the City wastewater system, increased costs of operation and maintenance of the wastewater system, increased costs of sludge management, increased costs of compliance with legal requirements applicable to the City's wastewater system, costs of increased monitoring and administration, replacement costs of goods and services provided by the City, amounts expended to private contractors, administrative costs and overhead, and any civil or administrative penalties incurred by the City. If the user refuses to pay to the City the City's costs pursuant to this section or Section 28-682 after presentment of a bill therefor with reasonable substantiation, the City may recover such costs through a civil action in the circuit court for the City, and the City may also recover its reasonable attorney's fees and costs through such action. Any recovery of costs pursuant to Section 28-749 shall be in addition to penalties that may be assessed pursuant to the other sections of this article.

(Code 2004, § 106-701; Code 2015, § 28-779)

Sec. 28-780. Rules and regulations.

In order to implement and enforce the requirements of this article, the Director is authorized and empowered to promulgate rules and regulations as authorized by and in the manner provided in Section 28-26, which then shall have the force and effect of law. In establishing rules and regulations, the Director may incorporate, in whole or in part, any Federal or State law or regulations enacted pursuant to the Clean Water Act or the State Water Control Law, Code of Virginia, § 62.1-44.2 et seq. If a conflict occurs between any requirement of this article or any rule or regulation adopted pursuant to this division and any applicable Federal or State requirement, the more stringent provision shall prevail and shall be enforceable under this article. The Director is further authorized and empowered to require recordkeeping, reporting, compliance with specific effluent standards, monitoring, sampling, analysis, and installation of monitoring facilities; to require the installation and use of other necessary technological

equipment; to require the use of best management practices for the reasonable reduction of the volume, strength, and toxicity of wastes discharged to the wastewater system; and to make and carry out inspections, monitoring, sampling, analysis, and surveillance.

DIVISION 6. HAULED WASTE*

***Cross reference—**Environment, Ch. 11.

Sec. 28-799. Discharge of hauled materials into designated septage receiving stations by contractors.

The waste material taken from septic tanks or other approved sources may be disposed of by discharging the waste materials into such septage receiving stations as may be designated by the Director. Only a contractor permitted by the City to clean and pump septic tanks shall be allowed to discharge waste material into a septage receiving station. For each load of waste material discharged into such septage receiving stations, there shall be imposed and shall be paid to the City a service charge of $0.115 per gallon. There shall be a fee of $68.64 for discharging a fractional part of a load in excess of 1,000 gallons.

(Code 1993, § 29-298; Code 2004, § 106-721; Code 2015, § 28-799; Ord. No. 2008-98-126, §§ 2, 4, 5-27-2008; Ord. No. 2009-59-82, § 1, 5-26-2009; Ord. No. 2010-86-99, § 1, 5-24-2010; Ord. No. 2011-75-98, § 1, 5-23-2011; Ord. No. 2012-49-64, § 1, 5-14-2012; Ord. No. 2013-62-91, § 2, 5-28-2013; Ord. No. 2014-44-102, § 1, 5-27-2014; Ord. No. 2015-62-93, § 1, 5-15-2015; Ord. No. 2016-069, § 1, 5-13-2016; Ord. No. 2017-061, § 1, 5-15-2017; Ord. No. 2018-093, § 1, 5-14-2018; Ord. No. 2019-070, § 1, 5-13-2019)

Sec. 28-800. Method of payment by contractor of service charge.

Each contractor discharging waste into a septage receiving station designated by the Director shall file on or before the 15th day of each month, a certified or attested statement of the number of gallons or loads per day, as applicable, of waste material so disposed of during the preceding calendar month.

(Code 1993, § 29-300; Code 2004, § 106-722; Code 2015, § 28-800; Ord. No. 2008-98-126, § 2, 5-27-2008)

Sec. 28-801. Penalties for contractor to fail to pay service charge.

It shall be a Class 1 misdemeanor for any contractor authorized to deposit waste material from a septic tank in a designated septage receiving station to dispose of waste material from a septic tank by discharging the waste material in a septage receiving station without paying the service charge as prescribed in Section 28-799. In addition, the Director may withdraw the permit and prohibit any contractor convicted under this section from the future discharging of waste material from a septic tank in a designated septage receiving station within the City.

(Code 1993, § 29-301; Code 2004, § 106-723; Code 2015, § 28-801; Ord. No. 2008-98-126, § 2, 5-27-2008)

Sec. 28-802. Discharge of septic tank waste by unauthorized person.

It shall be a Class 1 misdemeanor for any person not authorized pursuant to Section 28-799 to discharge waste material from a septic tank into a septage receiving station or at any other place in the City.

(Code 1993, § 29-302; Code 2004, § 106-724; Code 2015, § 28-802; Ord. No. 2008-98-126, § 2, 5-27-2008)

Sec. 28-803. Discharge of hauled waste into wastewater system.

(a) Hauled waste, whether generated or originating within or outside of the City, may be disposed of in the City wastewater system only if authorized by a pretreatment permit issued by the City pursuant to Division 5 of this article.

(b) Hauled waste material permitted for disposal may be discharged only into such receiving facilities as are designated in writing by the Director.

(c) No person shall discharge to the wastewater system any hauled material that constitutes a hazardous waste as that term is defined in 40 CFR 261 or 9VAC20-60-261, any hazardous substance without the specific authorization of the Director, or any prohibited substance as otherwise specified in this article. For the purposes of this subsection, the term "hazardous substance" refers to a chemical substance which is manufactured or formulated

for commercial or manufacturing use which consists of the commercially pure grade of the chemical substance, any technical grades of the chemical substance that are produced or marketed, and all formulations in which the chemical substance is the sole active ingredient or any used or spent formulations thereof. It does not refer to a manufacturing or process waste that contains one or more hazardous substances. However, nothing in this subsection shall otherwise limit the sections of this article prohibiting or restricting the discharge of materials to the wastewater system, this division, or the discretion of the Director pursuant to this article to prohibit the discharge of hauled waste to the wastewater system.

(Code 2004, § 106-725; Code 2015, § 28-803)

Sec. 28-804. Additional compliance requirements.

(a) Any person discharging hauled waste to the wastewater system shall:

(1) Comply with all procedures for discharging, for cleanliness, and for general sanitary operation on City property as prescribed by the Director.

(2) Comply with all applicable City, State and Federal requirements, including, but not limited to, the requirement for a sewage handling permit issued by the State Health Department pursuant to 12VAC5-610-240.B and 12VAC5-610-380 et seq.

(b) Any person applying for a pretreatment permit to discharge hauled waste that will consist of any wastes other than septage removed from residential septic tanks or portable toilets shall file with the Department an application at least 30 days prior to the time such person wishes to discharge hauled wastes or such other time as may be specified by the Director. The application shall be in the form and shall include such information as prescribed by the Director. Such application shall also include a certification in a form prescribed by the Director, signed by an owner or responsible corporate officer of the entity proposing the discharge of hauled waste, confirming the accuracy of the information submitted.

(Code 2004, § 106-727; Code 2015, § 28-804)

Sec. 28-805. Discharge manifest; method of payment of service charge.

Each person discharging hauled waste into wastewater receiving facilities designated by the Director shall file with the Department a certified manifest for each load discharged within the time period specified by the Director. The manifest shall be in the form and shall include such information as prescribed by the Director and, without limitation, shall include the type, characteristics, source, and volume of the discharged waste. The Director may use the submitted manifests to determine the proper billing for the discharge of hauled waste material authorized by Section 28-803. The records of any party discharging wastes to designated wastewater receiving facilities as authorized by Sections 28-773 and 28-804 shall be subject to audit by the City Auditor.

(Code 2004, § 106-728; Code 2015, § 28-805)

Sec. 28-806. Discharge of hauled waste by person previously convicted.

It shall be unlawful for any person convicted of any violation of this division to discharge any hauled waste material into the wastewater system, and any such person shall be ineligible for a pretreatment permit under this article.

ARTICLE VII. ELECTRIC UTILITIES*

***Charter reference**—Authority of City to own, maintain and operate electric plants with the transmission lines incident thereto, § 2.03(n); authority of City to issue permits for maintenance and operation of poles, wires and cables, § 2.04(d); Department of Public Utilities, Ch. 13.

DIVISION 1. GENERALLY

Sec. 28-836. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them

in this section, except where the context clearly indicates a different meaning:

Gain means the location of an electrical wire on an electrical streetlight pole.

Underground district means an area in the City where no overhead streetlights or wires or poles are allowed installed above the grade line.

Cross reference—Definitions generally, § 1-2.

Sec. 28-837. Records of facilities.

The Director shall keep on file suitable records showing electric wiring, poles, streetlights and other facilities owned, rented, maintained or used by the electric utility, including, but not limited to, showing of privately owned facilities sited on the electric utility's poles and other facilities.

(Code 1993, § 29-378; Code 2004, § 106-762; Code 2015, § 28-837; Ord. No 2019-310, § 1(28-837), 12-9-2019)

Sec. 28-838. Construction and maintenance of plants, substations, lines and other appurtenances.

The Director shall construct and maintain plants, substations, transmission lines, distribution lines, street lighting lines, cables, conduits, manholes and other electrical appurtenances necessary for the operation of the electric utility, as funds for such purposes are made available.

DIVISION 2. PLACEMENT AND USE OF POLES, WIRES AND CONDUITS*

***State law reference—**Prohibition against public utilities using streets of City without consent of corporate authorities, Code of Virginia, § 15.2-2017.

Sec. 28-857. Authority required for work.

Persons, except City departments, and except as otherwise provided in Article VII, Division 3 of this chapter, desiring to install, construct, maintain, alter or use poles, wires, cables, conduits, manholes, transformers or any appurtenances using electricity in, over or under the streets of the City shall first obtain authority to do so from the City Council.

(Code 1993, § 29-391; Code 2004, § 106-786; Code 2015, § 28-857; Ord. No. 2019-310, § 1(28-857), 12-9-2019)

Sec. 28-858. Disturbing surface of streets; permit; restoration of surface.

If the work proposed pursuant to Section 28-857 requires disturbing the surface of streets, a permit to work in the streets must be obtained from the Director of Public Works before any such work is begun. Whenever the surface of the street is disturbed, it shall be restored by the Department of Public Works or by others on approval by the Director of Public Works, and all expense incident to the restoration shall be borne by the person who obtains the permit to work in the streets.

(Code 1993, § 29-392; Code 2004, § 106-787; Code 2015, § 28-858)

Sec. 28-859. Standards for maintenance of work.

All electrical work in, over or under the City streets shall be constructed, operated and maintained in accordance with the rules and regulations of the City Electrical Code, and the Director shall have the power to make such special rules as shall be needed to carry out the requirements of this section and Sections 28-71 and 28-860.

(Code 1993, § 29-393; Code 2004, § 106-788; Code 2015, § 28-859)

Sec. 28-860. Maintenance of work and equipment; inspection; authority of Director to require alteration or removal.

All electrical work and equipment in, over or under the City streets shall be maintained in good condition. The Director shall, at all times, have power to examine and inspect such work and equipment. When any of such work or equipment shall need changing in size or location, replacing, being made safe or put in proper condition or appearance, the owner of such work or equipment shall immediately proceed to make the alterations or removals which the Director shall designate in writing, and all expense incidental to any such changes required shall be borne by the owner of such work or equipment.

(Code 1993, § 29-394; Code 2004, § 106-789; Code 2015, § 28-860)

Sec. 28-861. Underground districts.

(a) No overhead wires or poles for the support of wires, other than wires supporting traffic lights and streetlights using electricity, shall be erected or maintained within the following district:

District 1.

Beginning at the point of intersection of the north line of Broad Street and the west line of Adams Street; thence extending eastwardly along the north line of Broad Street to the point of its intersection with the east line of 14th Street, thence extending southwardly along the east line of 14th Street to the point of its intersection with the south line of Cary Street; thence extending westwardly along the south line of Cary Street to the point of its intersection with the west line of Seventh Street; thence extending northwardly along the west line of Seventh Street to the point of its intersection with the south line of Franklin Street; thence extending westwardly along the south line of Franklin Street to the point of its intersection with the west line of Adams Street; thence extending northwardly along the west line of Adams Street to its intersection with the north line of Broad Street, the point of beginning.

Distribution poles may be erected in alleys in District 1 for the purpose of making connections with service wires or cables using electric current of not more than 600 volts to buildings within the same block. Such connections may be made with insulated wires or cables or carry approved weatherproof coverings suspended overhead between the distribution pole and the buildings or other service connection supports, the connecting wires or cables to be supplied with current from an underground system by a cable in a protecting conduit attached to the distribution pole.

(b) No overhead wires or poles for the support of wires, other than wires supporting traffic lights and streetlights using electricity, shall be erected after November 15, 1974, or thereafter maintained within the following district:

District 2.

Beginning at the point of intersection of the north line of Broad Street and the west line of Fifth Street; thence extending northwardly along the west line of Fifth Street to the point of its intersection with the north line of Leigh Street; thence extending eastwardly along the north line of Leigh Street to the point of its intersection with the east line of Tenth Street; thence extending southwardly along the east line of Tenth Street to the point of its intersection with the north line of Broad Street; thence extending westwardly along the north line of Broad Street to the point of its intersection with the west line of Fifth Street, the point of beginning.

(c) In the following districts all new connections shall be installed underground. Overhead distribution facilities shall be permitted to serve existing premises or poles:

District 3.

Beginning at the point of intersection of the north line of Broad Street and the west line of Adams Street; thence extending northwardly along the west line of Adams Street to the point of its intersection with the south line of Clay Street; thence extending eastwardly along the south line of Clay Street to the point of its intersection with the west line of Third Street; thence extending northwardly along the west line of Third Street to the point of its intersection with the southern right-of-way of the Richmond-Petersburg Turnpike; thence extending eastwardly along the right-of-way of the Richmond-Petersburg Turnpike to the point of its intersection with the east line of Eighth Street; thence extending southwardly along the east line of Eighth

Street to the point of its intersection with the north line of Leigh Street; thence extending westwardly along the north line of Leigh Street to the point of its intersection with the west line of Fifth Street; thence extending southwardly along the west line of Fifth Street to the point of its intersection with the north line of Broad Street; thence extending westwardly along the north line of Broad Street to the point of its intersection with the west line of Adams Street, the point of beginning.

District 4.

Beginning at the point of intersection of the north line of Broad Street and the east line of Tenth Street; thence extending northwardly along the east line of Tenth Street to the north line of Leigh Street; thence extending westwardly along the north line of Leigh Street to the east line of Eighth Street; thence extending northwardly along the east line of Eighth Street to the point of its intersection with the southern right-of-way of the Richmond-Petersburg Turnpike; thence extending eastwardly and southwardly along the right-of-way line of the Richmond-Petersburg Turnpike to the point of its intersection with the north line of Broad Street; thence extending westwardly along the north line of Broad Street to the point of its intersection with the east line of Tenth Street, the point of beginning.

(Code 1993, § 29-396; Code 2004, § 106-790; Code 2015, § 28-861)

Sec. 28-862. Joint use; board of arbitrators.

(a) Persons whom the City Council or the Director has authorized to install, construct, maintain, alter or use poles, wires, cables, conduits, manholes, transformers or any appurtenances using electricity in, over or under the City streets should, before applying for a permit to erect poles or install conduits, first determine the advisability of using existing poles or conduits. Persons may apply to the owners of existing poles and conduits in the streets for permission to install their wires or cables on the existing poles or conduits, and the owners of the poles and conduits shall grant this permission.

(b) The terms and conditions of such joint use may be agreed upon by the parties in interest. If the parties cannot agree upon satisfactory terms and conditions, the Director may require the owner of the poles and conduits to permit the desired joint use upon terms to be fixed by a Board of Arbitration, selected as follows: one person to be appointed by each of the parties in interest and the third to be selected by those appointees. If either appointment is not made within 15 days after notice from the Director or the third arbitrator is not selected within 30 days, the Director shall select disinterested persons to complete the Board of Arbitration. The decision of the majority of the Board of Arbitrators shall be final and binding upon the owner of the poles or conduits and the party desiring joint use. The Director shall have the authority to require the owner of the poles or conduits to allow the applicant for joint use to enter upon and use the equipment under such conditions as the Director may prescribe as soon as the applicant shall have appointed an arbitrator, but the person so entering shall do so under a contract and bond that such person will abide by and conform to the terms and conditions determined upon by the arbitrators. All expenses incidental to arbitration shall be divided equally between the parties in interest.

(c) The Director shall also have authority to require the owner or applicant to furnish and afford such protection to the property of the other as the Director may deem proper or necessary in order to allow the wires of each party to perform the purposes or functions for which they were intended.

