Desire to help out my city wherever needed, recognizing that the Planning Commission will continue to play a significant role in supporting the orderly growth and revitalization of its neighborhoods within the context of a draft Master Plan to be considered, new development pressures on residential areas while at the same time there are challenges in ensuring quality affordable housing. While my consulting and development work is focused on projects outside of the city and generally outside of the region, if my background and skill set would be useful in service to the city on the City Planning Commission, or any other commission, or committee, or in an ad hoc fashion of some sort, I am very interesting in being of service to our City. I am aware of the strength of the existing Commission membership, so I do not seek to be a replacement for any existing member that may be seeking re-appointment, but for any vacancy, I would be happy to serve.

How Did You Hear About or Who Referred You to Apply for Appointment to This Authority, Board, Commission or Task Force?

I am currently a startup advisor at CloudTower, a small business incubator. CloudTower connects promising founders with proven mentors, investors, support services, working space and lean startup education.

I was previously the Director of Strategic Planning for Richmond based transportation company UZURV, the first licensed Specialty Transportation Network Company (TNC) in the United States, which has created "smart" technologies that tap into the vast TNC resource to fill in the gaps of current municipal transit authority programs. Through this role, I learned more about transportation needs in Richmond and became especially passionate about increasing access for those utilizing para-transit services.

I have also worked as an associate at a real estate development firm, IDS. IDS specializes in the development of community oriented projects, developing both commercial and residential projects with an emphasis on underserved neighborhoods. Utilizing both public and private funding IDS works with creative community partners to leverage limited public funding with private investment. Projects also emphasize creative design options including energy efficiency enhancements. IDS also focuses on Public Housing redevelopment including
