RE: To authorize the special use of the property known as 5220 Euclid Avenue for the purpose of up to eleven single-family detached dwellings, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: The applicant is requesting a Special Use Permit to authorize eleven single-family attached dwellings within an R-5 Single-Family Residential District. The proposed are not currently allowed by sections 30-410.4, regarding lot areas and widths, 30-410.5(1), regarding front yard widths, and 30-410.5(2), regarding side yard widths, of the Code of the City of Richmond (2020), as amended. A Special Use Permit is therefore required.

BACKGROUND: The property is located in the Alton Heights neighborhood on Euclid Avenue between Nelson and Ashley Streets. The property is currently a 30,492 sq. ft. (.71 acre) vacant parcel of land. The City’s Richmond 300 Master Plan designates a future land use for the subject property as Neighborhood Mixed Use, which is defined as “Existing or new highly walk-able urban neighborhoods that are predominantly residential with a small, but critical, percentage of parcels providing retail, office, personal service, and institutional uses.”

Intensity: Building heights are generally two to four stories. Buildings taller than four stories may be

found along major streets. Parcels are generally between 1,500 and 5,000 sq. ft. Primary Uses: Single family houses, accessory dwelling units, duplexes, small multi family buildings (typically 3-10 units), and open space. Secondary Uses: Large multifamily buildings (10+units), re-tail/office/personal service, institutional, cultural, and government. (p. 56) The current zoning for this property is R-5 Single-Family Residential District. All adjacent and nearby properties are located within the same R-5 zone. The area is primarily single family residential, with some two-family residential present in the vicinity. The proposed density of the parcel is 11 units upon .71 acres, or approximately 15 units per acre.

COMMUNITY ENGAGEMENT: The Greater Fulton Civic Association was notified of the application. Letters of notification shall be sent to nearby property owners, and a sign noting this request shall be placed on the property once the ordinance is introduced to City Council.

STRATEGIC INITIATIVES AND OTHER GOVERNMENTAL: Richmond 300 Master Plan

FISCAL IMPACT: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

Introduction

The property owner is requesting a special use permit (the "SUP") for 5220 Euclid Avenue (the "Property"). The SUP would authorize the division of the currently unimproved Property in order to construct up to eleven single-family detached dwellings. While the single-family detached use is permitted by the underlying R-5 Single-Family Residential zoning district, some of the R-5 feature requirements cannot be met, and therefore, a SUP is required.

Existing Conditions

SITE DESCRIPTION AND EXISTING LAND USE

The subject property is located on the eastern line of Euclid Avenue between Nelson Street to the north and Ashley Street to the south. The parcel is referenced by the City Assessor as tax parcel E010-0105/030 and is currently unimproved. 5220 Euclid Avenue was originally Lots 24-32 of Block A of the original Alton Heights subdivision and has a total of 270' of frontage along Euclid Avenue containing 31,050 square feet of lot area. To the rear of the Property is an unimproved right-of-way for a north-south alley. Euclid Avenue, which is incomplete along the Property frontage, would be completed as part of the SUP, connecting the north and south sections of the roadway.

The properties in the immediate vicinity are primarily developed with single-family detached dwellings. The parcels across Euclid Avenue at 5215 and 5217 Euclid are currently vacant and are planned to be divided, by-right, and to be improved with a total of four single-family detached dwellings, consistent with those proposed in this SUP. Also located nearby, behind the parcels on the western line of Euclid Avenue is the large (100+

units) Wynwood Apartments. To the north lies the Williamsburg Road corridor while to the south is Henrico County.

EXISTING ZONING

The Property and those in the immediate vicinity are zoned R-5 Single-Family Residential.

MASTER PLAN DESIGNATION

The request is consistent with the Richmond 300 Master Plan (the "Master Plan"), which suggests "Residential" for the Property. The Master Plan suggests this future land use designation allow for a variety of housing types that are consistent with the scale, density, and design of what exists in the vicinity. Single-family dwellings are the contemplated primary use in the Residential future land use designation (p. 54).

