I have lived in Richmond since 2002 and and worked in the metro area since graduating from Maggie L. Walker Governor's School for Government and International Studies in 2010. I am a licensed property and casualty insurance agent in Virginia and several other states. I am a daily user of public transit and do not own an automobile. To get to and from work every day, I use the GRTC Route 1 bus. I am an avid follower of local government and of transit-related issues in particular. If selected to join this committee, I will bring the perspective of a seasoned public transit veteran, who cares deeply about ensuring this vital service is available to all who need it.

I have lived in the Richmond area since 1998 and in the city proper since 2008. I have lived in the 1st, 2nd, 5th, and 7th districts and in doing so have had a wealth of experiences with both private and public transportation throughout the city. I took classes in Urban Planning during my time enrolled at VCU and it has remained an active focus of mine. Transportation Infrastructure was my main focus as a researcher for the Richmond Lens, an organization that covered City Council and local government before closing it's doors in 2014. Transportation Infrastructure has remained a passion of mine since and I believe my background as a researcher will help help to develop a clear picture of the facts that will enable the best decisions to be made in regards to citywide transportation issues.

I'm very active in the Richmond Startup community. I founded a financial company called Painless1099 and served as Product Architect and Software developer there for 2 years before resigning to focus on other things. I've mentored entrepreneurship students at VCU through their pre-accelerator program and have spent a lot of time trying to develop both entrepreneurial and technical talent in the Richmond area. I believe the key to ensuring Richmond's growth and success is both long lasting and equitable is to build a robust multi-modal transit network and believe that I can play a strong role in getting us there.

As a 2008 graduate of the University of Mary Washington, a 2012 graduate of Virginia Commonwealth University's Master of Urban Planning Program, a 2015 fellow of the Virginia Natural Resources Leadership Institute, and a former employee of Henrico County's Community Revitalization and Planning departments, I will bring planning experience and knowledge to Richmond's Planning Commission. During my employment with Henrico County I worked in the Planning Department's Division of Comprehensive Planning. I contributed to a variety of planning studies and rezonings from 2009 until 2013. I am currently employed by the James River Association as Community Conservation Manager and have been involved in planning Richmond's riverfront in this capacity. Additionally, I have experience serving on boards and committees including the Better Housing Coalition, Friends of the James River Park, and Falls of the James Scenic Advisory Committee. These experiences have given me knowledge and expertise to be a valuable member of the Planning Commission.

I have extensive professional public participation experience. While employed by Henrico County's Department of Community Revitalization, I recruited and coordinated volunteers to cleanup neighborhoods across the county. As a planner in Henrico County's Planning Department, I was responsible for notifying residents of applications for rezonings, provisional use permit applications, and special area studies. In an outreach capacity at the James River Association, I regularly engage communities along the James River to build support for projects including the Richmond Riverfront Plan and the Our River at Risk campaign. My experience serving on the Riverfront Public Art Project #1 Site Selection Team provided me with community engagement experience.

How Did You Hear About or Who Referred You to Apply for Appointment to This Authority, Board, Commission or Task Force?

I was notified about this opportunity by a friend.

I hold a Bachelor of Business Administration (BBA) from the College of William and Mary, and a Masters of Urban and Regional Planning (MURP) from Virginia Tech. I am a certified planner by the American Planning Association's (APA) American Institute of Certified Planners (AICP). This comprehensive training is applicable to my current professional position and to potential service on the City Planning Commission.

As a planning project manager for a Richmond consulting firm, I prepare master plans that cover the 20-year planning period, and beyond. My role as project manager ensures that I am involved in every step of the process, from scope, schedule and budget, to generating demand forecasts and making facility recommendations, and involving the public in the planning process.

I work with localities across the United States to ensure that the existing and proposed development conforms to their zoning and land use plans. My firm's focus is airports, and our clients are typically the localities or Authorities which own and operate these facilities. I make recommendations to these localities to revise their zoning ordinances to protect airspace and prevent the encroachment of incompatible land uses.

