through a competitive and transparent application process. A Peer Recovery Specialist is a self-identified person with lived experience with a mental health and/or substance use disorder who is in successful and ongoing recovery from mental health and/or substance use disorders. Peer Recovery Specialists use their lived experience to support another person's recovery journey. Investing in Peer Recovery Specialists is an evidenced based approach to opioid remediation.

Dear Mr. Barrett,

As Chairman of the Virginia Opioid Abatement Authority (OAA) I am pleased to inform you that the City of Richmond has been awarded an Individual Distribution grant in the amount of \$250,000.00 to support its Subgrants for Peer Integration project.

The OAA Board of Directors has invested considerable time and effort to ensure that Virginia allocates its share of the national opioid settlements in a manner that saves lives, restores families, and safeguards communities. This is a major challenge and will require a strengthening of partnerships between community-based organizations, local governments, state agencies, and many other stakeholders. Efforts such as the City of Richmond's Subgrants for Peer Integration project have the potential to exemplify how we can work together to turn the tide of the opioid crisis in Virginia.

Details about the award being offered by the OAA are attached to this letter. We look forward to receiving your acceptance and to working together on this important mission.

Sincerely,
