**ORD. OR RES. No.**

**PURPOSE:** To authorize and execute a cooperation agreement with the Virginia Transit Association to receive funds in the amount of \$275,000.00, and appropriate the increase to Special Fund (02915 Cost Center) for the Department of Public Works' Shared Mobility Program.

**BACKGROUND:** The Office of Equitable Transit and Mobility has demonstrated that, through car-centric planning as well as land-use and transportation policies over the last century, marginalized people and low-income communities have been denied the same accessibility as those who can afford a personal vehicle. While increasing transit and multimodal access can help, to fully access the same network as the wealthier residents, low-income residents need flexible access to a vehicle that can reach further employment centers that are not accessible via fixed route public transportation, biking, and walking.

The purpose of this project is to demonstrate the feasibility of a subsidized van-share/micro-transit for low-income residents. Many vital living-wage employment destinations are only accessible by personal vehicle, this service meets equitable accessibility goals as well as trip reduc-

tion and environmental goals. This program demonstrates the willingness of low-income residents to use cost-share services in the long term.

This program will continue to provide access while de-incentivizing single occupancy vehicle trips. The program will expose residents to the benefits of ride-sharing as a cost saving measure, as well as a way to reduce vehicle trips, and meet personal environmental impact goals.

**COMMUNITY ENGAGEMENT:** The Office of Equitable Transit and Mobility engaged the public in an intensive, equity focused, planning process from Spring 2021 to Winter 2024 while completing the Path to Equity: Policy Guide for Richmond Connects and the Richmond Connects Strategic and Action Plans. During that time, 6 rounds of community engagement to hear feedback were completed. Over 20,000 Richmonders participated in some way during the process. Hundreds of hours were spent having conversations with residents who have been left out of previous planning processes and access to jobs and economic centers was common in collected feedback.

**STRATEGIC INITIATIVES AND OTHER GOVERNMENTAL:** The Free Rides to Work program conforms to the Equitable Transportation Vision set forth in the Richmond 300 Master Plan.

**FISCAL IMPACT:** The total amount of this award is \$275,000.00. The Office of Equitable Transit and Mobility will use the funding for the Free Rides to Work program. There is no match requirement.

Dear Dironna:

On behalf of the Virginia Transit Association (VTA), I am pleased to inform you that your Fiscal Year 2026 Zero Transit Fare for Working Families Grant Program application has been approved.

Your project has been awarded a grant in the amount of \$137,500 for the first half (July-Dec 2025) of FY2026, and a minimum of \$137,500 for the second half (Jan-June 2026) of FY2026 to fund project activities specific to public transportation services. Please note that any funds not used during the first half of FY2026 may be deobligated and redistributed to approved grantees after January 1st.

The grant award is contingent on the approval by the Virginia Department of Social Services (VDSS) and full execution of a Sole Source Agreement between VDSS and VTA.

Should Richmond Office of Equitable Transit and Mobility (Sub-Recipient) wish to accept the grant and proceed with the Project, you will be asked to provide VTA with a formal grant acceptance letter as well as a signed Cooperative Agreement. Please be advised that reasonable administrative expenses, such as staff time to prepare monthly requests for reimbursement and quarterly status reports, are eligible as well as community educational outreach about the existence and benefits of the program. Additional costs including commercial advertising, office space, and electronic office supplies such as printers and computers are not eligible for funding. The monthly grant reimbursement request award is contingent on VTA's review and approval.

To complete the agreement, VTA requests that in addition to the formal grant acceptance letter, the Cooperation Agreement be signed and returned immediately so that the application can be expedited. This will obligate the grant funding to the Project before the start of the FY26 fiscal year. This Cooperation Agreement outlines roles and responsibilities and key program requirements mutually agreed to by VTA and the Sub-Recipient. Once received, please complete the signature process within two weeks.

#### **PROGRAM REQUIREMENTS:**

Please refer to the Zero Transit Fare for Working Families Grant Program Guidelines (available at <https://vatransit.com/TANFGrant>) for a list of the program requirements.

- **Project Eligibility:** All projects must solely serve TANF eligible persons and/or individuals with a dependent child whose income is at or below 200% of the federal poverty level, and subrecipients must be able to document and verify TANF and income eligibility.
-

- **Reimbursement:** The Zero Transit Fare grant program is a reimbursement program. As a subrecipient to VTA, you will be required to pay expenses directly and then submit a request for reimbursement through VTA on a monthly basis. Please note that no funds for which reimbursement will be requested can be expended prior to full execution of a Sole Source Agreement between VTA and VDSS.
- **Outcome Reporting; Quarterly Status Reports:** The subrecipient will submit a monthly outcome report along with the monthly reimbursement request. In addition, the subrecipient shall submit quarterly supplemental information relevant to programmatic progress for inclusion in VTA's state-mandated quarterly progress reports. This information will inform VTA's quarterly reports due no later than August 15, November 15, February 15, and May 15. Reports will contain detailed descriptions of program activities and outcomes.
- **Project Records:** The subrecipient must maintain full and accurate records with respect to the project, including but not limited to TANF eligibility screening and transit ridership.

Thank you for your work in public transit and for advancing your project through the Zero Transit Fare for Working Families Grant Program. We look forward to seeing your project implemented.

Should you have any questions, please contact me by phone at (804) 643-1166 or by email at [TANFgrant@vatransit.com](mailto:TANFgrant@vatransit.com). Laura Kitchin Greenleaf, TANF Grant Coordinator, will schedule an orientation for you and other subrecipients before FY 2026 begins in July.