(Code 1993, § 29-397; Code 2004, § 106-791; Code 2015, § 28-862; Ord. No. 2019-310, § 1(28-862), 12-9-2019)

Sec. 28-863. Fire alarm, police telegraph and traffic control systems.

Every person who owns or maintains poles, conduits, manholes or vaults using electricity in, over or under the City streets shall permit all the wires and cables needed for the fire alarm, police telegraph and traffic control systems to be placed on the poles or in the conduits, manholes or vaults without charge and in such positions as may be agreed upon or determined by arbitration in the same manner as provided for determining the conditions of joint use in Section 28-862.

(Code 1993, § 29-398; Code 2004, § 106-792; Code 2015, § 28-863)

Sec. 28-864. Statement of persons owning, maintaining or using poles, wires, cables or conductors.

Persons owning, maintaining or using poles installed on the City streets or owning, maintaining or using wires, cables or conductors installed in conduits under the City streets shall, on or before January 10 of each year, file with

the Director of Finance a sworn statement giving the number of poles owned, maintained or used and the number of miles of wires, cables, or conductors installed in conduits then owned, maintained or used by such persons, making the statement in such form as the Director of Finance may prescribe.

(Code 1993, § 29-399; Code 2004, § 106-793; Code 2015, § 28-864)

Sec. 28-865. Method of computing mileage.

In determining the miles of wires, cables or conductors referred to in Section 28-864, all such wires or conductors which are enclosed in a single sheath or jacket shall be considered as if it were a single cable, and all such wires or conductors which are considered part of a single circuit connected to a common supply shall be considered as if it were a single cable, provided that such wires, cables or conductors are installed in the same conduit.

(Code 1993, § 29-400; Code 2004, § 106-794; Code 2015, § 28-865)

Sec. 28-866. Pole fees.

Annually, on or before January 31, all persons owning, maintaining or using poles for electrical purposes in the City streets shall pay to the collector of City taxes a fee of $2.00 for each pole owned, maintained or used by them at the end of the previous calendar year with the following exceptions:

(1) Poles which support wires of the fire alarm, police telegraph and traffic control systems or any combination of these, but no other wires.

(2) Poles which support streetlights and which are supplied from underground cables and do not support any wires other than those covered by subsection (1) of this section.

(Code 1993, § 29-401; Code 2004, § 106-795; Code 2015, § 28-866)

Sec. 28-867. Fee for underground wires.

Annually, on or before January 31, all persons owning, maintaining or using wires, cables or conductors under the City streets shall pay to the collector of City taxes a fee of $10.00 for each mile of wires, cables or conductors owned, maintained or used by them at the end of the previous calendar year with the following exceptions: wires, cables and conductors used exclusively for the fire alarm, police telegraph and traffic control systems.

(Code 1993, § 29-402; Code 2004, § 106-796; Code 2015, § 28-867)

Sec. 28-868. Inspection of books and records.

The Director of Finance may have the books and records of the persons subject to this division examined whenever deemed desirable in order to determine the accuracy of the statements, accounts or records submitted for tax purposes.

(Code 1993, § 29-403; Code 2004, § 106-797; Code 2015, § 28-868)

Sec. 28-869. Identification of poles.

(a) Identification of the owner of electric poles shall appear on the curb or roadway side of the pole approximately eight feet above the ground.

(b) Identification of the users of poles other than the owner shall appear on the sidewalk side away from the curb or roadway approximately eight feet above the ground.

(Code 1993, § 29-404; Code 2004, § 106-798; Code 2015, § 28-869)

Sec. 28-870. Electrolytic corrosion.

(a) Every person maintaining or operating wires, cables and conductors for electrical purposes through the City streets shall construct, maintain and operate their respective lines and plants so as to prevent electrolytic corrosion or damage to any pipes, cables or other underground structures. Any person who shall permit or cause damage to the property of others by electrolytic corrosion or by stray currents or induced electric current shall be liable for and shall pay any resulting damages and the cost of all repairs or renewals that may be necessitated by such damage or injury and shall save harmless the City from all damages, whether direct or indirect.

(b) Every person maintaining or operating wires, cables and conductors through the City streets shall from time to time make such examinations, investigations and surveys as will determine whether any electric current is being carried on the underground structures of others by such person's operations. If harmful current is found to be present, such person shall immediately take such steps as are necessary to eliminate it.

(Code 1993, § 29-405; Code 2004, § 106-799; Code 2015, § 28-870)

Sec. 28-871. Requirements to do certain work upon street lighting system.

(a) All requests for work of installing, altering, removing or repairing electrical street lighting fixtures shall be done by agents or employees of the Department and approved by the Director at the cost and expense of the requesting party. Licensed electrical contractors authorized by the Director shall be allowed to perform work under this subsection only when they are not physically connecting into the City's electrical system and the system is not energized. Licensed electrical contractors shall:

(1) Submit plans and specifications to the Director for approval.

(2) Satisfy the Director as to the contractor's ability and qualifications to perform the work required.

(3) Submit a letter of authorization for the City to bill the requestor for any expenditures incurred to perform the requested work in excess of the required deposit.

(4) Submit the required deposit, which reflects an estimate of the cost required to perform the requested work. The cost shall include, but not be limited to, facilities which provide continued service to other existing street lighting facilities powered on that circuit.

(b) Connections and tie-ins to the City's electrical street lighting system shall be made only by electrical employees of the Department.

(c) All new or modified electrical street lighting facilities shall be inspected by a department employee, and no work shall be covered up until it has been inspected and approved.

(Code 2004, § 106-800; Code 2015, § 28-871)

Sec. 28-872. Festival outlets on street lighting poles.

Festival outlets on street lighting poles are solely for the purpose or use of the City for use with ornamental festival lighting. Such lighting shall be compatible with the existing system and approved by the Director. Connection to the festival outlets shall only be approved where spare capacity exists on a circuit. The festival outlet shall not overload a circuit and shall only be connected by City street lighting personnel. All connections to the festival outlets shall be equipped with the appropriate safety apparatus. All festival lighting shall be required to operate on the same current, voltage and photocell or timeframe as the existing street lighting system.

(Code 2004, § 106-801; Code 2015, § 28-872)

Sec. 28-873. Electrical connections to streetlight system.

No electrical connection may be made to the street lighting distribution system. No provisions will be made for an electrical receptor to be incorporated into a pole, light or other street lighting fixture for powering equipment, tools, apparatus, etc.

(Code 2004, § 106-802; Code 2015, § 28-873)

Sec. 28-874. Facilities in easements.

The Director shall determine when streetlight facilities shall be constructed in utility easements. The facilities shall be in utility easements only when, in the opinion of the Director, there is no other practical method of conveying public street lighting facilities in public streets, alleys and other public ways or places.

(Code 2004, § 106-803; Code 2015, § 28-874)

Sec. 28-875. Limitations of City's liability for failure to supply electricity or lighting.

The City shall not be liable for any injury to property or to a consumer or other person for damages which may result to such consumer or person or property thereof because of the failure of the supply of lighting from a streetlight, power supply to the streetlight distribution system, or street lighting serving premises resulting from the

installation, operation or maintenance of such public street lighting facilities.

DIVISION 3. USE OF CITY-OWNED UTILITY POLES FOR WIRELESS FACILITIES*

***State law reference--**Access to locality rights-of-way for installation and maintenance of small cell facilities on existing structures, Code of Virginia, § 56-484.29.

Sec. 28-888. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Antenna means communications equipment that transmits or receives electromagnetic radio signals used in the provision of any type of wireless communications services.

Permit means a permit or renewal permit issued by the Director to a wireless services provider in accordance with this division.

Permittee means any wireless services provider that holds a permit issued in accordance with this division.

Renewal permit means a permit that is renewed in accordance with this division.

Small cell facility means a wireless facility that meets both of the following qualifications: (i) each antenna is located inside an enclosure of no more than six cubic feet in volume, or, in the case of an antenna that has exposed elements, the antenna and all of its exposed elements could fit within an imaginary enclosure of no more than six cubic feet and (ii) all other wireless equipment associated with the facility has a cumulative volume of no more than 28 cubic feet, or such higher limit as is established by the Federal Communications Commission. The following types of associated equipment are not included in the calculation of equipment volume: electric meter, concealment, telecommunications demarcation boxes, ground-based enclosures, back-up power systems, grounding equipment, power transfer switches, cut-off switches, and vertical cable runs for the connection of power and other services.

Utility pole means a wooden or ornamental electric utility pole, including streetlights, owned by the City and maintained and operated by the Department as part of the City's electric utility.

Wireless facility means equipment, excluding cameras, at a fixed location that enables wireless services between user equipment and a communications network, including (i) equipment associated with wireless services, such as private, broadcast, and public safety services, as well as unlicensed wireless services and fixed wireless services, such as microwave backhaul, and (ii) radio transceivers, small cell facilities, antennas, coaxial, or fiber-optic cable, regular and backup power supplies, and comparable equipment, regardless of technological configuration.

Wireless infrastructure means transmission equipment, wireless facilities, or wireless support structures.

Wireless services means (i) "personal wireless services" as defined in 47 USC 332(c)(7)(C)(i); (ii) "personal wireless service facilities" as defined in 47 USC 332(c)(7)(C)(ii), including commercial mobile services as defined in 47 USC 332(d), provided to personal mobile communication devices through wireless facilities; and (iii) any other fixed or mobile wireless service, using licensed or unlicensed spectrum, provided using wireless facilities.

Wireless services provider means a provider of wireless services that owns, operates, or maintains wireless infrastructure.

Wireless support structure means a freestanding structure, such as a monopole, tower, either guyed or self-supporting, or suitable existing structure or alternative structure designed to support or capable of supporting wireless facilities.

Cross reference—Definitions generally, § 1-2.

Sec. 28-889. Permits authorizing the use of utility poles for wireless facilities; regulations.

Notwithstanding any provision of this chapter to the contrary, the Director is authorized to issue and renew

permits, approved as to form by the City Attorney, to wireless services providers for the attachment of wireless facilities to utility poles in accordance with this division, the applicable standards established by the Federal Communications Commission, and other applicable laws and rules, regulations, and guidelines. The Director shall issue, enforce, and, from time to time, modify rules, regulations, or guidelines consistent with this division, the applicable standards established by the Federal Communications Commission, and other applicable laws and regulations to carry out the requirements of this division. Such rules, regulations, and guidelines, and any and all modifications thereto, shall be approved as to form by the City Attorney or the designee thereof prior to issuance.

(Code 2015, § 28-877; Ord. No. 2019-310, § 2(28-877), 12-9-2019)

Sec. 28-890. Permit and application requirement.

No person shall attach any wireless facility to any utility pole unless such person has filed a completed application, obtained a permit in accordance with this division, and complied with all of the applicable requirements of Chapter 24.

(Code 2015, § 28-878; Ord. No. 2019-310, § 2(28-878), 12-9-2019)

Sec. 28-891. Application for a permit.

(a) Any wireless services provider may file an application on forms provided by the Director to obtain or renew a permit for the attachment of wireless facilities to utility poles in accordance with this division. Such applications shall be submitted to the Director, subject to such written procedures as the Director may establish for such purpose. Each application to obtain or renew a permit shall be accompanied by payment of an annual pole attachment rental fee of $270.00, payment of the applicable Department and contractor rates set forth below to prepare, inspect, or perform other work necessary to allow for the attachment of a wireless facility to a utility pole and a certificate of insurance demonstrating evidence of commercial general liability insurance coverage of at least $3,000,000.00 for each occurrence and at least $5,000,000.00 in the aggregate, listing the City as an additional insured, and indicating that the City will receive at least 30 days' notice of cancellation or material modification of the policy.

(b) The Director shall consider the following information and materials, which the applicant shall provide with any application for a permit. The Director or the designee thereof may deem as incomplete any application not containing all of the following information:

(1) The applicant's name and status as a wireless services provider and a valid electronic mail address at which the applicant may be contacted.

(2) The name, address, and phone number of the authorized representative of the applicant.

(3) A general statement of the applicant's proposed use of utility poles.

(4) Certification by the applicant of the applicant's compliance with all applicable standards established by the Federal Communications Commission, and with all other applicable Federal, State, and local laws and regulations.

(5) Detailed plans clearly depicting the following, provided that the Director may, in the Director's discretion and to the extent permitted by law, require any such plans to be sealed by a certified land surveyor or professional engineer:

a. Scaled drawing detailing the location of the utility pole on which the wireless facility will be attached. To the extent available to the applicant, all of the following information shall be included:

1. The names of the streets in the vicinity;

2. The precise location of the utility pole in the streets, including the distance to the adjacent street's right-of-way lines;
3. Approximate lot lines of adjacent properties, along with the parcel numbers, addresses, and the property owners' names; and
4. Nearby features, shown with labels, including, but not limited to, sidewalks, curbs, pavement, utility infrastructure, houses, buildings, and structures;
5. A detailed plan with an overhead view of the proposed wireless facility, including the dimensions and specifications of the antenna, base station, and all other associated wireless equipment;
6. A detailed elevation with a profile view showing the proposed location of the wireless facility on the utility pole and a drawing and labels depicting the proposed wireless facility, including the base station and all other associated equipment as well as all existing facilities and attachments located on the utility pole. The applicant shall include dimensioning to indicate the heights and separations of the facilities on the utility pole upon completion of the proposed attachment;
7. All other information as may be requested by the Director, to the extent permitted by law, to carry out the requirements of this division.

(Code 2015, § 28-879; Ord. No. 2019-310, § 2(28-879), 12-9-2019)

Sec. 28-892. General terms of permits.

Permits issued in accordance with this division shall contain, at a minimum, the following general terms and conditions:

(a) A requirement that the permittee shall comply with the requirements and limitations set forth in the permit as prescribed by the Director in accordance with this division.

(b) A requirement that the permittee shall comply with this division, the applicable requirements of the applicable standards established by the Federal Communications Commission, and all other applicable Federal, State, or local laws, rules, regulations, and guidelines.

(c) A requirement that the permittee shall maintain the wireless facilities covered by a permit in a manner determined by the Director to preserve the public safety, health and welfare with respect to electric utility facilities within the City.

(d) A requirement that the permittee shall protect, at the permittee's expense, the City's electric utility infrastructure, and all other City-owned real property or City-owned personal property, from damage that may be caused by the permittee's wireless facilities or any installation or maintenance thereof.

(e) A provision that the Director shall take such action, as appropriate and to the extent permitted by law, to establish, maintain, and operate City-owned wireless network technologies, and self-monitoring, analysis and reporting technology and to request access to wireless facilities and bandwidth from the permittee, in order to facilitate the City's use of City-owned wireless facilities, equipment, and the radio frequency spectrum.

(f) A requirement that the permittee, upon the written request of the Director, shall submit to the Director all such information and documentation as the Director may deem necessary, to the extent permitted by law, to ensure the permittee's compliance with the permit and with this division.

(g) A requirement that the permittee, upon the written request of the Director, shall submit to the Director all information and documentation pertaining to the wireless facilities installed or operated by the permittee, including, but not limited to, all equipment providing service to the City pursuant to the permit and each permit issued in accordance with this division.

(h) A provision authorizing the Director, upon the written request of the permittee, to modify the permit by a writing approved as to form by the City Attorney.

(i) A provision authorizing the Director to modify the permit, by a writing approved as to form by the City Attorney, as the Director deems necessary to the extent required or permitted by law or for the preservation of the public safety, health, and welfare.

(j) A requirement that any failure to comply with the permit requirements, the requirements of this division, or applicable Federal, State, or local laws and rules, regulations, and guidelines shall result in revocation of the permit, which revocation shall not be appealable.

(k) A requirement that the Director shall provide the permittee with written notification of any revocation of the permit.

(l) A requirement that the permittee shall remove all wireless facilities from utility poles covered by the permit within 30 days after the date of any written notification from the Director of the revocation of the permit.

(m) A requirement that, upon the Director's determination, in accordance with criteria set forth in the rules, regulations, and guidelines issued in accordance with this division, that if a wireless facility covered by a permit in any way reduces the City's access to the radio frequency spectrum or in any way reduces the City's ability to establish, maintain, or operate one or more City-owned wireless facilities or other City-owned equipment on utility poles, the Director shall request access to such facility from the permittee, or request that the permittee mitigate such reduction or, if the request for access or mitigation is denied, revoke the permit, and provide the permittee with notice of such revocation in accordance with subsection (11) of this section. In the case of revocation in accordance with this subsection, the permittee shall remove all wireless facilities from utility poles covered by the permit in accordance with subsection (12) of this section.

