Subject:

Monday November 6th Richmond City Planning Commission public meeting RE: Signs @

Stony Point Shopping Center

Attachments:

Stony Point Shopping Center SIGNING.pdf

Dear Sir -

Thank you for returning the call RE: Signs @ Stony Point Shopping Center

It was a delightful conversation concerning the signage. The topographical layout of the center screams for some method to identify what's there. Folks are delighted to see this occurring.

Also - you mentioned transferring my call to Utilities. Could you please forward this message to the proper person in that department asking please place the <u>City Street</u> - Forest Hill Avenue, on the list to be repaved. Traffic has been heavy over the years, requiring that <u>Forest hill Avenue</u> <u>from Huguenot Road to Stony Point Road</u> needs HELP - repaving. The surface will have a very difficult time surviving another severe winter.

Thanks you,

Albert J Meyer, Jr
