Civilian Review Board

Ordinance No. 2022-261, adopted October 10, 2022, in accordance with Code of the Virginia, § 9.1-601, there is hereby created a board of the City of Richmond with indefinite duration to be known as the Civilian Review Board for the purpose of (i) reviewing, investigating and making recommendations to the Council, the Mayor, and the Chief of Police concerning internal investigations conducted by the Department of Police regarding (a) police officer-involved shootings; (b) deaths of persons while held in the custody of the Department of Police; (c) serious injuries to persons while in the custody of the Department of Police; (d) accusations of physical or verbal abuse by officers of the Department of Police; and (e) appeals by citizens of a finding or decision of the Department of Police; and (ii) providing recommendations on law enforcement practices, policies, and procedures. For purposes of section 2-773, the Board is classified as “advisory.”

The Commission shall be composed of eight members, **four of such members shall be appointed by the Council** and **four of such members shall be appointed by the Mayor**.

Each member shall be a resident of the city of Richmond and shall maintain such residency during such member’s tenure on the Board. No person currently or previously employed as a law-enforcement officer as defined in Code of Virginia, § 9.1-101 shall be appointed to the Board. No person who is a family or household member, as defined in Code of Virginia, § 16.1-228, of a person who is currently or who was previously employed as a law-enforcement officer, as defined in Code of Virginia, § 9.1-101, shall be appointed to the Board. No person who has a complaint pending against the Department of Police or litigation pending against the City or who is a family or household member, as defined in Code of Virginia, § 16.1-220, of a person who has such a pending complaint or litigation shall be appointed to the Board.

Please list your educational background and/or other expertise or qualifications you will be bringing to this board.	I have a Doctor of Pharmacy degree from VCU School of Pharmacy, completed two years of residency at VCU Health and have worked there for the last 7 years. I am specialized in psychiatry where there is frequent collaboration amongst health care professionals and police entities. Working in psychiatry, I enjoy working with people from all different types of backgrounds. Patients and their families and caregivers have varied ability to advocate for themselves and part of my role is ensuring that I represent their interests and take into consideration their psychosocial needs to ensure the best possible individualized plan of care. Dignity, respect and empathy are tenants of mental healthcare which translate to my personal and professional relationships in the community of Richmond. I have a strong interest in community wellness as mental healthcare is often underrepresented but vital.
List other city of Richmond Authorities, Boards, Commissions or Task Forces you currently or have previously served.	None
Other Community Involvement	I am interested in growing my community involvement outside of pharmacy related groups and advocacy. I take interest in supporting community events and local businesses. I am a supporter of the National Alliance on Mental Illness who is an advocacy group with a strong presence in Central Virginia.
Why do you want to be a part of the Civilian Review Board?	I would like to serve as an unbiased representative of my community. I believe that my presence on the board would provide diverse prospective as a woman and healthcare professional who is specialized in mental health. I would bring a perspective of objectivity with a goal to enhance transparency while upholding the interests of underrepresented populations of the community.

Why do you want to be a part of the Civilian Review Board?	I have an extensive background in strategy, operations and developing high performance organizations. While I don't have experience with city government, I believe my experience with fortune 500 organizations, private equity groups and family businesses brings a skill set that would be valuable to the Civilian Review Board. In addition, I am passionate about the City of Richmond and doing whatever I can to help make it one of the best cities in the country to live, work and raise a family.

Please list your educational background and/or other expertise or qualifications you will be bringing to this board.	I have a graduate degree in business of branding from VCU Brandcenter and an undergraduate in marketing with a minor in political science. I interned while at school at Venture Richmond which sparked in me a love for the work that goes into making this city wonderful.
Other Community Involvement	I volunteer at St Andrews, I attend community speaker series like creative mornings, Quoit club and Re-think Design at the Branch Museum. I love being a citizen of this community and want to contribute to making it better.
Why do you want to be a part of the Civilian Review Board?	I am excited about what's going on in Richmond. I'm through the moon about the Shockoe Project and excited for the park and amphitheater on Brown's Island, the development of this city energizes me. I've lived across this city in rentals from the Fan to Churchill and have dreams of buying one day. I want to ensure that people like me are considered as development continues. I've worked as a canvasser when I was in school for a political campaign and have witnessed how the lines are drawn among districts. I want to help ensure the breadth of people are considered and well represented. If considered for this position I'll come at with enthusiasm, care and an intent to continue to stay plugged in and pass along concerns of the community that will inform how we make the good better.

Please list your educational background and/or other expertise or qualifications you will be bringing to this board.	I obtained my undergraduate degree from the University of South Carolina, my MBA from The Citadel, and completed my doctorate of education from Virginia Commonwealth University. I am involved in staff council at VCU, and currently serve or served on alumni boards from my alma mater. I have a specific interest in getting more involved in the city of Richmond and think this would be a fantastic place to do so, while bringing an outsider perspective as a transplant in the city. I am not motivated by preconceived ideas on the city and can bring in a fresh perspective instead of comparing how the city may have been previously.
List other city of Richmond Authorities, Boards, Commissions or Task Forces you currently or have previously served.	n/a
Other Community Involvement	I work in Medical Philanthropy at VCU so I am involved with Massey Cancer Center and its initiatives. My other involvement has been focused on alumni work.
Why do you want to be a part of the Civilian Review Board?	I have loved moving to the city of Richmond and in my four years here, I have learned more about the city and would love to see it only continue to rise. I think that my background in philanthropy shows that I know how to engage with others and would make an excellent member of the civilian review board. I am impartial due to not being originally from Richmond and can provide a different outlook. I would love to give back to the city that has given me so much in my four years here.