(n) A requirement that each permittee that, as determined by the Director in accordance with criteria set forth in the rules, regulations, and guidelines issued in accordance with this division, has abandoned such permittee's wireless facility, has relocated a wireless facility to another utility pole without the express written consent of the Director, or has attached to a utility pole a wireless facility in violation of this division shall pay the applicable Department and contractor rates set forth below to remove any wireless facilities.

(b) The applicant or permittee, as applicable, shall file an application and obtain or renew a permit for any

wireless facility such permittee proposes to attach to a utility pole. A permit may cover more than one wireless facility.

(c) The applicant shall demonstrate on the applicant's application that the applicant has met all of the applicable requirements of this division, the Federal Telecommunications Act of 1996, as amended, the applicable standards established by the Federal Communications Commission, and all other applicable Federal, State, or local laws and rules, regulations, and guidelines.

(d) Each permit issued by the Director shall, at a minimum, state the following:

(1) The name of the permittee and the name, address, and phone number of the authorized representative of the permittee.

(2) The description of the wireless facility covered by the permit.

(3) Specifications concerning the location of the utility pole to which a wireless facility is attached and plans depicting where on the utility pole the wireless facility is installed.

(4) Such limitations and information, to the extent permitted by law, that the Director deems necessary for the administration of the permit in accordance with this division and for the preservation of the public safety, health, and welfare.

(e) The Director, upon the written request of the permittee, may modify a permit by a writing approved as to form by the City Attorney.

(f) The Director may modify a permit, by a writing approved as to form by the City Attorney, as the Director deems necessary to the extent required or permitted by law or for the preservation of the public safety, health, and welfare.

(g) Permits may be initially issued for a period of 36 months and renewed for periods of 24 months each from the date of the expiration of any such permit or renewal permit, as applicable, subject to the requirements of this division and the rules, regulations, and guidelines issued in accordance with this division and provided that an application has been filed for such issuance or renewal. In addition, a permit may be renewed pursuant to terms and conditions not set forth in a permittee's previously issued or renewed permit, provided that such terms and conditions are approved by the Director and are not inconsistent with the requirements of this division.

(h) Permits shall incorporate by reference the provisions of this division, the rules, regulations, and guidelines issued in accordance with this division, and the conditions set forth and information provided by the applicant or permittee in the application filed in accordance with this division.

(i) The permittee shall execute a release, waiver of liability, and indemnification agreement prior to the issuance of any permit. This subsection (i) shall not apply to governmental organizations.

(j) The Director shall conduct inspections of each wireless facility covered by a permit, including all documents associated therewith, at least annually and at such other times as the Director deems necessary to the extent required or permitted by law to ensure compliance with the requirements of this division and the rules, regulations, and guidelines issued in accordance with this division. Each permittee shall pay the annual pole attachment rental fee of $270.00 per wireless facility and the applicable Department and contractor rates set forth below to prepare, inspect, or perform other work necessary to allow for the attachment of a wireless facility to a utility pole for each permit covering one or more wireless facilities.

Sec. 28-894. Denial of permit; revocation.

(a) The Director shall deny a permit to any wireless services provider upon determining that any such

wireless services provider has not complied with any one of the requirements of this division, any one of the wireless services provider's existing or expired permits, or applicable Federal, State, or local laws, rules, regulations, and guidelines.

(b) The Director may revoke the permit of any permittee upon determining that the permittee has not complied with any one of the requirements of this division, any one of the permittee's existing permits, or applicable Federal, State, or local laws and rules, regulations, and guidelines or that a wireless facility constitutes a threat to the public safety, health, or welfare. The Director shall provide the permittee with written notification of any revocation of the permittee's permit. The permittee shall remove from the utility poles all wireless facilities covered by a permit within 30 days after the date of any written notification from the Director of the revocation of such permit. However, in a case where the Director determines that a wireless facility constitutes a threat to the public safety, health, or welfare, the Director may remove any such wireless facility from the utility pole.

ARTICLE VIII. STORMWATER*

***Charter reference—**Stormwater utility, § 13.11.

Cross reference—Stormwater system in subdivisions, § 25-256.

State law reference—Stormwater utility or system of service charges authorized, Code of Virginia, § 15.2-2114.

DIVISION 1. GENERALLY

Sec. 28-907. Definitions.

The following words and terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Base charge means the annual stormwater service management charge charged on each 1,000 square feet or a percentage of 1,000 square feet of impervious surface area. Such base charges shall be calculated by the Director and adopted by the City Council by ordinance.

Best management practices means schedules of activities, prohibitions of practices, including both a structural or nonstructural practice, maintenance procedures, and other management practices to prevent or reduce the pollution of surface water and groundwater systems from the impacts of land-disturbing activities. Best management practices also include treatment requirements, operating procedures, and practices to control plant site runoff, spillage or leaks, sludge or waste disposal, or drainage from raw material storage.

Clean Water Act means the Federal Water Pollution Control Act (33 USC 1251 et seq.), and any subsequent amendments thereto.

Developed means that manmade changes have been made to a property, which changes may include, but are not limited to, buildings or other structures for which a building permit must be obtained under the requirements of the Virginia Uniform Statewide Building Code and this Code, mining, dredging, filling, grading, paving, excavation or drilling operations, or the storage of equipment or materials.

Hazardous materials means any material, including any substance, waste, or combination thereof, which, because of its quantity, concentration, or physical, chemical, or infectious characteristics, may cause, or significantly contribute to, a substantial present or potential hazard to human health, safety, property, or the environment when improperly treated, stored, transported, disposed of, or otherwise managed.

Household hazardous materials means products used and disposed of by single-family or non-single-family residential consumers as opposed to industrial consumers, including, but not limited to, paints, stains, varnishes, solvents, pesticides, and other materials or products containing volatile chemicals that can catch fire, react or explode, or that are corrosive or toxic.

Illicit connection means either:

(1) Any drain or conveyance, whether on the surface or subsurface, which allows an illegal discharge to enter the storm drain system, including, but not limited to, any conveyances which allow any non-stormwater discharge including sewage, process wastewater, and wash water to enter the storm drain system and any connections to the storm drain system from indoor drains and sinks, regardless of whether said drain or connection had been previously allowed, permitted, or approved by an authorized enforcement agency; or

(2) Any drain or conveyance connected from a commercial or industrial land use to the storm drain system which has not been documented in plans, maps, or equivalent records and approved by an authorized enforcement agency.

Illicit discharge means any discharge to a municipal separate storm sewer system that is not comprised entirely of stormwater, except discharges pursuant to a Virginia Pollutant Discharge Elimination System or Virginia Stormwater Management Program permit (other than the Virginia Stormwater Management Program permit for discharges from the municipal separate storm system), discharges resulting from firefighting activities, and discharges identified by and in compliance with 9VAC25-890-20(C)(2).

Impervious surface means a surface composed of any material that significantly impedes or prevents natural infiltration of water into the soil. Impervious cover includes, but is not limited to, roofs, buildings, streets, parking areas, and any concrete, asphalt or compacted gravel surface.

Multiple of 1,000 square feet means the quotient of the total impervious surface area divided by 1,000 square feet.

Nonresidential property means property which does not serve the primary purpose of providing permanent dwelling units. Such property shall include, but not be limited to, commercial properties, industrial properties, parking lots, recreational and cultural facilities, hotels, offices, churches, schools, hospitals, universities, cemeteries, Federal, State and local government properties.

Non-single-family residential property means a building or other shelter that has been divided into separate units to house more than one family or household living independently of each other.

Non-stormwater discharge means any discharge to the storm drain system that is not composed entirely of stormwater.

Person means any individual, partnership, firm, association, joint venture, corporation, trust, estate, commission, board, public or private institution, utility, cooperative, or any other legal entity.

Pollutant means anything which causes or contributes to pollution. Pollutants may include, but are not limited to, paints, varnishes, and solvents; oil and other automotive fluids; non-hazardous liquid and solid wastes and yard wastes; refuse, rubbish, garbage, litter, or other discarded or abandoned objects, ordinances, and accumulations, so that same may cause or contribute to pollution; floatables; pesticides, herbicides, and fertilizers; hazardous substances and wastes; sewage, fecal coliform and pathogens; dissolved and particulate metals; animal wastes; wastes and residues that result from constructing a building or structure; and noxious or offensive matter of any kind.

Property means, for the purposes of this article, real property defined to mean land and generally whatever is erected or growing upon or affixed to land.

Single-family residential property means a single-family detached residential property, rowhouse, or townhouse regardless of the size of the parcel or the improvements located thereon.

Stormwater facilities means all conveyances, pipes, and treatment works which are a part of the municipal separate storm sewer and which are used to convey stormwater. The term "stormwater facilities" excludes facilities on private property unless the City has agreed in writing to operate or maintain those facilities on a non-emergency basis.

Total annual charge means the annual amount to be billed and paid by each owner of developed property in the City.

Undeveloped land means any land that is undeveloped or, if previously developed, land that has been allowed to return naturally to an undeveloped state.

Virginia Pollutant Discharge Elimination System permit means a document issued by the State Water Control Board pursuant to the State Water Control Law authorizing, under prescribed conditions, the potential or actual discharge of pollutants from a point source to surface waters and the use or disposal of sewage sludge.

Virginia Stormwater Management Program permit means a document issued by the permit-issuing authority pursuant to the Virginia Stormwater Management Act authorizing, under prescribed conditions, the potential or actual discharge of pollutants from a point source to surface waters. Under the approved State program, a Virginia Stormwater Management Program permit is equivalent to a NPDES permit.

Waters of the State means all waters on the surface and underground wholly or partially within the Commonwealth or within its jurisdiction.

Sec. 28-908. Utility administration.

Pursuant to Code of Virginia, § 15.2-2114 and Section 13.11 of the Charter, there is, as of the effective date of the ordinance first adopting this section, established a stormwater utility in the City, which utility shall be managed and operated by the Department of Public Utilities. Part of the operation and maintenance of the stormwater utility shall include the implementation of, and responsibility for, a stormwater program. The stormwater utility shall also have the responsibility to construct, operate, and maintain stormwater facilities and pay other project costs and perform other functions or duties authorized by law. All stormwater facilities shall be owned by the City and operated in accordance with all applicable laws. The Director shall have all reasonable and lawful authority to construct, operate, repair, relocate and maintain the stormwater facilities and shall have the authority to enforce the provisions of this article.

(Code 2004, § 106-806; Code 2015, § 28-900; Ord. No. 2009-60-83, § 1, 5-26-2009)

Sec. 28-909. Limitation on City's liability for failure of supply of stormwater services.

Floods from runoff may occur that exceed the capacity of stormwater facilities constructed and maintained by funds made available pursuant to this chapter. This chapter does not imply that property subject to the fees and charges established herein will be free from stormwater flooding or flood damage. The City shall not be liable to any person for any flood damage. Further, payment of a stormwater fee to the City for stormwater service does not relieve a property owner from obtaining flood insurance.

(Code 2004, § 106-807; Code 2015, § 28-901; Ord. No. 2009-60-83, § 1, 5-26-2009)

Secs. 28-910—28-920. Reserved.

DIVISION 2. RATES

Sec. 28-921. Service generally.

Stormwater service shall be supplied to property owners, and property owners shall be charged and pay for stormwater services, in accordance with the base charge contained in this division, as that base charge is applied under the terms and conditions set forth in this article to calculate a total annual charge for stormwater service.

(Code 2004, § 106-808; Code 2015, § 28-921; Ord. No. 2009-60-83, § 1, 5-26-2009)

Sec. 28-922. Stormwater utility charge.

(a) *Application.* For the fiscal year beginning July 1, 2009, and for each and every fiscal year thereafter, each owner of a parcel of developed property in the City, whether the property is a single-family residential property, a non-single-family residential property, or a nonresidential property, shall pay a total annual charge for stormwater service. This charge shall be billed by a methodology in accordance with state law, which methodology shall be determined in accordance with subsection (e) of this section.

(b) *Calculation of total annual charge.* The Director shall calculate the total annual charge to be billed to each parcel of developed property in the City, using the applicable base charge and, for nonresidential properties

and non-single-family residential properties, the amount of impervious surface on the property. The Director shall issue regulations pursuant to Section 28-26 establishing how the base charge will be used to calculate the total annual charge for developed single-family residential, non-single-family residential, or nonresidential property. The base charge and the total annual charge shall be calculated to ensure adequate revenues to provide for a balanced operation, maintenance and capital improvements budget for the stormwater utility.

(c) *Classifications of service.* For purposes of determining the applicable total annual charge, all properties in the City shall be classified into one of the following three classes:

(1) Developed single-family residential property under Section 28-923;

(2) Developed nonresidential and non-single-family residential property under Section 28-924; or

(3) Undeveloped property under Section 28-925.

(d) Special provisions; waivers, credits and adjustments.

(1) The total annual charge shall not be billed for properties owned by Federal, State, or local government agencies when the agency owns and provides for maintenance of storm drainage and stormwater control facilities or is a unit of the locality administering the program.

(2) The total annual charge shall not be billed for roads and public street rights-of-way that are owned and maintained by State or local agencies.

(3) Pursuant to Section 28-26, the Director shall issue a regulation governing whether and how to provide full or partial credits to certain developed properties with effective stormwater management mitigation or remediation.

(4) Waivers shall not be provided to any person who is required by law to obtain a stormwater permit from the Virginia Department of Environmental Quality but does not obtain such permit.

(e) *Charge for stormwater collection, treatment and management service*. For the provision of stormwater collection, treatment and management service, there is imposed a charge, which charge shall be determined as described in this section. This charge shall be collected from the owner of the real property for which services are provided. The Director of Public Utilities shall have the authority to determine total impervious surface on the property and for developed non-single-family residential property and developed nonresidential property the determination will include the corresponding multiple of 1,000 square feet units for the property.

(Code 2004, § 106-809; Code 2015, § 28-922; Ord. No. 2009-60-83, § 1, 5-26-2009; Ord. No. 2010-184-181, § 1, 10-25-2010; Ord. No. 2013-139-136, § 2, 7-22-2013; Ord. No. 2018-092, § 1, 5-14-2018; Ord. No. 2018-218, § 1, 9-24-2018)

Sec. 28-923. Developed single-family residential property.

All owners of developed single-family residential property in the City, whether the subject property is occupied or unoccupied, shall be responsible for paying a total annual charge equal to the applicable base charge amount stated below:

		Per Month	*Per Year*
(1)	For property owners with homes that have impervious area measuring less than or equal to 1,000 square feet (Tier 1)	$2.23	$26.71
(2)	For property owners with homes that have impervious area measuring greater than 1,000 square feet and less than or equal to 2,000 square feet (Tier 2)	$4.10	$49.17
(3)	For property owners with homes that have impervious area measuring greater than 2,000 square feet and less than or equal to 3,000 square feet (Tier 3)	$6.67	$80.00
(4)	For property owners with homes that have impervious area measuring greater than 3,000 square feet and less than or equal to 4,000 square feet (Tier 4)	$9.51	$114.07
(5)	For property owners with homes that have impervious area measuring greater than	$13.78	$165.36

	4,000 square feet (Tier 5)		

(Code 2004, § 106-810; Code 2015, § 28-923; Ord. No. 2009-60-83, §§ 1, 3, 5-26-2009; Ord. No. 2017-060, § 1, 5-15-2017; Ord. No. 2018-092, §§ 1, 2, 5-14-2018; Ord. No. 2018-218, § 2, 9-24-2018; Ord. No. 2019-069, § 1, 5-13-2019)

Sec. 28-924. Developed nonresidential and non-single-family residential property.

All owners of developed nonresidential and non-single-family residential property, whether the subject property is occupied or unoccupied, shall be responsible for paying the applicable base charge by a numeric factor associated with the impervious surface on the property. The base charge is applied per 1,000 square feet. Pursuant to Section 28-26, the Director shall issue a regulation providing the detailed calculation that will be used to calculate the total annual charge for developed nonresidential property or non-single-family residential property shall be $2.76 per month and $33.12 per year.

(Code 2004, § 106-811; Code 2015, § 28-924; Ord. No. 2009-60-83, §§ 1, 3, 5-26-2009; Ord. No. 2017-060, § 1, 5-15-2017; Ord. No. 2018-092, §§ 1, 2, 5-14-2018; Ord. No. 2018-218, § 2, 9-24-2018; Ord. No. 2019-069, § 1, 5-13-2019)

Sec. 28-925. Undeveloped property.

Undeveloped property shall be exempt from the base charge and the total annual charge.

(Code 2004, § 106-812; Code 2015, § 28-925; Ord. No. 2009-60-83, § 1, 5-26-2009)

Sec. 28-926. Stormwater utility revenues.

