Subject: Monday November 6th Richmond City Planning Commission public meeting RE: Signs @ Stony Point Shopping Center
Attachments: Stony Point Shopping Center SIGNING.pdf

Dear Sir -

Thank you for returning the call RE: Signs @ Stony Point Shopping Center

It was a delightful conversation concerning the signage. The topographical layout of the center screams for some method to identify what's there. Folks are delighted to see this occurring.

Also - you mentioned transferring my call to Utilities. Could you please forward this message to the proper person in that department asking please place the City Street - Forest Hill Avenue, on the list to be repaved. Traffic has been heavy over the years, requiring that Forest hill Avenue from Huguenot Road to Stony Point Road needs HELP - repaving. The surface will have a very difficult time surviving another severe winter.

Thanks you,

Albert J Meyer, Jr