Please list your educational background and/or other expertise or qualifications you will be bringing to this board.	<p>I bring a unique perspective with me. I have family members that have been on both sides of the law. I have never felt that the police were always wrong nor have I supported illegal activities in my personal life or otherwise. I worked up through the ranks for a line worker to a deputy director. Very good at what I was able to accomplish during my tenure. The law is for everyone and listening applying the appropriate policies and rules is paramount to achieving a common goal of holding all accountable for their actions. During my tenure as a worker, supervisor for over 18 years, a manager, an operations manager and retiring as a deputy I had to interpret, apply policies on a daily basis. Sometimes making hard decisions to ensure those policies were followed on a daily basis.</p>

Why do you want to be a part of the Civilian Review Board?

As someone who has loved politics for 37 years; taught Government for 13 years at John Marshall Marshall High School; been a part of a group that advocates for educators for 10 years; and consistently invited political candidates to my classroom to share with my students, I would absolutely love to be a part of the Civilian Review Board so that I can actively use my love and passion for Government to help the local government of my City be even greater.

I attest that the information transmitted and answers provided in this application are true, accurate, and complete to the best of my knowledge.

Carrie Cox

Ms. Carrie Cox has an impressive bio. A product of RVA public schools, she has gone on to achieve a reputation as staunch crusader and advocate for the overlooked population of Richmond, VA.

Ms. Cox began in 2001 with Woodland Crossing Apartments Tenant and Civic Association. Along with 5 other women she recognized something had to be done to quell the violence in the community. Violence was so rampant that mothers often put their children to sleep in the bathtub to avoid possible rick-a-shay gun shots. As President of Woodland Crossing Apartments Tenant and Civic Association, Ms. Cox enlisted assistance from Fattah Mohammed, Dir. Project SAFE, Chief Gooch and Cpt. Horn, RPD, 2nd Pct., and Verizon's Johnny Johnson. Thru partnership with RPD, Ms. Cox contacted RACE (Rescue & Aid for Communities Everywhere) and got the ball rolling to combat drug sales and related violence prevalent in the community. Verizon donated cell phones for tenant patrols to insure immediate police notification of illicit activity. Woodland Crossing is now a safe environment due to the efforts of Ms. Cox.

Once the complex exhibited a comfortable aura and the residents felt safe, Ms. Cox continued to enhance the community. She organized Annual Easter Egg Hunts-Christmas parties for children with toys and clothing donated by agencies e.g., Salvation Army, U.S. Marines-Toys for Tots, and various local businesses and entities. She got everybody involved. There was also Thanksgiving food boxes and back to school supplies distributions—a Girl Scout Troop, computer and English as a Second Language classes were initiated. With every life quality improvement achieved Ms. Cox moved on to further enhance Woodland Crossing and the surrounding Walmsley area. Community and political activities were started including Social Services (including psychologist), Crusades for Voters. There were Towne Hall meetings that allowed residents to participate in the new growth of their community. Some activities were on a regular basis, some on “as needed” basis. This was a monumental task to have people, agencies, and professionals commit their time and expertise.

Ms. Carrie, as she likes to be called---- did it!

Once Woodland Crossing showed stability, Ms. Cox branched out and used her talents as a community activist to create a better living and work environment for the communities of RVA. Her resume exhibits the wide range of community activity and areas she has participated in to achieve just that. (Please see next pg.)

She has diligently walked the troubled communities of Richmond, VA to assist residents to achieve safe, comfortable, and productive communities.

Richmond, VA is proud and very fortunate to have such a talented, determined and dedicated community activist as Ms. Carrie Cox.

Why do you want to be a part of the Civilian Review Board?	I was born and raised in the Richmond area. I have a deep love for this city and am continually proud of the strong community involvement and mutual aid efforts that continue to improve living in Richmond. I believe in accountability and that the civilian community and civil servants should be able to hold each other accountable. Although I currently live in Woodland Heights, I lived in Randolph for multiple years, only a block away from the Third Precinct in the city, on a street mainly comprised of public housing. I witnessed multiple interactions between law enforcement and my neighbors, some of which were helpful and needed, and some of which only served to erode my community's trust in law enforcement. As a proud Richmonder, I want to help strengthen and improve our community's relationship with local law enforcement in an effort to proactively reduce the violence that has been present in the city for as long as I've been alive.

Please list your educational background and/or other expertise or qualifications you will be bringing to this board.	I have a PhD in quantitative genetics, and have been conducting research on the epidemiology of psychiatric illness (including depression, substance use disorders, and suicidal behavior) since 2008. I am intimately acquainted with both biological and social factors that contribute to risk of these outcomes. I honestly don't know whether that "counts" as a qualification, but given the frequency with which police officers are engaging with people who have some form of mental illness, I think my training might provide valuable insight. I do, however, want to stress that I am not a clinician and cannot provide that perspective (e.g., what exactly to do when someone is experiencing a mental health crisis).
List other city of Richmond Authorities, Boards, Commissions or Task Forces you currently or have previously served.	n/a
Other Community Involvement	I have volunteered with a range of Richmond-area organizations over the years. These include Planned Parenthood, the International Rescue Committee (IRC), the Society for Prevention of Cruelty to Animals (SPCA), the Virginia Poverty Law Center, and the American Civil Liberties Union (ACLU). My responsibilities for these organizations varied widely, from literally cleaning out cats' litter boxes (SPCA) to conducting data analysis examining sentencing guideline for women convicted of crimes in the Commonwealth of Virginia.
Why do you want to be a part of the Civilian Review Board?	I think it's critical for Richmond's citizens to interact in a positive and productive way with members of the city's police force. To do that, we need to feel confident that we're "all on the same team". I have sensed during my time in Richmond (since 2008) that trust has eroded due to a range of complex, socially-embedded issues alongside specific, high-profile events (e.g., police reactions to racial justice protests in 2020, the unfounded "bomb threat" of July 4, 2022). Furthermore, while many of us have positive interactions with specific police officers with whom we come into incidental contact, other Richmonders have suffered from unequal policing. There is a general sense of a lack of transparency from the police department around issues of police conduct and accountability. The Civilian Review Board's task of providing guidance on internal investigations and police conduct is absolutely essential in order for our citizens to feel that the police force is engaging in a "protect and serve" approach, rather than only an authoritarian approach. I would like the opportunity to be part of that effort.