The revenues collected pursuant to this article shall be deposited in a separate ledger account. The funds deposited shall be used exclusively to provide services and facilities related to stormwater management, as permitted by law.

(Code 2004, § 106-813; Code 2015, § 28-926; Ord. No. 2009-60-83, § 1, 5-26-2009)

Sec. 28-927. City not required to recommend favorable rates.

Nothing in this article shall be construed to impose upon the City, the Director or any other of its agents and employees the duty to give notice of or to recommend to a property owner the most favorable rates to which the property owner may be entitled for the supply of stormwater service. No refund shall be made to a property owner of any sum representing the difference between the amount paid at a higher rate and the amount the property owner would have paid at a lower rate.

(Code 2004, § 106-815; Code 2015, § 28-927; Ord. No. 2009-60-83, § 1, 5-26-2009)

Secs. 28-928—28-957. Reserved.

DIVISION 3. ILLICIT DISCHARGE AND CONNECTION

Sec. 28-958. Unpermitted discharges of dry and wet weather overflows from sanitary sewers into the City's municipal separate storm sewer or waters of the State.

Unpermitted discharges of dry and wet weather overflows from sanitary sewers into the City's municipal separate storm sewer or into waters of the State shall be controlled in accordance with State and Federal law.

(Code 2004, § 106-818; Code 2015, § 28-958; Ord. No. 2009-60-83, § 1, 5-26-2009)

Sec. 28-959. Infiltration from sanitary sewers into the City's municipal separate storm sewer or waters of the State.

Infiltration from sanitary sewers into the City's municipal separate storm sewer or waters of the State shall be controlled in accordance with State and Federal law.

(Code 2004, § 106-819; Code 2015, § 28-959; Ord. No. 2009-60-83, § 1, 5-26-2009)

Sec. 28-960. Discharge of non-stormwater to the City's municipal separate storm sewer.

(a) Except as provided in subsection (b) of this section, it shall be unlawful to discharge non-stormwater to the City's municipal separate storm sewer or to:

(1) Violate any condition or provision of this article;

(2) Connect or cause to be connected to the municipal separate storm sewer, without a Virginia Pollutant Discharge Elimination System permit or a Virginia Stormwater Management Program permit, any structure that conveys any liquid other than stormwater or discharges listed in subsection (b) of this section, including, but not limited to, pipes, drains, sanitary sewer lines, washing machine drains or floor drains; or

(3) Cause or allow the discharge of pollutants or household hazardous wastes to the municipal separate storm sewer.

(b) Unless identified by the City, the United States Environmental Protection Agency, or the State as significant sources of pollutants to waters of the State, it shall not be unlawful to discharge the following non-stormwater into the City's municipal separate storm sewer:

(1) Water line flushing;

(2) Landscape irrigation;

(3) Diverted stream flows;

(4) Rising groundwaters;

(5) Uncontaminated groundwater infiltration as defined by 40 CFR 35.2005(20) to separate storm sewers;

(6) Uncontaminated pumped groundwater;

(7) Discharges from potable water sources;

(8) Foundation drains;

(9) Air conditioning condensate;

(10) Irrigation water;

(11) Springs;

(12) Water from crawl space pumps;

(13) Footing drains;

(14) Lawn watering;

(15) Individual residential car washing;

(16) Flows from riparian habitats and wetlands;

(17) Dechlorinated swimming pool discharges;

(18) Street wash waters;

(19) Discharges or flows from emergency firefighting activities;

(20) Discharges approved by the Director as being necessary to protect public health and safety;

(21) Dye testing, but only if verbal notification has been provided to the Director 24 hours prior to the time of the test; dye testing without advance notice is a violation of this chapter; or

(22) Runoff of roadway anti-icing and deicing agents, provided that such agents are applied according to best management practices.

(Code 2004, § 106-820; Code 2015, § 28-960; Ord. No. 2009-60-83, § 1, 5-26-2009)

Sec. 28-961. Inspecting and monitoring stormwater discharge.

The Director shall have the authority to make such lawful inspections and conduct such monitoring of stormwater outfalls or other components of the municipal separate storm sewer as may be necessary or appropriate in the administration and enforcement of this article.

(Code 2004, § 106-821; Code 2015, § 28-961; Ord. No. 2009-60-83, § 1, 5-26-2009)

Sec. 28-962. Illicit connection prohibited.

(a) The construction, use, maintenance or continued existence of illicit connections to the municipal separate storm sewer is prohibited. This prohibition expressly includes, without limitation, illicit connections made in the past, regardless of whether the connection was permissible under law or practices applicable or prevailing at the time of connection.

(b) No person owning or in control of any premises shall connect a line conveying sewage to the municipal separate storm sewer, or allow such a pre-existing connection to continue. A person shall be considered to be in violation of this section if the person connects a line conveying sewage to the municipal separate storm sewer, or allow such a connection to continue.

(Code 2004, § 106-822; Code 2015, § 28-962; Ord. No. 2009-60-83, § 1, 5-26-2009)

Sec. 28-963. Threatened discharges.

(a) It is unlawful to cause materials to be deposited in such a manner or location as to constitute a threatened discharge into the municipal separate storm sewer or waters of the State. Pollutants that are no longer contained in a pipe, tank or other container are considered to be threatened discharges unless they are actively being cleaned up.

(b) The discharge of wastewater from pressure washing to the municipal separate storm sewer is prohibited by this chapter.

(c) Vehicles, machinery and equipment must be maintained to reduce leaking fluids. Any leak or spill related to equipment maintenance in an outdoor, uncovered area shall be contained to prevent the potential release of pollutants.

(d) Materials, including, but not limited to, stockpiles used in construction and landscaping activities, shall be stored to prevent the potential discharge of pollutants.

(e) Pet waste shall be disposed of as solid waste or sanitary sewage in a timely manner, to prevent the discharge thereof to the municipal separate storm sewer or waters of the State.

(f) Pesticides, herbicides and fertilizers shall be applied in accordance with the manufacturer recommendations and applicable laws. Excessive application shall be avoided. Pesticides, herbicides and fertilizers shall be stored in a manner to prevent release to the municipal separate storm sewer or waters of the State.

(Code 2004, § 106-823; Code 2015, § 28-963; Ord. No. 2009-60-83, § 1, 5-26-2009)

Sec. 28-964. Suspension and termination of municipal separate storm sewer access.

(a) *Suspension due to illicit discharges in emergency situations.* The Director may, without prior notice, suspend MS4 discharge access to a person when such suspension is necessary to stop an actual or threatened discharge, which presents or may present an imminent and substantial danger to the environment, or to the health or welfare of persons, or to the municipal separate storm sewer or waters of the State. In the event a violator fails to comply with such a suspension order issued in an emergency, the Director may take such steps as deemed necessary to prevent or minimize damage to the municipal separate storm sewer or waters of the State, or to minimize danger to persons.

(b) *Termination due to the detection of illicit discharge.* Any person discharging to the municipal separate storm sewer in violation of this chapter may have such person's municipal separate storm sewer access terminated if such termination would, in the judgment of the Director, abate or reduce an illicit discharge. The Director shall provide written notice of the proposed termination of municipal separate storm sewer access to the person whose access is proposed to be terminated. The person subject to the notice may petition the Director for a hearing regarding the termination of access. Such hearing shall be conducted as provided in this division and in accordance with regulations promulgated by the Director. A person commits a violation of this chapter if the person reinstates municipal separate storm sewer access to premises terminated pursuant to this section without the prior approval of the Director.

(Code 2004, § 106-824; Code 2015, § 28-964; Ord. No. 2009-60-83, § 1, 5-26-2009)

Sec. 28-965. Notification of spills.

Notwithstanding other requirements of law, as soon as any person responsible for any premises, facility or operation, or responsible for emergency response for a facility or operation has information of any known or

suspected release of materials which are resulting or may result in illicit discharges or pollutants discharging into stormwater, the municipal separate storm sewer, or waters of the State, that person shall take all necessary steps to ensure the discovery, containment, and cleanup of such release. In the event of a release of hazardous materials said person shall immediately notify emergency response agencies of the occurrence via emergency dispatch services. In the event of a release of non-hazardous materials, said person shall notify the Director in person or by phone no later than 24 hours. Notifications in person or by phone shall be confirmed by written notice addressed and mailed to the Director within five calendar days of the phone notice. If the discharge of prohibited materials emanates from a commercial or industrial establishment, the owner or operator of such establishment shall also retain an on-site written record of the discharge and the actions taken to prevent its recurrence. Such records shall be retained for at least three years.

(Code 2004, § 106-825; Code 2015, § 28-965; Ord. No. 2009-60-83, § 1, 5-26-2009)

Sec. 28-966. Penalties for violation of division.

(a) *Violation.* It shall be unlawful for any person to violate any provision or fail to comply with any of the requirements of this division. Any person who violates any of the provisions of this chapter shall be subject to one or more of the enforcement actions outlined in this section.

(b) *Abatement.*

(1) If the City abates a violation, then within ten days after abatement of the violation, the owner of the property shall be notified of the cost of abatement, including administrative costs, and that such costs shall be charged to the owner. Notice shall be given by personal delivery or by mail to the last known address of the owner as shown in the records of the City Assessor. The notice shall be effective upon the date of mailing or personal delivery. The property owner may file a written protest objecting to the amount of such charge within ten days of the effective date of the notice.

(2) If no protest is filed, then such charge shall become due and payable on the date set forth in the notice.

(3) In the event a protest is filed, the Director shall issue a decision within 15 days from the date of receipt of the written protest. Failure of the Director to issue an order within 15 days shall be deemed a denial of the protest. If any charges are upheld upon completion of such review, then such charges shall become due and payable ten days after the issuance of the order upon such protest.

(c) *Misdemeanor.* A willful violation of this division shall constitute a Class 1 misdemeanor. Each day that a continuing violation of this article is permitted to remain shall constitute a separate offense.

(d) *Civil liability.* In addition to any criminal penalties provided, any person who violates any provision of this division may be liable to the City in a civil action for damages.

(e) *Remedies not exclusive.* The remedies in this chapter are cumulative and the exercise of any one or more remedies shall not prejudice any other remedies that may otherwise be pursued for a violation of this division. The remedies listed in this division are not exclusive of any other remedies available under any applicable Federal, State or local law and it is within the discretion of the City to seek cumulative remedies.

(Code 2004, § 106-826; Code 2015, § 28-966; Ord. No. 2009-60-83, § 1, 5-26-2009)

Sec. 28-967. Right to hearing.

Any property owner aggrieved by any action of the Director, or by inaction of the Director with regard to termination of municipal separate storm sewer access due to the detection of illicit discharge, may demand in writing a formal hearing by the Director. Any such request must be filed within ten days of the rendering of a notice by the Director that the owner's access will be terminated or the request will not be considered.

(Code 2004, § 106-827; Code 2015, § 28-967; Ord. No. 2009-60-83, § 1, 5-26-2009)

Sec. 28-968. Hearings.

(a) The hearings held under this division shall be held by at least one employee of the Department designated by the Director to conduct such hearings on behalf of the Department at a time and place authorized by the Director.

(b) A verbatim record of the proceedings of such hearings shall be taken and provided to the Director.

(c) The Director, pursuant to Section 28-26, shall issue regulations establishing how hearings will be held, the rules of such hearings and how decisions will be issued.

(Code 2004, § 106-828; Code 2015, § 28-968; Ord. No. 2009-60-83, § 1, 5-26-2009)

Chapter 29

VEHICLES FOR HIRE*

***Charter reference—**Authority of Council to issue permits for use of streets by taxicabs and other vehicles for hire, § 2.04(d).

Cross reference—Businesses and business regulations, Ch. 6; streets, sidewalks and public ways, Ch. 24; traffic and vehicles, Ch. 27.

State law reference—Authority to regulate taxicabs and other vehicles for hire, Code of Virginia, § 15.2-2015.

ARTICLE I. IN GENERAL

Sec. 29-1. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Certificate means the certificate of public convenience and necessity granted by the City to owners of taxicabs to authorize such owners to engage in the business of providing taxicab service in the City as provided in this chapter.

Certificate holder means the owner of a taxicab who holds a valid unexpired or unrevoked certificate of public necessity and convenience to operate a taxicab under this chapter.

Driver means the person in control of and operating or driving a taxicab.

Motor vehicle means any vehicle, machine, tractor, trailer or semitrailer propelled or drawn by mechanical power and used upon the public roads of the City and the roads open to the public on the property of public bodies in the transportation of passengers or property, not including any vehicle, locomotive or car operated exclusively on a rail.

Owner means any person in the business of providing taxicab service and having control of the operation or maintenance of a taxicab, including the purchaser under a conditional sales contract or other title-reserving agreement, and persons controlling or directing the operation of independently owned vehicles through methods such as, but not limited to, radio dispatched systems and name licensing agreements.

Person means every individual, firm, copartnership, association or corporation and every owner, certificate holder and driver.

Regular service means providing a minimum of two trips per week, for at least two consecutive months, with the same individual.

Taxicab means a passenger-carrying, self-propelled motor vehicle, not operating on a regular route or between fixed terminals, and having a seating capacity of not more than six passengers.

Taxicab stand means a stand designated for the sole use of taxicabs in accordance with this chapter.

(Code 1993, § 30-1; Code 2004, § 110-1; Code 2015, § 29-1)

Cross reference—Definitions generally, § 1-2.

Sec. 29-2. Applicability of chapter.

This chapter is adopted in the exercise of the police power granted to the City by its Charter and general law. This chapter is not intended to grant or offer a franchise to use the streets, but it is intended to regulate the operation of taxicabs and other vehicles, as specified, and the use thereof. The City Council reserves the right to amend or repeal this chapter at any time. Upon the repeal of this chapter, all privileges granted under this chapter shall cease and terminate.

(Code 1993, § 30-2; Code 2004, § 110-2; Code 2015, § 29-2)

Secs. 29-3—29-22. Reserved.

ARTICLE II. TAXICABS

DIVISION 1. GENERALLY

Sec. 29-23. Penalties for violations.

Any person violating this article shall be guilty of a misdemeanor and, upon conviction, shall be fined not more than $100.00 for the first offense and not more than $500.00 for each subsequent offense.

(Code 1993, § 30-55; Code 2004, § 110-76; Code 2015, § 29-23)

Sec. 29-24. Exceptions.

The provisions of this article shall not apply to vehicles listed in Code of Virginia, § 46.2-2000.1, with the exception of those vehicles listed in Code of Virginia, § 46.2-2000.1(2), nor to common carriers of persons or property operating as public carriers by authority of the State Corporation Commission or under a franchise granted by the City.

(Code 1993, § 30-57; Code 2004, § 110-78; Code 2015, § 29-24)

Sec. 29-25. Enforcement.

This article shall be enforceable by all sworn law enforcement officers to the extent of their authority.

(Code 1993, § 30-54; Code 2004, § 110-75; Code 2015, § 29-25)

Sec. 29-26. Authority to make rules and regulations.

The Chief of Police is authorized and empowered to make such rules and regulations concerning the operation of taxicabs as are necessary and are not in conflict with this article for the purpose of administering, executing and making effective this article. Such rules and regulations so promulgated may include, without limitation, requirements for:

(1) The provision of such safety devices and procedures as the Chief may deem necessary for the safety of passengers and operations;

(2) Additional disciplinary rules, sanctions, and procedures as may be necessary and proper; and

(3) Appropriate rules governing the dress, hygiene and general appearance of taxicab drivers.

(Code 1993, § 30-59; Code 2004, § 110-80; Code 2015, § 29-26)

Sec. 29-27. Compliance with article.

No vehicle shall be operated or driven on the City streets as a taxicab, unless the certificate holder and driver thereof shall conform to and comply with the provisions, terms and conditions of this article.

(Code 1993, § 30-11; Code 2004, § 110-31; Code 2015, § 29-27)

Sec. 29-28. Unlawful for certificate holder to permit driver to violate article.

It shall be unlawful for a certificate holder of a taxicab certified under this article to knowingly permit a driver operating such vehicle to violate this article.

(Code 1993, § 30-56; Code 2004, § 110-77; Code 2015, § 29-28)

Sec. 29-29. Compliance with article requisite in advertising.

No person shall use the term "taxi," "taxicab," "cab," or any term of similar meaning in advertising, nor shall any person, by any means, claim to be the operator, driver or chauffeur of a taxicab unless such person shall have complied with the sections in this article insofar as the sections shall be applicable.

(Code 1993, § 30-53; Code 2004, § 110-74; Code 2015, § 29-29)

Sec. 29-30. Inspection of vehicles.