In addition to the Property-specific guidance offered by the Vision and Core Concepts chapter, there are a number of other goals elsewhere within the Master Plan that support this request:

- Page 109 (Equitable Transportation Chapter), Objective 6.1 to "Increase the number of residents and jobs at Nodes and along enhanced transit corridors in a land development pattern that prioritizes multi-modal transportation options."
 - b. Develop housing at all income levels in and near Nodes and along major corridors (see strategies Goal 14).
- Page 136 (Diverse Economy Chapter), Objective 11.1 to "Increase the areas of appropriately zoned land near various transportation modes and housing to retain, create, and attract employers."
 - d. Encourage the development of a variety of quality housing types to house employees across the economic spectrum (see Goal 14).
- Page 150 (Inclusive Housing Chapter), Objective 14.1 to "Increase city-wide awareness of the importance of integrating housing at all income levels into every residential neighborhood so every household has housing choice throughout the city."
- Page 152 (Inclusive Housing Chapter) (see map on p. 153), Objective 14.5 to "Encourage more housing types throughout the city and greater density along enhanced transit corridors and at Nodes (shown in Figure 38 [p.153]) by amending the Zoning Ordinance."
- Page 155 (Inclusive Housing Chapter), Objective 14.8 to "Develop inclusionary and equitable housing options for our gentrifying neighborhoods to prevent involuntary displacement."
- Page 159 (Thriving Environment Chapter) Objective 15.1 to "Reduce air pollution related to transportation."
 - a. Increase the number of Richmonders living in a development pattern that encourages density and reduces dependency on single-occupancy vehicles (see Goal 1, Goal 8, Goal 14).

- Page 86 (High-Quality Places Chapter), Objective 1.4, to “maintain and improve primarily residential areas by increasing their linkages to...corridors...and maintaining high-quality design standards.”
- Page 100 (High Quality Places Chapter), Objective 4.1, to “create and preserve high-quality, distinctive, and well-designed neighborhoods and nodes throughout the City,” as the request introduces thoughtfully designed new construction in a manner not otherwise assured by-right.

TRANSPORTATION

The Property is located near Williamsburg Road which is serviced by the high frequency 4B bus line and provides connection to the west toward Downtown and on to the VCU Medical Center and to the southeast toward Darbytown Road.

Proposal

PROJECT SUMMARY

The proposed development includes the division of the Property and the construction of up to eleven single-family detached dwellings. A total of six different designs of dwellings are proposed to provide a variety of living arrangements and pricing for the future owners. The applicant is requesting flexibility in which design is located on each site based on the preference of future owners.

PURPOSE OF REQUEST

The Property consists of one parcel which is described as Lots 24-32 of Block A of the original Alton Heights subdivision and is 270 feet wide and contains roughly 31,000 square feet of lot area. The owner is proposing to divide the Property into 24.5' wide lots, in order to build up to eleven new single-family detached dwellings.

In exchange for the SUP, the intent of this request is to ensure the development of up to eleven high-quality single-family dwellings. The proposed lot sizes are compatible with the other properties in the area including the potential by-right construction of four single-family detached dwellings on 30' wide lots at 5215 and 5217 Euclid Ave. The applicant has agreed to improve the Euclid Avenue right-of-way and the alley located at the rear of the parcel in order to provide off-street parking for each dwelling. The overall project will remain respectful to the historic development pattern in the vicinity thereby remaining consistent with the predominant character of the area. Also, the quality assurances conditioned through the SUP will guarantee a high-quality development and the completion of the Euclid Avenue right of way.

- ***Be detrimental to the safety, health, morals and general welfare of the community involved.***

The proposed special use permit for high-quality construction will not impact the safety, health, morals and general welfare of the nearby neighborhoods.

- ***Tend to create congestion in streets, roads, alleys and other public ways and places in the area involved.***

The proposed special use permit will not result in significant traffic impacts to nearby residential neighborhoods. The negligible traffic generation will create no congestion on streets, roads, alleys or any other public right of way.

- ***Create hazards from fire, panic or other dangers.***

The property will be developed in a manner consistent with the requirements of the building code and in accordance with the requirements of Fire and Emergency Services. The City's codes applicable to this development are designed to eliminate such hazards.