Summary

- Experience managing federally funded projects, including budget development and adherence, institutional oversight, and reporting
- Expertise integrating complex inputs into a coherent framework
- Highly productive in both independent and team-based settings
- Extensive experience designing research projects related to behavioral health and implementing analytic pipelines
- Excellent oral and written communication skills with a range of stakeholders
- Over 15 years of research experience in mental health; >100 peer-reviewed publications

Objective

As a mental health researcher, I value a professional environment that enables me to apply my expertise in data analysis, project development and planning, communication, and collaboration. I am highly conscientious, detail-oriented, and intrinsically motivated, and work effectively independently, as a supportive team member, and in leadership roles. I believe that my critical thinking skills, expertise in behavioral health outcomes, and ability to interact productively with stakeholders with diverse backgrounds would be assets on Richmond's Civilian Review Board.

Education

- Ph.D.** Quantitative Genetics, North Carolina State University, Raleigh, NC 2002-2008

Awarded a Pre-doctoral NIH National Research Service Award Fellowship
Awarded a Department of Education Graduate Assistance in Areas of National Need Fellowship
- B.S.** Biology, South Carolina Honors College, University of South Carolina, Columbia, SC 1995-1999
Minor in Anthropology

Additional Analytic and Clinical Training Includes:

Survival Modeling, Epidemiology and Population Health Summer Institute at Columbia University 2018
International Workshop on Statistical Genetic Methods for Human Complex Traits 2015
Curran-Bauer Analytics Structural Equation Modeling Course 2013
Clinical Exposure: VCU Medical Center Substance Abuse Consult Team 2013
Clinical Exposure: Henrico Area (VA) Mental Health and Development 2012
Advanced Genetic Epidemiology Statistical Workshop 2012
Clinical Exposure: Inpatient Schizophrenia Team and Mood Disorders Team, VCU Medical Center, Department of Psychiatry 2010

Professional Experience

Associate Professor, Associate Director of Reporting and Analytics, Virginia Institute for Psychiatric and Behavioral Genetics, Department of Psychiatry, Virginia Commonwealth University; September 2012-2020 (Assistant Professor); 2020-present (Associate Professor).

- Data analysis and effective presentation of findings, both written and visual, are very rewarding to me. I have extensive statistical modeling skills, experience in linear and logistic regression, multivariate models, structural equation modeling, and survival models, among other methods. I

am proficient in R, SAS, JMP, SPSS, and Linux. I have experience with: exploratory and hypothesis-driven analyses; large, complex datasets (e.g., longitudinal datasets including millions of individuals and hundreds of variables of various types); multiple imputation; data cleaning and quality control; and more.

- As the Principal Investigator (PI) and Co-Investigator of multiple grants funded by the National Institutes of Health (NIH), as well as the PI of multiple grants awarded by private research foundations, I have developed and led projects broadly aimed at dissecting the epidemiology and etiology of psychiatric and substance use disorders.
- I have frequently presented research findings at the local to international level, and to a wide range of audiences: the lay public, administrative stakeholders, trainees, and academic peers.
- Given my central role in the development and execution of multiple data collection and analysis projects, I also have extensive experience supervising faculty- and trainee-level analysts, research coordinators, and volunteers. My experience with active data collection has honed my skills in study design, including survey design and recruitment strategy, and has provided me with opportunities to work with multiple stakeholders toward a common goal.

Details about my primary areas of research are available upon request.

Postdoctoral Fellow, *Virginia Institute for Psychiatric and Behavioral Genetics, Department of Psychiatry, Virginia Commonwealth University; September 2008-August 2012.*

As a postdoctoral researcher, I was awarded an NIH National Research Service Award. The goal of my research was to examine comorbidity between psychiatric and substance use disorders. My primary area of interest was shared genetic liability across internalizing problems and alcohol misuse; I also examined nicotine dependence and externalizing disorders. My analytic and management skills were further developed during my postdoctoral fellowship.

Senior Assistant Scientist, *Paradigm Genetics (later purchased by Icoria, Inc.), Research Triangle Park, NC, September 1999-August 2002.*

As a team leader in the Plant Phenomics division of this functional genomics company, I was responsible for fully characterizing the development of genetically modified *Arabidopsis thaliana* plants. I established standard operating procedures, managed workflow, carried out supervisory responsibilities, and acted as a point-of-contact for database management and other technical issues. I contributed to the development of multiple patents during a period of rapid company growth that included their IPO.

Service

As a scientist, I have focused my service commitments in three primary areas: the maintenance of high-quality analytic output in my areas of expertise, the education of the general public around the topic of mental health, and improving access, diversity, and inclusion in the field of psychiatric genetics. Details are available upon request. In my personal life, I have volunteered extensively in my community, including with the American Civil Liberties Union, International Rescue Committee, and Virginia Poverty Law Center.

Please list your educational background and/or other expertise or qualifications you will be bringing to this board.

As a dedicated professional with a legal background, strong commitment to ethical practices, and deep love for Richmond and my community, I believe that I am both well-qualified and able to bring a well-rounded perspective to the Civilian Review Board.

I moved to Richmond in 2018 to attend law school at the University of Richmond. Prior to law school, I attended the University of North Carolina at Chapel Hill, studying Economics, Psychology, and Social and Economic Justice.

Throughout my studies and professional career, I have been fueled by a desire to help others and be involved in my communities. In Chapel Hill, I volunteered at the Compass Center, which is a non-profit dedicated to providing individuals with domestic violence crisis services, career and financial education, and assistance with legal information and resources. I was able to work directly with clients in accessing the Compass Center's services and, in the event of a need that could not be met by the Compass Center, other community resources. At the same time, I interned with the North Carolina Coalition Against Domestic Violence, conducting research and creating culturally specific statewide trainings and/or workshops for advocates working to prevent teen dating violence, interpersonal violence, and human trafficking. Through the UNC Panhellenic Council, I served as selected and trained emotional and referral support to first and secondhand survivors of interpersonal violence or sexual assault. I served in a similar role in law school as well.

