There were no public hearing speakers.

Vice Chair Ellen Robertson inquired about the proposed \$3,000,000 for Richmond Coliseum demolition, and she asked why general fund money was to be used rather than capital improvement project (CIP) funding. Vice Chair Robertson also inquired if demolition could be delayed and later included in a future City Center development project.

Chief Administrative Officer (CAO) Lincoln Saunders stated that independent demolition is not an allowable use of CIP funds. CAO Saunders also stated that no City Center development plan has been finalized, so any future CIP funds cannot be allocated to the demolition. CAO Saunders further stated that the city viewed the coliseum as a security risk, and that the city wanted to move forward with demolition.

Sharon Ebert, Deputy Chief Administrative Officer (DCAO) for Planning and Economic Development, provided additional information regarding the city's plan for selecting a developer for the City Center project and how the redevelopment of the area surrounding the coliseum would occur.

Vice Chair Robertson stated her concerns that the proposed \$3,000,000 in general funds could be used for essential city needs, and that the demolition could take place later with CIP funds once a finalized City Center project is selected.

CAO Saunders stated that without moving forward with demolition, the city will need to allocate \$500,000 in funds to address coliseum security concerns.

Chair Cynthia Newbille stated that Council and city administration could collaborate on providing funding to the concerns raised by Vice Chair Robertson through the upcoming Fiscal Year (FY) 2025 city budget.
