RE: Proposed Easement at 1925 U Street for the construction, maintenance, and operation of improvements and associated appurtenances for the generation, distribution and transmission of electricity in accordance with a certain Right of Way Agreement (ROW) in support of a City Administered construction project known as the Lucks Field Community Center.

ORD. OR RES No. _____

PURPOSE: To provide for the granting by the City of Richmond to the person, firm or corporation to be ascertained in the manner prescribed by law of an easement upon, over, under, and across certain property located in Lucks Field Community Center at 1925 U Street for the construction, maintenance, and operation of improvements and associated appurtenances for the generation, distribution and transmission of electricity in accordance with a certain Right of Way Agreement.

BACKGROUND: Lucks Field Community Center is located in the East Side of the City at 1925 U Street (Parcel ID No. E0000703001). Work is underway to build a new Lucks Field Community Center building, the \$20 million project, funded largely by the Federal American Rescue Plan Act, will bring new life to the community including improvements to adjacent streets and sidewalks.

The new 30,000 square foot building is designed to inspire the community, with a focus centered on sports and health. Featuring an 8,000 square foot rooftop basketball court and rooftop exercise garden area along with traditional indoor and outdoor basketball courts, an elevated indoor walking track, outdoor walking paths, and new indoor and outdoor playground facilities. The space is designed to be functional and attractive with additional amenities including a teaching kitchen, dedicated teen space, mixed media center, and community garden space with abundant tree plantings contributing to the park-like setting.

The new community center building requires the power provider to upgrade the existing power pole at the corner of Rogers Street and U Street that will serve the new facility with 3 phase power. This upgrade will require the provider to remove the existing pole that will serve the new facility on Rogers, install a new primary pole and overhead primary line to a secondary terminal pole and transformer that will feed power to the new facility. To provide sufficient power to the new facility, the power provider is requesting a Right of Way Agreement to run their facilities to the new community center building.

Construction is expected to be completed Spring 2025.

COMMUNITY ENGAGEMENT: None applicable for the Right of Way request. However, this request is in support of on-going efforts and follows various Department of Parks, Recreation and Community Facilities (PRCF) presentations at public meetings that offered public comment. PRCF has a tremendous following and community support throughout the city in delivering quality services, programs and activities that encourages a healthy and sustainable lifestyle.

STRATEGIC INITIATIVES AND OTHER GOVERNMENTAL: None

FISCAL IMPACT: None.

5. For the purpose of exercising the right granted herein, GRANTEE shall have the right of ingress to and egress from this easement over such private roads as may now or hereafter exist on the property of GRANTOR. The right, however, is reserved to GRANTOR to shift, relocate, close or abandon such private roads at any time. GRANTOR shall deliver such notice to GRANTEE at the following address:

7. GRANTOR, its successors and assigns, may use the easement for any reasonable purpose not inconsistent with the rights hereby granted, provided such use does not interfere with GRANTEE's exercise of any of its rights hereunder. GRANTOR shall not have the right to construct any building, structure, or other above ground obstruction on the easement; provided, however, GRANTOR may construct on the easement fences, landscaping (subject, however, to GRANTEE's rights in Paragraph 4 of this Right of Way Agreement), paving, sidewalks, curbing, gutters, street signs, and below ground obstructions as long as said fences, landscaping, paving, sidewalks, curbing, gutters, street signs, and below ground obstructions do not interfere with GRANTEE's exercise of any of its rights granted hereunder. In the event such use does interfere with GRANTEE's exercise of any of its rights granted hereunder, GRANTEE may, in its reasonable discretion, relocate such facilities as may be practicable to a new site designated by GRANTOR and acceptable to GRANTEE. In the event any such facilities are so relocated, GRANTOR, subject to all necessary approvals, the appropriation of funds by Richmond City Council (the "Council"), any applicable terms of City of Richmond Ordinance No. 2024-009, and other applicable law, shall reimburse GRANTEE for the cost thereof and convey to GRANTEE an equivalent easement at the new site. 1. This Right of Way Agreement shall be limited in duration and shall remain in force for a term of forty (40) years, except for any air rights together with easements for columns for support granted hereunder, in which case such air rights together with easements for columns for support shall exist for a term of sixty (60) years. If such permanent easement is not in the same location as the easement granted by this Right of Way Agreement, an additional condition of such transfer shall be payment to **GRANTEE** for the reasonable cost of relocating **GRANTEE's** wires and facilities to the permanent easement.
4. All payments and other performances by **GRANTOR** under this Right of Way Agreement are subject to annual appropriations by the Richmond City Council, all necessary approvals, and applicable law.