A majority of our clients are in Virginia, meaning I regularly research, interpret and apply Virginia law regarding zoning and land use to clients' projects. I also consult

Board Member, Friends of the Richmond Public Library (2012-present)

"The Friends" organizes and holds annual book drives and book sales, and donates the proceeds to support programming at the nine City library branches. Programs supported include lectures, poetry slams and other events; the Friends also provides mini-grants to individual branches to fund special programs that aren't included in the City's budget. I serve as co-chair of both the Book Drive and Book Sale.

Other Community Involvement:

Executive Board Member, Partnership for Smarter Growth (PSG) (2012-2017)

PSG is a local non-profit which advocates for the principles of smart growth and emphasizes the importance of citizen engagement in the planning process. While my professional role exposes me to planning-related matters around the country, my service with PSG has kept me informed of the local issues facing our City and our region. I have committed to serve on the Board through December 2017.

I hold a BS in Psychology and a minor in English from VCU. I have worked in retail management and customer service over the last 15 years. I have traveled the world and have seen many amazing things, some of which relate directly to clean city initiatives. I lived outside of Seoul, Korea for a year teaching English, and was in awe of their recycling (and composting efforts). Many US cities (as well as foreign countries) are well ahead of us in regard to the environment. I have conversely seen many countries where the people live in squalor and trash covers the land almost as far as the eye can see. These experiences have given me time to reflect and educate myself about the world we live in and how we as humans impact it. I was raised to respect the environment, and the animals (and humans) that live within it. I have started recycling programs at two of my last three places of employment, and work to educate those I come into contact with about ways to be a steward of the world we live in. I am currently a hairstylist at an eco-friendly/organic salon, where we utilize various methods of environmentally friendly protocol within our work-space. Richmond has a LOT going for it, and the fact that our city recycling has been opened up to additional recyclable items is a wonderful improvement, but there is still room for a lot of growth. I would like to see Richmond ban the

I volunteer with local animal rescues and have done so for the last ten years (not just in Richmond but overseas as well). The current non-profit I volunteer with is Gracie's Guardians. We do mostly community outreach to educate the public (generally in lower income neighborhoods) about animal welfare. We offer free spay/neuter services to those interested, as well as low cost vaccinations via our mobile clinic multiple times a year. We offer free dog housing to those we are unable to convince to bring their animals inside, and we hand out free food for both dogs and cats, as well as leashes and collars. We knock on doors and speak to animal owners without judgement. Our hope is to foster a working relationship within the communities we serve to limit animal neglect and abuse and to improve the lives of not only the pets we seek to help, but their owners as well.

I started my own real estate business based in the city of Richmond four years ago. Prior to that, I worked as a listing coordinator and buyer's agent for two long-time realtors: one specializing in new construction and urban development, the other in historic properties. The training I received from these two individuals exposed me to hundreds one-of-kind properties. This was also my first introduction to the bureaucracy that is involved in building and renovations of these properties across the city. It is the architecture of these beautiful homes that stole my heart, inspired me to start my own real estate business, and purchase my first home. I take pride in my "hands on" education of architecture and historic preservation, as well as the preservation of said architecture throughout the city amidst new development. On the 2900 block of Ellwood Avenue, where my husband and I have decided to start our family, we are committed to not only preserving the story of our city's past, but also creating a safe and prosperous future for those to come. My expertise in buying and selling historic properties, my personal experience owning and renovating my own 1911 row house in the Museum District, as well as my professional experience starting a small business in a historic renovation on the Boulevard, make me an ideal candidate for the Commission of Architectural Review.

Richmond Redevelopment and Housing Authority

Vacancy Chart

as of

May 13, 2018

Section 5.05(d) of the Charter of the City of Richmond (2006) expressly provides that “the appointment of members of a redevelopment and housing authority in the city shall be made by the council.” Section 36-11 of the Code of Virginia (1950) authorizes the Council to provide for not more than nine or less than five commissioners of the Authority. By Resolution No. 99-R46-80, adopted March 22, 1999, the Council increased the number of commissioners from five to seven as authorized by section 36-11 of the Code of Virginia (1950). Resolution No. 2010-R140-162, adopted October 25, 2010, increased the number of commissioners from seven to nine with the addition of a Council-appointed seat and an additional tenant representative seat.