Every taxicab for which a certificate has been granted by the City shall be inspected by the Chief of Police or a designated member of the police department or such other reputable agency as the Chief of Police may prescribe at regular intervals of at least every 12 months and at such other times as the Chief may prescribe. If such vehicle shall be found to be in violation of the requirements of this article, to have inoperable air conditioning or heating

equipment, or to be unsafe, the owner thereof shall be notified by the Chief at once of such defect, and such vehicle shall not be operated thereafter until such defect has been remedied. If upon inspection it is found that the odometer of a vehicle has been unlawfully tampered with, the vehicle shall be permanently rejected for use as a taxicab.

(Code 1993, § 30-13; Code 2004, § 110-33; Code 2015, § 29-30; Ord. No. 2015-198-205, § 1, 11-9-2015)

Sec. 29-31. Lettering and decal on vehicle.

(a) There shall be displayed on every taxicab lettering clearly showing the name and number of the owner thereof and indicating that such vehicle is a taxicab. Taxicabs shall use only the word "taxi," "cab" or "taxicab" to indicate that such vehicle is a taxicab. The color scheme and the size, content and character of such lettering and the position thereof on each such vehicle shall be assigned by the Chief of Police, and no vehicle shall be operated under this article unless and until such approval has been obtained. The failure of any owner to comply with such specifications also shall constitute a violation of this article.

(b) No vehicle shall be operated under this article unless the Chief of Police has first assigned to such vehicle a decal which shall be affixed to and visible from the left rear of the vehicle and which shall contain a number registered with the Chief of Police. Such decal shall not be transferred to another vehicle, shall be displayed at all times and shall not be removed except when such vehicle is no longer in service in the certificate holder's fleet or except upon direction of the Chief of Police.

(c) If a vehicle is for any reason taken out of service as a taxicab on a permanent basis, the owner of the vehicle shall within 72 hours remove the assigned decal along with all other indicia of the vehicle's use as a taxicab.

(d) It shall be unlawful to operate a vehicle which does not meet the requirements of this section.

(Code 1993, § 30-14; Code 2004, § 110-34; Code 2015, § 29-31; Ord. No. 2015-198-205, § 1, 11-9-2015)

Sec. 29-32. Taximeters.

Every taxicab shall be equipped with a taximeter prescribed by the Chief of Police by which the charge for hire is mechanically or electronically calculated, both for distance traveled and for waiting time, and upon which such charge shall be indicated by means of figures clearly visible to the passenger. The taximeter shall be equipped with a mechanical or electronic device by which the driver of a taxicab can put the taximeter in operation, and the device shall be kept in an operating position at all times during the transportation of paying passengers. Rooflights and meters shall operate by use of one switch only so that the light will automatically be lit when the meter is not running. It shall be unlawful for a driver to fail, refuse or neglect to put the taximeter in operation by means of the device when the transportation of every passenger is begun in the City and to keep the device in an operating position at all times during the transportation of each passenger. Taximeters shall be inspected and validated for accuracy during such inspections provided in Section 29-30, provided that the Chief of Police may require the meter's accuracy to be validated by such independent testing agencies as may be approved by the Chief. If such independent testing agency is used, the owner shall pay the costs of such validation. Any taxicab found to have a defective taximeter shall not be operated for taxicab service until such defect is corrected.

(Code 1993, § 30-15; Code 2004, § 110-35; Code 2015, § 29-32)

Sec. 29-33. Rates generally.

Except as provided for in this article, rates to be charged to passengers engaging a taxicab shall be fixed, prescribed or established by the Council, and it shall be unlawful for the owner or driver of any such vehicle to charge a rate above or below the rate so fixed, prescribed or established.

(Code 1993, § 30-16; Code 2004, § 110-36; Code 2015, § 29-33)

Sec. 29-34. Rates enumerated; special discount for military, elderly or disabled passengers.

(a) The rates to be charged passengers by certificate holders or drivers of taxicabs shall be as follows, and it shall be unlawful for a certificate holder to permit or a driver to make any greater or lesser charge for the transportation of passengers and baggage:

(1) For the first one-fifth mile: $2.50.

(2) For each succeeding one-fifth mile: $0.50.

(3) For each 80 seconds of waiting time. Waiting time shall include the time consumed while the taxicab is stopped or moving at a speed less than 15 miles per hour, and time consumed waiting for a passenger beginning five minutes after the time of arrival at the place to which it has been called and the time consumed while it is standing at the direction of the passenger. Waiting time shall not include and no charge shall be made for the time lost on account of inefficiency of the taxicab or its operation or time consumed by premature response to a call. No charge shall be made for mileage while waiting time is being charged: $0.50.

(4) For each additional passenger over one, provided that children six years of age or younger, when accompanying a fare-paying passenger, shall not be deemed additional passengers for the assessment of such additional charge: $1.00.

(b) For a trip originating between the hours of 9:00 p.m. and 6:00 a.m. of the day following, in addition to the charges registered on the meter, a surcharge of $1.00 per trip shall be added to compute the fare for such trip.

(c) The owner of any taxicab, upon receipt of satisfactory proof that a person is 65 years of age or older, disabled, active duty military or a veteran, may offer a discount not to exceed 20 percent of the total charge for transportation and services. For purposes of eligibility under this subsection, disabled persons include individuals who are physically, hearing, mentally, or visually impaired. The following identification may serve as satisfactory proof of age or disability:

(1) A valid driver's license;

(2) A valid GRTC Senior Citizens ID or Medicare Card;

(3) A valid GRTC Handicapped or Disabled Identification Card;

(4) A valid identification card issued by a public transportation provider to meet the requirements of the Federal Americans with Disabilities Act; or

(5) A valid military or veteran ID card.

(d) The owner of any taxicab may enter into written contracts with organizations and companies to provide taxicab services on a negotiated basis. The owner of any taxicab may enter into written contracts with individuals to provide, on a negotiated basis, regular service, as defined in Section 29-1. All such contracts must be kept and preserved and shall be subject to inspection in the main offices of the taxicab company during the terms of the contract and for 12 months after termination of the contract. The rates to be charged for such services under written contract shall not be fixed, prescribed, or established by the council. As required in Section 29-32, taximeters shall be in operation at all times during the transportation of passengers, however, the charge for such services shall be governed by the written contract, and not the taximeter.

(e) For a trip originating at Richmond International Airport, the rate shall be $10.00 or the charge registered on the meter, whichever is greater, plus the current airport taxicab access fee.

(f) When the most direct route to a passenger's destination requires payment of a toll, before proceeding drivers shall verify with the passenger that the route requires payment of a toll and that the passenger agrees to pay it.

(Code 1993, § 30-17; Code 2004, § 110-37; Code 2015, § 29-34; Ord. No. 2005-204-186, § 1, 9-12-2005; Ord. No. 2008-257-245, § 1, 10-27-2008; Ord. No. 2008-302-2009-3, § 1, 1-12-2009; Ord. No. 2013-2-10, § 1, 2-11-2013; Ord. No. 2015-112-121, § 1, 5-11-2015; Ord. No. 2015-198-205, § 1, 11-9-2015)

Sec. 29-35. Display of rates.

No taxicab shall be operated on the City streets in which there is not displayed at some conspicuous point inside of such vehicle, in full view of the passenger or person hiring such vehicle, the rates fixed, prescribed or established for use of any such vehicle. Such rates shall also be displayed on the exterior of each side of any taxicab in a manner to be approved by the Chief of Police.

(Code 1993, § 30-18; Code 2004, § 110-38; Code 2015, § 29-35)

Sec. 29-36. Rooflight required; failure to use.

Each taxicab shall be equipped with a light prescribed by the Chief of Police mounted to the roof of the taxicab

which shall indicate to the public that the vehicle is or is not under hire. The rooflight shall be lit when the vehicle is available to the public for hire. It shall be unlawful for a driver to fail, refuse or neglect to operate such rooflight or to operate such light in a misleading manner. Such light shall be inspected during such inspections as provided for in Section 29-30. Any vehicle found to have a defective rooflight shall not be operated as a taxicab until such defect is corrected.

(Code 1993, § 30-19; Code 2004, § 110-39; Code 2015, § 29-36)

Sec. 29-37. Solicitation of passengers.

No driver or any other person on behalf of a driver shall solicit patronage for any taxicab by word, signal or otherwise on any public street or public property in the City other than at such stands as may be designated and assigned in accordance with Section 29-38. However, this section shall not be construed to prevent a customer from hailing a taxicab.

(Code 1993, § 30-20; Code 2004, § 110-40; Code 2015, § 29-37)

Sec. 29-38. Stands.

(a) The Chief of Police shall designate such places in the City streets as taxicab stands as will, in the Chief's opinion, best serve the convenience of the public and shall prescribe the number of taxicabs that may be parked or stopped in each stand at any one time.

(b) Any taxicab for the operation of which a certificate of convenience and necessity has been issued shall have the privilege of parking or stopping in any taxicab stand when space is available therefor. It shall be unlawful for a driver to park or stop a taxicab at or near a taxicab stand when the number of taxicabs prescribed for the stand are parked or stopped in the stand. Only taxicabs may park at taxicab stands.

(Code 1993, § 30-21; Code 2004, § 110-41; Code 2015, § 29-38)

Sec. 29-39. Carrying more than one passenger.

No person other than the first person taken into a taxicab for transportation shall be allowed to enter the taxicab except upon the direction of the first person so taken into the cab, and the certificate holder shall not authorize or permit the driver of the taxicab or any other person nor shall the driver or any other person request the first person taken into a taxicab for transportation to allow another to be transported in the taxicab. Should the first person taken into a taxicab for transportation direct the driver to allow another to be transported in the taxicab, the first person so taken into the taxicab shall be liable for the payment of the fare for the transportation of all persons transported at the rates prescribed in this article, unless otherwise agreed upon by the driver and any one or all of the persons transported in the taxicab.

(Code 1993, § 30-22; Code 2004, § 110-42; Code 2015, § 29-39)

Sec. 29-40. Limitation on number of passengers.

It shall be unlawful for a driver to transport in a taxicab more than the number of passengers for which the vehicle is equipped with operable seatbelts that have been lawfully installed, which, in any event, shall not exceed six passengers.

(Code 1993, § 30-23; Code 2004, § 110-43; Code 2015, § 29-40)

Sec. 29-41. Transportation of passengers by most direct route; payment of toll charge.

Every driver of a taxicab shall transport each passenger from the place the passenger is received in such vehicle to the destination of the passenger by the most direct route, unless otherwise directed by the passenger.

(Code 1993, § 30-24; Code 2004, § 110-44; Code 2015, § 29-41; Ord. No. 2015-198-205, § 1, 11-9-2015)

Sec. 29-42. Nonpaying passengers.

No nonpaying passenger shall be transported with a paying passenger in any taxicab, except drivers in training and police officers engaged in the performance of any duty and unable to obtain other adequate means of transportation.

(Code 1993, § 30-25; Code 2004, § 110-45; Code 2015, § 29-42; Ord. No. 2015-198-205, § 1, 11-9-2015)

Sec. 29-43. Refusal of drivers to make trips; preference in response to service requests.

(a) No owner or driver of any taxicab shall refuse to transport any passenger to or from any part of the City or the Counties of Chesterfield, Hanover and Henrico unless it may be physically detrimental to such vehicle to do so or when it may endanger the driver or any of the occupants of the vehicle.

(b) Every certificate holder and driver shall give preference to calls or other requests for taxicab service in the order of their receipt.

(Code 1993, § 30-26; Code 2004, § 110-46; Code 2015, § 29-43; Ord. No. 2015-198-205, § 1, 11-9-2015)

Sec. 29-44. Receiving and discharging passengers.

Every taxicab shall receive and discharge passengers only at the right-hand curb of the street and only when at a full stop, except that passengers may enter or leave a taxicab from the left side at the left-hand curb of a one-way street.

(Code 1993, § 30-27; Code 2004, § 110-47; Code 2015, § 29-44)

Sec. 29-45. Drivers to remain with vehicles.

The driver of any taxicab shall remain in the vehicle or within five feet of the vehicle at all times while such vehicle is on the streets while under hire or parked at a taxicab stand, except while engaged at the request of the passenger hiring the vehicle in loading or unloading the baggage or other property of such passenger or in an emergency.

(Code 1993, § 30-28; Code 2004, § 110-48; Code 2015, § 29-45)

Sec. 29-46. Driving under influence of intoxicating beverage, narcotic or sedative substance.

It shall be unlawful for a driver to operate and drive a taxicab at any time while under the influence of any intoxicating beverage, narcotic, sedative, barbiturate, marijuana or other substance producing the effects of a narcotic or sedative or to be under such influence while on duty to provide taxicab service, whether or not actually operating or driving a taxicab, or to operate and drive a taxicab at any time with any alcoholic beverage in any quantity in such driver's personal possession or in the taxicab.

(Code 1993, § 30-29; Code 2004, § 110-49; Code 2015, § 29-46)

State law reference—Driving under influence of alcohol, etc., Code of Virginia, § 18.2-266 et seq.

Sec. 29-47. Use for lewd or indecent purpose or for acquisition of alcoholic beverage, narcotic, marijuana or controlled substance.

It shall be unlawful for a driver to permit a taxicab to:

(1) Be used for lewd or indecent purposes;

(2) Transport any person in a taxicab to any place for such purposes; or

(3) Knowingly acquire or transport for another in a taxicab any narcotics, marijuana or controlled substance.

(Code 1993, § 30-30; Code 2004, § 110-50; Code 2015, § 29-47)

Sec. 29-48. Prohibited weapons.

It shall be unlawful for a driver to operate and drive a taxicab at any time with dirk, bowie knife, nunchahka, nunchuck, shuriken, throwing star, oriental dart, blackjack, brass or metal knuckles or knife with a blade longer than three inches in length in such driver's personal possession or in the taxicab.

(Code 1993, § 30-31; Code 2004, § 110-51; Code 2015, § 29-48; Ord. No. 2004-209-189, § 2, 7-12-2004; Ord. No. 2015-198-205, § 1, 11-9-2015)

Cross reference—Offenses against public health and safety, § 19-290 et seq.

Sec. 29-49. Duty of driver to keep taxicab clean and sufficiently lighted.

It shall be unlawful for a taxicab driver to fail, refuse or neglect to keep any vehicle which the driver operates under this article clean and sufficiently lighted at night.

(Code 1993, § 30-32; Code 2004, § 110-52; Code 2015, § 29-49; Ord. No. 2015-198-205, § 1, 11-9-2015)

Sec. 29-50. Dress code for drivers.

Taxicab drivers shall be fully and neatly dressed and shall exhibit good personal hygiene without offensive body odor. All clothing shall be clean; shall be free of holes, rips or tears; and shall present a professional appearance. Clothing shall not exhibit any symbols, phrases or rendering that are obscene. Clothing shall comply with the following standards:

(1) Male drivers are required to wear long pants or professional length shorts, buttoned shirts with fold down collars and sleeves, and shoes. Pullover "polo" shirts, with fold-down collars, buttons and short sleeves, are permitted. Shoes shall be clean, closed-in and worn with socks. Hair, beards and moustaches must be neat, must be trimmed and must present a groomed appearance.

(2) Female drivers are required to wear long pants, professional length shorts, skirts, dresses (professional length), shirts or blouses, and shoes. Pullover "polo" shirts, with fold-down collars, buttons and short sleeves, are permitted. Shoes shall be clean, closed-in and worn with socks or stockings. Hair must be neat, must be trimmed and must present a groomed appearance.

(Code 1993, § 30-32.1; Code 2004, § 110-53; Code 2015, § 29-50)

Sec. 29-51. Time restrictions for drivers.

No certificate holder shall require a driver to and no driver shall drive a taxicab or remain on duty for such purpose longer than 13 hours in any 24-hour period.

(Code 1993, § 30-33; Code 2004, § 110-54; Code 2015, § 29-51)

Sec. 29-52. Hindering, retarding or interfering with transportation.

No person shall in any way intentionally hinder, retard or interfere with or cause to be hindered, retarded or interfered with the furnishing of transportation by any taxicab. Improper, misleading, false or unauthorized calls for taxicab service shall be prima facie evidence of the intention to hinder, retard or interfere with the proper operation of a taxicab and the furnishing of transportation thereby.

(Code 1993, § 30-34; Code 2004, § 110-55; Code 2015, § 29-52)

Sec. 29-53. Monitoring dispatches.

It shall be unlawful to monitor communications between a dispatcher and a taxicab or between two or more taxicabs for the purpose of responding to a call for taxicab service without the permission of the participants to the communication or of the company for whom they are employed.

(Code 1993, § 30-36; Code 2004, § 110-57; Code 2015, § 29-54; Ord. No. 2015-198-205, § 1, 11-9-2015)

Editor's note—Ord. No. 2015-198-205, § 2, adopted Nov. 9, 2015, repealed former § 29-53, which pertained to telephone listings for certificate holders, and derived from Code 1993, § 30-35; Code 2004, § 110-56.

