I believe that my experience as a Business Analyst in the Healthcare industry allows me to bring analytic solutions to policymaking which can remedy public health issues such as alcoholism and drinking & driving. Furthermore, I've worked directly with the Department of Medical Assistance Services during my analytics career in Medicaid to pioneer and co-develop Addiction and Recovery Treatment Services (ARTS) policies and benefits for patients suffering from alcohol and drug addiction. My experience in managed care has allowed me to gain insight on community-based addiction, recovery treatment services, coverage of inpatient detoxification, and residential substance use disorder treatment - all of which I believe this commission can incorporate into its development of probation, education, prevention, and rehabilitation services.

I'm currently running a construction company. However, I spent 4 years as a volunteer BLS provider starting in high school, then transitioned to an ALS provider in 2004, and upgraded to Paramedic and did my field time with Richmond Ambulance Authority in 2012. I worked for Caroline County Fire Rescue as an ALS provider from 2005 to 2016. Thus, I have significant experience as a provider, alongside significant operational and executive experience in the business world. I've always admired the efficiency of Richmond Ambulance Authority (including a very quick response to my house a few weeks ago when my son split his chin open while I was out of town for work), and would appreciate the opportunity to share my unique blend of experiences to serve the Authority and the City.