Pursuant to section 36-11 of the Code of Virginia (1950), no commissioner of the Authority may be an officer or employee of the City. By Resolution No. 2003-R230-2004-R18, adopted January 12, 2004, the Council established a procedure to be followed for appointing one member living in public or assisted housing to serve on the Authority’s Board of Commissioners as required by the regulations of the United States Department of Housing and Urban Development. This resolution was further amended by Resolution No. 2010-R141-173, adopted November 8, 2010, which revised the process of appointing the tenant representatives to the board.

My employer, AECOM, has done significant engineering work for the City of Richmond, largely related to water resources.

Please List Your Educational Background and/or Other Expertise or Qualifications You Will Bring to This Authority, Board, Commission or Task Force:

I have worked as a Transportation Planner for AECOM since 2014, working on Virginia Multimodal Transportation Plan Needs Assessment and Recommendations, the Washington Metropolitan Area Transportation Authorities Metrorail Station Area Improvement Strategy, and designs for improved bicycle and pedestrian infrastructure in Herndon, Virginia. Prior to my time at AECOM, I received my Masters in City and Regional Planning at Georgia Tech. While at Georgia Tech, I worked for the Atlanta BeltLine, Inc., and implemented the automated bicycle and pedestrian counting system, as well as serving on the Atlanta Streetcar Fare Committee and Cycle Atlanta Steering Committee. Prior to my time in Atlanta, I worked for the City of Charlottesville as the Assistant Operations Supervisor of Pupil Transportation (School Buses), where I oversaw route design, implemented a bus stop safety review system, and worked with the Neighborhood Development staff to update the City's sidewalk plan to improve safe access to schools. During my undergraduate studies at the University of Virginia, I worked for the University Transit Service as a bus driver, trainer, and training coordinator, as well as serving on the Safety Oversight Committee.

We currently have no contractual relationship with the City of Richmond.

Please List Your Educational Background and/or Other Expertise or Qualifications You Will Bring to This Authority, Board, Commission or Task Force:

I started VCU RamBikes in 2012 as a student resource center for all things related to biking, including traffic law, safe riding techniques, and bike mechanics. In late 2013 I joined Bike Walk RVA at Sports Backers where I have led our educational and marketing efforts, and have taken on Vision Zero work, including 3 grants from Department of Motor Vehicles Highway Safety Office for bike and pedestrian safety campaigns. I leverage Bike Walk RVA's sizable community database and grassroots supporters to disseminate safety information (how to bike, walk, and drive safely), give updates on transportation improvements and developments, help draw attendance to CoR public meetings, help increase quality of public dialogue through understanding of bike/ped design and public processes, and more. I engage the business community through my program Bike Restaurant Week, manage RVA Bike Month (4 years and counting), plan and execute Bike to Work Day, and I travel to both represent Richmond nationally in the bike/ped field but also to see what works and does not work in other cities across the country.

I have lived in the Richmond area since 1998 and in the city proper since 2008. I have lived in the 1st, 2nd, 5th, and 7th districts and in doing so have had a wealth of experiences with both private and public transportation throughout the city. I took classes in Urban Planning during my time enrolled at VCU and it has remained an active focus of mine. Transportation Infrastructure was my main focus as a researcher for the Richmond Lens, an organization that covered City Council and local government before closing it's doors in 2014. Transportation Infrastructure has remained a passion of mine since and I believe my background as a researcher will help help to develop a clear picture of the facts that will enable the best decisions to be made in regards to citywide transportation issues.