Sec. 29-54. Lost and found property.

(a) It shall be unlawful for a driver to knowingly fail, refuse or neglect to preserve any property left in a taxicab by any passenger and to thereafter deliver it to the certificate holder.

(b) Each certificate holder shall carefully preserve all property left in a taxicab by any passenger and delivered to the certificate holder by a driver, which property shall be kept by the certificate holder. When the property shall have been identified and ownership established, a certificate holder shall make it available for pick up during normal business hours at the business location or as arranged between the certificate holder and the owner. Any property which shall not be called for within 30 days may be disposed of according to law.

(Code 1993, § 30-37; Code 2004, § 110-58; Code 2015, § 29-55; Ord. No. 2015-198-205, § 1, 11-9-2015)

Sec. 29-55. Application of traffic laws.

Every taxicab operated on the City streets shall be subject to all laws and ordinances regulating traffic applicable to other vehicles.

(Code 1993, § 30-38; Code 2004, § 110-59; Code 2015, § 29-56)

Sec. 29-56. Manifests; record of calls.

(a) The owner and the driver of a taxicab shall keep a manifest, which shall be a permanent record of the transportation of each passenger. Each manifest shall include the following:

(1) The name of the driver of the taxicab.

(2) The number of the taxicab approved by the Chief of Police.

(3) The address or place where the transportation of each passenger originated and the date and time thereof.

(4) The address or place and the date and time the transportation of each paying passenger terminated, which shall be recorded on the manifest upon the termination of each such transportation and before transportation of any other paying passenger has begun.

(5) The date and time each shift begins and ends.

(b) A manifest shall be carried by the driver in the taxicab at all times during the operation of such vehicle, and a separate manifest shall be kept for each day of operation of the vehicle, provided that a driver operating a taxicab at 12:00 midnight may continue to use the manifest bearing the date the work period commenced through the end of such work period. No later than 24 hours after the final entry on a manifest, it shall be delivered to the main office of the taxicab owner. The manifest, whether in possession of the driver or at the place from which the business is conducted or directed, shall be subject at all times to examination or inspection by the Chief of Police. Each manifest shall be kept and preserved for 12 months, and thereafter any manifest involved in any investigation made or being made by any police officer shall be kept and preserved for such length of time as the Chief shall require, upon written notice from the Chief to the certificate holder to that effect. No owner of a taxicab and no driver shall exhibit a manifest or be compelled to exhibit a manifest except to the Chief or to such person as the Chief may direct or upon court order.

(Code 1993, § 30-39; Code 2004, § 110-60; Code 2015, § 29-57)

Sec. 29-57. Public liability insurance required.

No owner shall be permitted to operate a taxicab or taxicab service within the City unless and until such owner shall have secured and deposited with the Chief of Police a certificate of insurance against public liability and property damage for each such vehicle so operated within the City, issued by a solvent insurance company licensed and duly authorized to execute such policy within the Commonwealth and to carry on business within the Commonwealth. Such certificate of insurance shall be issued to such owner on each taxicab owned or operated by such owner within the City and shall provide for the payment of any final judgment, not to exceed the sum of $100,000.00 for injury or death to any one person, the sum of $500,000.00 for total public liability for any one accident, the sum of $50,000.00 property damage in any accident and the sum of $10,000.00 for cargo liability, which may be rendered against such insured for or on account of damage to property for which such owner and drivers may be liable while operating or permitting to be operated such taxicab within the City or by reason of or growing out of the careless or negligent operation of such vehicle by such insured or an agent, drivers or employees within the City. Such certificate of insurance shall contain a clause obligating the company issuing the insurance to give ten days' written notice to the Chief of Police before cancellation thereof.

DIVISION 2. DRIVER'S PERMIT AND CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY

Subdivision I. In General

Sec. 29-90. Reciprocity.

Upon a finding by the Chief of Police that the County of Henrico, County of Chesterfield, County of Hanover or any county or city contiguous to the City, Henrico County, Chesterfield County or Hanover County or any of them has adopted an ordinance containing provisions comparable to this article and providing for reciprocity with the City, vehicles for which a person holds a current and valid certificate of public convenience and necessity issued

by the County of Henrico, County of Chesterfield, County of Hanover or any county or city contiguous to the City, Henrico County, Chesterfield County or Hanover County or any of them and drivers who hold a current and valid permit issued by the County of Henrico, County of Chesterfield, or County of Hanover or any county or city contiguous to the City, Henrico County, Chesterfield County or Hanover County or any of them will be deemed to have complied with the certificate and permit requirements of this article and shall be deemed to possess comparable certificates or permits, as the case may be, issued by the City while such city or county certificates or permits remain in good standing. However, no certificate or permit issued by the County of Henrico, County of Chesterfield, County of Hanover or any county or city contiguous to the City, Henrico County, Chesterfield County or Hanover County or any of them shall be valid in the City where the holder of such certificate or permit has applied for and been refused a permit or certificate by the City or has had such permit or certificate revoked by the City under this article and is not eligible for issuance of a permit or certificate by the City.

(Code 1993, § 30-58; Code 2004, § 110-79; Code 2015, § 29-90)

Sec. 29-91. Procedure upon denial or revocation of certificate of public convenience and necessity or driver's permit.

If an application for a certificate of public convenience and necessity or a taxicab driver's permit is refused or if a certificate of public convenience and necessity or a driver's permit is revoked under this article, the Chief of Police shall notify in writing the applicant or certificate or permit holder of such decision, the reason therefor, and the right to a hearing if a request therefor is made in writing to the Chief within ten days of the notice. If a request for a hearing is not made within ten days of the notice, the decision of the Chief shall be final. The hearing shall be held by the Chief, and the applicant or certificate or permit holder shall have the right to present such person's own case or have Counsel do so. Within a reasonable time after the hearing, the Chief shall render a decision. If the Chief shall refuse to issue or shall revoke a certificate or permit after a hearing, the holder thereof may, within ten days after the date of such action, file with the Circuit Court of the City a petition, in writing, to review the action of the Chief, with a copy of such petition to be served on the Chief. The filing of the petition with the Circuit Court shall not postpone the effective date of the decision of the Chief except by order of the court.

(Code 1993, § 30-51; Code 2004, § 110-72; Code 2015, § 29-91)

Sec. 29-92. False statement in application for certificate of public convenience and necessity or driver's permit.

It shall be unlawful for any person to knowingly make or cause to be made, either directly or indirectly, any false statement on an application for a certificate of public convenience and necessity or an application for a driver's permit required under this article.

(Code 1993, § 30-52; Code 2004, § 110-73; Code 2015, § 29-92)

Secs. 29-93—29-112. Reserved.

Subdivision II. Driver's Permit

Sec. 29-113. Required.

No person shall drive a taxicab subject to the requirements of this article unless such person first attends a basic taxicab driver orientation program, approved by the Chief of Police, and obtains a driver's permit from the Chief; provided, however, such person may be issued a temporary or provisional permit for a period not to exceed six months during which period such person shall attend the basic taxicab driver orientation program. The initial driver's permit shall last for 12 months following its issuance and may be renewed thereafter annually. The Chief shall prescribe a form to be used in applying for a renewal. Each applicant for a driver's permit shall pay an initial application fee of $20.00 and upon each annual request for renewal of such permit shall pay a fee of $20.00. The fee for replacement of lost, stolen or damaged permits shall be $10.00. The permit shall be valid for the operation of only those vehicles subject to a certificate of public convenience and necessity issued under this article.

(Code 1993, § 30-41; Code 2004, § 110-62; Code 2015, § 29-113; Ord. No. 2015-198-205, § 1, 11-9-2015)

Sec. 29-114. Application.

(a) Application for a taxicab driver's permit shall show the following:

(1) The full name of the applicant.

(2) Present address.

(3) Age and place of birth.

(4) Places of previous address and employment for the past five years.

(5) Height, weight, color of eyes, color of hair, and sex.

(6) Whether or not the applicant is in good physical condition.

(7) Whether or not the applicant has good hearing and good eyesight.

(8) Whether or not the applicant is or has been, within the period of two years last past, addicted to the use of intoxicating liquors, drugs or other forms of narcotics and, if so, to what extent.

(9) Whether or not the applicant has ever been convicted of, pleaded guilty to, or entered a plea of nolo contendere to any larceny, robbery, assault, battery, crime of moral turpitude, felony, or operating a vehicle while under the influence of alcohol or drugs and, if so, such other information as may be required by the Chief of Police.

(10) The record of the applicant with respect to traffic offenses connected with the operation of motor vehicles and other offenses affecting the suitability of the applicant as a person who should be permitted to operate a taxicab, including violations of this article or the provisions of any other law in this Commonwealth governing the operation of taxicabs or other for-hire vehicles.

(11) Whether or not the applicant has previously been employed or licensed as a chauffeur and, if so, whether or not any license or permit issued for such purpose has ever been revoked or suspended for any reason.

(12) What experience, if any, the applicant has had in the operation of motor vehicles.

(13) The name and address of the owner of the taxicab to be operated by the applicant and, if different, the name and address of the company for whom the applicant will be driving.

(14) Whether or not the applicant is required to register with the Sex Offender and Crimes against Minors Registry or is listed on the U.S. Department of Justice's National Sex Offender Public Website, and, if so, under what name the applicant is registered or listed.

(b) Each applicant shall apply for a driver's permit in person and shall have fingerprints taken, which fingerprints shall constitute a part of the application. Each applicant shall have filed with the application two recent personal photographs of a size designated by the Chief of Police, one of which shall be attached to and shall become a part of the application and the other of which shall be attached to the permit, if issued, in such a manner that no other photograph may be substituted therefor without probability of detection.

(Code 1993, § 30-42; Code 2004, § 110-63; Code 2015, § 29-114; Ord. No. 2019-256, § 1, 10-14-2019)

Sec. 29-115. Investigation of applicant; issuance, contents and display.

(a) The Chief of Police, upon the filing of an application for a taxicab driver's permit as set forth in Section 29-114 and after notice to the applicant and opportunity afforded the applicant to be heard, shall promptly make an investigation of the matters stated in the application. If the Chief shall find, upon such investigation, that the applicant possesses the necessary qualifications on the basis of the information furnished in the application and the investigation thereof, the Chief shall issue a permit card, which shall bear a number and which shall contain the following:

(1) The name, business address and a photograph of the applicant;

(2) The name of the owner of the vehicles to be operated by the applicant; and

(3) If different, the name of the company for whom the applicant will be driving.

The driver shall post the permit card in full view of the passenger in any taxicab which is being operated or is in charge of the applicant. The permit shall be valid only for the operation of such vehicle owned by the person listed on such permit card and shall not be valid for operation of any other taxicab until such time as the driver has provided written notification, on a form provided by the Chief, and shall have had the name of the owner of such

other vehicle indicated on the permit.

(b) The possession by a person of a valid, current driver's license issued by the State Department of Motor Vehicles shall create a presumption that such person has the minimum physical and mental qualifications provided in this article for driving a taxicab. However, if the Chief has doubts as to an applicant's physical or mental capability, the Chief may require the applicant to submit to a physical examination by a licensed doctor of medicine and to verify by written report filed by such doctor the applicant's physical or mental capabilities.

(Code 1993, § 30-43; Code 2004, § 110-6; Code 2015, § 29-115)

Sec. 29-116. Denial.

Subject to Section 29-91, the Chief of Police shall refuse to issue a taxicab driver's permit to a person who has filed an application as set forth in Section 29-115 if, based upon the application and after investigation, the Chief finds any of the following:

(1) The applicant has been convicted of, pleaded guilty to, or pleaded nolo contendere within the past three years to any felony.

(2) The applicant has been convicted of, pleaded guilty to, or pleaded nolo contendere within the past 12 months to any larceny, assault, battery, crime of moral turpitude or illegal possession of controlled substances where such crime is other than a felony.

(3) The applicant has been convicted of, pleaded guilty to, or pleaded nolo contendere within the past 12 months to operating a motor vehicle while under the influence of alcohol or drugs.

(4) The applicant has been convicted of, pleaded guilty to, or pleaded nolo contendere within the past 12 months to three or more moving violations under the motor vehicle laws of this Commonwealth other than those involving operating a motor vehicle while under the influence of alcohol or drugs.

(5) The applicant has been convicted of, pleaded guilty to, or pleaded nolo contendere within the past 12 months to three or more violations of this article or of any other local law in the Commonwealth governing the operation of taxicabs or other for-hire vehicles.

(6) The applicant has ever been convicted of, pleaded guilty to, or pleaded nolo contendere to any felony involving violence or to distribution of a controlled substance, or to any other felony or combination of felonies which indicates to the Chief of Police that the applicant is of unfit or unworthy character. The Chief shall consider the period of time that has passed since the conviction, plea, etc., as well as any other mitigating circumstances presented by the applicant.

(7) The applicant knowingly made or caused to be made, either directly or indirectly, any false statement on the application.

(8) The applicant otherwise lacks the following minimum physical or mental qualifications:

a. Drivers shall have no mental, nervous, organic or functional disease likely to interfere with safe driving.

b. Drivers shall have no loss or impairment of use of foot, leg, fingers, hand or arms or other structural defect or limitation likely to interfere with safe driving.

c. Drivers shall in any and all other respects satisfy the minimum mental and physical requirements for issuance of a driver's license by the State Department of Motor Vehicles.

(9) The applicant is less than 18 years of age.

(10) The applicant does not possess a valid and current driver's license issued by the State Department of Motor Vehicles.

(11) The applicant is prohibited by Code of Virginia, § 46.2-2011.33 from operating a taxicab for the transportation of passengers for remuneration over the highways of the Commonwealth.

(Code 1993, § 30-44; Code 2004, § 110-65; Code 2015, § 29-116; Ord. No. 2019-256, § 1, 10-14-2019)

Sec. 29-117. Revocation.

(a) Subject to Section 29-91, the permit of any driver of a taxicab shall immediately become void and shall be immediately surrendered upon the occurrence of any of the following:

(1) The driver is convicted of, pleads guilty to, or pleads nolo contendere to any felony;

(2) The driver is convicted of, pleads guilty to, or pleads nolo contendere to any larceny, assault, battery, crime of moral turpitude or illegal possession of controlled substances where such crime is other than a felony;

(3) The driver is convicted of, pleads guilty to, or pleads nolo contendere to operating a motor vehicle while under the influence of alcohol or drugs;

(4) The driver is convicted of, pleads guilty to, or pleads nolo contendere within a 12-month period to three or more moving violations under the motor vehicle laws of this commonwealth other than those involving operating a motor vehicle while under the influence of alcohol or drugs;

(5) The driver is convicted of, pleads guilty to, or pleads nolo contendere within a 12-month period to three or more violations of this article or of any other local law in this Commonwealth governing the operation of taxicabs or other for-hire vehicles;

(6) The Chief finds, after investigation, that the driver, within a three-year period, has on two or more occasions made a charge above or below the rates prescribed by Section 29-34;

(7) The Chief finds, after investigation, that the driver knowingly made or caused to be made, either directly or indirectly, any false statement on the application for a permit which was issued;

(8) The Chief finds, after investigation, that the driver no longer possesses the physical or mental qualifications prescribed in Section 29-116(8);

(9) The driver no longer possesses a valid and current driver's license issued by the State Department of Motor Vehicles; or

(10) The Chief finds, after investigation, that Code of Virginia, § 46.2-2011.33 prohibits the driver from operating a taxicab for the transportation of passengers for remuneration over the highways of the Commonwealth.

(b) All drivers and certificate holders shall notify the Chief of Police within 15 days of the occurrence of any event enumerated in subsection (a)(1), (2), (3), (4), (5), (9), or (10) of this section.

(Code 1993, § 30-45; Code 2004, § 110-66; Code 2015, § 29-117; Ord. No. 2015-198-205, § 1, 11-9-2015; Ord. No. 2019-256, § 1, 10-14-2019)

Sec. 29-118. Issuance after denial; reissuance after revocation.

Except as provided in Section 29-119, any person refused a taxicab driver's permit under Section 29-116 or whose driver's permit is revoked under Section 29-117 shall not be eligible for issuance of a new permit until such time as the grounds for refusal of a permit under Section 29-116 no longer apply. However, if a driver's permit is refused or revoked for knowingly making or causing to be made, either directly or indirectly, any false statement or for making a charge above or below the rates prescribed by Section 29-34 or if a driver's permit is revoked under Section 29-117(a)(3), (4) or (5), such driver shall not be eligible until 12 months from the date of refusal or revocation or from the date the Chief of Police was informed of the grounds supporting such revocation, whichever is later.