While in law school, I fully emerged myself in the law school community. Each year, I served on the Student Bar Association's Executive Board. The Student Bar Association's Executive Board's purpose is to represent the student body to the law school's administration, recognize student groups and their interests, host student activities, and connect the broader Richmond community. I also served on the law school's Criminal Law Society's Executive Board, as both Treasurer and President. Through the Criminal Law Society, I was able to plan and participate in numerous events that gave me a greater appreciation for the service of our Richmond police officers. Some examples include participating in a Police Ride-Along, attending a MILO Simulation with the Richmond Police Academy, and coordinating a "Doggos and Donuts" event, where the Richmond K-9 Unit presented about how drug dogs are utilized in their line of work and a law school professor discussed case law surrounding the Constitution, 4th Amendment, and a dog's "sniff". In my free time, I volunteered to tutor inmates at the Richmond City Justice Center who were working toward obtaining their GED.

In my last role as a corporate healthcare attorney, I advised healthcare clients in corporate transactions and regulatory compliance matters. I have prepared and conducted compliance investigations, which involved background research, on-site interviews, and advising clients in the development and implementation of corrective actions. My experience

includes counseling healthcare organizations and employers on best practices for their businesses and compliance programs, as well as drafting and revising various policies to ensure strict adherence to statutory and regulatory requirements. I believe these experiences will be helpful to me as a potential Civilian Review Board member when providing recommendations on law enforcement practices, policies, and procedures.

My current role as Claims Counsel with Kinsale Insurance Company has also given me a great appreciation for the stressors faced by law enforcement, as well as the importance of transparency, accountability, and community trust in law enforcement. I manage a variety of claims and potential claims reported by Insureds under professional liability policies, which includes law enforcement liability and public entity policies. This experience has given me exposure to a variety of claims involving police-officer shootings, serious injuries to persons while in custody and/or serious injuries caused by those in custody to officers, and claims against officers alleging that they could have done more to protect community members. I believe that my experience in reviewing, investigating, and assessing liability in these types of claims would be directly beneficial to the Civilian Review Board.

Why do you want to be a part of the Civilian Review Board?

I am interested in serving on the Civilian Review Board because I am excited by the opportunity to assist in fostering transparency, accountability, and trust between the Richmond Police Department and my Richmond community. The issues under the Board's purview-police officer-involved shootings, deaths and serious injuries in custody, and accusations of abuse-are critical matters that impact public confidence in law enforcement. At the same time, I have a deep appreciation for the challenges faced by law enforcement, recognizing how vital their work is and how they remain dedicated to protecting and serving our community often under difficult and high-pressure circumstances. My professional background in legal analysis, compliance, and investigation equips me with the skills needed to carefully review and assess these cases, ensuring that internal investigations are conducted fairly and thoroughly.

When I made the difficult decision to leave the private practice of law, I did so with the understanding that I was going to prioritize investing the extra time into myself and the things that I am passionate about. That includes giving back and community service. By serving on this Board, I hope to contribute to meaningful recommendations that promote justice, improve public safety, and strengthen the relationship between the Richmond Police Department and the Richmond community. My goal is to help ensure that all individuals, including law enforcement, are treated fairly, and that the police department operates with integrity and accountability.

Please list your educational background and/or other expertise or qualifications you will be bringing to this board.	<p>Education:</p> <p>UVA - BA</p> <p>Washington & Lee - JD</p> <p>Qualifications:</p> <p>In addition to my background as a lawyer, I have served in multiple roles in state and federal governments, including overseeing departments that contained sworn law enforcement personnel. In my role as Deputy Secretary of Natural Resources, the Virginia Marine Police and the Conservation Police reported to my office. Each unit consisted of hundreds of officers, from frontline LEOs to senior leadership.</p> <p>I've also served in Legislative, policy, and advocacy positions that focused, in-part, on these issues, and am familiar with best practices related to how CRBs function and the specific legislation that enabled the creation of CRBs in Virginia.</p>
List other city of Richmond Authorities, Boards, Commissions or Task Forces you currently or have previously served.	I am currently a member of the Richmond Economic Development Authority Board
Other Community Involvement	<p>I am a founding member of STAY RVA, a nonprofit focused on supporting Richmond Public Schools, I'm an active member of my neighborhood association, and I have been involved in charitable work raising money for the Cystic Fibrosis Foundation. I've also served on the board of Neighborhood Housing Services of Richmond, and several volunteer roles with the Virginia Chamber of Commerce.</p> <p>My wife and I are raising two children in Richmond, and we work to remain civically involved in all aspects of our lives.</p>

Why do you want to be a part of the Civilian Review Board?

I care deeply about the City of Richmond and believe that public confidence in the police department is critical to the growth of the city. I bring a solid foundation in the issues facing law enforcement and experience sorting out thorny discipline or citizen complaints while not having any prior allegiances to either the police reform movement or law enforcement.

I also understand the challenges in managing a large team of personnel who are often acting without direct supervision. I current administer a major federal initiative with staff in all 50 states and 6 territories, each of whom is responsible for complex interactions involving hundreds of millions of dollars. Necessarily, implementation of our complex set of rules and regulations is imperfectly applied, and that is a similar challenge to that facing RPD.

Ultimately, I am a fair-minded person who makes tough decisions on a daily basis, and I believe I have the background, insight, and judgment to represent the people of Richmond well in this role.

Objective

My professional experiences in land use planning, affordable housing development and policy have allowed me the opportunity to engage in effective collaborations with both individuals, communities, and organizations to address the ever-growing issues of development and accessibility to housing. I have a formal background in planning principles and local housing policy. I possess strong financial literacy skills and understand funding structures that make development and programming possible. I have continued to enhance my statistical skills with a recent completion of a Master's degree for Applied Demography from Pennsylvania State University. Throughout my program, I have learned key research concepts, analytical measures, and software in order to better analyze and leverage data. I work well with people and respect their limitations and believe strongly in serving our communities. Lastly, I go by Lulu.

