*Variance between our nightly log and HMIS totals due to our backlog of new client intakes. As intakes are completed, we backdate and input all nights a new client stayed. This causes fluctuation in the overall program totals.

**At the start of the week we attempted to use extra hotel rooms as overflow space. 4 clients/room. However, with staff and security in the main building, we were not able to fully supervise clients in the rooms. The hotel requested we refrain from doing so. As of 1/28, we are solely sheltering in the ballroom and conference rooms. Max capacity is 140.
