As a long- time resident of the Fan, I strongly oppose any change in the parking ordinance. We have too many vehicles and too few parking spaces. We have vehicles parking illegally at the curbs, making it extremely dangerous at the intersections. The city is not enforcing the illegal parking because the demand for spaces is so great. Every new unit built in the Richmond metropolitan area MUST come with off-street parking. This will somewhat alleviate the traffic problems that more development in the city will create. Thank you Millie Green
