RE: FY 2024 Reappropriation

ORD. OR RES. No.

PURPOSE: To amend the FY 2024 General Fund Budget (Ord. 2023-071) by appropriating a portion of projected increased revenue of \$5,489,264 in revenues resulting from increases within “Local Sales & Use,” “Consumer Utility,” “Admissions,” and “Permits and Licenses” taxes and fees, and amending various agencies’ budgets to reflect those agencies’ projected FY 2024 funding needs.

BACKGROUND: Administration is responsible for budget monitoring, execution, and reconciliation throughout the fiscal year. As part of the normal course of business, revenues and expenditures are monitored throughout the fiscal year. When variances require remediation, the Administration is responsible to bring those actions to City Council for approval. As such, this appropriations paper promotes the tenants of “Well-managed Government” to align agency and project budgets more closely with their projected expenditures. Some of the department variances are occurring due to the retirement system transition to the Virginia Retirement System and the costs associated with increase in the required employee contribution.

In previous years, similar re-appropriation papers were introduced and adopted to adjust various agencies’ budgets. Even after the adoption of this ordinance, it should be noted that there is still a possibility that changes in expenditure patterns or unforeseen events could result in additional variances.

- (1) This ordinance seeks to appropriate a portion of the projected increased revenue of \$5,489,264. Projected increases are found withing the following revenue categories:
- \$3,032,967 - “Local Sales & Use”: increased consumer spending.
 - \$753,450 - “Consumer Utility Taxes”: increased collections of gas and electric utility taxes.
 - \$517,422 - “Admissions Taxes”: increased consumer spending.

- \$1,185,425 - “Permits and Licenses Taxes”: increased betting parlor fee collections, primarily from Colonial/Churchill Downs.
- (2) This ordinance seeks to increase appropriations by \$13,558,397, decrease appropriations by \$8,069,133, for a net increase of \$5,489,264, and to transfer that projected overall savings from various agencies to those that are projected to have a shortfall to be closer in line with projections and to cover remaining expenditure needs for FY 2024 as identified on the attached table, titled “General Fund Amendments.” A brief explanation of department shortfalls or savings is follows:

Animal Care & Control - \$329,607

Costs for contract personnel and veterinary animal care services.

Chief Administrative Offices - \$68,200

Costs associated with the VRS transition and increase in the mandatory employee contribution for retirement.

City Attorney - \$44,140

Costs associated with the VRS transition and increase in the mandatory employee contribution for retirement.

City Treasurer - \$32,000

Costs associated with jury pay due to an increase in the number of cases.

Emergency Communications - \$1,740,938

Correct overages in two of the department’s special funds. The tower lease special fund must be closed out per Audit recommendation Audit 2022-11. Finance used \$589,981 from this special fund to help with 2022 ACFR reconciliation, as a result this special fund will be in the negative by a projected \$528,263.89. The remaining \$1.1 million shortfall in the Emergency Communications Special fund is due to a combination of salary increases while Communications and Sales Tax revenue decreases.

Finance - \$2,068,563

For increased workload and new activities related to customer service and community engagement, \$1,000,000 will be appropriated. For costs associated with the June election (5/3 - 6/15) within the General Registrar’s office, \$1,068,563 will be appropriated.

Fire & Emergency Services - \$2,930,170

Costs associated with retirement and healthcare, as well as the amount of overtime need to cover daily shifts.

Housing & Community Development - \$240,967

Costs associated with the VRS transition, increase in the mandatory employee contribution for retirement, additional personnel, and to continue the partnership for affordable housing activities

previously committed to.

Human Resources - (\$663,350)

Transfer savings from a longer than anticipated startup of various new citywide initiatives, such as the tuition reimbursement program and alternative employee transportation.

Judiciary - Adult Drug Court - \$11,531

Costs for a clinical supervisor, drug testing analyzer, and sober living housing. These expenses were originally funded by a Federal SAMSHA grant that expired 9/29/23.

Judiciary - Circuit Court - \$50,863

Costs due to an increase in hiring.

Justice Services - (\$556,532)

Transfer savings in personnel from vacant positions, as well as difficulty finding vendors to fulfill contracts.

Mayor's Office - \$194,978

Address overage resulting from personnel, benefits, including retirement and healthcare.

Non-Departmental - (\$4,239,165)

Transfer \$4,292,165 of savings in economic incentive payments for closed projects, of which the City will not receive further funds, for Stone Brewery Lease Hold Tax Payment, Stone Brewery Development Grant, CoStar incentive payment, as well as savings from the language incentive program. For regional workforce efforts, through partner Capital Region Workforce Partnership, \$53,000 will be appropriated.

Office of Community Wealth Building - (\$33,209)

Office of Sustainability - \$17,186

Costs associated with the VRS transition and increase in the mandatory employee contribution for retirement.

Office of Strategic Communications & Civic Engagement - (\$126,731)

Transfer savings in personnel due to vacancies.

Parks & Recreation - \$914,665

Offset overages resulting security at the Broad Rock Sports Complex, portable toilets throughout various Parks' facilities, and the Juneteenth celebration.

Planning & Development Review - (\$180,421)

Transfer savings due to lower costs for management services and auto expenses expenditures.

Police Department - \$4,561,129

Costs associated with reconciling payouts in accordance with administrative regulations 4.7 On Call Duty Pay and 4.5 Compensatory Time Payout, and higher than anticipated costs related to contracted temps, promotional assessment center and additional fleet costs.

Public Works - \$220,050

Costs associated with dewatering, debris removal and disposal, and basement oil removal at the Public Safety building.

Social Services - (\$2,216,825)

Transfer funds due to lower adoption placements, delayed maintenance projects in anticipation of relocation, reduced fleet size, and centralized office supply purchasing, as such lower revenue collections are also expected.

COMMUNITY ENGAGEMENT: This reappropriation includes support of community agencies who have a history of and are to continue providing necessary services to the citizens of the City of Richmond.

STRATEGIC INITIATIVES AND OTHER GOVERNMENTAL: This reappropriation includes funding to ensure departments can perform mandated personnel functions, such as on-call pay, and support of affordable housing services.

FISCAL IMPACT: The City will receive \$5,489,264 in anticipated increased revenue.