- ***Tend to overcrowding of land and cause an undue concentration of population.***

The proposed special use permit will not tend to over crowd the land or create an undue concentration of population.

- ***Adversely affect or interfere with public or private schools, parks, playgrounds, water supplies, sewage disposal, transportation or other public requirements, conveniences and improvements.***

The special use permit would not adversely affect the above referenced City services. To the contrary, the proposal would provide positive fiscal (tax) benefits that would enhance the City's ability to provide these services to the proposed development.

- ***Interfere with adequate light and air.***

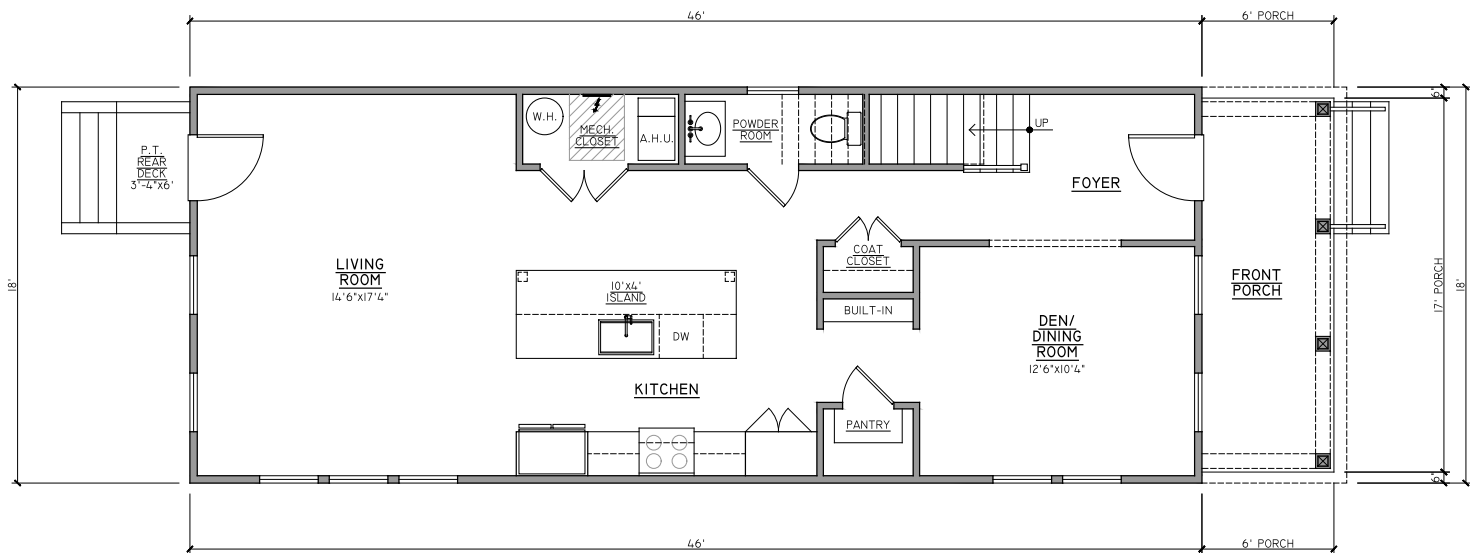

The proposed buildings are of compatible massing and spacing to the existing in the vicinity and are compatible with the by-right construction of four single-family detached dwellings on 30' wide lots at 5215 and 5217 Euclid Avenue. Furthermore, the provision of a full-width front porches will provide additional usable outdoor space. As a result, this request will not interfere with the provision of adequate light and air to the adjacent buildings.

Summary

In summary we are enthusiastically seeking approval for the construction of the proposed single-family detached dwellings. The buildings have been thoughtfully designed to provide an appropriate, high-quality residence in the neighborhood. The request offers compatibility with the City's Master Plan in terms of use and would upgrade the Property while remaining respectful to the historic development pattern of the area. The proposed development would help encourage a pedestrian friendly traditional streetscape in the block and contribute to the vibrancy of the block through the addition of street life in the form of street-oriented front porches. Finally, the quality assurances conditioned through the SUP would guarantee a higher quality development than might otherwise be developed by right.