Education

- Virginia Commonwealth University, Richmond, Virginia 2015
 - Magna Cum Laude class of 2016 with a B.S. in Urban Regional Planning
- Penn State for master's in Applied Demography 2022

Experience

June 2023 - Present

Impact Analysis | Locus | Richmond, Virginia

I produce research and data analytics projects and products across all Locus' business lines. This includes data tracking, analysis, compliance reporting and program evaluation. Additionally, I collect, analyze and report research on new and existing initiatives, trends and best practices in the field of Community Development and offer recommendations for expansion or adoption of new geographies, products or services and ensure the integrity of all data reported.

August 2021- June 2023

Housing Specialist | Department of Community Revitalization | Henrico, Virginia

My primary responsibilities included planning, developing, organizing and coordinating housing services for Henrico County residents. I utilized current data related to housing to help identify Henrico County's most pressing housing demands and help develop strategies to address these needs collaboratively. A key role was to help increase access to resources for affordable housing programs serving low-income families, like the facilitation of land donations. I served as a liaison to other County departments and non-profit organizations who engage in housing services or development. Lastly, I helped establish and maintain a cohesive County-based housing inventory that includes both existing stock and opportunities in undeveloped surplus land.

October 2020-August 2021

Project Development Manager| Housing and Community Development| Richmond, Virginia

Primary duties at the City of Richmond are overseeing HOME and CDBG funded affordable housing development and repair programs. This entailed reviewing budget applications, providing recommendations, as well as preparing item plans, contracts, and revisions. I managed a dozen portfolios and processed requests for disbursement of entitlement money. Within the department, I coordinated in a timely fashion with other project managers, accountants, and sub-recipients. Additionally, I helped capture and organize data for board presentations, City Council meetings, and required annual reporting. With a background in land use, I am also able to navigate developers through city departments like Planning, Zoning, DPU, DPW, thus providing support throughout housing development.

September 2018 – October 2020

Planner I | Division of Comprehensive Planning | Henrico, Virginia

My primary responsibility is maintaining, updating, and drafting demographic reports essential for land use analysis and decision making. These annual reports were utilized by several county agencies as well as Planning Commissioners and Board of Supervisors. I created demographic studies and analyses for population and housing reports, land use studies, comprehensive plan amendments, research for land use applications. Other routine responsibilities included handling rezoning cases, from drafting a staff report to presenting rezoning cases to the Planning Commission. This position required me to have knowledge about the principles and practices of land use planning, but also included statistical analysis as well as mapping. I communicated effectively orally and in writing. I also interpreted statistical data and prepared all necessary visualizations in software like PowerBI.

September 2016 – September 2018

Planning Technician | Department of Community Revitalization | Henrico, Virginia

Performed paraprofessional duties involving considerable public contact, office research, field investigation, and reviewing applications and plans for the Department of Community Revitalization. I assisted low-income homeowners as the project manager of a Henrico County volunteer program. Other duties included preparing and maintaining databases to support departmental programs and responsibilities. Lastly, I produced presentations for the Director to present before the public and various boards. These presentations consisted of statistical information organized in maps and other visuals that included demographics, economic, and census data.

September 2016– May 2017

Research Assistant | MZ Strategies | Richmond, Virginia

Conducted research and created a literature review on transit-oriented development for Aloha County, Oregon. The goal was to collect and analyze the effectiveness and cost implementation of affordable housing practices in conjunction with transit development. Work included interviews with Executive Directors and the collection of secondary analysis through Census Bureau statistical information. Was paid an hourly wage of \$20.

Why do you want to be a part of the Civilian Review Board?	I believe that fostering community trust is crucial for effective policing and public safety. When citizens trust law enforcement, they are more likely to report crimes, provide information, and cooperate with investigations. This increased collaboration between the community and police can lead to more effective crime prevention, and create a safer environment for everyone. By serving on the Civilian Review Board, I hope to contribute to building this trust, which will not only improve police-community relations but also enhance the overall safety of our community.

Please list your educational background and/or other expertise or qualifications you will be bringing to this board.	My work in municipal elections in cities with difficult relationships with the police (Birmingham, Montgomery, Memphis) have informed my views on what is possible and I would love to contribute to Richmond's forward progress and hold police accountable to Richmond's citizens.
List other city of Richmond Authorities, Boards, Commissions or Task Forces you currently or have previously served.	N/A
Why do you want to be a part of the Civilian Review Board?	I helped elect Mayor Randall Woodfin in Birmingham, AL who instituted their first Civilian Review Board, and I would like to participate in the CRB in my new city. After graduating from Tulane in 2014 I spent a year serving in AmeriCorps VISTA working with young people who were not connected to school or work. Working with vulnerable young people in New Orleans, LA contributed to my sense of justice, and my activism and organizing work across the gulf south has strengthened my resolve to fight for equitable outcomes, especially surrounding fair treatment by the police.

