

Israel putting our Tax Dollars and Weapons to Work in Gaza

Will we ever be able to wash the blood so many murdered children from our hands?

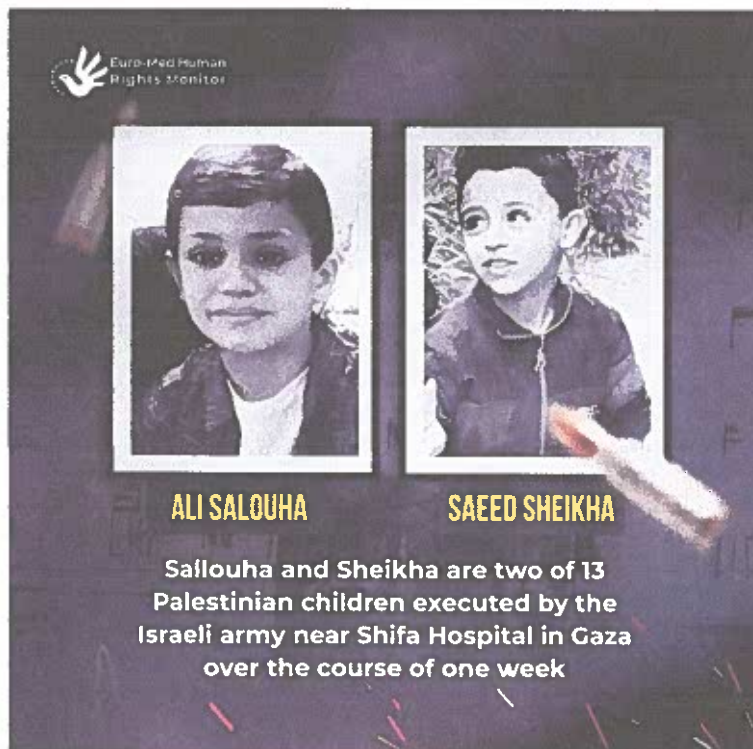

#BREAKING: 12 days after being missing following an Israeli shelling on her family car, the body of the six-year-old girl Hind Rajab, along with the bodies of five of her family members, have been found in the Tal Al-Hawa neighborhood of Gaza City.

Medical sources reported that the family of Hind found her body this morning and the bodies of those who were in the vehicle, which was surrounded by occupation tanks in the vicinity of the Finance Roundabout in the Tal Al-Hawa neighborhood.

Tonight We Die as a Family

At the hospital the nurse is startled
 a surprise visitor: her husband's corpse
 on a stretcher
 he arrived in the backseat of a taxi -
 a makeshift hearse.
 There are not enough ambulances in Gaza
 and more than enough death.
 She is livid. Men never listen
*I told you wait till after my shift
 I need to tend to the wounded first
 I told you tonight we die as a family
 we were supposed to die
 as a family*

Will we ever be able to wash off the blood of thousands of murdered children from our hands?

On Sunday night, Israel bombed a refugee camp in Rafah, an area Israel designated as safe four days ago, setting it ablaze – tents housing families and including the UNRWA office.

The images from #Rafah are unbearable: displaced families, babies burnt alive in their tents in an area Israel said WAS SAFE.

This latest horror comes 2 days after the ICJ's orders.

Just what fresh new horror will it take for the @AlboMP gov to stop military exports to Israel?!

These unspeakable horrors show the depravity of the Israeli state. The world must isolate Israel, arrest & prosecute its psychopathic leaders at the ICC & all who armed & profited from this barbarous slaughter

Days after posting photos of themselves burning Al Aqsa University's library, Israeli Zionists celebrate the holiday of Lag B'Omer by burning refugees in their tents in Rafah

As Heinrich Heine said, those who burn books will in the end burn people

The IOF issued explicit instructions to the Palestinians, directing them to move to the specified block, which had been designated as a "safe" zone. Instead of providing safety, they bombed them mercilessly...

The heads of Palestinian children and infants are being blown off by Israeli airstrikes in Rafah. This is among the deadliest crimes in response to the International Court of Justice's decision to halt Israel's operations in Rafah.

The ultimate weakness of violence is that it is a descending spiral, begetting the very thing it seeks to destroy. Instead of diminishing evil, it multiplies it. - MLK
