Richmond Planning &
Development Review

Write legislation/ordinance number here.	Meeting Date: 3/18/2025
Applicant/Petitioner	Public Art Commission
Project Description	<p>Richmond-based multidisciplinary artist Sam “Skrimpz” Prather is the inaugural Tactical Urbanism Artist in Residence through DPW’s Office of Equitable Transit and Mobility. Selected through a competitive process, Skrimpz is developing and incorporating vibrant and community-centered artistic elements into tactical urbanism-inspired transportation infrastructure projects as part of the Richmond Connects: Lighter/Quicker/Cheaper Program.</p> <p>For their second project, Skrimpz collaborated with students from Linwood Holton Elementary School to create road mural designs that will be installed as curb extensions at the intersection of Laburnum Avenue and Hermitage Road. The students’ imagery is bright, bold, and fun, with subject matter ranging from self-portraits to favorite foods amid geometric designs. The students will help paint the mural, which will bring vibrancy to the corridor and serve as a traffic-calming strategy. Following installation, data will be collected to evaluate the effectiveness of the road mural in calming traffic outside the school.</p>

CORRELATION TO THE PUBLIC ART MASTER PLAN

Distribute Public Art Equitably (p. 55)

... To engender interest and enthusiasm about public art in the city, the program must be active in neighborhoods outside of the downtown core to engage more citizens. Smaller-scale projects created by artists that interact with neighborhood residents can contribute to the texture and identity of an area and help provide a sense of community by adding landmarks, touchstones, and a unique character.

Priority Sites & Projects (pp. 63–69)

Youth-Focused Sites

School Sites

Infrastructure Sites

CORRELATION TO RICHMOND 300 MASTER PLAN

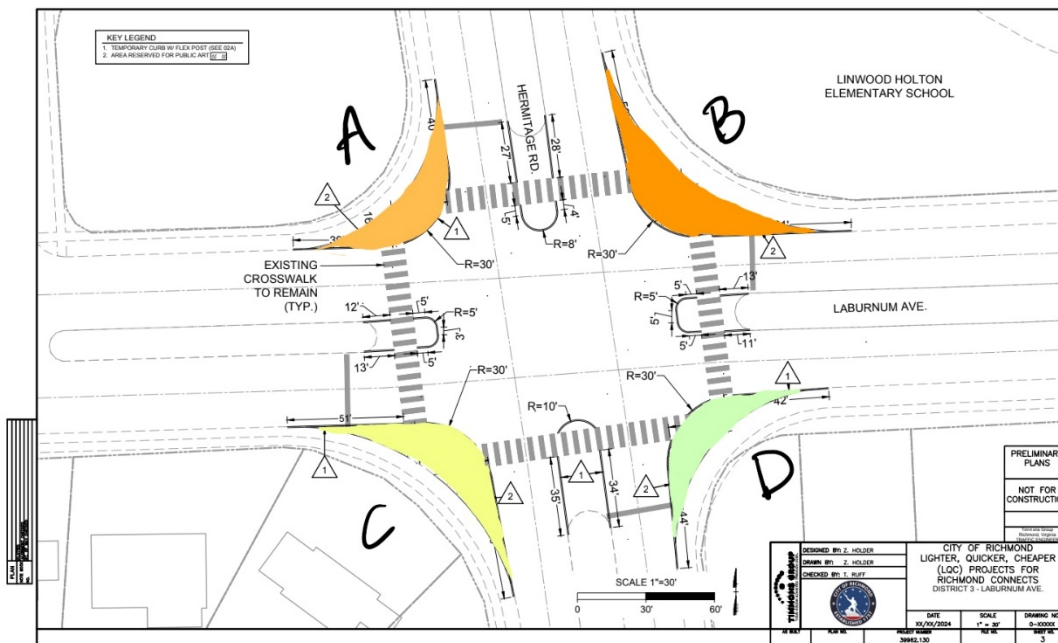

Goal 4: Urban Design (p. 99)

Public art is critical to showcase a place's uniqueness, culture, and history ... Future public art projects and improved streetscapes in all parts of the city set the tone for high-quality development and create pride for residents as they look forward to the future prosperity of their neighborhood and their personal household.

Objective 4.2 (p. 102)

Integrate public art into the built environment to acknowledge Richmond's unique history and neighborhood identity, and engage the creative community, focusing public art efforts in areas that do not have public art today.