I'm very active in the Richmond Startup community. I founded a financial company called Painless1099 and served as Product Architect and Software developer there for 2 years before resigning to focus on other things. I've mentored entrepreneurship students at VCU through their pre-accelerator program and have spent a lot of time trying to develop both entrepreneurial and technical talent in the Richmond area. I believe the key to ensuring Richmond's growth and success is both long lasting and equitable is to build a robust multi-modal transit network and believe that I can play a strong role in getting us there.

Other community involvement:

In 2005 I weaned myself from virtually all activity except church to be the primary caregiver for my Father who passed in November 2012. Since that time I have begun to "inch" back into community activities by serving on the Alzheimer's Board of Directors, being a member of the Baptist Ministers' Conference, and Coming To The Table (an organization fostering racial reconciliation) in addition to helping to sponsor meaningful events within a very large senior citizens' community. With the freedom and flexibility I now have -- coupled with tremendous interest -- I believe I am ready to bring the level of commitment to the Slave Trail Commission to help achieve what the greater Richmond community has long awaited: the telling, presentation and experience of historical slavery within our city.

Please list additional information you would like considered, or you may attach your resume or other information.

References can be supplied upon request. Previously I served on the Metro YMCA Board and was honored by the Durham, NC, YWCA for my community service while living in Durham. The National Council of Negro Women honored me as "A Woman In The Bethune Tradition" and I was named "An Outstanding Young Woman of America" while in seminary and listed in the Millennium Edition of "Who's Who among International Professionals". I am a graduate of Leadership Metro Richmond and was tagged by Style Magazine as one of "Seven Leaders to Watch" in 1997. President Clinton appointed me and my colleague Rob Corcoran to serve in his "Initiative on Race: ONE AMERICA IN 2000" through which we helped to develop a dialogue guide for the nation on the issues of race.

Please List Your Educational Background and/or Other Expertise or Qualifications You Will Bring to This Authority, Board, Commission or Task Force:

As a project coordinator for the VCU Sustainability Office, I develop and implement new projects and programs that include long-term maintenance and management plans. With 6 of years of experience communicating complicated sustainability issues to diverse audiences, I am confident in my ability to assist with public relations and education programs to increase community understanding of urban forestry issues. I excel at innovative, collaborative problem-solving. I will bring my expertise in engaging with public and private partners to develop ideas and secure funding for a variety of projects serving Richmond residents. To date I have helped raise \$110,000 to support community-based programs in Carver, Jackson Ward, Monroe Ward and at VCU. With a MS in Environmental Science and BS degrees in Environmental studies and Urban Planning, I have a strong foundation in data management, spatial analysis, and data communication. I am excited to help prepare annual reports that leverage information to facilitate evidence-based decisions by the Commission. Currently, I am working with the Carver neighborhood to develop a community forestry and carbon offset program. This process has highlighted the value of urban trees and the challenges surrounding their maintenance. I am confident I can combine my flare for personal connection, analytic background, and detail oriented, goal-motivated w

I completed Trees Forever's TreeKeeper program during my AmeriCorps service in Iowa. I was impressed by the partnerships and funding that their organization had. I would appreciate the opportunity to apply these experiences in Richmond and bring diverse stakeholders together in support of city trees.

I have 10+ years of experience as a management and strategy consultant to corporate, non-profit, and government clients, specializing in market evaluation, strategic planning and communications, and impact analysis for inclusive growth. I have a Bachelor's Degree in Business Management from Case Western Reserve University and a Master's Degree in Public Policy from the University of Texas. I'm a Richmond native who attended Maggie L. Walker Governor's School and lived across the U.S. and internationally before returning to Richmond four years ago.

Beyond my educational and professional qualifications, I'm a participant in Enrichmond's Adopt-a-Tree program and an advocate of the City's efforts to classify and map the existing inventory to ensure a diverse, healthy population well into the future. I would love to use my experience with strategic communications and stakeholder management to increase public awareness of and education around urban forestry issues, as well as my experience with business development to augment the Commission's duties to raise programmatic funds from private organizations. Likewise, I believe my experience evaluating policy, drafting legislation, and developing programs will complement those on the committee with technical training in landscape design/architecture and arboriculture.
