**RE:** To authorize the special use of the property known as 1223 West Leigh Street, for the  
purpose of a multi-family building, upon certain terms and conditions.

**ORD. OR RES. No.** \_\_\_\_\_

**PURPOSE:** To authorize the special use of the property known as 1223 West Leigh Street, for the purpose  
of a multi-family building, upon certain terms and conditions.

**REASON:** The applicant is requesting a Special Use Permit to authorize a multi-family building.  
Multi-family buildings are not a permitted principal use within the R-8 Urban Residential District. A Special  
Use Permit is therefore required.

**RECOMMENDATION:** In accordance with the requirements of the City Charter and the Zoning  
Ordinance, the City Planning Commission will review this request and make a recommendation to City  
Council. This item will be scheduled for consideration by the Commission at its November 7, 2022,  
meeting.

**BACKGROUND:** The property is located in the Carver neighborhood on Leigh Street between Norton  
and North Harrison Streets. The property is currently a 2,550 sq. ft. (.06 acre) parcel of land. The building  
is currently a two-story mixed-use building with two apartment units above street level commercial. The  
Special Use Permit would allow for a total of three units.

The City's Richmond 300 Master Plan designates a future land use for the subject property as Neighborhood Mixed Use, which is defined as "Existing or new highly walkable urban neighborhoods that are predominantly residential with a small, but critical, percentage of parcels providing retail, office, personal service, and institutional uses."

Intensity: Building heights are generally two to four stories. Buildings taller than four stories may be found along major streets. Parcels are generally between 1,500 and 5,000 sq. ft. Primary Uses: Single family houses, accessory dwelling units, duplexes, small multi-family buildings (typically 3-10 units), and open space. Secondary Uses: Large multifamily buildings (10+units), retail/office/personal service, institutional, cultural, and government. (p. 56)

The current zoning for this property is R 8 Urban Residential District. All adjacent properties are located within the same R 8 Residential Zone. The area is primarily single family residential, with some multi-family residential and small, neighborhood commercial uses present in the vicinity. The proposed density is 50 units per acre.

**FISCAL IMPACT / COST:** The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

**FISCAL IMPLICATIONS:** Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.

**APPLICANT REPORT**

March 17, 2022

Kevin Vonck, Director  
Department of Planning and Development Review  
900 East Broad Street. Suite 511  
Richmond, Virginia 23219

**RE:** Applicant Report for Special Use Permit submission for the property located at 1223 West Leigh Street (Parcel Number N0000518001)

Dear Mr. Vonck,

On behalf of Omiyah Investment Corp. ("the Applicant") I am submitting a formal application for a Special Use Permit for a property located at 1223 West Leigh Street. The applicant requests the Special Use Permit, because it has been determined that the proposed reuse of the commercial space does not meet the underlying zoning requirements. As such the applicant is seeking approval from City Council to provide relief which facilitates the conversion of the commercial space on the first floor into to a residential unit.

**Site appropriateness**

The existing structure is 2909 s.f. and situated on a corner lot and previously housed two residential units and retail/commercial space on the first level with primary street frontage. The owner proposes to convert the commercial space which is approximately 795 s.f. into a residential unit, bringing the total number of residential units to three. The owner's SUP proposal is explicitly for interior improvements to the commercial space and does not include any modification to the front facade, nor the side or rear elevations of the structure.

**Community Support**

The owner has taken time to share the scope of the project with the community and given careful consideration to density concerns. The client has provided project information to representatives of the Carver Neighborhood Association (Carver Area Civil Improvement League - CACIL) concerning the intent of the SUP. Client has also informed the City Council Representative – Councilwoman Katherine Jordan, of the planned SUP submission.

**City Charter Conditions**

The Special Use Permit being submitted for 1223 W. Leigh Street does not meet off-street parking or land coverage requirements as required by the City Charter. All other City Charter conditions are met and the owner assures administration and council that the proposed special use will not:

**Create detriment to the safety, health, morals and general welfare of the community involved.**

The Special Use Permit will allow the addition of one residential unit that should not generate or increase crime, create safety hazards, or jeopardize the health of the community.

**Tend to create congestion in streets, roads, alleys and other public ways and places in the area involved.**

The conversion of the first floor commercial into a single residential unit will reduce congestion in the public right of way. We anticipate that the new residential unit will generate no more than two vehicles that will park on the street in contrast to the previous use which generated vehicular and pedestrian traffic throughout the day and into the evening by individuals patronizing the business.