Please list your educational background and/or other expertise or qualifications you will be bringing to this board.	I have worked in education and local businesses in my home city of Birmingham Alabama where I lived my entire life before moving to Richmond last October. In Birmingham, I volunteered with local organizations and nonprofits and on various local campaigns. I am so proud to be a new citizen of Richmond and I want to help make a difference in my new community.
List other city of Richmond Authorities, Boards, Commissions or Task Forces you currently or have previously served.	None in Richmond
Other Community Involvement	Past experiences in education, local advocacy groups, nonprofits, city council lobbying, and local volunteer work.
Why do you want to be a part of the Civilian Review Board?	I moved to Richmond because I fell in love with the city on a long weekend vacation here. Moving and living here has been such a privilege and I know it will be an amazing home for my little family for years to come. I want to be able to give back to a community that has already given so much to me. I'm also extremely passionate about work in advocacy and accountability. I believe that a good relationship between police and citizens is crucial to establishing safety and a sense of community

Please list your educational background and/or other expertise or qualifications you will be bringing to this board.	In 1987 I earned by bachelor's degree in accounting and became a CPA in Dallas, TX. After serving as a corporate CPA for 11 years, I earned a master's degree in theology and served as a senior pastor for 12 years before being diagnosed with blood cancer in 2009 and moving to Richmond to be treated at MCV. After recovering from cancer, I earned my doctorate in theology and founded a not-for-profit corporation in Richmond called Just Compassion, Inc. While my husband runs the day-to-day operations of our charity, I now work full-time with the Virginia Department of the Treasury in downtown Richmond. We love Richmond and believe in being active participants in making our city a great place to raise children. It takes a village of engaged citizens to raise every child in a safe and supportive community.
Other Community Involvement	I served as President of the Greater Staffordshire Civic Association, where I live in Richmond's annexed portion of Bon Air. We always encouraged our school board and city council representatives as well as law enforcement officers to engage our community residents at our quarterly/annual meetings. I also served as a founding member of the Patient Advisory Council at VCU Health (MCV) from 2016-2019. Since 2010 I have served lunch to the homeless every first Wednesday of each month in partnership with Richmond Friends of the Homeless. My non-profit (Just Compassion) serves a meal to the poor every second Thursday of each month since 2020 in partnership with Metropolitan Community Church located on Park Avenue in Richmond. Finally, my husband is a member of the Richmond Symphony Chorus, and we are strong supporters of the Arts in Richmond.

Why do you want to be a part of the Civilian Review Board?

When I served as President of the Greater Staffordshire Civic Association, we were PROUD of the fact that our neighborhood (at that time from 2012-2016) had the lowest crime rate in the city of Richmond. I believe the main reason was that we were actively engaged with our City Council representatives and local law enforcement officers to care for each other as neighbors and respect the role local government plays in our safety. I believe that mutual respect between citizens and law enforcement is the key to building strong bonds. My educational background in both business and theology have enabled me to develop a compassionate interest in serving on the Civilian Review Board in order to promote mutual respect between the police and our Richmond community as well as to appreciate the importance of law enforcement in making Richmond a safe and wonderful place to live, work, and raise children.

I attest that the information transmitted and answers provided in this application are true, accurate, and complete to the best of my knowledge.

Please list your educational background and/or other expertise or qualifications you will be bringing to this board.	Currently studying Engineering at VCU.
List other city of Richmond Authorities, Boards, Commissions or Task Forces you currently or have previously served.	N/A
Other Community Involvement	N/A
Why do you want to be a part of the Civilian Review Board?	I am currently a student at VCU, studying Mechanical Engineering. I will be a sophomore in the fall. I am from the Richmond area, I have been my entire life, but I recently moved to the city last August in the freshman dorm, and now I live in an apartment in the Fan. I love Richmond, and I have cared about the future of the city politically for years. Ever since the protests in 2020, the police in this city have been focused on more than ever, and the demand for accountability has reached the point of creating this board. As you know, state police were deployed to VCU right before class ended to quell a protest that the school had, leading to even more hostility towards the police by the young people of this city. I have no formal background to give, besides for a little volunteer work with groups around the city, but I can say with full confidence that I care about this city more than anything, and I think a young voice is needed on any council that has to do with the police. The police in this city interact with young people the same, if not more than other age groups, and I think the perspective of someone who goes to VCU that defines a large part of this city would be very important for any meaningful change, and unique perspective. I want to be a part of this board to cause meaningful change, and not be like so many others and complain and do nothing about it. I know I will do this job well, and I hope that my lack of formal qualifications isn't a deal breaker. I love this city, and I want it to be the very best that it could be.
I attest that the information transmitted and answers provided in this application are true, accurate, and complete to the best of my knowledge.	Yes

Why do you want to be a part of the Civilian Review Board?	<p>Having been a resident of Richmond for 28 years, I have done a lot of research about the city and its history. It is a wonderful place, warts and all. Recently there seems to be a bit more conflict in the social, political, and economic sectors of our city, and since I retired, I've come to the conclusion that I would like to try and help heal some of those divisions. I regard myself as very fair and open minded, so I thought this might be one area that I could help.</p>

Please list your educational background and/or other expertise or qualifications you will be bringing to this board.	I attended St. Christopher's School here in Richmond, beginning in kindergarten, graduating in 1993. I then attended Carnegie Mellon University in Pittsburgh, PA studying Electrical and Computer Engineering for 4 years, although I did not graduate. I am a lifelong participant in Richmond's politics and community of service, beginning before I could vote, by volunteering for local Democratic Party candidates, as well as volunteering with the Daily Planet and what was then the James River Park Visitors' Center. I retired from my 11 year career in IT consulting in 2018, to better pursue my passion, and what I feel is my calling: supporting local, state, national and international movements for environmental justice and ecosystemic rescue. In this work, I have had extensive and numerous interactions with local, state, and federal police, during which the officers and agents displayed the entire range of commitments to the law and professionalism.
List other city of Richmond Authorities, Boards, Commissions or Task Forces you currently or have previously served.	None.
Other Community Involvement	Volunteer for: Daily Planet Richmond Child Development Center Boys Scouts of America - Eagle Scout, Troop 418 - Junior Assistant Scoutmaster, Troops 418 and 432 James River Park Visitors Center Second Presbyterian Church CARITAS Habitat for Humanity Friends Association for Children Member of the Democratic Socialists of America, Richmond Chapter

Why do you want to be a part of the Civilian Review Board?

My passion is justice, and my framework is ecology, or the study of things which exist, and the contexts in which they exist, and their interactions. Environmental justice requires a reconciliation between people harmed by environmental injustice, and the perpetrators of the harms. My hope is to serve my community, and help foster a reconciliation that is desperately and long needed. I have been interested in the CRB since its conceptualization; participated in the town halls during the Task Force's work; and have addressed City Council on numerous occasions on these and related issues. It would be a highly valued opportunity to continue this work as a member of the Board itself.

