Project Information

Project Type: Alteration Demolition New Construction (Conceptual Review Required)

Description (attach additional sheets if needed):

Please see attached sheet for Project Description.

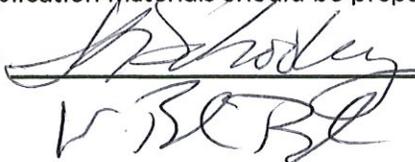

Acknowledgement of Responsibility

Compliance: If granted, you agree to comply with all conditions of the certificate of appropriateness (COA). Revisions to approved work require staff review and may require a new application and approval from the Commission of Architectural Review (CAR). Failure to comply with the conditions of the COA may result in project delays or legal action. The COA is valid for one (1) year and may be extended for an additional year, upon written request and payment of associated fee.

Requirements: A complete application includes all applicable information requested on checklists available on the CAR website to provide a complete and accurate description of existing and proposed conditions, as well as payments of the application fee. Applications proposing major new construction, including additions, should meet with staff to review the application and requirements prior to submitting an application. Owner contact information and signature is required. Late or incomplete applications will not be considered.

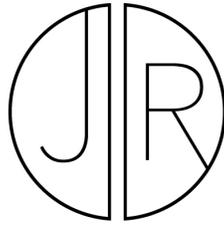

Zoning Requirements: Prior to Commission review, it is the responsibility of the applicant to determine if zoning approval is required and application materials should be prepared in compliance with zoning.

PROJECT DESCRIPTION

The project is an enclosure of a main level screen porch on a secondary elevation (side/rear). The only view of the proposed enclosure is from the privately owned side alley or rear alley. The proposed design respects the original design by incorporating existing columns and windows and matching the existing adjacent siding exposure.
