Property (location of work)

Property Address: 2214 E Marshall St Current Zoning: R-8
Historic District: Church Hill

Application is submitted for: (check one)

- ☒ Alteration
☐ Demolition
☐ New Construction

Project Description (attach additional sheets if needed):

Our home is south-facing on a hill with no coverage from the sun. We would like to install exterior shades so that the sun's heat will not bake our home. My understanding of the exterior shades is that it will reflect/absorb the heat before it's able to penetrate our house. We would like to shade the three south-facing windows that we have.

Acknowledgement of Responsibility

Compliance: If granted, you agree to comply with all conditions of the certificate of appropriateness (COA). Revisions to approved work require staff review and may require a new application and approval from the Commission of Architectural Review (CAR). Failure to comply with the conditions of the COA may result in project delays or legal action. The COA is valid for one (1) year and may be extended for an additional year, upon written request and payment of associated fee.

Requirements: A complete application includes all applicable information requested on checklists available on the CAR website to provide a complete and accurate description of existing and proposed conditions, as well as payments of the application fee. Applications proposing major new construction, including additions, should meet with staff to review the application and requirements prior to submitting. Owner contact information and signature is required. Late or incomplete applications will not be considered.

Zoning Requirements: Prior to Commission review, it is the responsibility of the applicant to determine if zoning approval is required. Application materials should be prepared in compliance with zoning.

Description

Create some shade and cool off your patio with the Outdoor Solar Shades by Bali, designed to lower your air conditioning bills by blocking damaging UV radiation and reducing solar heat gain. Select your desired privacy level with 1-14% open weaves (lower openness percentages represent higher privacy and light blockage).

Includes a beaded chain [continuous cord loop](#) that makes it easy to raise and lower wide and heavy shades, along with an optional powder-coated aluminum curved [cassette](#) valance for a smooth and protected finish. Greenguard Certified for low chemical emissions, these shades are safe for use in your home, rust-proof, easy to clean and will last for years.

Install Time: 20-25 minutes

We Recommend:

- For obstructions in the window, consider the free-reverse roll option to ensure smooth operation (not available with [cassette](#) valance).
- Choose from a number of neutral tones to blend with your home's exterior.
- [Click here](#) to see other products that are available in many of the same materials.

Child Safety Information:

This product has accessible cords and is not recommended for windows where children or pets may be present.

Warranty:

In addition to Bali's manufacturer warranty, the assurance of the Blinds.com Warranty means you can trust that this product will last and provide added value and beauty to your home.

Surefit™ Guarantee

With SureFit™, a Blinds.com exclusive, we make sure you have complete peace measuring for any product we offer. If you made a mistake measuring your blind, we'll remake it at no cost to you. * You don't even pay for the return shipping of your old blind!

**You only pay if there's a price difference between your old and new blind, or if the new blind requires a shipping fee (generally, this applies when it's over 94" wide).*

Important Disclaimer:

- Limit 1 remake per item; 4 item remakes per household per lifetime (unless the error is ours, in which case, we'll make it right!).
- Same-product exchanges only, within 30 calendar days of receipt of package.
- Changes are restricted to size and mount only.
- Refunds are not offered under this guarantee.

Not Covered Under This Guarantee:

- Commercial orders: any order containing 25 or more of the same product, of tax exempt status, or containing any Blinds.com Commercial brand product.
- Any product ordered outside our recommended sizes or specifications, which can be found on the product page.