I attest that the information transmitted and answers provided in this application are true, accurate, and complete to the best of my knowledge.

I have a bachelors degree from the University of North Carolina at Chapel Hill (1983) I worked as a newspaper reporter for 14 years. Why do you want to be a part of the Civilian Review Board?	I believe the Board is needed. I support the police who have a difficult job, but I feel strongly that officers who violate stated policies and police standards should be held accountable. No one should be above the law. There is a lot of emotion on this issue, but I believe I could be fair and impartial in hearing evidence.

Please list your educational background and/or other expertise or qualifications you will be bringing to this board.	<p>I bring a variety of experience doing public service work to this board. Prior to becoming a lawyer I worked in the District of Columbia recruiting, training and licensing Spanish speaking foster parents for the District.</p> <p>I have been a criminal defense attorney for 14 years, the first 8 where spent representing indigent clients in all court levels in Fairfax County at the public defender's office. Since 2017, I have lived in Richmond and worked at the Virginia Indigent Defense Commission in a variety of statewide roles responsible for training all attorneys and staff along with representing the agency, our attorneys and clients at the General Assembly.</p> <p>My legal and social services background give me a unique perspective on the role governments and oversight bodies need to play in both accountability and public safety in order to ensure trust in government and their actors.</p>
Other Community Involvement	I am involved in the Mary Munford PTA as the incoming Secretary and actively involved in the Virginia State Bar Board for the Criminal Law section as the current seminar chair.
Why do you want to be a part of the Civilian Review Board?	<p>These boards are critical to public and community trust in the police. Given my work, I also know that they are critical in the Commonwealth Attorney, criminal defense attorney and arrestee's trust in the justice and public safety systems. The job of policing has become so much more than it once was. Police are not law enforcement, but first responders to many mental health and substance use crises - and they are not currently equipped to do all three, and shouldn't be tasked with all three.</p> <p>I have also seen the damage, not only to individuals and families , but to community trust, that unchecked policing can cause, especially in low income areas.</p> <p>My legal background also gives me the ability to look critically at laws and policies to make sure that they actually doing what they are intended to do and protecting both police and the communities that they serve and protect.</p> <p>I am excited about being a part of the initial formation of this board to play a significant role in fostering transparency, trust, and accountability within the Richmond Police Department.</p>

EXPERIENCE

Director, Health Data Analytics Program, Office of the Senior Vice President for Research, Georgetown University (January 2021 to present)

Leads operational aspects of all projects within the Health Data Analytics Program. Provides guidance and operational leadership on all ATra Black Box related projects and serves as the lead staff member on collaborations with external parties as needed to meet the goals of the Health Data Analytics Program. Initiates and engages in collaborations with public health authorities at the local, state, regional, and national levels, to ensure that current data sharing, integration and analysis needs are being met, in order to improve services, outcomes, analysis, and policy development. Collaborates with faculty and staff in the University, and local, state, regional, national public health authorities. Provides oversight to OSVPR team members tasked with actualizing the operations, data requirements gathering, project management and program evaluation of Black Box related projects.

Associate, Research and Evaluation, Abt Associates (April 2020 to January 2021)

Served as director for evaluation and technical assistance projects including: 1) providing technical assistance to Ryan White HIV/AIDS program (RWHAP) recipients on required data reporting and integration of data systems; 2) implementation of a new methodology for assessing unmet need for HIV related care for RWHAP Part A and Part B recipients, including development of materials, design and delivery of national webinars, and individual technical assistance. Also provided subject matter expertise on HIV and STI surveillance at public health departments for an evaluation of a project aimed at improving linkages among HIV and STI data. Assisted with REDCap programming for a number of CDC studies on the impact of COVID-19.

Technical Director, Population-based HIV Impact Assessment Survey (PHIA), Institute of Human Virology, University of Maryland Baltimore (November 2019 to April 2020)

Provided technical support for the development and implementation of Population-based household HIV/AIDS Impact Assessment (PHIA) surveys in multiple countries. The surveys collected data to guide HIV treatment programs through national household surveys which measure national and subnational prevalence and the progress towards the UNAIDS' 90-90-90 goals. Designed and oversaw survey workplans and provided programmatic support and direction to the PHIA surveys. Prepared, coordinated, and maintained program content and delivery methods for the daily operations of the PHIA surveys. Worked with the PIs to develop, organize, communicate, and implement a strategic vision for the surveys. Bridged administrative and technical teams and oversaw the development of all Standard Operating Procedures and manuals.

Deputy Director, Division of Disease Prevention (June 2017 to November 2019) Virginia Department of Health, Division of Disease Prevention

Provided management, coordination, oversight, and quality assurance statewide for HIV/STI and hepatitis data management systems, as well as assisted the Director of the Division in planning programmatic activities. Managed federal grants, budgets, contracts, and related fiscal resources and activities. Supervised several upper level program staff, including a group of epidemiologists who provided support for the Division in utilizing data for program planning and the statewide Data to Care program. Pursued new funding

opportunities and implemented new programs. Facilitated initiatives/evaluation activities to enhance the Division's ability to better collect and analyze HIV/STI data as it related to HIV/STI prevention, health care, and field service activities. Communicated with internal and external stakeholders. Oversaw HIV/STI and hepatitis data systems and data management teams, including forecasting for the AIDS Drug Assistance Program (ADAP), and design and review of quality measures and reports for federal grant reporting for Ryan White and HIV Prevention and Surveillance grants. Principal Investigator for a 3-year Special Projects of National Significance (SPNS) grant related to improving health information technology for measuring the HIV Continuum of Care. Principal Investigator for Virginia on the Black Box initiative, which automated matching of HIV data across multiple jurisdictions. Partnered with University of Virginia and Virginia Commonwealth University on research and program evaluations and grant opportunities. Served as backup for the state AIDS Director. Oversaw the STI/viral hepatitis program for the state. Directed projects on harm reduction and opioid vulnerability assessment.

