I am writing to express my support for ORD. 2024-078, "To erect all-way stop signs at the intersection of Grayland Avenue and South Sheppard Street." As a nearby resident I can attest to this being a dangerous intersection, which would be made much safer with a 4 way stop, and have no adverse impact on flow of traffic.

Sincerely,
Jonathan Shank

Honorable Members of Richmond City Council,

As a 2 time former resident of Carytown South who spent the better part of 8 years, walking, biking, and taking transit for everything but my work commute, I strongly support the addition of 4 way stop signs at both Grayland / South Sheppard and Parkwood / McCloy. I continue to visit this neighborhood regularly by all means of transportation, to see friends, shop, and take my toddler to the new playground. Drivers, often visiting Carytown, treat this neighborhood as an extension of the nearby highway, focused on parking spots and not people. These 4 way stops are essential to both shift the mindset and give pedestrians a chance to cross safely. While i would prefer to see traffic circles, corner daylighting, diverts, raised crosswalks, and other traffic calming measures, stop signs are cheap, easy, and should have been done a long time ago. It is unfortunate that the only way the Public Works department works for the public is with advocacy and ordinances. I look forward to the creation of a Department of Transportation, but will gladly continue to write emails in support of safer streets.

Best Regards,

Chris Banks

Hello,

I'm Michael Simmons, residing in Carytown South at the 3200 block of Parkwood Ave. Given the rising traffic volume, particularly vehicles surpassing speed limits, I fully endorse ORD. 2024-078 proposing the installation of all-way stop signs at the intersection of Grayland Ave and S. Sheppard St. This measure, I'm convinced, will significantly bolster the safety of our neighborhood.

Regards,

To the City:

I am a resident of and property owner in Carytown and am writing to support the proposed safety upgrades as detailed in Ordinances 2024-078 and 2024-079.

As my neighborhood becomes more vibrant, the number of pedestrians and vehicles in the residential sections has significantly increased. Unfortunately, so as has the number of near-misses and accidents.

I believe the above Ordinances will begin the process of making my neighborhood more safe and more user friendly.

Thank you.
