I am writing to express my interest in the Human Rights Commission vacancy. I am extremely interested in this position because it aligns with my work experiences and career aspirations greatly. I hold a Bachelor of Science degree in Applied Economic Management with a focus in Community Economic Development from Virginia Tech and I have professional work experiences in state government, local government, non-profits, and in higher education.

I have held multiple positions with the County of Henrico, where I assist taxpayers with new business license applications, I help taxpayers with applications and certifications for the Real Estate Advantage Program (REAP) and provide taxpayers with information on how to complete Form 740-A and Form 740 M & T, amongst other tasks. Prior to working for Henrico County, I served as a Manufactured Home Project Coordinator VISTA for the Manufactured Home Community Coalition of Virginia (MHCCV). While there I was tasked with creating a statewide database of manufactured home communities to better capture an accurate census of mobile park homes in Virginia, I researched available funding for manufactured home communities, one of the potential funding opportunities was through the coordination of the application and training process for MHCCV to become Virginia's technical assistance provider/affiliate for Resident Owned Communities USA to facilit

I was recently admitted to the Virginia Bar after finishing my legal degree in May 2021. I pursued educational opportunities throughout undergraduate and law school to study marginalized communities, the impact of laws and policies upon those communities and legal solutions and policies to further equity. After my clerkship, I plan to litigate in the intersection of human rights and civil rights. I have previously assisted in the policy planning for the Lee monument removal and the formation of the Governor's Commission to examine racial inequities in the law. Under the Attorney General as a legal intern, I assisted on the Equal Rights Amendment litigation. At the federal level, I worked on federal lawsuits brought by the U.S. Department of Housing and Urban Development against housing providers who discriminated on the basis of disability. I recently presented at the International Legal Technology Association Conference and spoke about my interest in using data modeling to eliminate

I have a unique set of problem-solving skills and knowledge I have developed from working in the General Assembly of Virginia, the Executive Branch of Virginia, and now in the federal government working for a member of Congress. There's something about this commission that hits close to home, as a first generation immigrant. My family came to the United States when I was 8 years old from the country of Qatar, fleeing religious persecution, government corruption, and human rights violations. My family would tell me stories of the experiences they have had, as well as experiences they heard about from friends. I may not have any professional experience in the Human Rights field, but I believe that my lived experiences as an immigrant from a country that is known for human rights violation would bring a new perspective to the board that it is otherwise lacking. I also think that my perspective as a young professional, who believes in progressive values while taking a pragmatic human-centered approach to solving issues is a important one to have on a board like this.