Director, HIV Surveillance Unit (August 2013 – June 2017)

Virginia Department of Health, Division of Disease Prevention

Provided management and oversight for HIV/AIDS Surveillance Programs (Core, Incidence, Molecular, Medical Monitoring Project, and National HIV Behavioral Surveillance). Managed federal grants, budgets, contracts, and related fiscal resources and activities. Supervised program staff; provided technical guidance regarding programs and related grants; and directed development and implementation of short and long-range program plans to improve the quality of services. Conducted annual grant writing; pursued new funding opportunities and implemented new programs. Provided technical oversight regarding protocols, Institutional Review Board (IRB) submission/approval, as well as direction for short and long term program planning. Utilized epidemiologic methodologies to ensure federal protocol compliance. Communicated with state, federal, and private sector employees, as well as citizens, agencies, boards and organizations. Developed statewide Data to Care program and implemented with Disease Intervention Specialists, medical providers and community-based organizations.

Health Care Services Analyst (January 2011 – July 2013)

Virginia Department of Health, Division of Disease Prevention, HIV Care Services

Provided oversight of all data-related activities for the unit, including design of evaluation plans for ongoing grant activities, design and maintenance of data collection systems for the ADAP and for the Ryan White services data. Supervised two data managers, a programmer, a health services planner, and three data entry staff. Wrote competitive applications that were funded. Monitored contracts and budgets for data management services, assisted with development of Requests for Proposals, and worked with fiscal staff on tracking expenditures and projections over time. Provided financial and utilization projections for ADAP, examining multiple scenarios. Completed reports for federal funders, VDH leadership, local health departments and other contractor sites, as well as other external stakeholders. Developed templates for quarterly programmatic summaries and worked to analyze data across units within VDH, including HIV Care, Surveillance and Prevention data. Developed methods for producing a statewide HIV continuum of care using data from multiple sources. Served as lead evaluator for a Special Projects of National Significance (SPNS) grant, a 4-year, \$4M grant to determine interventions that were successful at linking and retaining persons in HIV care. Designed and implemented a local evaluation plan and participated in the cross-state evaluation. Also assisted in designing intervention protocols and developing applications for submission to multiple IRBs. Developed the in-house centralized eligibility database for ADAP, along with insurance tracking mechanisms for the program. Worked with contractor sites to improve data systems for ADAP and Ryan White services to ensure needed data were captured for program planning, grant reporting, and quality management. Designed procedures for

local health departments to access Web-based information on ADAP clients and for health departments to report HIV testing information for linkage to care.

Senior Research Associate (September 2008 – December 2012)
George Mason University

Senior Analyst and Project Coordinator for the Administration of Justice Department, including data oversight for two National Institute on Drug Abuse (NIDA) R01 behavioral clinical trials on incarceration and substance abuse. Responsible for quality assurance and control procedures and statistical analyses of project data. Specific types of analyses included multi-level modeling, structural equation modeling, power analyses and other advanced techniques. Why do you want to be a part of the Civilian Review Board?

I would like to contribute to Richmond by sharing my observations and experiences that might educate and bring into focus the deeper causes of misunderstandings and perceptions that distort the views and opinions we hold towards one another (law enforcement & civilians).

The bane of human success and our ability to co-exist, to prosper together and to realize our full potential is the dearth of knowledge and truth. If we possess the wisdom to understand the origin and motives for the animosities and attitudes of hate, we could begin to lay the groundwork for a resolution and progress toward brotherhood among all men.

Richmond, VA was the Capital City where the institution of "enslavement" was founded and reinforced. This city, over 250 years ago became the gatekeeper of oppression, forced labor, and all the cruelties associated with that unjust institution. For this very reason, we should now serve as the initiator across our nation to end the damaging effects of this institution.

We have torn down the statues that represented the symbolic edifices of that era, now let us begin to tear down some of the lingering psychological remnants of that period. Let us begin to touch the hearts of people and end the societal anomaly where it began that served as roadblocks between the community and law enforcement.

I attest that the information transmitted and answers provided in this application are true, accurate, and complete to the best of my knowledge.

---	----------

How long have you been a resident of the city of Richmond?	60 years
---	----------

Have you ever been convicted of a felony?	Yes
--	-----

If yes, please explain.

I have several convictions. Served a 293 month sentence in the federal jurisdiction. Longstanding criminal behavior has been eradicated and abrogated. I understand the criminal justice system in addition to fairness in all realms.

My entire criminal background has been reviewed prior to receiving a commutation by then President Obama, who indicated his belief in me. I currently have a pardon before President Biden (final stage) as well as I have had my rights restored by current Governor Youngkin.

I provide a different and unique perspective which yields an opportunity to assist, particularly and specifically with this important task.

Have you even been convicted of a misdemeanor involving moral turpitude (stealing, lying, etc.)?

Yes

If yes, please explain.

See above. I am happy to discuss this as well.

Please list your educational background and/or other expertise or qualifications you will be bringing to this board.	I'm from the region, grew up in Hanover County. Richmond resident since March 2019. I went to Hanover High School and graduated from Christopher Newport University with a major in Communication Studies. I consider myself to be a active young professional and engaged community member.
List other city of Richmond Authorities, Boards, Commissions or Task Forces you currently or have previously served.	No Richmond Authorities, Boards, Commissions or Task Forces but multiple in Hanover County, VA.
Why do you want to be a part of the Civilian Review Board?	I am a true believer in accountability. Mistakes happen, we are human, it's what happens after the mistake that matters. After a mistake, most people go one of two ways - deflect responsibility and blame others or own responsibility and work towards correcting the issue. This belief of accountability and responsibility is not as common in our current society. I try to listen, and bring a non-partial mindset to things.