(Code 1993, § 30-46; Code 2004, § 110-67; Code 2015, § 29-118)

Sec. 29-119. Probationary permit.

(a) The Chief of Police may issue a probationary permit to an applicant for a taxicab driver's permit who fails to meet the standards set forth in Section 29-116(1) upon the recommendation of a court whose conviction of the applicant resulted in ineligibility for a permit under this article; provided, however, that a probationary permit shall not be issued to any such applicant who has, within 12 months of the date of application, been convicted at trial of a felony or has pleaded guilty or nolo contendere thereto.

(b) The Chief may issue a probationary permit to a driver, following revocation of such driver's permit under

Section 29-117(a)(1), upon the recommendation of a court whose conviction of the driver resulted in ineligibility for a permit under this article; provided, however, that a probationary permit shall not be issued to such driver sooner than 12 months from the date of revocation of the driver's permit.

(c) A probationary permit shall be effective until such time as the driver is eligible for reissuance under Section 29-140; provided, however, that a probationary permit may be revoked at any time by the Chief upon a finding of violation of any section of this article.

(Code 1993, § 30-47; Code 2004, § 110-68; Code 2015, § 29-119)

Secs. 29-120—29-136. Reserved.

Subdivision III. Certificate of Public Convenience and Necessity

Sec. 29-137. Generally.

(a) *Required*. It shall be unlawful to operate or cause to be operated within the City any taxicab unless a certificate of public convenience and necessity has been issued to the owner thereof by the Chief of Police covering the operation of such vehicle and unless the conditions, regulations and restrictions set forth and prescribed in this article have been complied with by such owner. An owner shall operate under only one certificate, and the certificate shall provide for the operation of a specified number of taxicabs. It shall be unlawful to operate or cause to be operated more vehicles than the number provided in the certificate. Additional vehicles may be operated by a certificate holder only upon written application on a form provided by the Chief of Police, approval of such application, payment of fees provided under this article and compliance with all other sections of this article.

(b) *Expiration; application and renewal.* The certificate of public convenience and necessity shall remain in effect until January 31 following its issuance and may be renewed thereafter annually. The Chief of Police shall prescribe a form to be used in applying for the certificate and a form to be used in applying for a renewal.

(c) *Interruption of use; lapse*. A certificate of public convenience and necessity shall lapse with respect to an individual vehicle or any one of the specified number of vehicles for which the certificate has been issued when the particular vehicle has not been used to provide taxicab service for 60 or more consecutive days.

(d) *Transferability*. A certificate of public convenience and necessity shall not be transferable.

(e) *Fees*. In addition to any other fees prescribed elsewhere in this Code, each applicant for a certificate of public convenience and necessity shall pay an application fee of $15.00 per vehicle listed in the certificate and upon each annual request for renewal of such certificate shall pay the same fee.

(f) *Limitation of number issued.* When it appears that it is in the public interest to limit the number of the owner's certificates issued by the Chief of Police, the Council may, if it finds after an advertised public hearing that it is in the public interest, prescribe the maximum number of vehicles for which such certificates are to be issued. Thereafter, no new certificates shall be issued until the total number of vehicles for which certificates are outstanding is less than the prescribed number, provided that renewal of an existing certificate shall not be regarded as a new certificate for purposes of this section.

(g) *Age and mileage limits of vehicles under certificate*. It shall be unlawful for a certificate holder to place into service a taxicab which either is more than 12 model years old or which is more than eight model years old and has more than 300,000 miles at the time it is placed into service.

(h) *Minimum specifications for vehicles.* It shall be unlawful for a certificate holder to place into service a taxicab unless the vehicle is a hardtop vehicle with a minimum of four doors and wheel size of at least 14 inches.

(Code 1993, § 30-12; Code 2004, § 110-32; Code 2015, § 29-137; Ord. No. 2015-198-205, § 1, 11-9-2015)

Sec. 29-138. Denial.

Subject to Section 29-91, the Chief of Police shall refuse to issue a certificate of public convenience and necessity pursuant to this article to a person who has filed an application therefor under this article if, after investigation, the Chief finds any of the following:

(1) The applicant's vehicles do not meet the standards set forth in Section 29-30, 29-31, 29-32, 29-35 or 29-36;

(2) The applicant fails to meet the requirements of Section 29-56 or 29-57;

(3) The applicant has been convicted of, pleads guilty to, or pleads nolo contendere within the past 12 months to three or more violations of this article or of any other local law in the Commonwealth governing the operation of taxicabs or other for-hire vehicles; or

(4) The applicant knowingly makes or causes to be made, either directly or indirectly, any false statement on the application.

(Code 1993, § 30-48; Code 2004, § 110-69; Code 2015, § 29-138)

Sec. 29-139. Revocation.

Subject to Section 29-91, the certificate of public convenience and necessity issued pursuant to this article shall immediately become void and shall be immediately surrendered upon the occurrence of any of the following:

(1) The Chief of Police determines, after investigation, that any or all of the vehicles subject to the certificate fails to comply with Section 29-30, 29-31, 29-32, 29-35 or 29-36 and the certificate holder, after notification of the violations, knowingly operates or permits to be operated such vehicle prior to correcting the violation;

(2) The Chief determines, after investigation, that the certificate holder is in violation of Section 29-56 or 29-57 and the certificate holder knowingly fails to comply with such section within 15 days after notification of such violation;

(3) The certificate holder is convicted of, pleads guilty to, or pleads nolo contendere within a 12-month period to three or more violations of this article or of any other local law in this Commonwealth governing the operation of taxicabs or other for-hire vehicles;

(4) The Chief finds, after investigation, that the certificate holder has knowingly made or caused to be made, either directly or indirectly, any false statement on the application for a permit which was issued to such certificate holder; or

(5) The Chief finds, after investigation, that a charge has been made above or below the rates prescribed by Section 29-34 with the knowledge, consent or permission of the certificate holder.

(Code 1993, § 30-49; Code 2004, § 110-70; Code 2015, § 29-139)

Sec. 29-140. Issuance after denial; reissuance after revocation.

Any person refused a certificate of public convenience and necessity under Section 29-138 or whose certificate of public convenience and necessity is revoked under Section 29-139 shall not be eligible for issuance of a new certificate until such time as the grounds for refusal of a certificate under Section 29-138 no longer apply. However, if a certificate is refused or revoked for knowingly making or causing to be made, either directly or indirectly, any false statement or for the fact that a charge was made above or below the rates prescribed by Section 29-34 with the knowledge, consent or permission of the certificate holder, such owner shall not be eligible until 12 months from the date of refusal or revocation.

(Code 1993, § 30-50; Code 2004, § 110-71; Code 2015, § 29-140)

Secs. 29-141—29-164. Reserved.

ARTICLE III. INTRAURBAN BUSES

Sec. 29-165. Applicability.

The operation in the City of motorbus passenger transportation for hire, except vehicles under the exclusive jurisdiction of the State Corporation Commission and sightseeing vehicles, shall be subject to the conditions, regulations and restrictions set forth in this article. However, motorbuses operated for the transportation of passengers by the City or by any company, corporation or entity which is owned by or is otherwise controlled by the City shall be exempt from the requirements of obtaining a permit and furnishing bond as required in Section 29-166, from the payment of a percentage of gross receipts or flat sum as provided in Section 29-168, from Section 29-169 regarding a system of accounts and bookkeeping, and from Section 29-191 concerning indemnification to

be provided for the City.

(Code 1993, § 30-71; Code 2004, § 110-111; Code 2015, § 29-165)

Sec. 29-166. Intent.

It is not intended by this article to grant or offer any franchise, but it is intended to regulate motorbus passenger transportation for hire in the City.

(Code 1993, § 30-72; Code 2004, § 110-112; Code 2015, § 29-166)

Sec. 29-167. Permit; agreement; bond.

(a) Before any person shall operate any motorbuses on the routes authorized in this article, such person shall file with the Director of Finance an application for a permit to do so and file with the City Clerk a written agreement, in the form approved by the City Attorney, that such person will conform to and comply with all sections of this article. No permit shall be granted to any person to operate under this article unless such person shall undertake to operate on all such routes.

(b) Upon receipt of the application and the filing of the agreement, the Director of Finance shall issue a permit, in the form approved by the City Attorney, authorizing the applicant to operate buses as provided for in this article, upon the filing with the Director of Finance a bond, with surety approved by the City Attorney, in the sum of $30,000.00. The bond shall be conditioned that the applicant will conform to and comply with the conditions and sections of this article and will indemnify and save harmless the City or any other person from any and all claims, demands or judgments on account of injuries or damages occasioned by the negligence of such applicant.

(c) Upon the filing and approval of such bond, the applicant shall be authorized to operate buses as provided in this article. Such bond shall at all times be kept in force and effect for the full amount of $30,000.00. If suit shall be brought against the City, either independently or jointly with the operator under this article, such operator, upon notice to such operator by the City, shall defend the City in any such suit at the cost of such operator. If a final judgment is obtained against the City, either independently or jointly with such operator, the operator shall pay the judgment with all costs and hold the City harmless therefrom.

(Code 1993, § 30-73; Code 2004, § 110-113; Code 2015, § 29-167)

Sec. 29-168. Operator's examination and permit required.

No person shall operate any vehicle under this article until such person shall have appeared before the Chief of Police and passed an examination evidencing the ability to operate such vehicle and knowledge of the traffic laws of the State and of the City and shall have obtained a permit, in writing, from the Chief to that effect. However, the Chief shall not approve any application for such permit from any person who is under the age of 18 years.

(Code 1993, § 30-74; Code 2004, § 110-114; Code 2015, § 29-168)

Sec. 29-169. Payment for use of streets.

(a) Any person operating under this article shall pay annually into the City treasury for the use of the streets an amount of $1.00, which payments shall be due on January 1 in each year. All of the payments to be made under this section shall be a lien upon the vehicles and property of such operator, prior and superior to any other lien or encumbrance thereon. Should any such operator fail to make any such payment within 30 days after the payment shall become due and payable, the operator shall be liable to a fine of not less than $5.00 nor more than $100.00, and each day's failure shall be a separate offense. Should the operator continue for 60 days in default as to any such payment, the Director of Finance may require and order the operator to cease running or operating vehicles upon the City streets or any part thereof until such payment shall have been made to the City. Should any operator, after notice of any such requirement by the City and while so continuing in default, run or operate any vehicles on the City streets, such operator shall be liable to an additional fine of not less than $5.00 nor more than $100.00 for each vehicle so operated, and each day's operation of the vehicle shall constitute a separate offense.

(b) The payment of such sums for the use of the streets shall be in lieu of all City license taxes, but it is expressly stipulated that such payments shall not affect the liability of the operator for general taxation at the rate assessed on the property of other persons in the City, which liability for general taxation is hereby expressly recognized and shall continue during the whole period for which this article remains in force.

(Code 1993, § 30-75; Code 2004, § 110-115; Code 2015, § 29-169)

Sec. 29-170. System of accounts and bookkeeping.

A standard form of accounts and system of bookkeeping, to be approved by the Director of Finance, shall be kept and observed by any person operating under this article, insofar as the system of accounts and bookkeeping applies to the motorbus transportation, and the Director of Finance or some accountant duly authorized by the Council shall have the right and privilege at any time to examine the books of such person in order to verify or, if need be, to correct the books or any returns and reports made by such person therefrom.

(Code 1993, § 30-76; Code 2004, § 110-116; Code 2015, § 29-170)

Sec. 29-171. Minimum seating capacity; number of passengers received for transportation.

No intraurban motorbus of a seating capacity of less than 15 passengers shall be operated on the City streets in service under this article. The number of passengers received for transportation shall be limited to such seating capacity, plus such additional number as may be authorized by the Chief of Police.

(Code 1993, § 30-77; Code 2004, § 110-117; Code 2015, § 29-171)

Sec. 29-172. Designation of routes generally.

Except as otherwise provided, the operation of any motorbus system of passenger transportation under this article shall be along such routes as are or shall be designated by the operator of the motorbus system of passenger transportation and subject to this article.

(Code 1993, § 30-79; Code 2004, § 110-119; Code 2015, § 29-172; Ord. No. 2013-144-158, § 1, 9-9-2013)

Sec. 29-173. Regular operation over authorized routes.

Any person operating under this article shall regularly operate vehicles over the routes authorized as provided in this article, unless prevented from doing so by an act of God or other causes not reasonably preventable. Should it be necessary in the prosecution of any public work to stop temporarily the operation of such vehicles, it may be done on the order of the Chief of Police, and in such case the City shall not be liable and such person shall be held free from all claims of the City for damages or penalties by reason of the delay or suspension of the business or traffic.

(Code 1993, § 30-80; Code 2004, § 110-120; Code 2015, § 29-173)

Sec. 29-174. Routes for school buses; applicability of article to school buses.

Intraurban motorbuses used for the exclusive transportation of children attending public and private schools in going to and returning therefrom shall be operated over routes authorized by the Chief of Police and approved by the Chief Administrative Officer. All of this article shall in all respects apply to the operation of such buses over the routes so prescribed and the use of the streets for such purpose.

(Code 1993, § 30-81; Code 2004, § 110-121; Code 2015, § 29-174; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 29-175. Changes in routes.

The right to continue to operate on intraurban bus routes provided shall be upon the condition that the operator of the motorbus system of passenger transportation shall annually review any needed changes of routes or any extension thereof, and the routes shall be made and established with all reasonable dispatch and diligence.

(Code 1993, § 30-82; Code 2004, § 110-122; Code 2015, § 29-175; Ord. No. 2013-144-158, § 1, 9-9-2013)

Sec. 29-176. Deviation from authorized routes.

No deviation from routes authorized as provided in this article shall be practiced or permitted. However, if any authorized route shall be obstructed on any block, drivers of motorbuses may, unless the Chief of Police shall otherwise direct, make a detour by the nearest streets around the blocks on which such obstruction exists, returning to the prescribed route as soon as the obstruction shall have been passed.

(Code 1993, § 30-83; Code 2004, § 110-123; Code 2015, § 29-176)

Sec. 29-177. Operation on unauthorized route.

It shall be unlawful for the driver of any motorbus operated under this article to operate such vehicle on any route or street other than the route or street which may be authorized as provided in this article.

(Code 1993, § 30-84; Code 2004, § 110-124; Code 2015, § 29-177)

Sec. 29-178. Temporary extensions and adjustments of existing school bus routes.

The Chief of Police, for the purpose of ensuring adequate service for the transportation of pupils to and from the public schools of the City, may, for a period not exceeding 90 days, authorize extensions of or adjustments of existing bus routes.

(Code 1993, § 30-85; Code 2004, § 110-125; Code 2015, § 29-178)

Sec. 29-179. Temporary modification of routes.

The Chief of Police is hereby empowered in all cases of fire, accident, parades, obstructions, breaks in or repairs to streets or any other emergency which requires such action to temporarily modify the routes provided for in this article and require the use of such other streets as, in the Chief's opinion, the public convenience and safety may require, until the emergency calling for such action shall have been terminated.

(Code 1993, § 30-86; Code 2004, § 110-126; Code 2015, § 29-179)

Sec. 29-180. Maintenance of schedules.

Any person operating under this article shall operate and maintain regular schedules so as to render reasonable service on each route served by the business operated by such person, provided that the City Council may, from time to time, require service of such person on such schedules as public needs may demand.

(Code 1993, § 30-87; Code 2004, § 110-127; Code 2015, § 29-180)

Sec. 29-181. Condition of vehicles.

Any person operating under this article shall, at all times, keep all buses or vehicles operated by such person clean, sufficiently ventilated, efficiently lighted at night and adequately heated with safe and convenient appliances whenever the weather is such that heating is essential to the comfort of passengers.

(Code 1993, § 30-88; Code 2004, § 110-128; Code 2015, § 29-181)

Sec. 29-182. Standards of maintenance and operation.

Any person operating under this article shall at all times maintain and operate the transportation system in accordance with the most approved methods and by use of the most approved means of surface transportation, without and otherwise than by the construction or use of railway tracks or the erection of poles and wires, and shall maintain all of the physical property used and operated at the highest practical standard of efficiency.

(Code 1993, § 30-89; Code 2004, § 110-129; Code 2015, § 29-182)

Sec. 29-183. Observance of signs and orders of police officers.

All vehicles operated under this article shall be made to observe and comply with all orders given by word or sign by City police officers and with all signs and directions placed in the streets by the Chief of Police.

(Code 1993, § 30-90; Code 2004, § 110-130; Code 2015, § 29-183)

Sec. 29-184. Stops.