**Create hazards from fire, panic, or other dangers.**

The redevelopment of the first-floor space into a single residential unit will not require the installation or storage of any equipment that increases the risk of fire within the building.

**Tend to cause overcrowding of land and undue concentration of population.**

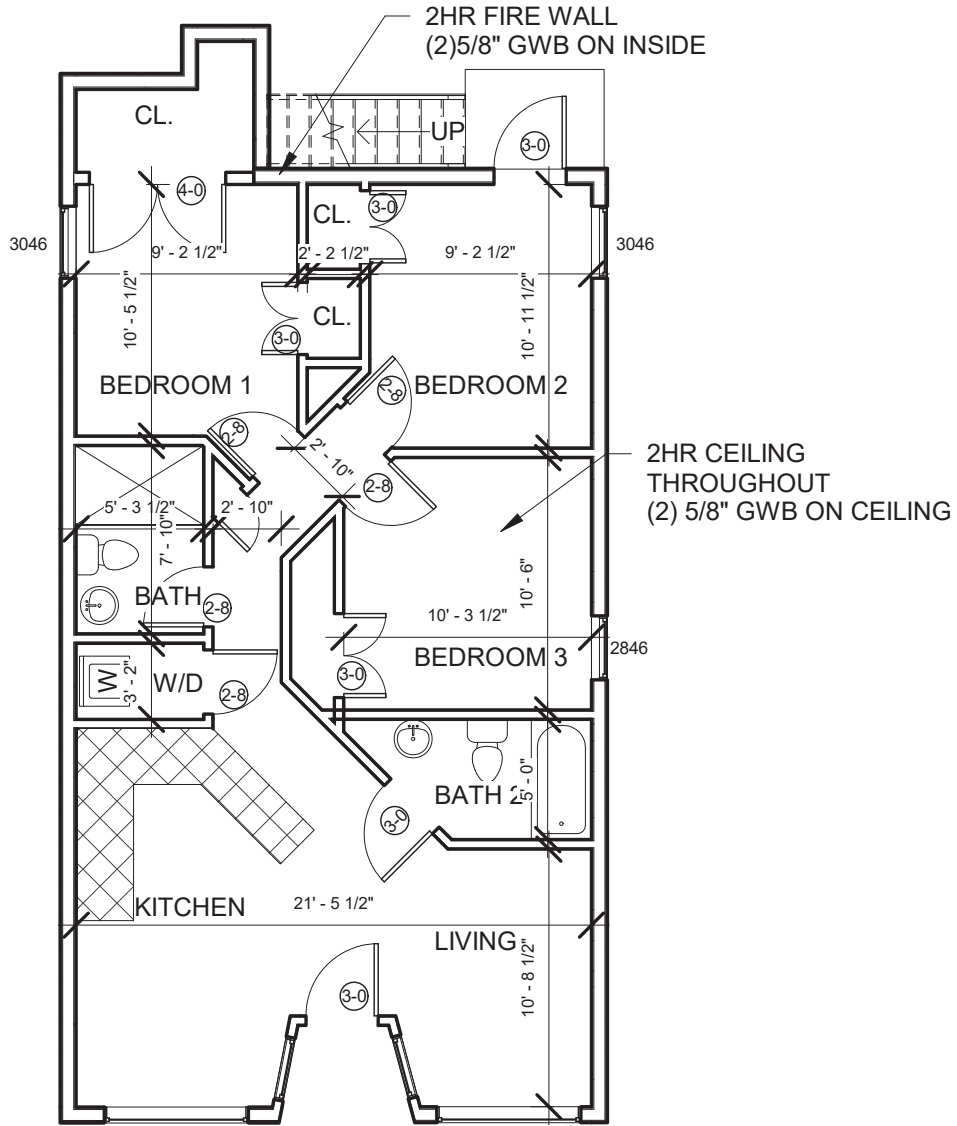

The Special Use Permit will allow the addition of one residential unit and thus will not cause any overcrowding of the property nor a noticeable/significant increase in population.

**Adversely affect or interfere with public or private schools, parks, playgrounds, water supplies, sewage disposal, transportation or other public requirements, conveniences and improvements.**

The Special Use Permit will allow the addition of one residential unit and thus will not result in any adverse effects to public facilities and services nor conveniences or improvements.

**Interfere with adequate light and air**

There will be no changes to the exterior or the footprint of the building that would result in changes in adequate light. The residential use will not produce any substances that would impact the air outside of the building.
