Page 2, Line 4

At the beginning of the line, add the recitals “WHEREAS, the Council believes that none of these historic preservation, school, stormwater drainage, and traffic issues were addressed when Ordinance No. 53-21-31, adopted February 9, 1953, rezoned the Westwood Tract from a ‘B’ Single Family Dwelling District to an ‘E’ Multiple Family Dwelling District to permit the expansion of the Union Theological Seminary’s facilities; and

WHEREAS, a letter dated November 15, 2016, from David Hudson, the Principal of Linwood Holton Elementary School, to Kimberly Gray states his conclusion that the aforementioned proposal to construct a multifamily development of approximately 300 apartment units on the Westwood Tract would increase that elementary school’s enrollment by 68 to 147 students; and

WHEREAS, the Council believes that the traffic impact analysis entitled ‘Bristol and Westwood Development, Traffic Impact Analysis, Richmond, Virginia,’ prepared by Timmons Group, and dated June 25, 2015, did not sufficiently capture the morning traffic associated with Veritas School and did not sufficiently model the traffic or safety impacts of a proposed new access point at the intersection of Westwood Avenue and Lamont Street; and”
