Thanks so much Katherine!! Hope you had a wonderful time at the beach!!

Matthew - can you please let the Planning Commission know that the FDA has no opposition and that I fully support this project as well? Also, can you reply with the scheduled date for this SUP to go before the Commission and let us know if the applicants need to be there to answer any questions or bring additional information?

Thanks!!

Kim

Hi Kim,

I'm on vacation and away from my computer, but can confirm that the FDA voted "not to oppose" this SUP, which the board thinks is a wonderful revitalization project.

We also voted "not to oppose" the name they selected for the alley.

Best,

Brown, Jonathan W. - PDR

Subject: 1715 Rear Hanover Avenue Rezoning

Dear Mr. Brown,

I am writing in support of the pending rezoning for the building known as 1715 Rear Hanover Avenue. As a property owner at The Sydney Condominiums, I heartily endorse the plan to renovate the building into a single family home. This change would transform what is currently an eyesore into a vibrant part of our community. As you are aware, this building has, over the years has been used for many things (including an 'art studio' that consisted of a large number of people sitting in the alley on old sofas) none of which enhanced the Fan area. From the communications we have received from Nancy and Jim Storie, I am sure their use would be more consistent with the area and provide a larger tax base for the city.