All vehicles operated under this article shall stop for the purpose of taking on or letting off passengers at such points or places as shall be designated by the Chief of Police. All such points or places shall be clearly marked by suitable signs, to be placed and maintained at the cost and expense of the City.

(Code 1993, § 30-91; Code 2004, § 110-131; Code 2015, § 29-184)

Sec. 29-185. Money or property left in vehicles.

The person in charge of any vehicle operated under this article shall carefully preserve any money or other property left in such vehicle by any passenger, and the money or other property shall be promptly deposited with the person owning or operating such vehicle, to be kept at some convenient point within the City, where the money

or other property may be called for by the owner. When such money or property shall have been identified and ownership established, the money or property shall be promptly delivered to such owner. Any property, whether money or other thing, which shall not be called for within three months shall be disposed of according to law.

(Code 1993, § 30-92; Code 2004, § 110-132; Code 2015, § 29-185)

Sec. 29-186. Lights in interior.

No motor vehicle operating under this article shall be operated between one-half hour after sunset and one-half hour before sunrise, except in an emergency, unless sufficient light is provided to adequately light the whole of the interior of such vehicle.

(Code 1993, § 30-93; Code 2004, § 110-133; Code 2015, § 29-186)

Sec. 29-187. Prohibited conduct of passengers.

(a) It shall be unlawful for any passenger, while aboard any vehicle operating under this article, to:

(1) Smoke or have in such passenger's possession a lighted cigar, cigarette or pipe while such vehicle is being operated;

(2) Play any radio, tape recorder or other similar instrument, except when such instrument is connected to an earphone or similar device that limits the sound to the individual user;

(3) Carry or be accompanied by live animals of any kind, except a guide dog properly harnessed and accompanying a blind passenger;

(4) Consume any food or drink; or

(5) Utter any profanity or obscenity.

(b) Any passenger who engages in any such act shall, upon conviction, be guilty of a Class 3 misdemeanor and shall also forfeit any right to remain in the vehicle. The driver of the vehicle shall have the right to order such passenger to leave the vehicle. Any passenger who refuses to leave upon being so ordered shall, upon conviction, be guilty of trespass, a Class 1 misdemeanor.

(Code 1993, § 30-94; Code 2004, § 110-134; Code 2015, § 29-187)

Sec. 29-188. Maintenance of vehicles and equipment.

All vehicles and the equipment used in connection therewith operated under this article shall at all times be kept in proper physical condition to the satisfaction of the Chief of Police so as to render safe, adequate and proper public service and so as not to be a menace to the safety of the occupants or of the general public.

(Code 1993, § 30-95; Code 2004, § 110-135; Code 2015, § 29-188)

Sec. 29-189. Fares.

(a) *Generally*. The fare charged on the routes authorized pursuant to the provisions of Section 29-172 shall be as follows, except as otherwise provided in this section:

(1) Cash.

a. Local routes: $1.50.

b. Commuter express routes: $2.00.

c. Senior: $0.75.

d. Disability (incapacitated): $0.75.

(2) Special services (fare), one-way transportation to or from a civic, cultural or sporting event, or a like activity (tickets and passes not to be honored for such transportation): $2.50.

(3) 19 Pemberton Road Bus: $2.00.

(4) CARE, one way.

a. When required by the Americans with Disabilities Act of 1990, 42 USC 12101—12213 (2000):

$3.00.

b. When not required by the Americans with Disabilities Act of 1990, 42 USC 12101—12213 (2000): $6.00.

(5) Extended Express: $2.75.

Any citizen eligible for Medicare and who has been issued a Medicare card, upon presentment of such Medicare card and a government-issued or transit operator issued photo identification card, or any other person 65 years of age, or older, upon proof of age satisfactory to the transit company, is eligible for the senior fare.

Any individual who by reason of illness, injury, age, congenital malfunction or other permanent or temporary incapacity or disability, including those who are non-ambulatory, wheelchair bound and those with semi-ambulatory capabilities, who are unable without special facilities or special planning or design to utilize mass transportation facilities and services as effectively as persons who are not so affected is eligible for the disability fare upon presentment of a government-issued or transit operator-issued photo identification card.

Qualification for such reduced fare will be subject to regulations established by the transit operator, including the issuance of temporary and permanent identification materials.

Each passenger paying a fare as provided for herein may carry in the buses operated under this article, free of charge, one child under five years of age, but where two or more children under five years of age accompany one passenger, the fare to be paid for such children shall be at the rate of two children for one full fare, and such children shall be entitled to all the privileges of a passenger paying the regular fare.

All members of the fire and emergency services department and police department of the City, while in uniform or wearing their official badges, shall be permitted to ride upon buses operated under this article without charge or payment of fare therefor. Police officers and firefighters whose regular official duties are such that they are performed while such officials are not in uniform or wearing their official badges, upon application to owner of such buses operated under this article, signed by the heads of their departments, respectively, shall be furnished free of charge fare cards or passes for the use of such officials while on official business.

(b) *Fare passes.* A fare pass program may be established for routes authorized pursuant to the provisions of Section 29-172 whereby daily, weekly, and monthly fare passes may be issued for all local and express routes and unlimited use passes may be issued to apply during special events set forth in this subsection. Fares under any such fare pass program shall be as follows:

(1) Local service, unlimited use:

a. One day: $3.50.

b. Seven days: $17.50.

c. 30 days: $60.00.

(2) Express service, unlimited use:

a. One day: $4.50.

b. Seven days: $22.50.

c. 30 days: $80.00.

(3) 19 Pemberton, unlimited use:

a. One day: $4.50.

b. Seven days: $22.50.

c. 30 days: $80.00.

(4) Special event pass, unlimited use:

a. Union Cycliste Internationale World Championships, 11 days: $35.00.

(5) Senior, Medicare, or minor (six to 18), unlimited use:

a. One day: $1.75.

b. Seven days: $8.75.

c. 30 days: $35.00.

(6) One ride plus:

a. When two different bus trips needed to reach destination: $1.75.

(c) *Special promotions.* From time to time a transit company operating buses under this article may provide for special promotion passes at a rate of not less than 50 percent of the cash fare as set forth in subsection (a) of this section. The term "special promotion" shall mean an event which is designed to promote the civic, cultural, or economic growth of the City.

Contracting. Notwithstanding other provisions contained in this article, a transit company operating buses under provisions of this article is hereby authorized to contract with any person to provide service over any regular routes, currently approved by the council, in order for such person to promote or advertise a legitimate business or profession, subject to the following conditions:

(1) In addition to promotional painting or advertising that any bus or buses used in such promotional enterprise may display, the bus or buses shall carry the route designation or designations as displayed on all regularly operated buses of such transit company;

(2) No such promotional bus or buses shall deviate from the regular routes prescribed by the council;

(3) Fares for riders shall conform to the fare schedules set forth in this article; provided, however, that a lowered fare may be charged, or no fare charged, on such promotional bus or buses, but any such change in fare must be clearly marked on each such promotional bus; and

(4) Any bus or buses transporting riders for a lowered fare, or for no fare, shall operate over a route or routes selected by lot by any transit company operating buses under the provisions of this article.

Promotional routes. Nothing contained in this section shall prohibit a transit company operating buses under this article from establishing its own promotional routes at a lower fare or at no fare provided any promotional bus or buses be clearly marked to indicate such change from regular fare schedules.

(d) *Transit company promotions.* From time to time, in order to promote ridership on a new or modified route, a transit company operating buses under this article may make a one-time reduction in the cash fare or offer a one-time free fare for no more than one 48-hour period following the commencement of operations over such new or modified route. Notwithstanding the preceding sentence, the first seven days that a bus company operating buses under this article operates a bus rapid transit system in the City in 2018, such transit company may offer free fares as a promotion.

(e) *Convention pass.* From time to time, a transit company operating buses under this article may provide for the sale of convention passes that may be used for unlimited rides during the term of the convention for which the pass is sold. The user must present the pass and delegate badge or similar identification in order to be permitted to ride the bus. A convention pass shall only be available as a part of a convention registration package, and the cost of such convention pass shall vary and be computed on the period of time such convention shall be in session.

(f) *CARE paratransit service.* CARE paratransit service shall be provided to the extent required pursuant to the Americans with Disabilities Act of 1990, 42 USC 12101—12213 (2000). CARE paratransit service not required pursuant to the Americans with Disabilities Act of 1990, 42 USC 12101—12213 (2000), shall be provided only from 6:00 a.m. until 8:00 p.m., Monday through Sunday. Notwithstanding any other provision of this section to the contrary, a transit company operating buses pursuant to this article shall neither charge nor collect any fare from qualified CARE riders who reside in the City of Richmond for transportation within the mandatory Americans with Disabilities Act of 1990, 42 USC 12101—12213 (2000), service area of the City of Richmond on fixed routes on which such transit company provides service.

(g) *Fare enforcement inspectors.* A transit company operating any form of mass transit pursuant to this article may appoint fare enforcement inspectors and establish the qualifications for their appointment. Fare enforcement inspectors shall have the power to:

(1) Request patrons at transit boarding locations or on transit vehicles to show proof of payment of the

applicable fare;

(2) Inspect the proof of payment for validity;

(3) Issue a civil summons for violations authorized by Code of Virginia, § 18.2-160.3;

(4) Assist with crowd control while on a transit vehicle or at a transit boarding location; and

(5) Perform such other customer service and safety duties as may be assigned by the transit company.

(h) *Failure to produce proof of payment; penalty.* It shall be unlawful for any person to board or ride a transit operation operated by a transit company operating any form of transit pursuant to this article when he fails or refuses to pay the applicable fare or refuses to produce valid proof of payment of the fare upon request of a fare enforcement inspector. Any person who violates this section shall be liable for a civil penalty of not more than $100.00 to be deposited into the City treasury. Any person summoned for a violation may make an appearance in person or in writing by mail to the Department of Finance, or the designee of the Department of Finance, as specified on the summons prior to the date fixed for trial in court. Any person so appearing may enter a waiver of trial, admit liability, and pay the civil penalty established for the violation charged. The fare enforcement inspector shall inform such persons of their right to stand trial and that a signature to an admission of liability will have the same force and effect as a judgment of court. If a person charged with a violation does not elect to enter a waiver of trial and admit liability, the violation shall be brought by the transit company and tried as a civil case in the general district court in the same manner and with the same right of appeal as provided for by law. In any trial for a violation authorized by Code of Virginia, § 18.2-160.3, it shall be the burden of the transit company to show the liability of the violator by a preponderance of the evidence. The penalty for failure to pay the established fare on transit properties covered by another provision of law shall be governed by that provision and not by Code of Virginia, § 18.2-160.3. The penalty imposed by this section shall not apply to a law enforcement officer while such officer is engaged in the performance of such officer's official duties.

Sec. 29-190. Maintenance of efficient service.

Adequate and efficient public service at the rates specified in this article or as the rates may be prescribed by the City Council shall at all times be maintained by any person operating under this article.

(Code 1993, § 30-97; Code 2004, § 110-137; Code 2015, § 29-190)

Sec. 29-191. Indemnification of City.

Any person operating under this article shall, by acceptance in writing of the terms and conditions of this article, agree to keep and hold the City free and harmless from liability for all damages that may accrue to such person or to any person on account of injury or damage to person or property, directly or indirectly, growing out of the construction of works or out of the operation of vehicles under this article, wherever the City is liable therefor. If suit shall be brought against the City, either independently or jointly with such person on account thereof, such person, upon notice by the City, shall defend the City in such suit. If a judgment is obtained against the City, either independently or jointly with such person on account of the acts or omissions of such person, such person shall pay the judgment, with all costs, and hold the City harmless therefrom.

(Code 1993, § 30-98; Code 2004, § 110-138; Code 2015, § 29-191)

Sec. 29-192. Motive power.

The power by which the system of passenger transportation authorized under this article shall be operated shall be by gasoline motor or such other motor power or combination of power, except steam, as may be authorized or required from time to time by the City Council.

(Code 1993, § 30-99; Code 2004, § 110-139; Code 2015, § 29-192)

Sec. 29-193. No vested rights in streets.

No person operating under this article shall acquire any vested rights in the City streets or any vested right to use the City streets.

(Code 1993, § 30-100; Code 2004, § 110-140; Code 2015, § 29-193)

Sec. 29-194. Reservation of Council's rights.

The City Council reserves its rights as expressed in this article to change routes, require extensions, fix fares and regulate service, but recognizes that in its action on any of such matters the ability of the person operating under this article to earn a reasonable return on the fair value of the property used in this service should be respected.

(Code 1993, § 30-101; Code 2004, § 110-141; Code 2015, § 29-194)

Sec. 29-195. Length and width of buses.

Motor vehicles operated on the City streets under this article may have a total outside width up to but not exceeding 102 inches and a total length up to but not exceeding 40 feet. However, whenever passenger buses exceeding a total outside width in excess of 96 inches or a total length in excess of 35 feet are to be used, permits therefor must be obtained from the Chief of Police who in such permits shall designate the routes upon which passenger buses of such dimensions may be used.

(Code 1993, § 30-102; Code 2004, § 110-142; Code 2015, § 29-195)

Sec. 29-196. Special permit to operate.

Whenever the holder of a permit issued under Section 29-167 fails for any cause to provide motorbus passenger transportation over the routes prescribed in this article, the Chief Administrative Officer is authorized to issue permits for specific periods of time to any persons applying therefor who are the owners of passenger-carrying motor vehicles and who produce proof satisfactory to the Chief Administrative Officer of such ownership to provide such service through the operation of the vehicles over such routes or any part thereof, upon the following terms and conditions:

(1) No other persons shall operate or shall be permitted to operate such vehicles for that purpose, and such persons shall be bound by, shall observe and shall comply with all of the applicable sections of this Code, except Sections 29-166 through 29-173, 29-186, 29-189, 29-192 and 29-197.

(2) The fare charged for transporting each passenger shall not exceed $0.25 for each one-way trip from the point of origin to the point of destination along any route, and the rate of fare charged shall be posted in or on each vehicle so used in such manner and place as shall be prescribed by the Chief Administrative Officer.

(3) No license tax shall be assessed or required to be paid for such use of the streets.

(4) Every such person shall obtain a liability insurance contract of an insurance company authorized to do business in the State to indemnify, reimburse and save harmless any other person from all claims, demands or judgments on account of injuries or damages occasioned by the negligence of such person in so using the streets. The contract shall be limited to not less than $5,000.00 to cover the injury to or death of one person and not less than $10,000.00 to cover the injury to or death of more than one person in any one accident, together with property damage coverage of not less than $5,000.00. A certificate to the effect that such insurance is in effect shall be obtained from such insurance company and filed in the Office of the Director of Finance.

(5) The permit issued by the Chief Administrative Officer shall expire and the privileges granted thereunder shall cease when the time for which it was issued shall expire. The permit may be revoked at any time upon the failure, refusal or neglect of the person to whom it is issued to observe and comply with the applicable provisions designated in subsection (1) of this section or to observe and comply with Chapter 27 or the rules and regulations promulgated by the Chief of Police pursuant to authority conferred by law or upon the conviction of such person for the commission of a felony or serious misdemeanor. Upon the revocation of the permit, the holder thereof shall no longer use the streets for such purpose.

(6) The carriers lawfully authorized to use the City streets for the transportation of passengers for compensation to and from points within and without the City from and to points without and within the

City may take on passengers within the City and discharge them within the City whenever the holder of the permit provided for in Section 29-167 fails for any cause to provide such motorbus transportation.

(7) Whenever the holder of the permit provided for in Section 29-167 again provides the passenger transportation provided for and required by this article, all privileges granted by this section shall terminate, and the uses permitted to be made of the streets by this section shall cease.

(Code 1993, § 30-103; Code 2004, § 110-143; Code 2015, § 29-196; Ord. No. 2004-360-330, § 1, 12-13-2004)

Sec. 29-197. Mandatory compliance; penalty; lien for debts, penalties or forfeitures.

All of the sections of this article imposing obligations or requirements on any person operating under this article shall be deemed to be mandatory. Any person violating any obligation or requirement of this article, where no special penalty is prescribed, shall, upon conviction thereof, except as otherwise provided, be punished as provided in Section 1-16. All debts, penalties or forfeitures inuring to the City under this article shall constitute a lien upon the property of such person prior to all other debts, liens or obligations thereof, whether created before or after the creation of any lien in favor of any person.

(Code 1993, § 30-104; Code 2004, § 110-144; Code 2015, § 29-197)

ARTICLE I. IN GENERAL

Sec. 30-100. Purpose.

The purpose of this chapter is to adopt a comprehensive zoning plan designed to:

(1) Lessen congestion in streets;

(2) Secure safety from fire, flood, panic and other danger;
